NSF SEEKS GRANT PROPOSALS

The National Science Foundation is soliciting grant proposals from community colleges in the areas of science, math, engineering, technology, teacher preparation, regional centers in information technology and manufacturing, and articulation partnerships between associate and bachelor degree programs -- all part of NSF's Advanced Technological Education (ATE) program. A college may apply for more than one grant as long as each proposal has a different principal investigator. The ATE program announcement is at <http://www.nsf.gov/cgi-bin/getpub?nsf0062>. The ATE preliminary proposal deadline is May 25. The formal proposal deadline is Oct. 19. NSF's Course, Curriculum and Laboratory Improvement program announcement is also available at <http://www.nsf.gov/cgi-bin/getpub?nsf0063>. Contact Lori Bumgardner for assistance at Ext. 2312.

JAPANESE TEA CEREMONY

Yohei Inoue will perform a Japanese Tea Ceremony including sample traditional tea and sweets on Friday, April 7, from 2 to 4 p.m. in CEN 409, sponsored by the Multi-Cultural Center. Contact: Susan Matthews, Ext. 2276.

FEE REQUIRED TO USE STAFF LOCKER ROOM

By Friday night, April 7, 7 p.m., those staff who are using the staff locker room either need to be registered for a PE class or have paid the optional \$12 PE fee. Please remember that if you have registered for a Continuing Education PE class you will need to pay the optional PE fee separately because it is not automatically charged to your account. On Tuesday, April 11, the locker room staff will begin to clear out lockers of staff who have yet to pay their fees. Please call with any questions: Kim Gilbert (mornings at Ext. 2557), Brent Ellison (evenings at Ext. 2557), or Mike Zimmerman, Ext. 2554.

COLLEGE FINANCE CASHIER WINDOWS TO CLOSE

Beginning April 10, all student cashiering will be done in Students First!. College Finance will move all staff cashiering inside the College Finance office. Students with questions about their Sponsored Accounts, Perkins Loans, or past due and collection accounts will still be served inside College Finance. If you have questions you can contact Darlene Baker in College Finance at Ext. 2614.

FREE TICKETS AVAILABLE FOR STUDENTS IN THE MULTI-CULTURAL CENTER

The Multi-Cultural Center has free tickets for a Wednesday, April 5, dinner and presentation by Edward James Olmas (Chicano actor, filmmaker and activist) and Bobby Seale (activist and a leader of the Black Panther Party), who are speaking at the University of Oregon's Week of Activism. Come by the Multi-Cultural Center, CEN 409, for a schedule of events and ticket information. Contact: Susan Matthews, Ext. 2276.

FORUM: "WORKING TOWARDS THE INCLUSIVE COLLEGE CLASSROOM"

A panel of Lane instructors will lead an exchange of ideas for making curricula and classrooms more comfortable - more inclusive -- for students of color, women, international students, older students, gays/lesbians, and disabled students, on Thursday, April 6, from 3 to 4:30 p.m. in the television studio, first floor of the Forum Building. The session will be videotaped for later viewing in the library. The panel invites Lane faculty to share their insights on such topics as creating course materials and choosing textbooks that avoid stereotypes, and include references and examples from a variety of cultures; being sensitive to the learning styles of different cultures; and developing techniques to confront stereotyping, discrimination, and hate speech in the classroom. Questions? Contact Pete Peterson, Ext. 2655; Tamara Pinkas, Ext. 2011; or Kate Barry, Ext. 2686.

INPUT ON PRESIDENTIAL SUCCESSOR NEEDED BEFORE APRIL 12

At the March Board of Education meeting, President Jerry Moskus announced his retirement effective June 30, 2001. In the board discussion that followed, board chair Robert Ackerman invited input from staff on two topics: the qualifications of Dr. Moskus' successor; and the scope of the search and whether it should be regional or national. This input is needed prior to the April 12 board meeting. To facilitate this process, an e-mail box has been created for the receipt of input. This box is titled Pres_Search, and is available on the Beyond Mail system. Those staff without e-mail access are invited to provide written input directly to Sue Colvin, director of Personnel Services. Input will be shared with the board in summary form. Contact: Sue Colvin, Personnel Services, Ext. 2583 or 2585.

SAFE SPACE WORKSHOP NEXT WEEK

A Safe Space workshop will be offered on Monday, April 10, from 2 to 5 p.m. in HEA 102. Goals and outcomes of the Safe Space workshops are to:

- * focus on creating a safe environment
- * discuss issues around sexual orientation and homophobia
- * discuss interaction skills and tools
- * identify campus and community resources
- * to learn to be an effective ally

Anyone who goes through the workshop will receive a Safe Space sticker/symbol that they may display in their area. Displaying a sticker means that the person is participating in the Safe Space campaign. However, if a person does not display a sticker, that does not signify a negative connotation. There can be no assumptions made regarding any person who does not display a sticker. It is important to remember that the Safe Space campaign is a completely voluntary program. It is only one of the many approaches the college is taking to make Lane a comfortable and supportive environment in which all students and staff can grow and learn. To register, please call voice mail box 7775. Questions? Contact Adrian Rodriguez, Affirmative Action, Ext. 2852.

CAREER FAIR COMING SOON

The annual campus career fair will be held on Wednesday, April 12 from 10 a.m. to 2 p.m. in the north end of the cafeteria. More than 60 local and statewide employers are scheduled to participate. A

complete list of employers is available in Career and Employment Services, located in CEN 210. The fair is open to students, staff and community members. Please encourage all students to attend. For additional information, call Career and Employment Services at 726-2217.

NEW EMPLOYEE ORIENTATION SCHEDULED

New employees and interested others are cordially invited to a New Employee Orientation on Wednesday, April 12 from 8 a.m. to 5 p.m. in the Renaissance Room. The orientation gives participants a chance to meet the president and vice presidents; hear from some representatives of various services on campus; lunch in the Renaissance Room; take a tour; and have an opportunity to meet Lane's bargaining/union representatives. Faculty members may have attended an orientation especially designed for faculty with Beth Naylor. The April 12 orientation will give attendees a chance to meet employees from other departments/employee groups on campus. Faculty may prefer to choose the sections that were not covered in the faculty orientation with Beth. Please pre-register on voice mail box 7775 by April 7 so Training and Development can get an accurate meal and handout count. Questions? Contact Julie Baker, Training and Development, Ext. 2199.

HOT WATER TO BE SHUT OFF CAMPUSWIDE THIS EVENING

Domestic hot water is scheduled to be shut-off today from 6 p.m. to 11 p.m. All main campus buildings will be affected. Hot water should remain in the system for about an hour after the shut-off begins. The shut-off will allow a valve to be installed at the Math/Science bond construction project. Send your questions or comments to the bond office at bond@campser_ma@lcc or bond@lanecc.edu or call Joan Aschim or Mike Hopkinson at Ext. 2027. Thanks for your patience and understanding.

BOND PROJECT UPDATE

CAMPUS SERVICES ADDITION. Printing/Graphics staff have visited their future quarters on the second floor of the addition and like what they see. Graphic designer Shirley Nagy says, "I'm going to spend my first three days as comp time, just so I can sit and look out the windows." The new quarters are being painted, and the ceiling grid is being installed. A slight fire alarm and sprinkler system problem has delayed P/G's expected move-in date to early May. P/G's old space in the Center Building basement will be remodeled into classrooms. On CSA first floor, the complex job of installing a new boiler for the Laundry is picking up steam. The Laundry also is expected to move in sometime in May.

WELDING. Metallurgy, fabrication/welding, and jewelry classes are underway in the new Welding Technology Building, but a "punchlist" of details remain. Dorman Construction was expected to finish its share of punchlist details and remove its job shack on Friday. In the meantime, the Bond Office, Facilities Management and Planning and department faculty are working through a list of other details, from uneven flooring around imbedded electrical boxes to uninstalled paper towel racks.

MATH/SCIENCE. A small dynamite drilling hole with some wires showing was discovered at the site on Friday. Project liaison Todd Smith halted work and sought assistance. Public Safety Director Mike Mayer cleared the area and conducted an examination. The hole and wires were found to be safe. Last week, 359 cubic yards of concrete were poured for the floor slab. This week, back-filling of the south wall of the addition will begin. A domestic hot water shut-off is anticipated so a new valve for Science can be installed; an all-staff e-mail will be issued as soon as details are settled. In other work, framing of steel studs on the east side is in progress, and underslab work in the existing building continues from 3 a.m. to 7 a.m.

CHILD CARE. Building 1 has cabinets installed, sheet vinyl in place, and oak trim installed. Vinyl composition tile also is installed, and various exterior and interior painting continues. Building 2 drywall is being taped, ductwork is being installed, and soffits will be installed this week in the infant crib area. Building 3 roofing is installed, framing is almost complete at the interior mechanical room, and rough-in plumbing is in progress. Building 4 roof framing is half complete, and rough-in plumbing is almost complete. OSHA wants railing installed around attic access hatches. Lane Family Connections is expected to be the first occupant, moving into Building 1 in early May.

STUDENT SERVICES is proceeding on schedule. The project has enjoyed good weather for excavation and other site work. Chambers Construction is benefiting from early planning and organizing prior to moving on site. Last week's digging through asphalt to install a storm sewer line brought complaints from faculty and students in some Apprenticeship classrooms, but the worst of the noise subsided by the end of the week.

IF YOU'RE ORDERING EQUIPMENT which may be new or different since the planning and design stages of your project, remember to check in with the Bond Office or Facilities before you place your order. They will help you make sure that the equipment you want fits the location, has appropriate electrical service, and other details.

A PROCEDURE FOR DEALING WITH CONSTRUCTION DISRUPTION is now available on the web at <http://lanecc.edu/cops/disrupt.htm> in the College Online Policy and Procedure System. This includes tips for faculty. Faculty tips also were distributed in intercampus mail on March 17.

FOR MORE INFORMATION about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu , or check the Web at http://lanecc.edu/campsvcs/ie/ns_bond.htm .

DIVERSITY TEAM POSTS SPRING MEETING SCHEDULE

The first Diversity Team meeting of spring term will be on Thursday, April 6, from 3 to 5 p.m. in the Boardroom. Yohei Inoue will perform a Japanese Tea Ceremony including sample traditional tea and sweets on Friday, April 7, from 2 to 4 p.m. in CEN 409, sponsored by the Multi-Cultural Center. Contact: Susan Matthews, Ext. 2276.

LANE EMPLOYEES INVITED TO ATTEND ENERGY MANAGERS FORUM

On behalf of the Oregon Chapter of the Association of Professional Energy Managers, Lane staff are invited to the Energy Managers Forum on Thursday, April 20, from 9 a.m. to 4:15 p.m., in FOR 308. The theme of the forum is "Electric Restructuring in Oregon: How to Enter the Power Market Successfully." A team of knowledgeable speakers will update participants about electricity restructuring, and provide valuable information about how organizations can prepare for direct access to electric power suppliers. For registration information, contact CoCo Sutton, 998-4729.

NEWSLETTER TO BE MAILED TO HIGH SCHOOL STUDENTS

If your department is interested in promoting a program or service to high school students, please e-mail your "ready-to-publish" information to Az Carmen at tours@admis_ma@lcc , no later than Wednesday, April 12. "Life At Lane" is a four-page newsletter that will be mailed to the homes of approximately 3,700 high school juniors and seniors. Information published in this newsletter will pertain only to recruitment of this prospective student group. Questions? Contact Az at Ext. 2688, or 2678.

TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

Question 9: (Information): Expanding Information via the Web; Have you considered expanding unit/department information available via the Web? Eight-nine (89) percent of the college units that responded indicated they've considered expanding the information available via the Web. Half (50 percent) of the FTE producing areas indicated they wanted to expand information externally, and 40 percent of the non-FTE producing areas indicated the same. Information relating to coursework, instructors, online testing, and event calendars were mentioned as items to have available via the Web.

Question 10: (Information): Staff Barriers to Information Access

Question 10: What barriers limit staff access to information such as leave balance, class lists, etc.? Eight-seven (87) percent of the responding units indicated one or more barriers to information access for staff. Forty percent indicated training as a barrier, with time (either to train or to learn) as a basic problem. College-wide, over 50 percent of all responding units mentioned access to the HP3000 as a barrier to information. Comments ranged from "not very user-friendly to casual users" to "difficulty getting HP log-ins." Other comments related to the lack of automating administrative processes within the college for things like Purchasing, Personnel, ICO's, and leave records. For more information, contact TACT at tact@lanecc.edu.

NSF SEEKS GRANT PROPOSALS

The National Science Foundation is soliciting grant proposals from community colleges in the areas of science, math, engineering, technology, teacher preparation, regional centers in information technology and manufacturing, and articulation partnerships between associate and bachelor degree programs -- all part of NSF's Advanced Technological Education (ATE) program. A college may apply for more than one grant as long as each proposal has a different principal investigator. The ATE program announcement is at <http://www.nsf.gov/cgi-bin/getpub?nsf0062>. LANE ANIMAL SUPPORT COMMITTEE OFFERS VALUABLE SERVICE

The primary mission of the LCC Animal Support Committee is the care and control of the feral cats on main campus. The committee follows the proven international guidelines of TNR (trap/neuter/return) method, for the care, control, and stabilization of feral cats. This method has been successful throughout the United States, on campuses such as University of Texas at Austin, University of California at Berkeley, University of Washington and Stanford University, as well as throughout Britain. Lane's colony consists of 15 cats. The vast majority have been neutered. Donations help provide spaying and neutering, medical care, and food for the cats. Those interested in donating can make a tax deductible donation to the LCC Animal Support Fund Project NO. 2462, through Lane's Foundation, or set up a payroll deduction through Personnel, or bring a donation to any committee member. The committee of 13 is primarily comprised of classified and faculty staff. Abandoning a cat on campus is illegal and can result in a \$100 to \$500 fine. Those interested in joining the committee or donating to the fund can call Georgia, Ext. 2534; Ann, Ext. 2246; or Jamie, Ext. 2540.

INSTITUTE FOR JUDIAIC STUDIES CREATING DATA BASE

The Institute for Judaic Studies is undertaking an intercollegiate program of Judaic Studies in Oregon. The institute is interested in creating a data base of Jewish faculty in the state to communicate with them and inform them of future programs. If you are interested in having your name added to this data base, please contact Rabbi Joshua Stampfer, executive director of the Institute of Judaic Studies, at jstampfer@nevehshalom.org. Non-Jewish faculty with an interest in this area of study are also invited to contact Rabbi Stampfer. Contact: Sue Colvin, Personnel Services, Ext. 2303.

TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

* Question 11: (Information): Student Barriers to Information Access.

What barriers limit student access to information such as student class schedules, transcripts, etc.? Seventy percent of those who answered this question identified student barriers to information access (of those, 44 percent were in FTE-producing areas; 56 percent were in non-FTE producing areas). Thirty percent of those who responded indicated, as a barrier, the lack of availability of information on the Web, or the need to come to campus to access information. Twenty-six percent of the respondents cited problems with the kiosks -- not enough of them, too slow, lack of student awareness of the kiosks, or not wheelchair or sight-impaired accessible. These responses come from staff perceptions of student information access barriers. Future studies will also include student input.

* Question 12: (Technology Use): Strategic Projects Units Would Like to Pursue;

What strategic projects involving technology would your unit/department like to pursue? Eighty-two percent of the responding units indicated strategic projects they would like to pursue (of those, 43 percent were in FTE producing areas; 57 percent were in non-FTE producing areas). Twenty-four percent of the units desiring projects would like to develop online courses. Eleven percent indicated projects for enhanced classroom learning. Thirty-five percent indicated a desire to move current offline processes online, such as competency checklists, tutoring, library tour, book ordering, student schedules, transcripts, job applications, financial aid applications, and purchasing. Eight percent of the respondents mentioned document imaging or digitizing records. Eleven percent of the responding units mentioned projects involving technology specifically to increase efficiency. Some suggestions were bulk-mail processing equipment, recruiting tools for Affirmative Action, and a system to capture tutoring hours for generation of FTE. For more information, contact TACT at tact@lanecc.edu.

BUSINESS BUILDING AIR INTAKE TO BE PROTECTED

The Bond Office has submitted plans to college carpenters to build a temporary wooden shaft protecting the Business Building air intake. The intake is at ground level and draws in heavy equipment

fumes from the Student Services construction site. The shaft will rise to the height of the second floor roof edge and will be screened on top. Air filters will be added to the ground level louvers. Work should begin this week and take about a week to complete. For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027 or e-mail or check the Web at http://lanecc.edu/campsvcs/ie/ns_bond.htm.

SLI AND ASLCC SPONSOR CONFERENCE ON THE LEARNING ENVIRONMENT

A conference called "Changing the Architecture of Education and Designing Learning Environments: How Can LCC and the Faculty Support Students Working Together?," will take place on Friday, April 14, from 2 to 6 p.m. in CEN 420. Students and faculty are invited to this event, which is sponsored by ASLCC and the Strategic Learning Initiative. A recent survey of Lane students revealed that many have ideas about what makes a good learning environment; what kinds of activities work well for students working together; how to match students up; and how to be productive and not waste time in group work environments. Faculty and students are invited to participate in the discussion and planning of future activities on these topics. Refreshments will be provided. Staff may direct their interest to Bob Barber, Faculty/S.L.I., Ext. 2734. Students should contact Susan Whitmore, ASLCC Vice President, Ext. 3171.

SAFE SPACE WEEK

Join us for Safe Space Week from Monday, April 10 to Friday, April 14, in the cafeteria. Questions? Call Julie Copley, Ext. 2600, or Sue McDonald, Ext. 2613.

ANIMAL COMMITTEE DISCOURAGES FEEDING OF LANE'S CAT COLONY

The LCC Animal Support Committee provides food and water on a daily basis to Lane's cat colony. Because waste food attracts pests, random feeding is discouraged. The committee requests that individuals who leave food in feeding areas cease doing so. Those who are concerned about the welfare of the cats are welcome to make donations of food, money or volunteer services. We need your assistance to maintain clean feeding areas and to eliminate waste food and paper products in the area. Thank you. Contact: Georgia Nissen, Ext. 2534.

TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

Question 13: (Technology Use): Strategic Projects Units Would Like to Pursue; How many non-distance education courses offered in your department last school year regularly used materials such as e-mail, online discussions and Web pages as supplementary learning tools? Half of all responding FTE-producing areas (10-20) have at least one faculty member who is using e-mail as a supplementary learning tool in non-distance education courses. E-mail is used more frequently than Web pages. Online discussions are used significantly less frequently than e-mail.

Question 14: (Technology Use): Use of Teaching Workstations; How many teaching workstations did your unit/department use this year or need next year? Twenty-seven percent (12 of 45) of responding units indicated they used both cart-mounted workstations and laptops in 1998-99. One-third (15 of 45) indicated they used permanently mounted workstations in 1998-99. Fourteen responding units indicated the need for cart-mounted teaching workstations and laptops in 1999-2000. Nineteen indicated the need for permanently mounted workstations. For more information, contact TACT at tact@lanecc.edu.

INPUT ON PRESIDENTIAL SUCCESSOR NEEDED BEFORE APRIL 12

At the March Board of Education meeting, President Jerry Moskus announced his retirement effective June 30, 2001. In the board discussion that followed, board chair Robert Ackerman invited input from staff on two topics: the qualifications of Dr. Moskus' successor; and the scope of the search and whether it should be regional or national. This input is needed prior to the April 12 board meeting. To facilitate this process, an e-mail box has been created for the receipt of input. This box is titled Pres_Search, and is available on the Beyond Mail system. Those staff without e-mail access are invited to provide written input directly to Sue Colvin, director of Personnel Services. Input will be shared with the board in summary form. Contact: Sue Colvin, Personnel Services, Ext. 2583 or 2585.

WOMEN'S PROGRAM BROWN BAG FEATURES LAY MIDWIFE

The first Women's Program brown bag talk of spring term will take place on Tuesday, April 11 from 11:30 a.m. to 12:50 p.m., in Apprenticeship 225, and will feature local traditional lay-midwife Clarebeth Loprinzi-Kassel. Clarebeth will talk about her many years of experience as a licensed midwife dedicated to facilitating birth through traditional non-medical methods. She will also talk about her recent work with women in Sicily and Guatemala reviving indigenous women-centered reproductive healthcare and childbirth methods. Her presentation will be part of Patsy Raney's SOC 108a class. Bring lunch and join the group for a provocative and inspiring presentation. Call Ext. 2352 for more information.

CAMPUS CAREER FAIR COMING SOON

The annual campus career fair will be held on Wednesday, April 12 from 10 a.m. to 2 p.m. in the north end of the cafeteria. More than 60 local and statewide employers are scheduled to participate. A complete list of employers is available in Career and Employment Services, located in CEN 210. The fair is open to students, staff and community members. Please encourage all students to attend. TECHNOLOGY TEAM SURVEY RESULTS CONTINUED

*Question 15: (Distance Learning): Student Services for Distance Learning; What services could they provide to help student take advantage of distance learning options? Sixty-seven (67) percent of the respondents thought that the college needed to provide services to students who were interested in or currently taking distance learning classes, while 40 percent of the respondents felt that some form of orientation was needed for those students interested in, or who were taking distance learning classes, such as an orientation videotape, or online materials or a variety of related written materials. Other responses noted more Internet access, a variety of course offerings, distance learning-related student services, and training of faculty to teach distance classes.

*Question #16: (Distance Learning): Unit/Department Services for Distance Learning, What service could the college provide to help your department or unit develop the distance education options you would like to have? Seventy-five (75) percent of the FTE producing units recommended that one or more college-wide services were needed to support distance learning. Sixty (60) percent of the FTE respondents felt the need for specialized staff such as curriculum developers -- outside consultants to foster distance-learning courseware. Other needs noted were faculty release time, and specific equipment and other resources to further the offering of distance learning courses. For more information, contact TACT at tact@lanecc.edu .

HP3000 USERS WILL SEE A CHANGE TODAY

As of today, April 10, users of the HP3000 will see a change in their opening HP menu. The last item, previously labeled "Change logon password", will change to "Miscellaneous Functions". The "Miscellaneous Functions" sub-menu will contain common items that may be of use to all HP3000 users. Initially, it will contain just two items: Employee Pin# Leave Review System, and Change Logon Password. In the future more items will be added to this menu, as needed. If you have questions, please call Lee Hallin at Ext. 2868 or Thwing Havens at Ext. 2231.

BLOODMOBILE HERE FRIDAY; NEEDS YOUR PARTICIPATION

The Lane Memorial Blood Bank's Bloodmobile will be on main campus Friday, April 14 from 10 a.m. until 1 p.m., hoping to collect 21 units from Lane staff and students. Would you please volunteer? Last term, Lane volunteers included Sharon Kealoha, Teri Coddington, Mark Harris, Kris Fox, Trish Hamer, James Brougher, Chris Brown, Colby Sheldon, Dorothy Wearne, Michael Kostrikin, Kathy Wagner, James Porter, Evonne Harris, Kale Houppermans, Lane Fricke, Shirley Nagy, Sandy Ing, Miriam Jordon, Susan Iverson, Jan Halverson, Jeffrey Garman, Mandy Schoonover and Laura Roberts. It takes less than 45 minutes. Contact coordinator Pete Peterson (Ext. 2655) for an appointment.

Easy requirements: You should be in good health, weigh more than 110 pounds, wait eight weeks between donations, eat a meal with protein (milk, meat, eggs, cheese) and carbohydrates within two hours of donating, and bring a photo I.D. But you can't donate if you have AIDS or have tested positive for

the HIV virus, or participated in high-risk behavior; have a history of hepatitis; have insulin-dependent diabetes; have certain respiratory or cardiac conditions. You'll need to wait 12 months if you have had ear or body piercing; tattoos or permanent makeup applied; been exposed to anyone with hepatitis or jaundice; had a shot for hepatitis exposure; or had a blood transfusion or organ transplant. And you'll need to wait until the next Bloodmobile visit if you have cold or flu symptoms, are taking antibiotics, had an illness or major surgery in the past six weeks, or your weight has not been stable in the last two weeks. While 60 percent of Americans meet these requirements, only 5 percent donate their blood to local blood banks. But there is no substitute for blood, and healthy people are asked to give it in advance so it will be on hand when emergencies arise. Thanks for being a responsible, giving community member.

BOARD OF EDUCATION AGENDA

The Board of Education meets Wednesday, April 12, in the Boardroom. A closed executive session begins at 5 p.m. for labor negotiator consultations, followed by an open session for a strategic conversation with Lane managers. The regular meeting begins at 7:30 p.m. Monitoring reports include a review of the president's goal to increase his visibility on campus. Discussion/action items include a construction labor agreement (discussion); Ashlane student housing (action); presidential search (discussion); community college budget package options (action); ASLCC ballot measures (action); administrative assistant e-commerce option, program approval (action); first reading of board policy on shared governance; second readings of board policies on executive directions and emergency president succession (action). The next regular meeting is set for May 10. For more information, visit the board's web page at <http://lanecc.edu/presoffc/board/lccboard.htm>.

WOMEN'S PROGRAM BROWN BAG FEATURES LAY MIDWIFE

The first Women's Program brown bag talk of spring term will take place on Tuesday, April 11 from 11:30 a.m. to 12:50 p.m., in Apprenticeship 225, and will feature local traditional lay-midwife Clarebeth Loprinzi-Kassel. Clarebeth will talk about her many years of experience as a licensed midwife dedicated to facilitating birth through traditional non-medical methods. She will also talk about her recent work with women in Sicily and Guatemala reviving indigenous women-centered reproductive healthcare and childbirth methods. Her presentation will be part of Patsy Raney's SOC 108a class. Bring lunch and join the group for a provocative and inspiring presentation. Call Ext. 2352 for more information.

NEED A MEETING?

Narcotics Anonymous, Tuesdays and Thursdays from 12-1 p.m., BUS 204A.
Alcoholics Anonymous, Tuesdays and Thursdays from 1-2 p.m. APPR 224.
Questions? Call the Recovery Center at Ext. 2178.

PRESIDENTIAL SUCCESSOR INPUT DEADLINE ARRIVES

Board of Education Chair Robert Ackerman has invited input from staff on the qualifications of Lane's next president, and whether the search should be regional or national. Input is needed prior to the April 12 board meeting. An e-mail box has been created for the receipt of input. This box is titled Pres_Search, and is available on the Beyond Mail system. Those staff without e-mail access are invited to provide written input directly to Sue Colvin, director of Personnel Services. Input will be shared with the board in summary form.

CAMPUS CAREER FAIR IS WEDNESDAY

SLI AND ASLCC SPONSOR CONFERENCE ON THE LEARNING ENVIRONMENT.

A conference called "Changing the Architecture of Education and Designing Learning Environments: How Can LCC and the Faculty Support Students Working Together?" will take place on Friday, April 14, from 2 to 6 p.m. in CEN 420. Students and faculty are invited to this event, which is sponsored by ASLCC and the Strategic Learning Initiative. A recent survey of Lane students revealed that many have ideas about what makes a good learning environment; what kinds of activities work well for students working together; how to match students up; and how to be productive and not waste time in group work environments. Faculty and students are invited to participate in the discussion and planning of future activities on these topics. Refreshments will be provided. Staff may direct their interest to Bob Barber, Faculty/SLI, Ext. 2734. Students should contact Susan Whitmore, ASLCC Vice President, Ext. 3171.

BANNER HERE THIS WEEK

Lane has begun an investigation to replace the HP mainframe computer and its COCO software. In February, Datatel presented its software, Colleague, to the college. SCT will be the next to present its software, Banner. BOND PROJECT UPDATE

CAMPUS SERVICES ADDITION. Acoustical ceiling tile is being installed and case work is underway on the second floor. Exterior stairs and an ADA ramp are under construction. Paving of the north side access road should begin in a couple of weeks. The Laundry's boiler is in place on the first floor and will be running in about three weeks. Two new computerized washing machines have been ordered. The machines pose complex plumbing challenges. Printing/Graphics will move sometime in early June; Laundry's moving date is undetermined.

WELDING. Facilities Management and Planning crews worked over the weekend on a checklist of critical completion items for fabrication and welding, and jewelry. Landscaping is underway with the irrigation system to follow. The welding building is becoming a case study in unanticipated detail: variables which affected the readiness of the new facility varied from technological changes in equipment since plans were drawn and move-in occurred, to seeing things with a different eye in person than they appeared on paper, to the pressure of tight timelines. It's becoming evident that the more users visit their future site while it's under construction, the better that unanticipated details can be caught and taken care in good time.

MATH/SCIENCE. Hyland Construction has agreed to a regular shift of 6 a.m. to 3 p.m. (daylight permitting) at no overtime cost, to lessen the impact of construction on college business. Upcoming work includes pouring the south slab, and erecting some steel. The major steel erection date is set for April 24. Underslab work is beginning to wrap up. Last week's hot water shut-off was insufficient and another will have to be scheduled; a Sunday may be selected instead of a weekday evening, as both hot and cold water may have to be interrupted to part or all of campus. An advance shut-off notice will be e-mailed and run in The Daily.

CHILD CARE. Building 1 carpet is in, the last coat of paint is going on, and SteelCase furniture should be installed beginning next week. Lane Family Connections should move in about mid-May. Building 2 soffets will be installed this week and floor coverings come next. Building 3 roofing, rough-in

plumbing, and HVAC work is finishing up. Building 4 roofing is framed and sheeted. Walk-throughs by the users with the college job project liaison have helped future occupants get a handle on what's ahead.

STUDENT SERVICES is going up fast! The project has enjoyed good weather and Chambers Construction is benefiting from early planning and organizing. Core drilling has been done to tie-in to tunnel utilities. Some digging through asphalt to install a storm sewer line brought complaints from faculty and students in some Apprenticeship classrooms, but the worst of the noise subsided by the end of the week. The outside air intake for the Business Building is being extended upward to minimize possible odors from coming into the building.

IF YOU'RE ORDERING EQUIPMENT which may be new or different since the planning and design stages of your project, remember to check in with the Bond Office or Facilities before you place your order. They will help you make sure that the new equipment fits the location, has appropriate electrical service, and other details.

A PROCEDURE FOR DEALING WITH CONSTRUCTION DISRUPTION is available on the web at <http://lanecc.edu/cops/disrupt.htm> in the College Online Policy and Procedure System. The procedure includes tips for faculty.

FOR MORE INFORMATION about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu, or check the Web at http://lanecc.edu/campsvcs/ie/ns_bond.htm.

NEW EMPLOYEE ORIENTATION IS WEDNESDAY

The spring term New Employee Orientation will be held Wednesday, April 12 from 8 a.m. to 4:30 p.m. in the Renaissance Room. The orientation provides new Lane staff with an opportunity to learn about some of Lane's programs and meet other new staff. Make reservations on voice mail box 7775, or call Julie Baker, Ext. 2199 for further information.

SYDNEY WILSON'S RETIREMENT PARTY COMING UP

Lane is going to lose Sydney Wilson from Student Health to the glamorous life of retirement at the end of April. Please join others in saying goodbye to a good friend on Friday, April 21, from 10 a.m. to noon in the Boardroom. Bid a fond farewell to Sydney as she exits the land of Lane and enters the world of grandma, golf, and gardening. Refreshments will be served. Contact Donna Zmolek, Ext. 2668.

ADAPTIVE TECHNOLOGY DEMONSTRATION IS WEDNESDAY

Adaptive Technology Demonstration Day is Wednesday, April 12, from 9 a.m. to 4 p.m. in the Library. The Disability Services staff will be presenting demonstrations of scan and read programs, CCTVs for print enlargement, JAWS screen reading software and voice input software. They will also be showing how to check web sites for accessibility. Handouts and information on disks will be available. Drop in anytime to learn about this valuable assistance available to our students and staff. Cheryl Coleman, Reference Librarian, Ext. 2357.

FACULTY COUNCIL MEETS THIS WEEK

Faculty Council meets Thursday, April 13, from 3 to 5 p.m. in the Boardroom. Vice Presidents Spilde and Warford will again join council members as work continues on the Student Evaluation of Instruction, from 3 to 4 p.m. Council will also host Faculty Connections members, starting at 4 p.m., with a guest visit by Lane's first Faculty Council chair, Linda Loft. All faculty/staff are invited to Faculty Council meetings. The meeting hours are extended this week. Refreshments will be provided. Contact: Tamara Pinkas, Faculty Council Chair, Ext. 2011.

FILM SCHEDULE FOR SAFE SPACE WEEK

The following videos will be shown in the northeast corner of the cafeteria on Tuesday, April 11, from 11 to 2 p.m., in conjunction with Safe Space Week. "The Real Ellen Story," a video about Ellen Degeneres; "The Celluloid Closet," a video about gay men and lesbians in Hollywood; and "Straight from the Heart," a video which looks at the issues parents face in accepting and loving their gay and lesbian

children, are all being presented in conjunction with Safe Space Week. Contact Susan Matthews, Ext. 2276.

GRADUATION 2000 KEYNOTE SPEAKER CONTEST

Each year, a student is selected to give a keynote speech at the college graduation ceremonies. Candidates are asked to prepare a speech five to eight minutes in length, and present it to the selection committee. The winner will receive a \$100 honorarium, and will give their speech to students and guests on the evening of graduation. To enter, students need to turn in a hardcopy of their speech, and select a time, by calling Tina Jacquez, Student Activities, Center 202B. For more information, call Ext. 2336. The dates for the ceremonies are:

- * Adult High School, ABSE, GED, Wednesday, May 31 at 7:30 p.m.

- * College/Credit/Certificate, Thursday, June 1 at 7:30 p.m.

Cap and Gown ensembles will be available in the main campus Bookstore beginning Tuesday, May 23. Both ceremonies will be held at the Lane County Convention Center and Fairgrounds, in the Performance Hall. All graduates will be notified with more information during the fourth week in May. If you have any questions about graduation, please contact Tina Jacquez in Student Activities, Ext. 2336.

HALL OF FAME NOMINATIONS

The Athletic Department is seeking nominations for its eighth annual Hall of Fame for 2000. In 1999, Olympic runner Jose-Luis Barbosa led a distinguished group, which also included the 1981-82 women's volleyball team, Rob Hixon (wrestling), Edwon Jaffarian (tennis), and Nathan Morris (track). Athletes are eligible for nominations after a 10-year period of competing. Lane teams and individuals who have supported the athletic program in various ways are also eligible. All nominations must have provided recognition and honor to their team and college. Anyone interested in nominating an individual or team, can acquire an official nomination form from the Athletic Department in care of Jim Boutin, Ext. 2553.

BLOODMOBILE HERE FRIDAY; NEEDS YOUR PARTICIPATION

The Lane Memorial Blood Bank's Bloodmobile will be on main campus Friday, April 14 from 10 a.m. until 1 p.m., hoping to collect 21 units from Lane staff and students. Would you please volunteer? LANE'S CAMPUS CAREER FAIR IS WEDNESDAY

The annual campus Career Fair is Wednesday, April 12 from 10 a.m. to 2 p.m. in the north end of the cafeteria. More than 60 local and statewide employers are scheduled to participate. A complete list of employers is available in Career and Employment Services, located in CEN 210. The fair is open to students, staff and community members. Please encourage all students to attend.

SLI AND ASLCC SPONSOR CONFERENCE ON THE LEARNING ENVIRONMENT

"Changing the Architecture of Education and Designing Learning Environments: How Can LCC and the Faculty Support Students Working Together?" will be held Friday, April 14, from 2 to 6 p.m. in CEN 420. The event is sponsored by ASLCC and the Strategic Learning Initiative. Faculty and students are invited to participate in the discussion and planning of future activities on these topics. Refreshments provided. Staff may direct their interest to Bob Barber, Faculty/SLI, Ext. 2734. Students should contact Susan Whitmore, ASLCC, Ext. 3171.

HIRING PROCESSES WORKSHOP IS OPEN TO ALL LANE STAFF

Participation in the two-day Hiring Processes workshop is open to all Lane staff, and is mandatory for all search committee chairs. In addition, all managers must have participated in this training before June 30. Please select one of the workshops listed below and sign up now. Space is limited in each session. You may take "Day One" in April, and "Day Two" in May, if that is more convenient for you. * 11:15 a.m.: Document Imaging

* 1 p.m. to 4 p.m.: H/R

* 4 to 5 p.m.: Distance Learning

NATIONALLY ACCLAIMED DIVERSITY EXPERT TO VISIT CAMPUS

"Beyond Diversity: Challenging Racism in an Age of Backlash" will be the topic of a workshop with nationally acclaimed activist Tim Wise, on Monday, April 17 from 2 to 5 p.m. Wise is a leading social critic and one of the most popular speakers on U.S. campuses today. An anti-racist activist since age 14, Wise speaks on a number of issues including: defending affirmative action; responding to right-wing assaults on the poor and people of color; and explaining why whites have a moral and practical obligation to support racial equality. In addition, Tim Wise will be available to visit classes during the morning of Wednesday, April 19. If you are interested in one or both opportunities, please contact Adrian Rodriguez, Ext. 2852. (Classes are also welcome to participate in the workshop.)

JOB INTERVIEWING AND PAPER PRESENTATION WORKSHOPS

Are you applying for a position at Lane? An interviewing and paper presentation workshop will be held Tuesday, April 18, from 12 to 2 p.m. in Apprenticeship Annex 156. A strong, well thought-out application package (Lane application, resume, cover letter, etc.) will help you qualify for an interview. Interview preparation for a specific position will enhance your ability to confidently describe your experience and skills related to the position. You're welcome to bring your lunch. Call Lynne Swift in Training and Development, Ext. 2503.

INDIVIDUAL HELP WITH JOB APPLICATIONS AVAILABLE

Is there another position at Lane that interests you? If it's been awhile since you've been through a job application process, there's help available! Call Lynne Swift, Ext. 2503, for an individual appointment.

COMPUTER MAINTENANCE SCHEDULE (DRAFT)

In an effort to better serve Lane computer users and further minimize the impact of maintenance and upgrades, Computer Services is following the industry trend of scheduling server downtime. The staff in Computer Services will limit maintenance to one five-hour period per week. Scheduled down time will be from Saturday, 10 p.m. until Sunday 3 a.m. This is a time when server activity is lightest, and therefore will impact the least number of users. We do not anticipate doing maintenance every Saturday night, but wish to reserve this time in the event that it is needed. Computer Services wide area network administrators are in the process of upgrading Lane's infrastructure to strengthen the network so that it can efficiently accommodate the high level of activity. On occasion unanticipated problems will cause connections to fail. Computer Services realizes this has an impact on the ability of staff to do their work, and makes every effort to minimize the amount of time the network is down. If you experience difficulties, please call the Help Desk, at Ext. 4155 immediately. - Kay Malmberg, Interim Director of Computer Services

LEARNING COMMUNITIES PROPOSALS DUE MAY 1

The Learning Communities leadership team will soon be reviewing proposals for new learning communities to be offered winter 2001 and throughout the 2001-2002 school year. The application deadline is May 1. Faculty who have been planning learning communities should pick up a revised application form in their department offices, or call Susan Swan, Ext. 2480. If you have been working with an old form, please discard it.

BLOODMOBILE HERE FRIDAY; NEEDS YOUR PARTICIPATION

The Lane Memorial Blood Bank's Bloodmobile will be on main campus Friday, April 14 from 10 a.m. until 1 p.m., hoping to collect 21 units from Lane staff and students. Would you please volunteer? It takes less than 45 minutes. Contact coordinator Pete Peterson (Ext. 2655) for an appointment. Easy requirements: You should be in good health; weigh more than 110 pounds; wait eight weeks between donations; eat a meal with protein (milk, meat, eggs, cheese) and carbohydrates within two hours of donating; and bring a photo I.D. But you can't donate if you have AIDS or have tested positive for the HIV virus; or participated in high-risk behavior; have a history of hepatitis; have insulin-dependent diabetes; have certain respiratory or cardiac conditions. You'll need to wait 12 months if you have had ear or body piercing; tattoos or permanent makeup applied; been exposed to anyone with hepatitis or jaundice; had a shot for hepatitis exposure; or had a blood transfusion or organ transplant. And you'll need to wait until the next Bloodmobile visit if you have cold or flu symptoms, are taking antibiotics, had an illness or major surgery in the past six weeks, or your weight has not been stable in the last two weeks.

LCC FOUNDATION ADDS TWO BOARD MEMBERS

The Lane Community College Foundation Board of Trustees has appointed two new board members for three-year terms, which began February 28, 2000. GRADUATION 2000 KEYNOTE SPEAKER CONTEST

Each year, a student is selected to give a keynote speech at the college graduation ceremonies. Candidates are asked to prepare a speech five to eight minutes in length, and to present it to the selection committee. The winner will receive a \$100 honorarium, and will give their speech to students and guests on the evening of graduation. To enter, students need to turn in a hardcopy of their speech, and select a time, by calling Tina Jacquez, Student Activities, Center 202B, by Monday, May 1. For more information, call Ext. 2336.

Adult High School, ABSE, AND GED ceremonies are Wednesday, May 31 at 7:30 p.m.
College/Credit/Certificate ceremonies are Thursday, June 1 at 7:30 p.m.

Cap and Gown ensembles will be available in the main campus Bookstore beginning Tuesday, May 23. Both ceremonies will be held at the Lane County Convention Center and Fairgrounds, in the Performance Hall. All graduates will be notified with more information during the fourth week in May. Questions? Contact Tina Jaquez in Student Activities, Ext. 2336.

HALL OF FAME SEEKING NOMINATIONS

The Athletic Department is seeking nominations for its eighth annual Hall of Fame for 2000. In 1999, Olympic runner Jose-Luis Barbosa led a distinguished group, which also included the 1981-82 women's volleyball team, Rob Hixon (wrestling), Edwon Jaffarian (tennis), and Nathan Morris (track). Athletes are eligible for nominations after a 10-year period of competing. Lane teams and individuals who have supported the athletic program in various ways are also eligible. All nominations must have provided recognition and honor to their team and college. Anyone interested in nominating an individual or team, can acquire an official nomination form from the Athletic Department, attention of Jim Boutin, Ext. 2553.

AIR QUALITY PROBLEMS BEING ADDRESSED

Many of you have heard about air quality problems in the Health Technology Building. A report is posted on the Facilities Management and Planning web site that tells what is known about the problem and what is being done to find the cause and correct it. The report may be found at:

<http://lanecc.edu/campsvcs/ie/fmp/ht041200.htm> . Vice President Marie Matsen would like to thank especially the employees in the Family and Health Careers Department for their cooperation and problem solving attitude in spite of the physical discomfort many of them are experiencing. Marie Matsen, Vice President for College Operations, 744-4170, or matsenm@lanecc.edu .

FROM THE GROUNDS UP: A REPORT FROM GROUNDSKEEPER FRANK DRENGACZ

Finally! I thought it would never come, the week or two of dry sunny weather we always enjoy in late winter. In fact, I had to go to Santa Cruz, Calif. for a couple of days. I had to remind myself of what the rest of the world calls "spring." I realized I needed this because I was bemoaning the fact to Guy that the respite from the wet weather just wasn't happening. He almost had me convinced that we have had a pretty dry spring. When you discuss weather with a SNOB (Society of Native Oregon Born), what else can you expect? Anyway, the dry weather has finally arrived and groundskeeping has been busy. Topsoil has been placed around the Welding Building and compost has been blown on. Most of the wildflowers have been seeded. Topsoil has been placed around the memorial trees too. When I mentioned that I'm from Santa Cruz, some of you nodded knowingly, thinking, that explains a lot. Well, Cort, who maintains the athletic fields, is also from Santa Cruz. That explains even more. Here's a garden hint: When tilling in the local commercially produced compost, add fertilizer to help complete the composting process. Go, Titans!

MATH DEPARTMENT COMPUTER LAB FINDS ITS FIRST PRIME NUMBERS

Computers in the math department have just discovered two previously unknown prime numbers, 1787363373488812416764791 and 4690767254460090160943. Prime numbers are those

divisible only by themselves and 1, for example, 7 and 11. These numbers are factors of another truly large number with 13,152 digits, and the discoveries were the first fruits of a new project in the math computer lab that looks for factors of several such huge numbers. The computer lab exists for instructional use, and is used by a number of math classes. But when the computers are turned on and not being used by students, the computers keep themselves entertained by looking for prime numbers! If these numbers aren't large enough for you, consider this: One of these computers is currently testing a number with 3,024,850 digits to see if it is prime. Since the currently largest known prime number has "only" 2,098,960 digits, if the number we are testing turns out to be prime, it could put Lane into the Guinness Book of World Records! Anyone who has questions about the project is invited to call math instructor Phil Moore, Ext. 2406, voicemail 7705.

DIVERSITY EXPERT HERE ON MONDAY

"Beyond Diversity: Challenging Racism in an Age of Backlash" with nationally acclaimed activist Tim Wise, will be presented Monday, April 17 from 2 to 5 p.m. Wise is a leading social critic and one of the most popular speakers on U.S. campuses today. An anti-racist activist since age 14, Wise speaks on a number of issues including: defending affirmative action; responding to right-wing assaults on the poor and people of color; and explaining why whites have a moral and practical obligation to support racial equality. Wise also is available to visit classes during the morning of Wednesday, April 19. If you are interested in one or both opportunities, contact Adrian Rodriguez, Ext. 2852. He will also provide location information. (Classes are also welcome to participate in the workshop.)

LEARNING COMMUNITIES PROPOSALS DUE MAY 1

The Learning Communities leadership team will soon be reviewing proposals for new learning communities to be offered winter 2001 and throughout the 2001-2002 school year. The application deadline is May 1. Faculty who have been planning learning communities should pick up a revised application form in their department offices, or call Susan Swan at Ext. 2480. If you have been working with an old form, please discard it.

SPRING TERM COMPUTER CLASSES

All classes will be held in Center 423 B. To register for a class please call Ext. 7775, and register for the class by letter. For questions, or for other computer software training needs, contact Sue Woods, Ext. 3148.

BOND PROJECT UPDATE

The following Bond Projects Status Report was presented to the Board of Education at its April 12 meeting.

1. Community Learning Centers. All Community Learning Centers have been completed and are in operation except the Junction City center. The exterior work is about 80% complete and the interior is about 75% complete. At this point it appears that construction will be completed in May instead of June.
2. Florence Center Addition. Construction of the covered breezeway between the new and old buildings has been completed.
3. Main Campus Projects
 - * Welding Building: All of the regulatory agencies have inspected and approved the building. The contractor has achieved substantial completion and the furnishings and equipment of the welding and jewelry programs have been moved. Spring term classes are being held in the new building even though there are some unfinished elements.
 - * Child Care Center. The current schedule calls for the following building completion dates: Bldg. 1 - May 1, Bldg. 2 - June 30, Bldg. 3 - July 5, and Bldg. 4: - July 10.
 - * Campus Services Addition. Construction is on schedule to complete the addition by early May after which both Printing/Graphics and Laundry will be moved.
 - * Science-Math Building. The south retaining wall has been completed and waterproofed. The concrete floor slabs for the west and east additions have been poured. Erection of the structural steel frame is

underway as is work under the floor of the existing building. The steel studs of the exterior walls of the east additions are installed. The speed of construction has increased substantially over what it was however completion of the entire project is still behind schedule.

* Workforce Training Center. The architects have met with Foodservices people to redesign the kitchen. The revision of the kitchen and the addition of the College High Program to the center have increased the project's cost. We are studying ways to minimize the increase.

* Remodel of the Health Tech. Building. This project has distinct 3 phases: 1, The lower level of the north part of the building; 2, The upper level of the north part of the building; and 3, The PE classroom and Archives. The seismic upgrade part of this project had to be deleted for budgetary reasons. Also, for the same reason, college Facilities personnel will do Phases 2 and 3.

4. Infrastructure Upgrade. The cabling portion of this project is about 50% complete and the equipment upgrade portion is 75% complete. The existing buildings are now upgraded. The upgrade will connect the new buildings as they are completed.

5. Sewage Lagoon Upgrade. The draft facilities plan for the upgrade of the lagoon has been submitted to DEQ for review and comment. DEQ's response is expected by 10/1/00. The Executive Leadership Team and College Council have begun to discuss the Armory's interest in sharing the lagoon.

6. LTD Bus Station. Design Development drawings have been completed and approved by LCC and LTD. The interagency agreement between LCC and LTD has been drafted and is being reviewed by the college attorneys before it is presented to the Board of Education for review. Actual construction of the station is still scheduled for this summer.

7. HVAC Control Systems. Bids for the HVAC control system have been opened and were within the target budget. (The board awarded the contract April 12.)

8. General Comments

* The level of construction caused disruption and anxiety has increased due to more construction activity close to occupied classrooms and offices and because of the haste with which the welding and jewelry programs had to be moved. You asked for a report to be made at the May meeting, which included "Campus anxiety, disruption, and effective communication". I plan to make a comprehensive and detailed report about this matter at that time.

* Finally, lest we get too serious about this, consider some of the things which happened last month: There was a "dynamite scare" at the Math-Science site, a boiler which was too big to fit through the door, a dump truck which broke a water pipe, and a run away fork lift which was stopped by the operators' pick up! Oh, yes, and this time when we had to shut off the water for awhile we remembered to provide KLCC with a port-a-potty.

NASA RAFFLING PENDLETON BLANKET

Starting today, the Native American Student Association will be selling raffle tickets for a beautiful Pendleton blanket. Tickets are \$1 each or six for \$5. The blanket is on display in CEN 222, where you can purchase tickets. You also can purchase tickets from any of the Native members of NASA. Thank you for your support and good luck. Cecelia Craig, NASA President, Ext. 2283.

SHIP'S WHEEL NEEDED

The theme of LCC Retirement Gala (May 24) is a nautical bon voyage, and we would like to borrow a ship's wheel for display. Does anyone have one, or know of a resource? Call Sparky Roberts (Performing Arts) at 686-9781 or e-mail at sparky@continent.com.

COLLEGE CLOSED APRIL 28

Lane and all of its centers will be closed on Friday, April 28, so employees may attend in-service activities. There will be no classes or services available that day or evening.

PROGRAM FOR ALL STAFF IN-SERVICE APRIL 28

In-service programs are at Printing/Graphics and will be distributed on or before April 25. Here is the overview for those of you who like an advance preview. Please remember Foodservices will be closed so staff may attend the sessions.

We will kick off the day with a continental breakfast in the Cafeteria from 7:30 to 8:30 a.m. for the early birds. Roundtable discussions of Learning, Working and Teaching in Community will provide a lively discussion from 8 to 10 a.m. A series of four workshops will be offered from 10 to 11 a.m., repeating from 11:15 a.m. to 12:15 p.m., giving participants the opportunity to participate in two of their choices. Topics will include TOOL - Teaching Options for On-line Learning; Goal Setting and Self-Assessment in Professional Development, focusing primarily on faculty professional development; the Proposed Copyright Policy and its various aspects at Lane; and creating an academic journal at Lane. The focus on these four topics will be primarily from a faculty perspective.

At the same time, we will offer an all day workshop in Leadership and Teambuilding, featuring three tracks with three professional trainers from SkillPath Seminars. There are five one-hour sessions in each of the three tracks, allowing staff to flow from one track to another depending on topic and schedule needs.

Lunch will be around noon for both tracks, and picnic tables will be available in Bristow Square if it is not raining.

The Leadership and Team Building series will resume at 12:45 p.m. Some departments will be offering workshops/activities beginning at 1 p.m. In the late afternoon, around 4:15 p.m., Phi Theta Kappa will provide a popcorn break and an opportunity to debrief the day's sessions with co-workers.

We have a full day of interesting, creative, through provoking sessions for your enjoyment. We look forward to seeing you at the activities. Julie Baker, T&D, Ext. 2199

HELLO FROM DAVID JOYCE

To Daily readers: "Thought I'd take a minute to update you on what I did with my personal leave during winter term. In early January my wife, Kacey (who teaches part-time in the Art Dept at Lane), and I drove down to Phoenix with a big project I'd been working on for almost two years. It's a 10' by 14' mural showing people from that area 'flying' like super-heroes, similar to the one I did for the Eugene Airport 10 years ago. All of the figures in the new piece are hand-colored photo-porcelain baked onto steel, a very complex way to make photographs but the resulting images are extremely durable and long-lasting. The installation went off without a hitch -- the results can be seen in Terminal 4 (International Terminal) at Sky Harbor Airport in Phoenix. Later this spring, the Phoenix Arts Commission's web site will start showing pictures of everyone who 'flew' for the project whether they were included in the finished mural or not. In late January I began a seven-week artist residency in Norfolk, Virginia, where I have been commissioned to make a large public artwork to document the community at the dawn of the new Millennium. I shot almost 15,000 digital images while I was there -- most of them are portraits of local residents. These will be used to construct a series of large photographic mosaics celebrating the diversity and sense of community in Norfolk. The project will be completed in October. Now I'm back at LCC teaching and trying to get to the top of the pile of stuff which accumulated during my three-month absence."

KLCC RACES CLOCK TO MEET RADIOTHON GOAL

The clock ticked and the phones continued ringing as the final hours of KLCC's Spring Radiothon wound down. With \$44,000 left to raise at the beginning of the day, staff and volunteers pondered the likelihood of reaching the ambitious goal of \$185,000 by evening. Radiothon was scheduled to end at 10 p.m. of April 12 whether the goal was met or not. A steady flow of phone calls trickled in throughout the day as announcers reiterated the many reasons to support public radio. At exactly 10 p.m., during Jazz Inside Out, Music Director Michael Canning announced that Radiothon was officially over. As the final pledges were tallied, the phone rang one more time. "How much do you need to make the goal?" the caller asked. "\$315," replied the phone volunteer. Contact: Gayle Chisholm.

FREE TUTORING AVAILABLE TO LANE STUDENTS

Did you know that credit students on main campus received over 8,767 hours of free tutoring during winter term? Tutoring Services thanks all faculty for encouraging students to use its free tutoring services. Lane has a large group of exceptional tutors who provide free assistance in the following subject areas: academic learning skills, accounting, advanced technology, computer information technology (including the course CS120), math, music, social sciences, science and writing. Tutors are also hired to work specifically with student groups including the Black Student Union, international students, students who use the Multi-Cultural Center and students participating in the Native American Student Association. Tutors are trained to coach students, not to feed them answers. They are trained to question the students to promote self discovery. They ask questions such as: "What does your book say?" "Let's look at the notes you took in class." "What do you remember from class?"

Tutors are instructed to back up a step and start with the student's comfort level before moving into the confusing area. Sometimes students are disappointed with this approach because they want the answers, quick and simple. Please help the tutors by telling students that that they will end up doing some work and really learning the material, instead of skimming over the top toward the goal of a better grade. The onus of learning is always on the student -- not on the tutor. There are times when the centers are less busy. Students can find out which hours are less busy by dropping by the centers on campus. Bookmarks are available that list the subjects and locations, and flyers are posted noting times, in addition to the subjects and locations. If you would like copies for spring term, please contact Liz Coleman at Ext. 2783. Please take the time to thank any tutors you observe for the exceptional work they do. If you know of outstanding students who would make great tutors -- good communication skills are the key -- please pass their name on to the coordinator of tutors in your subject area. It isn't too early to start recruiting for fall term. Thank you. Liz Coleman, Ext. 2783.

COMPUTER MAINTENANCE SCHEDULE

In an effort to better serve Lane computer users and further minimize the impact of maintenance and upgrades, Computer Services is following the industry trend of scheduling server downtime. The staff in Computer Services will limit maintenance to one five-hour period per week. Scheduled down time will be from Saturday, 10 p.m. until Sunday 3 a.m. This is a time when server activity is lightest, and therefore will impact the least number of users. We do not anticipate doing maintenance every Saturday night, but wish to reserve this time in the event that it is needed. Computer Services wide area network administrators are in the process of upgrading Lane's infrastructure to strengthen the network so that it can efficiently accommodate the high level of activity. On occasion unanticipated problems will cause connections to fail. If you experience difficulties, please call the Help Desk at Ext. 4155 immediately. Kay Malmberg, Interim Director of Computer Services

HALL OF FAME NOMINATIONS

The Athletic Department is seeking nominations for its eighth annual Hall of Fame for 2000. In 1999, Olympic runner Jose-Luis Barbosa led a distinguished group, which also included the 1981-82 women's volleyball team, Rob Hixon (wrestling), Edwon Jaffarian (tennis), and Nathan Morris (track). Athletes are eligible for nominations after a 10-year period of competing. Lane teams and individuals who have supported the athletic program in various ways are also eligible. All nominations must have provided recognition and honor to their team and college. Anyone interested in nominating an individual or team, can acquire an official nomination form from the Athletic Department in care of Jim Boutin, Ext. 2553.

SCIENCE/MATH NOISE WARNING

The big, red steel beams for the Science/Math building addition will go up beginning Monday, April 24. By Wednesday, it could get pretty noisy for folks in Science, Forum and other nearby locations. Activity will include pneumatic-powered bolting (like a tire-changing shop, only louder), steel clanging against steel, possibly colorful language, and other noisy work. Steel erection should take about two months, but the project will be noisier than usual through the end of the term. Tips for faculty and staff to deal with construction disruptions are available on the Web at <http://lanecc.edu/cops/disrupt.htm> in the College Online Policy and Procedure System. Tips include taking a break; relocating your class for the duration of the disruption with the assistance of the Scheduling office; using ear plugs (they actually do help!); or canceling and rescheduling your work if the noise is unendurable. If you have questions or comments, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu, or check the web at http://lanecc.edu/campsvcs/ie/ns_bond.htm .

EARTH DAY CELEBRATION TODAY

Come out and celebrate the place we all call home at Lane's Earth Day Celebration in Bristow Square today. Learn about clean energy and transportation, forest conservation, pollution in the Willamette River, waste reduction and more. There will be many exciting displays, including electric cars and composting. There will also be educational and action tables. Learn how, what and why to recycle. Write letters expressing your concerns to elected officials. Enjoy vegetarian food provided by Foodservices. Buy a reusable mug at the cafeteria espresso bar to help cut down on those paper cups in the trash. Be inspired by speakers and videos:

- * 11:45 a.m., Steve Candee, OSPIRG advisor and political science instructor
- * 12 p.m., Native American Student Association
- * 12:15 p.m., Stan Taylor, political science instructor currently teaching environmental politics
- * 1 p.m., video, "Pick Axe," showing in CEN 479 (ASLCC). The video will be shown again at 1 p.m. on Thursday, April 20. Lane's Earth Day event is organized by ASLCC, OSPIRG, and Recycling Services. Contact: Jennifer Hayward, Recycling Services, Ext. 2099.

TEACHING WITH TECHNOLOGY FORUM SCHEDULED

There will be a meeting of the Teaching With Technology Forum on Tuesday, April 25 at 1 p.m. in CEN 421. Anyone interested in teaching with technology or online instruction is invited to come. Call Roka Walsh, Instructional Technology Center, Ext. 2751 for information.

OUTSTANDING SCHOLARS NAMED

Christine Gagnon of Springfield and Jeff Stott of Junction City have been named Outstanding Student Scholars for 1999-2000 at Lane. They are two of 38 scholars from Oregon's 17 community colleges who will be honored at a ceremony with Gov. John Kitzhaber on Friday, April 28, at 11:30 a.m. in the governor's office, followed by a luncheon.

Stott, 37, will graduate in June with four degrees including an associate of applied science in diesel technology, an associate of applied science in agricultural and industrial equipment technology; an

associate of applied science in business management; and a general studies degree. He is current vice president of the Rocky Mountain Region of Phi Theta Kappa and former VP of Lane's Phi Theta Kappa chapter. Stott also is a former vice president of Lane student government. He has a 3.56 GPA. He and his wife are raising three sons ages 15, 14 and 8, and one daughter age four. He leaves Lane with satisfaction. "I have never met a group of people more selfless, dedicated, caring and completely willing to make my education at Lane Community College truly the best three years of my life," he says. He will be moving with his family to Bridgeport, Neb., where he will help run a 45,000-acre farm.

Gagnon, 21, is a mathematics major with a 3.89 grade point average. She will be graduating in June with an associate of science degree, then transferring to Liberty University in Virginia. She's current president of the Lane chapter of Phi Theta Kappa, and treasurer of the Lane chapter of the National Society of Professional Engineers. She believes in setting goals. "I made it a goal of mine to become a pilot," she says. "I accomplished it. I made it a goal to go to college. I accomplished it. Now I am here, and I have made it a goal to finish college. I know I will accomplish this." The scholars event is sponsored by the Oregon Community College Association in Salem. Contact: Joan Aschim, Institutional Advancement, Ext. 2591.

THANK YOU

A special thanks to the people who coordinate tutors in their subject areas. These incredible people juggle full teaching workloads as well as recruit, screen, hire, train, schedule and supervise tutors. They balance three different funding areas that provide the dollars to pay the tutors, and collect student usage data for FTEs. It is no small task, and often the rewards are not directly felt. These people are the engines behind the students who do not drop out, or who pull up their grades because of tutorial assistance. Without the great work done by the following individuals, the CRLA nationally certified tutor program at Lane would not exist. Thank you for your outstanding work: Betty Svaverud, Amy Gaudia, Cathy Grant-Churchwell, Eileen LePelley, Kaaren O'Rourke, Mary Tripplett, Chuck Appleby, John Shirey, Bob Barber, Penny Deggelman, Don McNair, Connie Mesquita, Chris Owen, Frank Merrill, Star Glass, David Leung, Steve Candee, Sharon Thomas, Kathleen Shull, Sylvie Matalon-de Florendo, Matt Luke, Ginny Reich and Faye D'Ambrosia. Contact: Liz Coleman, Ext. 2783.

* EVENING SUPERVISOR: Jose Ortal, Ext. 2801; pager, 349-6806.

* FOR A FULL CALENDAR OF EVENTS at Lane, check the online college calendar at <http://www.hometownonline.com/LCC/events.phtml?show=week> . For more information about the calendar, contact Therese Picado, Ext. 2060.

LANE NAMED A VANGUARD COLLEGE

Lane has been selected as one of 12 Vanguard Learning Colleges in the United States and Canada for its outstanding record of achievement in improving learning. The international evaluation committee chose Lane from among 94 applicants. The 12 Vanguard colleges will share practices and models with other colleges around the world.

"This project will result in improved learning for Lane students, and students throughout the world," said President Jerry Moskus. "We are proud to join this group of highly respected colleges for this important purpose."

Teams from the 12 colleges will meet for an initial seminar June 17-21 in Scottsdale, Ariz. Besides Lane, the Vanguard colleges include Cascadia Community College (WA), Community College of Baltimore County (MD), Community College of Denver (CO), Humber College of Applied Arts and Technology (ON, Canada), Kirkwood Community College (IA), Madison Area Technical College (WI), Moraine Valley Community College (IL), Palomar College (CA), Richland College (TX), Sinclair Community College (OH), and Valencia Community College (FL).

Lane has been implementing the learning college concept since 1994 and has formed a partnership with the Lane Community College Education Association to foster innovation in improving learning. President Moskus has authored several articles on the learning-centered movement, and a chapter in Terry O'Banion's book, "A Learning College for the 21st Century." Moskus describes the learning movement as "an effort to create more learning options for students."

THE NEW STAFF DIRECTORY IS HERE

The new staff directory is now available. One representative from each department can pick up enough copies for their entire department from Institutional Advancement (second floor, Administration building).

The staff directory contains a number of improvements. There is also one obvious change which was a result of budget reductions: as a cost-saving measure, this year's directory does not have a spiral binding. Another notable change is that home phone numbers and addresses have been relocated to the back section of the directory. Among the improvements are a list called "Where to find it at Lane" which is conveniently located on the back cover, a conversion to more readable fonts, the redesign of all six maps in the directory, and updated telephone tips. As part of a broad effort to give college publications a unified appearance, the directory cover was designed to reflect the look of print and television ads, class schedule covers, and other publications.

The directory was constructed through the efforts of more than 70 staff people using information gathered from every department of the college. If staff have suggestions to improve next year's directory, please send them to moretd@lanecc.edu. For further information, contact Daniel Moret in Institutional Advancement at Ext. 2268.

KEYNOTE SPEAKER CONTEST SEEKS PARTICIPANTS

The graduation Keynote Speaker contest will be Wednesday, May 3 from 1 to 3 p.m. in HEA 269. Specific time will be announced when the contestants' schedule is firm, by May 1. Thank you for your participation, and please participate in graduation ceremonies too. Contact: Tina Jaquez, Student Activities.

TEACHING WITH TECHNOLOGY FORUM SCHEDULED

There will be a meeting of the Teaching With Technology Forum on Tuesday, April 25 at 1 p.m. in CEN 421. Anyone interested in teaching with technology or online instruction is invited to come. Call Roka Walsh, Instructional Technology Center, Ext. 2751 for information.

SCIENCE/MATH NOISE WARNING

The big, red steel beams for the Science/Math building addition will go up beginning Monday, April 24. By Wednesday, it could get pretty noisy for folks in Science, Forum and other nearby locations. Activity will include pneumatic-powered bolting (like a tire-changing shop, only louder), steel clanging against steel, possibly colorful language, and other noisy work. Steel erection should take about two months, but the project will be noisier than usual through the end of the term. Tips for faculty and staff to deal with construction disruptions are available on the Web at <http://lanecc.edu/cops/disrupt.htm> in the College Online Policy and Procedure System. Tips include taking a break; relocating your class for the duration of the disruption with the assistance of the Scheduling office; using ear plugs (they actually do help!); or canceling and rescheduling your work if the noise is unendurable. If you have questions or comments, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu, or check the web at http://lanecc.edu/campsvcs/ie/ns_bond.htm.

DO YOU HAVE A RECORDS DISASTER RECOVERY PLAN?

The recent anniversary of the bombing in Oklahoma City reminds us that in addition to the loss in human life, there was a huge loss of paper and electronic records for businesses and government agencies in the vicinity. This is a good time to think about our ability at Lane to respond to large and small events that damage records or to catastrophic events that destroy them. These events could be anything from an accidental spill of a cup of coffee onto a pile of folders on your desk, to a leaking toilet or water pipes, to the big earthquake that is promised us. If you have concerns about how to plan for and how to recover your documents following a disaster, contact the Archives. I have information, resources, and limited expertise to share. If there is a broad based concern about these issues, I'd be happy to arrange a time for those who are interested to meet to discuss concerns and share resources. Contact, Elizabeth Uhlig, Archives, Ext. 2466.

PULL UP A CHAIR TO BASEBALL

People in wheelchairs can now enjoy Lane baseball games with ease. Facilities Management and Planning recently completed a new ADA ramp at the field on main campus' north side. It has a gentle 1-in-20 slope (a 1-foot rise per 20 feet) requiring no handrails. College architect Tom Oroyan designed the ramp, and college groundskeeper Frank Drengacz will be landscaping the area. ADA funds covered the \$22,000 budget. As Frank says, "Go, Titans!"

THERE'S A NEW SCANNER IN THE ITC

If you haven't learned how to use the new scanner in the Instructional Technology Center and you want to do any scanning of pictures or text, call Roka Walsh at Ext. 2751 to set up an appointment.

BOND UPDATE

SCIENCE/MATH. A large crane sets up this week for the beginning of steel beam erection. This work will last through the term and noise levels will increase, but work will be halted for finals. Also this week, the south and east addition slabs will be poured, weather permitting. The east addition steel is in place.

CHILD CARE. SteelCase furniture will be installed in Building 1. The first occupant, Lane Family Connections, should move in about mid-May. Building 2 ceiling grid installation is finishing up and floor coverings should be going in this week. Building 3 insulation is being installed. Building 4 roofing is on. A question has arisen as to whether some of the sidewalks will be subject to sagging over the trenches dug

and filled last summer for the geothermal system; various reinforcements or the use of asphalt are being debated.

STUDENT SERVICES. The sidewalk on the west side of the Business Building should be poured this week, restoring access to the lower-level building entrance. The sidewalk had to be torn up to allow access to tunnel utilities. A vapor barrier and reinforcing bars will be laid in preparation for the concrete floor slab pour on the south side of the new building.

CAMPUS SERVICES ADDITION. Installation details for the Laundry's new boiler are being ironed out. The boiler should be ready to fire up in mid-May. A ramp is being installed on the addition's south side, and finish flooring is being laid.

WELDING AND JEWELRY classes are in progress in the new facility but various details remain uncompleted. The Bond Office, Facilities Management and Planning and department personnel are striving to work out responsibilities for getting through the checklist.

HEALTH TECH is the next project coming up, with a first-floor remodel of the north side tentatively set to begin construction in July 2000. This will be the dental program's new home.

TIPS FOR COPING WITH NOISE and other construction disruption are posted on the web at <http://lanecc.edu/cops/disrupt.htm>. If you have questions or comments, contact Mike Hopkinson or Joan Aschim at Ext. 2027 or e-mail bond@campser_ma@lcc or bond@lanecc.edu.

WRITERS' CLUB SPONSORS ESSAY CONTEST

The Lane Writers' Club announces its Spring 2000 Essay Contest open to any Lane student currently registered for credit. This year's theme is "Imagine The Future." Some questions or potential topics to think about include the following: Where will you be? On Earth? In cyberspace? What will you be doing? What will society be like? What will the environment be like? What will your job or the work place be like? What will learning at Lane be like? What should Lane do to meet the virtual future? First place prize: \$110; second place: \$75; third place: \$50; honorable mention-international students only: \$50. Prize money comes from LCC student government and the office of student government. Please announce to students and encourage them to enter this contest.

SUMMER WRITING INSTITUTE OPEN TO LANE FACULTY

Oregon Writing Project at the University of Oregon offers tuition scholarships of up to \$1,000 for instructors to attend the four-week summer institute, "Teaching Writing in the Internet Era."

Elementary through college level instructors in all subject areas are eligible. They will focus on integrating technology with writing instruction in their subject areas and develop their own writing skills and ways to share their new methods with other teachers.

The institute meets from June 19 to July 14. Tuition is at a special rate of \$1,197 for nine graduate quarter credits. In addition, participants who live beyond commuting distance to campus may apply for a limited number of campus residency scholarships, up to \$600.

Information and application forms are available at <http://owp.uoregon.edu>. For more information, contact project director Nathaniel Teich at 346-3982 or nateich@oregon.uoregon.edu. The Oregon Writing Project Summer Institute is sponsored by the Center for Advanced Technology in Education and the Department of English and the UO Summer Session. Contact: Nan Phifer, 686-8821.

COLLEGE CLOSED APRIL 28

Lane and all of its centers will be closed on Friday, April 28, so employees may attend in-service activities. There will be no classes or services available that day or evening.

HOT WATER SHUT-OFF WILL AFFECT ALL MAIN CAMPUS

Hot water will be shut off to all main campus from 7 p.m. on Friday, April 28, until Sunday afternoon, April 30. The shut-off is necessary to allow installation of valves in water lines. Your patience is appreciated! For more information about bond construction, contact Mike Hopkinson or Joan Aschim at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu .

CLASS SCHEDULE IMPROVEMENT UPDATE

A huge thank you to credit department staff! Nearly all of the credit departments met the critical first deadline for improving the college class schedule. The first step was to organize classes into broad subject categories. Work will now begin to create one alphabetical list of subjects so that departments will have the information they need to sort classes for fall term. This work will be done in concert with departments. In the process of making these changes, the team is exploring ways to make creation of the schedule easier for department staff.

The Class Schedule Improvement Team is working on four parallel tracks to improve the class schedule by fall. Improvements in the listing of credit and noncredit classes are underway. Soon the team will begin working on improving the presentation of registration and other "how to" information, and on making the schedule a better marketing tool. Noncredit departments are working toward an April 28 deadline for reorganizing classes into broad subject categories. For more information about the class Schedule Improvement Project, visit the team's Web pages at <http://lanecc.edu/instadv/csimprov.htm> or go to College Business from the College's home page and then click on "Class Schedule Improvement Project."

BUDGET COMMITTEE MEETING SCHEDULED FOR TOMORROW

A Budget Committee is scheduled for Wednesday, April 26, at 5:30 p.m. in the Boardroom. For more information, call the President's Office, Ext. 2200.

LEARNING COMMUNITIES PROPOSALS DUE MAY 1

The Learning Communities leadership team will soon be reviewing proposals for new learning communities to be offered winter 2001 and throughout the 2001-2002 school year. The application deadline is May 1. Faculty who have been planning learning communities should pick up a revised application form in their department offices, or call Susan Swan, EF&S, Ext. 2480. If you have been working with an old form, please discard it.

ADA FORUM SCHEDULED

An ADA (Americans with Disabilities Act) forum has been scheduled for Tuesday, May 9, from 2 to 3 p.m. in HE 103. The forum is intended as an opportunity for voicing concerns, complaints or needs

people may have about access issues on campus. We hope to see you there! People who need disability accommodations should contact Disability Services at 747-4501, Ext. 2150, at least one week in advance.

ALL OF FAME SEEKING NOMINATIONS

The Athletic Department is seeking nominations for its eighth annual Hall of Fame for 2000. In 1999, Olympic runner Jose-Luis Barbosa led a distinguished group, which also included the 1981-82 women's volleyball team, Rob Hixon (wrestling), Edwon Jaffarian (tennis), and Nathan Morris (track). Athletes are eligible for nominations after a 10-year period of competing. Lane teams and individuals who have supported the athletic program in various ways are also eligible. All nominations must have provided recognition and honor to their team and college. Anyone interested in nominating an individual or team can acquire an official nomination form from the Athletic Department, attention of Jim Boutin, Ext. 2553.

LTD BUS STOP TO MOVE FOR SUMMER

For summer term only, LTD buses will drop off and pick up riders in the southeast parking lot, near Machine Technology. The regular stop by the west entrance fountains will be under construction for a permanent station scheduled to open in the fall. For more information about bond construction projects, call Joan Aschim or Mike Hopkinson at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu, or check the Web at http://lanecc.edu/campsvcs/ie/ns_bond.htm

TRANSITIONS TO SUCCESS ART RAFFLE

Each term the Transitions to Success program sponsors a raffle featuring works of art donated by local artists. The next drawing for the featured art pieces will take place in the Women's Center during the last week of classes. You do not need to be present to win. Tickets are \$1 each or six for \$5. Tickets will be sold in the Women's Center. All proceeds go directly to assist Transitions to Success students. The art is on display in the Women's Center. Charleen Maclean also is taking donations of art to be raffled off in the future. This is a great way to support the Transitions to Success students and maybe even win a piece of art. Spring term art pieces are handpainted silk scarves and a watercolor. For more information, call Charleen at Ext. 2840.

GRADUATION 2000 KEYNOTE SPEAKER CONTEST

Each year, a student is selected to give a keynote speech at the college graduation ceremonies. Candidates are asked to prepare a speech five to eight minutes in length, and to present it to the selection committee. The winner will receive a \$100 honorarium, and will give his or her speech to students and guests on the evening of graduation. To enter, students need to turn in a hardcopy of their speech, and select a time, by calling Tina Jacquez, Student Activities, CEN 202B, by Monday, May 1.

The keynote speaker contest will be held Wednesday, May 3, from 1 p.m. to 3 p.m. in Health 269. Tina Jacquez, Student Activities, will tailor the times when she knows exactly which times the contestants sign up for. She will let others know by Monday, May 1. She thanks everyone for their participation, and hopes everyone will participate in the ceremonies too.

* Adult High School, ABSE and GED ceremonies are Wednesday, May 31 at 7:30 p.m.

* College/Credit/Certificate ceremonies are Thursday, June 1 at 7:30 p.m.

Cap and Gown ensembles will be available in the main campus Bookstore beginning Tuesday, May 23. Both ceremonies will be held at the Lane County Convention Center and Fairgrounds, in the Performance Hall. All graduates will be notified with more information during the fourth week in May. Questions? Contact Tina at Ext. 2336.

RSVP PROGRAM ASSUMES OVERSIGHT OF MONEY MANAGEMENT PROGRAM

The Retired Senior Volunteer Program (RSVP) of Lane Community College is taking over the management of the Lane County Senior Money Management Program, one of a cluster of services that allow seniors and people with disabilities to live independently in their own homes. Four organizations work together to provide the Money Management Program: Senior & Disabled Services (which funds the Money Management Program); AARP (formerly known as the American Association of Retired People); RSVP, and now the organization responsible for operating the program; and Lane County Law and

Advocacy Program, which handed over the program because it no longer fit into the organization's mission. The 50 volunteers and staff of Lane County Law and Advocacy Center who previously managed the program will be recognized for their service at a ceremony to be held on Tuesday, May 4 from 10:30 a.m. to noon at the Campbell Senior Center, 155 High St., in Eugene. For more information, call Kathy Thomas, Senior & Disabled Services, 682-4660 or Patti Little, 682-4137.

BOARD REPORT

DALE PARNELL WILL BE INVITED to submit an application and proposal to serve as a presidential search consultant, following a 7-0 vote at the April 12 Board of Education meeting. Parnell is Lane's founding president and is a former president of the American Association of Community Colleges. In related action, Personnel Director Sue Colvin was officially named board liaison for the search process by a 7-0 vote. By a 4-3 vote, the board will hear a presentation on presidential searches by the Association of Community College Trustees. Opposing were Robert Ackerman, George Alvergue and Larry Romine.

A CONSTRUCTION LABOR AGREEMENT recommendation regarding a proposal from local labor leaders will be made by an ad hoc committee of board members and staff, following a 6-1 vote. Roger Hall voted no, stating that legal advice against the proposal was sufficient. However, all board members agreed that the college should respond when labor violations on jobs at Lane become known. For example, the board heard that two workers' wages were delayed by their employer on the Welding Technology project.

TWO OF THREE ASLCC BALLOT MEASURES were approved unanimously for the May 8, 9 and 10 student elections. One measure asks for continued fee support for Oregon Student Association membership, and one asks for new fee support for the Black Student Union. The board opposed a fee increase measure for The Torch, deciding instead to offer funds from board contingency funds for next year.

IN OTHER ACTION, by unanimous vote, the board approved revised policies on executive directions and emergency president succession; awarded a building control systems contract to Control Contractors Inc. of Portland; approved the purchase of engine lathes for Mechanical Technologies from REM Sales Inc., of Connecticut; approved a three-year contract to purchase Flight Technology gasoline from Flightcraft of Eugene; approved appropriations for financial aid for 1999-00; approved the administrative assistant E-commerce program; directed staff to negotiate a contract with the Metropolitan Affordable Housing Corp. for a Springfield property for priority use for Lane students; and approved the Oregon Community College Legislative Committee budget option featuring a student-based funding model. In personnel action, the board appointed Charles Foster as temporary instructor in Mechanical Technologies, Anne Monroe as instructor in Adult Basic and Secondary Education, and Sandy Stice as temporary instructor in Family and Health Careers. The upcoming retirements of Doris Burkland from Study Skills, Jill McKenney from Mathematics, Richard Null from Science, and Jerry Moskus, president, were accepted. All votes were unanimous.

MONITORING REPORTS were heard on the quarterly financial report, the president's goal of an increased campus presence, and changes in employee headcount.

SPEAKERS FROM THE AUDIENCE advocated efforts to ensure better benefits for construction workers; advocated a more safe and welcoming environment for lesbian, gay, bisexual and transgender students and employees; offered the Black Association of Students and Employees as a resource in the presidential search process; and shared information about student need grants.

BOARD MINUTES AND AGENDAS are posted on the web at <http://lanecc.edu/presoffc/board/lccboard.htm> .

FACULTY COUNCIL MEETS THIS THURSDAY

Work on the Student Evaluation of Instruction will conclude at this meeting. Some of the important issues yet to be decided include: What percent of each instructor's classes should be evaluated each year? Who should have access to the results? To voice your opinion and participate in the decisions, come to the Faculty Council meeting Thursday, April 27 from 3 to 4:30 p.m. in the Boardroom. Refreshment will be provided. For information, contact Tamara Pinkas, Faculty Council Chair, Ext. 2011.

IN-SERVICE PROGRAMS HAVE BEEN SENT OUT

Programs for the all-staff in-service on Friday, April 28 have been hand-delivered to all departments on main campus. Faxes were sent Monday morning to off-campus sites and hard copies were delivered to the Mailroom. If you have not received a program by now, please check first with your department secretary, and then with Katherine Alexander at Ext. 3157. Questions? Contact Julie Baker, T&D, Ext. 2199.

HOT WATER SHUT-OFF WILL AFFECT ALL MAIN CAMPUS

Hot water will be shut off to all main campus from 7 p.m. on Friday, April 28, until Sunday afternoon, April 30. Unheated water will still run in the lines, and hot water will be restored by Monday morning. The shut-off is necessary to allow installation of valves in water lines. Your patience is appreciated! For more information about bond construction, contact Mike Hopkinson or Joan Aschim at Ext. 2027, or e-mail bond@campser_ma@lcc or bond@lanecc.edu.

ALL STAFF SURVEY DUE

Last week a survey was distributed through intercampus mail to all contracted employees, plus volunteers. A special thanks to the staff who have already returned the survey. If you haven't yet completed the all-staff survey, please take a few moments to do so, and return it to Institutional Research, Assessment and Planning, ADM 114. Your response is very important and will help the board and President Moskus make decisions related to work life at Lane. Contact: President's Office, Ext. 2200.

RECENT E-MAIL PROBLEMS

As everyone is well aware, the campus has been experiencing problems with e-mail services. As part of the recommended solution from external technical support providers, Computer Services staff applied several operating system patches. It was one of these patches that fixed a bug that was allowing users to exceed the 1,000-message limit. We have been working diligently with users to help them correct the excess limit problem. The number of messages stored has a direct effect on the performance for that user as well as everyone else on the system. Excess messages affect the time it takes to send/receive messages; empty the trash; restore a deleted file from tape; or perform backups. Computer Services understands very well the frustration and challenge that occurs when the technology that everyone depends upon seven days a week fails to function properly. As everyone works toward the complete resolution of the root cause of these e-mail problems, Computer Services is also actively investigating ways in which it can notify users during those times when phone or e-mail access is unavailable. Thank you for your understanding and patience! Constructive comments are most welcome. Contact: Kay Malmberg, Interim Director Computer Services, Ext. 3005.

FACULTY INTERNSHIP OPPORTUNITIES AVAILABLE

Title I Carl Perkins grant funds are available for paid staff internships during the 2000-01 academic year. Funds will be available July 1, 2000 and must be used by June 30, 2001. Funds are to be used for faculty to work at business sites related to their teaching subject for the purpose of improving the performance of professional technical students. Applicants must show how curriculum can be enhanced to better meet workforce needs. In the past, most internships have been funded for approximately \$2,000, but individual amounts can vary. Internships are to be with local employers within commuting distance of the college. Applicants are responsible for making internship arrangements. Applications are due June 16 in the Cooperative Education office, and must be approved by the division chair. For an application, e-mail Carol Woodman or call Ext. 2509.

ANNUAL REGISTRATION CONTINUES FOR NEXT SIX WEEKS

Annual registration advising continues through June 5. Please remind students that advising for annual registration ends June 5. Continuing students can meet with an advisor or counselor to develop an annual course plan, and reserve and confirm classes for fall 2000, winter 2001, and spring 2001. Students can check with the Students First! Center, second floor CEN, or the Counseling and Advising Center, for a list of annual registration advising sessions. Contact: Vicki Doughty, Ext. 2055.

CRIMES OF THE HEART OPENS FRIDAY

"Crimes of the Heart" opens in the Performance Hall this Friday, April 28 at 8 p.m., and plays on Friday and Saturday evenings for three weekends, through May 13. There is a 2 p.m. Sunday matinee on May 7, which will be sign interpreted. Tickets are \$10 for adults, \$8 for students and seniors, and \$6 for Lane staff and students. The comical conversations among the Magrath sisters of Hazlehurst, Miss., in Beth Henley's "Crimes of the Heart," have a familiar ring to Lane theatre instructor and director Eileen Kearney. "I grew up in Charlotte, N.C., so there's so much in this play that I recognize and appreciate," Kearney says. "The people in 'Crimes' are very quirky characters, like ones I knew. It also cooks with the notion of Southern hospitality at all costs. I love this play." For more information, call the ticket office afternoons at Ext. 2202.

RSVP PROGRAM ASSUMES OVERSIGHT OF MONEY MANAGEMENT PROGRAM

The Retired Senior Volunteer Program (RSVP) of Lane Community College is taking over the management of the Lane County Senior Money Management Program, one of a cluster of services that allows seniors and people with disabilities to live independently in their own homes. The 50 volunteers and staff of Lane County Law and Advocacy Center who previously managed the program will be recognized for their service at a ceremony to be held on Thursday, May 4 from 10:30 a.m. to noon at the Campbell Senior Center, 155 High St., in Eugene. Four organizations work together to provide the Money Management Program: Senior & Disabled Services (which funds the Money Management Program); AARP (formerly known as the American Association of Retired People); RSVP, and now the organization responsible for operating the program; and Lane County Law and Advocacy Program, which handed over the program because it no longer fit into the organization's mission. For more information, call Kathy Thomas, Senior & Disabled Services, 682-4660 or Patti Little, 682-4137.

TRANSITIONS TO SUCCESS BOWL-A-THON

Thank you to all the wonderful people who collected pledges and bowled in this year's TTS bowl-a-thon. Monday, May 1 is the deadline to turn in pledges. Those who take their pledge money directly to Foundation should get Charleen Maclean a copy of their pledge sheets as soon as possible. The winners of the bowl-a-thon prizes will be announced next week. Thanks to all of you. Charleen Maclean, Ext. 2840.

SHIP'S WHEEL NEEDED

THANK YOU

Thank you to the Student Health team for the absolutely wonderful party last Friday to celebrate my retirement. (They are probably celebrating the fact that I will be gone!). And a special thank you to Student Health and to Family and Health Careers for my gift certificate to the Adobe in Yachats -- what a fantastic gift -- my favorite place in the whole world is the coast! And a heartfelt thank you to all the special people that came to the party to give me such a fantastic send off. You have all been too kind, but I truly appreciate all of you. My 3 G's has been expanded to Grandma, golf, gardening and goofing off. Sydney Wilson, Student Health.

ANDREA NEWTON RECEIVES DARRELL WARD AWARD

Andrea Newton, division chair, Cooperative Education, is the recipient of the Darrell Ward Award for Outstanding Service to Professional Education for the year 2000. This statewide award recognizes exemplary contribution and service to professional technical education in Oregon. Andrea has been active in professional technical education since 1973. The award was presented at the Oregon Council for Career and Vocational Administrator's conference in Bend on Thursday, April 13. Carol Woodman, Ext. 2509.

READERS WANTED FOR 24-HOUR YOM HA SHOAH READING

Lane will once again do a 24-hour reading of the names of those murdered in the Holocaust for Yom Ha Shoah (Day of Remembrance). If you are interested in participating in the reading, there are 20-minute time slots available Monday and Tuesday, May 1 and 2, from 8 p.m. to 8p.m. (Evening and early morning hours tend to be the hardest to fill.) Please contact Choul Wou (ASLCC) at Ext. 2335 or at crwou@efn.org to sign up with two or three choices, or Adrian Rodriguez (Diversity Team), Ext. 2852 for more information.

ACRONYM CORRECTION

The Daily board report incorrectly spelled out the acronym BASE and is grateful to Mark Harris for this clarification: BASE stands for Black American Staff/Faculty and Employees. From the constitution, BASE's membership shall consist of past and current black students, staff, faculty, classified, administrative, or board members, and can include traditional allies in the issue areas in which BASE concerns itself. As many people over the years change their relationship from staff to student and from student to staff, students may become members; however, it is primarily composed of current staff to address staff issues, and to affect issues that staff are concerned about, like student retention.

MARKETING GRANT FUNDS AVAILABLE

Institutional Advancement has marketing grant funds available to assist departments in promoting their programs. In the last year, grants have been awarded to create brochures, posters and postcards; buy newspaper and magazine advertising; create events displays; and buy advertising time on radio. The next deadline for applying for a marketing grant is Thursday, May 11. For an application packet, contact Daniel Moret at Ext. 2268.

ANNUAL ADVISORY COMMITTEE RECOGNITION DINNER THANKS

The annual Advisory Committee Recognition Dinner was held on Thursday, April 20. The Culinary Program students prepared and served dinner for over 200 guests. The dinner serves as a thank you to all of Lane's 650 advisory committee members for the time and effort they commit to serving Lane. Leaders in business and industry collaboratively work with faculty and staff to ensure that Lane is providing students with the skills necessary to be successful. The Automotive Technology Program was chosen to be the featured program. Bob Lile, owner of Lile Auto Repair, and Jerry Baarson represented the Automotive Technology Program as guest speakers. Marv Clemons hosted the ceremony and President Jerry Moskus gave a special thank you to committee members. Teri Coddington and the Cooperative Education Department organized the dinner. Terri Coddington, Ext. 2203.

EILENE LEPELLEY RECEIVES NATIONAL CONTINUING EDUCATION AWARD

Eilene LePelley, instructor in Business Technologies and coordinator of the Business Education Center, will receive the National Council for Continuing Education and Training Regional Leadership Award for the Northwest Region at NCCET's national conference in October. The area includes Alaska, Idaho, Montana, North Dakota, South Dakota, Oregon, Washington and Wyoming. Eilene was selected for her contributions in the design and implementation of the "To Be Arranged" business computer application classes at Lane. She first helped design the courses for the Business Education Center and the courses have since been used in all seven community learning centers.

"Within the continuing education arena, it is vision and leadership such as this that will continue to make community colleges and our programs valuable to the students as well as the community," says Kathleen Simko, NCCET's director of the Northwest region. In 1998-99, the "TBA" classes at the Downtown Center and community learning centers had an enrollment of 565 credit and 238 non-credit students, which produced a total of more than 47 FTEs. Students have been happy with the flexibility of learning on their own time that the TBA classes provide, says Debra Lamb, continuing education coordinator and community learning centers manager. Eilene, who will receive her award during the NCCET National Conference in October, also was the recipient of Lane's Outstanding Instructor of the Year award in 1986-87. Debra Lamb, Ext. 2915.

MARK HARRIS RECEIVES STATE LEADERSHIP AWARD

Mark Harris, Lane's substance abuse prevention coordinator and a student at Oregon State University, has been recognized by the Oregon Assembly for Black Affairs with the 2000 OABA Potential Leadership Award. The award is given to students who demonstrate leadership on behalf of the black community statewide. Mark was nominated for his activities related to BASE (Black American Staff/Faculty and Employees).

LEARNING COMMUNITIES PROPOSALS DUE MAY 1

The Learning Communities leadership team will soon be reviewing proposals for new learning communities to be offered winter 2001 and throughout the 2001-2002 school year. The application deadline is Monday, May 1. Faculty who have been planning learning communities should pick up a revised application form in their department offices, or call Susan Swan, EF&S, Ext. 2480. If you have been working with an old form, please discard it.

NEXT DAILY IS TUESDAY

The Daily will not be published on Monday, May 1, because of the staff in-service on Friday, April 28, the day Monday's paper would normally be produced.

COLLEGE COUNCIL MEETING SCHEDULED FOR NEXT WEEK

College Council meets on Tuesday, May 2, from 1:30 to 3:30 p.m. in the Boardroom. Council agenda and minutes are posted on the Web at <http://www.lanecc.edu/presoffc/committee/collcoun.htm>. Council will discuss the May 10 board agenda; the strategic plan and whether it is up-to-date or needs to be changed; the Oregon National Guard Armory and its proposal to use main campus lagoons; and representation on College Council. Contact: Laura Tamura, Ext. 2301.

MULTI-CULTURAL CENTER SHOWS "SHINDLERS LIST" IN REMEMBRANCE

The Multi-Cultural Center offers an opportunity to observe Yom Ha-Shoa, on Tuesday, May 2, from noon to 3:30 p.m. in CEN 409, with a showing of "Shindlers List," in remembrance of the millions of people who were killed during the Nazi Holocaust. Contact: Susan Matthews, Multi-Cultural Center, Ext. 2276.

READERS WANTED FOR 24-HOUR YOM HA SHOAH READING

Lane will once again do a 24-hour reading of the names of those murdered in the Holocaust for Yom Ha Shoah (Day of Remembrance). If you are interested in participating in the reading, 20-minute time slots are available Monday and Tuesday, May 1 and 2, from 8 p.m. to 8 p.m. (Evening and early morning hours tend to be the hardest to fill.) Please contact Choul Wou, ASLCC, at Ext. 2335, or at crwou@efn.org to sign up with two or three choices, or call Adrian Rodriguez (Diversity Team), Ext. 2852, for more information.

NEW ONLINE SERVICE OPENS INTERN LINK WITH OREGON BUSINESS

Oregon now has a new, free online matching service that will quickly connect local companies with college and university interns throughout the state. Called OregonWorks, the Web-based service includes all Oregon's community colleges, public and independent colleges, and universities. Companies seeking interns this summer or anytime in the future simply log on to www.oregonworks.org, and open the "jobs/internships" tab. They can register and post their own job orders right away. The system automatically e-mails to the company resumes of students looking for work in related categories. Similarly, undergraduate and graduate students can register on the site and post their resumes. Potential internship positions are e-mailed to them. The service will list opportunities in all job categories. There is no cost to either the employer or student for using the service.
