Attachments

- Attached to today's *Daily* is a schedule of limited **network training classes** for in-service week. Once fall term begins, a complete set of all classes will be announced. The classes announced in this schedule include only Net I classes for new accounts, and training in setting up remote access by modem at home. These classes too will be offered again fall term, but during in-service we especially want to reach new part-time and full-time faculty and administrative staff and get them into the system, and to reach those interested but who haven't yet had the chance to set up modem access before school starts. Departments are urged to inform new employees of these opportunities. In particular, please note on the attached schedule that some of the Net I classes require registration by the Friday before in-service. For additional copies of the schedule, or if you have questions, contact Bob Barber at 2305.
- Also attached to today's *Daily* is a flyer announcing the **Central Oregon and High Desert Museum bus trip** for September 28 sponsored by the Classified Professional Development Team and LCCEF for all LCC employees, families and friends. For additional copies of the flyer contact Alen Bahret at 2247.

Should *The Daily's* name be changed?

The Daily hasn't been daily since 1985. Should the name be changed?

Today's issue marks the return to a Monday-Wednesday-Thursday schedule, up from weekly during the summer, and down an issue from last fall. Publication frequency has varied since 1985 but the name hasn't changed. Readers are invited to suggest a new name, or advocate for tradition, by mailing or e-mailing Joan Aschim in Institutional Advancement by October 31. Suggestions must be accompanied by your name and extension. The name decision will be made by Institutional Advancement and any new name will be introduced winter term. Looking back:

- *The Roundup*, Lane's first newsletter, published weekly for staff and students, 9/65-12/69.
- *The Daily* began 1/70 and was daily until 6/85.
- *The Echo* survived four months of 1970 as an additional, more comprehensive news bulletin.
- *The Daily* has varied from three to four issues since 1985.

Thanks to archivist Elizabeth Uhlig for history details.

Thomas Rubick first to win "Excellence in Advertising" award

Graphic design instructor Thomas Rubick this summer was awarded the first Dr. Willis Winter Excellence in Advertising Education Award by the Mid-Oregon Ad Club. The award was developed this year as a tribute to Bill Winter, long-time professor at the University of Oregon's journalism school, who died last December. Rubick won the award "for inspiring, exciting and preparing future generations of advertising professionals to continue the pursuit of excellence." "This award was particularly meaningful to me," says Rubick, "because when I taught at the UO as an adjunct professor from 1982-88, Bill Winter was both a friend and a mentor."

Faculty insurance

Faculty employees must have two years of immediate prior coverage with OEA Choice or HMO Oregon before retirement to be eligible to carry their insurance into retirement. Once you retire, you cannot add dependents or change insurance carriers. If you plan on retiring in less than two years, you need to remain insured with your current carrier to be able to have insurance into retirement. If your retirement date is more than two years away (from November 1), this is your opportunity to make sure you have the insurance you will want in retirement. Faculty open enrollment period for this year ends October 15.

Don't miss out on Medicare

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You apply for Medicare automatically when you apply for Social Security benefits. You should apply for Medicare separately if you plan to retire after age 65. When you enroll in Part A (hospital insurance) on Medicare, you also are automatically enrolled in Part B (supplementary medical insurance), unless you notify the Social Security Administration that you don't want Part B. If you enroll in Part B at the earliest opportunity, you pay monthly premiums. These premiums are usually deducted from your Social Security benefits. Late enrollment in Part B may mean you will pay higher premiums. Questions about Medicare should be directed to the Social Security Administration at 1-800-772-1213. To apply for Medicare, go to the Eugene office located at 377 Pearl Street.
