This teleconference is presented by the College of DuPage, and sponsored by the Oregon State Library and the Bibliographical Center for Research, so the emphasis will be on web design and libraries - but there will be useful information for web sites of all kinds. Here is the description of the program:

"Today's Web sites need to offer more than just access to online catalogs and databases. Web sites need to anticipate the user's expectations with design elements that make it easy to find and use information. Organizations, especially libraries, need to take a fresh look at their Web sites in light of usability and accessibility issues. Large, medium, or small- school, public, academic, or special-all libraries and organizations need to keep up-to-date with what's happening in Web design.

"This teleconference brings fresh ideas to the Web environment. Experts will present and discuss user-centered design benchmarks, practical usability testing techniques, the do's and don'ts of writing for the Web, and targeting search results for the user while providing for efficient site management.

"This teleconference brings to your staff a wealth of practical information that can be put to use immediately. It will stimulate discussion and planning for larger projects. Best of all, your staff can see and hear the wisdom of experts at a place and time convenient to them and to you. For more information, go to <http://www.cod.edu/teleconf/design/>."

If you wish to attend, please call Nadine Williams, library director, ext. 5824.

REMINDER: WRITING GRANTS RIGHT

Everyone's invited to a teleconference, "Writing Grants Right: Sources and Strategies," on Thursday, December 5, from 11:30 a.m.-1 p.m. in the Boardroom, Building 3.

The time is right! Can you afford to be left behind while others are getting vital information on new sources of funding? Major funding agencies in Washington, D.C. are actively soliciting more applications from community colleges, and are committing themselves to helping colleges write better applications.

The topic is right! This teleconference will present the information you need to increase its chances of securing grant monies for strengthening academic programs and serving students more effectively. Judith Jeffrey Howard from the National Endowment for the Humanities (NEH) and Elizabeth Teles from the National Science Foundation (NSF) will offer insiders' tips for targeting their funding sources. Eileen Piwetz, the President of the Council for Resource Development, will be the moderator. Also, a grants expert from the U. S. Department of Education will participate.

The price is right! This live, satellite teleconference is free to you thanks to Training and Development. For more information, contact Lori Steger, ext. 5312.

If you would like to submit an example, you can e-mail to SelfStudyAccreditation@lanecc.edu.

ACCREDITATION: TAKING PRIDE IN WHAT WE DO WELL AND IDENTIFYING WHAT WE CAN DO EVEN BETTER

The work started during in-service on our self-study for accreditation will continue throughout the year, college wide in every department. Every Tuesday and Thursday in The Daily, we will randomly select and highlight how one person's daily work aligns with the mission and core values of the college. If you would like to submit an example, you can e-mail to SelfStudyAccreditation@lanecc.edu.

**** By working with children in Early Childhood Education (ECE), we give parents the opportunity to be students, children the opportunity to spend time in a healthy, caring environment, and students in ECE learn in an excellent facility from excellent teachers. This in return sends competent, caring teachers to the community**** -- Don Metzler, Family and Health Careers

Thank you Don for your work in advancing Lane's core values. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

NO EASY ROAD: UNLEARNING DISCRIMINATION

Discrimination occurs for a variety of reasons: fear of the unknown, unwillingness to have others participate in our activities, not wanting to work with them, economic competition for jobs, or not wanting them as neighbors -- all led to passing laws to keep "others" from settling comfortably among us. Oregonians have been guilty of discriminating against others since the first settlers made their way across the Oregon Trail. "No Easy Road: Unlearning Discrimination in Oregon" is a display consisting of nine panels tracing our state's history on issues relating to racial, religious, economic, and social justice. It includes graphics, historical texts, quotations and photographs. The exhibit will be on display in Building 1 next to the Multi-Cultural Center, from December 9-11. For more information, contact Jim Garcia, Lane Diversity Coordinator at 463-5852 or by e-mail.

54TH ANNIVERSARY CELEBRATION OF THE UNITED NATIONS UNIVERSAL DECLARATION OF HUMAN RIGHTS

The Lane Diversity Team, in collaboration with the City of Eugene Human Rights Commission and the Lane County Human Rights Committee, is proud to host a celebration of the 54th anniversary of the United Nations universal declaration of human rights. The event will take place on the Lane main campus in Building 19, from 5-9 p.m. on Tuesday, December 10. The evening program will include a keynote presentation by Alan Siporin (host of the award winning KLCC program Critical Mass), human rights award presentations, recognition of hometown heroes, music performances, display exhibits and community group information tables. The event is free and open to everyone. For more information, contact Jim Garcia, Lane Diversity Coordinator, at 463-5852.

HAVE MAGNIFYING GLASS, WILLING TO TRAVEL

Intrigued by Agatha Christie and Sherlock Holmes? Do people ever say, "How did you figure that out? You should be a detective!" If so, grab your magnifying glass and join the Classified Professional Development Team (CPDT) as we combine tours of several updated and remodeled LCC buildings with a progressive Treasure Hunt.

Tours of the first building featured, the workforce training center (Building 19), will take place Wednesday, December 11 at 10 a.m., 12:15 p.m., and 3 p.m. Tours should take no longer than 30 minutes. You need only attend one tour! This is your opportunity to learn what resources the WTC has to offer and where services are located! This is also your opportunity to be the first to receive Treasure Hunt information (and bonus information, available only on the tour).

This tour and Treasure Hunt are part of a continuing series which will conclude in the spring with three grand prizes and several runners up prizes awarded to the sleuths with the most correct answers. Continue to check The Daily and the CPDT website for more information:

Weather Closure Special Edition

December 6, 2002

WEATHER CLOSURE QUESTIONS AND ANSWERS

When bad weather strikes, tune in radio or television news to find out if there are any college closures or delays. Do not call the media; this interferes with their ability to bring you the most current information. The following frequently asked questions and answers are on the web at

<http://www.lanec.edu/instadv/weather.htm> .

Q. HOW DO WE KNOW FOR SURE THAT THE COLLEGE IS CLOSED?

A. When the decision is made to close the college, the college immediately notifies KLCC 89.7 FM and other news media. Stations make announcements as soon as they receive information. Closures are reported to:

Radio stations:

KLCC-FM 89.7 (and FM 88.1, 88.5, 88.9, 89.1, 90.3, 90.5, 91.5)

KUGN-AM 590 (and KEHK 102.3, KZEL-FM 96.1, KNRQ-FM 97.9, KSCR-AM 1320, KUJZ-FM 95.3)

KPNW 1120 AM (and KODZ-FM 99.1, KDUK-FM 104.7, KFLY-FM 101.5)

KMGE 94.5 FM (and KGNU-FM 93.1, KKXO-AM 1450)

KNND 1400 AM Cottage Grove (and KCGR 100.5 FM)

KCST 1250 AM Florence

Television stations:

KEZI-TV Channel 9, Cable 9, ABC

KVAL-TV Channel 13, Cable 8, CBS

KMTR-TV Channel 16, Cable 3, NBC

Q. WHAT IF I AM HEARING IMPAIRED?

A. The hearing impaired can call 463-3079 to print notices of closures on TTY machines.

Q. WHAT ABOUT COLLEGE LEARNING CENTERS AT HIGH SCHOOLS?

A. Lane Community College learning centers at high schools follow the host high school's closure schedule.

Q. WHEN WILL WE KNOW THAT THE COLLEGE IS CLOSED?

A. Weather closures or delays can be announced at any time as conditions worsen; however, every effort is made to report early morning closure/delay information by 6 a.m., and evening closure information by 3 p.m. Evening classes are those that begin at or after 5 p.m. Because conditions can improve during the day, sometimes the college will close during the day but will open for evening classes, so it is important to stay tuned to the media.

Q. WHAT DO DELAYS MEAN?

A. If the opening of classes is delayed, students and faculty should report to the class or lab they would normally have been attending at the new starting time, if at least 50 minutes of class/lab time remains. For example, if opening is delayed to 10 a.m., classes and labs that normally begin at 10 a.m. or are already in session at 10 a.m. would meet, but only if the normal ending time for that class or lab is 10:50 a.m. or later. The remainder of the day would continue on the regular schedule.

Q. IF THE COLLEGE IS CLOSED, SHOULD STAFF REPORT FOR WORK?

A. When the college or a college center is closed, classes and activities at the facility are canceled and staff who work there should not report for work or come to the work site, unless they receive specific instructions otherwise from their supervisor or hear such instructions in the news announcements. If one or

more facilities are closed and others are open, staff who work at the open facilities should report to work as usual.

Q. ARE THERE TRANSPORTATION ALTERNATIVES?

A. When 30th Avenue is icy, some people drive in from the east via Franklin, or ride the bus. In general, LTD operates buses to Lane when the college is open; however, drivers may choose alternate routes. An LTD route change does not necessarily indicate a college closure.

Q. WILL STAFF GET PAID?

A. The College Online Policy and Procedure System (COPPS) states under Pay: School Closure, General Guidelines For Compensation: "All bargaining unit members, part-time credit instructors and management employees scheduled to work on the school closure day should be paid as if they worked their regular schedule. Employees required to work when the school is closed on a regularly scheduled work day should be provided time off with pay on a straight-time basis." See <http://www.lanecc.edu/cops/closure.htm>.

Q. WHAT IF I HAVE OTHER QUESTIONS?

A. See the college emergency plan on COPPS at <http://www.lanecc.edu/cops/eplan.htm>.

TODAY

EXHIBIT OPENS TODAY "No Easy Road: Unlearning Discrimination in Oregon" is a nine-panel display tracing our state's history on issues relating to racial, religious, economic, and social justice. It includes graphics, historical texts, quotations and photographs. The exhibit is in Building 1 next to the Multi-Cultural Center from December 9-11. Discrimination occurs for a variety of reasons: fear of the unknown, unwillingness to have others participate in our activities, not wanting to work with them, economic competition for jobs, or not wanting them as neighbors -- all led to passing laws to keep "others" from settling comfortably among us. Oregonians have been guilty of discriminating against others since the first settlers made their way across the Oregon Trail. For more information, contact Jim Garcia, Lane Diversity Coordinator at 463-5852 or by e-mail.

STEVE JOHN RETIREMENT RECEPTION, today, 3:30 p.m., Building 19, Room 102. Steve began his career as a contracted chemistry instructor in 1968. He was the chair of the Science Department from 1997 to 2001, when he was chosen interim associate vice president for Instruction. Over the past 33+ years, Steve has made a significant contribution to the college. The reception is paid for by Friends of Steve John. If you would like to attend, contact Miriam Jordan, ext. 5315 or e-mail, so we may have an accurate headcount..

EVENING/SATURDAY SUPERVISORS may be reached Mondays through Thursdays from 5-9 p.m. and Saturdays from 9 a.m.-1 p.m. on pager 349-6806 or at their extensions. Supervisor for Monday, December 9: Patrick Lanning, ext. 5547.

The Lane Diversity Team, City of Eugene Human Rights Commission, and Lane County Human Rights Committee, will host a celebration of the 54th anniversary of the United Nations universal declaration of human rights. The event will take place on the Lane main campus in Building 19, from 5-9 p.m. on Tuesday, December 10. The program includes a keynote presentation by Alan Siporin (host of the award-winning KLCC program Critical Mass), human rights award presentations, recognition of hometown heroes, music performances, display exhibits and community group information tables. The event is free and open to everyone. For more information, contact Jim García, Lane Diversity Coordinator, 463-5852.

CALLING ALL INSPECTOR CLOUSEAUS

The CPDT sponsored building tour/Treasure Hunt for the Workforce Training Center will be on Wednesday, December 11. Don't have a lot of time? That's okay, the tour only takes approximately 30 minutes, and is offered at three different times, 10 a.m., 12:15 p.m. and 3 p.m. The tours will begin at Distance Learning, Room 235A and 235B in the WTC (Building 19). Don't know where that is? Need a clue? It is on the second floor of the WTC, near the south entrance. If coming from the north, cross the second floor walkway from the Student Services building (Building 1) to the WTC (Building 19) and follow the hall to the last door on your right. Treasure Hunt maps and information will be distributed on the tour. All sleuths (and non-sleuths as well) are encouraged to attend this first part of a four-part investigation. See you there! Submitted by CPDT member Lori Lilliefors.

HOLMAN APPOINTED TO LCC BOARD

Paul R. Holman of Florence was appointed to the Zone 1 seat on the Lane Community College Board of Education by 6-0 vote at the board's December 3 meeting. Zone 1 covers the western part of the college district. Holman will take the oath of office on December 11 and will serve through June 30, 2003. The position will be up for election in May 2003 for term of service from July 1, 2003 through June 30, 2005, to complete the unexpired term of Lucille Salmony who resigned October 15 for personal reasons. Board members cited the value of Holman's ability to represent the Florence community; his familiarity with the college through his service on the LCC at Florence Advisory Committee; and his broad civic and business experience. Holman published the Siuslaw News from 1975-2000. He currently is a real estate associate broker and completed real estate classes at Lane. He has a bachelor's in business administration from the University of Portland and is a graduate of Siuslaw High School. He served in the United States Air Force from 1967-1975, including a 15-month tour of duty as a pilot in Vietnam. He has served on a number of civic and community organizations. CONSTRUCTION TECH STUDENTS HELP BUILD HOME FOR DISABLED CHILDREN

Story by writer Gloria Biersdorff for The Daily

On a cold, clear autumn morning, Lane Community College student Juanita Zaiger deposits a bag of stones from her rock garden on the ground beside Don and Lahna Rasmussen's unfinished addition to their Eugene home. Her offering, which will embellish the rustic masonry flanking the entry, embodies the spirit of this project.

Zaiger, 37, is one of approximately 25 Construction Technology program students helping to create vital living space for the couple and their 12 adopted children, ages 5 to 24, whose disabilities include Downs syndrome, fetal alcohol exposure, autism, hydrocephalus, cerebral palsy and blindness.

"This job would've been impossible without the community's support," says Lane instructor Leonard Keen, who coordinates the 1500 square-foot project that broke ground December 2001 and is slated for completion next summer.

Several businesses donated materials and labor amounting to about \$40,000. Among them are Lyn West Architecture, Gemini Concrete Pumping, Willamette Industries, Tom Charpentier Plumbing, Eugene Sand and Gravel, Trus Joist Macmillan, Willamette Greystone, Sunbelt Rentals, Square-Deal Lumber, Farwest Steel, J K Guckenberger Electrical Contractor and Welcome Home Mortgage. Emerald Valley Glass donated the multitudinous windows that open the cathedral-ceilinged structure to trees, sky and sun.

Rasmussen says she can picture her younger children learning to folk dance in the light-drenched great room. Or they can follow the moves of angelfish drifting in the 55-gallon aquarium installed in the wall that partitions the family room and Rasmussen's study. Student Rodney Raudebaugh donated the aquarium, and will supply the accessories and fish.

Raudebaugh, 41, is repeating the construction and blueprint reading courses that comprise this project in order to continue working on the site.

"I'm here, basically, because of the kids," he says. "They're so willing to help, to learn. I do anything I can to help them feel more a part of something. They're always a pleasure to be around. This is not your normal, everyday job. In my 25 years of working in the trades this is the best project I've ever been on."

Over the course of the construction technology program's 30-year history, students have gained on-site training through building and remodeling numerous structures, both commercial and residential. The program trains people in the technical skills and knowledge required by the construction industry. Students may earn a one-year certificate of completion or a two-year associate of applied science degree.

ACT-SO NEEDS FACULTY MENTORS AND JUDGES

ACT-SO, the NAACP program for high school students of African heritage offering academic competition, invites Lane faculty to participate as mentors and judges. Meetings for mentors and participants will be held Saturday, December 14 at 10 a.m. at Adams Elementary in Eugene, and on February 8, same place and time. This year there are 35 participants who will compete on April 19 at the Hult Center. They need mentors on filmmaking/video, music, dance, sculpture, playwriting, drawing, painting, chemistry, biology and physics. Some Lane faculty have served as mentors in the past and have

agreed to do so again this year. Mentor and Lane instructor Bill Sweet can provide information on mentoring and can be reached at ext. 5118. ACT-SO also needs people to judge participant entries, a role some Lane faculty have played in the past as well. If you are interested in judging, contact Dr. Snell Fontus at 684-4716 or 484-6101 or fontus@sprynet.com. Submitted by Dennis Shine.

COPIA LECTURE: A SCIENTIST CONTEMPLATES SPIRITUAL CONTINUITY

The Copia Lecture series continues on Saturday, December 14 at 7:30 p.m. at St. Mary's Episcopal Church, 13th and Pearl, with a lecture given by Sharon Rodgers, retired chemistry and physics teacher and licensed lay preacher at St. Mary's. In a lecture titled, "Cosmic Threads and Spiritual Continuity," Sharon will share some of her perceptions of the Divine as viewed through a window framed by a science teacher's understanding of matter and energy. Differing from those who consider rational thought and faithful living to be diametric opposites, Sharon will argue that these are merely different facets of a multi-dimensional whole.

The monthly Copia Lecture Series is a partnership between Lane Community College and St. Mary's Episcopal Church. The series' purpose is to nourish the mind and spirit of our local community with lectures and presentations covering a generous range of topics of interest to the general public. All Copia Lectures are free of charge. Refreshments will follow, served by Episcopal Campus Ministry. Contact: Bill Woolum, ext. 5424.

ME-OW!! WHICH IS 'CAT' FOR "HELP!!" Ninth Life is a local non-profit cat shelter in Pleasant Hill run by two sisters, who have been operating on a very tattered shoestring and a lot of heart, and who now find themselves in really dire medical and financial straits. So they need to find homes, or sponsors of cats to Greenhill, for 50 cats. (I did say "Ow", didn't I?) Two ways you might be able to help (if so inclined): 1. If interested in giving a cat a good home, (and yourself a good companion), come to the **ADOPT-A-THON** being held this coming weekend at the 29th and Willamette St. Shopping center. Hosted by Cat's Corner and More, it will be in the same complex as Rite-Aid, (where Scamps used to be) from 10:00 a.m. to 6:00 p.m., Saturday and Sunday. Adoption fees will be \$30.00. Come meet the cats and get chosen. 2. An alternative way to help would be to sponsor a cat to Greenhill, which, in spite of its own population surplus, has agreed to help. This at least guarantees a cat a place on Greenhill's waiting list, and a reprieve from the last resort. Greenhill's fee for this is \$35.00. Perhaps an office or a group of colleagues and/or neighbors could 'go in on' a sponsorship or two? You could choose your own sponsors or ask the sisters to choose. To do this, you'd need to write a check made out to Greenhill Humane Society, mailed to The Ninth Life. PO Box 633, Pleasant Hill 97455. Or bring it to the adopt-a-thon; you never know.... ME-OW!! WHICH IS 'CAT' FOR "HELP!!" Ninth Life is a local non-profit cat shelter in Pleasant Hill run by two sisters, who have been operating on a very tattered shoestring and a lot of heart, and who now find themselves in really dire medical and financial straits. So they need to find homes, or sponsors of cats to Greenhill, for 50 cats. (I did say "Ow", didn't I?) Two ways you might be able to help (if so inclined): 1. If interested in giving a cat a good home, (and yourself a good companion), come to the ADOPT-A-THON being held this coming weekend at the 29th and Willamette St. Shopping center. Hosted by Cat's Corner and More, it will be in the same complex as Rite-Aid, (where Scamps used to be) from 10:00 a.m. to 6:00 p.m., Saturday and Sunday. Adoption fees will be \$30.00. Come meet the cats and get chosen. 2. An alternative way to help would be to sponsor a cat to Greenhill, which, in spite of its own population surplus, has agreed to help. STEVE CARTER NAMED TEACHER OF THE MONTH

Steve Carter, instructor/coordinator in the Adults with Special Needs program, was named December 2002 Teacher of the Month by KVAL-TV. The station presented him with a recognition plaque and filmed him with his class for a news feature. He says they focused on workplace literacy: filling out job applications, and interviewing skills.

ASN is part of the Adult Basic and Secondary Education Program at Lane. ABSE helps develop skills necessary for improving literacy in reading, writing, math, computer and work (called Adult Skill Development), and the skills needed to achieve a GED. Adults with Special Needs works with students at the introductory levels of Adult Skill Development, Level 1 and 2. ABSE works with students on the main campus, the Downtown Center, Goodwill Industries, and the Employment Department in Springfield, with outreach centers in Oakridge, Elmira, and Florence, as well as with incarcerated adults in the Lane County Correction Center and the Alma Forest Work Camp. ASN is located at the Downtown Center and instructor Liz Purtell also provides educational services to developmentally disabled students in Florence, in addition to GED instruction.

Students in the self-advocacy class nominated Steve for the award by writing and calling the news station. "I was very pleased for many reasons," says Steve, "but chiefly because the students have developed the oral and written skills to not only make their dreams come true, but mine too. This is the intent of the self advocacy class: developing oral and written skills so that students with developmental disabilities can speak for themselves and advocate for their needs in the public arena." Nominating Steve were students Stacey Adair, Michael Cunningham, and Amanda Niemeyer.

The KVAL Teacher of the Month is Steve's third award in five years, following a Faculty Recognition Award last spring and 1998 Educator of the Year Award by The ARC of Oregon.

ANGER MANAGEMENT CLASS OFFERED

Do you need to handle your own anger better or respond more effectively when others express anger? The Counseling Department has a new class: CG 214 Adlerian Anger Management (registration #00111, three credits), 6-8:50 p.m., Wednesdays, Building 10, Room 250, beginning January 8. The class will emphasize goal-directed approach to understanding beliefs about anger, warning signs, styles of anger, and how anger is used. Learners will examine how anger can be self-defeating, the ways it complicates personal life and interpersonal relationships, and options to feeling and acting in angry ways. Also, participants can learn to define what is really important, alternatives to using anger as a method of reaching goals, and how to be more personally effective. There will be opportunities to practice skills in class and complete exercises to clarify application. The instructors, Dr. John Crumbley, Ph.D. and John Arrons, M.S. have developed with their colleague Wade Fraser an anger management program that is nationally recognized. For further information see page 62 of Lane's Winter class schedule or call 463-5234. Submitted: Carol Lynn Morse, ext. 5234.

ME-OW!! WHICH IS 'CAT' FOR "HELP!!" Ninth Life is a local non-profit cat shelter in Pleasant Hill run by two sisters, who have been operating on a very tattered shoestring and a lot of heart, and who now find themselves in really dire medical and financial straits. So they need to find homes, or sponsors of cats to Greenhill, for 50 cats. (I did say "Ow", didn't I?) Two ways you might be able to help (if so inclined): 1. If interested in giving a cat a good home, (and yourself a good companion), come to the ADOPT-A-THON being held this coming weekend at the 29th and Willamette St. Shopping center. Hosted by Cat's Corner and More, it will be in the same complex as Rite-Aid, (where Scamps used to be) from 10:00 a.m. to 6:00 p.m., Saturday and Sunday. Adoption fees will be \$30.00. Come meet the cats and get chosen. 2. An alternative way to help would be to sponsor a cat to Greenhill, which, in spite of its own population surplus, has agreed to help. This at least guarantees a cat a place on Greenhill's waiting list, and a reprieve from the last resort. Greenhill's fee for this is \$35.00. Perhaps an office or a group of colleagues and/or neighbors could 'go in on' a sponsorship or two? You could choose your own sponsors or ask the sisters to choose. To do this, you'd need to write a check made out to Greenhill Humane Society, mailed to The Ninth Life. PO Box 633, Pleasant Hill 97455. Or bring it to the adopt-a-thon; you never know.... We urge all employees to log in, enter their positive time (hours worked) and/or exception time (leave taken) and "Submit for Approval." Those who have questions or need assistance can find help from 10 a.m. to 6 p.m. on Monday in the computer lab in Building 12, Room 119a.

Web approvals should be completed by Noon on Tuesday, December 17. The Building 12 lab will be open from 9:30 a.m. to noon on Tuesday for those approvers who need help. SPLIDE'S FIRST YEAR EARNS HIGH PRAISE

President Mary Spilde showed "the potential to become one of the finest presidents in the history of Lane Community College, if not among community colleges nationwide," said Board of Education Chair Roger Hall in his summary presentation of the president's first annual evaluation to the board on December 11. The board approved Spilde's evaluation by 7-0 vote. Following is the text of the evaluation summary distributed at the meeting:

From Roger Hall to Board of Education 12/11/02

December 11, 2002

President's Evaluation

"The Lane Community College Board of Education annually evaluates the college president. The board at its October 21 meeting developed the evaluation process for the period August 2001 through October 2002. The process included review of monitoring reports and the president's work plan; an evaluation instrument completed by the board, the college executive team, and a significant number of employee and student leaders; and a self-evaluation. The instrument evaluated the areas of Leadership and Strategic Direction, Financial Management, Board Relations, Communication and Decision Making/Governance. All information was collected and reviewed by the board chair and vice chair and then discussed with the entire board and the president. The chair offers the following summary to the board and the community.

"Nearly two years ago, the board announced that it had sought and found the very best person to lead Lane Community College and Mary Spilde became Lane's sixth president in August 2001. The evaluation of her first year on the job provides profound evidence of success. All segments of the college community reported that Mary has done an outstanding job as president.

"A review of the president's strengths produced a long list of commendations, a few of which will be mentioned here beginning with exceptionally strong leadership in a year of fiscal challenge. Her broad and deep knowledge, intelligence and quiet competence have served the college well. Mary Spilde is an open and honest communicator who listens well and shares information in a direct and forthright manner. She is deliberative and inclusive in decision-making, respecting and considering everyone's views. She has demonstrated integrity, courage, and compassion in leading the college through a difficult year. She is an

extremely hard worker with a strong commitment to the college, the staff and students. She has remained positive in times of crisis, reacting calmly, providing focus and conveying a sense of optimism. The board finds that President Spilde is a strong advocate of education and an excellent role model who represents Lane Community College well in the community and at state and national levels.

"A review of the president's achievements during the past year also resulted in a long list. Much progress was made on an exhaustive work plan. Most notably, Mary Spilde is to be commended for keeping Lane afloat in a year of unprecedented fiscal challenge. She developed an open, inclusive budget process, built the capacity of the college to weather uncertain financial times and moved the college toward financial health and stability. The board finds the president to be a responsible steward of the community's investment. In addition, the president's intervention at a critical time brought labor negotiations to a successful conclusion. She has worked to restore civility in labor relations and has fostered positive relations with stakeholders through communication and by being accessible. The president has maintained a focus on students and learning and service to the community. In spite of tough financial times, Lane's workforce has pulled together in working toward fiscal stability and educational excellence. The board finds Mary Spilde to be an active leader, well respected and well liked by the board, peers, employees, students, community members, and political leaders.

"The board has asked the president to develop a short list of strategic goals for this year. We look forward to the future with complete confidence in Mary Spilde's ability to lead the college.

"It is the conclusion of this board that Mary Spilde provided outstanding service to the college and the community in 2001-02. It is the chair's opinion that Mary Spilde has the potential to become one of the finest presidents in the history of Lane Community College, if not among community colleges nationwide. The board looks forward to the year ahead."

BOARD ENDORSES MEASURE 28

The Lane Community College Board of Education endorsed Ballot Measure 28 at its December 11 meeting by 7-0 vote in the form of a formal resolution. Following is the text of Resolution No. 477:

Endorsement of Ballot Measure 28:

"To respond to the State's growing budget deficit the legislature has placed Ballot Measure 28 before the voters in January 2003. The measure increases personal and corporate income tax rates for three years by one half of a percentage point.

"WHEREAS, the tax increases imposed by Measure 28 are necessary and affordable; and

"WHEREAS, economic development is dependent upon an educated citizenry, and increases in tuition and decreases in available classes reduce affordability and accessibility to education that will adversely impact the economy of Oregon, that is presently in a recession; and

"WHEREAS, failure of measure will require Lane Community College to eliminate 243 classes from its schedule spring term and increase tuition for the second time this year; and

"WHEREAS, the deductibility of state income taxes from federal taxes means more taxes stay in state and limits the amount an individual will pay; and

"WHEREAS, previous budget reductions at Lane Community College have created greater efficiencies, and the state's latest projections show even greater deficits; and

"WHEREAS, property tax limitations have decreased the ability of Lane Community College to control revenues, and the college must rely upon state revenues to maintain comprehensive educational offerings; and

"WHEREAS, the legislature is unable to resolve the budget crises without a vote of the people;

"THEREFORE, BE IT RESOLVED that the Lane Community College Board of Education supports the passage of Measure 28.

"Passed and approved this eleventh day of December 2002."

DECEMBER 3 2002 BOARD REPORT

At a special meeting on December 3, the Lane Community College Board of Education appointed Paul Holman of Florence to the Zone 1 seat by unanimous vote (see Daily, December 9). Three candidates were interviewed: Holman, Francisca Leyva-Johnson of Veneta, and Monte McConnell of West Eugene.

In other business, the board unanimously approved a single health insurance plan for all college employees with OEA Choice, effective January 1. This is a major achievement and helps the college meet cost containment goals set by the board, said President Spilde. The plan resulted from months of bargaining and discussion with all employee groups. Employees united behind the effort to help offset rising insurance costs by joining a single plan, even though individuals risk more out of pocket expenses. A base of more than 1,000 people in one plan will help the college leverage improved rates. Board member Mike Rose said employees sacrifice saves Lane from having to cut more classes and board chair Roger Hall said it helps ensure continued benefits for employees. Adoption of the new plan included corresponding addenda to the classified and union contracts and management working conditions.

The meeting adjourned at 5:45 p.m. Submitted by Joan Aschim, ext. 5591.

We welcome questions, comments and suggestions. Please e-mail them to webmaster@lanecc.edu. Submitted by Lori Brenden.

They documented the experience using only laptop computers, microphones and digital video cameras. They recorded Kurt Vonnegut, Ram Dass and Linesh Shesh, a hardware store owner in Mumbai, traded stories with Tom Robbins, Dennis Hopper and Yosef Kantor, the Rabbi of a synagogue in Bangkok, and captured musical performances by Michael Stipe, Baaba Maal, Robbie Williams, Speech, Neneh Cherry, Ulali and Grant Lee Phillips, to name just a few.
