LCC AT FLORENCE TO HOLD OPEN HOUSE SEPTEMBER 21

Everyone's invited to an open house at Lane Community College at Florence on Monday, Sept. 21, from 4-7 p.m. at 3149 Oak Street. The open house will include a Chamber of Commerce Business After Hours gathering.

Fall term course information will be featured including mini-classes conducted throughout the evening. Fall courses include Outward Ventures for mature adults, Western Civilization, Introduction To Literature, Spanish, and Certified Nursing Assistant. College staff from Counseling, Distance Learning, Elderhostel, Financial Aid, and other Lane departments will be available to answer questions. There will be refreshments, entertainment by youth and adult dancers from Lane, and a display of paintings by Lane students. For more information, call 2090.

INSURANCE IN RETIREMENT

Faculty employees must have two years of immediate prior coverage with OEA Choice or HMO Oregon before retirement to be eligible to carry their insurance into retirement. Once you retire, you cannot add dependent(s) or change insurance carriers.

Management employees need to remember that changing insurance carriers and/or adding dependents must be done at the open enrollment prior to the date of retirement so that the insurance coverage may continue into retirement.

LANE'S WEB ADDRESSES CHANGE

The upgrade this past weekend of Lane's website allowed the college to implement the final stage of changing Lane's Uniform Resource Locators. This last change involved removing "/webpages/lcc" from the address. For example, old URL (<http://lanecc.edu:1080/webpages/lcc/instadv/aboutlcc.htm>) has become (<http://lanecc.edu/instadv/aboutlcc.htm>). Please change all references and bookmarks by removing the ":1080/webpages/lcc".

All pages on Lane's website (lanecc.edu) have been changed to reflect the new URL. Users referencing URLs that contain "webpages/lcc" will receive an information page (<http://lanecc.edu/movepg2.htm>) that notifies them of the change. Users referencing URLs that contain "<http://lanecc.edu:1080>" will still receive an information page (<http://lanecc.edu/movepage.htm>) that notifies them of that change.

DON'T MISS OUT ON MEDICARE

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B because you have group insurance through employment. When your employer group plan is ending, you need to enroll in Part B with the Social Security Administration. When you enroll in Part B within their time limit, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. For answers to your questions or to enroll in Medicare, contact the Social Security Administration at 1-800-772-1213. You should also consider purchasing a Medicare Supplement plan from a private insurance company. If you are a PERS retiree, you may contact PERS Health Insurance Program at 1-800-768-7377.

PRINTING/GRAPHICS DEADLINE REMINDER

Monday, Sept. 21 is the deadline for submitting course outlines, calendars, forms and other handouts needed for the first day of fall term classes. Thanks to all who have submitted packets for Bookstore sale; it has helped us minimize the inevitable fall term crunch.

- Printing/Graphics

The workshops will be held on consecutive Thursdays, Sept. 17 and 24, from 9-11 a.m., in BUS 201. Space is limited so please call or e-

REMINDER: LEARN HOW TO ASSIST HEARING IMPAIRED STUDENTS

To improve accessibility for Lane students with hearing impairments, Disability Services is offering training on the use of the TTY / TDD and the Oregon Telecommunications Relay Service. Two trainings are scheduled: one on Tuesday, Sept. 15, from 2-3 p.m., and the other on Wednesday, Sept. 16, from 8:30-9:30 a.m., both in the Boardroom. Cathie Reschke, staff sign language interpreter for the deaf, will present information and answer questions on how you and your department can communicate with people with hearing and speech disabilities using this equipment and service. Space is limited. Call Disability Services at 2059/2150 to reserve your place.

POLITICAL SCIENCE CO-OP STUDENT GETS D.C. JOB

Rep. Peter DeFazio has hired Gina Rossini as a staff assistant for his Washington D.C. office. Rossini, 20, is a former Lane student who interned in DeFazio's Eugene office last year through Lane's Cooperative Education political science program coordinated by Steve Candee. "This is a high profile job in my office and it's important to have someone from Oregon in this position," DeFazio said. "Gina will be the first point of contact with visitors and callers. The position requires confidence, poise and knowledge of a variety of issues. I'm sure Gina will be up to the challenge." Rossini also studied at the University of Oregon and Arizona State University and plans to complete her undergraduate degree in African studies and international relations at American University. Gina's dad is study skills instructor Frank Rossini.

BOARD REPORT

The Lane Community College Board of Education began reviewing new policies based on policy governance at its September 9 meeting. The board's intent is to undertake a stronger leadership role and step back from administrative management.

President Jerry Moskus said the community college funding formula has changed again, this time removing the "floor" which protects colleges from reductions in funding, and setting a five-year deadline to achieve equity. The board supported his opposition to a related state proposal to fund equity colleges directly, bypassing the formula.

The board approved granting, rather than loaning, \$1.5 million in Ashlane settlement funds toward affordable student housing. Requests for proposals from housing developers will be issued by the Housing Policy Board for Lane. The remaining \$.4 million from the settlement will be allocated as student housing stipends.

The consent agenda was approved including rejection of automated purchasing software proposals, purchase of an advanced manufacturing training system for Business & Industry Services students, award of a Wildish Building remodel bid, and approval of 14 personnel appointments.

Michael Dubick announced that he would not seek re-election. He has served on Lane's board since 1994. Five of seven board seats will be up for election in March 1999.

The president's monthly report covered several topics, including that Lane wants main campus to be the site of a School District 4J football field; that management employee negotiations are continuing; that we are exceeding labor consulting services contracted hours; and other items.

The board meets again October 14. For more information about board meetings, contact the President's Office at 2200.

INSURANCE REPS AVAILABLE FOR QUESTIONS

Employees interested in changing from one medical insurance plan to another, or in adding a dependent to medical or dental insurance coverage, may do so during open enrollment. FACULTY open enrollment is September 21 through October 16. Any changes in coverage will be effective November 1.

CLASSIFIED and MANAGEMENT open enrollment is November 9 through December 4. Any changes in coverage will be effective January 1, 1999.

Representatives from OEA Choice Trust (faculty only), HMO Oregon (faculty and management), and Regence Blue Cross (management and classified only) will be available to answer coverage questions on Friday, Sept. 25, from 9 a.m.-12 noon in the northwest corner of the cafeteria. Enrollment change forms are available in Personnel Services.

INSURANCE IN RETIREMENT

FACULTY employees must have two years of immediate prior coverage with OEA Choice or HMO Oregon before retirement to be eligible to carry their insurance into retirement. Once you retire, you cannot add dependent(s) or change insurance carriers.

MANAGEMENT employees need to remember that changing insurance carriers and/or adding dependents must be done at the open enrollment prior to the date of retirement so that the insurance coverage may continue into retirement.

DON'T MISS OUT ON MEDICARE

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B because you have group insurance through employment. When your employer group plan is ending, you need to enroll in Part B with the Social Security Administration. When you enroll in Part B within their time limit, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. For answers to your questions or to enroll in Medicare, contact the Social Security Administration at 1-800-772-1213. You should also consider purchasing a Medicare Supplement plan from a private insurance company. If you are a PERS retiree, you may contact PERS Health Insurance Program at 1-800-768-7377.

PROPOSALS SOUGHT FOR AACC CONVENTION

The American Association of Community Colleges is requesting proposals to present at the 1999 convention to be held April 7-10 in Nashville. The theme of the convention is "Collaborating." The deadline for receipt of proposals is October 16; faxes are not acceptable. Forms are available from the vice presidents.

CHANGE TO LANE'S WEB ADDRESSES

The recent upgrade of Lane's website allowed implementation of the final stage of changing Lane's URLs (Uniform Resource Locators). This last change involved removing "/webpages/lcc" from the address. For example, old URL (<http://lanecc.edu:1080/webpages/lcc/instadv/aboutlcc.htm>) has become (<http://lanecc.edu/instadv/aboutlcc.htm>). Please change all references and bookmarks by removing the ":1080/webpages/lcc".

All pages on Lane's website (lanecc.edu) have been changed to reflect the new URL. Users referencing URLs that contain "webpages/lcc" will receive an information page (<http://lanecc.edu/movepg2.htm>) that notifies them of the change. Users referencing URLs that contain "http://lanecc.edu:1080" will still receive an information page (<http://lanecc.edu/movepage.htm>) that notifies them of that change.

IN-SERVICE NOTICE

PROGRAM: Lane's annual all-staff meeting will be held Tuesday, Sept. 22, at the Lane County Fairgrounds, 796 W 13th, Eugene, Performance Hall; use the west entrance. Registration begins at 8:10 a.m.; beverages and rolls will be available. Program begins at 8:30 a.m.

At noon we will have the opportunity to share in a box luncheon. We will probably dine outside, weather permitting, so dress casually. Catering will be done by the fairgrounds, and we will choose between turkey, ham and cheese or vegetarian sandwiches (cucumber, sprouts, tomato and cream cheese), all on sourdough. Due to the large number of staff, we are unable to honor individual dietary requests. If you have special dietary needs not met with this menu, please bring a sack lunch. Coffee, milk, tea, water, and soft drinks will be provided.

In the afternoon, we will work together on an exciting planning process. Modern technology will be used to provide us with quick feedback, as we evaluate how the college is performing on our values. When our work is completed, we will celebrate with a recap, dessert, and entertainment by the Lane Jazz Ensemble. All Lane campuses will be closed, and it is anticipated that all staff will be at the fairgrounds for this full day of activities celebrating our accomplishments, connecting with each other, evaluating where we've been, and working together to plan our future. See you there!

EXTRA FLYERS: In-service flyers were mailed to all contracted faculty, classified and managers. Names and addresses of part-time instructors were not available at the time of the mailings. Departments may contact Julie Baker at 2199 for extra copies, or pick up copies in the Training & Development Resource Room.

BOARD OF EDUCATION CHANGING TO POLICY GOVERNANCE MODEL

The Lane Community College Board of Education will undertake a stronger leadership role and step back from administrative management under new policies given a first review at the September 9 meeting.

The policies emerge from a policy governance model. The policy titled Governing Style directs the board to "govern with an emphasis on (1) outward vision, (2) encouragement of diversity in viewpoints, (3) strategic leadership more than administrative detail, (4) clear distinction of board and president roles, (5) collective rather than individual decisions, (6) future rather than past or present, and (7) proactivity rather than reactivity."

The other policies are Treatment of Learners/Consumers, Treatment of Staff, Financial Planning and Budgeting, Financial Condition and Activities, Emergency President Succession, Asset Protection, Compensation and Benefits, Communication and Support to the Board, Global Governance Commitment, Board Job Description, Agenda Planning, Chairperson's Role, Board Member's Code of Conduct, Board Vacancies, New Board Member Orientation, Global Board-President Relationship, Delegation to the President, Board Committee Principles, and Monitoring President Performance.

The 20 policies are linked to ends statements and together with state-mandated policies will constitute the entirety of board policies. Previous board policies which do not meet the governance model will be reassigned as administrative policies and procedures.

A first reading of the policies is scheduled for the October 14 meeting.

Policy governance is a national trend. Lane's board consulted eight other community colleges in Colorado, Illinois, Kansas, Michigan, Wisconsin, and Central Oregon Community College in Bend.

Faculty are on the front lines when it comes to serving students who are deaf or hard of hearing. What are some of the creative and distinctive experiences, approaches and adaptations faculty have made to successfully serve this population? How can your institution best prepare faculty to work with this unique student population? How can teaching staff make their curriculum accessible and meaningful to this group of students? A panel discussion will address these issues as well as questions from viewers during this live, two-hour satellite teleclass from California State University Northridge. All interested staff are invited to attend. For more information call Cynde Leathers at 2260.

SCHAFER INNOVATION AWARDS ANNOUNCED

The Lane Community College Foundation announced these 1998 Schafer Innovation Awards at the September 22 all-staff in-service:

Pat-On-The-Back Certificates go to: Sandy Ing, Mona Arbuckle, Sharon Kealoha, Ann Metzger, Nadine Wilkes, Sydney Wilson, and Donna Zmolek, Student Health; John Healey, Health & PE; and Fred Lundgren, City of Springfield Fire & Life Safety; for collaborative work in securing the use, through a long-term loan, of an on-site defibrillator for Lane Community College. This cooperative agreement between Lane and the City of Springfield Fire & Life Safety marks the first time a defibrillator has been placed in a community setting other than a medical center or with a police, fire or EMT unit. While we hope it won't be necessary to use the defibrillator, we are prepared if it is needed at Lane.

A Pat-On-The-Back award of \$250 goes to Linda Ericksen, Business Technologies, for creating 14 innovative online courses in computer software. Three of these course offerings were developed from existing three-credit courses and 11 additional courses were developed from scratch. Linda's innovative work has greatly expanded student access to Lane.

An Innovation Grant of \$5,000 goes to Sue Norton and Elaine Phillips, Child Care Resource Connection, for implementation of a pilot mentorship program for child care providers. The program will build a bridge between Lane's Early Childhood Education Program, family child care providers, and the Child Care Resource Connection for Lane. This cooperative and innovative program is being created to simplify access to early childhood training for family child care providers and will expand the opportunities for providers through Lane and its satellite sites.

INDUSTRIAL TECH STAFFING CHANGES

If you think that some of the Industrial Technology Division staff retired completely, think again! Currently, Carl Horstrup is ITD's part-time division chair; Willie Kealoha is continuing his position as cooperative education coordinator and instructor for the Culinary, Food Service, and Hospitality Program; Don Savoie is teaching a culinary class; Hal Davis is still the main instructor for the Construction Technology Program, and all these folks are fishing and golfing in their free time? Other changes in ITD

include welcoming both our new chef/instructor, Clive Wanstall, and Duane Partain, instructor for culinary, food service, and hospitality courses. In addition, Guy Plaa is excited about teaching some different culinary courses. The Welding Technology Program continues to flourish in ITD along with the Apprenticeship Program. The ITD staff wish to welcome our new counselor, Debby Ganser, and offer a big thank you to both Mason Davis and Doug Smyth for all their assistance during the start of this academic year. It was a challenge! " Questions/Comments: e-mail ccairney@indtech_ma.
