NOMINATE A CLASSIFIED EMPLOYEE FOR EMPLOYEE OF THE MONTH

You know a classified employee who always goes the extra mile for you -- why not nominate that employee for Employee of the Month? The recognition is wonderful, and the prizes are an added bonus. You can nominate someone by yourself, or you may ask other LCC employees to join you in nominating that deserving employee. Lane has many, many outstanding employees who go the extra step to provide top notch customer service or through their actions support Lane's mission. The nomination process is easy and forms are available on line at the Classified Professional Development Team website. Begin 2005 with a random act of kindness -- nominate a classified employee for Employee of the Month. - Leigh Alice Petty, EOM Committee Co-Chairperson

THANK YOU

There are so many children and LCC student parents who had a happier holiday season thanks to the generosity of LCC staff. Thanks go to Bette Dorris and Tina Lymath in Student Life and Leadership for organizing the Giving Tree. The Women's Center had the names of 43 young children on the Giving Tree. Thank you to all the students and staff who took names off the tree and brought in wrapped gifts for them. I also want to thank Enrollment Services (Students First!, Student Records etc.) for adopting a family of seven, headed by a working single mother. They provided a turkey and lots of food in addition to gifts for the family. The mother said she "would never forget this" and that "no one has ever done anything like this for me before." I pass her sincere gratitude along to all the staff in ES. Last but not least, I want to thank the Bookstore for organizing their annual raffle and their donation of the proceeds to help student parents. Thanks to all the raffle ticket buyers too. Thanks also to the LCC Board of Education members who made generous donations to the "raffle" fund, even though

they were approached after the actual raffle had occurred. Many students had tears in their eyes when they came to pick up their gifts. Some commented that they were going to help someone else out after they finished their education and had a career started. All that appreciation is passed on to those who made the donations of gifts and bought raffle tickets. Thank you for letting me connect students with your generous spirits. - Jill Bradley, Women's Center

WOMEN'S CENTER VIDEOS SERIES KICKS OFF

Please join us Friday, January 7 at noon in the Women's Center for the first two videos in our winter term series:

"Defending Our Lives" (30 min.) shows the magnitude and severity of domestic violence in this country. The devastating accounts of the women in this film reveal the failure of the criminal justice system, and of our society as a whole, to protect the victims of domestic violence.

"We Are Not Who You Think We Are" (13-1/2 min.) shows women inmates at a maximum security prison who talk about growing up with family violence, sexual abuse, drugs and alcohol. As girls, they cried out for help. No one listened. As young women, they tried to escape in the streets. The survival skills learned there often led to substance abuse and criminal activities. The women face the impact that victimization has had on their lives and the lives of their children.

Staff, students and community members are all welcome to attend. Viewers often bring their lunch to eat while the video is showing. Join us if you can. - Jill Bradley, Women's Center, ext. 5298

ONE LESS REASON FOR STUDENTS TO STOP BY STUDENTS FIRST!/ ENROLLMENT SERVICES

Good news! Due to the ever-increasing numbers of enrollment verification inquiries (for employment, housing, insurance, etc.) received by Enrollment Services and with the limited resources available to serve students quickly at Students First!/Enrollment Services, the National Student Clearinghouse (NSC) has recently been appointed as our agent for degree and enrollment verifications. The NSC's secured web site now provides a new automated on line process to verify student enrollment status or degrees.

Students can now access the NSC's secure website via ExpressLane to print their own Verification of Enrollment Certificate for free.

In addition all agencies contacting Enrollment Services for verifications, will be referred to the NSC secured web site and/or the NSC phone number. All agencies are still required to have a signed consent from the student, but the agencies themselves will now verify enrollment or degrees online (24 hours a day, 7 days a week)! There will be a \$2.50 charge to anyone other than the student. This link is located on Lane's web page under Enrollment Services.

We are very excited about this new on line automated service, as it should prove to be very beneficial to students needing quick verifications of their enrollment status If

you'd like handouts on this process to distribute to students, please contact Kerri Houghton in Enrollment Services.

Thanks in advance for sharing this information with our students and staff! - Helen Barker Garrett, ext. 5686

ANGELA MILLER NAMED EMPLOYEE OF THE MONTH

2005 begins with another exceptional classified employee being honored as Employee of the Month. Angela Miller joined Lane in October 1992 and currently serves as a public information specialist with Institutional Research, Assessment and Planning. Angela is the one who produces the class schedule each term and the college catalog. Her nominations cited job excellence in a department that is extremely short-staffed, a deep caring for the college and students, and the national award given to Lane in 2002 for the best two-year college class schedule. When Angela is not working for Lane, she enjoys calligraphy and book art. She also is having a grand time with her "fabulous granddaughter" who is 6 months old. Angela said, "It is such an honor. I am stunned. It is an honor to be recognized among so many wonderful people who work here at Lane." Please take a moment and congratulate Angela as the January 2005 Classified Employee of the Month. - Leigh Alice Petty

NATIVE AMERICAN WORD FOR THE WEEK

This week's Native American word for the Week is a Hopi term, Nami'nangwa, which means love or mutual caring. Hopi is an Uto-Aztecan language, in other words, it is a cousin of Shoshone, Comanche, Ute, and even the Aztec or Nahuatl language of Mexico. Other relatives of Hopi are spoken in California as well. Some 50 Native American language families still exist in the USA, which is quite extensive, when one considers that basically, for all of Europe, only three major language families or language stocks exist: Indo-European, Finno-Ugric, and Basque. Language areal distribution and linguistic relationships of languages are part of the AIL 100 Foundations of Native American Languages class this term. - Dr. Don Addison, instructor, 344-4758

AVOIDING SLIPS, TRIPS, AND FALLS

"Slips, trips, and falls lumped together represent one the most important single causes of injuries at work and at home.... Some of the most common tripping hazards or falls are caused by objects left laying around...oil, water, and other liquids on walking surfaces are especially dangerous." This is an excerpt from a new article on the Safety Committee webpage. Please take a moment to read the article at www.lanecc.edu/safety/whats happening.htm Click the link "Avoiding Slips, Trips, and Falls." While you're there, see what other important information is on the Safety Committee webpage. Best wishes for a safe new year from the Safety Committee.

DO YOU SPEAK AMERICAN?

Documentary, 8 p.m. Wednesday, January 5, Oregon Public Broadcasting
(also Friday, January 7, at 2 a.m.)

Why is the English spoken by Maine lobstermen so different from that spoken by cowboys in Texas? Does Spanish pose a threat to English as the dominant language in America? Writer Robert MacNeil travels cross-country to answer these questions and examine the dynamic state of American English -- a language rich with regional variety, strong global impact and cultural controversy.

Hour One: MacNeil's journey begins in Maine and winds around to Detroit after stops in Boston, New York, Philadelphia, Ohio and South Carolina. Along the way, he meets lobstermen who fear their unmistakable New England accents may be dying out. Hour Two: We head into the Deep South for a look at Appalachian and "hillbilly," shaped by the Scots-Irish English of early frontier settlers. Hour Three: On the left coast, the series spotlights Spanglish, a hybrid of Spanish and English. It also explores Chicano, the thriving, distinct street talk of the Los Angeles Latino community. WOMEN'S CENTER VIDEOS SERIES KICKS OFF

Please join us Friday, January 7 at noon in the Women's Center for the first two videos in our winter term series:

"Defending Our Lives" (30 min.) shows the magnitude and severity of domestic violence in this country. The devastating accounts of the women in this film reveal the failure of the criminal justice system, and of our society as a whole, to protect the victims of domestic violence.

"We Are Not Who You Think We Are" (13-1/2 min.) shows women inmates at a maximum security prison who talk about growing up with family violence, sexual abuse, drugs and alcohol. As girls, they cried out for help. No one listened. As young women, they tried to escape in the streets. The survival skills learned there often led to substance abuse and criminal activities. The women face the impact that victimization has had on their lives and the lives of their children.

Staff, students and community members are all welcome to attend. Viewers often bring their lunch to eat while the video is showing. Join us if you can. - Jill Bradley, Women's Center, ext. 5298

NEW SPYWARE SOFTWARE FROM MICROSOFT

Microsoft has recently begun promoting a free downloadable beta version of a spyware security tool that you may have heard about. From what we have been able to gather, this is an attempt by Microsoft to get Windows users to switch from Symantec and other vendors to paid subscription services that Microsoft plans to offer later this year. While free for the moment, the beta version will expire on July 31 and pricing hasn't been determined yet.

The spyware tool is not fully supported by Microsoft and therefore the IT department helpdesk cannot support it until further review of Microsoft's pricing plans and determination of compatibility with our standard software applications.

Please do not attempt to download and install this software on your own. Our current contract with Symantec is the only supported tool at this time. However, we are evaluating several options and will be working with technicians from IT and other departments to determine future support procedures to minimize the problems associated with spyware and viruses. - Todd Lutz, Technology Support Services

Discusses the unintended consequences of educational tracking in public school, and innovative model solutions for bringing these students back onto the college track. A penetrating look at the barriers to college faced by many students and a showcase of public schools and communities that are succeeding in dismantling those barriers. Check it out! - Nadine Williams, Library Director, 5824

THANKS

FROM ANGELA MILLER: I would like to extend my heartfelt gratitude to those who nominated me for January Employee of the Month. I know that a considerable amount of effort goes into compiling these nominations. And thank you to the Classified Professional Development Team for their hard work and effort in making this award happen. This honor was very much appreciated. Thank you!

FROM TINA LYMATH: A big thanks to those of you who participated in our holiday bake sale prior to the break. Many staff donated baked goods and or bought so many treats. We raised approximately \$450 towards the purchase of gifts for the children whose names were left over on the holiday giving tree. There were 12 children whose gifts were not returned and we were able to spoil them a bit.

FROM BETTE DORRIS: Thank you to all of the generous people who helped with the Holiday Giving Tree this year. We had 108 names of children on our tree. A big

thank you to Tina Lymath for taking over so I could venture to London. As always, I thank this great community for their outreach.

HELP STUDENTS OBTAIN SCHOLARSHIPS

Please tell your students about the hundreds of scholarships available to them through the Foundation. The 2005-2006 Scholarship Opportunities Booklet lists nearly 300 different awards ranging from \$150 to \$5,000. The scholarship booklet contains the application forms. It is available at Career and Employment Services in Building 1. A small supply of booklets will be available at the department offices, and at the Financial Aid and Scholarship workshop on Saturday, January 15 from 8:30 a.m. to 3:30 p.m. in Building 17, Rooms 308/309. LOST AND FOUND

Lane has one official Lost and Found department and that is located in Public Safety. See COPPS Lost and Found at <http://www.lanecc.edu/cops/lostnfrnd.htm>. While departments and work units may feel they are serving student's needs by keeping found items in their area for a day, a week, a term, etc it doesn't work that way. Students come to PS and we don't have their item. We take their information. Then, sometime later, if/when the item arrives at PS we contact them and frequently they have replaced the item. Departments/work units also leave themselves open to charges of not properly handling found property. The bottom line is that all found items need to be taken to PS Safety in a reasonably quick time frame -- certainly by the end of that work day. Call PS and we'll try to help by picking up the item if possible. If we can't pick it up, it is a good opportunity to see our new space and say Hi! Questions or concerns? Contact Sandy Ing-Wiese in Health and Safety.

NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American Word for the Week is "hoop," pronounced exactly like the English word "hope", and it is Hopi for northeast. Interestingly enough, Hopis never use north, east, south, or west for the cardinal directions, as is simply often done in English (with additional exceptions of NW, SE, etc). In Hopi, the cardinal directions are only solstitial, and only recounted in the following manner. On the summer solstice the

sun rises in the northeast, "hoop," and sets in the northwest, "kwiningya"; on the winter solstice the sun rises in the southeast, "tatkya," and sets in the southwest, "taavang." They exist only in the pospositionalized form, meaning these terms are always suffixed to other Hopi terms to convey appropriate desired meanings. Each of these Sacred Four Directions symbolize the following colors: NW is yellow, SW is blue-green, SE is red, and NE is white. The famous "Kachina" spirits, represented by the well-known kachina doll art tradition, "live" in certain "homes," with their appropriate names in Hopi for each direction (not listed here). Such world views in both this physical world and the "other worlds" or "beyond," are intermeshed and boundaries or domains of both are not only blurred, but conceptualized and named in Hopi, for easy reference. AIL 100 Foundations of American Indian Languages course introduces such fascinating concepts and language use, one may never have considered previously. Kotlowitz, Wesleyan University graduate, is a celebrated journalist, winner of the 1998 Heartland Award, the Robert F. Kennedy Journalism Award, the Helen B. Bernstein Award for Excellence in Journalism, the Carl Sandburg Award and the George Polk Award. His writings include, *The Other Side of the River: A Story of Two Towns*, a Death and America's Dilemma (1998) and *There Are No Children Here: The Story of Two Boys Growing Up In the Other America* (1991), named as one of the 150 most important books of the century by the New York Public Library. Conference sessions run Monday through Saturday, February 7-12.

Conference sessions will: Examine and explore social, environmental, and political issues through educational sessions and dialogue; Encourage civic engagement through creation of connections between students, faculty, staff, and community members; Develop skills and strategies for working toward social change.

Sessions will culminate with the Students Actively Changing Society Conference, a statewide student-centered event, on Friday and Saturday, February 11-12. This is a student-centered event that is part of National Campus Compact's Raise Your Voice Campaign. The Raise Your Voice Campaign has three overarching objectives: Increase college student involvement in public life and connect these actions with a larger national student movement; Explore social, economic, political, and environmental issues that are important to college students; Mobilize higher education in a way that gives more voice to students and makes social and civic participation central to student learning.

This year's Students Actively Changing Society conference aligns with the Oregon Campus Compact Civic Solutions Initiative that focuses on addressing three critical issue in Oregon: 1. hunger/poverty; 2. K-12 education; 3. urban/rural divide.

The conference is free of charge; however, pre-registration is required for all students who plan to participate in the Students Actively Changing Society Conference so that we are able to arrange for action projects, food, and lodging. Registration is

online at the Oregon Campus Compact website. AWARENESS TIP FROM DISABILITY SERVICES

Chairs and tables are accommodations that are placed in specific rooms for specific students. These chairs and tables are not to be removed by students, faculty, or any LCC employee. Students who have furniture accommodations must request the furniture each term so Disability Services knows where the furniture is needed. There is a great deal of effort by Facilities Management and Disability Services to get the appropriate furniture to the requesting students in a timely manner. So if an adjustable table, ergonomic or a padded chair appears in your classroom, do not remove it. Students who have furniture accommodations have a Letter of Accommodation (LOA) which identifies them as the student who is to use the chair/table. If there are more students with Letters identifying them as needing furniture accommodations than chairs in the room, have the students come to DS and speak with Jane. If you have any questions, contact Jane Love at 5662 or Disability Services at 5150.

UNDERSTANDING DIVERSITY: WHAT CAN I DO?

This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools, and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness-raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award winning video, "Blue Eyed," which deals, primarily, with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. The workshop is scheduled for Friday, January 21, from 1-5 p.m., room TBA. To register, please call ext. 5852. Should you have any questions or if you would like to schedule a department training, please contact Jim García, Diversity Coordinator, at 463-5852.

LIFE IS HARD, FOOD IS EASY

Do you find yourself eating for reasons other than hunger or taste? Food is everywhere and an easy solution to dealing with uncomfortable or unwanted emotions. Join this weight loss group led by Wendy Simmons based on Linda Spangle's book "Life is Hard, Food is Easy." We'll meet Wednesdays, January 19 - March 2 (excluding January 26), from 1-2 p.m. in Building 5, Room 206. The cost is \$40 which includes the book. Use CRN 33957 to sign up. UNDERSTANDING DIVERSITY: WHAT CAN I DO?

This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools, and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness-raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award winning video, "Blue Eyed," which deals, primarily, with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. The workshop is scheduled for Friday, January 21, from 1-5 p.m., room TBA. To register, please call ext. 5852. Should you have any questions or if you would like to schedule a department training, please contact Jim García, Diversity Coordinator, at 463-5852.

NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American word for the week is "mato" (pronounced with the accent stress on the second syllable) and means "bear" in Lakota, a language of the Teton or Western branch of what are more typically (and erroneously) referred to as "Sioux." "Mato' kho'ta" is a grizzly bear (but kho'ta literally means gray!) and "Mato' chinchala" means a "bear's cub." That Native American traditional tribal beliefs and spiritual views of the ecology and the cosmos merge is illustrated by the fact that "Mato' Ti'pila" (or Bear Lodge) is the name for the constellation of eight stars standing in a circle, with the gemini, Castor and Pollux, prominent among them. "Ti'pila" means a little house, and stems morphologically from "ti'pi" which is actually the third person plural of the verb "ti" (to live or dwell at). "Ti'pi" means literally, "they dwell or live at" and is the most well-known Indian "residential" construction known to the television viewing public, but this is not the end of remarkable parallels in our languages. "Mato' Ti'pila" is ALSO the name for the famous "Bear Lodge" or what is popularly known to climbing enthusiasts and the summer tourist industry as "Devil's Tower"--a controversial climbing site for tourists and an ancient sacred site for worship--a place where sportsmen's interests, commercial pursuits, and freedom of Native American religion issues have clashed and even been argued in the courts for years. These questions can sometimes surface in the AIL 100 Foundations of Native American Languages because of morphological processes and word borrowing across areally diverse linguistic communities. NEWS**BUS SERVICE UPDATE**

According to The Register-Guard and other news sources, Lane Transit District and the Amalgamated Transit Union Local 757 did not reach agreement in a mediated bargaining session yesterday, and a 10-day notice to strike is expected to be announced today. Bus service would be interrupted effective January 30 unless agreement is reached before then. A college committee appointed to review the impact of interrupted bus service on Lane recommends that students and employees stay informed by following news reports. Bus riders should plan a way to get to work and class. The college cannot provide transportation. E-MAILING STUDENTS AND COMPLYING WITH FERPA

An important reminder for a staff who are using e-mails to communicate to students regarding the use of the BC: (Blind Copy) function when e-mailing more than one student, as opposed to using the TO: (To) field. This is true when using GroupWise, or the "E-mail Class" function from class lists in ExpressLane, or any e-mail system.

In order to protect the privacy of a student's e-mail address never put more than one e-mail address in the TO: field. The way around this is to address the e-mail to yourself in the TO: field, and then load multiple e-mail addresses into the BC: field. This way, students receiving the e-mail will not be able to view each other's e-mail addresses.

The current "E-mail class" function in ExpressLane where class lists are displayed for faculty members defaults to the TO: field. We are encouraging faculty to either not use this feature, or, if they do, to please cut the e-mail addresses out of the TO: field and paste them into the BC field so they only display there.

As a reminder, if you and/or your department would like to have a quick and easy refresher on this and other FERPA issues, please invite Helen Garrett to come to a meeting at your convenience. Helen will review the "Top Ten Most Important Things to Know About FERPA" at Lane and respond to any questions you have.

Contact Diane Engle at x5693 to schedule a FERPA refresher with Helen.

TRAININGS

UNDERSTANDING DIVERSITY: WHAT CAN I DO?

This four-hour workshop will be a broad general overview looking at the nature of diversity and our part in it. We will start by examining what we mean by culture and identity. We will look at our own cultures and identities and how they are "interactive," rather than "additive." We'll very briefly look at population realities for who makes up the U.S., schools, and the workforce with factors such as race, age, economics, and immigration and review some "diversity definitions," such as stereotype, power, privilege, and prejudice. We'll participate in a few short consciousness-raising exercises that deal with issues of disability and sexual orientation. Then we'll view the award winning video, "Blue Eyed," which deals, primarily, with race and ethnicity, but can be used as a vehicle to think about diversity issues generally. We'll use the video as a touchstone to talk about some general issues of diversity. We'll wrap up with some ideas about taking an adversary path versus taking an ally path. The workshop is scheduled for Friday, January 21, from 1-5 p.m., room TBA. To register, please call ext. 5852. Should you have any questions or if you would like to schedule a department training, please contact Jim García, Diversity Coordinator, at 463-5852.

FAA RECOGNIZES LANE FOR 250,000 HOURS OF SAFE FLIGHT INSTRUCTION

The Federal Aviation Administration has recognized Lane Community College for a quarter-million hours of flight instruction provided without injury since 1967. Kieth Crimin, FAA Safety Program Manager from the Flight Standards District Office in Hillsboro, presented the safety award at the college's Board of Education meeting January 12. Harvey Birdseye, director of Lane's flight technology program, accepted. (See <http://www.lanecc.edu/mpr/news/rel00650.htm>). Birdseye read from a letter from Congressman Peter DeFazio: "LCC has a long history of success with the aviation program, providing almost 300,000 hours of flight instruction. Program graduates serve worldwide. Given the program's exemplary safety record, and my frequent flyer miles, it is comforting to know many LCC graduates are now flying for airlines at home and abroad ... Aviation safety and professionalism are key to a vital industry, and [Lane] provides the exceptional training needed to secure a bright future for aviation." "Many of the students who traveled to Washington D.C. and toured the Museum of the American Indian had the chance to identify their cultural roots, or deepen their understanding of their tribe," says Lane Student Life and Leadership Director Barb Delansky. The students also will describe their experience participating in the Native Nations Procession, which a Smithsonian news release said included "more than 25,000 Native Americans from more than 500 tribes and Native communities from throughout North Central and South America." Some students and local tribal members will wear Native American regalia. There will be drumming, flute music, refreshments and drawings of totem poles honoring the nation's military veterans, being carved by a local Native American artist for the long house. Corridos is a performance of oral history through song that honors the leaders, events, issues and history of the Mexican-American people. Garcia sings bilingually and plays guitar. His performance last year drew a standing-room only audience.

MINI CAREER FAIR FOR TRANSITIONS ACADEMY

On Thursday, April 14, Lane will host a Transitions Academy for high school students with disabilities. This all-day workshop will bring 200 high school students on campus to learn about college success strategies. The students will be coming to the LCC cafeteria to eat lunch. We would like to provide a one-hour career fair for them in the cafeteria during the lunch hour, to become more familiar with what programs are

offered at Lane. Departments and programs are invited to reserve a table to set up a display and answer students' questions from 11:40 a.m.-12:40 p.m. on April 14. Just one hour! You can send a current student in the program to represent it, if you would like. Reserve your table today to participate in this event -- contact Karen Edmonds, ext. 5688 or edmondsk@lanecc.edu

NEWS**RESTRICTIONS ON POLITICAL CAMPAIGNING BY PUBLIC EMPLOYEES**

Each legislative session, the Elections Division of the Secretary of State's office reminds us that certain activities are prohibited by public employees. Generally, ORS 260.432 states that a public employee may not, while on the job during working hours, promote or oppose election petitions, candidates or ballot measures. Additionally, no person, including elected officials, may require a public employee at any time to do so. Some of the prohibited activities outlined in the statute state that a public employee, while on the job during working hours:

- May not prepare or distribute written material, post website information, transmit e-mails, or make a presentation that advocates a political position;
- May not make outgoing calls to schedule or organize campaign events or other political activity on behalf of an elected official or political committee;
- May not grant unequal access to public facilities to candidates or political committees.

See <http://www.sos.state.or.us/elections/other.info/stat.htm> for more information.

Thank you for your attention to this important information. - Tracy Simms, Executive Assistant to the President

NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American Word for the Week is "eet-KA" which is Lakota (often incorrectly identified as "Sioux") for either "a blossom, an egg or any type of a seed." "Eet-KA" (with the accent or stress on the syllable in capital letters) can even mean "a capsule," because of the association of a small round object such as a seed or egg. The

term for "egg white," naturally, would be "eet-KA-ska" with "ska" being "white"--in the same order for both English and Lakota. "Ska" is an adjective meaning "white" and it is simply affixed to the end of the word for egg. "Yu-ZEE-ca", however, means "to stretch," for example, like a skin, balloon or piece of rubber. So "egg yolk" becomes "eet-KA-zi-ca" because the "yu" is dropped from the verb "to stretch" so an egg yolk is identified more with its tight yolk "stretched skin" rather than its yellow color (if a chicken's egg, etc.). Identification by color or surface qualities, or other descriptive aspects or characteristic attributes may change remarkably even within the same typology (or category of morphemes). - Dr. Don Addison, instructor Native American languages, 344-4758

BOARD REPORT JANUARY 2005

President Mary Spilde presented budget projections to the Board of Education on January 12. "It is clear that Lane will be in for another very challenging two years relating to our budget," Spilde said. "There are many unknowns in the budget at this time. We will need the Legislature to treat community colleges fairly, which the governor's budget does not do. We will need to expand our efforts to increase enrollment. We will need to develop a short-term strategy to align revenues and expenses for '06 while at the same time develop a plan for making some very difficult decisions regarding reductions and decisions for the '07 year. Obviously, this will be back on the agenda next month so that the board can approve a definite plan for dealing with the budget." The president's presentation and budget projections are available at <http://www.lanecc.edu/budget/0506/budget0506.html>

In action, the board approved obtaining design services to expand the campus health clinic, by 5-0 vote. Roger Hall and Mike Rose were absent. Health Director Duke Vandervort talked about basic health services provided at the clinic and the benefits of a larger clinic. He said the prime directive is to do no harm to student services. He said a new facility should enhance services to students.

The board reviewed recommendations from the National Association of College and University Business Officers and the Association of Community College Trustees for compliance with certain provisions of the American-Competitiveness and Corporate Accountability Act of 2002. The board will hold a first reading in February for a policy based on the recommendations.

In other reports, the board reviewed a summary of November work sessions on local population and enrollment trends; benchmarks on gender and race/ethnicity status of graduates; and accountability reports on compensation and benefits, and asset protection.

The next regular meeting will be Wednesday, February 9. After board approval, minutes are available on the web at <http://www.lanecc.edu/presoffc/board/minstoc.htm> Monitoring reports are posted at <http://www.lanecc.edu/presoffc/board/Brdacctbls.htm> Submitted by Joan Aschim, Marketing and Public Relations.

But because the committee has heard from several faculty who thought they still had time to apply, committee members have agreed to a limited extension of this deadline to February 4. However, in the interests of both fairness and a timely resolution to this year's process, these late applications will be evaluated by the committee as submitted; we will not be contacting you for additional clarification and consultation as we will with those who met the original deadline. Additional information about the process is available at <http://www.lanecc.edu/library/level/> You should also consult Article 29 of your LCCEA contract if you are contracted faculty, or Article 30 if you are part-time faculty.
