## AL CLARK NAMED INSTRUCTOR OF THE YEAR

Al Clark, diesel technology instructor at Lane since 1983, was named Instructor of the Year for 2000/01 on Tuesday in a surprise visit to his class by the instructional vice presidents, colleagues, family and friends. Every year, students nominate instructors for the award and it is one of the highest honors earned by faculty. A few of the things students said: "This is the first class I ever wanted to show up to. I think part of that is the way Al teaches; he makes you want to learn more." "This is not a job for Al, it's a way of life." "He has opened my mind to possibilities I never saw before." Clark taught part-time for seven years and became full-time in 1990. Before Lane, he worked as a journeyman fleet mechanic. He earned an associate's degree at Lane in 1981. The award will be announced at tonight's graduation. - Joan Aschim

## TWO MORE VP FORUMS TODAY

An open forum with candidate for Associate Vice President for Instruction James Arnold will be held today from 3-4 p.m. in Building 17 (Forum) Room 308. Arnold has served as the Director of Community College Articulation for the Oregon University System since 1997. Preceding that, he was the Policy Associate and Assistant to the Vice-Chancellor for two years. Arnold, who obtained his Ph.D. in higher education administration from Indiana University in 1995, has also held positions with Western Oregon University, and The Community College Consortium. He is a resident of Eugene. Contact: Steve John, Ext. 2447 or [johns@lanecc.edu](mailto:johns@lanecc.edu).

An open forum with candidate for Vice President of Instruction and Student Services Donna Koechig will be held today from 4-5 p.m. in Building 17 (Forum) Room 308. Koechig holds a Ph.D. in counseling psychology from the University of Missouri-Columbia, an M.S.W. from the University of Missouri-Columbia, and a B.S. in interdisciplinary studies (social work and psychology) from Southeast Missouri State University. For four years, she has served as Director of Counseling and Chair of the Human Development Department at Lane. Prior to working at Lane, Koechig worked as a management consultant to the Local Investment Commission developing partnerships between the State of Missouri and community leaders to improve the lives of children and families, as a therapist in private practice, and as Assistant Regional Administrator for the Missouri Division of Youth Services. In her letter of application for this position, Koechig wrote, "I would like the opportunity as vice president to assist staff and students in achieving Lane's shared mission and vision." Contact: Kyle Hammon, [hammonk@lanecc.edu](mailto:hammonk@lanecc.edu).

## TWO SHARE JUNE CLASSIFIED EMPLOYEE OF THE MONTH AWARD

Don Metzler, Early Childhood Education student coordinator, and Ginger Yamamoto, Counseling Department advisor, were chosen to share the June Outstanding Classified Employee of the Month award. Don and Ginger were each presented with balloon bouquets in their respective departments by members of the Classified Professional Development Team. Don and Ginger will also receive recognition at the Employee Gala on Wednesday, June 6 from 3-4 p.m. in the main campus cafeteria. Contact: Susan Tatar, Ext. 2727.

## UPDATED ONLINE SYSTEM ANSWERS QUESTIONS ABOUT STUDENT PERFORMANCE

The Instructional Technology Infrastructure project of SLI has recently updated its online query system to include data through the last quarter. You can use this system to develop statistics regarding grades in classes at Lane. The system uses the OCCURS database of student enrollment data that is reported to the state each quarter. The URL is <http://slimac.lanecc.edu:81/>

Some sample questions that can be answered by this system:

- \* How many students who got a C in math 70 got C's or better in math 95?
- \* What kind of grades do students in Writing 121 get when they go to Writing 122?
- \* What about the A students in Math 251? How do they do in Physics 201?
- \* How well did students in math 60 section 1 Fall 2000 do in the next class math 65?
- \* How did the students in math 65 section 1 Fall 2000 do in the prerequisite class math 60?

Thanks to Sylvia Sandoz of Institutional Research, Assessment and Planning for the updated OCCURS data. For more information, contact Bill Griffiths at Ext. 2124.

#### COMPUTER SERVICES MENU NOTICE

Lane employees: For adds and changes to HP3000 menus, contact your department administrative assistant who can send a request through the Helpdesk, Ray Smith, Jan Kleminsky, or Sue Iverson to authorize the setup and changes to accounts and menus. #### COLLEGE COUNCIL MEETS JUNE 5

College Council meets for the last time this year on Tuesday, June 5, from 1:30-3:30 p.m. in the Boardroom, Bldg. 3. Agenda highlights: June 20 Board of Education agenda review; core values posters; council's annual review of its membership; council's critique of its work for the year; and campus smoking policy. Council's next meeting is October 2. Contact: Laura Tamura.

#### SPEAKER TO ADDRESS "PSYCHICS AND SCIENTISTS"

Faculty Council brings Dr. Ray Hyman to main campus on Wednesday, June 6, at 7:30 p.m. in the Performance Hall to discuss "Psychics and Scientists." Hyman is professor emeritus of psychology at the University of Oregon. He has written and published extensively on the psychology of deception. He is considered to be one of the world's foremost experts in critical thinking. His critiques of paranormal and other fringe claims have been featured on such programs as "20-20" and "Scientific American Frontiers." In this entraining and thought-provoking presentation, world-renowned psychologist Dr. Hyman will focus on the case of a leading astrophysicist who claimed he had proved the existence of an alternative dimension. During his talk, Hyman will demonstrate some of the phenomena that convinced the astrophysicist of this new dimension. He will use this case to discuss how even smart people can be led astray by the evidence of the senses. You are encouraged to meet Dr. Hyman at a reception at 6:45 p.m. in the lobby of the Performing Arts Building. Refreshments will be served. Contact: Barbara DeFilippo.

#### SONGS FROM THE STAGE AND BEYOND

Songs will come from the stage and beyond in this term's vocal ensemble concert on Tuesday, June 5, Hall at 7:30 p.m. in the Performance Hall. Music instructor Kimberly McConnell brings her three singing groups together. The Concert Choir will perform "Les Mis Medley," "The Gondoliers," and "Sing Me to Heaven." The Chamber Choir performs pieces by Biebl, Britten, Stanford and Clausen, including a separate men's piece ("Ave Maria" by Franz Biebl) and women's piece. Spectrum Vocal Jazz Ensembles' lively program includes "Baroque Samba," "If I Only Had a Brain," "Basically Blues," "Night and Day,"

and more. Tickets are \$4 adults; \$2 Lane employees, students and senior citizens. Tickets may be purchased at the door beginning at 7 p.m. For more information, call the Lane Ticket Office, Ext. 2202.

#### FROM THE GROUNDS UP

(A report from groundskeeper Frank Drengacz)

"No I won't!" "Yes you will." "I won't, I won't, I won't!"

That is just a segment of the conversation Dawn and I had when she told me I needed an e-mail address. Well I'm sorry but I had to lay down the law. Hopefully some of you had a chance to see the show that the poppies were putting on at Child Care about mid-May. Actually I became concerned that it was too good of a show. If an earlier flower becomes too dominant, it can shade out the later varieties. So when we had our early taste of summer, I did not increase the irrigation. The poppies have toned it down. I have increased the irrigation now and the other flowers will have their time in the sun.

Our current energy crisis is not only causing problems in our pocket books. The college is reviewing our energy uses, trying to determine where we can become more efficient. Two recommendations can and will affect more trees on campus.

The first deals with the cooling towers and the cedar tree screen at the east end of Mechanical Tech. Three trees in the group of nine are causing problems. Two trees are too close to the towers. Debris from the trees are clogging the tower screens. The debris is affecting the efficiency of the towers. It had been suggested that the debris be routinely be removed. We have discussed this, but it is physically impossible to access the areas where the debris is accumulating. The third tree is far enough away from the towers. Unfortunately, it is growing downwind of the towers. It is disrupting the air flow patterns around the towers. This too is making the system less efficient. Its affect on the air flow will only increase as it grows. The final decision to remove these trees has not yet been made. Discussions are continuing.

The other situation is at the west end of Mech. Tech. The boiler has been undergoing refitting and upgrading. Part of the upgrade, is adding a second fuel tank. The new tank will be placed east of the existing fuel tank. The problem is installing the tank to code. There is a minimum clearance requirement around the tank. Currently, there is an oak tree on the south side and the building on the north side of the tank location. Locating the tank equal distance between the two will not work. Either part of the building or the tree has to go. Guess who wins. Actually, the engineers involved in the project did consider modifying the building. It just wouldn't work.

On the bond front, landscape work will be starting very soon on Science/Math and the LTD depot. The sculpture class has presented two ideas, with models, for the LTD site. They hope to work on the project this summer. As I understand it, the model of the selected project will be put on display for viewing.

The grounds department welcomes new part-timer, Heather (I am sure you have already heard her giving me what for, with Daphne egging her on).

I have decided that my secret e-mail password will be Dawn. That way, I will never forget who dragged me kicking and screaming into the 20th Century. And I promise to check my e-mail every 251 days religiously. Go, Titans!

#### REMEMBER TO CERTIFY DEPENDENTS

Bargaining classified, contracted faculty, and management employees need only to certify eligible dependent(s) (includes spouse and same-sex domestic partner) one time. If you have not filled out a certification form on a prior occasion, you must do so prior to the dependent(s) registering. If you are not sure if your dependent(s) is certified, please call Ext. 2211. Eligible part-time faculty and hourly classified employees need to certify their eligible dependent(s) each term. - Sharon Daniel

#### STUDENT ACTIVITIES MOVES

Student Activities will be located in the new Student Services Building (Bldg. 1) near the LTD bus station beginning Tuesday, June 5. We are moving today. Our office number is 206 and extensions for Barbara Delansky (2337) and Tina Jaquez (2336) remain the same.

## LINDA SIMMONS TO ATTEND PRESTIGIOUS INSTITUTE

Linda Simmons is one of only 34 community college leaders selected to attend the prestigious Executive Leadership Institute sponsored by the League for Innovation in the Community College in cooperation with the University of Texas at Austin and the Institute for Community College Development at Cornell University. The institute will be held in Newport Beach, California, from August 5-10. Simmons has been an administrator at Lane for 17 years, including the last seven as executive assistant to the president.

Institute participants were selected from a pool of 100 applicants holding senior-level positions in community colleges. Vernon Crawley, president of Moraine Valley Community College in Illinois and a board member of the League for Innovation, said, "The review panel was extremely impressed with the quality of the applicants, which speaks well for the future vitality of the community college."

The purpose of the institute is to provide an opportunity for potential community college presidents or those in transition, to review their ability and interests, refine their skills, and participate in discussions on leadership with outstanding community college leaders in North America. Faculty are drawn from among community college chief executive officers, experts in leadership development, trustees of community colleges, presidential search consultants, and others including League for Innovation board members.

The League is an international association dedicated to catalyzing the potential of the community college movement. The League hosts conferences and institutes, develops Web resources, conducts research, produces publications, provides services, and leads projects and initiatives with member colleges, corporate partners, and other agencies. According to Ted Marchese, a senior associate and editor of "Change" magazine, "The League is the single most vital organization in higher education today."

## NEW SIGNS FOR A NEW CAMPUS

You may have noticed new signs around campus. As part of a comprehensive wayfinding system, traffic and pedestrian directionals are currently being installed to complement the building numbers that were installed a couple of years ago. By fall, the overall lot directories at all the major entrances to the college also will be replaced, providing an index of campus offices and services and an overall campus map. Temporary maps were mounted in the existing cases at the beginning of spring term. The temporary maps reflect many of the bond-related changes currently taking place. In addition, as funding becomes available, interior signs are being installed. You can see samples of the new interior signage in Buildings 1, 4, 8 and 16 and the Cottage Grove and Florence centers.

The Wayfinding Committee was charged to develop a comprehensive, user-friendly wayfinding system for the college and advocate for its funding and implementation. Many staff, students and visitors contributed to the original audit of campus signage. Funk and Associates was hired to help design a system

that is integrated, durable, easy-to-modify and cost effective and assists students, the public, and employees in navigating around the main campus and outlying centers.

The comprehensive wayfinding system includes building numbers, traffic signs, pedestrian signs, overall lot directories, interior signs, accessible route (ADA) signs and main identification signs. The committee is currently seeking funding for building directories, the next phase of pedestrian directionals.

For more information or to offer feedback, contact the Wayfinding Committee at Ext. 2564.  
Submitted by Mike Ruiz, Chair, Wayfinding Committee.

#### REMINDER: SPEAKER TO ADDRESS "PSYCHICS AND SCIENTISTS"

Faculty Council brings Dr. Ray Hyman to main campus on Wednesday, June 6, at 7:30 p.m. in the Performance Hall to discuss "Psychics and Scientists." Hyman is professor emeritus of psychology at the University of Oregon. He has written and published extensively on the psychology of deception. He is considered to be one of the world's foremost experts in critical thinking. His critiques of paranormal and other fringe claims have been featured on such programs as "20-20" and "Scientific American Frontiers." In this entertaining and thought-provoking presentation, world-renowned psychologist Dr. Hyman will focus on the case of a leading astrophysicist who claimed he had proved the existence of an alternative dimension. During his talk, Hyman will demonstrate some of the phenomena that convinced the astrophysicist of this new dimension. He will use this case to discuss how even smart people can be led astray by the evidence of the senses. You are encouraged to meet Dr. Hyman at a reception at 6:45 p.m. in the lobby of the Performing Arts Building. Refreshments will be served. Contact: Barbara DeFilippo.

## STUDENT EARNS WALL STREET JOURNAL AWARD

Every year, Business Administration Department faculty nominate and choose the Wall Street Journal Student of the Year. Mary Kathleen Graville received the award this year, including a free one-year subscription. Kathy was chosen based upon her academic excellence, Cooperative Education participation, second-year standing, as well as for her sense of commitment, positive attitude, and general behavior that impressed her instructor nominators. There were many students who also qualified and were nominated in this unannounced process, and the decision was difficult. An informal awards ceremony for Kathy will be conducted in President Moskus' office today at 4 p.m. If you are friends of Kathy, you are welcome to join the short presentation. Congratulations, Mary Kathleen Graville! - Clifford Meyer

## AAWCC LEADERSHIP AWARD APPLICATIONS DUE JUNE 22

The LCC Chapter of the American Association of Women in Community Colleges is soliciting applications from eligible women students for its fourth annual leadership award designed to "assist and encourage women students at Lane to become leaders, giving voice to women who might otherwise not be

heard." A one-year \$1,500 scholarship will be paid in three equal disbursements in the 2001-02 academic year. Payment is contingent upon enrollment status of at least half-time and satisfactory academic progress (3.0 GPA). An AAWCC member will serve as mentor to the recipient during her award year. Application forms, selection criteria and instructions are available from the Women's Program and in the Office of Instruction and Student Services. Completed applications are due to the Office of Instruction and Student Services on or before June 22. The recipient will be selected and notified by July 23.

## NATIVE LANGUAGES PROJECT TAKES OFF

The Lane Native Languages Project is happening. After several meetings, things are starting to fall into place. There are still many hurdles to leap, and it'll take a while to get everything lined up--but we're proceeding with energy and confidence. The next meeting will be during exam week on Wednesday, June 13, at 2 p.m., in Bldg. 16 (Science) Rm. 206. If you share our interest in creating this program, or if you have questions, ideas, etc., please come. For information, contact Jeff Harrison, Ext. 2145, Don Macnaughtan, Ext. 2359, or Jerry Hall, Ext. 2446.

## DANCE INSTRUCTOR WILL SHARE WISDOM ON KNEE CARE

A workshop on knees with dance program director Mary Seereiter, will be offered free of charge to all Lane employees on Wednesday, June 13, from 12-2 p.m. in the dance studio, Bldg. 4 (PE) Rm. 132. This workshop will offer an understanding of the structure of knees: bones, muscles that cross the joint, ligaments, cartilage, joint capsule, bursa; relationship of structure and movement patterns to injury; causes of stress on the knee; prevention; and working with knee injuries/rehabilitation. For additional info. call Mary Seereiter at Ext. 2645.

## BOND UPDATE

CONSTRUCTION ACTIVITIES DURING FINALS WEEK. As per contractual agreement, Chambers Construction will not engage in activities that produce disruptive levels of noise during finals week. If, for some reason, you experience a problem resulting from construction during testing periods, please contact the bond office immediately at Ext. 2027 or 2727.

MAIN CHILLER WORK CONTINUES. With June 4 having come and gone, the main chiller for the campus cooling system remains off-line. The contractor is working to remedy unforeseen situations with the cooling system that must be addressed before the chiller can be connected. The Bond Project Management Team is currently in the process of determining the soonest date that the main chiller will be operational.

BUILDING #19 APPROACHES VACANCY DATE. In anticipation of a June 30 vacancy deadline, the Bond Moving Team has already relocated departments from #19 to other facilities. For example, ABSE/GED is now permanently located on the second floor of #11 (old Math/Art), Substance Abuse Prevention has relocated to new quarters in Room 226 of #1 (Student Services), and the administrative portion of Cooperative Education is temporarily located in Center 320. Besides regularly scheduled classes, the only individuals occupying offices in the building at this time are several Cooperative Education counselors and staff who will move temporarily to Forum 301-304 the third week of June. Minor demolition activities have already occurred on the first floor, but upon the relocation of the last occupants construction activities within the entire building will escalate exponentially. Once the remodel of #19 is completed in March 2002, the former Apprenticeship Building will contain general classrooms and house Computer Information Technology, Distance Learning, Cooperative Education, College Now, and the Instructional Technology Center.

BUILDING #1 TAKES ON PERSONAL CHARACTER. After months of taking people into a building defined by drywall, or more recently, completed empty spaces, it is satisfying to see personnel begin to occupy Building #1 (Student Services). Previously sterile workspaces now contain pertinent files, books and records. Pictures of family members, memorabilia and plants add personal touches to desks, and the hum of conversations, intermingled with occasional laughter, season the facility with an additional

element of humanity. Simply put, while the new areas have architectural character, they are now blossoming into living spaces where vital services take place. Moving personnel to new spaces within the facility has gone exceptionally well, evidenced by happy employees bestowing unmentionable amounts of cookies and cinnamon rolls on hard working Bond Moving Team members. On the first floor, portions of Student Financial Services, Perkins Loans and Prior Student Accounts and Sponsored Accounts and Scholarships, have now joined administrative personnel of the Counseling Department. However, the majority of move activity has occurred on the second floor of the facility--specifically, students are now able to obtain services from Student Activities, ASLCC, International/Multicultural Services, Disability Services, and Substance Abuse Prevention. Next week, the Women's Center, TRIO, and nine-month Counseling staff will join current residents of #1. July moves include the remainder of Counseling personnel, Testing, Career & Employment Services, Students First!, Veterans, Photo ID, Student Records, International Student Admissions, and the remaining portion of Student Financial Services.

**BOND FURNISHING PURCHASES.** Many of you in the remaining bond projects are beginning to anticipate the furniture purchases for your project. Please contact Bond Furnishings Coordinator Mike Hopkinson, Ext. 3232, before contacting commercial vendors about furnishings you might like to purchase. Some items of bond-provided furnishings are "standard" for the project, with prices and vendors already established. Other non-standard items may or may not require price quotes, depending on the item, the quantity, and the cost. The bond office will conduct solicitations for quotes, should they be necessary after we talk with you about your needs.

**FOR MORE INFORMATION** regarding bond activities, contact Nancy Nichols at Ext. 2027, e-mail [bond@lanecc.edu](mailto:bond@lanecc.edu), or check out the web site at [http://lanecc.edu/campsvcs/ie/ns\\_bond.htm](http://lanecc.edu/campsvcs/ie/ns_bond.htm).

## GROUP WORKING TO UPDATE COLLEGE EMERGENCY PLAN

The Joint Emergency Action Planning group was chartered May 1 by Vice President Marie Matsen to update Lane's emergency plan. The group has formed four sub-groups which will produce three key documents and recommend all-staff training. The sub-groups will (1) update the emergency plan as posted on COPPS; (2) develop a flip-chart type checklist brochure for all employees listing what to do during specific emergencies; (3) develop detailed procedure checklists for key management and emergency response personnel; and (4) recommend trainings for all staff in emergency procedures, including how to inform and train students. JEAP will meet throughout the summer so that the three documents and the training plan are in place for the beginning of the fall term. Contact: Mike Ruiz, chair, Ext. 2566.

## WORKSHOP WILL FOCUS ON KNEE CARE

Dance program director Mary Seereiter offers a workshop free to all Lane employees on Wednesday, June 13, from 12-2 p.m. in the dance studio, Bldg. 4 (PE) Rm. 132. The workshop will offer an understanding of the structure of knees: bones, muscles that cross the joint, ligaments, cartilage, joint capsule, bursa; relationship of structure and movement patterns to injury; causes of stress on the knee; prevention; and working with knee injuries/rehabilitation. For additional information call Ext. 2645.

## NATIVE LANGUAGES PROJECT TO MEET; GUESTS WELCOME

The Lane Native Languages Project will meet Wednesday, June 13, at 2 p.m. in Bldg. 16 (Science) Rm. 206. Several Lane students have asked if they can study Native American languages here; this project is an attempt to respond to that desire by establishing a program for teaching native languages. Participants are still discussing what languages and how to teach them and hope to send a participant to a University of Oregon summer seminar on teaching native languages. For more information or if you have ideas or information, attend Wednesday's meeting. Contacts: Jeff Harrison, Ext. 2145; Don Macnaughtan, Ext. 2359; Jerry Hall, Ext. 2446.

## TRIO TO HONOR STUDENTS

The TRIO program will hold its Third Annual Achievement Celebration on Wednesday, June 13, from 6:30 to 8:30 p.m. in the northeast corner of the cafeteria. Bahati Ansari is the guest speaker. TRIO students and tutors will be honored. Refreshments will be served after the ceremony. If interested in attending, please RSVP to Marla Norton at Ext. 3131.

## TERM'S END SHAKESPEARE RECITAL TO BE HELD

A Shakespeare recital will be held Wednesday, June 13, at 7 p.m. in the Blue Door Theatre, produced by Bill Woolum and Judith "Sparky" Roberts. The event features approximately 20 scenes from 10 plays including "Troilus and Cressida," "King Lear," "The Tempest," "Macbeth," "Hamlet," "A Midsummer Night's Dream," and "Winter's Tale," "Two Gentlemen of Verona," "As You Like It," and "Much Ado About Nothing." The performers are new and seasoned, from Lane faculty, students, and the community. The performance is free. For more information call Ext. 2202.

## LCCEF MEMBERSHIP MEETING SCHEDULED

A Lane Community College Employees Federation membership meeting will be held Thursday, June 14, at 5:15 p.m., in Bldg. 15 (Electronics) Rm. 206. Current bargaining information will be shared. Agenda items include contract proposals for wages and benefits. Because of the nature of the information to be presented, the meeting will be open to voting members only. The bargaining team looks forward to your attendance and input. Contact: Shelley Evans, Ext. 2062.

#### RETIREMENT RECEPTION FOR ANITA OVERTON

Please join Student Financial Services in celebrating with Anita Overton as she retires. A reception will be held for Anita on Friday, June 15, from 2 to 4 p.m., Center 219. Join us for cake and punch and help celebrate her new beginning. Call Shelley Evans at Ext. 2390 if you have any questions.

#### REMINDER: BOARD MEETS NEXT WEEK

The regular June meeting of Lane's Board of Education was changed from Wednesday, June 13 to Wednesday, June 20, at 7:30 p.m. in the Boardroom, Bldg. 3. Contact: Laura Tamura.

"I visited as a guest of the Cuban trade union federation at the time of their 18th congress," says Dennis. "I have some observations about grassroots workplace democracy, Cuban unions, Havana, Fidel, the beaches, and other things." Contact: Ext. 2049.

## LASS OF 2001 GRAPHIC DESIGN POSTER NOW AVAILABLE

Copies of this year's business card poster for graduates of the graphic design program are now available. Look for them in the hallway outside Building 11 (old Math and Art) Room 101. Posters will also be available at the graduation ceremony on Wednesday. Contact: Thomas Rubick, Ext. 2887.

## BOND UPDATE

MAIN CHILLER OPERATIONAL. Lane's electricians and heating-ventilating-air conditioning technicians completed work late Friday afternoon on portions of the chilled water system, enabling the main chiller to be brought online. The next time temperatures begin to climb, the cooling portion of the central plant will respond to warmer weather by supplying cool air for buildings across the main campus. On June 18 and 19, one more brief shutdown of the cooling system will allow electrical switchovers to the system's new controls.

SKYBRIDGE ACCESS TO #19 CLOSES. Beginning June 18, the doors leading from the skybridge into #19 (Apprenticeship) will be closed to regular pedestrian traffic until the Workforce Training Center Project reaches completion next spring. After June 18, the doors can be used only as an emergency exit. Complying with safety codes, Chambers Construction will also establish a safety passageway through the second floor of #19. Should an emergency arise, go through the southern skybridge doors and follow the established safety passage to the eastern, exterior pathway by #19. The southern doors of the skybridge and the safety passageway will remain an emergency exit only until remodeling within #19 is completed during March of '02.

NEW HEAT EXCHANGER SCHEDULED FOR INSTALLATION. As part of the central plant upgrade, installation of a new heat exchanger is tentatively scheduled during the week of June 18. The heat exchanger is the portion of the hot water system that actually heats domestic water on the main campus. In

order for the hook-up to take place, the hot water system must be shut down for approximately three days. An lert will be issued when specific dates for the work are determined. For some time now, nitrates have contaminated hot water due to faulty coils in the current exchanger. Once the installation of the new heat exchanger is complete, the domestic hot water will be safe for drinking. Until Jennifer Hayward of Facilities Management & Planning releases notification about the completion of exchanger work, please avoid drinking or cooking with hot water on the main campus.

FOR MORE INFORMATION please contact Nancy Nichols at Ext. 2027, e-mail [bond@lanecc.edu](mailto:bond@lanecc.edu) , or check out the web site at <http://lanecc.edu/campsvcs/bond/main.htm> .

#### SIGNS OF THE TIMES

You may have noticed new signs around campus. As part of a comprehensive wayfinding system, traffic and pedestrian directionals are currently being installed to complement the building numbers that were installed a couple of years ago. By fall, the overall lot directories at all the major entrances to the college will also be replaced, providing an index of campus offices and services and an overall campus map. Temporary maps were mounted in the existing cases at the beginning of spring term. The temporary maps reflect many of the bond-related changes currently taking place. In addition, as funding becomes available, interior signs are being installed. You can see samples of the new interior signage in Buildings 8, 16 and 4.

The Wayfinding Committee was charged to develop a comprehensive, user-friendly wayfinding system for the college and advocate for its funding and implementation. Many staff, students and visitors contributed to the original audit of campus signage. Funk and Associates was hired to help design a system that is integrated, durable, easy-to-modify and cost effective; meets national visibility standards; and assists students, the public, and employees in navigating around the main campus and outlying centers.

The comprehensive wayfinding system includes building numbers, traffic signs, pedestrian signs, overall lot directories, interior signs, accessible route (ADA) signs and main identification signs. The Committee is currently seeking funding for building directories, the next phase of pedestrian directionals.

For more information or to offer feedback, contact the Wayfinding Committee at Ext. 2564. Submitted by Therese M Picado.

#### NOTICE TO EMPLOYEES: CHANGES IN INCOME TAX WITHHOLDING EFFECTIVE JULY 1, 2001

New withholding tables may reduce the amount of income tax withheld from your wages paid after June 30, 2001.

The reductions in tax withholding are due to reduction in the current 28% and higher tax brackets effective July 1, 2001.

The new tables, prescribed by the Department of the Treasury, reflect a change resulting from the Economic Growth and Tax Relief Reconciliation Act of 2001.

If you do not want to have your withholding reduced, you may want to file a new Form W-4, Employee's Withholding Allowance Certificate, with your employer. You may claim fewer withholding allowances on line 5 or request additional amounts to be withheld on line 6.

[From an IRS legal notice, submitted by Lida Herburger.]

## MEDIA ARTS & TECHNOLOGY HOLDS STUDENT SHOW TODAY

A selection of this year's work by Multimedia and Visual Design students will be shown today from 1 to 3 p.m. in Forum 307, Bldg. 17. A reception for graduating students will follow in Media Arts & Technology Department lobby, Forum 101. Contact: Lisa Wald, Ext. 2475.

## LANE AFRICAN AMERICAN STUDENTS CONTRIBUTE TO POETRY BOOK

Middle school and college students have published "The Poetry and Art of Club Umoja," part of a literacy project of the BEST Grant Program at Jefferson Middle School in Eugene. Poets and mentors in the project include Lane Black Student Union members Anthony Fuller, Jacqueline Welch and Kaponne Summerfield. Other poets are African American and multicultural youth at Jefferson and Shasta middle schools, Clear Lake School, and the University of Oregon. Greg Evans of Lane wrote the volume's forward. Umoja means unity in Swahili. The volume is for sale at \$9.99. For information, contact Evans at Ext. 2034.

## REMINDER: CLASS OF 2001 GRAPHIC DESIGN POSTER NOW AVAILABLE

Copies of this year's business card poster for graduates of the graphic design program are now available. Look for them in the hallway outside Building 11 (old Math and Art) Room 101. Posters will also be available at the graduation ceremony on Wednesday. Contact: Thomas Rubick, Ext. 2887.

## COLLEGE FINNCE CASHIER'S WINDOW TO CLOSE JUNE 29

As of July 1, the operations team (staff, duties and functions) will report to Student Financial Services and will move shortly thereafter to the new Student Services Building. Student-related transactions for staff, such as class fee payments, will be conducted at Students First! windows.

Due to organizational changes and budget constraints, College Finance can no longer afford the luxury of a cashier's window for staff transactions. Beginning July 1:

ALL PAYROLL CHECKS will be mailed to the current address on file. Direct deposit (LADD) is available for mid-month and end-of-the-month payroll.

PERSONAL CHECKS may still be cashed at Students First! There is also the option of using the ATM machine located on the first floor of the Center Building.

ADVANCES/REIMBURSEMENTS will be mailed to the staff person's home address.

A/P computer runs are on the 10th, 20th and 30th of each month.

PETTY CASH will be reviewed in the accounts payable area and forwarded to operations for processing.

TWO INFORMATION SESSIONS will be scheduled soon, and another one in the fall. Watch The Daily for date and time.

## THANKS AND FAREWELL

From Tara Worman: I didn't get a chance to say goodbye! As many of you know, I've been on a long-term leave of absence and have recently had to leave Lane due to worsening health. I've enjoyed my years at Lane and meeting and working with so many talented and dedicated people. Thanks for your friendship and help! I'll miss you. - Tara Worman, Institutional Research, Assessment & Planning, [hmoose@home.com](mailto:hmoose@home.com)

## BOOKSTORE TO CLOSE FOR INVENTORY

The Bookstore will be closed for inventory on Friday, June 29. All purchases at the Bookstore using ICO's must be processed by Wednesday, June 27. You may use your department Visa card through Thursday, June 28. Math review sheets will be available at Students First! on Friday, June 29. For more information, contact Vicki Colley, Ext. 2772.

## PERS COUNSELING SERVICES

Individual counseling is being eliminated as of July 1, 2001. The PERS budget included the elimination of five counseling positions. The result is that one-to-one counseling is not available after July 1. Walk-in services at Tigard and Salem also will be eliminated as of July 1. A service desk will be available in both locations to accept forms, to provide notary services, and to direct members to other resources. Group counseling is changing to provide workshops for members five years or less to retirement and additional workshops for anyone within one year of retirement. For more information see the PERS website at [www.pers.state.or.us](http://www.pers.state.or.us) . – Vicki Ellison

#### NOTICE TO EMPLOYEES: CHANGES IN INCOME TAX WITHHOLDING EFFECTIVE JULY 1, 2001

New withholding tables may reduce the amount of income tax withheld from your wages paid after June 30, 2001.

The reductions in tax withholding are due to reduction in the current 28% and higher tax brackets effective July 1, 2001.

The new tables, prescribed by the Department of the Treasury, reflect a change resulting from the Economic Growth and Tax Relief Reconciliation Act of 2001.

If you do not want to have your withholding reduced, you may want to file a new Form W-4, Employee's Withholding Allowance Certificate, with your employer. You may claim fewer withholding allowances on line 5 or request additional amounts to be withheld on line 6.

## BOARD OF EDUCATION TO ADOPT BUDGET

The Lane Community College Board of Education meets Wednesday, June 20, in the Boardroom, Bldg. 3. An executive session is set for 5:15 p.m. for labor negotiator consultations. The regular meeting begins at 7:30 p.m. The agenda calls for discussion/action on tuition, and purchase of an administrative software system, prior to convening the budget hearing at approximately 8:30 p.m. The purpose of the hearing is to adopt the 2001-02 college budget. After the hearing, the board will resume regular business including personnel appointments; microcomputer vendor contract; budget transfers for FY 2000-01; president's annual authorizations for FY 2001-02; annual appointment of district clerk and temporary deputy clerks; appointment of district custodian of funds; approval of use of facsimile signature; and approval to invest funds of the district. Benchmarks will be presented on disability status of credit students, and percent of recent high school graduates attending Lane. Monitoring reports will be given on treatment of staff, and global board-president relationship. The next meeting is scheduled for July 11.

## FACILITIES MANAGEMENT TEAM TO DISCUS PARKING

The Facilities Management Team will meet Thursday, June 21, from 3-5 p.m. in the Boardroom, Bldg. 3. The agenda includes discussion of restricted parking on main campus.

## GARDEN TOUR IS SUNDAY

The KLCC in Bloom garden tour fundraiser is set for Sunday, June 24, from 9 a.m. to 5 p.m. at eight gardens in the university neighborhood, and two in the Fern Ridge area. Tickets are available from KLCC, at a number of locations around town, and at the gardens on the day of the event. Call Ext. 2224 for further details.

## HP3000 IP ADDRESS CHANGE

The HP3000 IP address (the computer's numeric name) will change on July 2. In order for this change not to interrupt your work please go to the appropriate web page and follow the instructions:

For MiniSoft users (PC) go to <http://www.lanecc.edu/cs/hp3000/minisoft.htm>.

For Reflections users (MAC) go to <http://www.lanecc.edu/cs/hp3000/reflections.htm>.

For Sessions users (MAC) go to <http://www.lanecc.edu/cs/hp3000/sessions.htm>.

Do this BEFORE July 2. If you have any questions, please contact the Help Desk at Ext. 4155. Submitted by Carolyn Cruz.

## BOTANY STUDENT RECEIVES JEAN DAVIS SCHOLARSHIP

Julie (Jules) Filipski is the recipient of the 2001 Jean Davis Botany Scholarship. This is a statewide competition and the award is made to individuals majoring in botany and plant ecology. Jules has distinguished herself in the 200 level botany sequence at Lane and worked as a learn-and-earn student this spring supporting students in both the BI 103 Wildflowers course and the BOT 203 General Botany course. She is very deserving of the award and continues a tradition of Lane students winning this scholarship periodically over the last 10 years, including the last three years. Contact: Gail A. Baker.

## FISCAL YEAR-END CLOSING REMINDERS

The final deadline for receipt of personnel action forms by Personnel Services for correction of transactions charged to incorrect account numbers is June 21. Correction requests for 2000-01 transactions processed through the OPAY database will not be accepted after this date.

The final date for return of all 2000-01 unused DPOs and all logs is June 22. New DPOs will be issued shortly thereafter to regular DPO users who have turned in existing DPOs.

The final deadline for receipt by College Finance of intercampus order forms requesting correction of May transactions for materials and services and capital outlay items charged to incorrect account numbers is June 25.

The final deadline for departments to be able to process intradepartment and interdepartment budget changes and position transfer changes within a fund's expense function to Carol Beckley or Kay Malmberg is June 25 by 5 p.m.

## CASHIER'S WINDOWS CLOSE JUNE 29; INFO SESSIONS TODAY AND TOMORROW

As of July 1, the College Finance operations team (staff, duties, functions) will report to Student Financial Services -- and move shortly thereafter to the new Student Services Building. Student related transactions for staff will be conducted at the Students First! windows (class fee payments, etc.). Due to organizational changes and budget constraints, College Finance can no longer afford the luxury of a cashier's window for staff transactions. Beginning July 1:

ALL PAYROLL CHECKS will be mailed to the current address on file. Direct deposit (LADD) is available for mid-month and end-of-the-month payroll.

PERSONAL CHECKS may be cashed at Students First! and there is the option of using the ATM machine located on the first floor of the Center Building.

MILEAGE REIMBURSEMENT for use of private vehicles will increase to .345 cents per mile (GSA federal travel regulation) and will be reviewed and adjusted annually as determined by GSA.

TRAVEL ADVANCES/REIMBURSEMENTS will be mailed to the individual's home address.

A/P computer runs are on the 10th, 20th and 30th of each month.

PETTY CASH will be reviewed in the accounts payable area and forwarded to operations for processing.

Please try to attend one of the two information sessions that are scheduled for Tuesday, June 26, 10-11:30 a.m., Boardroom, Bldg. 3; and Wednesday, June 27, 2-3:30 p.m., same place.

## HIGHLIGHTS FROM THE JUNE BOARD MEETING

President Jerry Moskus received accolades from several people at the June 20 Board of Education meeting for his 11 years of service to the college, and the board unanimously passed a resolution recognizing his achievements and contributions. It was his last board meeting. Moskus paid tribute to several people as well, and praised students for their legislative action on behalf of the college. His last day in the office will be June 27. He begins the presidency of Metropolitan Community College in Omaha in July.

Outgoing board member Ralph Wheeler was presented with a plaque in recognition of his service to students, staff and community.

The board voted 5-2 to raise tuition by \$2 per credit hour, \$1 more than the budget committee recommendation. Proponents cited several reasons for the increase, such as increasing needs and worsening future deficits, which overwhelmed reluctance to increase students' financial burden. Robert Ackerman and Lucille Salmony dissented, and student body president Jennifer Gainer expressed dismay. Later in the budget hearing, the budget was amended to account for additional tuition revenue, and the budget was adopted 6-1, with Salmony voting no. [See the June 22 Register-Guard story at <http://www.registerguard.com/news/20010622/1d.cr.lcctuition.0622.html> .]

The board unanimously approved purchase of a new administrative software system, and in separate action, authorized a loan to help finance the purchase on a 6-1 vote, with Salmony dissenting.

The consent agenda passed 7-0 including a requirements contract to furnish microcomputers, various annual business actions, and 11 faculty appointments: Sydney Kissinger, Elaine Pray and Cristina Simoni, Academic Learning Skills; Marvin Clemons, Cooperative Education; Tracy Henninger-Chiang, Business and Industry Services; Laura Maitland, Business Technologies; Suzanne Bunker, Jason Jolley and Gloria Zabala, English Foreign Language and Speech; and Jerry Hall and Brian Nichols, Science.

In other business, the board reviewed benchmarks on disability status of credit students, and the percentage of recent high school graduates attending Lane, as well as monitoring reports on treatment of staff, and global board-president relationship.

The next meeting is set for July 11. After approval, minutes are posted on the web at <http://www.lanec.edu/presoffc/board/minstoc.htm> . Submitted by Joan Aschim.

## COLLEGE LEADERSHIP UPDATE

Jerry Moskus' last day in the office is June 27. He is president through June 30.

Marie Matsen is acting president from July 1 through August 9.

Mary Spilde begins as president on August 10 and is out of the office this summer.

Steve John is acting vice president for instructional matters this summer.

Sandy Ing-Weise is acting vice president for student services this summer.

Linda Simmons is acting vice president for college operations through August 9.

Donna Koechig begins as associate vice president of instruction and student services on August 27.

A recommendation for vice president for instruction and student services has been made and may be finalized soon. No recommendation was made for associate vice president of instruction; a one-year interim position will be opened while conducting a search during the next academic year.

The new college organization resulting from restructuring is on the web at <http://www.lanec.edu/presoffc/restructure/index.htm> including a link to the organizational chart. Submitted by Joan Aschim.

## BOND UPDATE

**DPR MOVES ON PERFORMING ARTS PROJECT.** DPR's construction fencing is up, the job trailer is on site, and work is underway on LCC's Performing Arts project. At the site of the addition, primary work will focus on the relocation of sand from the volleyball courts to the east side of modular #31. LCC's grounds crew will use the sand for various campus projects. Once sand is relocated, excavation of the site will begin. Second floor remodeling activities for the main office and adjacent faculty office spaces will commence shortly. During construction, the ADA ramps between #5 (Physical Education) and #6 (Performing Arts) will be accessible at three locations: from Bristow Square, from the northern side and eastern, first floor doors of #5, and from the southwest door of #6. The western double doors on the first floor of the Performing Arts facility will be closed for the extent of the project since they open into the construction zone.

**FINAL PHASE OF CENTRAL PLANT UPGRADE HEATS UP.** Bids for the second phase of the Central Plant Upgrade were opened June 22. Of the seven bids submitted, the apparent low bidder at \$222,987, is Betel Combustion from Central Point. The second phase of the upgrade targets improvements to the heating water portion of the system. This system, which is separate from the domestic water, provides hot water for heating the main campus. When work is completed on a new boiler, fuel tank, valves, pumps, and piping, the main plant will be able to efficiently provide heat for the expanded main campus. The contract is expected to be awarded by the Board of Education at the July 11 meeting. Construction is slated to commence the first half of September and reach substantial completion towards the end of December 2001.

**WORKFORCE TRAINING CENTER ACTIVITY FULL FORCE IN ALL THREE AREAS.** Demolition activities within Building 19 (Apprenticeship) have already significantly changed portions of the facility. The first floor of the building has been redefined from multiple classrooms, offices and welding stations into several large open areas. On the second floor, considerable portions of many walls and ceilings are now nothing more than debris. If you have not noticed, a section of the exterior southern wall is opened up, allowing removal of demolition debris from the building. On the south side, upright steel support beams are in place for the Training and Development portion of the facility. Construction on the west side of #19 is also progressing rapidly. Structural steel erection continues to define both floors of the conference center, with the southern portion of the second floor scheduled for a concrete pour later this week. The concrete pour at the southern retaining wall is complete.

**CARPENTERS AND PAINTERS TAG-TEAM CASEWORK.** The Bond Project Management Team employs three carpenters, two full-time and one part-time, to build and install all the casework in new and remodeled buildings. The bond payroll also temporarily supports one full-time painter who applies finishing lacquer to all the wooden surfaces produced in the carpentry shop. Last week, amidst the smell of freshly cut wood and stacks of soon-to-be-completed cabinetry, the carpenters took a few minutes to list the casework that they diligently labor to produce by differing deadlines. To date, several thousand sheets of plywood have been used to construct cabinets that are fixed to walls, bookcases, shelving, video cabinets, and computer, testing, and reception desks. Once the carpenters finish pieces of casework, the wooden furnishings travel across the hall to the paint shop for a smooth lacquer finish. Longtime LCC painter Steve Wickwire estimates that at least 160 gallons of lacquer are used every month to seal and enhance wooden

surfaces. Basically, a coat of lacquer is sprayed on a wooden surface, the surface dries, is sanded, and then the process is repeated four more times before casework is completed. But wait, there's more! Aside from the casework itself, the carpenters have also installed all the new counter tops in spaces affected by bond construction. Carpenter Steve Kayl figures that no less than 10,000 square feet of laminate has already been installed. And all those new trapezoid tables that are delivered unassembled? The bond carpenters estimate that to date, they have used approximately 15,000 screws to secure mounting brackets for all the table legs. Construction and finishing of the multiple types of casework and furnishings for all new areas encompassed by bond construction is a significant job to which three carpenters and one painter devote tremendous time and effort. If, per chance, you are waiting on casework, please know that the carpenters and painter are completing pieces for your areas as quickly as possible and with the same care as those that are already installed.

#### PC USERS ASK, "WHY DO I HAVE SO MANY PASSWORDS ON MY COMPUTER?"

This is a common question since the forced password change went into effect. The explanation is that you can have up to five passwords on your computer. Some users have a boot-up password that prevents unauthorized use. Also, most users have a Novell network password. This is the password that the system forces you to change. The hidden password is the Windows password, which is the one that frustrates the smooth password change. It is part of windows and cannot be disabled. Next, you can and should have a GroupWise e-mail password. GroupWise conveniently offers to store that password so that you don't have to type it each time you start your mail (PC users only). We cannot force you to have or change your GroupWise password. You may also have a screen saver password. Finally, you may have an HP3000 password.

To avoid the proliferation of passwords we suggest the following technique. When you are prompted to change your Novell Network password, just say no. Continue your normal boot-up process. When Windows is fully operational, go to the Start button, then up to Settings and then Control Panel. From the Control Panel window, double-click on the Passwords control panel. In the upper half of the window is a button that reads "Change Windows Password." Click this button. You will notice that one entry in the window is "Novell Netware." Make sure its box is checked. If you have a screen saver password, it can be changed from here as well by checking its box. The goal is to change both the Windows password and Novell password at once. Click the OK button. Now enter your current password in the "Old Password" field. Now enter the new password that you wish to use: remember, six (6) characters or more and no re-used passwords. Then go to the next field and re-enter the new password. Click OK and Windows should report success. This process should help you avoid unnecessary passwords. Submitted by Dale DuVall, Computer Services.

#### HP3000 LOGONS TO BE DEACTIVATED FOR STAFF NO LONGER AT LANE

On Thursday, July 5, Computer Services will deactivate the HP3000 logons for all staff who no longer work for the college. If you are using the logon of someone who has left, please have your administrative assistant contact the Computer Services Help Desk at Ext. 4155 (Ray Smith, Sue Iverson, or Jan Kleminsky), to arrange for you to receive your own logon. The request from the admin assistant needs to include their phone number, your name, and the menu you need (ex=\*\*\*\* Math Department Menu \*\*\*\* 4). Menu names are found at the top of the menu when first logging onto the HP3000. Submitted by Susan Iverson.

#### HP3000 IP ADDRESS TO CHANGE

The HP3000's IP address (the computer's numeric name) will change on July 2. This will affect all HP3000 users, on campus and remote access. In order for this change not to interrupt your work please go to the appropriate web page and follow the instructions.:

For MiniSoft users (PC and Macintosh Virtual PC) go to <http://www.lanecc.edu/cs/hp3000/minisoft.htm>

For Reflections users (Mac) go to <http://www.lanecc.edu/cs/hp3000/reflections.htm>

For Sessions users (Mac) go to <http://www.lanecc.edu/cs/hp3000/sessions.htm>

Do this before July 2. If you have any questions, please contact the Help Desk at Ext. 4155. Submitted by Carolyn Cruz.

#### FISCAL YEAR-END CLOSING REMINDER: PETTY CASH

The final deadline for petty cash reimbursements is 5 p.m. on Friday, June 29, to College Finance. Contact: Stan Barker.

#### MILEAGE REIMBURSEMENT TO CHANGE JULY 1

Beginning July 1, the mileage reimbursement for use of a private vehicle will increase to .345 cents per mile (GSA federal travel regulation) and will be reviewed and adjusted annually as determined by GSA. Note: this rate is to be used for expenses incurred after July 1, 2001. If you think that this increase will cause your department a hardship, contact your vice president. Submitted by Linda "Sue" McDonald, College Finance.

#### RESILIENCY HANDOUTS AVAILABLE

There are about six booklets left from the Al Siebert presentation on "Life-Long Resiliency." If you would like a booklet, please contact Julie Baker via e-mail and she will send you one.

#### HELP NEEDED WITH FOREIGN TRANSCRIPTS

From Cherrill Hemminger: A new policy requires students with foreign transcripts to turn in transcripts in the language of origin as well as in English. However, there are times when an English translation is not readily available or a comparison must be done between the English version and the original version of the transcript. To be of more help to students, I am looking for individuals who are fluent in a second language who might be willing to help with translations as needed. I would like a list of all interested individuals and their second language. I am specifically looking for individuals who are fluent in French, Spanish, German, Chinese, and Japanese. If this sounds of interest to you, please contact me in the Student Records Office of Enrollment Services at Ext. 2894. Thank you.

THE 8TH ANNUAL BLACK FAMILY BBQ will be held July 14 at Walnut Park in Corvallis. This local event brings the community together each year and creates a great experience of fun, caring and sharing for black families, especially those who reside outside of the Portland area. This event is not exclusive and is

open to everyone in the community. Details for the event are as follows: Egg toss, tug of war, three-legged race, football throwing contest, bid whist, dominoes, and a best dessert contest (please bring cards and dominoes). There will be lots of music ranging from oldies, R&B, hip-hop, and gospel (please feel free to bring your favorite music as well). For younger children there is a wading pool and outdoor playground equipment. Please bring swimwear for toddlers. Food: Fried chicken and hot dogs will be provided. BBQ grills are available at the park for those who wish to grill other meats. Additionally, if your last name begins with: A – H, please bring a main dish to share (e.g., greens, bread, baked beans, etc.); I – Q, please bring enough desserts and salads to share. R – Z, please bring enough munchies and soft drinks/juices to share. Each family should bring their own place settings and utensils. Additionally, alcohol consumption is limited to the park shelter only. Black Family BBQ T-shirts will be sold also. If you have any questions or concerns, please contact Earlean Wilson Huey at (541) 967-3435 in the evenings or (541) 981-7962 during the day. Thanks!
