AFRICAN AMERICAN HISTORY MONTH

February is African American History Month. Visit the Multi-Cultural Center throughout the month for videos beginning with "Lift Every Voice" today, February 4, Building 1, Room 201, repeating every 60 minutes from 1-4 p.m. The film looks at the trials and triumphs of the first generation of African Americans born into freedom. Call Susan Matthews for more information at ext. 3245.

ENROLLMENT SERVICES CHANGE OF SERVICE

In light of Lane's current budget situation, increased student headcount, and limited staff resources, Enrollment Services is announcing the following changes in service:

Until now, students, faculty, and staff have been allowed to cash personal checks at Students First! Beginning February 1, Students First! will no longer be able to offer this service. Enrollment Services encourages the use of the ATM machines in the Center Building. A personal check may still be used at the Bookstore to purchase meal tickets.

In the past, students have been able to receive refunds at a variety of locations apart from the Students First! Center on main campus. Effective February 1, students will only receive refunds by mail or by appearing at the Students First! Center on the main campus. Refund checks will be issued twice per month and will be mailed directly to the students address in Lane's database. Checks will now be mailed for amounts less than \$10.

We appreciate your understanding the need for these changes and encourage you to contact Helen Barker Garrett at ext. 2686, if you have questions.

MARGARET COE EXHIBIT

The Lane Art Gallery presents an exhibition of paintings by Margaret Coe. The artist states that color is fundamental to her works, which depend on the dynamic role of color for their emotional impact and meaning. Dates of the exhibition are February 4-March 1. The artist will lecture on Wednesday, February 6, from 10:30-11:30 a.m. The public is invited. A reception will follow the lecture. Gallery hours are 8 a.m.-5 p.m. Mondays through Fridays. The gallery is located in the Art Department, Building 11. For further information, contact the Art and Applied Design department office at ext. 2409.

BROWN BAG TALK ON DAILY LIFE IN CUBA

On Wednesday, February 6, from 12-1 p.m., the Women's Program is sponsoring a discussion with local musician and LCC student Jesse Marquez, regarding her recent month-long trip to Cuba. The discussion will take place in the Women's Center, Building 1, Room 202. Jesse will share her impressions about the daily lives of Cubans, including family life, work life, social interactions and cultural events. Bring your lunch and join us for this informative discussion. Call Patsy at ext. 2352 for more information.

COPIA LECTURE SERIES

The Copia Lecture series continues Saturday, February 9, at 7:30 p.m. at St. Mary's Episcopal Church (13th and Pearl, Eugene) with a multimedia presentation given by Lane's Go for Baroque! learning community faculty.

Experience the Baroque era through multiple lenses. Five Lane instructors will evoke the rich texture of the Baroque period in Europe (1600-1700+) through music (Barbara Myrick), art (Mary Ann Plunkett and Betsy Vander Schaaf), history (Jody Suhanek), and literature (Carol Watt). This group of five instructors has collaborated to create and co-teach the course Go for Baroque!, part of a learning community offered at Lane. The multimedia presentation will focus on contrasting themes of ecstasy and despair, sex and religion, opulence and poverty. Come savor the age of extremes with us.

The Copia Lecture Series is a partnership between Lane Community College and St. Mary's Episcopal Church and features monthly lectures and presentations covering a generous range of topics of interest to the general public meant to nourish the mind and spirit of our local community. All Copia Lectures are free. Contact: Bill Woolum ext. 2424

DIVERSITY CONVERSATIONS

The Diversity Coordinator will be facilitating brown bag lunch forums twice a month beginning in February. The purpose of the forum is to provide staff with a safe, respectful, and informal learning environment to engage in basic discussions exploring attitudes, beliefs, and values related to cultural diversity and cultural competence. You may bring any questions related to diversity issues or perhaps learn from the discussions that take place. The forum is designed for individuals who are beginning their journey of awareness into diversity issues. Some examples of questions that may be shared are: How do I find out about different perspectives? What is the proper term to use? What should have I done in this situation? The Diversity Coordinator will also share diversity efforts on campus and in the community. The forums for this quarter are scheduled for February 12 in Building 16, Room 217; February 28 in Building 16, Room 211; and March 13 in Building 16, Room 211; from 11:30 a.m.-1:30 p.m. You may drop in at any time during the two hours, there is no need to RSVP. Should you have any questions about this activity, please contact Jim Garcia, Diversity Coordinator, at ext. 2852 or garciaj@lanecc.edu.

REMINDER: SOMETHING WONDERFUL IS COMING TO OUR AREA NEXT MONTH

On February 11, Mayor Jim Torrey will be launching a project called "Readin' in the Rain." This is a simple and stunning idea -- to get as many people as possible in Eugene, Springfield and Lane County to read Ken Kesey's great Oregon classic, "Sometimes a Great Notion." Backing this project are Eugene Public Library, Springfield Public Library, Tsunami Books, Eugene.com, Lane County Booksellers Association, Downtown Eugene Inc., as well as many local, schools, neighborhood associations, and community groups. Events will be planned throughout the city, and as far afield as Cottage Grove.

This read-in will span February and March, ending with showings of the movie version at the McDonald in April. We expect thousands of people to be involved.

The organizers have asked if LCC would like to play a part. Our involvement can be at any level, from publicity to discussion groups for students. Do you have ideas you would like to contribute? If so, please contact Don Macnaughtan at LCC Library, Mondays through Thursdays, 12:30-4 p.m., ext. 2359, or 4-8 p.m. at ext. 2355, or e-mail macnaughtand@lanecc.edu.

REMINDER: APPLY NOW FOR CARL PERKINS GRANT FUNDS

All staff, faculty and administrators are welcome to apply for Carl Perkins grant funding for their programs for 2002-03. The purpose of the grant is to improve the performance of students in professional technical programs. Grant applicants will need to show a direct relationship to this purpose. Funds can be used to supplement a program, but not to supplant. Application forms will be reviewed by the Carl Perkins Grant Advisory Committee to determine which programs will be funded and for what amount. Copies of the application form are available from division chairs or by contacting Carol Woodman in the Cooperative Education Division. Application forms are due in the co-op office no later than March 8.

REMINDER: PRINTING/GRAPHICS BUSINESS CARD POINTERS

With the change in the college phone number prefix taking place soon, Printing/Graphics is receiving many orders for printing new business cards for staff members. Please remember that all requests must be accompanied by a Printing/Graphics work order form with your department name and account number on it.

If you are placing orders for several people in your department please complete a separate P/G work order form for each individual's card. This is our best tool for tracking the print jobs through our shop. Requests for note pads also should be on a separate work order form, but you may include both sizes of pads on one form.

One order of business cards contains 250 cards. One order of large note pads (half-page size) contains 10 pads of 100 sheets. An order of small pads (quarter-sheet size) contains 20 pads of 100 sheets. Questions? Call Vicki Miller at ext. 2373.

REMINDER: REMOTE ACCESS PHONE NUMBER CHANGE

On February 16, Lane will be implementing direct inward dialing. This means the phone number for remote access will change. The new number is 463-4737. Only the prefix is changing. The following instructions will walk you through making the change on your computer.

PC USERS

Start your computer as usual. Double-click on the "My Computer" icon.

Double-click the "Dial-up Networking" folder. Double-click the "New Connection" icon. Name it "LCC Remote 2002".

Don't change any modem settings. Click the "Next" button.

Enter the new phone number (463-4737) in the correct field.

Click the "Next" button. Click the "Finish" button.

Make a shortcut to the "LCC Remote 2002" icon on your desktop (right-click and drag to desktop). Double-click the "New Remote" icon.

In the Username field enter your username. In the Password field, enter the password assigned to you. You can delete the old "LCC Remote" icon now from your desktop and the Dial-up Networking folder.

Important: You must make a successful connection for these changes to become permanent. If you do not connect, you must repeat this step until you get a successful connection.

MAC USERS

Start your computer as usual

Go to the Apple in the top left corner of the screen. Come down to

Control Panels and then to either PPP or Remote Access. Generally, if you have Mac OS 7.6.1 to 8.0, you will have the PPP Control Panel. If you have Mac OS 8.1 or newer, you will have the Remote Access Control Panel. If you have both, open each to see which has your settings. Replace the old phone number with the new one provided (463-4737).

Note: Once you complete your Remote Access session and close the Control Panel, you will be prompted to save your changes. Please answer OK, or your new settings will be lost and you will have to repeat this process.

UNDERSTANDING DIVERSITY: WHAT CAN I DO?

This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award-winning video, "Blue Eyed," which deals primarily with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. There will be two opportunities to participate in this workshop: February 13, 12-4 p.m., Building 13, Room 103; or March 14, 8 a.m.-noon, Building 5, Room 206. To register, please call ext. 7775. For more information on the workshop, contact Jim Garcia, Diversity Coordinator at ext. 2852.

THE ETHICS OF EATING

The ethics of eating will be the focus for the next Lane Nature Writers Group gathering on Wednesday, February 13, in Building 16 (Science) Room 217, at 4:30 p.m. The NWG meets regularly to share readings and writings relating to nature issues, and to plan their next publication. Everyone is welcome. "Do I dare to eat a peach? A carrot, a cow, a cookie?" Contact: Jeffrey Harrison, ext. 2145.

KLCC CELEBRATES 35 YEARS

Festivities will include cake -- baked and decorated by Eugene's finest bakeries -- refreshments, and entertainment by Barbara Dzuro on piano. A no-host bar will be provided. All ages are welcome. Afterwards, guests are welcome to stay and attend a preview of the Eugene Ballet's rehearsal of "Silk & Steel" in the Silva Concert Hall.

HIGH VOLUME WILL SLOW LANE'S COMPUTER SYSTEMS

The start of fall term places a heavy load on Lane's administrative information systems. Many of you see the effect of this peak load as system response time slows markedly. Computer Services anticipates that the slowness will continue through the first couple weeks of the term and then begin to return to normal. You can help by postponing any nonessential work and by logging out whenever you are not actively using the system. Thanks for your patience and cooperation. Submitted by Lee Hallin, Computer Services.

YES, THEY REALLY DO LIKE US

What did students tell us? On the spring term 2002 ACT Student Opinion Survey of students enrolled in credit classes, Lane found that:

-- 97 percent of the respondents agreed that Lane's general environment is welcoming and accepting to all students, regardless of their race or national origin, gender, religion, physical ability, age, or sexual orientation.

-- 96 percent of the respondents agreed that Lane's instructors strive to create a classroom environment that is comfortable and fair to all students regardless of their race or national origin, gender, religion, physical ability, age, or sexual orientation.

-- 61 percent of the respondents reported that a major reason they chose to attend Lane was because Lane "offered the courses they wanted" (compared to 56 percent of all Oregon community college respondents).

Thanks to all those faculty who helped us conduct this biennial statewide survey. For more information, contact Craig Taylor, Institutional Research, Assessment and Planning, ext. 5364 or visit the IRAP website for a summary of findings from the survey at www.lanec.edu/research/projsum.htm .

HOW TO ORDER CATALOGS AND CLASS SCHEDULES

The college's supply of current catalogs and class schedules will be moving to a new storage area in the workforce training building. If you would like some catalogs or schedules to be delivered to you, please submit an intercampus order to Facilities for delivery. If you need them very promptly, you can call Andy or Shelly at ext. 5455 and they can usually deliver them within 24 hours (but, please still remember to submit an ICO even if you call.) Please note that the catalogs are for department use only. If you are hosting an event, please consider using more targeted, less expensive marketing tools. Catalogs are only

printed once a year, so care must be taken in order to make the supply of catalogs last for the duration of the year. Submitted by Karen Dickey and Angela Miller.

WORKSHOP WILL EXAMINE THE NATURE OF DIVERSITY

Understanding Diversity: What Can I Do? will be held Wednesday, February 13, from 12-4 p.m. in Building 13, Room 103; and again on Thursday, March 14, 8 a.m.-noon, Building 5, Room 206. This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award-winning video, "Blue Eyed," which deals primarily with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. To register, please call ext. 7775. For more information on the workshop, contact Jim Garcia, Diversity Coordinator at ext. 2852.

DANCE OPERETTA PREMIERES ON VALENTINE'S DAY

Treat your valentine to a dance operetta. "Touch," a dance concert, will be held on campus in the Performance Hall this Thursday, Friday and Saturday, February 14, 15 and 16, at 8 p.m. The concert is a display of finely structured dance improvisation and choreography, incorporating the bright young talents of Lane Music, Dance and Theater Arts students with the exceptional skill of community artists. "Touch" embraces themes like evolution, development of the heart, cellular metaphors, and our life-long effect on each other. Choreographers Mary Seereiter, Bonnie Simoa and Nita Little Nelson present works that

philosophically and kinetically probe these ideas. The dances take an inside view of love, growth and reflection, addressing what it means to be human. Guest artist Nita Little Nelson explores questions and possibilities of our evolutionary journey in her new work, the dance operetta "Playing God." Her delightful queries take musical-dance theatre into uncharted territory guided by the brilliant compositions of Jeff Defty and the costume inventions of a team of artists under the direction of Sue Surdam Bean. Tickets are \$6 for Lane students and staff, \$8 for adults. Call the Lane ticket office, afternoons, ext. 2202. Contact: Myrna Siefert.

TODAY: WORKSHOP ON THE NATURE OF DIVERSITY

"Understanding Diversity: What Can I Do?" will be held today from 12-4 p.m. in Building 13, Room 103; and again on Thursday, March 14, 8 a.m.-noon, Building 5, Room 206. This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award-winning video, "Blue Eyed," which deals primarily with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. To register, please call ext. 7775. For more information on the workshop, contact Jim Garcia, diversity coordinator at ext. 2852.

ARE YOUR FIRST AID KITS UP TO DATE?

All work areas are required to have a first aid kit which is available to staff to treat minor injuries. In the past there was a list of standard supplies which needed to be in the kit. However, this has now been changed and each area needs to determine what injuries are likely in their area and provide appropriate supplies in their kit. Below is a list of very basic supplies which should be in all kits. However, some areas will need more extensive supplies. Student Health staff will gladly work with different areas to help you determine what supplies your kit should contain. Just call ext. 2665 for a free consultation! Minimal recommended supplies:

- Gauze pads 3" x 3" or larger - about 6
- Gauze pads 8" x 10" or larger - about 6
- Adhesive bandages - different sizes are nice
- Gauze roller bandage 2" wide - 1 or 2
- Triangular bandage
- Wound cleansing agent (soap and water located nearby is sufficient)
- Emergency blanket - one of those small ones you get in outdoor stores.
- Latex gloves - several pairs
- CPR shield

As important as what is in your kit is what is not in your kit. You are strongly urged not to put any over the counter medications in your kit. The purpose of the kits is to provide emergency care--not to treat minor illnesses. You, and the school, can incur liability if these are not used correctly. Examples would be Aspirin, Ibuprofen, burn ointment, wound treatment creams, eye drops, cough drops, etc. A nice selection

of over the counter medications are for sale in the bookstore. Students can receive many of these items for free, and assistance in using them correctly, at Student Health. Contact: Sandy Ing-Wiese.

STAFF DIRECTORY NOW AVAILABLE

In conjunction with the change to new phone numbers at Lane, the new college phone directory is now available. One representative from each department can pick up enough copies for their entire department from Institutional Advancement. The directory is based upon information gathered from each college department, and the directory contains the new college phone numbers that go into effect on February 16.

Here's a summary of the phone number changes: the new prefix for main campus numbers will be 463, each phone will have a direct dial number, extensions that previously began with a 2 will now begin with a 5, and the main switchboard number will be 463-3000 (people may want to keep this number next to their phone until it becomes tattooed on their brain). The directory's back cover contains a handy "Where to find it at Lane" listing of useful college numbers.

Please recycle your old directories by placing them in paper barrels labeled "Other Paper" (and—luckily—it is not necessary to remove the coil binding). For more information about the college phone directory, contact Daniel Moret, Institutional Advancement, ext. 2268. For answers to questions about the new phone numbers, contact Virginia Brady, Computer Services, ext. 2565.

GO FOR BAROQUE" RESCHEDULED

The storm-cancelled Copia Lecture "Go for Baroque" has been rescheduled for Saturday, March 2 at 7:30 p.m. at St. Mary's Episcopal Church, 13th and Pearl, Eugene. Experience the Baroque era through multiple lenses. Five Lane Community College instructors will evoke the rich texture of the Baroque period in Europe (1600-1700+) through music (Barbara Myrick), art (Mary Ann Plunkett and Betsy Vander Schaaf), history (Jody Suhanek), and literature (Carol Watt). This group of five instructors has collaborated to create and co-teach the course Go For Baroque!, part of a learning community offered at Lane. The multimedia presentation will focus on contrasting themes of ecstasy and despair, sex and religion, opulence and poverty. Come savor the age of extremes with us. The monthly Copia Lecture Series is a partnership between Lane Community College and St. Mary's Episcopal Church. The series' purpose is to nourish the mind and spirit of our local community with lectures and presentations covering a generous range of topics of interest to the general public. All lectures are free of charge. Submitted by Bill Woolum.
