## Lane student earns three science scholarships

Laura Breshears, a second-year student at Lane, has won a \$1,000 scholarship from the National Aeronautics and Space Administration. She also has won a \$1,000 Marston Science Scholarship from Lane and a \$300 ASLCC scholarship for International Cooperative Education. "For one student to have won all three of these scholarships is remarkable," says Cooperative Education Coordinator Dixie Maurer-Clemons.

Breshears, 22, plans to earn a bachelor's degree in zoology with an emphasis on cellular biology and genetics, and then get a doctorate degree and work in research. She carries a full academic load at Lane including a cooperative education placement doing chemistry lab work at Borden in Springfield. This summer she will participate in an international cooperative education program in England. She is a 1993 graduate of McKay High School in Salem.

Applications for the next NASA and Marston scholarships for the 1998/99 school year are available in the Science Department. For more information, call 2446. For more information about integrating on-the-job work experience with academic studies, call Cooperative Education at 2203.

## Youth available for summer employment

The summer youth employment program has youth available for jobs on campus. This is a good opportunity to receive extra help for your department in the summer months while providing valuable work experience and the benefit of your knowledge for youth. Tentative dates for the program are June 25 through August 7. All youth are required to receive safety and accident prevention education their first day of work. Position Request Forms and instructions are available in Personnel Services. Deadline to submit forms to Looking Glass is June 10.

## Today is national "Stand For Children Day"

Today is national "Stand For Children Day." Let us recognize the quality of our early childhood programs at Lane by applauding those who provide professional, high quality care for our youngest children in the Lane community. Following is a list of child care providers at Lane. Let us praise their efforts on this day! **Child Development Center Staff:** Michel Ronning, Daren Wygle, Betty Johnston, Cindy Terry, Theresa Tackman, Hilary Cummings, Karyn Mestler, Jennifer Meehan, eidi Stalder, Crystal Baker, Sue Thornton, Diane Sprick, Cindy Dietz, Don Metzler, Jeannie Stone, and Linda Pompel (Director of Child Development Centers). **ASLCC Child Care Co-op Staff:** Georgia Soto (Director/Child Care Coordinator), Marsha Ekberg, Toni Melnychuk, Debra Gaston, Robin Ware, and Yukiko Mclean.

## Extra copies of retiree booklet available

If you missed the Bon Voyage extravaganza for retiring colleagues this past Wednesday and would like to read the tributes to the 52 retirees or if you would like to give family and friends a memento of the occasion, call Therese Picado in Institutional Advancement at 2060 with your order for extra copies of the 1998 Lane Community College Retirement Celebration booklet.

## Complimentary cholesterol screening offered for Lane staff

The Employee Wellness Program is offering complimentary cholesterol screening to all staff that submits a request. The blood draw is scheduled for Friday, June 5 from 7:30-9:30 a.m. in HEA 113. This simple, almost pain-free procedure should require no more than 15 minutes of your time. Results and the interpretation of results will be available at Lane's Health Fair scheduled for Tuesday, June 9 from 10:30 a.m.-1:30 p.m. in the main gym, PE 203. To reserve a time for a cholesterol screen, please leave your name at 1212-7980, or preferably, by e-mailing John Healey and stating your intention to receive a cholesterol screen. You will be contacted by a "wellness agent" and provided with a screen time that will best accommodate your schedule. You will also be provided with details regarding fasting criteria and location of the draw.

## Tell students about annual registration

It takes a whole village to do annual registration. Instructors should have received annual registration announcements to read in their classes and announcement cards to hand out. If not, call Vicky Doughty at 2055. Instructors can also help by making weekly announcements to remind students to check with the Students First! Center, second floor Center Building, for a schedule of annual registration advising sessions through June 12.

## Printing/Graphic deadline

Materials needed for the first day of summer term should be submitted to Printing/Graphics by Monday, June 15.

## Daily available in alternative formats

Copies of The Daily are available in large print or on audiotape upon request. To request this publication in alternative formats, contact Disability Services at 2150, 2662 or TTY 741-3079.

## In memory of Bill Kinkel

*Submitted by Shannon Kracht, Continuing Education*

It was not quite a month past my 13th birthday when I met Bill Kinkel. It's distant memory now, but I believe he was fresh out of college, his first teaching assignment the 8th grade at what was then Thurston Jr. High School. He was our first real Spanish teacher, barely 10 years older than his pupils, more like an older brother. His enthusiasm was compelling, his travel slides and stories riveting. We formed a hazy opinion then, substantiated years later, that he wasn't faking.

He spent that year with us, and the next, and two years later when we were juniors, thankfully was transferred and joined us again at Thurston High. That was the year, by the way, that Lane Community College offered its first classes.

I'd see Bill frequently in the following years--at tennis courts, sporting events, at Thurston High where I'd register his evening classes on site and sell books to his students, back when we did that. I'd see local personalities in his classes; he'd point out spouses and--in time--children of my high school classmates. It seems that, then, you could go home again. He was this part of this college for so many years: the part that is essentially silent and all too often removed and overlooked, but the part that touches so many people. He was the college to many of them--the only part they would ever experience. He represented us very, very well.

In later years, as his teaching load moved to the Downtown Center, we'd talk more of past acquaintances, current travel plans, course ideas for the future, then he'd dash off to class, ready again to hold court for another two hours. Pretty clearly, his enthusiasm and energy, evident in the early '60s, were still legendary and perhaps more contagious nearly four decades later. Stories reached me of adult students literally giving him ovations after particularly notable classroom performances. Such was the value of his work on our behalf.

So now, barely three months before my 50th birthday, I find myself reflecting on the journey of 37 years between our meeting and our parting. At the end, as at the beginning, he was a teacher. He cherished the title, and fulfilled its responsibilities in every way. We are all diminished by his passing.

## June 10, a day for celebrating

Staff are invited to a series of special events to be held on the main campus next Wednesday June 10. Festivities start at 4 p.m. in the courtyard between the Administration and Physical Education Buildings with a tribute to Lane's founding president, Dale Parnell. A new history, Lane Community College: The Parnell Years, will be presented to Dr. Parnell and a street will be named in his honor. This will be followed by the unveiling of a wall honoring college retirees and a display recognizing Lane Community College Foundation donors. Music by Jim Greenwood and company and refreshments will be provided. Copies of the book also will be given to guests while supplies last. Past board members, college retirees, donors, and others have been invited. The event is scheduled to end by 5:30 p.m.

## Refreshment stand

The Child Development Center Preschool will host a refreshment stand on Friday, June 5, outside the Administration Building from 10-11 a.m. Beverages and cookies will be served and will cost 25 cents.

## Facilities Management Committee to meet

The Facilities Management Committee will meet to discuss bond projects on Friday, June 5, at 2:30 p.m. in BU 203. For more information, contact Marie Matsen at 2311.

## LCCEF membership meeting to be held

LCCEF membership meeting will be held on Thursday, June 11, from 5-6 p.m. in PE205, and at the DTC on Friday, June 12, from 7:45-8:30 a.m., Room 115. The New Classified Contract (July 1, 1997-June 30, 2000) will be distributed and there will be a question and answer session.

## Child Development Center accepting applications

The Child Development Center is accepting applications for the Infant/Toddler Center and Preschool. Care for children six weeks through five years is provided. If you would like an application, call Cindy Dietz at 2519.

## Student ensemble concert on Thursday

Lane's student Chamber and Concert Choirs will perform under the direction of Kimberly De Moss McConnell on Thursday, June 4, at 8 p.m. in the Performance Hall. Tickets are \$4 for adults and \$2 for students and may be purchased at the door. For tickets or more information, call Box Office at 2202 during afternoons.

## Paper sample book available from Printing/Graphics

Printing/Graphics has produced a new paper sample book featuring all the colors and kinds of papers that are stocked for your printing needs. It's easy to use and easy to update when changes occur. Last week Printing/Graphics mailed introductory copies of the book to departments and offices that are frequent customers and asked them to complete an order form for more sample books needed in their areas. If you missed out, you can get a book by visiting or calling Printing/Graphics, 2373. Please provide your name and department so you can receive future updates.

**Correction:** In the June 1 issue of The Daily, the names of Karen Wygle and Heide Stalder were misspelled. Both are staff of the Child Development Center.

### THANK YOU

A very sincere thank you to Joe, Della, Barb and all of the Food Services crew for always coming through even in last-minute situations. They have been unfailingly helpful, courteous, and responsive, to the many demands made upon them. They're also to be congratulated for their excellent food preparation and delicious meals. We're very fortunate to have such talented and dedicated people. Thanks so much -- Addie Lou Willis, Office of Instruction and Student Services

### EXCELLENT INTERNATIONAL EXCHANGE

OPPORTUNITY in Mexico for your daughter or a young female friend of your family: I am looking for a family to host a young female student (age 19 years ) for 9 months to one year beginning fall 1999. The student is from Guadalajara, Jalisco, Mexico. In exchange for hosting the student, you may send your daughter to Mexico to live with her family for 9 months to a year and to attend a private high school either this fall 1998 or fall 2000. The mother and father of the family in Mexico are personal friends and professional colleagues of mine. They live in a beautiful home in a lovely community development that has its own swimming pool and recreation room. The mother is a teacher and principal of a middle/high school and the father is a math teacher. They are well educated, the parents speak English, and they are loving and caring. The school, Colegio La Paz, has had a group exchange program with South Eugene High school for three years. If you are interested, please call me and I will be happy to share information, photos, and videos of the family and the school. You may contact me at 2883 or at home 344-6483. Linda Myers, Co-op Ed.

## College Ops reorganizes

As of July 1 there will be several organizational changes taking place in College Operations. Campus Services will be disbanded with several functions moving to other departments. Changes include the following: (1) a new unit, Facilities Management & Planning (including housekeeping, trades, and general services), will be formed with Mike Ruiz as manager; (2) Specialized Employment Services will move from Student Services to College Operations and Rick Venturi will also supervise the laundry and recycling services; (3) Campus Public Safety will report directly to the vice president for College Operations; (4) The mailroom will report to Gary Anderson of Printing/Graphics; (5) telecommunications and the switchboard will report to Nick Cheshire of Computer Services. There will be no changes in locations or phone numbers for any of the units involved. Complete details of the reorganization will be outlined in an upcoming memo to all staff from Marie Matsen.

## Student credits AAWCC for her success

Student Paula McGuerty received Lane's AAWCC 1997/98 scholarship and recently wrote to update her supporters on her progress: "I just received a letter notifying me that I've been awarded a Ford Foundation Scholarship that will pay 90 percent of my basic college expenses (after grants and work study) for both my junior and senior year at U of O. This is a huge honor and of course I'm really excited. But this award would not have been possible if I had not received the AAWCC scholarship for '97/98. You have no idea how much it meant to me to receive the support of women who really wanted me to succeed. The AAWCC award allowed me to stay in school and really focus on my studies. It helped me believe that I really could pull this college thing off and showed me that others believed I was a good bet. Please forward my thanks to the membership." The deadline to submit an application for AAWCC's 1998-99 scholarship is June 20. For more contact Miriam Castellón in Instruction and Student Services at 2315.

## Managers' Forum to meet

Managers' Forum will meet Friday, June 12, from 8:30-10 a.m., in the Boardroom. Topic: work roles and relationships.

## Get on Lane's online events and meetings calendar

Lane's online Events and Meetings Calendar will become the primary listing of events and meetings at Lane when The Daily goes all e-mail on July 1. If you are unfamiliar with the online calendar, click here: <http://www.hometownonline.com/LCC/dayevents.phtml?show=.1> or go to Lane's home page, click on "Calendars" and then select "Events and Meetings Calendar." You will see Lane's events and meetings for the day and can then select by the week, month, through 1999, or by type of event. Submissions are made directly by a designee from the sponsoring department. If your department isn't signed up to enter events in the calendar, contact Therese Picado in Institutional Advancement by e-mail or at 2060. You will receive a password, an unpublicized URL and instructions for using the calendar. Currently, over 40 departments are making good use of this opportunity to let people know about their events.

## Lane student wins regional employment award

*From left: Denine McMurren and Betty Svarverud, Mechanical Technologies; Shannon Dolan, student; Jerry Moskus, president; Joan Adams, Job Placement Office*

Shannon Dolan of Cottage Grove, named Student Employee of the Year at Lane, also recently won the state and regional student employee awards and was one of four nominees for the national award. The awards are sponsored by the National Student Employment Association. Shannon will receive a \$50 savings bond from the state and a \$200 savings bond from the region, as well as an engraved plaque from both the state and the region.

Dolan, 30, worked as an office aide for Mechanical Technologies for two years while completing an associate of arts degree.

Supervisors Betty Svarverud and Denine McMurren both said Dolan is one of the best student workers the department has ever had, crediting her with superb skills and a strong work ethic. They said she is an excellent self-directed learner and has proposed several departmental improvements. In addition to performing many complex tasks, she volunteered for a student retention program beyond her normally assigned duties. "This was particularly significant," said department chair Tom Wiedeman, "given that she is a single parent of two small daughters, a full-time student, and a Phi Theta Kappa honor student preparing to transfer to the University of Oregon." Dolan will major in accounting upon transferring to the University of Oregon this fall.

## Innovation award goes to Community Learning Centers project

Lane's 1998 Innovation of the Year award winner is the Community Learning Centers project, created by the Community Learning Centers Planning Team: Anne Bacon, Nick Cheshire, Paul Colvin, Debra Lamb, Cynde Leathers, Bea McRae, Carol Lynn Morse, Jerry Nehring, Bob Vogel, and Larry Warford. The CLCs are college outreach centers that will be attached to eight high schools located in Lane's service district. Three of the centers were opened this year at Thurston High School, Willamette High School, and Oakridge Jr./Sr. High School. The centers are scheduled to serve thousands of Lane County residents each year. They will be open six days a week, including evenings. Open houses for the three centers that have opened have attracted people of varying ages from middle school through senior citizens.

The centers capitalize on the latest technology and innovation in moving toward a "learning college." Instruction is delivered via the Internet and computer-based technology. Video technology also will be used for instruction. Each center will be connected electronically to the main campus, and students can access kiosks for college information and services.

During their development the Community Learning Centers have been an exciting innovation for Lane. During the first few weeks of operation, hundreds of people have enrolled in those centers that are open. Collaboration and cooperation by the local school districts has been phenomenal, and they are extremely pleased that the community college is on their campuses.

For more information about the innovation award, contact Addie Lou Willis in Instruction and Student Services at 2120.

## Main campus bond project estimates still too high

*From the Executive Leadership Team:* The past two years have seen tremendous involvement from the Project User Groups (PUGs) in formulating designs for future facilities on the main campus. The product of this effort, the design schematics recently posted in the Library, were submitted to a cost estimator early in May. The estimate returned last week shows the project \$3.4 million over available resources. However, gLAs Architects, the Bond Management Team and the Facilities Management Committee feel that there are several components of the estimate that are unusually high and therefore need further scrutiny. The schematics have been submitted to a local firm for a second evaluation, and approval of the design schematics by the board has been delayed until July. We believe the new cost estimates could reveal that current schematic designs are within or slightly over budget. Of course, they might also confirm the current estimate.

In order to continue to move forward with the bond project, decisions will have to be made over the summer months. If the current cost estimates prove to be correct, the Facilities Management Committee and the Executive Leadership Team might need to modify the design schematics to get them within budget and keep the project on a realistic time line. We will make an effort to contact as many available PUG members as possible should design modifications come under consideration. In any case, information about schematic designs, cost estimates, as well as any action that may be taken, will be posted on Lane's website every Monday. To reach this update, click on "College Business," "Bond Construction" and "Design Update." Comments or concerns can be submitted by using the icon at the end of the update.

The Bond Management Team will be available at 747-4501 Ext. 2012 during summer hours to answer questions and give information. All communication received by the Bond Management Team during the summer months will be reviewed regularly by the team, the architects and the Facilities Management Committee.

## How to route all-staff memos

Personnel Services can provide name labels for bargaining unit classified employees, contracted faculty, part-time credit faculty, and management employees, for routing materials to all staff. The department wishing to route materials will need to request labels for one or all of those groups through Judy Ward, and the department must reimburse Personnel for the labels. Paper attachments to The Daily will end, of course, when it becomes an e-mail only publication effective July 1.

## Daily to be distributed via all-staff e-mail

The Daily becomes an e-mail publication effective July 1 and will be sent to \*@\*@LCC. Staff who have redirected their incoming \*@\* messages should be aware of this.

## Board report

James Britt was appointed to the Board of Education at its June 10 meeting. He will be sworn in on July 8. He is an attorney and directs the Office of Student Advocacy at the University of Oregon. He is the first African-American to serve on Lane's board.

An FAA flight safety award was presented to Lane by Portland office director Samuel Inouye. The award recognizes 200,000 consecutive hours and 25 million miles of flight training without a single injury accident. Inouye credited Bob Farrand's leadership and the expertise and dedication of his staff and students for achieving this rare and notable record of excellence. Chair Michael Dubick and President Jerry Moskus accepted for Lane.

The board agreed with a Diversity Team recommendation to proceed with cross-departmental ethnic studies classes including hiring a faculty coordinator. Presenter Kate Barry said this will meet immediate needs and lay the foundation for a future possible ethnic studies program.

In other action, the board approved: the 1998/99 general fund budget of \$65.5 million; budget transfers for 1997/98; president's annual authorizations for 1998/99; a digital audio system for KLCC; vending services; Foodservice groceries; and a classification study for technology positions. Appointed were Joyce Godels as Family & Health Careers division chair, Maurice Hamington as business instructor, Derek Mpinga as Mathematics division chair, Jill Padgett as business instructor, Mary Parthemer as Student Support Services program director, and Douglas Smyth as counselor. The board also approved schematics for the \$1 million Florence center addition and funding for community learning centers at McKenzie and Elmira high schools at about \$380,000 each.

## New logo, stationery and business card design in use

As part of the logo and graphic identify project, the college's stationery, business cards and official memo pads have been redesigned. Last Friday, Printing/Graphics printed the first batch of stationery using the new designs. Beginning this week, the new logo will be used in lieu of the old logos on all new printing jobs. Departments are encouraged to use up items with the old logos before ordering new ones.

The Graphic Identify Team is working on a manual that will show how to use the logo in different situations. Meanwhile, Printing/Graphics has a draft of the manual and can help you use it in most applications. If you have more general questions about use of the logo, please contact Angela Miller in Institutional Advancement at 2268.

The next step for the team will be to incorporate the logo into the design of Lane's web site.

## LCC awards RV scholarship to 56-year-old

Wayne E. Moodie of Eugene, 56, has been awarded the \$500 recreational vehicle industry scholarship at Lane. Moodie retrained at Lane as a recreational vehicle service technician after being laid off from Lane Plywood. His college coursework includes on-the-job experience at Guaranty RV in Junction City. The scholarship is sponsored by the Recreational Vehicle Industry Association and the Recreational Vehicle Dealers Association. Lane offers a one-year certificate in the Recreational Vehicle Service Technician program. The program trains technicians in all aspects of RV repair. For program information call the Mechanical Technologies Department at 2225. For information about earning college credit on the job, call the Cooperative Education Department at 2203.

## Is your college vehicle insured?

A memo/list of college vehicles has been sent to departments to update information for Lane's insurance company. The list should be updated and returned by June 18 in order to complete changes before July 1. If you have a college vehicle and did not receive the memo/list, the vehicle may not currently be insured. Notify the budget office at 2363 or 2626 immediately if you know of a college vehicle that hasn't been reported to us. (Carol Beckley)

## E-mail costs more than you may know

Assuming it takes an average of only five seconds to receive, read and dispose of an e-mail message, did you know that every \*@\*@LCC consumes at least two hours of total staff time? Next time you consider sending a \*@\*@LCC, ask yourself this question: "Is this message worth the equivalent of two hours in staff wages and benefits?" (Marie Matsen)

## Farm Business Management program accepting applications

Applications are being accepted now for the Farm Business Management program. The FBM program covers a wide variety of business management topics such as: farm recordkeeping, tax management, computer use in agriculture, legal issues, farm planning, and marketing.

In addition to monthly evening class sessions with guest speakers, participants receive individualized, one-on-one instruction. Participants also can get hands on computer experience and generate a computer analysis of their farm. Because of the flexibility of the program participants range from part-time start up farms to third generation operations with sales of well over \$1 million.

Although classes do not begin until fall, early applications are advised because space is limited and class selection will be made from these early applications. To apply or obtain more information about the FBM program, call 726-2255. Instructor/coordinator is Gary Valde.

## 200,000-hour flight record earns Lane an FAA safety award

Lane received an award from the Federal Aviation Administration on June 10 for completing 200,000 consecutive hours and 25 million miles of professional flight training since 1967 without a single injury accident. "This is something everyone in aviation aspires to," said Samuel Inouye, director of the FAA Flight Standards District office in Portland. He and FAA operations inspector Keith Crimin presented the award at the June 10 Board of Education meeting. Chair Michael Dubick and President Jerry Moskus accepted on behalf of the college. Inouye credited Flight Technology Department Chair Bob Farrand's leadership, and the expertise and dedication of staff and students, for achieving this notable record of excellence.

## Kudos

John Bauguess, professional photographer and part-time instructor for Lane, has a photo essay in the summer 1998 issue of Oregon Quarterly magazine published by the University of Oregon. The essay is titled "A Road Once Traveled: Images from the Time of Highway 99." For a copy, call the magazine at 346-5045.

## Don't miss out on Medicare

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B because you have group insurance through employment. When your employer group plan is ending, you need to enroll in Part B with the Social Security Administration. When you enroll in Part B within their time limit, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. For answers to your questions or to enroll in Medicare contact the Social Security Administration at 1-800-772-1213. You should also consider purchasing a Medicare Supplement plan from a private insurance company. If you are a PERS retiree, you may contact PERS Health Insurance Program at 1-800-768-7377.

- Darlene Sherman

## Insurance in retirement

*Faculty* employees must have two years of immediate prior coverage with OEA Choice or HMO Oregon before retirement to be eligible to carry their insurance into retirement. Once you retire, you cannot add dependent(s) or change insurance carriers.

*Management* employees need to remember that changing insurance carriers and/or adding dependents must be done at the open enrollment prior to the date of retirement so that the insurance coverage may continue into retirement. - Darlene Sherman

## Who is your life insurance beneficiary?

All eligible staff should be sure that the beneficiary on their life insurance is correct and current. If you would like to change your beneficiary on your LCC life insurance and also with PERS, those two forms are available in Personnel Services. If you have questions, dial 2211, press 0. - Darlene Sherman

### SUMMER HOURS

### THANKS

\* **As time flows on**, and the excitement of a new project wears off, we sometimes forget the important people who have devoted their time and tears to make our lives here at LCC change - for the better. So far three groups have gone through the Students First! training. The changes in each person have been dramatic; how we view the school, our commitment to the school, and most important, our commitment to each other. These changes have occurred because of people who believe in change; that change which helps others is a commitment worth keeping. We wish to thank those who have worked closely and daily with us (the Students First! groups) and place them in the limelight that they so deserve: Linda DeWitt, Bee McRae, Kay Malmberg, Rita Grimes, Susan Matthews, Anita Overton, and Lori Weller. These people are there almost daily to see that the path is made a little smoother for those of us who are breaking the new ground to build a better path, helping others to understand what these changes mean to the school and, to the most important people who make up this school - the students - making sure they are getting the services and care that they deserve from us - the LCC employees. We have shared laughter and tears, the ups and downs of the acceptance of this new concept, and even the day to day happenings of our lives with each other, and we will never forget that. Because of Linda, Bee, Kay, Rita, Susan, Anita, and Lori, we will always remember our lessons, they were taught to us with care. There are others who have volunteered to design the concept of Students First! and helped with the success of the Students First! Center, and we appreciate all their time and care to the project. We thank them, too, for making this change possible and this school even better. Thank you, also, to the trainers who spent countless hours putting together materials and then teaching each group what they needed to know to better serve our customer, the student. And a special thank you to Jerry Moskus, Linda Waddell, Mary Spilde, Marie Matsen, and Larry Warford; your leadership and direction have given the students a process for centralizing information that has helped them in their educational life and that could possibly extend to their working life. - From Jane Johnson, Debra Houts, Corinne Meehan, Jane Shirley, Kathy Karnes, Margaret Kimble, Becky Patrick, Mary DuBois, Patty Horton, and Marcia Bell

\* **My life** has been altered irrevocably due to the actions of individuals in the Mechanical Technologies Department and the Advanced Technologies Division, and I cannot thank them enough for it. These individuals spent hours laboring over writing "the perfect nomination letter" to enter me in the running for the Student Employee of The Year Award. Because of the time and effort invested by Carolyn Litty, Betty Svarverud, Denine McMurren, and Tom Wiedeman, I not only won the award they nominated me for, but also the state and regional levels of the award as well. I have since won a Ford Opportunity Scholarship and I am convinced that it is in large part due to winning the Student Employee of The Year Award and as such, I feel that I owe a huge debt of gratitude to Carolyn, Betty, Denine and Tom. Because these caring and dedicated individuals took the time to recognize a work study's efforts, an enormous, positive chain reaction took place and a life has been forever altered. Thank you Carolyn, Betty, Denine, Tom, and the rest of the staff/faculty of Mechanical Technologies for being so good to me. Please know that I can never thank you enough for the positive impact you have imparted upon my life. With heartfelt gratitude, Shannon Dolan

## The Daily retires from print today

*Members of the college community view the retiree wall unveiled on June 10. Photo by John Bauguess.*

Today's Daily is the last print issue. Beginning July 6 it will be distributed e-mail only to \*@\*@LCC. The switch to e-mail will save the college \$10,000 in material costs. Beginning fall term, The Daily will publish Mondays through Fridays. Feedback may be sent to The Daily@instadv\_ma or Daily@lanecc.edu.

## How to route memos to all-staff

Personnel Services can provide name labels for bargaining unit classified employees, contracted faculty, part-time credit faculty, and management employees, for routing materials to all staff. The routing department should request labels for these groups through Judy Ward, and must reimburse Personnel for the labels. Since there are no labels for non-contracted employees, originators may wish to send extra copies to departments for general distribution; the Mailroom can provide a list of department mailboxes but does not have the number of people per department.

## Remote access 800 number to be discontinued

The 800 number maintained by the college for staff to remotely access e-mail while traveling on college business will be discontinued effective June 30 due to budget constraints. To continue access, departments may obtain a telephone charge card through Virginia Brady in Campus Services at 2565. - Nick Cheshire, Computer Services

## Do you want specific computer training this summer?

Staff computer training during summer term (through August 15) will be organized primarily on the basis of requests from departments or individuals based on individual needs and schedules. Individual staff members, and any department wishing group training, should contact the Staff Development Technology Training Team to arrange it. Based on the requests received, classroom sessions will be set up where possible and individual consulting will be provided as needed. Training is generally offered on both Mac and PC in: specific aspects of e-mail, as needed; using the Internet; making web pages with HTML; MS-Word and WordPerfect; MS-Excel; MS-Access; and MS-Powerpoint. Basic training in the Windows 95 environment, and in moving up to the Office 97 package is also provided for PC users. Submit requests by e-mail to Bob Barber, specify Mac or PC, which application(s) interest you, and whether your training needs are beginning, intermediate, or advanced.

As before, e-mail startup training will be continued for new employees on a one-to-one basis, and the necessary software for setting up remote access to e-mail from home will be made available, both upon request. Direct requests and questions to Bob Barber as well.

## Celebrate labor day in Victoria, BC

## This week

- Check the online calendar at <http://www.hometownonline.com/LCC/dayevents.phtml?show=.1> or from Lane's home page go to Calendars, then Events and Meetings Calendar. (Therese Picado)

## The Daily retires from print today

*Members of the college community view the retiree wall unveiled on June 10. Photo by John Bauguess.*

Today's Daily is the last print issue. Beginning July 6 it will be distributed e-mail only to \*@\*@LCC. The switch to e-mail will save the college \$10,000 in material costs. Beginning fall term, The Daily will publish Mondays through Fridays. Feedback may be sent to The Daily@instadv\_ma or Daily@lanecc.edu.

## How to route memos to all-staff

Personnel Services can provide name labels for bargaining unit classified employees, contracted faculty, part-time credit faculty, and management employees, for routing materials to all staff. The routing department should request labels for these groups through Judy Ward, and must reimburse Personnel for the labels. Since there are no labels for non-contracted employees, originators may wish to send extra copies to departments for general distribution; the Mailroom can provide a list of department mailboxes but does not have the number of people per department.

## Detour Ahead on The Pathway to Fitness!

Despite the current construction in the Health and Physical Education Building, the Fitness Education Center is still operating this summer! It is not too late to register for the

Fitness Education Class. For more information, please call 744-3987, or e-mail Fitness@lanecc.edu.

## Problems, complaint procedures and accommodations

Lane Community College is committed to providing a respectful working and learning environment that is free from discrimination, harassment and retaliation. Lane Community College is committed to equal opportunity, affirmative action, cultural diversity, and compliance with the Americans with Disabilities Act. The college prohibits discrimination in admissions, employment and access to college programs, activities and services. Sexual harassment and other conduct which creates a hostile, intimidating or offensive environment is prohibited by the college. For assistance, support, help in resolution of problems, or information about complaint procedures, please contact the following:

- \* Regarding student disability accommodations, assistance and disability-related problems: Leigh Alice Petty, Disability Services, CEN 217, Ext. 2150; TTY 741-3079.
- \* Regarding staff/applicant disability accommodations: Sue Colvin, Personnel Services, ADM 114, Ext. 2583.
- \* Regarding sexual harassment problems and complaint procedures: Kate Barry, Women's Program, CEN 213, Ext. 2264.
- \* Regarding discrimination or harassment problems and complaint procedures: Jose Ortal, Affirmative Action/Equal Opportunity, ADM 122, Ext. 2801 or 2040.
- \* Regarding student's rights, responsibilities, and conduct: Barbara Delansky, Student Activities, CEN 202B, Ext. 2337.

## Remote access 800 number to be discontinued

The 800 number maintained by the college for staff to remotely access e-mail while traveling on college business will be discontinued effective June 30 due to budget constraints. To continue access, departments may obtain a telephone charge card through Virginia Brady in Campus Services at 2565. - Nick Cheshire, Computer Services

## Do you want specific computer training this summer?

Staff computer training during summer term (through August 15) will be organized primarily on the basis of requests from departments or individuals based on individual needs and schedules. Individual staff members, and any department wishing group training, should contact the Staff Development Technology Training Team to arrange it. Based on the requests received, classroom sessions will be set up where possible and individual consulting will be provided as needed. Training is generally offered on both Mac and PC in: specific aspects of e-mail, as needed; using the Internet; making web pages with HTML; MS-Word and WordPerfect; MS-Excel; MS-Access; and MS-Powerpoint.
