### BOND NEWS: STUDENT SERVICES CONSTRUCTION UNDERWAY

The start up of Student Services Building construction began off-schedule on Tuesday due to apparent miscommunication between the general contractor, Chambers Construction, and a subcontractor. Chambers was to begin "staging" activities such as fencing on Monday, but was delayed. In the meantime, the earthmoving subcontractor began work on Tuesday. Chambers was on campus at the time for a preconstruction meeting. Bond project manager Bob Mention stressed the importance of communications and noted that the college requires advance notice of major construction activity. Chambers will erect a temporary fence first, followed by permanent fencing by the end of this week.

### ADULT BASIC SKILLS PROGRAM RECEIVES NATIONAL AWARD

Lane's Adult Basic and Secondary Education program received from the U.S. Department of Education, Division of Adult Education and Literacy, the 1998-99 Secretary's Award for Outstanding Adult Education and Literacy Programs. Sharlene Walker, from the Department of Colleges and Workforce Development, presented ABSE with an award plaque on Feb. 22, 2000. Only 17 colleges in the U.S. have received this award, and just two or three colleges in the West.

ABSE department head Leslie Rasor says Lane's nomination was based on some of the following criteria: outstanding programs for family literacy, workplace literacy, corrections, and out-of-school youth; an effective and innovative systems approach to student learning; an infrastructure of student services, disability services, and assistance in transitioning to work or college; an emphasis on student outcomes; program performance accountability; program design which meets Oregon's employment and self-sufficiency initiatives; and other factors.

ABSE offers a variety of college-based adult education programs at 21 locations around the county, including corrections facilities. The programs serve specific populations. One of the most innovative programs is GED Court School. Its purpose is to provide a positive educational experience for youth who left school due to crime, expulsion or delinquent behaviors. Court School combines academic activities with community service, school-to-work opportunities, and social skill-building classes such as anger management. It is a partnership of Lane Community College, Lane County Department of Youth Services, Oregon Youth Authority, and Eugene/Springfield school districts. ABSE can be reached at Ext. 2214.

### COLLABORATIONS CONCERT PROVIDES RICH VISUAL FEAST

Lane's annual dance concert, Collaborations 2000, offers a rich and satisfying evening well worth a return trip to the main campus on Thursday, Friday and Saturday, March 2, 3 and 4, at 8 p.m. General admission tickets are \$8 adults, and \$6 for Lane faculty, staff and all students and children, who must be

six years or older. The concert includes four appetizing works by the youthful, enthusiastic ZAPP dancers, in a piece created by Cindy Zreliack. Eric Handman follows with "Voce," which fuses lush, voracious athleticism with sensitive musicality. "The Desperate Heart," created by Valerie Bettis in 1943, is an historically significant dance, reconstructed by Janet Descutner and exquisitely performed by Jennifer Knight Dills. Kym Fleming's elegant piece, "Moving Across the Face of the Water," closes the first act. The second half opens with a hearty entree by Bonnie Simoa called "Manassas." This dance pays homage to the women who survived their men in the Battle of Bull Run, the first civil war battle of 1861 in Manassas, Va., and a journey through the psychological and emotional stages of loss. "Ganges," a multi-media dance piece created in 1999 after Bonnie Simoa returned from India, completes the evening. Call the Lane Ticket Office afternoons, Ext. 2202, to order tickets.

### YOU'RE INVITED TO A RETIREMENT CELEBRATION FOR 30-YEAR EMPLOYEES

Do you know Dan Hodges, Ed Pinckney, Beth Webb, Joyce Fish, Ryan Anderson, Bill Blix, Doris Burkland, Harvey Kelm, Fran Thomas, and/or Verne Whittaker? If so, come join their families and friends in honoring their contributions, and in the celebration of their 30-year employments at Lane, on Wednesday, March 8, from 3 to 4 p.m. in the Cafeteria. For more information, call Julie Baker, Training and Development, Ext. 2199.

### TELECONFERENCE: ARTICULATION IN THE NEW MILLENNIUM

Distance Learning has scheduled a free teleconference called "Articulation of Two- and Four-Year Programs: Strategic Partnerships for the New Millennium," on Wednesday, March 15, from 11 a.m. to 1 p.m. in CEN 12 (the northeast corner in the basement). The program description says that colleges throughout the country are entering into innovative new partnerships that provide students with the seamless transitions they will need to reach their educational goals. Beyond the terms of traditional articulation agreements, today's partnerships are based on new factors shaping higher education. They are forged by the unprecedented demands on institutions to provide education free of traditional constraints.

The program will examine the components of effective partnerships and showcase model collaborative arrangements including: two-plus-two programs; reverse transfer programs; electronic articulation; facility sharing arrangements; on-site degree completion programs; distance degree completion programs; statewide telecommunications linkages; and economic development partnerships. This teleconference will be videotaped, and will be available for two-day check out from the Library a couple of days after the teleconference. For more information, call Cynde Leathers, Distance Learning, Ext. 2260.

### LANE TO CELEBRATE OPENING OF ELMIRA CENTER

Lane Community College Learning Center at Elmira High School opened mid-winter term, and will celebrate its opening on Thursday, March 16 from 5 to 7 p.m., with the formal dedication at 6 p.m., at 24936 Fir Grove in Elmira. There will be informational tables, demonstrations, mini-classes, entertainment and refreshments. Although Lane has offered classes in the area since 1966, the new 3,000-square-foot facility provides comprehensive access to college classes and services for residents of Elmira, Veneta, Noti and Crow.

"This is a shared facility for Lane, the high school and the community," says college President Jerry Moskus. "Without the Fern Ridge school district's willingness to build on-site, this wouldn't have happened. The college can use the high school's classrooms and labs, and now they can use our facilities and technology, and the community can access the college."

The center offers a variety of credit and continuing education classes such as telecourses, online courses, and independent and guided learning studies as well as traditional classroom instruction. Services include college admissions and registration. Internet and e-mail access are available for \$1 per hour or \$36 per term. Facilities include a computer lab, a large classroom and a small conference room

available to community groups. High school students will use the center during college off-hours, and the college will use high school rooms for some evening classes. The center was built at the same time as a high school capital improvement project. The college and the school district realized significant savings by sharing infrastructure and architectural costs. Lane has opened similar centers at Thurston, Willamette, Oakridge, Churchill and McKenzie high schools. Construction is underway at Junction City, and a minicenter is open at Harrisburg. Voters endorsed the centers as part of Lane's \$42.8 million construction bond. For more information, call the Community Learning Center main office in Eugene at Ext. 2907. Elmira center coordinator Tina Reyes can be reached at 935-4345.

#### SUMMER CLASS SCHEDULE PAGE PROOF DATE CHANGED

Currently, summer term class schedule page proofs are scheduled for Friday, April 28. Due to the staff in-service, page proofs have been rescheduled for Monday, May 1, from 9 to 11 a.m. in the Boardroom. Call Angela Miller, Institutional Advancement, Ext. 2593, if you have questions.

#### A REMINDER TO CLASSIFIED EMPLOYEES ABOUT VACATION HOURS

All classified employees should be aware of any vacation hours that need to be used by June 30, 2000. Hours that need to be used are noted at the bottom of the monthly leave balance report. For more information, please call Judy Ward, Personnel Services, Ext. 2112.

#### CHECK OUT THIS NEW BOOK IN THE LIBRARY

A new book called "Faculty Guide for Moving Teaching and Learning to the Web," by Judith V. Boettcher, is now available in Lane's Library. It's published by the League for Innovation in the Community College, 1999. The call number is LB1020.3.B641999. For more information, call Cheryl Coleman, Library, Ext. 2357 or 2355.

#### DRAFT COPYRIGHT POLICY AVAILABLE FOR VIEWING

A collegewide team has been working on a copyright policy for Lane. This is a subject that affects many people on campus. The team is asking for comments, changes and suggestions. The policy will be discussed at many campus meetings over the next few months before it is finally adopted. The preliminary draft is available for viewing at <http://www.lanecc.edu/library/copydra.htm>. For more information, call Pete Peterson, Media Arts and Technology, Ext. 2655, or Don Macnaughtan, Library, Ext. 2359.

#### FACILITIES SCHEDULING DESK TEMPORARILY REDUCES HOURS

The facilities scheduling desk will reduce its hours to half-time beginning Monday, March 6, from 12:30 to 4:30 p.m. Mondays through Fridays, for approximately one month while Sherry Logan takes medical leave. Leave voice messages in the mornings, and Carol Waterhouse will return calls when she comes on in the afternoons. We appreciate your patience during this interim period. Contact: Pat John, Academic Learning Skills, Tutoring, Curriculum and Scheduling, Ext. 2439.

## STUDENT RECORDS SENDS SOME STUDENTS NEW REGISTRATION TIMES

Students whose ID's ended with 0000-1111 have received a letter from Student Records informing them that the information on page 48 of the spring term schedule inadvertently lists their registration time as 7 a.m. The letter instructs students within this group of their specific registration times. Please instruct students who have questions to contact Student Records at Ext. 2690, or Casandra Rhay, Student Records, at Ext. 2692.

## YOU'RE INVITED TO A CELEBRATION FOR 30-YEAR EMPLOYEES

Please note this correction: This is not a retirement celebration, as stated in yesterday's Daily. The following 10 employees are being honored for having been at Lane 30 years.

Do you know Dan Hodges, Ed Pinckney, Beth Webb, Joyce Fish, Ryan Anderson, Bill Blix, Doris Burkland, Harvey Kelm, Fran Thomas, and/or Verne Whittaker? If so, come join their families and friends in honoring their contributions, and in celebrating their 30-year employments at Lane, on Wednesday, March 8, from 3 to 4 p.m. in the Cafeteria. For more information, call Julie Baker, Training and Development, Ext. 2199.

## INSTRUCTIONAL COMPUTING LABS PLAN CELEBRATION

Please join Instructional Computing in celebrating its 10th anniversary and 35th lab opening. During spring term 2000, the labs are offering a 30 percent savings on unlimited lab time. Rather than paying the standard \$36 fee, students will now have full access to all Instructional Computing open laboratories, including Community Learning centers for only \$25 -- an \$11 savings for unlimited lab time during spring term 2000. Please notify students and community members of this special spring celebration, and access to laboratories that have high-speed Internet connectivity. For more information, call Barbara Barlow, Institutional Computing, Ext. 2065.

## NRITYAGRAM DANCE ENSEMBLE TO PERFORM AT LANE

These dancers have lived together for seven years in Nrityagram, India's only dance village, near Bangalore, India. They will perform the dances of Odissi, Mohiniattam and Kathak styles, from the northeast, south and north of India, respectively. Admission is \$14, and \$10 for students, seniors and children. For more information, call 726-2202.

#### SELF DEFENSE WORKSHOP SCHEDULED

The Classified Professional Development Team brings you "Self Defense From the Inside Out" with Nadia Tesley, on Monday, March 20 from 1 to 4 p.m. in the Blue Door Theatre. If you missed the presentation last summer, come join us for this self defense workshop. Tesley will demonstrate techniques designed to help participants learn to shift their internal attitudes and their ability to take charge in dangerous situations. Participants will learn to increase their self-confidence and assert themselves more freely without alienating others. Call to register on voice mail box 7775.

#### THANKS TO ALL WHO VOLUNTEERED AT ASIAN CELEBRATION

Thank you to those who took the time out of their weekends to volunteer at Lane's booth at the Asian Celebration on Feb. 19 and 20. Over 20,000 people passed through the gates and had an opportunity to see what Lane has to offer. Special thanks go to Ginger Yamamoto and Chito Felipe for overseeing the booth throughout the weekend. A big thank you goes to Connie Mesquita, Naomi Kesner, Michael Kesner, Debbie Roach, Lidy Herburger, Bridget McDonagh, Tina Boniface, Elizabeth Ochoa, Jill McKenna, Jose Ortal, Lori Lilliefors, Bill Delgaudio, Michael McDonald and Norm Johnson. ### BOND NEWS: STUDENT SERVICES PRECONSTRUCTION MEETING HELD

Before construction of a bond project, a preconstruction conference is held to explain college requirements to the general contractor, subcontractors, and others involved in a project, and review various details. The Student Services Building preconstruction conference was held Feb. 29. Attending for Lane were bond project manager Bob Mention and Student Services job project manager Lynn Atkins. Also present were architect Reid Anderson, representatives from Chambers Construction, and various engineers and subcontractors. Highlights from that meeting:

- Safety is paramount and includes daily clean-up of the construction site and access routes.
- Prevailing wages must be paid and contractors were asked to submit monthly reports.
- The sidewalk by Apprenticeship will NOT be available to pedestrians as the contractor will need the old welding yard for staging.
- There should be minimal, or no noise, during finals weeks.
- There should be two day's notice before disruption of utilities.
- There should be one week's notice of expected construction activities.
- LCC will do the cabinetry on this project.
- LCC will provide 15 telephone lines.
- LCC staff and student visitors need written permission from the Bond Office to tour the project and should contact the Bond Office to arrange an escorted tour, for safety purposes.
- Material Data Safety Sheets on construction products must be available and current.

Preconstruction meetings are usually held a week or two in advance of start-up; in this case, Chambers cancelled previously scheduled meetings. The delay may have been partly responsible for a miscommunication between the contractor and a sub who began earthmoving work on Tuesday before Chambers had installed security fencing.

For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027 or e-mail [bond@campser\\_ma@lcc](mailto:bond@campser_ma@lcc) or [bond@lane.edu](mailto:bond@lane.edu).

### ISSA TO DISCUSS COPYRIGHT, BARGAINING

The Instructional Support Staff Association will meet Tuesday, March 7, at 9 a.m. in PE 206. All support staff personnel for the Office of Instructional Services are invited to attend. President Moskus will be our guest. Pete Peterson will present information on the college copyright policy. There will also be a bargaining update. Forward other agenda items to Pam McClelland, Applied Engineering, Ext. 2151.

### COLLEGE COUNCIL MEETS TUESDAY

College Council meets on Tuesday, March 7, from 1:30 to 3:30 p.m. in the Boardroom. Agenda highlights: second review of the March 8 board agenda; four-credit courses; Fast Pass program; and committees, councils and teams. Contact: Laura Tamura, President's Office, 2301.

#### WOMEN SCIENTISTS TO PRESENT CAREER INFORMATION

A panel of five women scientists will talk about their careers and offer general information to women students interested in pursuing careers in science, on Tuesday, March 7, from 5 to 7 p.m. in M&A 129. The panelists include a naturopathic physician, a veterinarian, a genetics researcher, a biologist, and a geologist. The first hour will be a presentation and discussion, followed by an informal coffee hour. The event is open to anyone; please announce to any interested students. Cosponsored by the Young Women in Science Project of the Women's Program, and Student Activities. Contact: Patsy Raney, Ext. 2352.

#### CELEBRATION FOR 30-YEAR EMPLOYEES IS WEDNESDAY

Do you know Dan Hodges, Ed Pinckney, Beth Webb, Joyce Fish, Ryan Anderson, Bill Blix, Doris Burkland, Harvey Kelm, Fran Thomas, and/or Verne Whittaker? If so, come join their families and friends in honoring their contributions, and in celebrating their 30-year employments at Lane, on Wednesday, March 8, from 3 to 4 p.m. in the Cafeteria. For more information, call Julie Baker, Training and Development, Ext. 2199.

#### BOARD OF EDUCATION AGENDA

The Board of Education meets on Wednesday, March 8, at 7:30 p.m. in the Boardroom. An Executive Session begins at 5:15 p.m., for labor negotiator consultations. Following the Executive Session, the board will review the drafted shared governance document. Highlights on the agenda: award recommendations for building management control systems; first readings of revised executive limitations, emergency president succession and treatment of staff policies; and monitoring reports on the budget, and evaluation/accountability of management. Contact: Tracy Simms, Ext. 2889.

#### FAREWELL TO ALICE KASEBERG

Even though Alice hosted her own retirement party at her home last week, we can't let her go without an LCC farewell. Come and do a little roasting and toasting to a great person, a terrific friend, and a wonderful mathematics teacher on Thursday, March 9, from 3 to 4 p.m., in Math and Art 235. We will have a memory book for you to write in. Donations of items for an Australian outback survival kit are welcome as Alice will be spending three months there this upcoming spring (that would be fall in the Northern Hemisphere). For more information call Jill McKenney, Ext. 2401.

#### MEDITATION CLASS OFFERED

New course spring term! Learn to meditate at a convenient time after work on Tuesdays from 5:30 to 8:20 p.m. The new meditation class, PE 170, Reg. #175, is one credit or can be taken as an audited class. This is a survey course to learn and practice diverse forms of meditation. It also includes breathing, stretching, and relaxation techniques which aid in meditation. For more information, call instructor Shan Ambika, Ext. 2816.

#### ORDER YOUR CAP AND GOWN

Graduation is approaching fast! The deadline to order faculty caps and gowns is March 31 and can be requested through Vickie Colley in the Bookstore, at Ext. 2772.

#### CALL FOR NOMINATIONS

Do you know of a significant innovation designed and implemented by staff at Lane? Applications are now being accepted for the League for Innovation's "Innovation Of The Year Award." Nominations may come from all areas of the college: instructors (full and part-time), support personnel, administrators, students. Applications and criteria for selection are available in the Office of Instruction. Contact Addie Lou Thomas, Ext. 2120, second floor Administration. Deadline for nominations is March 31.

## TELECONFERENCE: ARTICULATION IN THE NEW MILLENNIUM

Distance Learning has scheduled a free teleconference called "Articulation of Two- and Four-Year Programs: Strategic Partnerships for the New Millennium," on Wednesday, March 15, from 11 a.m. to 1 p.m. in CEN 12 (the northeast corner in the basement). The program description says that colleges throughout the country are entering into innovative new partnerships that provide students with the seamless transitions they will need to reach their educational goals. Beyond the terms of traditional articulation agreements, today's partnerships are based on new factors shaping higher education. They are forged by the unprecedented demands on institutions to provide education free of traditional constraints.

The program will examine the components of effective partnerships and showcase model collaborative arrangements including: two-plus-two programs; reverse transfer programs; electronic articulation; facility sharing arrangements; on-site degree completion programs; distance degree completion programs; statewide telecommunications linkages; and economic development partnerships. This teleconference will be videotaped, and will be available for two-day check out from the Library a couple of days after the teleconference. For more information, call Cynde Leathers, Distance Learning, Ext. 2260.

## MARCH HIRING WORKSHOPS SCHEDULED

Hiring Process workshops are scheduled for finals week and spring break on Wednesday, March 15 and Friday, March 17, as well as on Thursday and Friday, March 23 and March 24. As a reminder, the two-day workshop on Hiring Processes is mandatory for all search committee chairs. In addition, all managers must have participated in this training before June 30. Training and Development is trying very hard to accommodate busy schedules. You may take "Day One" at one session, and "Day Two" at another, if that is more convenient. If you miss a couple of hours, we will work with you individually to make up what you missed. Preregistration for the workshop may be done on voice mail box 7775. If faculty would like to attend this workshop during spring break and have no in-service "flex" days remaining, call Patti Lake, Training and Development, Ext. 2848; everything will be done to access resources to pay you. Additional trainings will be offered Thursday and Friday, April 20 and 21, and Thursday and Friday May 18 and 19.

#### INSTRUCTIONAL COMPUTING LABS PLAN CELEBRATION

Please join Instructional Computing in celebrating its 10th anniversary and 35th lab opening. During spring term 2000, the labs are offering a 30 percent savings on unlimited lab time. Rather than paying the standard \$36 fee, students will now have full access to all Instructional Computing open laboratories, including Community Learning centers, for only \$25 -- an \$11 savings for unlimited lab time during spring term 2000. Please notify students and community members of this special spring celebration, and access to laboratories that have high-speed Internet connectivity. For more information, call Barbara Barlow, Institutional Computing, Ext. 2065.

#### MEDITATION CLASS OFFERED

New course spring term! Learn to meditate at a convenient time after work on Tuesdays from 5:30 to 8:20 p.m. The new meditation class, in PE 170, Reg. No. 175, is one credit or can be taken as an audited class. This is a survey course to learn and practice diverse forms of meditation. It also includes breathing, stretching, and relaxation techniques, which aid in meditation. For more information, call instructor Shan Ambika, Ext. 2816.

#### STUDENT RECORDS SENDS SOME STUDENTS NEW REGISTRATION TIMES

Students whose ID's ended with 0000-1111 have received a letter from Student Records informing them that the information on page 48 of the spring term schedule inadvertently lists their registration time as 7 a.m. The letter instructs students within this group of their specific registration times. Please instruct students who have questions to contact Student Records at Ext. 2690, or Casandra Rhay, Student Records, at Ext. 2692.

### WILLAMEAN "BABE" GAY CHOSEN EMPLOYEE OF THE MONTH

Congratulations to Babe Gay, Art and Applied Design, who is the Classified Employee of the Month for March. We will honor Babe on Wednesday, March 8 at the "Employee Recognition Gala," which is scheduled from 3 to 4 p.m. in the Cafeteria. Come join in the celebration! Contact: Julie Baker, Training and Development, Ext. 2199.

### CELEBRATION FOR 30-YEAR EMPLOYEES IS TODAY

Do you know Dan Hodges, Ed Pinckney, Beth Webb, Joyce Fish, Ryan Anderson, Bill Blix, Doris Burkland, Harvey Kelm, Fran Thomas, and/or Verne Whittaker? If so, come join their families and friends in honoring their contributions, and in celebrating their 30-year employments at Lane today from 3 to 4 p.m. in the Cafeteria. For more information, call Julie Baker, Training and Development, Ext. 2199.

### GROUP PERS SESSIONS PLANNED FOR EMPLOYEES CLOSE TO RETIREMENT

Group counseling is available to members who are within five years of retirement. Pre-registration is required for either of two sessions, which will be held Tuesday, March 14, or Tuesday, March 21, from 10 a.m. to noon, at the Lane County Extension Office, 950 W. 13th St., Eugene. To register for one of these sessions, call PERS at 1-888-320-7377.

### SAFE SPACE WORKSHOP OFFERED

A Safe Space workshop will be offered on Monday, April 10, from 2 to 5 p.m. in HEA 102. Goals and outcomes of the Safe Space workshops are to:

- \* focus on creating a safe environment
- \* discuss issues around sexual orientation and homophobia
- \* discuss interaction skills and tools
- \* identify campus and community resources
- \* to learn to be an effective ally

Anyone who goes through the workshop will receive a Safe Space sticker/symbol that they may display in their area. Displaying a sticker means that the person is participating in the Safe Space campaign. However, if a person does not display a sticker, that does not signify a negative connotation. There can be no assumptions made regarding any person who does not display a sticker. It is important to remember that the Safe Space campaign is a completely voluntary program. It is only one of the many approaches the college is taking to make Lane a comfortable and supportive environment in which all students and staff can grow and learn. To register, please call voice mail box 7775. Questions? Contact Adrian Rodriguez, Affirmative Action, Ext. 2852.

### SAFE SPACE TRAIN THE TRAINER OPPORTUNITY

Here is your opportunity to become trained in the topic of Safe Space. A special workshop will be held, Wednesday, April 19, from 2 to 6 p.m. in ELEX 102. Participants must have completed a Safe Space workshop prior to the Train the Trainer workshop. If you have questions, and/or wish to register for the Trainer workshop, please contact April Kane, Personnel, at Ext. 2040.

#### CALL FOR "INNOVATION OF THE YEAR AWARD" NOMINATIONS

The deadline for nominations for the League for Innovation's "Innovation Of The Year Award" is March 31. Do you know of a significant innovation designed and implemented by staff at Lane? ## PRESIDENT JERRY MOSKUS ANNOUNCES RETIREMENT

Dr. Jerry Moskus, president of Lane Community College since March 1990, announced his decision to retire effective June 2001, at last night's Board of Education meeting.

The advance notice provides the board adequate time to conduct a search for a successor, said Board of Education Chair Robert L. Ackerman. "Jerry Moskus will be remembered as one of the outstanding presidents of LCC," said Ackerman. "His educational leadership has gained LCC national recognition as one of the best community colleges in the nation. At its April 2000 meeting, the board will establish criteria for the position, a method for staff and student participation in the selection process, and a timetable to accomplish these tasks."

Highlights from Moskus' 10-year career at Lane include the following:

- \* Won voter approval for an expanded tax base in November 1990.
- \* Won voter approval for a \$42.8 million construction bond in May 1995 to fund major renovations and new construction on main campus, a new building in Cottage Grove, renovations in Florence, and learning centers at eight district high schools.
- \* Defended funding for Lane under an annually-revised state equalization formula resulting from the 1990 property tax limitation measure, including one proposal to cut funding to Lane by \$8 million.
- \* Helped attract three major high-tech employers to the community with implementation of a customized workforce training program, including Symantec Corporation to Eugene in 1993, Sony Disc Manufacturing to Springfield in 1994, and Hyundai Electronics America to Eugene in 1996.
- \* Advanced diversity and affirmative action at the college including hiring the first affirmative action director in 17 years, updating the affirmative action plan, and implementing a diversity plan. He received awards from the African American Community Coalition and the Northwest Coalition Against Malicious Harassment for some of his efforts.
- \* Increased the Foundation's net worth from \$1.2 million to \$5.2 million.
- \* Launched a college presence on the Internet, and upgraded the college computer network system including collegewide e-mail.
- \* Restructured the college to place an emphasis on learning and students.
- \* Gained national recognition as a leader in the "learning college" movement, including a chapter in the book, "A Learning College for the 21st Century."
- \* Implemented interest-based bargaining with faculty and classified employee unions.
- \* Attracted national media coverage regarding the value of retraining in economic transition, including stories on the Macneil-Lehrer News Hour (January 1995), CBS Sunday Morning (October 1994), New York Times (October 1994); and The Washington Post (July 1993).
- \* Held numerous local and national offices including chairing the League for Innovation in the Community College in 1999, and the American Association of Community Colleges Commission on Learning and Communications Technologies, 1999/2000.
- \* Elected on a national ballot to the board of the American Association of Community Colleges.

Throughout his tenure, Moskus has received consistently positive performance reviews from the Board of Education. The board recently nominated Moskus for the American Community College Trustees Chief Executive Officer Award.

Before joining Lane, Moskus was vice president at Des Moines Area Community College in Ankeny, Iowa, and Lincoln Land Community College in Springfield, Illinois. He also held other administrative positions and taught English. He is widely published in academia. He was inducted into the Illinois State University College of Education Hall of Fame Inaugural Class.

Lane Community College serves more than 40,000 people a year and offers lower-division college transfer programs, more than 50 professional-technical degrees, and other programs and services. The college employs more than 1,000 people. The annual budget is \$69 million.

#### IMPORTANT FACULTY COUNCIL MEETING TODAY

Vice Presidents Larry Warford and Mary Spilde will work with Faculty Council members to improve administrative processes related to the Student Evaluation of Instruction. The meeting is scheduled from 3 to 4:30 p.m. in the Boardroom. Beverages will be provided. For additional information, contact Tamara Pinkas, Faculty Council Chair, Ext. 2011.

#### FROM THE GROUNDS UP: A REPORT FROM GROUNDSKEEPER FRANK DRENGACZ

I am sure people are wondering what I do all day. I would like to explain the seasonal schedule. Now that I feel comfortable with the general condition of the plant beds, I can establish a regular routine.

Each building will have four seasonal visits. By coincidence, these visits will coincide with the college calendar. Each visit will include the following work: weeding, of course; raking the beds; light pruning of hedges to maintain their shapes; and a general clean-up of dead or dying leaves and spent blooms.

Season specific tasks will be done as follows:

- \* Winter: Prune trees, except spring blooming varieties; prune perennials heavily; cut back evergreen ferns, about every two years.
- \* Spring: Prune blooming trees after bloom is over; remove spent flowers on early blooming perennials and rhododendrons; prune early blooming rhododendrons and azaleas.
- \* Summer: Prune zelkova trees in the west parking lot; remove spent flowers on late blooming perennials and rhododendrons; prune late blooming rhododendrons and azaleas.
- \* Fall: Cut back perennials as foliage fades.

Of course, weeding each building four times a year will not work. Our work-study students or I will spend one or two hours a day weeding during the growing season. The maintenance cycle starts at the Performing Arts Building. I'll work counterclockwise around campus. The Center Building will be the last building done in each cycle. So, wish me luck!

Go Titans!

#### SAFE SPACE WORKSHOP OFFERED

A Safe Space workshop will be offered on Monday, April 10, from 2 to 5 p.m. in HEA 102. Goals and outcomes of the "Safe Space" workshops are to:

- \* focus on creating a safe environment
- \* discuss issues around sexual orientation and homophobia
- \* discuss interaction skills and tools
- \* identify campus and community resources
- \* to learn to be an effective ally

Anyone who goes through the workshop will receive a Safe Space sticker/symbol that they may display in their area. Displaying a sticker means that the person is participating in the Safe Space campaign. However, if a person does not display a sticker, that does not signify a negative connotation. There can be no assumptions made regarding any person who does not display a sticker. It is important to remember that the Safe Space campaign is a completely voluntary program. It is only one of the many approaches the college is taking to make Lane a comfortable and supportive environment in which all students and staff can grow and learn. To register, please call voice mail box 7775. Questions? Contact Adrian Rodriguez, Affirmative Action, Ext. 2852.

#### SAFE SPACE TRAIN THE TRAINER OPPORTUNITY

Here is your opportunity to become trained in the topic of Safe Space. A special workshop will be held, Wednesday, April 19, from 2 to 6 p.m. in ELEX 102. Participants must have completed a Safe Space workshop prior to the Train the Trainer workshop. If you have questions, and/or wish to register for the Trainer workshop, please contact April Kane, Affirmative Action, Ext. 2040.

### MULTI-CULTURAL CENTER SHOWS VIDEO ON HATE CRIME NEXT WEEK

Visit the Multi-Cultural Center on Monday, March 13, from noon to 1 p.m. in CTR 409, and watch the video "Not in Our Town," to be followed by a discussion. See how the citizens of Billings, Mont. dealt with "hate crimes." Can we learn something from them about what we can do at Lane in response to disturbing graffiti? For more information, call Susan Matthews, Multi-Cultural Center, Ext. 2276.

### LANE TRACK AND FIELD EVENT NEEDS ASSISTANCE

Lane will host its open track and field meet on Friday, March 17, and needs assistance with a variety of tasks. You do not need to be a certified official to volunteer. Christy Davids says he needs help placing high jump bars; retrieving the shot put; and setting up hurdles. He would also would like to have timers to back up the electronic timing system. The meet schedule will be as follows:

#### Field events:

\* 11 a.m.: pole vault, first event

\* 2:30 p.m.: discus final event

#### Track events:

\* noon: 400m relay, first event

If you want to help make this meet a success, please call Christy Davids, H/PE, Ext. 2293, or send an e-mail to [davidsc@lanecc.edu](mailto:davidsc@lanecc.edu). Lunch and beverages will be provided to volunteers. Thank you for supporting Lane students and athletes.

### LEVEL CHANGE COMMITTEE OFFERS TRAININGS

Contracted faculty members who are interested in requesting a level change should attend one of two information sessions, which are being offered on Friday, March 17 at 10 a.m. in M&A 254, and Wednesday, March 29, at 2:30 p.m. in HEA 209. Applications will be distributed at the sessions, or can be picked up in M & A 201. Contact Jill McKenney, Math, Ext. 2401, if you have questions about the sessions.

### ELMIRA CENTER CELEBRATION COMING UP

Lane Community College Learning Center at Elmira High School opened mid-winter term, and will celebrate its opening on Thursday, March 16 from 5 to 7 p.m., with the formal dedication at 6 p.m., at 24936 Fir Grove in Elmira. There will be informational tables, demonstrations, mini-classes, entertainment and refreshments. Although Lane has offered classes in the area since 1966, the new 3,000-square-foot facility provides comprehensive access to college classes and services for residents of Elmira, Veneta, Noti and Crow. The center is funded by Lane's \$42.8 million construction bond. For more information, call the Community Learning Center main office in Eugene at Ext. 2907. Elmira center coordinator Tina Reyes can be reached at 935-4345.

The following report was presented to the Board of Education for its March 8 meeting. For more information about bond construction projects, contact Mike Hopkinson or Joan Aschim at Ext. 2027, or E-mail [bond@lanecc.edu](mailto:bond@lanecc.edu) or [bond@campser\\_ma@lcc](mailto:bond@campser_ma@lcc).

## COMMUNITY LEARNING CENTERS

- \* All Community Learning Centers are in operation except the Junction City Center.
- \* At the Junction City CLC, the exterior building envelope is 80 percent complete, interior ductwork and electrical has been roughed-in, interior framing has passed inspection and sheet rock is being installed. Project is a little ahead of schedule.
- \* The Elmira CLC is now in operation. A Grand Opening celebration is planned for March 16.

## FLORENCE CENTER ADDITION

- \* The new building is complete and in operation. The contract for the construction of a breezeway between the old and new buildings has been executed and construction is underway. Completion of the breezeway is scheduled for early April.

## MAIN CAMPUS PROJECTS

- \* Welding Building: Contractor has lots of cleaning and small items to finish. LCC tradespeople are moving and hooking up equipment, painting fire protection paint, installing cabinet doors, etc. The plan is to move the welding and jewelry departments during spring break so that they can be operational by the start of spring term.
- \* Child Care Center:
  - Bldg #1: Exterior envelope is 95 percent complete, interior work is roughed in and finishes are being applied. Cabinets are being installed.
  - Bldg #2: Exterior envelope is 80 percent complete, interior work is 90 percent roughed in, interior finishes will start soon.
  - Bldg #3: Exterior envelope is 50 percent complete, interior work is 40 percent roughed in.
  - Bldg #4: Exterior envelope is 40 percent complete, interior work is 30 percent roughed in.

- \* Campus Services Addition: Masonry is 99 percent complete. Floor and roof framing is complete. Roofing has been laid. Lower level floor slab has been poured. Metal fascia panels are 90 percent in place. Heating ductwork, plumbing and electrical are roughed in. Project scheduled to be completed by end of April 2000.
- \* Science-Math Building: Retaining walls at west addition are 60 percent poured.
- \* Underslab plumbing is complete, underslab electrical is 90 percent complete at west addition. Steel columns are being fabricated. Project is still behind schedule.
- \* Workforce Training Building is scheduled to go out for bid June 1, 2000.
- \* Remodel of the Health Tech. Building is planned to go out for bids about April 15, 2000 with a construction start date in mid-June.
- \* Infrastructure Upgrade: The Welding Building portion of the infrastructure project has been completed. Cabling for the other buildings is continuing.

#### SEWAGE LAGOON UPGRADE

\* Representatives of the Bond project and the Oregon Military Department (OMD) met with Abiqua engineers again to receive their final report. All present agreed that the first priority is to add tertiary treatment equipment to the Lagoon. The second priority is to pipe the outfall to the coast fork of the Willamette River. Before work can begin we need DEQ review and approval of the final upgrade plan and an interagency agreement between the OMD and LCC. Negotiations on the interagency agreement will commence soon. A preliminary draft of the agreement will be presented for your input and the final document will require your approval. Bill Spoja of the OMD told us they might receive some funds from the National Guard Bureau which could be used within certain conditions for Off-site improvements. Bill will be at the Board meeting to discuss his agency's intentions with you.

#### LTD BUS STATION

\* Design Development drawings are complete and an updated cost estimate has been done. The current cost estimate is \$662,496. LTD and the Bond Management Team are reviewing the estimate to see if any reductions are possible. Actual construction of the station is scheduled for this summer.

#### STILL SPACE IN HIRING PROCESSES WORKSHOPS IN MARCH

Two sessions of the Hiring Processes workshops are being offered March 15 and 17, and 23 and 24, during finals week and spring break, to accommodate varying schedules. As a reminder, the two-day workshop on Hiring Processes is mandatory for all search committee chairs. In addition, all managers must have participated in this training before June 30. The workshop has had great reviews, and has made a difference in the quality of our work in the hiring process according to Personnel and Affirmative Action. You may take "Day One" at one session and "Day Two" at another if that is more convenient for you. And if you miss a couple of hours we will work with you individually to make up what you missed. Preregistration for the workshops may be done on voice mail box 7775. If faculty would like to attend this workshop during spring break and have no in-service "flex" days remaining, please let Patti lake (Ext. 2848) know and everything will be done to access resources to pay you.

#### LANE TRACK AND FIELD EVENT NEEDS ASSISTANCE

Lane will host its open track and field meet on Friday, March 17, and needs assistance with a variety of tasks. You do not need to be a certified official to volunteer. Christy Davids says he needs help placing high jump bars; retrieving the shot put; and setting up hurdles. He would also would like to have timers to back up the electronic timing system. ## BOARD REPORT

PRESIDENT JERRY MOSKUS made a formal announcement at the March 8 Board of Education meeting that he will retire June 30, 2001. Earlier in the day, he sent an e-mail announcement to all staff. Many people at the board meeting lauded his contributions to Lane over the past 10 years, and acknowledged the work to be done in the next 15 months. Board Chair Robert Ackerman called Moskus one of Lane's most outstanding presidents and said that Moskus' best achievement may be the bond construction project. Faculty union president Margaret Bayless agreed with that sentiment, and also saluted Moskus' shift to interest-based bargaining. The president's goals for the next 15 months include completing the critical phase of bond construction with the least possible disruption to learning; completing contract negotiations with faculty, classified staff and managers; balancing the budget for the next two years; expanding enrollment; revising and implementing the affirmative action and diversity plans; developing and implementing a restructuring plan to address structural issues and improve organizational performance; and enhancing cooperation and articulation with local higher education institutions and local schools. Ackerman called for staff and student participation in the process to recruit a successor and invited people to contribute ideas on what they want in a new president, and whether the search should be regional or national, by the April 12 board meeting. He appointed personnel director Sue Colvin as the point of contact for the recruitment process.

A REPORT ON MANAGEMENT ACCOUNTABILITY included an update on a comprehensive study to review jobs and salaries. Chair Ackerman said the study should not be used just to raise wages, particularly in tough budget times. Personnel Director Sue Colvin said the intent is to produce a current, simpler and more incremental salary schedule, and it will not necessarily result in raises.

A REVIEW OF THE BUDGET PROCESS included reminders that the budget document will be presented to the Budget Committee by Wednesday, April 26. In the meantime, budget leaders are making some changes based on staff and student feedback. Lane's budget is adopted at the June board meeting, which includes a formal public hearing.

THE BOARD HELD FIRST READINGS OF A REVISION to the executive limitations policies, including changing them to executive directions; a revision to the policy on emergency president succession; and a revision to the policy on treatment of staff. Second readings will be held in April.

A RESOLUTION ON AFFORDABLE EDUCATION was approved and will be sent to Gov. John Kitzhaber. Chair Ackerman wrote the resolution after learning that the governor's strategy on human investment and core social supports did not include education. The resolution also will be forwarded to the Oregon Community College Association for possible adoption by other colleges.

IN OTHER ACTION, the board endorsed April 9-15 as National Library Week. The consent agenda passed, including: the retirement of Harold Hoy from Art and Applied Design; the appointment of Mark Clark as temporary Mechanical Technologies instructor; the purchase of two industrial washing machines for \$100,150; advisory committee appointments; and reappointment of the college auditor. A building management control systems bid award was postponed.

A BOND CONSTRUCTION REPORT included remarks from Bill Spoja of the Oregon Military Department regarding a proposal to build a 100,000-square-foot facility across 30th Avenue that would use main campus sewage lagoons. Political science instructor Stan Taylor later expressed opposition to partnering with a military agency. Board member George Alvergue complimented bond project manager Bob Mention's efforts to reduce the impact to Apprenticeship Building occupants by hearing their concerns and phasing construction of the Workforce Training Center.

IN OTHER STATEMENTS, student Bobby Hayden said an informal survey he conducted showed strong student support for the bus pass program. Student Susan Whitmore said the governor will visit Lane students on Wednesday, March 15. Mary Spilde said the college will push for increased summer enrollment through programming and marketing. Larry Warford said Lane has provided training to Levi Strauss employees. Marie Matsen said the college is seeking solutions to an air quality problem in the Health Technology Building. She also reported that a ratings report shows that KLCC reaches 3,000 listeners a day and 60,000 individuals a week. Mike Rose reported that OCCA director Vickie Totten Chamberlain has announced her resignation effective June 30. The board's next meeting is set for Wednesday, April 12.

#### BOARD MEMBER TO RECEIVE CAREER AWARD

Larry Romine, vice chair of the Board of Education, will receive the D. Richard Petrizzo Career Service Award from the National Council for Marketing and Public Relations at its annual conference to be held March 19-22 in Portland. NCMPR is an affiliate of the American Association of Community Colleges. The Petrizzo award recognizes exemplary career achievement in community college marketing and public relations. Romine was Lane's first public relations director. He retired in 1992 and was elected to the board in 1997. Contact: Joan Aschim, Institutional Advancement, Ext. 2591.

#### CAMPUS MINISTRY CLOSED DURING SPRING BREAK BUT STILL ACCESSIBLE

ANYONE WANT TO BUY TWO TICKETS TO SEATTLE? My daughter and I planned to go on the Lane-sponsored train trip to Seattle on April 15, but due to an unforeseen problem with surgery to her knee, the doctor has informed us that she cannot be on her feet AT ALL for the next 4 to 6 weeks. There goes our trip and the chance to see "The Sound of Music" at the Paramount Theatre with Richard Chamberlin! Is there anyone out there who would like to go but just didn't get around to reserving a spot? The final payment will be due on March 15, and I'm going to lose \$170 if I can't find anyone to take the trip in our place. If you're interested, please call Sally Wilson, Business Administration, Ext. 2179, until Friday, or call my home number, 683-5203. You can also contact Gloria Vanderhorst, Instructional Services, Ext. 2308.

### SPRING BREAK SCHEDULE FOR THE DAILY

The Daily will publish only once during spring break. Look for The Daily in your e-mail box on Tuesday, March 21. Contact: Chris Cunningham, Ext. 3159.

### WELDING PROGRAM MOVES TODAY

The Fabrication/Welding Technology program will be the first instructional program on main campus to move into a new facility built by the college's \$42.8 million construction bond. Major equipment will be moved today.

Equipment to be moved includes a shear measuring about 10-feet by 4-feet by 8-feet and weighing about eight tons. Also moved will be a tensel compression tester, a Turret punch press, an angle roll, and other items. Some equipment already is in place, including 47 blue welding booths built by welding students last year, and a new computer-controlled press break which weighs 18 tons. Movers are expected to use hydraulic jacks, forklifts, dollies and a lowboy truck to move and place equipment.

Lane offers a two-year degree and one-year certificate in fabrication/welding technology, and a one-year certificate in welding processes. Classes include metal fabrication, shielded metal arc welding, gas tungsten arc welding, wire drive welding, metallurgy fundamentals, gas processes, plastics joining and fabrication, metallizing, industrial robotic welding, and blueprint reading. Contacts: Ed Humes or Mark Huntington, Ext. 2500.

### FINALS WEEK TESTS THE BOND PROJECT

The week of March 13 was the first time that construction activity occurred adjacent to classrooms during final exams. Two problems arose. A roller-compactor working the Student Services site caused shaking in the Business and Apprenticeship buildings. An instructor reported that students could not concentrate so the bond office shut down the heavy equipment activity. Heavy equipment at the Science project disrupted finals with noise from the screeching sound of rock scraping, and beeping of equipment backing up. The bond office also shut down that activity.

Bond project manager Bob Mention is considering whether all construction activity involving power tools and equipment should be disallowed during finals week as a matter of course. This would extend the construction period, escalate costs, and possibly affect the schedules of other projects or moving plans, but may be necessary. Part of the struggle is determining conditions that allow both construction and instruction to proceed. Is what's quiet on a construction site still too noisy inside a classroom? "We're all learning here," Mention says.

In the meantime, bond office and Personnel Services have drafted a proposed procedure, and a tip sheet for faculty. The documents outline options for dealing with disruption during regular hours. The faculty sheets will be distributed in intercampus mail. The procedure will be posted in the online procedures manual. Both will be posted on the bond Web site and announced in The Daily. For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027 or e-mail

bond@campser\_ma@lcc or bond@lanecc.edu or check the Web at [http://lanecc.edu/campsvcs/ie/ns\\_bond.htm](http://lanecc.edu/campsvcs/ie/ns_bond.htm) .

#### SELF DEFENSE WORKSHOP OFFERED

The Classified Professional Development Team is offering "Self Defense From the Inside Out" with Nadia Tesley on Monday, March 20 from 1 to 4 p.m. in the Blue Door Theatre. If you missed the first workshop last summer, come join us this time. The presentation will feature techniques designed to help participants learn to shift their internal attitudes about themselves and their ability to take charge in dangerous situations. Participants will also learn to increase their self-confidence, and assert themselves freely without alienating others. Call or register on voice mail box 7775.

#### GROUP PERS SESSIONS PLANNED FOR EMPLOYEES CLOSE TO RETIREMENT

Group counseling is available to PERS members who are within five years of retirement. Pre-registration is required for the session, which will be held Tuesday, March 21, from 10 a.m. to noon, at the Lane County Extension Office, 950 W. 13th St., Eugene. To register, call PERS at 1-888-320-7377.

#### LANE HAS OPPORTUNITY TO RECYCLE BLOCK STYROFOAM

Thanks to a volunteer recycler at Sacred Heart Medical Center, Lane has an opportunity to begin recycling block Styrofoam. Recycling Services would like to determine how much interest and need exists at the college. If you receive Styrofoam that you would like to recycle, please e-mail Recycling Services at haywardj@lanecc.edu . Include in your e-mail the approximate amount of Styrofoam (per week, month, or year) that you expect to recycle. Remember that Lane already recycles Styrofoam packaging peanuts. To recycle the peanuts, leave a bag next to a paper collection barrel, or call Recycling Services for a pick-up at Ext. 2714. Contact: Jennifer Hayward, Recycling Services, Ext. 2099.

#### TRANSITIONS TO SUCCESS BOWL-A-THON COMING SOON

There is still time to help Transitions to Success students by participating in the program's second annual bowl-a-thon on Saturday, April 1. The following bowlers are collecting pledges: Judy Ann Fuller, Facilities, Ext. 2564; Pam Soine, Training and Development, Ext. 2892; Patti Steward, Training and Development, Ext. 2223; Miriam Jordon, AAWCC, Ext. 2315; Diane Day, Admissions, Ext. 2691; Margret Kimbal, Students First, Ext. 3209; and Charleen Maclean, Women's Center, Ext. 2840. The person who gets the most pledges (excluding myself) will win a \$75 gift certificate from Jerry's Home Improvement, and will host the bowler of the year award. The bowler with the most "foolish outfit" will win a free hair cut at Hair Ba Do Ba. Questions? Comments? Complaints? Call Charleen Maclean, Ext. 2840 or e-mail CHARLEEN MACLEAN@WOMEN\_MA@LCC .

#### CONDOLENCES

Ken Wood, Specialized Employment Services Deli-De-Lite evening employee at the Downtown Center, passed away Wednesday night of heart failure. His family needs assistance to cover his funeral expenses and would appreciate any help anyone can extend. If you wish to help, please make your donations to Wood Products Credit Union, Account #400450, c/o Debbie S. Wood. Thank you. Contact: VICKI A RAMSEY@CE\_DTC@LCC (Josie Skeers, Specialized Employment Services).

#### OFFICE HOURS

The Business Administration office will be closed the week of March 20 through March 24. Any department or student needing help should call the Social Science office at Ext. 2427.

Social Science Department hours for spring break, March 20-24, are 8 a.m.-4 p.m.

## SPRING BREAK SCHEDULE FOR THE DAILY

This is the only issue of The Daily you will receive during spring break. Look for The Daily in your e-mail box again on Monday, March 27. Contact: Chris Cunningham, Ext. 3159.

## WATER SHUT-OFF ALERT TODAY

Water will be shut off to the Science, Forum, Electronics and Electronics Annex buildings today, Tuesday, March 21, beginning about 7 a.m. and lasting all day. Work may continue into Wednesday as well. Another e-mail will be sent when water is hooked back up. The shut-off is needed for work on the Science/Math construction project. Please use facilities in a neighboring building such as the Center Building. Pass the word to others in your building. Contact: Bond Office, Ext. 2727; or Facilities Management and Planning, Ext. 2216.

## E-MAIL BOX CREATED TO GATHER INPUT ON PRESIDENTIAL SUCCESSOR

At the March Board of Education meeting, President Jerry Moskus announced his retirement effective June 30, 2001. In the board discussion that followed, board chair Robert Ackerman invited input from staff on two topics: the qualifications of Dr. Moskus' successor; and the scope of the search and whether it should be regional or national. This input is needed prior to the April 12 board meeting. To facilitate this process, an e-mail box has been created for the receipt of input. This box is titled Pres\_Search, and is available on the Beyond Mail system. Those staff without e-mail access are invited to provide written input directly to Sue Colvin, director of Personnel Services. Input will be shared with the board in summary form. Contact: Sue Colvin, Personnel Services, Ext. 2583 or 2585.

## BOND PROJECT UPDATE

WELDING. Major equipment was moved from the old Welding location in Apprenticeship to the new Welding Technology Building on March 17 and 18. Welding faculty supervised placement of equipment. An older manual press break was set-up next to the new computer-controlled press break, for example, showing a 60-year advance in welding technology, said instructor Ed Humes. The contractor is completing final inspection deficiencies. There are a few other unfinished details, such as delayed arrival of starter controls for the exhaust fan motors.

When those arrive, Facilities Management and Planning staff will install them. FMP staff continue to apply fireproofing painting. It will be close, but welding and jewelry classes should be held in the new building spring term.

**CAMPUS SERVICES ADDITION.** The boiler for washers for the Laundry should be delivered Friday, March 24 and take a week or two to hook up and debug. On the second floor, an occupancy permit is expected and will allow Printing/Graphics to move in about mid-April. P/G's old space in the Center basement will be remodeled into two large temporary classrooms for 2000/2001. The permanent remodel of the Center basement should begin summer 2001. Outside, sewer pipes were replaced in the surplus yard, and will be covered and paved next. The Facilities Management Committee has approved funds for the surplus yard slab, drainage and fencing. The general contractor is trenching to replace an electrical conduit outside the surplus yard.

**SCIENCE.** The final section of the retaining wall was poured Friday, March 17. Structural steel also arrived; it's called "red iron" in the trades. Rebar, or reinforcing steel, has been laid in a grid pattern, and is being tied in preparation for pouring the floor slab during spring break. Steel columns and beams are expected to arrive spring break also. Asbestos removal is complete.

**CHILD CARE.** College tradespeople are installing cabinetry in Building 1, and Lane Family Connections should be able to move in early May. Building 2 is being sheetrocked; its roof is finished. Roof framing and sheathing, and building siding, are being installed on Buildings 3 and 4. The logjam on the mechanical rooms has been broken and work is proceeding. All buildings should be complete by the end of June so the Infant/Toddler program and Child Development Center may move in early July. These programs must move for the Health Tech remodel project to begin.

**STUDENT SERVICES.** The site has been excavated and filled with gravel. Good news: No rock was encountered! Drilling equipment was set up on March 17 for work on the elevator shaft. Forming and placing of rebar for foundations along the south exterior wall are being done. Two large foundations for the bridge supports have been prepared. The bridge will connect to the Workforce Training Center.

**RELATED NEWS.** FMC approved funding to relocate the culinary arts demonstration classroom from Health Technology into one of the existing child care modulars.

**EXCAVATION** for the installation of a concrete path for disabled access to the baseball field bleacher area is underway. This is a Facilities Management and Planning project, not a bond project.

**FOR MORE INFORMATION** about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail [bond@campser\\_ma@lcc](mailto:bond@campser_ma@lcc) or [bond@lane.edu](mailto:bond@lane.edu) or check the Web at <http://lanecc.edu/campsvcs/ie/default.htm> .

## AMERICAN ASSOCIATION OF WOMEN IN COMMUNITY COLLEGES LUNCHEON AND LECTURE SCHEDULED

## INPUT ON PRESIDENTIAL SUCCESSOR NEEDED BEFORE APRIL 12

At the March Board of Education meeting, President Jerry Moskus announced his retirement effective June 30, 2001. In the board discussion that followed, board chair Robert Ackerman invited input from staff on two topics: the qualifications of Dr. Moskus' successor; and the scope of the search and whether it should be regional or national. ## BOND PROJECT UPDATE

SCIENCE. Weather permitting, 350 yards of concrete will be poured for the floor slab at the Science/Math project on Tuesday, March 28, from about 4 a.m. to 7:30 a.m. A high-tech laser screed machine will be used to level the concrete, and one-man riding "whirly-gig" machines will polish the concrete. This size of pour is one of construction's more exciting and interesting sights to observe. In other news, waterproofing membrane has been applied to the west exterior concrete wall. A variety of plumbing, heating/air conditioning/ventilating, and electrical work continues in the underslab portion of the existing building. The underslab construction workers are voluntarily working from 3 a.m. to 7:30 a.m. which is a great help to the college. Water line work last week revealed many 30-year-old rusted valves which will have to be replaced. This may cause additional water shut-offs or interruptions to hot water. This condition may be encountered at other projects as well. Bond and facilities staff are working to develop the least disruptive solution. Shut-off notices will be posted in The Daily or via all-staff e-mail.

CAMPUS SERVICES ADDITION. The boiler for the laundry arrived Friday. It will take a week or more to install. Laundry will move in at the end of April or possibly in May. On the second floor, thinwall plaster is about 70 percent complete and painting will begin later this week. Printing/Graphics should be able to move in about mid-April. The access drive on the north side of the building has been paved at the west end. "It's the first time in 20 years that we have no potholes outside the mailroom," says job project liaison Lynn Atkins.

STUDENT SERVICES. Footings are 80 percent poured for the south wall, water lines are in, storm sewer work has been done, and the elevator cylinder has been dug. The Business Building west sidewalk was closed last week, but the south end will be open this week for wheelchair access to the first floor of the Business Department. The portion of the sidewalk in front of Computer Services will remain closed. The entire sidewalk may have to be closed again later for tunnel work, but alternative wheelchair access will have to be provided first. A speed hump and pedestrian crosswalk was installed on the driveway near the site to improve pedestrian safety.

WELDING. College personnel, contractors, engineers and others met Friday to assign responsibilities for a remaining "punchlist" of details. Fire alarm systems were tested and college housekeeping staff worked over the weekend to seal classroom floors and otherwise prepare classrooms.

The metallurgy lab, computer room, and jewelry lab were ready for Monday classes. The main shop floor still has some work to be completed this week.

**CHILD CARE.** Building 1 casework is installed and floor coverings will be put down this week. It should be ready for occupancy about May 1. Building 2 is finishing up drywall and mechanical work is continuing. It should be finished by the end of June. Building 3 has composition roof shingles going up. Building 4 roof framing is in progress. Some sidewalks have been poured. The complex is about six weeks late due to the innovative but complex geothermal energy system which includes mechanical rooms in each of the four buildings.

**STUDENT HEALTH OFFERS SERVICES.** Contractors have been given instructions on how to use Student Health in lieu of 911 in case of accidents. The Student Health medical response team can beat 911 by five minutes, which can save lives. The team also has a cardiac defibrillator.

**IF YOU'RE ORDERING EQUIPMENT** which may be new or different since the early planning and design stages of your project, remember to check in with the Bond Office or Facilities before you place your order. They will help you make sure that the equipment you want fits the location, has appropriate electrical service, and other details.

For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027 or e-mail or or check the web at [http://lanecc.edu/campsvcs/ie/ns\\_bond.htm](http://lanecc.edu/campsvcs/ie/ns_bond.htm) .

#### CALL FOR "INNOVATION OF THE YEAR AWARD" NOMINATIONS

Do you know of a significant innovation designed and implemented by staff at Lane? Applications are now being accepted for the League for Innovation's "Innovation of the Year Award." Nominations may come from all areas of the college: instructors (full- and part-time), support personnel, administrators, and students. Applications and criteria for selection are available in the Office of Instruction and will be distributed to all departments this week. Contact Addie Lou Thomas, Ext. 2120, second floor Administration. Deadline for nominations is March 31.

#### TRANSITIONS TO SUCCESS BOWL-A-THON COMING SOON

There is still time to help Transitions to Success students by participating in the program's second annual bowl-a-thon on Saturday, April 1. The following bowlers are collecting pledges: Judy Ann Fuller, Facilities, Ext. 2564; Pam Soine, Training and Development, Ext. 2892; Patti Steward, Training and Development, Ext. 2223; Miriam Jordon, AAWCC, Ext. 2315; Diane Day, Admissions, Ext. 2691; Margret Kimbal, Students First, Ext. 3209; and Charleen Maclean, Women's Center, Ext. 2840. The person who gets the most pledges (excluding myself) will win a \$75 gift certificate from Jerry's Home Improvement, and will host the bowler of the year award. The bowler with the most "foolish outfit" will win a free hair cut at Hair Ba Do Ba. Questions? Comments? Complaints? Call Charleen Maclean, Ext. 2840 or e-mail CHARLEEN MACLEAN@WOMEN\_MA@LCC .

#### FREE TICKETS IN THE MULTI-CULTURAL CENTER FOR STUDENTS

The Multi-Cultural Center has 30 free tickets for a Wednesday, April 5, dinner and presentation by Edward James Olmas (Chicano actor, filmmaker and activist) and Bobby Seale (activist and a leader of the Black Panther Party), who will speak at the U of O as part of the Week of Activism. Come by the Multi-Cultural Center, CTR 409, and pick up the schedule of events and ask us how to get a ticket.

#### ANNUAL NOCHE CULTURA TICKETS AVAILABLE

The Centro LatinoAmericano will hold its Sixth Annual Noche Cultural on Saturday, April 8, at the Lane County Fairground's Wheeler Pavillion starting at 6 p.m. Admission is \$30 and tickets are available from Jose Ortal, Ext. 2801 or [ortalj@lanecc.edu](mailto:ortalj@lanecc.edu) .

#### NEW EMPLOYEE ORIENTATION SCHEDULED

New employees and interested others are cordially invited to a New Employee Orientation on Wednesday, April 12 from 8 a.m. to 5 p.m. in the Renaissance Room. The orientation will give you a chance to meet the president and vice presidents, hear from some representatives of various services on campus, enjoy lunch, take a tour, and have an opportunity to meet your bargaining/union

representatives. Faculty members may have attended an orientation especially designed for faculty with Beth Naylor; the April 12 orientation will give you a chance to meet employees from other departments/employee groups on campus. You may prefer to choose the sections which were not covered in the faculty orientation with Beth. Please pre-register on voice mail box 7775 by April 7 so we may have an accurate meal/handout count. Questions? Contact Julie Baker, Ext. 2199.

#### VISION CARE BENEFIT

The need for glasses is very common. By age 65 almost 100 percent of the population wears glasses. If you need to see a vision care specialist for an eye examination, be aware of the following. CLASSIFIED employees are covered by Blue Cross/Blue Shield and are eligible for an exam and lenses every 12 months and frames every 24 months. FACULTY (employee coverage only) are covered by Blue Cross/Blue Shield and are eligible for an exam, lenses and frames every 24 months. MANAGEMENT are covered by Blue Cross/Blue Shield and are eligible for an exam, lenses and frames every 12 months. When you receive services from a participating provider, you will normally receive full coverage under these plans (certain services are not covered). When you receive services from a non-participating provider, coverage will be based on a percentage of cost or a defined amount.

#### ARCHIVES ANNOUNCES PART-TIME JOB OPENING

The Archives has an opening for a part-time (eight hours a week) archives assistant to work with the archivist on basic archival and records management tasks. Application deadline has been extended to March 31. Job is open to all interested students, staff, and the community. Contact Elizabeth Uhlig, Ext. 2466, or stop by the Archives at ELEX 101.

#### THANKS TO MANY, ELMIRA CENTER OPENING A SUCCESS

The Community Learning Center at Elmira High School Open House was a success. Approximately 150 to 175 people visited the new center last Thursday evening to see the facilities, inquire about offerings and services, try out the computers, enjoy refreshments and take part in the program honoring the opening of the center and the partnership with LCC and Elmira High School. Many thanks to Therese Picado from Institutional Advancement who did an outstanding job of organizing the event and to Debbie Johnson in Instructional Services Office for taking care of many important details of the event.

Thanks also to Chuck Reid, Ross Jackson, Tina Reyes, Priscella Johnson and Sarah Brown, all with Community Learning Centers for helping set up for the event and providing assistance and information to community members; Pam Robison from Financial Aid, Delna Coe from College High, Carol Lynn Morse from Counseling/ABSE/Continuing Ed and Sharon Hagan and students Jennifer Dull, Jennifer Garner and Jennifer McCown from the Dental Hygiene Program for their information tables and assistance; Peggy Hudson, Naomi Soules and Sue Varani for organizing Continuing Ed class demos.

Thanks to Board Members Larry Romine and Kathleen Shelley for being there to support the opening of the center and to President Moskus and Vice President Warford for talking to people about the partnership and benefits. - Debra Lamb, Director, Community Learning Centers/Downtown Center

WEATHER DELAYS CONCRETE POUR

Late Monday afternoon, the contractor said he would postpone the concrete pour for the floor slab at the Science/Math bond construction project until Wednesday, March 29, which promises better weather. About 350 yards of concrete will be poured from about 4 a.m. to 8 a.m. and finishing work will take the remainder of the day. A high-tech laser screed machine will be used to level the concrete, and one-man riding "whirly-gig" machines will polish the concrete. For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027 or e-mail or check the web at [http://lanecc.edu/campsvcs/ie/ns\\_bond.htm](http://lanecc.edu/campsvcs/ie/ns_bond.htm) .

INSTRUCTIONAL COMPUTING LABS PLAN CELEBRATION

Please join Instructional Computing in celebrating its 10th anniversary and 35th lab opening. During spring term 2000, the labs are offering a 30 percent savings on unlimited lab time. Rather than paying the standard \$36 fee, students will now have full access to all Instructional Computing open laboratories, including Community Learning centers for only \$25 -- an \$11 savings for unlimited lab time during spring term 2000. Please notify students and community members of this special spring celebration, and access to laboratories that have high-speed Internet connectivity. For more information, call Barbara Barlow, Institutional Computing, Ext. 2065.

KLCC'S RADIOTHON BEGINS APRIL 6

KLCC's on-air campaign for new and renewing members begins Thursday, April 6, at 5 a.m., during the NPR's Morning Edition, and will continue until Wednesday, April 12 at 11 p.m., or until the goal of \$185,000 is met -- whichever comes first.

The pre-Radiothon "Thon Buster" campaign is now underway. Listeners are encouraged to shorten Radiothon by mailing donations to KLCC before Radiothon begins. All Thon Busters are entered in a drawing for a prize of two weekday nights at Sunriver Resort. Call the KLCC business office at 726-2224 for the official Thon Buster form. Contributions also may be made online from the KLCC web site at [www.klcc.org](http://www.klcc.org) , or by calling 726-2218 or 800-922-3682 beginning April 6.

CLASSIFIED PROFESSIONAL DEVELOPMENT TEAM HAS NEW MEMBERSHIP POLICY

The Classified Professional Development Team is announcing a new membership policy. For those of you who wish to become a part of the team and want to make a difference in the educational offerings of the CPDT, we are now accepting applications and reviewing them once per term. Spring forward and make your difference by turning in an application by May 3 -- in time for the May 5 team meeting. To receive an application, contact team chair Gloria Vanderhorst at Ext. 2308.

CONFERENCE ON INFORMATION TECHNOLOGY SEEKING PROPOSALS

The League for Innovation in the Community College is seeking proposals for the 2000 Conference on Information Technology, which will be held from Nov. 15 through 18, 2000 in Anaheim, Calif. The deadline for submitting proposals is Friday, April 7. The CIT is a premier technology conference in higher education that brings together nearly 4,000 participants to exchange ideas related to technology, with the ultimate goal of improving all aspects of community college education. For more information, call Pam Richards at (949) 367-2884, or review the online proposal form at [www.league.org](http://www.league.org) .

#### ANNUAL CAMPUS CAREER FAIR COMING SOON

The annual campus career fair will be held on Wednesday, April 12 from 10 a.m. to 2 p.m. in the north end of the cafeteria. More than 60 local and statewide employers are scheduled to participate. A complete list of employers is available in Career and Employment Services, located in CEN 210. The fair is open to students, staff and community members. Please encourage all students to attend. For additional information, call Career and Employment Services at 726-2217.

#### DON'T MISS OUT ON MEDICARE BENEFITS

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B because you have group insurance through employment. When your employer group plan is ending, you need to enroll in Part B with the Social Security Administration. When you enroll in Part B within its time limit, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. For answers to your questions or to enroll in Medicare, contact the Social Security Administration at 1-800-772-1213. You should also consider purchasing a Medicare Supplement plan from a private insurance company. If you are a PERS retiree, you may contact PERS Health Insurance Program at 1-800-768-7377.

#### FMC HELPS OUT WITH UNFUNDED BOND PROJECTS

As bond construction proceeds, unforeseen needs or opportunities arise for which there is no bond funding. The Facilities Management Committee pledged support for three such projects at its March 16 meeting. One, the current Printing/Graphics space in Center basement will be remodeled into two temporary classrooms to help with space needs during the bond project. This will begin after P/G moves into its new quarters on the second floor of the Campus Services addition sometime in May. Two, the child care modular will be remodeled into the culinary arts demonstration kitchen, after the Infant/Toddler program moves into its new facility sometime in July. Third, Lane will help pay for construction of the permanent LTD bus station to be built this summer, as negotiated by LTD and the college. Bond management is grateful for FMC's partnership and support. For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail [bond@campser\\_ma@lcc](mailto:bond@campser_ma@lcc) or [bond@lane.edu](mailto:bond@lane.edu) or check the Web at <http://lanecc.edu/campsvcs/ie/default.htm>.

#### DAILY WILL PUBLISH 1999 TACT QUESTIONNAIRE RESULTS FOR NEXT TWO WEEKS

The Technology Advising and Coordinating Team conducted a survey of all departments and units at Lane during winter and spring of 1999. The purpose of the survey was two-fold: 1) to gather broad information about technology-related issues at Lane; and 2) to help units to begin thinking about the kinds of issues surrounding technology planning at the unit level. TACT purposefully left efforts to gather more detailed specific information about technology issues at the unit level to a future date when technology planning at the unit level was more formally organized.

TACT only asked questions that could not be obtained from a central office or from Lane's central computer system. For example, TACT did not ask how many distance education courses each unit offered because that information could be obtained either from the Distance Learning department or from Lane's central computer system. Following is the first response of 16 that have been tabulated and summarized by TACT.

#### TRAINING/Workshops, seminars, conferences:

Question 1: How many people from your unit attended technology-related workshops, seminars or conferences during 1997-1998? Eighty (80) percent of responding units had members attending a total of 231 on-campus workshops, seminars or conferences. In many units, some people attended more than one workshop or conference. Forty-four (44) percent had some people attending off-campus local programs; 38 percent had attended in-state sessions, and 49 percent of units had some people at out-of-state technology related workshops and conferences. FTE-producing units had utilized these

training/conference opportunities at approximately twice the rate of non-FTE producing units. For more information, contact TACT at [tact@lanecc.edu](mailto:tact@lanecc.edu).

#### FREE TICKETS AVAILABLE FOR STUDENTS IN THE MULTI-CULTURAL CENTER

The Multi-Cultural Center has 30 free tickets for a Wednesday, April 5, dinner and presentation by Edward James Olmas (Chicano actor, filmmaker and activist) and Bobby Seale (activist and a leader of the Black Panther Party), who will speak at the U of O as part of the Week of Activism. Come by the Multi-Cultural Center, CEN 409, to pick up the schedule of events and ask how to get a ticket.

#### FACILITIES SCHEDULING RETURNS TO NORMAL OPERATING HOURS

Sherry Loga has returned from leave and the non-instructional scheduling desk is once again open to take your requests from 8 a.m. to 5 p.m. "I would like to thank you all for your patience and understanding while I was away," says Sherry. She can be reached in Curriculum and Scheduling at Ext. 2367.

## CLASS SCHEDULE IMPROVEMENT TEAM COMPLETES RECOMMENDATIONS, BEGINS IMPLEMENTATION

The Class Schedule Improvement Team has completed its research and recommendation phases and is beginning to meet with instructional, student services and support departments to discuss the recommendations and to lay the groundwork for introducing changes in the fall 2000 class schedule. Major recommendations include: continuing to mail the schedule to all households; retaining the separation between credit and noncredit classes; organizing the schedule by discipline rather than department; streamlining and simplifying information; and moving toward a fully functional online class schedule. More detailed information about the recommendations (and project) can be found under College Business on Lane's home page or by direct link to <http://lanecc.edu/instdv/csimprov.htm> .

Staff are encouraged to visit the Web pages to review the recommendations, and to use the e-mail link on the Web page to make comments. This e-mail box also can be accessed by choosing Class Schedule on StreetTalk.

The Class Schedule Improvement team was created by Lane's Executive Leadership Team, which gave its support for the recommendations at the March 6 ELT meeting. Prior to making recommendations, the team conducted focus groups with current and prospective students; considered e-mail input from 200 staff and in-person input from 211 staff and students; and gathered class schedules from other schools.

The team will be scheduling meetings with departments and work groups that contribute to the schedule to discuss the changes. To be informed of these meetings, please watch The Daily or the calendar on the team's Web pages.

Members of the Class Schedule Improvement Team are: Tim Blood, Counseling; Lori Bumgardner and Diane Dann, Institutional Advancement; Margaret Kimble, Students First!; Bill Klupenger, Business Development Center; Debra Lamb, Continuing Education and learning centers; Pete Peterson, Media Arts and Technology; and Susan Swan, English, Foreign Language and Speech. Jan Kleminsky, Computer Services, recently joined the team to coordinate computer programming that will be needed for the changes. (Diane Dann, Institutional Advancement)

## COLLEGE COUNCIL MEETING DATE SET

College Council will meet on Tuesday, April 4, from 1:30 to 3:30 p.m. in the Boardroom. Contact: Laura Tamura, President's Office, Ext. 2301.

## SAFE SPACE WORKSHOP OFFERED

A Safe Space workshop will be offered on Monday, April 10, from 2 to 5 p.m. in HEA 102. Goals and outcomes of the Safe Space workshops are to:

- \* focus on creating a safe environment
- \* discuss issues around sexual orientation and homophobia
- \* discuss interaction skills and tools
- \* identify campus and community resources
- \* learn to be an effective ally

Anyone who goes through the workshop will receive a Safe Space sticker/symbol that they may display in their area. Displaying a sticker means that the person is participating in the Safe Space campaign. However, if a person does not display a sticker, that does not signify a negative connotation.

There can be no assumptions made regarding any person who does not display a sticker. It is important to remember that the Safe Space campaign is a completely voluntary program. It is only one of the many approaches the college is taking to make Lane a comfortable and supportive environment in which all students and staff can grow and learn. To register, please call voice mail box 7775. Questions? Contact Adrian Rodriguez, Affirmative Action, Ext. 2852.

#### NEW EMPLOYEES' ORIENTATION SCHEDULED

New employees and interested others are cordially invited to a New Employee Orientation on Wednesday, April 12 from 8 a.m. to 5 p.m. in the Renaissance Room. The orientation gives participants a chance to meet the president and vice presidents; hear from some representatives of various services on campus; lunch in the Renaissance Room; take a tour; and have an opportunity to meet Lane's bargaining/union representatives. Faculty members may have attended an orientation especially designed for faculty with Beth Naylor. The April 12 orientation will give attendees a chance to meet employees from other departments/employee groups on campus. Faculty may prefer to choose the sections that were not covered in the faculty orientation with Beth. Please pre-register on voice mail box 7775 by April 7 so Training and Development can get an accurate meal and handout count. Questions? Contact Julie Baker, Training and Development, Ext. 2199.

#### INSTITUTE FOR BUSINESS LEADERS FOCUSES ON LEADERSHIP

Lane's Business and Industry Services is sponsoring a seminar called "Leading from a Different Place," on Wednesday, Thursday and Friday, May 3 through 5, from 8 a.m. to 5 p.m., at the Downtown Athletic Club. This three-day institute will focus on being a leader in a changing environment, and will introduce new theories on leadership; examine case studies; and explore models that offer new ways of approaching leadership. For more information, call Peg Allison, BIS, Ext. 2923.

#### REMINDER: DIVERSITY SCHOLARSHIPS DUE APRIL 14

Please remind students that Diversity Scholarship applications for next year's scholarships are due Friday, April 14, by 4 p.m. The Diversity Scholarships are \$1,000 scholarships. Six will be offered this year. Applications are available in the Career Center, Multi-Cultural Center, TRIO and Academic Learning Skills Dept. New students may not be aware of these scholarships, so any assistance staff can provide in sharing this information is appreciated. If you have questions, call Linda Wong, Study Skills, Ext. 2444.

#### VISION CARE BENEFIT

The need for glasses is very common, and by age 65 almost 100 percent of the population wears glasses. If you need to see a vision care specialist for an eye examination, be aware of the following:  
\*Classified are covered by Blue Cross/Blue Shield, and are eligible for an exam and lenses every 12 months and frames every 24 months.

\*Faculty (employee coverage only) are covered by Blue Cross/Blue Shield, and are eligible for an exam, lenses and frames every 24 months.

\*Management are covered by Blue Cross/Blue Shield, and are eligible for an exam, lenses and frames every 12 months.

When you receive services from a participating provider, you will normally receive full coverage under these plans (certain services are not covered). When you receive services from a non-participating provider, coverage will be based on a percentage of cost or a defined amount. (Carol Goldsberry, Personnel Services, Ext. 2114)

#### TECHNOLOGY ADVISING AND COORDINATING TEAM SURVEY RESULTS CONTINUED

\* TRAINING NEEDS, Question 2: What technology training needs does your unit/department have?

Virtually all respondents had technology training needs that were not being met. In FTE producing areas, 30 percent of the responding departments mentioned the need for distance learning, online courses, and multimedia curriculum training. Another 30 percent mentioned Web-related trainings. Non-FTE producing units mentioned technology training needs in the areas of budgeting, financial aid information, database interactivity, document imaging, and improvement of routine

processes. Thirty eight (38) percent of the responding units mentioned unfulfilled training needs in using MS Office products, and 33 percent desired more e-mail, Beyond Mail, or Internet training.

\* JOB POSTINGS, Question 3: Does your department currently include requirements for computer technology skills in your job postings?

In FTE-producing areas, 16 of 20 units responding (80 percent), indicated they currently have requirements for computer technology skills in their job postings for faculty. Over 90 percent of the classified job postings from responding units college-wide have computer technology skill requirements. Fourteen (14) of the 20 responding FTE-producing units (70 percent), and 13 of 22 the non-FTE producing units who hire managers currently have computer technology skill requirements in their job postings for managers. For more information, contact TACT at [tact@lanecc.edu](mailto:tact@lanecc.edu).

AS PART OF THE KIDS HELPING KIDS PROGRAM for the Children's Miracle network, my son, Jamie Valentine, is competing in an event at Thurston High School called "Mr. THS". The mission of the Children's Miracle Network is to help Sacred Heart provide vital medical equipment for treating infants and children, regardless of their injury, illness or ability to pay. As a participant in the Mr. THS contest, he is expected to raise money in the form of tax deductible donations to the Children's Miracle network. If you would like to donate to the cause and help Jamie meet his goal, he would greatly appreciate it. Checks should be made out to The Children's Miracle Network with a note in the corner mentioning Jamie's name. The last day for Jamie to turn in donations is March 30. Thank you. ## FACULTY COUNCIL SPONSORS APRIL 6 FORUM ON "WORKING TOWARDS THE INCLUSIVE COLLEGE CLASSROOM"

A panel of Lane instructors will lead an exchange of ideas for making curricula and classrooms more comfortable -- more inclusive -- for students of color, women, international students, older students, gays/lesbians, and disabled students, on Thursday, April 6, from 3 to 4:30 p.m. in the television studio, first floor of the Forum Building. The session will be videotaped for later viewing in the library. The panel invites Lane faculty to share their insights on such topics as creating course materials and choosing textbooks that avoid stereotypes, and include references and examples from a variety of cultures; being sensitive to the learning styles of different cultures; and developing techniques to confront stereotyping, discrimination, and hate speech in the classroom. Questions? Contact Pete Peterson, Ext. 2655; Tamara Pinkas, Ext. 2011; or Kate Barry, Ext. 2686.

## ANNUAL CAMPUS CAREER FAIR COMING SOON

The annual campus career fair will be held on Wednesday, April 12 from 10 a.m. to 2 p.m. in the north end of the cafeteria. More than 60 local and statewide employers are scheduled to participate. A complete list of employers is available in Career and Employment Services, located in CEN 210. The fair is open to students, staff and community members. Please encourage all students to attend. For additional information, call Career and Employment Services at 726-2217.

## INPUT ON PRESIDENTIAL SUCCESSOR NEEDED BEFORE APRIL 12

At the March Board of Education meeting, President Jerry Moskus announced his retirement effective June 30, 2001. In the board discussion that followed, board chair Robert Ackerman invited input from staff on two topics: the qualifications of Dr. Moskus' successor; and the scope of the search and whether it should be regional or national. This input is needed prior to the April 12 board meeting. To facilitate this process, an e-mail box has been created for the receipt of input. This box is titled Pres\_Search, and is available on the Beyond Mail system. Those staff without e-mail access are invited to provide written input directly to Sue Colvin, director of Personnel Services. Input will be shared with the board in summary form. Contact: Sue Colvin, Personnel Services, Ext. 2583 or 2585.

#### STUDENT SHARES PERSPECTIVE ON TEACHING

Liz Coleman received a journal entry from one of her students in the Tutor Certification Class. Caroline Peipher is a current Spanish tutor. "I felt her writing was worthy of sharing with the LCC community as we embark on the final term of the academic year," Coleman says.

Peipher writes: "After learning skills to be a good tutor, I think about being a teacher. A good teacher must be a good communicator, an effective facilitator. This is fun stuff. I like this, 'Nature gave people two ears but only one tongue, which is a gentle hint that we should listen more than talk.' A teacher has to know how to help students learn a subject. This can and should be done many different ways. A teacher must model thinking and conceptualizing, give analogies, associations, and never give up. I think about how many students drop out of school every year. As I generalize, I remind myself there are as many different subjects in school as there are reasons to drop out. If educational institutions were thought of as cultural, social forums, would our results be different? In my opinion, a part of school is learning to live and communicate within the world we live. I'm attached to the idea that teaching is about empowering one another to be a better more aware individual. This benefits ourselves and in turn the whole world." Contact: Liz Coleman, Tutoring, Ext. 2783.

#### TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

\* Question 4: (Software/Hardware): Department Owned Site Licenses, What software site licenses does your department own? Thirty-two (32) of 45 responding units college-wide (71 percent) listed department-owned software site licenses. However, the definition of "site license" varies widely among software vendors, so these data have varying meanings in different units. Some units may have included single copy software in their response even though this is not technically a "site license." The data also indicate that 21 units out of 45 responding units mentioned all or part of Microsoft Office, but it is unlikely that the college owns 21 separate site licenses for MS-Office.

\* Question 5: (Software/Hardware): Site Licenses to Help Departments, What software site licenses would help your department? Twenty-three (23) out of 45 college-wide respondents (51 percent) indicated some software would help their department. The responses to this question reflect a combination of needs for site licenses as well as department software/training needs. For example, one respondent indicated the need for authoring tools for the Web, and another respondent indicated the need for CalANdar for which the college does own a site license. MS Office (or parts of Office) was mentioned by nine units overall (or 20 percent). Many of the MS Office responses indicated an upgrade to Office 2000 but a few indicated MS Office 97. For more information, contact TACT at [tact@lanecc.edu](mailto:tact@lanecc.edu).

#### LANE EMPLOYEES INVITED TO ATTEND ENERGY MANAGERS FORUM

On behalf of the Oregon Chapter of the Association of Professional Energy Managers, Lane staff are invited to the Energy Managers Forum on Thursday, April 20, from 9 a.m. to 4:15 p.m., FOR 308. The theme of the forum is "Electric Restructuring in Oregon: How to Enter the Power Market Successfully." A team of knowledgeable speakers will update participants about electricity restructuring, and provide valuable information about how organizations can prepare for direct access to electric power suppliers. For registration information, contact CoCo Sutton, 998-4729.

### "EMERGING ISSUES IN ACCREDITATION" TELECONFERENCE AVAILABLE FOR CHECKOUT

Lane has just received a videotaped copy of the "Emerging Issues in Accreditation: Moving Toward a Culture of Evidence," teleconference that was originally scheduled for Feb. 24. The program was canceled due to technical problems. PBS and Palomar College, the producer, extend their sincere apologies for this inconvenience. The uplink generator malfunctioned minutes before air time. Fortunately they were able to tape the program at the production site, and staff can now view the full content on videotape. The video may be checked out for two days from the Lane Library. Please ask for it by the above-mentioned title. If you have any questions, contact Cynde Leathers, Distance Learning, Ext. 2260.

### DON'T MISS OUT ON MEDICARE

Medicare becomes available at the beginning of the month in which you become age 65, whether you are retired or still working. You should apply prior to the month of your 65th birthday. When you enroll in Medicare Part A (hospital insurance), you also are automatically enrolled in Medicare Part B (medical services by doctors, clinics, outpatient tests), unless you tell the Social Security Administration that you don't want Part B because you have group insurance through employment. When your employer group plan is ending, you need to enroll in Part B with the Social Security Administration. When you enroll in Part B within their time limit, you pay the normal monthly premiums. Late enrollment in Part B will require you to pay higher premiums. For answers to your questions, or to enroll in Medicare, contact the Social Security Administration at 1-800-772-1213. You should also

consider purchasing a Medicare Supplement plan from a private insurance company. If you are a PERS retiree, you may contact PERS Health Insurance Program at 1-800-768-7377.

#### TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

\* Question 6: (Software/Hardware): Budget Process for Maintenance and Replacement. Does your unit/department currently include costs for technology maintenance and replacement (hardware, software, etc.) in your budgeting process?

Twenty-five responding units college-wide (56 percent) indicated they included costs for technology in their budgeting process (13 in FTE producing units and 12 in non-FTE producing units).

\* Question 7: (Technology Access): Barriers to Staff Technology Access. What barriers limit staff access to technology (i.e. hardware, software, network)? Over 90 percent of the responding units felt there were barriers. Almost 60 percent felt that lack of time (time for training) was a major problem. FTE producing areas mentioned budget limitations (70 percent) or outdated hardware as a major limiting factor.

\* Question 8: (Technology Access): Barriers to Student Technology Access. What barriers limit student access to technology (i.e. hardware, software, network)? Almost 60 percent of responding units indicated one or more student barriers to technology access. Most often mentioned were: budget (or outdated hardware); lab facilities, or staffing (lack of instructors); and lab hours (lab hours not long enough) as barriers. For more information, contact TACT at [tact@lanec.edu](mailto:tact@lanec.edu).
