Lane offers police training

A one-year certificate program in basic police training was approved by the Board on April 9. The program will officially begin fall term serving 30-35 students annually, if approved by the Oregon State Board of Education, which is expected. "This program is unique because it's the only basic police training program in Oregon offering an academic credit one-year certificate of completion," says coordinator Yvonne Cook. "In the meantime, we're working on a corrections program that will address the training and academic needs for people wanting skills in these disciplines."

The curriculum for this program has been certified by the Bureau of Police Safety Standards and Training. Faculty will include Lane instructors and public safety employees who are certified or certifiable by Bureau of Police Safety Standards and Training. Graduates will be prepared to be certified as reserve police officers, to obtain entry level jobs with public sector law enforcement agencies, or to work as security guards, bailiffs, parole and probation officers, border guards, store detectives, and private investigators.

The Oregon Employment Department projects that Region 5, which includes Lane County, will experience growth rates of 37.4 percent for security guards, 19.2 percent for police and patrol officers, and 44 percent for correctional officers from 1995-2005. The program evolved out of non-credit training delivered in 1995/96 for local law enforcement agencies who needed trained reserve police officers.

Student Liane Swope of Elmira makes the roses under the business name of Just For Love and sells them to family planning, student health and HIV clinics to promote AIDS awareness and pregnancy prevention. The effects of financial aid on summer term

The Financial Aid office calculates a budget, or cost of attendance, for every student. Budgets include both direct educational expenses (tuition, fees and books), and living expenses (room and board, transportation, personal expenses, and child care). Because fall, winter and spring terms are all 11 or 12 weeks long, each student's budget includes a three month allowance for living expenses and child care. For summer term, students' estimated costs are based on the actual period that they will be enrolled and attending school. For example, students who attend for eight weeks will receive a two month allowance for living expenses and child care expenses; students who attend four weeks will receive a one month allowance; and students who attend mini-sessions that will combine for 12 weeks will receive a three month allowance.

Departments who have added sessions (third four, week second six week, or twelve week) have made it easier for our financial aid students to be fully funded with a three-month allowance for expenses during summer term. Refer students with questions about financial aid and summer term to the Financial Aid Office.

THANKS

- ♥ A huge thank-you to all of you who gave me such a warm and moving retirement reception. I know I will miss all of you as I establish myself on the "eastern shore of the Pacific Ocean." Even before I pick up the tools you gave me, I will think of you as I put on my shop apron and send prayers and good wishes inland to you. You did a great job, Mama! - Jim Dieringer, Campus Ministry
- ♥ The Campus Ministry raffle was held June 2 during Father Jim Dieringer's retirement reception. Most of the gifts were handmade and donated. The butcher block of Oregon white oak, the wooden bowl of English walnut, and the clock of myrtle wood, were all made by Father Dieringer. The decorator swag and hat were designed and made by Schawna Sachs, and the pig cutting board was made by Bob Lane. Thank you to all of you for your talented hard work. Raffle winners were Joyce Fish, oil painting; Liz Coleman, wooden bowl; Judy Bender-Bachman, cutting board; Bettina Kropp, clock; Terry Caron, swag; Susan Swan, hat; and Sidney Kinnerman, butcher block. Thanks to all who participated. Have a good summer. - Marna Crawford, Campus Ministry

Instructor of the year

Bill Woolum

Writing and literature instructor Bill Woolum was named Instructor of the Year for 1996/97 at graduation. He joined English, Foreign Language & Speech part-time in 1989 and became full-time in 1991. He has a master's from the University of Oregon, a bachelor's from Whitworth College in Washington, and an associate's from North Idaho College. Watch for more information this fall.

Notice to budget administrators

From the Budget Office: We asked that all departmental clean-up budget transfers that cross "expense functions" be done by May 30 for the final transfer resolution. The transfer resolution has been completed. If you still have something that needs to be done, however, please do the correct paperwork prior to June 24. If we can find a department that is doing the opposite or has full-time personnel funds left over within your expense function, we can do the change. For example, if you did not get funds back from salary reserves in time, do the paperwork. If somebody else out there in your expense function has full-time personnel funds that did not get to salary reserves yet, we can move those in. We can't promise to process – but we'll try.

Don't miss out on Medicare

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B. When your employer group plan ends you need to enroll in Part B with the Social Security Administration. When you enroll in Part B at the earliest opportunity, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. Part B premiums are deducted from your Social Security benefit. For questions or to enroll in Medicare, contact the Social Security Administration at 1-800-772-1213. You should also purchase a Medicare Supplement plan from a private insurance company.

Who is your life insurance beneficiary?

All eligible staff should be sure that the beneficiary on their life insurance is correct and current. If you would like to change your beneficiary, complete a request for beneficiary change form in Personnel Services. If you have questions, call 2211, press 0.

Insurance in retirement

Faculty employees must have two years of immediate prior coverage with OEA Choice or HMO Oregon before retirement to be eligible to carry their insurance into retirement. Once you retire, you cannot add a dependent or change insurance carriers.

Management employees need to remember that changing insurance carriers and/or adding dependents must be done at the open enrollment prior to the date of retirement so that the insurance coverage may continue into retirement.

Phone stickers show emergency numbers

Save time in an on-campus emergency! Student Health has stickers with emergency phone numbers to put on your phones. In case of a medical emergency, dial extension 6666. All other emergencies, dial 5555. These stickers will be placed on the handsets and can save precious minutes in case of an on-campus emergency if they are visible on all telephones. Please contact Student Health at 2665 and let us know how many stickers you need for the telephones in your department.

THANKS

♥ Already it's the close of another successful, productive year! It almost slipped away before I could thank our staff and faculty who shared so much of their time and knowledge with the hundreds of high school students who visited main campus. I have a binder full of "thank you" letters from prospective students, and those "thank you's" belong to all of you who have always been there with a smile and helping hand! Special thanks to Ginger Yamamoto, Willie Kealoha, Gary McKenzie, Skip Hubbard, Bob Farrand, Bruce Gustafson, Mike Zimmerman, Michael Maze, Ed Humes, Carol Lynn Morse, Thomas Rubick, Shelley Peterson, Jill Bradley, Dean Bergen, Sharon Williams, and three outstanding Student Ambassadors, Heather Hafer, Adonay Vargas Solleiro, and Jill Jones. Wishing everyone a safe and restful summer, Luci Amabisca, High School/Community Relations.

Budget approved

The Board of Education passed a \$62.7 million general fund budget for 1997/98 at its June 11 meeting. The budget is just 1 percent higher than last year's.

The board approved construction costs not to exceed \$300,357 for the bond-funded Community Learning Center at Willamette High School. The center should be ready by December. The board is still concerned about annual staffing costs for the centers.

A new one-year certificate program in juvenile corrections was approved. The program will be jointly submitted to the State Board of Education by Lane and five other Oregon community colleges in response to a request from the Oregon Youth Authority. Costs will be minimal since existing curriculum will be modified for the program.

A first reading was held for board policies on student intercollegiate activities and use of college-owned equipment. The policies may be changed to administrative procedures.

The board lauded the work of the Diversity Team and its progress report for 1996/97. Anselmo Villanueva was given a plaque of appreciation for his volunteer contributions.

In other business, the board approved the purchase of virtual reality software; the appointment of Stephen John as Science Department chair; the retirements of Carmel Decroos, Phyllis Geyer, Milt Madden, Bill Mullin, Nels Noble, Jack Powell, and Doug White; the president's annual authorizations; year-end budget transfers; financial aid fund appropriations; appointment of general insurance agent of record; annual dental supplies purchase; lighting fixtures purchase; and annual custodial supplies purchase.

Board members thanked Vice President Linda Fossen for her five years of service.
