

**NEWS****LCC BUS PASS IS A GOOD DEAL**

Students and staff taking a credit class on main campus are eligible for the LCC Bus Pass at no extra charge. Sessions to get a photo ID for the bus pass will be held in Building 19, Room 117 from 8 a.m. to 7 p.m. on September 23, 24, 27 and 28. You will be required to show your ExpressLane schedule and a photo ID to have your picture taken for the bus pass. Pick up a sticker for fall term October 4-8 from 8 a.m. to 5 p.m. in Building 19, Room 117. If you already have a bus pass photo ID, you do not need to get a new one, but you do need a fall term 2004 sticker. ESL students at the Downtown Center or at main campus are eligible for the bus pass beginning fall term and will have special photo sessions at both locations. ESL students can get information from the ESL department at ext. 5253. The transportation fee supports the group bus pass program. For more information, log on LTD's website at [ltd.org](http://ltd.org) and click on Fares & Passes, or call Susan Tatar at ext. 5727.

**ALTERNATIVE FUEL VEHICLE SAVES MONEY AND REDUCES IMPACT**

In April 2004, Lane added a Toyota Prius to its fleet of motorpool vehicles. The Prius is a gas-electric hybrid vehicle that uses 51 miles per gallon on the highway and 60 mpg in the city. Other similar-sized motorpool vehicles use 26 mpg on the highway and 19 mpg in the city. Because of the fuel efficiency of the hybrid vehicle, Lane will save an estimated 566 gallons of gasoline and \$1,035 per year.

Alternative fuel vehicles cost somewhat more than conventional vehicles up front but an energy incentive and the savings on fuel costs make up for the additional upfront costs in about four months! More information is available at [www.lanecc.edu/recycle/s\\_prius.htm](http://www.lanecc.edu/recycle/s_prius.htm). Contact: Jennifer Hayward, ext. 5594.

**UPDATE ON BOMB THREAT**

As most of you know, on July 27 Lane received an anonymous telephoned bomb threat and the 30th Avenue campus was evacuated and closed. Subsequent investigation by Public Safety and the Lane County Sheriff's Office has not resulted in charges or identification of the caller. In the meantime, staff have been busy gathering input on what worked well, and what needs improvement. This will be an ongoing process as we strengthen our ability to respond to future emergencies. Four areas of emphasis have been identified:

**Communication:** Goal: Quick and effective initial communication to all involved staff, and to the public. Actions: Emergency telephone tree is being revised and restructured. A campus voice mail tree and the campus email system will be used in the future along with the phone tree. Explore the cost and feasibility of an all campus, non-phone based communication system such as an intercom. Provide sufficient detail to facilitate evacuation, including stating the reason for evacuation. Provide hourly updates to media.

**Assisting Person with Disabilities:** Goal: Provide timely, safe evacuation for all persons. Actions: Clarify areas of rescue and improve signage. Conduct staff training on assisting persons with disabilities.

**Staff Training:** Goal: A well-trained staff who knows how to respond to various emergencies. Actions: The employee emergency brochure is being revised and updated

for all employees. Department managers will be assisted with developing emergency tools within their departments. We will continue to develop the network of staff designated as Building Representatives.

Traffic Control: Goal: Safe and efficient movement of traffic off campus. Actions: Coordinate Public Safety and Facilities to post additional staff at campus entrances to keep cars from entering when we are trying to evacuate. There are some givens: There are only two exits to campus; local law enforcement is not sufficiently staffed to assist with traffic control; LTD needs time to re-deploy busses to assist with evacuation; and college Public Safety officers must deal with the underlying safety issues requiring evacuation.

This is a partial list of the work we are doing. Please contact me if you have additional input or concerns. - Sandy Ing-Wiese, Director, Health and Safety, ext. 5561

**TRANSLATORS NEEDED:** I am looking to update my list of volunteers for international transcript translations. I need Lane staff who are fluent in another language. Volunteers may be asked to translate a transcript into English and then have it notarized by another staff person that the translation is a true and best of their knowledge translation. This will allow evaluators to continue the articulation process and it will save the student time and money from outsourcing the translation. I also would like to know who we have on staff that can do a notarization. Please contact me by email at [hemmingerc@lanecc.edu](mailto:hemmingerc@lanecc.edu) or call me at 463-5894. Thank you. Cherrill Hemminger.

**SAT PREPARATION CLASS:** An SAT preparation class taught by LCC Instructor Robert Sposato will be offered for two weeks before the October 9 SAT test. The class teaches the best strategy and gives students intensive practice on actual SAT test sections. Sposato has taught SAT prep for over 15 years. For information call 683-1018.

**INTERNAL CONTROLS**

Quote of the week from Peter Block's "Stewardship: Choosing Service Over Self Interest." "Doing More With Less: How do we keep making productivity gains? We have fewer and fewer people, and the demand from users and customers stays the same or increases. Cost pressures are enormous, especially in ... government. In addition to cost, there is the question of quality.... Quality in part requires the right measures and improvement tools, but fundamentally it comes from individual choice. One person deciding how much ownership and responsibility to take for the quality of product, quality of service, quality of contact with a customer."

Excel Tips of the Week: Many Microsoft commands that you know and love in Word, like short-cuts for copy and paste, work in Excel. Also, I've been amazed to find out how much help "Help" actually is too. Try searching on a topic in "Microsoft Excel Help" under the Help menu (F1).

ExpressLane tip of the week: Your space bar acts like a page-down (Thanks Marilyn). Submitted by Laura Martin.

**FOUNDATION ACCOUNT OPENED FOR SUSTAINABILITY PROJECTS**

Lane Community College has recently opened a Foundation account for sustainability projects. Staff may contribute to this account through payroll deductions and anyone may contribute to this effort. For more information or to make a donation online please visit the Lane Foundation webpage <http://www.lanecc.edu/foundation>.

When making an online donation, go to the "Designation" line then select "Other - Specify in Comment Section." In the "Comments" section write "Sustainability." Future Daily announcements will provide information on how contributions to the sustainability account have been spent and with information on specific projects for which the sustainability group is requesting contributions. The sustainability group requests that donors do not redirect donations from other Foundation accounts to the Sustainability account. Thank you for your gifts. Submitted by Jennifer Hayward.

### IN-SERVICE KICKS OFF OUR 40TH YEAR; DON'T MISS THE BARBECUE

The 2004 fall in-service planning committee encourages everyone to take part in the valuable programs and activities that have been developed in the spirit of enhancing Lane's ability to continue to be the best learning college you ever saw. This year we celebrate 40 years of transforming lives.

In-service programs will bring us together to share in the community that we have created here at Lane which balances excellence and achievement with enjoyment. As a special 40th anniversary commemoration, the President's Office has arranged for an all-campus barbeque on Tuesday (managers will do the cooking). From webpage to wellness, come stretch you mind and your body and have a good fall in-service experience.

The program schedule is available at <http://www.lanecc.edu/in-service>.

On behalf of the 2004 fall in-service planning committee, we invite you to come enjoy the events. Submitted by Timothy J. Craig, Executive Director, Community Education and Workforce Development.

It's mission is to provide information that helps employees fulfill the college vision, mission, core values, and strategic directions. Employees should review each issue to stay informed of college business, policies, news, and events. ## BOARD REPORT FOR SEPTEMBER

President Mary Spilde presented a plaque of appreciation to Mike Rose at the Lane Community College Board of Education meeting September 8 to recognize his past year of service as chair.

In statements from the audience, citizen Bruce Miller commended the board for its leadership and commented on a variety of topics. Student Richard Archambault said a group of students would attend the opening of the Native American museum in Washington D.C. on September 21.

The consent agenda passed 7-0, including the purchase of a document imaging system.

Second readings of board policies on sexual harassment, conflict of interest, and treatment of staff were approved. A first reading was held on a policy on ethical conduct for employees.

A report on international students will lead to further discussion at an upcoming board retreat. The question is whether to increase enrollment. President Spilde advised long-term thinking and collegewide discussion to consider this question within the guidelines established by strategic planning (see <http://www.lanecc.edu/research/vision04.htm> ).

A report on high-demand courses focused on nursing. Director Carol Whitaker said presented.

The board reviewed legislative positions proposed by the Oregon Community College Association and provided feedback to the president for the association.

The Lane Community College Employee's Federation contract for 2004-08 was approved by 7-0 vote.

President Mary Spilde received an outstanding annual evaluation for the third straight year since becoming president in 2001. The board approved her evaluation by 7-0 vote and commended Spilde for exceptional leadership, strategic direction, open communication, fiscal stewardship, inclusive governance, and more. The evaluation included board member's review and upward review by staff.

A benchmark on the number of contracted employees led board member Roger Hall to note that the number of management employees has decreased by 25 percent from 1988/89 to 2004/05.

The Accreditation Self Study document was presented and has been mailed to evaluators, who will conduct a site visit October 6, 7 and 8.

The board will hold its next meeting at Lane's Florence center on October 13. After approval, minutes are posted to the web at

<http://www.lanecc.edu/presoffc/board/minstoc.htm> . Submitted by Joan Aschim, Marketing and Public Relations.

## **NEWS**

### **TRAFFIC AND FALL TERM PARKING NOTICE**

Students and staff wishing to drive to campus and park are again expected to outnumber the available parking spaces at the start of fall term. Public Safety is working with Facilities, LTD, Lane County Sheriff's Office (LCSO), and Oregon Department of Transportation (ODOT) to minimize the frustration and help everyone get parked as quickly as possible.

#### **WHAT WE ARE DOING:**

Facilities is dedicating some personnel to help direct traffic.

LTD and Public Safety will again run the contra lane to allow buses to flow past the stopped cars on Gonyea and get their riders to the station on time.

LCSO officers will assist with traffic control on 30th Avenue if they are not needed for an emergency someplace.

ODOT will place the "congestion ahead" notice on I-5.

Public Safety will begin directing vehicles into the next available space as soon as the traffic starts backing up. We anticipate this happening about 8:30 a.m. but it may be sooner, it may be later. We will have every officer and on call officer on duty to help.

Once directed parking starts you will be directed into the next available space.

Exceptions will be made for persons with disabled parking permits, dropping children off at child care, and dropping off other persons. No other exceptions will be made. We realize that the space you are directed into probably will not be where you would choose to park and that it may not be as convenient as an open space in another lot. However, given the number of personnel available to direct traffic and the number of cars expected we are not able to make exceptions other than those listed. Our goal is to get as many people parked and on their way as quickly as possible so they can start the term with a smile.

#### **WHAT YOU CAN DO:**

Take the bus - buses will flow past all the cars waiting to park and let you arrive refreshed and pleased that you have avoided the stress of parking. Remember, if you take a credit class you already have paid for your bus pass.

If you must drive plan to arrive early to get a space of your choosing. Allow extra time for the traffic so you can park and still be relaxed.

If you arrive after we have started directing traffic please park in the space where you are directed. Yes, we know, it probably isn't where you want to park, but it is just for today.

When all the spaces have been initially filled: Eventually, it happens. We have filled all our spaces at least once. At that time PS pulls the traffic direction people and you are free to cruise through the lots looking for spaces that have been vacated since the whole parking event started. This will not happen until all spaces have been initially filled.

Remember, there may not be a legal space for your vehicle and you must park in a legal space. Again, I mention the bus as a way to avoid all of this hassle.

If you have questions please contact me at ext. 5561. Thanks, Sandy Ing-Wiese, Director, Health and Safety.

**NEWS****ONLINE EMPLOYEE DIRECTORY TO BE AVAILABLE**

The first iteration of the Online Employee Directory will be available in ExpressLane, for Lane employees only, starting Friday, September 24. To get to the directory login to ExpressLane, go to the Employee Services menu and click the Employee Directory link. The directory, a Banner product, allows users to search for an employee by first and/or last name, including 'sounds like' matching. Directory information can also be listed in alphabetic order by employee last name, or by using a department index to list employees in alphabetic order by department.

The directory is designed to display campus address, phone number, and email address for each employee as well as department and job title, including multiple departments and job titles for employees with multiple active assignments. Home address and telephone are not included in the directory.

The first posting of the directory will certainly contain inaccurate data for some employees. Please take a few minutes during the next two weeks to go into the directory and check your listing. If you see errors in your campus address, phone number, or email address you can change them yourself in ExpressLane. Go to the Personal Information menu, click View/Update Address(es) and Phone(s) or View/Update E-mail

Address(es) to change your Campus (CA) address, phone, or email address. Changes to the phone number or email address made in ExpressLane will show up in the directory right away. Changes to your campus address will take effect the next time the directory process is run -- weekly for the next few weeks. Department and job description information are taken directly from Banner and are managed by Human Resources.

Some other notes regarding the online directory:

Departments should note who may be missing from the directory or, more likely, who is included in the listing and no longer works for the department. A process for managing this will be forthcoming. We've chosen to include part-time and hourly employees but not include work study students and retirees.

Please resist the temptation to make hard copies of directory information until we've had sufficient opportunity to review and correct errors.

Much more to come including help pages, processes for changing or updating data, links to downloadable listings by department, and having the directory available on our public website.

On behalf of the Directory Information Team, submitted by Ron Rourke, Information Technology, ext. 3343.

### ACCREDITATION COUNTDOWN: SIX DAYS UNTIL OUR SITE VISIT

You probably already know that Lane does a wonderful job of preparing students for study at four-year institutions, but did you know how well our students do? Tracking data of students transferring from Lane to the Oregon University System show that our students average over a 2.95 cumulative GPA. This helps raise the mean for the already admirable 2.90 GPA for all Oregon community college transfers, and compares favorably with the 2.80 average for first-time university students who haven't had community college preparation. - Russell Shitabata, Faculty Chair, Self-Study Coordinating Team

### CHEMICAL DISPOSAL PROCEDURE

Please contact Jennifer Hayward in Facilities Management and Planning prior to disposing of any chemicals. "Chemicals" include a very wide range of materials, so please ask if you are not sure. Chemicals may include things like paint, paint thinner, science lab chemicals, empty aerosol cans, empty propane tanks, or general cleaners that staff may have in their offices. Chemicals that are considered hazardous waste are disposed through Facilities Management and Planning. FMP will help determine whether chemicals are hazardous waste.

A recent incident illustrates the importance of proper disposal of chemicals. A can of pepper spray was dropped off at the Reusable Office Supply Exchange and a staff member picked up the pepper spray and accidentally sprayed himself with it. Chemicals, including pepper spray and cleaners, should not be dropped off at the Reusable Office Supply Exchange. If you would like to get rid of a chemical but think it could be used by someone else, please contact Jennifer to facilitate the transfer. - Jennifer Hayward, ext. 5594

### AUCTION ITEMS SOUGHT; PROCEEDS CAN BENEFIT THE LONG HOUSE

It's not too late to donate items for auction for the Harvest Dinner to be held October 29. Donations and proceeds from their auction can be designated for the Long House fund. We are getting closer to meeting our fundraising goal and need your help. If you have items to donate, or know people in the community who would donate, we need to have those items in hand no later than October 11. Items can be dropped off at Donna Koechig's office where they will be safely stored until the day of the auction. ## CLASSIFIED EMPLOYEE OF THE MONTH AWARD

Think of a classified employee you feel has been doing much more than just their job here at Lane and consider nominating them for the Classified Employee of the Month award. The honor includes a parking spot up front on the west side of the main campus, co-workers celebrating, balloons and hoopla, eligibility for Employee of the Year and a check for \$50. This is an easy and cost effective way to recognize a classified employee for an outstanding job performance.

Nominating that classified employee who has gone above and beyond a mere job description to provide excellent customer service here at Lane is easy for any classified employee, faculty member, or management staff. All classified employees who are .5 FTE or more and been an employee for over a year are eligible for the honor. Employees at the outreach centers are eligible too.

Please review the Guidelines and Application on the CPDT website at [www.lanecc.edu/cpdt/eom](http://www.lanecc.edu/cpdt/eom) . If you do not have someone in mind to nominate, check out the website and see all the 2003-2004 winners and their photos. - Leigh Alice Petty and Colby Sheldon, Co-Chairs, EOM Committee

## WANT TO IMPROVE YOUR SPANISH LANGUAGE SKILLS?

Lane's Spanish-Only conversation practice group is going into its fifth year of meeting and practice in Spanish-language skills. This year, the group proposes to meet every Tuesday at 1 p.m. in the rear of the cafeteria, close to the Health Clinic. This is an informal group -- come when you can, drop-in. All levels of Spanish language skills are welcome in the group, from rank beginner to native speaker! There is only one rule: once you sit down, speak only Spanish. It is a very friendly group, and our focus is on helping those who are struggling through friendly "immersion!" We'll help you find the right word and build your vocabulary -- and make friends on campus. The Spanish-Only Table will meet for the first time Tuesday, October 5, at 1 p.m. in the cafeteria. For more information, contact Judy McKenzie at ext. 5073 or [mckenziej@lanecc.edu](mailto:mckenziej@lanecc.edu)

## NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American Word for the Week is "U-ga-no-wa" which in Cherokee means "he or she is warm." Ironically, it ALSO means "he or she is a democrat." And you have probably already guessed the alternative. "U-hyon-tla" meaning "he or she is cold" also means "he or she is a republican." This is not a surreptitious political message by any stretch, only a weekly sociolinguistic Native American vocabulary column in The Daily. You can read into this Cherokee lesson anything you like. Better yet, sign up for the AIL 100 Foundations of American Indian Languages fall term course (offered in EFLS) and discover why various Native languages convey concepts quite different from other Native languages, as well as Euroamerican English. Only a few seats in this vastly popular class are available. - Dr. Don Addison (Choctaw), American Indian languages instructor, 344-4758

## WELCOME FROM FOOD SERVICES

Welcome Back Everyone!

We would like to let you know that we have introduced several changes to Campus Food Services this past summer that will allow us to better serve you!

We have changed our type of service to a "Food Court" system. What this means to you as the customer is we now have "individual branded" food concepts, each with its own different theme and menu. We are no longer a self-service cafeteria with old-fashioned pre-made food products, different plate sizes, salad or sandwich bars, and boxed or prepackaged food products.

We are very proud to be able to bring you a more modern, healthier style of food service with much fresher ingredients and real home-style scratch cooking methods. We no longer have soy fillers, preservatives, powdered soup bases, and other chemical filled pre-made food products.

Now the majority of our meals, including such items as mashed potatoes and vegetables, Asian items, pastas, south of the border specialties, and our baked goods, are made fresh here every day. We now make all our soups, stocks and sauces from scratch. All our sandwich meats are roasted in-house. All our sandwiches and salads are made from fresh ingredients every morning here in our kitchens.

We are proud to introduce your new food service outlets: Bonici Brothers Italian Eatery: pizzas, fresh pastas to order, hot sandwiches, appetizers; Crustano's Deli: fresh made sandwiches and salads, soups, panini sandwiches and more; Orville & Wilbur's Grill: wings, grilled sandwiches, foot-long hot dogs, baked potato bar; Rio Rancho Southwestern Kitchen: burritos, tacos, nachos, and combo plates, salads; Pan-Asia: rice bowls with choice of toppings, combo meals, appetizers, and Asian specials; Chef's Carving Board: carved roast meat to order, fresh sides and hot vegetables; Veggie 'Ville:

A daily selection of vegetarian and vegan specialties' and Blenders Java & Smoothie Bar: fresh baked goods, coffee drinks, and made-to-order smoothies.

Also, check out the new "Market Central" vending area at the south end of the dining hall, featuring new machines and upgraded selections for your quick snack and drink needs.

So, come on in and check us out; and please be patient with us, and the changes, as we grow and improve, to better serve you, our customer! We hope you enjoy the improvements and have a great school year.

Thank you from Chef John, Greg, Dennis, Beverly and the rest of the Lane Community College's Campus Food Services Team.
