NEWS**JIM GARCIA EARNS HUMAN RIGHTS AWARD**

Jim Garcia, diversity coordinator at Lane since October 2000, received the 2004 Human Rights Leadership Award from the Springfield Alliance for Equality and Respect (SAfER) at its April 1 celebration of the life of Cesar Chavez in Springfield. Garcia was selected from a variety of nominees, in part for his volunteer efforts to establish a diversity plan in the Springfield school district, SAfER spokesperson Kate Wallace told The Daily. She said he has been "absolutely invaluable" in bringing motivation, vision and practicality to the project. Garcia also was recognized for a lifetime of achievement in diversity, volunteerism, teaching and leadership, including helping establish the Ganas programs for Latino youth at Kennedy Middle School in Eugene and at Springfield High. The award is among many he has earned.

Garcia has taught and worked at the University of Oregon, New Mexico State University, Oregon State University, Chemeketa Community College, Portland State University, and Lane. He is a 1977 graduate of the UO. He also is a singer and musician known for performing Corridos, an oral history of the Chicano movement and Mexican American people. For more information, see the April 2 Register-Guard. Submitted by the editor.

NATIVE AMERICAN WORD FOR THE WEEK.

Dr. Don Addison, American Indian language instructor at Lane, offers the following Native American word for the week: "Tash." From the language which used to be called "Pima," this word means "sun," "time," or "day." This is our first opportunity to feature this language in our weekly column. The "Pima" or "Papago" people voted (when they adopted their new constitution in January 1986) to return to their traditional name, "Tohono O'odham," meaning "Desert People." While it is a more difficult word for English speakers, this is the way they now prefer to be addressed. In one sense, then, they reveal to the world their desire to throw off all traces of colonial treatment they have suffered from non-Native peoples. "Tash" also means "a period of daylight," and as such, is bounded by "si'alig" or "morning" (from "si'ad"[of the sun] to rise) and "hudunik," "evening" (from "huduni" "to descend"). Night is "s-chuhugam" meaning "darkness, night." A month is a cycle of the moon, not the sun as in the Gregorian calendar. In this term's AIL 100, Foundations of American Indian Languages, we explore various Native concepts describing time. When English speakers talk of the "rising of the sun" meaning "a new day has dawned," the Mojave (another Southwest people) refer, instead, to the "going away of the darkness." Interesting and different worldviews frequently are discerned in studying a people's language.

ANNUAL CAREER FAIR WILL CONNECT JOB-SEEKERS AND EMPLOYERS

Lane's Annual Career Fair will be held Wednesday, April 14 from 10 a.m.-2 p.m., in the Center Building cafeteria. The fair offers an opportunity to meet with representatives from about 50 employers to learn about career and job opportunities. The fair is open to students and the public. For more information contact Career and Employment Services, ext. 5167.

HIGH SCHOOL STUDENTS TO VISIT CAREERS EXPLORATION DAY

On April 14 from 8:30-11:30 a.m., 200 high school students will be on main campus for a Professional Technical Careers Exploration Day. Funded by a Perkins grant, this day will allow students to participate in a hands-on, interactive activity in a career area of their choice. Students will also attend an information session on college and career topics. Many, many thanks to the Lane faculty and staff who have agreed to provide a workshop for these students. If you find any lost students on April 14, please direct them to the Center for Meeting and Learning lobby. Submitted by Karen Edmonds and Judith Gabriel.

BLOODMOBILE RETURNS TO CAMPUS APRIL 15

The Bloodmobile will be on the main campus Thursday, April 15 from 9 a.m. to 3 p.m. If you're interested and are eligible to donate blood during this campus visit, please call or e-mail Judy Ann Fuller, ext. 5564 or fullerj@lanecc.edu and identify the time you prefer to donate. A member of the LCC Blood Drive Coordinating Committee will contact you to confirm your appointment. The entire process takes only 45 minutes, but your donation will help local people encountering loss of blood products due to auto accidents, burns, surgeries, childbirth and chemotherapy. There is no substitute for human blood, yet only five percent of eligible donors actually give blood each year. Donors must be 16 years of age or older, be in good health, weigh at least 110 pounds, and must wait eight weeks since the last donation. Certainly, there are reasons a person cannot donate. Examples include: a history of hepatitis, being an insulin-dependent diabetic, having certain respiratory or cardiac conditions, or testing positive for the HIV virus. And some medications and antibiotics may disqualify a potential donor. If you have a personal question about your eligibility to donate, call LMBB at 484-9111 and ask to speak with a nurse. Thank you for helping your community. Submitted by Vicki Doughty, Counseling Department, ext. 5055.

AUTHOR OFFERS SYNOPSIS OF SPRING CONFERENCE PRESENTATION

All college employees are encouraged to attend this year's Spring Conference April 23. Allan G. Johnson, author of "Privilege, Power and Difference," will be the keynote speaker. Johnson offers the following synopsis of his presentation, "Unraveling the Knot of Power, Privilege and Difference."

"One of the greatest barriers to ending racism and other forms of privilege is that we are trapped in cultural ways of thinking that turn conversations about privilege and oppression into occasions for dominant groups to feel guilty and defensive. As a result, the conversations we need to have either happen badly or, more often, don't happen at all. This presentation can help overcome that barrier by providing an alternative way of thinking about issues of privilege."

The presentation is based on the author's books, "The Gender Knot," published in 1997, and "Privilege, Power, and Difference," published in 2001. For more about the speaker, visit his website at <http://www.agjohnson.us> Submitted by Tim Craig.

AUTOMOTIVE PROGRAM RECEIVES NATIONAL RECERTIFICATION

Lane's automotive training program has been recertified by the National Automotive Technicians Education Foundation (NATEF) and the National Institute for Automotive Service Excellence (ASE).

"During the past several months, instructors Tom Kadash and George Hart have worked closely with NATEF to make certain that our program would meet strict industry standards," says David Keebler, chair of Lane's Advanced Technology Division. "We are delighted to continue our tradition as an ASE certified technician program. Students will be assured of a quality education, and shop owners will be assured of getting quality job applicants."

To achieve this coveted recognition, the training program underwent rigorous evaluation by NATEF. Nationally accepted standards of excellence in areas such as instruction, facilities and equipment were used. Upon completion of the evaluation, NATEF recommended that Lane Community College be recertified by ASE, a national, non-profit organization which tests and certifies repair technicians in addition to certifying technician training programs.

Recertification has been awarded to Lane's automotive program in the following program areas: automatic transmission and transaxle, brakes, electrical electronic systems, engine performance, engine repair, manual drive train and axles, suspension and steering, and heating and air conditioning.

NATEF Board of Trustees Chair Al Duebber says, "This is great news for automotive-minded young people and their parents in the Eugene area. Certification of automotive training programs increases cooperation between local education and industry leaders. It also gives added assurance that Lane Community College graduates will be employable entry-level technicians. As a result, the motoring public will benefit since more qualified repair technicians will join the work force."

The program is recertified for five years, after which it will be reviewed to ensure that it continues to meet industry standards and to adjust to the latest technological advances in the rapidly changing automotive world. Contact: Dave Keebler.

GRADUATION APPLICATION DEADLINE IS APPROACHING

The deadline for students to apply for graduation is April 30. Students with nine or fewer credits remaining may walk with the 2004 spring class. Students will be listed in the graduation commencement booklet if they are eligible to walk, excluding those with the privacy hold on their records. Students with the privacy hold may fill out a form at Students First! to have that hold removed, so that their name can be listed in the graduation booklet. Information on graduation will be mailed to eligible students, by Students, Life and Leadership around mid-May. Teaching, counseling/advising, and other concerned staff are requested to inform their students of the April 30 deadline. Thank you. Cherrill Hemminger, Enrollment Services, ext. 5894.

MEDICAL EMERGENCIES: A REMINDER WHERE TO CALL

For medical emergencies, please call 6666, which is the Student Health emergency number. We would prefer you not call 911 unless the person has a clearly life-threatening problem. Often, Student Health can evaluate and treat a medical emergency and prevent unnecessary use of the Emergency Medical System. Refer also to the Employee Emergency Manual (the multi-colored flip chart) and COPPS <http://www.lanecc.edu/cops/cps.htm> . Contact: Kathleen "Mona" Arbuckle, Interim Lead, Student Health.

TAKE THE LIFE WELLNESS CHALLENGE

Are you feeling the need to develop some healthy lifestyle habits? Join the eight-week Challenge beginning April 12, and work on creating better health in a fun, non-competitive environment. All you need is a couple of co-workers and/or maybe your spouse/domestic partner. Earn points every day for participating in activities that will help you improve in all aspects of wellness -- physical, emotional, social, intellectual and spiritual. If you reach the four-week Points Goal, you will get to choose a \$10 gift certificate from the LCC Bookstore, LCC Food Services, REI, or Barnes and Noble. After continuing your challenge for another four weeks, you'll earn a t-shirt. Go ahead, challenge yourself -- create some healthy habits this spring! Contact Wendy Simmons at simmonsws@lanecc.edu or ext. 5551 for more information.

REMINDER: BLOODMOBILE RETURNS TO CAMPUS ON APRIL 15

The Bloodmobile will be on main campus Thursday, April 15 from 9 a.m.-3 p.m. If you're interested and are eligible to donate blood during this campus visit, please call or e-mail Judy Ann Fuller, ext. 5564 or fullerj@lanecc.edu and identify the time you prefer to donate. A member of the LCC Blood Drive Coordinating Committee will contact you to confirm your appointment.

The entire process takes only 45 minutes, but your donation will help local people encountering loss of blood products due to auto accidents, burns, surgeries, childbirth and chemotherapy. There is no substitute for human blood, yet only five percent of eligible donors actually give blood each year.

Donors must be 16 years of age or older, be in good health, weigh at least 110 pounds, and must wait eight weeks since the last donation. Certainly, there are reasons a person cannot donate -- for example, a history of hepatitis, being an insulin-dependent diabetic, having certain respiratory or cardiac conditions, or testing positive for the HIV virus. And some medications and antibiotics may disqualify a potential donor. If you have a personal question about your eligibility to donate, call Lane Memorial Blood Bank at 484-9111 and ask to speak with a nurse. Thank you for helping your community. Submitted by Vicki Doughty, ext. 5055.

REMINDER: FIRE EXTINGUISHER TRAINING

Aric Higdom from Eugene Fire Department will be on campus to conduct fire extinguisher training on April 21, from 2-3 pm. The training will be held at the north end of parking lot N (close to the baseball field). All employees are welcome and there is no need to pre-register. Come out and learn how to use a fire extinguisher; it could save a life. Questions, contact Son Le at ext. 5516.

REMINDER: BUSINESS AFTER HOURS

Come toot your horn! Here's a chance to showcase the benefits of your department to the community. All college departments are invited to participate in the next Business After Hours meeting on Thursday, April 29 from 5-7 p.m. in the Center for Meeting and Learning, Rooms 102-104. The theme is "Transforming Lives Through Learning: How Can Lane Help You?" The idea is to convey the excitement of learning using demonstrations, music, objects, or visual displays. The more hands-on the better, and students are encouraged to participate. Call Deborah Reedal, ext. 3509 to confirm your participation and/or place at this special event. Submitted by Janet Douglas, ext. 4612.

- * EVENING SUPERVISOR: Kyle Hammon, ext. 5447, pager 349-6806.
- * CAREER FAIR starts today (see events section below), 11 a.m., Students First!, Building 1. Contact: Career and Employment Services, ext. 5167.
- * THE CUBAN FIVE, presentation with Dennis Gilbert, 11 a.m.-noon, Building 1, Room 206. Contact: Susan Matthews, ext 3245.
- * READING TOGETHER: DAVID OATES, author of "Paradise Wild," speaks from noon-2 p.m. in Building 19, Room 243, sponsored by Reading Together and Learning Communities. Oates lives in Portland and teaches at Clark College in Vancouver, WA. He draws upon the heritage of his Cherokee grandfather and his experience as a gay man encountering our American cultural archetype of wilderness machismo to examine our cultural concepts of wilderness. Oates' book is anchored in Western Oregon and takes a good hard look at the various ways our culture conceives of and relates to our natural environment. He works in very multi-dimensional ways, redefining and re-visioning the "wild" in political, spiritual, and environmental terms. He exposes and examines underlying myths of "untrammelled wilderness" and wilderness as a "lost Eden" and argues passionately about the need to move environmental politics from the all too commonplace polarized debate it has become, to a more complex, nuanced examination which presents some workable resolutions. Attendees are welcome to come late or leave early as your schedule allows. Contact: Ellen Cantor, Reading Together Coordinator.

LANE SCHOLARS MEET THE GOVERNOR

Lane students John Butler and Valerie Simmons, both of Eugene, were among 36 student scholars from Oregon's 17 community colleges who were honored by Gov. Ted Kulongoski in a ceremony at the state capitol April 6. Lane President Mary Spilde attended the event along with other community college leaders.

"It is very affirming to see the caliber of students that benefit from an education at Lane Community College and all the colleges in Oregon," Spilde said. "These students will go out into the workplace and make a real difference in our lives."

The students were chosen for outstanding academic achievement and contribution to their community.

Butler is an elementary education major who writes his own software for use in the classroom. He is an active volunteer and mentor, teaching for many after-school enrichment programs. In addition, he is a strong advocate for talented and gifted youth. He has a 4.0 grade point average.

Simmons is a first-generation college student working on an associate of arts Oregon transfer degree with a major in ethnic studies. She plans to become a high school counselor. ESTATE PLANNING WORKSHOP OFFERED

The Lane Community College Foundation is sponsoring a free estate-planning workshop to help participants understand estate planning alternatives. Here is your opportunity to learn the basics of estate planning from an estate planning attorney and a certified financial planner.

attorney, and different kinds of trusts. Additional topics discussed will be charitable giving and ways to protect savings from the financial burden of a lengthy illness or long-term nursing home stay. Presenters are Bill Brewer, estate planning attorney with Hershner, Hunter and Charlene Carter, certified financial planner and president of Carter and Carter Financial.

The workshop will be offered on Wednesday, May 19, 11:30 a.m. to 2 p.m., in Room 102 in the Center for Meeting and Learning, Building 19. Admission is free but seating is limited. A light lunch will be provided. To reserve your seat RSVP to Barbara Enright at _enrightb@lanecc.edu by May 4. Please pre-register soon. Enrollment is limited.

HOW TO FIND THE MAGAZINE YOU WANT

Finding whether or not the library subscribes to a journal or a magazine just got easier with the Magazine/Journal Locator. The Magazine/Journal Locator not only reveals what journals and magazines the library subscribes to in print, it also conveys those titles we have available electronically as part of our aggregator databases such as EBSCO, SIRS, and others. Each entry includes information on coverage (dates) as well as links to the databases through which full-text access is available. For instance, if you want access to the "Journal of Mental Health," you can search the Magazine/Journal Locator by title. You'll find we have it available full-text from February 1992 to 6 months ago via the following databases: Academic Search Premier, Health Source: Nursing/Academic Edition, and MasterFILE Premier. Since we don't subscribe to the print version of this journal, you won't find "Journal of Mental Health" listed in the Library Catalog. Besides title searching, the Magazine/Journal Locator provides a browsable A-to-Z title list and subject browsing. So, if you are looking for full-text journals available in your field, you can use the subject browsing box to view journal titles organized by subject category. You will find the Magazine/Journal Locator linked from

** the library's catalog <http://library.lanecc.edu>

** under "Periodicals" in the library's site index <http://lanecc.edu/library/sitprof.htm>

** and the Faculty Services page <http://www.lanecc.edu/library/servfaculty.htm>

Alternatively, you can go directly by clicking on <http://www.lanecc.edu/library/serialssolutions.htm> If you have any questions, call the reference desk at 463-5355 or stop by the library and speak with a librarian.

"THE MOMENT" CLARIFICATION

Jeff Goolsby was inadvertently left off of the list of Editorial Board members in yesterday's announcement that the Community College Moment has won the League for Innovation annual innovation award at Lane.

KLCC ENDS RADIOTHON WITH LARGEST EVER SINGLE FUNDRAISING DAY

KLCC's 2004 Spring Radiothon came to a hectic conclusion as 734 listeners called in to pledge over \$58,000 during the final day of Radiothon. This was the largest fundraising day in KLCC history. When the phones finally stopped ringing, the grand total of Spring Radiothon came to \$251,205. A total of 3,340 KLCC listeners became members or renewed their membership throughout the spring fundraising campaign, with 1900 of them calling in during the week of Radiothon. In the eight weeks leading up to Radiothon, 1440 "Thon Busters" contributed \$108,800. Every dollar raised from Thon Busters reduced the on-air goal of Radiothon. Thon Busters were eligible for special prizes offered as member incentives. KLCC member contributions help cover the cost of NPR news, nationally syndicated programs, locally programmed music, community information, live broadcasts of special events, and intelligent entertainment all year long. AUTHOR OFFERS SYNOPSIS OF SPRING CONFERENCE PRESENTATION

Allan G. Johnson, author of "Privilege, Power and Difference," will be the keynote speaker at this year's spring conference on Friday, April 23. "One of the greatest barriers to ending racism and other forms of privilege is that we are trapped in cultural ways of thinking that turn conversations about privilege and oppression into occasions for dominant groups to feel guilty and defensive," writes Johnson. "As a result, the conversations we need to have either happen badly or, more often, don't happen at all. This presentation can help overcome that barrier by providing an alternative way of thinking about issues of privilege." His presentation is based on the author's books, "The Gender Knot," 1997, and "Privilege, Power, and Difference," 2001. For more information about spring conference see the web at [Contact: Tim Craig.](#)

Additional topics discussed will be charitable giving and ways to protect savings from the financial burden of a lengthy illness or long-term nursing home stay. Presenters are Bill Brewer, estate planning attorney with Hershner, Hunter and Charlene Carter, certified financial planner and president of Carter and Carter Financial.

The workshop will be offered on Wednesday, May 19, 11:30 a.m. to 2 p.m., in Room 102 in the Center for Meeting and Learning, Building 19. Admission is free but seating is limited. STUDENT PRIVACY LAWS MAY AFFECT YOUR JOB: TRAINING AVAILABLE

Helen Barker Garrett, Director of Enrollment Services/Registrar, would like to remind all faculty and staff that we need to keep current on how we are adhering to FERPA. FERPA, the Family Educational Rights and Privacy Act of 1974, is a federal law protecting student privacy. It is important that all staff know how the law affects our interactions with students and others seeking information on our students.

Helen has designed a "Top Ten Most Important Things to Know About FERPA" handout and 15-30 minute workshop, which she will gladly bring to your department meetings. Many of you have participated in her previous workshops, but with changes in staffing, the addition of Banner and ExpressLane and changes in FERPA, she'd like to be invited back for a refresher. In addition to reviewing FERPA basics, Helen can trouble shoot particular issues you are facing regarding students' rights and privacy.

To schedule a FERPA presentation, please contact Diane Engle, ext. 5693.

QIGONG IS BACK BY POPULAR DEMAND

Qigong (pronounced chee kung) is a powerful system of healing and energy medicine from China that has been in existence for some 2500 years. It is an art and science of using breathing techniques, gentle movement, and meditation to cleanse, strengthen, and circulate the life energy (qi or chi). Qigong practice often leads to better health, improved vitality and a tranquil state of mind. Instructor Terry Caron has been teaching Qigong techniques since 1992. She will teach four classes that will include beginning exercises for stimulating qi, a formal qigong technique that allows for sensing qi around the body, and qigong meditations for deep relaxation. This class will run Tuesdays, May 4, 11, 18, and 25, from 1- 2 p.m. in Building 19, Room 220. There are just a few spots left. NEWS

REDUCE, REUSE, RECYCLE

Reduce the amount of paper your office uses. When printing draft documents or web pages for research, use previously used paper that is still good on one side. Or cut good on one side paper in half and use for notes and phone messages.

Reuse office supplies and equipment. Surplus Property has desks, chairs, filing cabinets, and other office furniture for LCC employees to use in their offices. The ROSE room has binders, labels, and other small items. Both services are free to LCC departments and programs.

Recycle. Since July 2003, Lane students and staff recycled over 54 tons of paper, which made the college over \$3,000. Keep up the good work! Countdown to Earth Day, April 22. Contact: Mike Sims.

NATIVE AMERICAN WORD FOR THE WEEK

Dr. Don Addison, instructor in Native American languages at Lane offers the following for our Native American word for the week. This week's word is "ee-tee chan*-NA-hah" and means "car" in the Choctaw language of the Southeast. It is pronounced with the only stressed syllable written in capital letters. The syllable marked with an * [chan] is actually pronounced with a nasal sound and not "chan" as in "Charlie Chan." It is close to "Hong Kong" without the "g" in English, but this is only an approximation. This word must be translated as "car" or "vehicle" in English, but it literally means "a thing that rolls on wooden wheels." The earlier horse and wooden buggy, back in the nineteenth century, is the source of this word, reflecting vocabulary created since the time Europeans had entered the Choctaws' traditional homeland in what is now Mississippi. Those who saw the movie "Mississippi Burning" noticed the Nashoba County Court House, which is named after another Choctaw word, "Nashoba," which means "wolf."

EVENTS

SPRING CONFERENCE IS FRIDAY

Allan G. Johnson, author of "Privilege, Power and Difference," will be the keynote speaker at this year's spring conference on Friday, April 23. "One of the greatest barriers to ending racism and other forms of privilege is that we are trapped in cultural ways of thinking that turn conversations about privilege and oppression into occasions for dominant groups to feel guilty and defensive," writes Johnson. "As a result, the conversations we need to have either happen badly or, more often, don't happen at all. This presentation can help overcome that barrier by providing an alternative way of thinking about issues of privilege." His presentation is based on the author's books, "The Gender Knot," 1997, and "Privilege, Power, and Difference," 2001. For more information about spring conference see the web at <http://teach.lanecc.edu/rossj/fpd/spconf/> . Contact: Tim Craig.

Wednesday, April 21 is a day of silence recognizing those who keep silent about belonging to the LGBTQI community for fear of repercussions. Lane students of the Queer Straight Alliance and allies will duct tape their mouths all day, wearing a note that explains what they're doing, and have an information table in the cafeteria including a list of famous queer people in history. Later they join with local high school and university

groups in a march and demonstration at South Eugene High School at 3:30 p.m., breaking the silence. Everyone is welcome to join in at any time. Contact: Susan Matthews, 463-3245.

BAHA'I REZVAN

Baha'i Rezvan will be celebrated Wednesday, April 21, 11:30 a.m.-12:30 p.m., Multi-Cultural Center, Building 1, Room 201. A presentation by Jesse McManus will be followed by questions and snacks. The Baha'i Festival of Rezvan (pronounced RIZ-von) is the holiest of Baha'i festivals and celebrates the public declaration, in 1863, of the divine mission of Baha'u'llah, the prophet upon whose teachings the Baha'i Faith is founded. The festival is celebrated during the 12-day period from April 21 through May 2. The first, ninth, and 12th days of this festival are observed as holy days on which work is suspended. Baha'i's, which number 6 million worldwide, believe Baha'u'llah (1817-1892), is the fulfillment of God's promise of the return of his Spirit to mankind. Contact: Susan Matthews, 463-3245.

LOOKING FOR THE RIGHT HOME: It is breaking my heart to leave her behind. I am looking for a good home or will consider long term foster for my wonderful cat. I am moving to Honolulu (big city) for two years to go to school, she is an indoor/outdoor cat and my living situation will probably not be a place that meets her needs. She is about 8 years old, full black, short hair, healthy, up to date on her shots and has lived with me since she was about 8 weeks old. She is a sweet, friendly cat and would be a great companion for someone who enjoys cats. She would probably be best as the only cat but I am willing to consider other options. Please send me an e-mail or call my home at 726-0106 if you are interested. Submitted by Morgan Green, Students First!'

EXPRESSLANE CHANGES

Beginning today, the Information Technology Department has implemented two small changes to ExpressLane that are intended to streamline the login process. Neither change affects the functionality of ExpressLane. The first change eliminates an intermediary page that allowed the user to identify him/herself as either a student or staff. This page no longer serves a useful function. The second change simplifies the login page. If you have questions, please contact Linda DeWitt, Information Technology Department, at Ext. 3006.

NATIVE AMERICAN WORD FOR THE WEEK

Dr. Don Addison, instructor of Lane's Native American language course AIL 100 offers the following: Today's "Native American Word for the Week" is 'TAHOE'--as in, Lake Tahoe. "Tahoe" is a word from the Washo Native language of California which means "Big Water." Many people are more aware of the same term, "Big Water"--or, "Mnee Tanka"-- also spelled 'minitonka'--which is actually Lakota for the ocean or literally "Water--Big." Many place names surprisingly come from Native words which frequently came into popular usage through a variety of means and often very ironic historical incidents.

Some successful projects at Lane have involved agencies such as Food for Lane County,

BOARD REPORT FOR APRIL 2004

A college governance system was approved by 7-0 vote at the Lane Community College Board of Education meeting on April 14, 2004. The motion read, "The board resolves that the proposed governance system meets the requirements set out in Policy B.025 and authorizes the president to implement the system as proposed, pending final agreement that the grievance procedures of the collective bargaining agreements will not apply to the governance system, and the system will not amend or supersede the collective bargaining agreements." Chair Mike Rose and others acknowledged the occasion's significance following months of work and years of governance debate at the college.

In other action, the board approved second readings of board policies on Delegation to the President, C.020; and Contractual Authority, C.030; and held First Readings of board policies on Treatment of Learners/Consumers, A.020; and Treatment of Staff, A.030.

Accreditation standards three and four were presented by Associate Vice President for Instruction Sonya Christian and other members of the accreditation standards teams.

A benchmark report showed that fewer high school grads are enrolling at Lane. Outreach efforts to boost high school enrollment are underway.

Differential pricing is having a varied effect on enrollment, which is up in some programs, down in others, according to a report. A student survey will be conducted in the spring to add to the data.

Community Learning Center enrollment is down, as expected following budget reductions of nearly 50 percent. Staff are pursuing several ideas for better utilization of the facilities.

The board reviewed the Oregon Community College Association legislative agenda. Lanes board favored the higher range of the funding request proposed by OCCA; advised that funds be requested for only one biennium at a time; said equity and growth should be addressed; and supported seeking capital construction funding.

There were no speakers from the audience. The meeting followed a 4:30 p.m. executive session for labor negotiator consultations, and a work session on long-range facilities planning. The next regular meeting is set for Wednesday, May 12, at 6:30 p.m. in the Boardroom, Building 3. Submitted by Joan Aschim, Public Information Officer, Marketing and Public Relations.

LOOKING FOR THE RIGHT HOME: It is breaking my heart to leave her behind. I am looking for a good home or will consider long term foster for my wonderful cat. I am moving to Honolulu (big city) for two years to go to school, she is an indoor/outdoor cat and my living situation will probably not be a place that meets her needs. She is about 8 years old, full black, short hair, healthy, up to date on her shots and has lived with me since she was about 8 weeks old. She is a sweet, friendly cat and would be a great companion for someone who enjoys cats. She would probably be best as the only cat but I am willing to consider other options. Please send me an e-mail or call my home at 726-0106 if you are interested. Submitted by Morgan Green, Students First!``

NEWS

IN SYMPATHY

The family of Carol Lynn Morse requests that no flowers be sent but donations may be made payable to the LCC Foundation with a memo indicating the Carol Lynn Morse Memorial Fund. Carol Lynn passed away April 28 after falling ill three weeks ago and being diagnosed with colon cancer.

In all all-staff e-mail yesterday, Associate Vice President for Instruction and Student Services Donna Koechig wrote, "Carol Lynn touched many peoples lives. Her absence at Lane and in the community will leave an enormous void."

"Carol Lynn Morse first joined Lane in July 1978 as a counseling instructor in Continuing Education. Over the years, her teaching and counseling duties grew. Since October 1992, she coordinated and taught in the Center for Family Counseling program (Saturday Circus) and served as a counselor for various academic programs in the Counseling Department.

"She was a licensed and certified counselor. She held a doctorate in psychology from the University of Oregon, where she also earned a masters in counseling and a bachelors in journalism.

"Carol Lynn won many professional honors and awards in her career, including the Distinguished Service Award from the Oregon Counseling Association in 1993. Of course, those of you who knew Carol Lynn well know that she refused to hang them on her wall. What was most important to Carol Lynn was not all the awards she achieved, but knowing that she had helped people. Carol Lynn, over the years you helped more people than you could have ever imagined.

"A service has not been scheduled. As soon as we have more information, we will announce it in The Daily...."

"Thank you Carol Lynn for all that you contributed to help make Lane Community College and each of us a little better than we would have been. You brought out the best in all of us. We will miss you!"

SPRING CONFERENCE THANKS

Thank you all for taking part in Lane's 2004 Annual Spring Conference which was held this past Friday.

Many of you made it a point to express your satisfaction with our keynote speaker, Dr. Allan Johnson, and with the general treatment of the theme for the day, Learning and Working Together: Privilege Power and Difference in our Lives.

The conference was a beginning point for starting discussions, thoughts and actions which may help to create awareness of how privilege, power and difference is present in our working and learning environment and how it might be changed.

Our goal now should be to find ways to continue with the momentum that has begun and to commit ourselves to creating opportunities for the exchange of new ideas and ways to better connect staff, students, faculty and managers.

If you have suggestions on how to continue discussions or present themes related to the conference, please feel free to e-mail me with your thoughts.

On behalf of the Spring Conference Planning Committee, thank you for your participation and involvement. -- Timothy J. Craig, Executive Director of Community Education and Workforce Development

CAROL WOODMAN EARNS EMPLOYEE AWARD

The Classified Employee of the Month for May has been employed at Lane since 1985 when she began as a time-sheet worker and co-op student in the personnel office. Carol Woodman became a contracted employee in 1988 and moved to the Cooperative Education department in November 1989. Many people know Carol as the one who oversees the Carl Perkins grant budget. And although that is a big and challenging job, it is not her only responsibility. Carol is the administrative coordinator for this very large and diverse department. Division Chair Andrea Newton joined other department classified and faculty employees to recognize the outstanding job Carol does each day. Cake, hugs and a poem read by Merrill Watrous made the surprised Carol very happy. Carol revealed if she was not such a lover of the outdoors (cross country skier, hiker, kayaking, roller blading) she might spend more time at her job. "They are my family. I look forward to coming to work; it is like coming home to family. The department has so

much diversity -- I like seeing the people and hearing about all the different projects and activities." Carol's co-workers praised her outstanding job performance, top-rate customer service, team player skills and creative problem solving. Carol's additional involvement with Lane activities include AAWCC (Association of American Women in Community Colleges), Peer to Peer, leader of the campus walkers' group. Hats off to Carol Woodman, Classified Employee of the Month of May. Submitted by Leigh Alice Petty and Colby Sheldon.

PERS 2003 EARNINGS CREDITING

Information from the PERS website at www.pers.state.or.us

The PERS Board adopted final 2003 earnings crediting orders at its April 12, 2004 meeting.

Tier One regular accounts will receive no interest for 2003 as a result of legislation which provided that no earnings could be credited to Tier One regular accounts in any year in which a deficit exists. The deficit reserve stood at -\$1.9 billion in 2003. Tier One members who retired on or before March 1, 2004 received 8 percent crediting to the regular portion of their accounts.

Crediting amounts are estimates and actual amounts will be determined when the year-end 2003 annual closing process is completed in early May. Based on current estimates, the Tier Two crediting rate would be 21.49 percent and the variable rate would be 34.66 percent.

The board voted to fund the Contingency Reserve with 7.5 percent of earnings. The estimated funding is \$570.02 million.

The Capital Preservation Reserve was also funded with 7.5 percent of earnings. Dollars earmarked for the Contingency Reserve and all Tier One regular earnings (moneys to the Deficit Reserve) are taken out first. The remaining dollars, allocated at 7.5 percent to the Capital Preservation fund, results in estimated funding of \$420.04 million.

PERS staff will provide a Final Earnings Crediting Report to the PERS Board summarizing the final 2003 earnings crediting rates and amounts after completion of the annuals process and certification of the final 2003 earnings crediting calculations. Submitted by Vicki Ellison.
