HOLIDAY GIVING TREE THANKS

Thank you so much for all the generous thoughts and presents that were given to families with their children's names on the Holiday Giving Tree. A total of 102 names appeared on the tree, only six were not returned, however, with funds available and last minute shopping all turned out well. We have several secret Santa's here on campus and I thank them for their contribution. I especially thank Jill Bradley for her time and thoughtfulness over the past several years in helping distribute the gifts. The success of the "Tree" lies directly in the hands of the givers involved and Lane's staff and students are very giving people. Thank you again, Bette Dorris.

HOLIDAY THANK-YOUS

The Bookstore staff organized a fund-raising raffle in December which generated close to \$1,000 for Lane student families who needed help with holiday gifts and food. I had the pleasure of being the

match maker, connecting that donation (and others) to students who needed assistance. I want to tell all the people who bought tickets that their money put smiles on the faces of 33 kids and their parents. Kudos to Bette Dorris for coordinating the Giving Tree which provided gifts to approximately 100 children, thanks to those who took names off the tree and brought back wrapped gifts. Thanks also to Linda Gonzalves and Kate Barry from the Women's Program and Linda Myers, Co-op Ed for their donations. Thanks also to an LCC employee who organized her family into contributing to a Foundation fund in lieu of giving each other gifts this year. Jill Bradley, Women's Program, ext. 5298

You can network with business, community, government and education leaders, as well as assist Lane County youth with exploration of future career interests. If you would like to organize for your department to have a booth, please contact Karen Dickey at ext. 5688 or dickeyk@lanecc.edu as soon as possible (the registration rates will go up February 15).

COMING SOON: BANNER'S EVENTS AND MEETINGS CALENDAR

One of the many features of Banner will be the capability to create calendars showing meetings and events occurring at the college. When an event or meeting is scheduled for a college facility, that information can be used by the system to automatically create calendars based on categories chosen by the college. Banner's calendar will ease into operation starting in March. Lane had an events and meetings calendar that was retired last month, primarily due to Banner's far greater capability to create calendars, and also as a cost-saving measure. Speaking of calendars, KLCC has an events and announcements calendar that is a handy reference for a wide variety of events in the local area.

WINTER WELCOME FROM CHERYL ROBERTS AND THE DIVERSITY TEAM

From Vice President for Instruction and Student Services Cheryl Roberts:

Dear Colleagues,

"Lane Community College is a respectful campus environment. We are interconnected by race, culture, gender, ability, class, age, sexual orientation, spiritual belief, and any other feature that distinguishes us as unique."

In this, we honor the humanity that joins us and embrace our diversity. As you enter and engage in our learning community, we ask that you follow a key principle...simply treat others with respect, kindness, and compassion.

"Lane Community College es un plantel con ambiente de respeto...Como personas estamos vinculados por nuestra raza, cultura, género, inhabilidades físicas, clase, edad, orientación sexual, creencia espiritual y cualquier otro rasgo que nos distinga como únicos."

Basados en esto, honramos la humanidad que nos unifica y abraza nuestra diversidad. Al entrar y tomar parte en nuestra comunidad escolar, te pedimos que sigas un principio clave... Simplemente trata a los demás con respeto, cariño y compasión."

Words are very powerful. They can stir our spirits and inspire us to act. Words can remind us about what we value most. They can encourage a common language of understanding and commitment. As we enter the campus, you will notice signage that speaks to the kind of caring community we want to continue to foster here at Lane. These words remind us to align our words and actions with our deeply held values.

During fall quarter, our college community had several opportunities to engage in conversations that shaped the words you see. Classroom discussions and graffiti forums across college brought life to the language on these posters, then a committee, with representation from the Diversity team, worked tirelessly to synthesize the essence of the comments and distill them into the language represented on these posters.

These signs are visible reminders of principles that guide our college: Lane Community College provides quality learning experiences in a caring community. Placement of the signs across campus is only the beginning of our work together. Over the next few weeks, there will be many educational opportunities available. Lane's Diversity Coordinator Jim Garcia will be coordinating a highly interactive experience called A Winning Balance II. This program will serve as a foundation for providing Lane staff with a common understanding about the characteristics of a respectful work environment. This program is about creating an environment where employees want to work and want to stay and where our students and community members want to be. The program is a total learning experience with a definite beginning, middle and end. However, a respectful campus environment is not created overnight. Building and understanding of diversity at Lane is not meant to be a destination, but rather, a beginning of an on-going journey in which each person is engaged and to which each person contributes.

Why do we need to continue to create a respectful campus environment? In order to bring out the best in each other and ourselves, it is important to work in an environment that is respectful and inspires excellence in each of us. Building a new awareness of ourselves as we relate with each other can lead to creating bridges of understanding and cooperation, which will have a positive impact on our daily interactions.

The Office of Instruction and Student Services, in coordination with members from the Diversity Team, is moving forward an intentional plan where we, as a college community, can collectively put our best thinking into action. This action will support and respect what each of us brings to our learning environment.

By intentionally focusing on our core values, we can bring more congruence between our actions and deeply held principles. Over the next few months, there will be threaded conversations college-wide to discuss diversity, learning, and building a respectful college environment. All of these activities will

culminate at our college-wide spring and fall in-services. Watch for articles talking about upcoming campus events in The Daily and The Torch.

How can you get involved? As the plan unfolds, the composition of the team will change, so look for opportunities to be a part of this important work. Announcements about ways to participate will be made through the various representative councils. There also will be opportunities to express your thoughts and provide input into the language that speaks of a respectful campus environment at Lane. We welcome your e-mail comments. You can contact the committee at respectfulenvironment@lanecc.edu

Welcome to winter quarter and to the work before us!

GATES MILLENNIUM SCHOLARSHIP NOMINATION MATERIALS NOW AVAILABLE

Nomination materials for the Gates Millennium Scholars program are now available for the 2003-04 Gates Millennium Scholars (GMS) awards. Nominators must act in their personal capacity. Institutional nominations will not be accepted. All applications materials must be postmarked or submitted online no later than February 1.

The Gates Millennium Scholars program was established in 1999 through a grant provided by the Bill and Melinda Gates Foundation to provide Asian Pacific Islander Americans, African Americans, American Indians/Alaska Natives, or Hispanic Americans with an opportunity to complete a college education. The goal of GMS is to promote academic excellence and to provide an opportunity for thousands of outstanding students with significant financial need, particularly those intending to study mathematics, science, engineering, education or library science, to reach their fullest potential. Additionally, GMS provides opportunities for scholars to prepare for leadership roles in their profession and communities through a comprehensive leadership development program. GMS awarded scholarships to 1000 high-achieving students for the 2002-2003 academic year, bringing the total number of students awarded GMS scholarships to over 6,000.

The United Negro College Fund (UNCF), with the support of the American Indian Graduate Center Scholars (AIGCS), the Hispanic Scholarship Fund (HSF) and the Organization of Chinese Americans (OCA), administers the Gates Millennium Scholars program.

In the 2003-2004 academic year, individuals are eligible to be considered for a Gates Millennium Scholarship if they: are Asian Pacific Islander American, African American, Hispanic American or American Indian/Alaska Native; are a citizen, legal permanent resident or national of the United States; have a minimum GPA of 3.3 on a 4.0 scale; will be entering a U.S. accredited college or university as full-time, degree-seeking freshmen in the academic year 2003-2004; have demonstrated leadership commitment through participation in community service, extracurricular, or other activities that reflect leadership abilities; and meet the Federal Pell Grant eligibility criteria. Eligibility for Federal Pell Grant can only be determined through the submission of a Free Application for Federal Student Aid (FAFSA) to the U.S. Department of Education, Federal Student Aid Programs.

To request nomination materials or for more information, please include your name and information and contact: Neel Saxena, Outreach Coordinator, GMS/APIA, e-mail mspinfo@ocanatl.org, phone 202-530-8894 x2, fax 202-530-0643. Submitted by Jim Garcia, Diversity Coordinator.

FREE CONCERT ON JANUARY 18

The Music, Dance and Theatre Arts department presents a special concert on Saturday, January 18 called "Gift of Thanks." Even though the college faces more cuts, we think this is also a good time to be thankful and acknowledge what we have. This faculty concert is the department's opportunity to thank the community for supporting the bond measure that made possible a new addition to the Performing Arts building. Performers include faculty from Music, Theatre and Dance as well as some student music ensembles. At 7:00 p.m., there will be an informal tour of the facility prior to the concert. The evening includes a concert in the Performance Hall at 7:30 followed by refreshments, a tour of the facility with additional music and some surprise performance events in venues in the building including the Blue Door Theatre, band room, music classroom and recording studio.

Barbara Myrick of Lane's music faculty is coordinating the event. Featured performers are voice teachers Kimberly McConnell and Kristina Armetta. Also included in the Performance Hall concert are the following music instructors: Craig Einhorn, John Jarvie, Larry Clabby, Brian Scott, and Barbara Myrick. Bonnie Simoa, instructor in the dance program, performs Teruna Jaya—a dance from northern Bali depicting the many faces of youth. There is no charge for this concert and a bright donation box in the lobby will happily accept donations to fund scholarships for Lane music students. LECTURE: MEDITATION ON DEVOTION

The Copia Lecture Series continues on Saturday, January 18 at 7:30 p.m. in the parish hall of St. Mary's Episcopal Church (13th and Pearl) with a lecture entitled "A Meditation on Devotion", given by Michael McDonald, English instructor at Lane Community College. Drawing from his experience as a student of a wide variety of literatures, religions and musical traditions, Michael McDonald will lead a meditation on devotion, delving into the question of how devotion can shape our lives, even, and perhaps especially, in the absence of a codified system of belief. In pursuing the question of how devotion differs from belief, and why drawing a distinction between devotion and belief might be significant for anyone's life, McDonald will share stories and songs ranging from the tradition of Tibetan Buddhism to the extraordinary devotional lives of Hildegard von Bingen and Mirabai.

The monthly Copia Lecture Series is a partnership between Lane Community College and St. Mary's Episcopal Church. The series' purpose is to nourish the mind and spirit of our local community with lectures and presentations covering a generous range of topics of interest to the general public. All Copia Lectures are free of charge. Refreshments will follow, served by Episcopal Campus Ministry. Contact: Bill Woolum.

STUDENT LITERARY COMPETITION

It's time once again for students to enter the League for Innovation Student Literary Competition. All faculty are asked to encourage submissions by aspiring authors in your classes. The categories include short story, personal essay, poetry, and one-act play. Beginning in 1994, Lane students have done very well earning two first place awards, one second place, one third, and six honorable mentions. Cash prizes are

awarded and the winners' entries are printed in the League publication which is distributed nationally. Entry forms can be picked up in the Tutoring Center or in the English Office, Center 260, and are due by February 28 at 4 p.m. Please help us get the word out! Thanks so much for your help and for the encouragement you offer your students. For additional information about the Student Literary Competition, contact Sharon Hainley, ext. 5421 or Tamara Pinkas, Lane's representative to the League, ext. 5011.

LOW BUILDING HUMIDITY

It's that time of year again when college and other buildings tend to have low humidity levels. Low humidity can cause dry, itching eyes, dry throat, dry cough and dry skin. If you are having these symptoms while in the buildings be aware that they should get better when we get more wet weather or stop needing to heat our air as much. In the meantime, it is suggested that you take advantage of available opportunities to get outside for a short time during the day. Over the counter eye drops and hand lotion may also help. However, drinking more than your normal amount of water during the day is one of the best things you can do. Drinking increased water is effective, cheap, and won't ruin your new years diet resolution - may actually help. If your home is also experiencing low humidity, especially if you heat with a wood stove, using a humidifier or putting a pot of water on the wood stove will help increase the humidity -- that and drinking more water. If you have specific questions feel free to contact Student Health. Submitted by Sandy Ing-Wiese.

BLOODMOBILE PLANS TWO-DAY JANUARY CAMPUS VISIT

When 56 staff members and students volunteered to donate their blood in a one-day blood drive last October 25, the local blood bank realized Lane's main campus is one of the top donation sites in the county.

In one word, "It was wonderful," Christine Stockdale, Lane Memorial Blood Bank community relations representative, told The Torch.

The blood made a significant impact on the local blood supply, said Stockdale. "And when you think that each unit can be broken into three separate components that can be used by different patients, you realize just how many lives have been affected."

LMBB is asking college staff and students to match or exceed the October 25 effort when the Bloodmobile visits on Thursday, January 23 (9 a.m. to 3 p.m.) and Friday, January 24 (9 a.m. to noon). To schedule an appointment, call Pete Peterson (5654).

Most donors last term said they simply felt a need to donate.

Mark Harris, a faculty member in the Drug Abuse Prevention Program, told The Torch that he regards donating blood as a "social duty, like voting. I'm a frequent donor."

Student Evan Burns said he had learned from LMBB "that they were low on my blood type, so I decided to help out."

And Jan Kleminsky, staff member in the Computer Services Department, told The Torch, "It's an easy way to give, and hopefully it will be there when I need it."

LMBB nurse Carol Keck said, "We use about 1400 units of blood a month here in Lane County. Forty percent of that blood comes from blood-drives The other 60 percent comes from people donating at the (Blood) bank in Eugene."

Latino Student Union members, who helped organize the October 25 Bloodmobile visit, wish to thank the following staff members and students who registered to donate: Barbara McCall, Judy Fuller, Chuck Fike, Angela Miller, Shirley Nagy, Colby Sheldon, Elliot Meier, Maurice Hamington, Dawn Rupp, Skye MacIvor, Nanci LaVelle, Rebecca Jones, Sharon Kealoha, Lani Wright, Morgan Caughey, Shirley Valentine, Rick Simms, Susie Cousar.

The list continues: Kris Fox, Clint Gordon, Liz Coleman, Kyra Oellig, Connie Dail, Gary Anderson, Sharon Braaten, Gabe Bradley, Jean Cettel, Lorina Johnson, Tracy Rea, Mark Harris, Guy Plaa, Loretta Plaa, Claudia Owen, Gwenda Sluyk, Karen Dickey, Sallie Holloman, Maria King, Dan Hodges, Mike Mitchell, Justin Ahrenholtz, Paul Wanke, Amber Burns, Craig Taylor, Jan Kleminsky, Angela Stephens, Evan Burns, Stacy Murphy, LaMont Lee, and Josh Thurman.

Submitted by Pete Peterson.

UNOFFICIAL BALLOT BOXES AVAILABLE ON MAIN CAMPUS

Unofficial ballot boxes will be out again on campus for Measure 28, at the Student Resource Center outside of the library in the Center Building, and outside of Room 206 in Building 1, second floor by elevator. If anyone else would like a box I have two more available. I will pick them up and take them in myself. I want to hit as many traffic areas as we can. I would like to place them by Thursday. Submitted by Bette Dorris, ext. 5365.

TRANS RIGHTS FORUM: NATIONAL, LOCAL AND PERSONAL PERSPECTIVES

Lori Buckwalter, Executive Director of It's Time, Oregon!, an organization committed to promoting the gender identity and expression rights of all Oregonians, will moderate a public forum on trans and gender rights, sponsored by the University of Oregon LGBTQA. It will be held on Thursday, January 23, from 7-9 p.m., in the Ben Linder Room of the EMU Building, on the University of Oregon campus.

In the wake of recent events in Eugene, Oregon, and around the country, this forum will discuss the issues confronting trans and other gender minorities. It will include personal accounts of trans experience, problems and solutions to obtaining protections for gender identity and expression, and the future of gender rights here and nationally. Ms. Buckwalter, a noted trans advocate from Portland, will be the moderator of the discussion.

Five primary speakers will stand and address the audience in response to questions posed by the moderator and by the community. These speakers will represent different parts of the trans spectrum, with unique opinions and experiences. Students, members of the Eugene community, and all others interested in learning more about these important issues are cordially invited to attend.

For information, contact: Lori Buckwalter at (503) 813-4046 (transgal@yahoo.com) or Kristina Amenakis, c/o U of O LGBTQA (541) 346-3360 (karmenakis@hotmail.com)

PERS SESSION SCHEDULED

PERS representative Mary Soper will be at Lane on Friday, February 21 for two special presentations to Lane staff. A 9 a.m. to noon session will focus on the PERS information applicable to staff with one year or less to retirement. Content will include an understanding of your estimate, completing retirement forms, and responses to your questions. An afternoon session from 1:30 - 3 p.m. will be an open question and answer time for all staff about PERS issues/changes. This is an important issue for all staff nearing retirement. Changes are occurring which may affect your decision on the timing of your retirement. In order to be best informed, please request a copy of your Retirement Estimate from PERS as soon as possible, to have available at the Feb. 21 session. To obtain the form, go to www.pers.state.or.us; then forms; then estimate request, which you will need to print out, complete and sign, and fax to PERS at 1-503-598-0561. Your estimate will be mailed to your home prior to the presentation. PERS is requesting a one-month lead time for estimates, and is not providing retirement benefit estimates for retirement dates past January 1, 2004, at this time, due to the pending change in actuarial equivalency factors.

To pre-register for the morning 9 a.m. - noon session, please RSVP to Julie Baker by e-mail. Site will be new Workforce Training Center; room TBA closer to training.

"EFFECTIVE WEB DESIGN" TELECONFERENCE VIDEO AT THE LIBRARY

If you were among those unable to attend the "Effective Web Design" teleconference on December 6, here's a second chance to see it. The emphasis is on web design and libraries - but those who attended the teleconference found the information useful for web sites of all kinds. Here is the description of the program:

"This teleconference brings fresh ideas to the Web environment. Experts will present and discuss user-centered design benchmarks, practical usability testing techniques, the do's and don'ts of writing for the Web, and targeting search results for the user while providing for efficient site management.

This teleconference brings to your staff a wealth of practical information that can be put to use immediately. It will stimulate discussion and planning for larger projects. Best of all, your staff can see and hear the wisdom of experts at a place and time convenient to them and to you."

Ask at the (new and improved!) Library Circulation Desk for this 2-hr. videotape, which may be checked out for 7 days. Nadine Williams, Library Director

NEXT COPIA LECTURE ON SATURDAY

The Copia Lecture Series continues on Saturday, January 18th at 7:30 p.m. in the parish hall of St. Mary's Episcopal Church (13th and Pearl) with a lecture entitled "A Meditation on Devotion," given by Michael McDonald, English instructor at Lane. Drawing from his experience as a student of a wide variety of literatures, religions, and musical traditions, Michael McDonald will lead a meditation on devotion, delving into the question of how devotion can shape our lives, even, and perhaps especially, in the absence of a codified system of belief. In pursuing the question of how devotion differs from belief, and why drawing a distinction between devotion and belief might be significant for anyone's life, McDonald will share stories and songs ranging from the tradition of Tibetan Buddhism to the extraordinary devotional lives of Hildegard von Bingen and Mirabai.

The monthly Copia Lecture Series is a partnership between Lane Community College and St. Mary's Episcopal Church. The series' purpose is to nourish the mind and spirit of our local community with lectures and presentations covering a generous range of topics of interest to the general public. All Copia Lectures are free of charge. Refreshments will follow, served by Episcopal Campus Ministry.

"In the Tutoring Centers on main campus, students are nurtured and encouraged to not give up, they are shown a different way to learn the material and they get to practice whatever they are working on under a supportive eye. The students usually feel supported in every attempt they make. Students usually arrive frustrated and overwhelmed with a giant sense of failure. This is the second in a series of teleconferences presented by the College of DuPage and sponsored by the Oregon State Library. While the emphasis is on time management for library staff, the information would be useful to a much broader audience, and we hope you can attend. Here's a description of the program: Many (library) staff feel overloaded at work, and look for ways extend the day beyond 24 hours or save time in a bottle. This session explores practical techniques for managing your work, offering a wide range of suggestions for more effective use of your time. Factors to be considered include how to negotiate deadlines and work assignments, being more realistic about the time available, and maintaining a balance between work and home. PERS SESSION SCHEDULED

PERS representative Mary Soper will be at Lane on Friday, February 21 for two special presentations to Lane staff. A 9 a.m. to noon session will focus on the PERS information applicable to staff with one year or less to retirement. Content will include an understanding of your estimate, completing retirement forms, and responses to your questions. An afternoon session from 1:30 - 3 p.m. will be an open question and answer time for all staff about PERS issues/changes. This is an important issue for all staff nearing retirement. Changes are occurring which may affect your decision on the timing of your retirement. In order to be best informed, please request a copy of your Retirement Estimate from PERS as soon as possible, to have available at the Feb. 21 session. To obtain the form, go to www.pers.state.or.us; then forms; then estimate request, which you will need to print out, complete and sign, and fax to PERS at 1-503-598-0561. Your estimate will be mailed to your home prior to the presentation. PERS is requesting a one-month lead time for estimates, and is not providing retirement benefit estimates for retirement dates past January 1, 2004, at this time, due to the pending change in actuarial equivalency factors. To pre-register for the morning 9 a.m.-noon session, please RSVP to Julie Baker by e-mail. Site will be new Workforce Training Center; room TBA closer to training.

SHOOT FOR THE CURE: DAVID JOYCE INVITES PARTICIPATION IN MOSAIC PROJECT

David Joyce, former Lane instructor and local artist, will set up a digital photo booth on main campus on February 6 and 7 from 10 a.m. to 2 p.m., in the cafeteria. The booth is for anyone at Lane whose life has been touched by cancer - whether as patient, caregiver, family member or friend - is invited to take a self-portrait in the booth. Joyce will add these photographs to hundreds of others from Lane County to make a large mosaic honoring the people who are battling cancer in our communities.

Also on display at the Shoot for the Cure booth will be examples from a commission Joyce recently completed for the city of Norfolk, Virginia. In 1999, he was asked to produce a work of art celebrating the city's diversity and sense of community as it entered the new millennium. During a residency the following year, Joyce oversaw the shooting of 14,000 digital self-portraits of Norfolk residents and personally shot another 2,000 images of the city and its environs. A series of mosaics was constructed from these 16,000 photographs and full-size copies will be on display during Lane's Shoot for the Cure event.

This project is sponsored by the Willamette Valley Cancer Center. For more information contact Patient Education Coordinator Lynda Godell at t 681-4942, or David Joyce, artist, at 741-2457.

BOND PROJECTS STATUS REPORT

From the January 15 Board of Education meeting packet

MAIN CAMPUS PROJECTS: The Welding Technology Building, Addition to Campus Services Building, Parking Lot Improvements, Child Care Center, Math-Science Addition, Bus Station, Student Services Building, Central Plant Upgrade, Health Technology, Performing Arts-Physical Education ramp, Addition to Performing Arts, Center Building, 2nd floor N. remodel, Library remodel, and temporary space for Archives have all been completed.

WORKFORCE TRAINING CENTER: The bond project manager, the architect and the general contractor have not been able to resolve some charges for extra work. Consequently, we are moving towards resolving our differences through a process called mediation.

Completion of construction for the Preparation Kitchen was delayed due to problems with the hood installation. Those problems have been resolved and the current schedule shows a completion date of January 21, 2003.

THE AUDITORIUM continues to be usable but not complete. The finishing of the top and front of the stage is the remaining element.

CENTER BUILDING, FOURTH FLOOR REMODEL: Demolition is about 95 percent complete. Light metal framing is about 75 percent complete. The electricians and HVAC subcontractor are about 40 percent complete with their rough-in work. Installation of drywall has started and the scaffolding for the exterior windows is in place. We are still within our original time schedule and budget.

SEWER LAGOON UPGRADE: DEQ has issued another set of comments to the Revised Facilities Plan submitted by Weber Elliot, the college engineers. DEQ says they are "minor comments" that must be addressed prior to approval. The comments concern technical issues that will not affect the cost or implementation of the upgrade. The engineers are presently preparing a response to these comments. Final design work will not begin in earnest until the DEQ formally approves the Facilities Plan. Weber Elliott and the college have completed negotiations of the Owner-Engineer Agreement for the design phase of the lagoon upgrade. Later, in this meeting, you will be asked to consider a recommendation to award this contract. Report prepared by Bob Mention.

BANNER PAYROLL IS ROLLING ALONG

First Banner Payroll: Celebrate! Lane's Human Resources staff successfully completed the first Banner payroll for the January 24 payday. Lane employees may now confirm their gross pay, net pay, direct deposit and deductions on ExpressLane Web using their "L" and pin numbers. No paper documentation for direct deposits will be issued by the Banner system. Please remember that funds are not deposited and available to employees until the payroll date. Following Banner Finance, Banner HR is another important step to substantially improve college information services for the benefit of all Lane employees, students and customers.

Questions About Banner HR Payroll: Lane employees with questions about their January 24 payroll should use either of two campus numbers on Thursday and Friday, January 23 and 24, to process payroll questions. Employees should first review their payroll information via ExpressLane. Please use the following numbers only if you cannot answer your payroll questions by reviewing your information on the Web. Call the payroll information line, ext. 5115, or ext. 5585 in Lane HR if you have questions about the January 24 payroll. HR staff will research your question and respond via e-mail or phone as soon as the answer is clear.

Lane employees who have just elected direct deposit will receive a check for their first Banner HR payroll. The checks will be mailed on Thursday January 23. The staff in Human Resources appreciates all

the patience, understanding and support extended by Lane employees during Banner HR implementation. Lane employees are encouraged to pay very close attention to all future Banner HR deadlines.

LANE'S LEAGUE MEMBERSHIP IS UP FOR RENEWAL

"Lane raised the bar for self evaluation documents," said Mark Milliron, president and CEO of the League for Innovation at the league board meeting in October. League colleges must reapply for membership when they have a change of president. As a result, league representatives will be on campus on January 27 and 28 to further evaluate our eligibility to continue our league membership. Lane has been a long-standing member of the league, is the only league college from Oregon, and is one of nineteen colleges that comprise the league's board. The league is a consortium of leading community colleges organized to stimulate innovation and experimentation at community colleges, and the league has over 700 associate members worldwide. For more information, visit www.lanecc.edu/league/index.htm or call Lane's league representative, Tamara Pinkas, at ext. 5011.

ACCREDITATION: TAKING PRIDE IN WHAT WE DO WELL AND IDENTIFYING WHAT WE CAN DO EVEN BETTER

The work started during in-service on our self-study for accreditation will continue throughout the year, college wide in every department. Every Tuesday and Thursday in The Daily, we will randomly select and highlight how one person's daily work aligns with the mission and core values of the college. If you would like to submit an example, send an e-mail to SelfStudyAccreditation@lanecc.edu.

"The TRIO Learning Center incorporates the Core Values of the college in many ways. One-on-one tutoring helps to put the needs of various learning styles first, we honor diversity and work to create a safe environment where all people are treated with dignity and respect. Each student is treated as unique and gets individualized attention in order to come up with an on-going "Student Support Plan" that will aid them in meeting the academic, social, cultural and economic challenges they may face as college students. I enjoy helping students come up with solutions for success." - Stephanie Raglin, Project Specialist, TRIO Learning Center

Thank you, Stephanie, for your work in advancing Lane's core values. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

The Diversity Coordinator will also share diversity efforts on campus and in the community. Materials from Lane's Diversity Resource Library will also be available for staff review. Conversations are scheduled for January 28 and February 11 in Building 16 (Science) Room 217, from 3-5 p.m. You may drop in at any time during the two hours. There is no need to RSVP. CLASSICAL CUISINE DINNER OFFERS MEDITERRANEAN THEME

"A Tour of The Mediterranean" is the theme of the winter classical cuisine dinner offered by Lane culinary arts students on Thursday, February 13, at 6 p.m. in the Workforce Training Center, Building 19, large conference room.

The dinner begins with a Middle Eastern mezze platter with tangy bulgar wheat, garbanzo bean spread, melons, grapes, and homemade pitas. The second course features prawns wrapped with Spanish ham served in a crisp phyllo cup and accompanied with a light lemon aioli. The third course is an Egyptian green herb soup made with dried molokhiyya (a spinach-like green). The entree is a grilled lamb with red wine demi-glaze served with mushroom risotto, oven-dried tomatoes and grilled eggplant. A Meyer lemon (a lemon-tangerine blend) sorbet follows as the intermezzo. A light salad will follow, with fresh mesclun greens, Roquefort cheese and delicate champagne vinaigrette. The dessert is marbleized chocolate torte with orange cornmeal rosettes and apricot sauce.

A vegetarian dinner option can be pre-ordered. A no-host bar will feature international and regional wines and an assortment of beers. Entertainment will be provided.

Tickets are \$23.50 per person. Because of limited seating, ticket orders should be received by Culinary Arts by February 10. For more information, call Annie Caredio at ext. 3503.

BOARD REPORT FOR JANUARY

The Lane Community College Board of Education met Wednesday, January 15. An executive session was held at 4:30 p.m. for legal counsel and labor negotiator consultations. A work session on the budget followed; and the regular meeting began about 6:40 p.m.

Gov. Kulongoski's proposed balanced budget for the state reduces funding to community colleges by 8 percent and could cost Lane another \$300,000 or \$400,000, said President Mary Spilde in the work session. This increases Lane's projected funding gap for 2003/04 to \$4.8 million. She also said PERS will announce new liability estimates by early March and that some community colleges are considering issuing bonds in April to address this problem. The board will discuss this next month.

In regular session, President Spilde introduced Dennis Carr, new director of Human Resources, and Bert Logan, new director of Student Financial Services.

In her monthly report, Spilde reiterated information about the governor's budget and added that she will propose a college budget in March with reduction and revenue recommendations. Possible new revenues discussed in previous board meetings include paid parking, a student services fee, and a more aggressive summer program.

Staff are continuing discussion from December about the challenge of cutting so many classes spring term should Measure 28 fail. Analysis has shown that in order to preserve the third section of three-term sequences, and to assure that students graduate, not more than 160 sections can be cut. If M28 passes, no cuts will be necessary spring term.

Spilde said promotional work this month included the first of a series of president's forums with community groups; the college's first quarterly report; and posting monthly highlights on the web (see <http://www.lanecce.edu/instadv/monthly/index.htm>).

Finally, Spilde condemned racist flyers found on campus and emphasized for the record that Lane is a dedicated to being racism free zone.

The monthly bond update included an annual review; look for this report in a future Daily.

Speaker Dennis Gilbert questioned whether cutting class sections will actually save money. He asked for a definitive list of sections to be cut.

The consent agenda passed 7-0. Included were hiring Weber Elliott Engineers of Eugene to provide engineering services for sewage lagoon filtration design for \$133,408; hiring Control Contractors of Portland to supply and install a building control system for the Center Building fourth floor remodel for \$289,520, plus control system upgrades for 11 other buildings for \$208,256; to purchase a 35,000-gallon hot water tank for main campus from Roy E. Hanson Mfg. of Los Angeles for \$107,325; and to adopt some changes in Oregon administrative rules.

In other business the board approved the purchase of a 1979 Piper Seminole twin-engine airplane for the flight technology program, using board contingency funds to be reimbursed by the sale of an older plane and by assessing the program budget over five years. The new plane will help the program continue its move to self-support. Division chair Dave Keebler said students need flying time on a twin-engine plane to qualify for jobs as airline pilots. He said the job outlook remains strong despite downturns in the airline industry. He said Lane charges \$185 per hour in fees for flight instruction including instructor time.

The board reviewed a benchmark on changes in employee headcount; and monitoring reports on asset protection and financial condition and activities.

The meeting adjourned about 8:10 p.m. The next meeting will be February 12. After approval, minutes are posted at <http://www.lanecc.edu/presoffc/board/minstoc.htm> . Submitted by Joan Aschim.

DAVID JOYCE INVITES PARTICIPATION IN PHOTO MOSAIC PROJECT

David Joyce, former Lane instructor and local artist, will set up a digital photo booth on main campus on February 6 and 7 from 10 a.m. to 2 p.m., in the cafeteria. The booth is for anyone at Lane whose life has been touched by cancer - whether as patient, caregiver, family member or friend - is invited to take a self-portrait in the booth. Joyce will add these photographs to hundreds of others from Lane County to make a large mosaic honoring the people who are battling cancer in our communities. Also on display at the Shoot for the Cure booth will be examples from a commission Joyce recently completed for the city or Norfolk, Virginia. In 1999, he was asked to produce a work of art celebrating the city's diversity and sense of community as it entered the new millennium. During a residency the following year, Joyce oversaw the shooting of 14,000 digital self-portraits of Norfolk residents and personally shot another 2,000 images of the city and its environs. A series of mosaics was constructed from these 16,000 photographs and full-size copies will be on display during Lane's Shoot for the Cure event. This project is sponsored by the Willamette Valley Cancer Center. For details contact patient education coordinator Lynda Godell at t 681-4942, or David Joyce at 741-2457.

UNDERSTANDING DIVERSITY: WHAT CAN I DO?

This four-hour workshop will provide a broad general overview of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools, and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness -raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award-winning video, "Blue Eyed," which deals primarily with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. There will be two opportunities to participate in this workshop: Wednesday, February 12, 8 a.m.-Noon, Building 16, Room 211; or Tuesday, April 22, 1-5 p.m. (room TBA). For registration, please call ext. 7775. For information on the workshop, contact Jim Garcia, Diversity Coordinator at ext. 5852.

REMINDER: DIVERSITY PLAN POSTED FOR REVIEW

The Lane Diversity Team invites staff to review a draft of the updated 2003-2008 Diversity Plan. The team, including students, staff and community members, has reviewed and updated the 1995 plan. The updated 2003-2008 Diversity Plan presents a vision for diversity at Lane and incorporates best practices in the area of diversity strategic planning. Staff are encouraged to read the plan online and provide feedback using the electronic Comment Form. The Diversity Team has composed six questions on the comment form to assist us in processing your ideas and thoughts. When you press the "Submit" button on the Comment Form, your comments will be delivered directly into our e-mail box. The document is available on the Affirmative Action/Diversity/Equal Opportunity webpage (click on December 2002 Draft). To make general comments on the proposed Lane Community College Diversity Plan, please e-mail to Diversity@lanecc.edu. We ask that you provide comments by February 3. Your feedback is greatly appreciated! Should you have further questions, or would like to discuss the plan in person, please call Jim Garcia, Diversity Coordinator, at 463-5852.

SIGN UP NOW FOR PERS WORKSHOP

PERS representative Mary Soper will be at Lane on Friday, February 21 for two special presentations to Lane staff. A 9 a.m. to noon session will focus on the PERS information applicable to staff with one year or less to retirement. Content will include an understanding of your estimate, completing retirement forms, and responses to your questions. An afternoon session from 1:30-3 p.m. will be an open question and answer time for all staff about PERS issues/changes. This is an important issue for all staff nearing retirement. Changes are occurring which may affect your decision on the timing of your retirement. In order to be best informed, please request a copy of your Retirement Estimate from PERS as soon as possible, to have available at the February 21 session. To obtain the form, go to www.pers.state.or.us; then forms; then estimate request, which you will need to print out, complete and sign, and fax to PERS at 1-503-598-0561. Your estimate will be mailed to your home prior to the presentation. PERS is requesting a one-month lead time for estimates, and is not providing retirement benefit estimates for retirement dates past January 1, 2004, at this time, due to the pending change in actuarial equivalency factors. To pre-register for the morning 9 a.m.-noon session, RSVP to Julie Baker by e-mail. Site will be Workforce Training Center; room TBA closer to training.

ACCREDITATION: TAKING PRIDE IN WHAT WE DO WELL AND IDENTIFYING WHAT WE CAN DO EVEN BETTER

The work started during in-service on our self-study for accreditation will continue throughout the year, college wide in every department. Every Tuesday and Thursday in The Daily, we will randomly select and highlight how one person's daily work aligns with the mission and core values of the college. If you would like to submit an example, send an e-mail to SelfStudyAccreditation@lanecc.edu.

"Faculty and staff seem to live these out in Family and Health Careers. To serve is key in all of our areas. I don't see a single value that we don't try to deal with every day. Without respect, none of the others work. Good reminders for all of us." - Anne O'Brien, Family and Health Careers.

Thank you, Anne, for your work in advancing Lane's core values. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

WHAT DOES IT MEAN TO BE AN AMERICAN?

Come and share your "American Experience" (and perhaps learn more about it) with a group of International students taking a "College Transitions" class. We need American volunteers to come to the Downtown Center, Room 16, on Fridays from 1:30-2:30 p.m. to be interviewed, share their thoughts, opinions and ideas, and hopefully also learn about another culture. Refreshments are provided (no general funds are used for refreshments--they are shared happily through donation). This is a very fun way to learn about other cultures and help out some students who are beginning to take credit classes on the main campus. For more information, please e-mail Tracy Henninger at henningert@lanecc.edu or call her at ext. 4936.

Are you a Lane employee who is working toward a higher education degree? Have you recently received your degree? Lane's Chapter of the American Association of Women in Community Colleges (AAWCC) wants to know. AAWCC would like to establish a program in which we can recognize our colleagues who have achieved their educational goals and encourage those who are working hard to complete their degrees. Please e-mail or call Donna Zmolek at zmolekd@lanecc.edu, ext. 5428, and let me know which college you are attending, your field of study, and the date or anticipated date of graduation. AAWCC applauds your efforts!

FOOD for LANE COUNTY, I am still cleaning up fir trees for firewood from last year's windstorm (and will be for several more years) ALL proceeds from the sale of the wood go to a good cause that we agree on with the seller. I would be glad to include food for Lane County. Thanks to Judy McKenzie for reminding me. So if anyone would like to reserve fir firewood for this summer pickup I will make a donation to Food for Lane County or another organization. (Lane, Friends of Eugene, The Nature's Conservancy etc.) The price has been quite negotiable around \$120 per cord, cut and split, you haul. Many other options are available including 8' small logs in your pick-up. Small quantities are OK. John Winquist, ABSE, ext. 5515 or e-mail.'

PREMIERE LOCAL SHOWING OF FARMWORKER DOCUMENTARY. "Justice on the Table" is a new video about the struggle for farmworker justice in Oregon. A premiere showing of the 25-minute video will take place on Tuesday, February 4th at 7:30 pm at 200 North Monroe in Eugene (the school district administration building). The president of the farmworkers' union in Oregon will be on hand to provide an update on proposals affecting farmworkers which are being considered by Oregon legislators. Jim Garcia will offer music from the movement for farmworker rights. Using interviews with farmworkers and their supporters, the video prompts each of us to examine the conditions under which our food is grown and to ask, "Is this justice?" For more information: 607-8097 or 688-0195. Submitted by Jim Garcia, Diversity Coordinator'

FOOD FOR LANE COUNTY IS STRUGGLING this year to make its budget and continue its (critically important) work of feeding our community's hungry. The staff have voluntarily taken cuts and eliminated their own benefits, and they are still short \$200,000. The Academic Learning Skills Department has collected and is donating \$16.50 per person in their department in our campaign to raise funds for Food for Lane County. We've been told that Social Science, ESL, ABSE, and the NOW program have picked up our challenge, and we want you to know that the figure to beat is now \$16.50 per person. Other departments, can you beat that? Submitted by Judy McKenzie.''
