## SCHAFER ENDOWMENT AWARDS ANNOUNCED

The Lane Community College Foundation is pleased to announce the Schafer Innovation Awards for 2003/04.

A Pat-on-the-Back Award for \$250 goes to Sandra Stice and the Dental Assistant Advisory Committee. The Dental Administrative Assistant program is the first program in the U.S. that specifically focuses on the educational training for dental administrative personnel. It was designed to better serve the needs of dentists and provide training in dental office administration. Mixed arrays of students are currently enrolled including employed dental professionals, dentists, dental assistants, and others seeking a career change.

An Eldon G. Shafer Innovation Grant for \$5,000 goes to Ellen Cantor for the Reading Together project. Reading Together will center on two books which focus on diversity, the novel "Montana 1948" and the non-fiction book "Privilege, Power, and Difference." Activities will include class discussion, assignments, performing arts productions, art exhibits, lectures, guest speakers, author visits, forums, movies, student presentations, service projects and more.

The Eldon G. Shafer Endowment for Innovation annually funds projects that demonstrate creative thinking, innovative approaches and experimentation in educational programs. Contact: Janet Anderson.

## SELF-STUDY: LANE'S 2004 ACCREDITATION

Continuing our conversation: what it means to be learning-centered at Lane. At our Spring Conference, we held a collegewide conversation about what it means to become more learning centered at Lane. As part of that conversation, we asked for participants to answer this question: How does your work improve and expand student learning?

Since learning is one of our core values, understanding how we think about this principle as a college is important in preparing for our accreditation in October 2004.

"I'd like to help my students discover the desire to learn and to feel that learning is an end in itself, not just a means to a different goal. Creating that sense of the joy of learning is the foundation of the learning environment." Ken Zimmerman, English, Foreign Language and Speech

Thank you, Ken, for your work in enhancing student learning. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

Every Tuesday in The Daily, we randomly select one person's submission as an example of how her/his work improves or expands student learning. If you would like to submit an example, please send an e-mail to [SelfStudyAccreditation@lanecc.edu](mailto:SelfStudyAccreditation@lanecc.edu). Submitted by Mary Jo Workman.

## CLASSIFIED STAFF KEEP LANE HUMMING

The Classified Professional Development Team would like to recognize some of the past Classified Employee of the Month winners ('96-'97): Pam McClelland, Jamie Kelsch, Ross Jackson, Nancy Rogers, and Skip Hubbard. If you work with one of these winners, congratulate the winner again today for the outstanding job they do as a member of the classified staff at LCC. Submitted by Colby Sheldon and Leigh Alice Petty, Employee of the Month Co-Chairs for CPDT.

## TIME FOR EMPLOYEE OF THE MONTH NOMINATIONS

The Classified Employee of the Month subcommittee has new leadership. Colby Sheldon, International Student Program, and Leigh Alice Petty, Disability Services, want to encourage everyone to nominate a fellow classified employee for the award. Do you know someone who has saved the college money, done an outstanding job solving problems for staff or students, or been a real team-worker during these months of Banner, ExpressLane, and budget cuts? Applications will soon be available on the Classified Professional Development Team website. Currently you can request a nominating form from Colby at ext. 5165, Leigh Alice at ext. 5091, or Human Resources. Submitted by the Classified Professional Development Team

#### PERS ONLINE CALCULATOR HAS BEEN UPDATED

The PERS online retirement benefit estimate calculators have been updated with the actuarial equivalency factors that were effective July 1, 2003. There is a separate calculator for Tier One and Tier Two members. The benefit estimate calculators provide PERS members with an estimated account balance and benefit amount for each of the 13 retirement options. The calculators can be accessed from the PERS home page under the Customer Service heading at: <http://www.pers.state.or.us> Submitted by Vicki Ellison.

#### ANTI SPAM UPDATE

Since the August 1 implementation of the anti-spam solution, 6,889 spams have been deferred from user mail boxes. Even though we are not able to filter out 100 percent of spam, you should be seeing a significant difference. Our testing phase will last approximately two months at which time we will either turn it off or leave it running. During this period any input you have will be appreciated. Please contact Ardene Toney at 464-3359 if you suspect that legitimate e-mail is being filtered. Thank you.

#### IN MEMORY

Bea (Bernice) Osburn, 80, died July 19 of age-related causes. A memorial service was held July 22. Bea got her nursing degree at Lane Community College, her bachelor's at the University of Oregon, and came back to teach here in the 70s and 80s. She started the Certified Nursing Assistant program and was instrumental in establishing state certification for CNAs. Her family has asked that memorial contributions be made to the LCC Nursing Program for scholarships, through the Lane Community College Foundation. Contact: Janet Anderson.

Richard A. Filloy, English instructor, died suddenly of cardiac arrest on July 27. A memorial gathering was held August 2. Rick taught English composition, literature, and speech communication courses at Lane since 1989, and was teaching two sections of WR 121 this summer. He was a vital and passionate educator whose teaching challenged students to think critically, speak out, and live fully. Rick will be deeply missed by colleagues in the English, Foreign Language, and Speech Division and by countless students whose lives he has touched over the years. Contact: Susan Swan.

### SELF-STUDY: LANE'S 2004 ACCREDITATION

Continuing our conversation: what it means to be learning-centered at Lane. At our Spring Conference, we held a collegewide conversation about what it means to become more learning centered at Lane. As part of that conversation, we asked for participants to answer this question: How does your work improve and expand student learning? Since learning is one of our core values, understanding how we think about this principle as a college is important in preparing for our accreditation in October 2004.

"Regarding the Mathematics Resource Center: Many of our math students are non-traditional learners. They have family or work schedule obligations that don't allow them to attend traditional lecture classes. Others have difficulty grasping math concepts at the pace of a typical lecture class. For this population of students the Math Resource Center provides an essential means for their success.

"Our facility and staff offer self-paced, variable credit instruction and tutorial/videotape assistance for students learning fundamental mathematics skills. We enroll about 150 students during summer session and usually three to four hundred students per term during the school year. Additionally, we provide tutorial and video-tape support for the more than 3000 students receiving mathematics instruction each term.

"Current and former students' testimonials indicate how essential our staff and facility have been to their success. Many praise the caring nature of our tutors and comment on how they never would have succeeded in their math course without the support and flexibility of the MRC.

"Based on such continued positive feedback for more than 30 years, the mathematics division continues to support and improve this essential service." Robert Thompson, MRC Director

Thank you, Robert, for your work in enhancing student learning. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

I am writing to thank all those on campus who were so kind and thoughtful in their prayers and gifts. I have been working at half time since June -- just two months after my brain surgery! Truly a Heavenly gift. Again, thank you. Gail Hamilton, ext. 5069.

### TRAINING FOR THE WEBVIEWER: LANE CALENDAR OF EVENTS

The Lane WebViewer for viewing the college's calendar of events went live on Monday, July 7th. The second in a series of trainings for the WebViewer will be held in the Boardroom (LCC03 216) on Thursday August 28th, from 1:30-3 p.m. Navigational training and scheduling processes that changed on July 1 will be demonstrated and explained.

The WebViewer is an electronic calendar that accesses the college's scheduling database and displays them on Lane's homepage. Access is available to the public as no login is required to view the calendar.

You can find the link to the LCC WebViewer on the [lanecc.edu](http://lanecc.edu) homepage under Calendar of Events. This link requires the use of Internet Explorer (IE) 5.5 or greater or Netscape 7.X. For Macintosh users; Mozilla will also work.

There are filters, or special selections, on the right side of the page that will help narrow down the college events in to more specific or management groupings. These filters will be added, modified and deleted to meet current calendar needs. The LCC WebViewer will display both academic classes for all campus locations and events that are sponsored by the college. Recently added filters for outreach campuses and centers are now available. All events and meetings scheduled with one of the Resource 25 schedulers will be displayed on the web in addition to all classes built in Banner. Contact: Alen Bahret, Computer Services, ext. 3347.

### SELF-STUDY: LANE'S 2004 ACCREDITATION

Continuing our conversation: what it means to be learning-centered at Lane. At our Spring Conference, we held a collegewide conversation about what it means to become more learning centered at Lane. As part of that conversation, we asked for participants to answer this question: How does your work improve and expand student learning? Since learning is one of our core values, understanding how we think about this principle as a college is important in preparing for our accreditation in October 2004.

"I cook well-balanced meals for the Child Care Co-op. This helps the children be better prepared to learn." Loretta Boss, ASLCC. Thank you, Loretta, for your work in enhancing student learning. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

Every Tuesday in The Daily, we randomly select one person's submission as an example of how her/his work improves or expands student learning. If you would like to submit an example, please send an e-mail to [SelfStudyAccreditation@lanecc.edu](mailto:SelfStudyAccreditation@lanecc.edu) . Submitted by Mary Jo Workman.

### TRIO TAKING STUDENT APPLICATIONS

"My work on web pages, direct service with students, helping them choose classes, and problem solving with them expands and improves Lane's learning environment." J.C. Jones, Continuing Education

Thank you, J.C., for your work in enhancing student learning. The office of Instruction and Student Services will deliver a coupon for you to purchase a gourmet coffee drink or a regular coffee/tea and muffin at the espresso bar in the cafeteria.

Every Tuesday in The Daily, we randomly select one person's submission as an example of how her/his work improves or expands student learning. **REFER SCHOLARSHIP DONATION INQUIRIES TO THE FOUNDATION**

The Lane Community College Foundation requests that any inquiries about establishing a scholarship or about donating to Lane be referred to the Foundation office at 463-5226.

**WANTED: FIFTY FRIENDS OF THE LONG HOUSE AT LANE**

Or, what can you do with \$25?

The Lane Community College Long House project will provide additional classroom space, culturally specific meeting and gathering space, and be a community resource for students, staff and the community. Spirit Mountain has donated \$50,000 to the Lane Long House fund with a promise of a matching \$50,000 as soon as we raise an additional \$50,000. While there are many efforts large and currently underway to secure the total \$450,000 needed to begin construction, we are focusing on that first \$50,000 to obtain the matching money.

How can you help? Please join us in the Fifty Friends of the Long House campaign. Through payroll deduction, you can have a specified amount donated to the Long House fund each month. We're looking for individuals or groups who are willing to pledge a minimum of \$1,000 to the Long House. It doesn't have to be in one large sum. For example, individuals could pledge \$50 a month for 20 months. That's \$25 per paycheck. Groups or departments could combine pledges. For example, five people from a department could decide to pledge \$10 a month for 20 months and be recognized a part of the Fifty Friends of the Long House. The Fifty Friends of the Long House at Lane will be recognized with a plaque, along with other major donors. Please help. While we are specifically seeking minimum pledges of \$1,000 for the Fifty Friends campaign, donations in any amount are welcome. All donations are tax deductible.

Another way to help is to donate auction items for the Harvest Dinner fundraiser to be held Wednesday, September 24. Auction item information is needed by September 2. Organizers will make arrangements to pick up your donation prior to the dinner/auction.

If you can help through a payroll deduction or direct donation, contact the Foundation at 463-5226. If you can donate an item for the Harvest Dinner auction, contact Miriam Jordan at 463-5315.

#### FACULTY CONNECTIONS HELPS NEW INSTRUCTORS

All new faculty (both full-time and part-time) are invited to attend the first fall event of Faculty Connections on September 17 and 18. This program is designed to orient new faculty to the college and to make connections between new faculty and established Lane faculty and other staff. A stipend is granted to each participant. See our webpage for more details:

<http://teach.lanecc.edu/fc> . Pre-registration requested as soon as possible or by September 12 at the latest. Contact: Beth Naylor, 463-5533, [naylore@lanecc.edu](mailto:naylore@lanecc.edu)

#### STAFF NAME CHANGE

In keeping with a long line of High School and Community Relations coordinators who have changed their names, I am now Karen Edmonds instead of Karen Dickey. New e-mail address: [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu). Please note the change in your staff directory. Submitted by: Karen Edmonds (formerly Dickey), 463-5688.

#### SEVERAL NEW COLLEGE BROCHURES AVAILABLE

Lane has several new marketing brochures available for your office, department, or student lounge. An updated main college brochure will replace any of the older envelope-sized green brochures you may have laying around. A new brochure with information for Latino students is available in both English and Spanish. Also ready are "cluster area" brochures that provide information on professional technical degrees in Health Services, Human Services, Industrial Trades, Transportation Trades, and Business & Computers. If you would like a supply of any of these brochures, please contact Karen Edmonds at 463-5688 or [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu)

#### POTENTIAL FOR FACULTY TO BETTER UTILIZE MULTI-CULTURAL CENTER

We would like to work more closely with Lane faculty and have faculty utilize the Multi-Cultural Center resources more this year. One idea I had was to show videos in the MCC that compliment work that students are doing in their classes: background information for papers, maybe they could get extra credit, or utilize the videos in some other way. You could just send me a list of videos and most appropriate dates and I could set them up here. Would love to hear ideas from you. Looking forward to working more closely with you. Susan Mathews, 463-3245.

#### VOLUNTEER THANKS

Many thanks to the fabulous volunteers who staffed the Lane Community College booth at the Lane County Fair this year: Sharon Hainley, Chris Hainley, Bill Sweet, Lyn Triolo, Frank Merrill, Bruce Gustafson, Carol Sirois, Vickie Ramsey, Rebecca Hill, Kala Worley, Debbie Roach, Belva Jones, Claire Raney, Colby Sheldon, Harvey Birdseye, Sabrina Davis, Kirsia Whedon, Heidi Stalder, Bette Dorris, Alan Schoefield, Kris Fox, Walt Fox, Linda Allen, Jacquie Squires, Michele Robinson, Judy Boozer, Barbara Delansky. Special thanks to the Foundation; Music, Dance and Theater Arts; Bookstore; and Renaissance Room for donating raffle prizes. It was another great year at the fair! Submitted by Karen Edmonds and Tina Lymath.

#### FAREWELL

Good-bye! A farewell to all my colleagues here at Lane Community College. Thank you for all your kind words and well wishes. I started here as a student in the mid-80s and never wanted to leave. Congratulations on all the work you each do to make this such a special place. I won't be going back to school fall term -- I need a little down time after 15 years here and owning a small business. But I can only hope the staff and faculty at Lewis and Clark have half the spirit

and determination of you folks here at Lane. Jenny Newton, KLCC Morning Edition Host 1988-2003, 463-6009
