- First Place for Best Use of Sound, "Josh's World," Mark Immel
- Second Place Best for Use of Sound, "Green Building," Angela Kellner  
Submitted by Gayle Chisholm.

### SEND ENGRAVING REQUESTS OFF CAMPUS

Facilities can no longer accommodate engraving requests for Lane staff. Our engraver is antiquated and it has become impossible to purchase parts for repair. However, you can get your engraving done locally. Businesses are listed in the yellow pages of the phone book under engravers. Contact: Robin Geyer.

### INVITATION TO GROW MY IDEA

From Amy Gaudia, ABSE: As a follow-up to the green dot fishbowl discussion at spring conference, I have had many favorable responses to my mentoring/sponsoring idea. If you would like to read the letter I prepared, see [http://teach.lanecc.edu/abse/volunteer/amy\\_idea.html](http://teach.lanecc.edu/abse/volunteer/amy_idea.html) This is not a request for you to do more work or join a committee -- just an invitation to explore the possibilities.

## EVENTS

### WE CARE BY WORKING TOGETHER: PLANT A LITTLE PIECE OF EDEN

Join Lane President Mary Spilde, 4J Superintendent George Russell and Lane staff for four hours of window box gardening and visiting with Eugene Good Samaritan Health Center residents. It's a great way to help us connect with the seniors in our community and with each other. The center recently added window boxes outside resident's windows. The residents love their boxes, but need volunteers to help plant flowers. In addition, residents love to have visitors. Just lending your ear and a smile can often provide just the right amount of TLC! Sign up your family, department or wellness

team and come dressed to garden. Tools are provided. A pancake breakfast will be served in the morning. When? Saturday, May 14 from 9 a.m.-1 p.m. Where? 3500 Hilyard St., Eugene. Why? It's fun. It's a way to give back to the community. It's a way to get LIFE Wellness points. Why not? To sign up or for more information contact Tracy Rea at 463-5677 or at [reat@lanecc.edu](mailto:reat@lanecc.edu)

#### SPEAKER PANEL: REPRODUCTIVE RIGHTS

On Tuesday, May 3, from 7:30-9 p.m. in Building 19, Room 257, the Problems in US Politics class will present speaker panel on, "Reproductive Rights at Risk?" The panel will include State Representative Phil Barnhart (D), State Representative Jeff Kropf (R), Michelle Knopp, legislative assistant of Oregon Right to Life, and Kellie Shoemaker, vice president of public affairs for Planned Parenthood. Guests are welcome, but a call or e-mail indicating a desire to attend would be greatly appreciated for room/space purposes. Contact Steve Candee at ext. 5188.

#### FORD SCHOLARSHIP INTERVIEW WORKSHOP

On Wednesday, May 4, from 3-4:30 in Building 19, Room 250, there will be a workshop to help Lane students prepare for interviews for the Ford Family Foundation scholarships. Please encourage students to attend. For information contact Mary Parthemer (TRIO) and Beth Landy (Counseling/CES).

#### ESL DAY

Celebrate ESL Day on Wednesday, May 4, from 11:30 a.m.-1:30 p.m. at Bristow Square, and visit the world in five minutes! Meet students from different countries and learn something about their cultures through dances, songs, art exhibits and more. Help us celebrate our students and the diversity they offer our campus. If you would like to participate, contact ESL Advisor Heather Zissler at ext. 3420.

#### PUSHING THE MARGINS: AN EXHIBITION OF NORTHWEST BOOK ARTS

The White Lotus Gallery at 767 Willamette Street in Eugene will open an exhibit on book arts May 6. The invitational exhibit is curated by Elizabeth Uhlig of Lane Archives and Jennifer Rowan of the University of Oregon Library. The work of 18 premier book artists from the Eugene area and the Pacific Northwest will be featured including Susan Lowdermilk and Marilyn Robert of Lane's art faculty. Lowdermilk will be joined by Sandy Tilcock of the Knight Library Press in a gallery talk at 2 p.m. on Saturday, May 7, followed by a reception from 4-7p.m.; the exhibit continues through June 18. The opening of the exhibit is also the kick-off for a series of book arts-related events coordinated by Uhlig and Rowan in May and June. For more information see [www.wlotus.com](http://www.wlotus.com) Submitted by the editor.

#### YOM HA SHOAH TO BE OBSERVED

Yom Ha Shoah will be observed Friday, May 6 from 7 a.m.- 5:30 p.m. outside the front doors of Building 1. The names of Jews killed in the Holocaust will be read in conjunction with similar ceremonies around the world, bearing witness and affirming that the innocent lives lost in the Holocaust have not and will not be forgotten. Their names will always be remembered. Candles will be lit for other targeted groups including gypsies, political activists, gays, people of color, Jehovah's Witnesses and people with disabilities. Reading slots of 20 minutes and support slots of 2 hours are still open, call Susan Matthews to sign up at 3245.

#### WOMEN'S CENTER FRIDAY VIDEO

"Arrow Chain: Reclaiming Our Heritage," will be shown Friday, May 6 at noon in the Women's Center, Building 1, Room 202. The film is a presentation of the Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians. It describes their creation stories, history and traditions. Contact: Jill Bradley.

#### CULINARY STUDENTS OFFER PASTA BUFFET

#### PLANT A LITTLE PIECE OF EDEN

Join Lane President Mary Spilde, 4J Superintendent George Russell and Lane staff for four hours of window box gardening and visiting with Eugene Good Samaritan Health Center residents. It's a great way to help us connect with the seniors in our community and with each other. The center recently added window boxes outside resident's windows. The residents love their boxes, but need volunteers to help plant flowers. In addition, residents love to have visitors. Just lending your ear and a smile can often provide just the right amount of TLC! Sign up your family, department or wellness team and come dressed to garden. Tools are provided. A pancake breakfast will be served in the morning. When? Saturday, May 14 from 9 a.m.-1 p.m. Where? 3500 Hilyard St., Eugene. Why? It's fun. It's a way to give back to the community. It's a way to get LIFE Wellness points. Why not? To sign up or for more information contact Tracy Rea at 463-5677 or at [reat@lanecc.edu](mailto:reat@lanecc.edu)

#### DANCE FACULTY AND STUDENTS PRESENT NEW SOLO WORKS

The Lane Spring Dance Concert featuring the works of Lane dance faculty will be held May 14, 15 and 16 at 8 p.m. in the Performance Hall, Building 6. The Lane Dance Company performs the work of Bonnie Simoa and Kim Vetter. Cheryl Lemmer will present a piece with Lane dancers. Both Simoa and Vetter also will dance new solos. General admission tickets are \$10 adults and \$8 students and seniors. Tickets will be available at the door beginning one hour prior to the concert. The ticket office information line is 463-5202.

Simoa's group piece, "Mercury," explores the spiral as a shape that informs the unfolding of life. Concepts of perspective and place weave through the dance structure, illuminating vantage points as guides to what we see as "real". Complex spatial patterns and multi-dimensional movement continue to return to cyclic orbiting as a metaphor for the ever-changing realities of life. The choreographic process was collaborative springing from improvisations and compositions scripted and directed by Simoa and revealed through the dancers responses to the tasks, cues, and directives.

Simoa will premiere the solo, "Blue Dress Dance No. 2," to music from Puccini's opera, "Tosca." Humorous and extravagant, Simoa explores the meaning of grief, beauty, and destiny. Vetter, new on the dance faculty, presents "Genesis" in a continuing collaboration with composer Charles Lawrence Gran. For an ensemble of eight dancers, the dance explores creation, evolution and transformation through movement and metaphor.

"Kim, Jim, Gymnopedies, 1,2,3" is a solo dance by Vetter to Eric Satie's "3 Gymnopedies" played by Lane faculty pianist Jim Greenwood.

Lemmer's "In a Heart's Breath" is danced to music by Ryan Cabrera and reflects the resiliency of the human spirit when someone reaches out to lift pain and sorrow from the soul of another. The choreographer collaborated with the dancers in the making of the dance creating a strong sense of ensemble and personal connection to the dance.

#### **CLASSICAL CUISINE DINNER OFFERS EUROPEAN BUFFET THEME**

"An Eclectic and Elegant Evening, A Symphony of Flavors, Spring Classical European Buffet," is the theme for this spring's classical cuisine dinner offered by Lane culinary arts and hospitality students on Thursday, May 26. Hors d'oeuvres and a silent auction will commence at 5:30 p.m. followed by the buffet dinner at 6 p.m. The event will be held in the Center for Meeting and Learning, Building 19.

Among the 18 classical European dishes offered on the buffet are: chicken Breton, a braised dish with mushroom, leek and cream; red snapper à la niçoise and spinach and lentil roulade. Other highlights include Gruyere potatoes à la gratin, asparagus with gremoulade sauce, pear and endive salad with Gorgonzola cream, charcuterie platters, and vegetable and ice sculptures. Dessert will feature dobos torte, crêquembôuche, crêpes à l'orange, flambéed pears and chocolate and fruit mousse. There will be a no-host bar and entertainment will be provided. Student dining room manager, Harry Holstein and student executive chef, Nina Comiskey are pleased to invite the community to an evening of fine dining. Tickets are \$35 per person and should be purchased by May 20. Make checks payable to LCC Classical Cuisine and mail or deliver to LCC Culinary Arts and Hospitality Management Program, 4000 E. 30th Ave., Building 19, Room 204, Eugene, OR 97405. Visa and MasterCard are accepted. For more information contact Annie Caredio at 463-3503.

## NEWS

### SUSAN TATER NAMED EMPLOYEE OF THE MONTH

There's excitement and celebration in Building 7 because the May Classified Employee of the Month has worked in Facilities Management and Planning since October 1993. Susan Tatar, administrative specialist, moved over to the bond project in 1999 and kept departments and contractors working smoothly and efficiently together. Susan is described as intelligent, positive, conscientious, respectful and courteous to her fellow workers and "customers." When Susan started working in the bond office she had no prior experience with large-scale, multi-project construction programs, relocating departments, or with acquisition and distribution of furnishings. The same is true when she began working with Schedule 25, the software which tracks space on campus. Both of these projects were new and presented Susan with new challenges. She rose to the challenge, learning all the ins-and-outs of construction, familiarizing herself with new terminology, tracking projects, and developing positive relationships. When she is not giving 110 percent to her job, she enjoys visiting with her family, especially her 18-month-old granddaughter in Ohio. Way to go Susan! Submitted by Leigh Alice Petty.

### LANE SCHOLARS TONY MCCOWN AND LAYLA ULAM HONORED

Lane students Tony McCown and Layla Ulam were honored at the Oregon Community College Association Student Scholar ceremony and luncheon on April 29. They were among 37 scholars from Oregon's community colleges honored by legislative officials and college presidents, including President Mary Spilde, in this annual Community College Month event. McCown is a second-year pre-planning, public policy and management major at Lane and is student body president. He plans to transfer to the University of Oregon and pursue a law degree. Ulam also is a second-year student with plans to transfer to the UO. She will pursue a degree in journalism and women's studies. Submitted by the editor.

### YES, IT'S TRUE: STAFF SURVEY FOR FOUNDATION

Yes, the survey you received this week from a university student asking you about the Foundation is legitimate. Jessica Friedman is a senior in the journalism school and is doing her senior project on how Lane's Foundation can improve its effectiveness. All responses are being forwarded directly to her mailbox. Thank you for your help with this project. Submitted by Janet Anderson.

#### DISABILITY SERVICES AWARENESS TIP #5

Lane is committed to providing access to the learning environment for students with disabilities. This often involves creating alternate formats of printed materials for those with a visual, learning or other disability that prevents them from accessing the written word. Alternate format typically includes converting materials to Braille, large print, audio recordings (Text on Tape), electronic text (disk or e-mail attachment), or digital texts/talking books. These accommodations are very time-consuming and staff-intensive as well as require timely collaboration between the instructor and the Disability Services Alternate Format Specialist, Lynn Lodge. For more information about how to provide alternate formats, contact Lynn Lodge at [lodgel@lanecc.edu](mailto:lodgel@lanecc.edu) or 463-5059.

#### NOMINATE A SPEAKER FOR SPRING CONFERENCE 2006

The Spring Conference Planning Committee is organizing a list of candidates to be considered as speakers for next year's event. If you have the name of a speaker who you would like to hear, and who could speak to Lane's core values, then please e-mail that person's name to Sonja McKean at [mckeans@lanecc.edu](mailto:mckeans@lanecc.edu). In order to be considered, names must be submitted by noon on Friday, May 6. Lane's core values are learning, diversity, innovation, collaboration and partnership, integrity, and accessibility. If you would like to review Lane's core values, click on the following link: <http://www.lanecc.edu/research/vision04.htm>

### ACADEMIC ADVISING: A BEST PRACTICE FOR STUDENT SUCCESS

In an earlier edition of The Daily, the Success and Goal Attainment committee (SAGA) outlined the six best practices for increasing student success. These six best practices are: learning communities; first year experiences; academic advising; supplemental instruction; early warning and intervention systems; and campus climate/supportive learner environment. This spring, we have been featuring each best practice in The Daily and offering tips for student retention and success.

Academic advising, this week's featured best practice, is a developmental process that assists students in clarifying their academic goals and in developing academic plans for realizing those goals. It is designed to be an open conversation that is the responsibility of both student and advisor. The advisor helps students coordinate their learning experiences through courses and extracurricular activities and the advisor helps students modify their plans as necessary. Best practice academic advising programs are intrusive. In other words, they require students to utilize the guidance of a trained professional when choosing their courses and developing their academic plans. This helps them avoid taking courses that will not count towards their program completion and other potential obstacles to student success.

We want to encourage Lane faculty and staff to remind students that it is time to get advised for advance registration (for summer and/or fall terms) so that they can register for their classes early and have the best selection.

For more information, contact Dan Timberlake, Director of the Counseling Department at ext. 5321 or [timberlaked@lanecc.edu](mailto:timberlaked@lanecc.edu). Next week's best practice: Supplemental Instruction.

### NOMINATE A SPEAKER FOR SPRING CONFERENCE 2006

The Spring Conference Planning Committee is organizing a list of candidates to be considered as speakers for next year's event. If you have the name of a speaker who you would like to hear, and who could speak to Lane's core values, then please e-mail that person's name to Sonja McKean at [mckeans@lanecc.edu](mailto:mckeans@lanecc.edu). In order to be considered, names must be submitted by noon on Friday, May 6. Lane's core values are learning, diversity, innovation, collaboration and partnership, integrity, and accessibility. If you would like to review Lane's core values, click on the following link: <http://www.lanecc.edu/research/vision04.htm>

## **BUILDING A PROGRESSIVE MOVEMENT FOR QUEER AND RACIAL JUSTICE**

Workshop, Thursday, May 12, noon-1 p.m., Building 1, Room 206

In this workshop, participants will develop knowledge of the conservative right's use of wedge strategies specifically around race and GLBT issues. We will explore how queer and racial justice issues are connected, analyze attacks against GLBT and immigrant communities, and discuss why an alliance-building strategy is essential to our work in the progressive movement. Guadalupe Quinn is the regional coordinator in Lane County for CAUSA, an immigrant rights coalition in Oregon that does local, state and national work. She has worked for more than 20 years on issues of human rights, economic justice, worker rights and racial justice. Guadalupe is a Mexican Immigrant and has lived in the U.S. since 1951 and is committed to grassroots organizing that educates and empowers communities. Aeryca Steinbauer is originally from Vermont, white, 22 years old, and queer, is a board member of CAUSA, and worked for the past two years for PCUN, Oregon's farmworker union as an organizer doing services and immigration cases for union members. The farmworker movement's stand against Measure 36 last fall deepened her vision of what it means to be a progressive movement for social and economic justice. Cosponsored with The Multi-Cultural Center, Diversity Coordinator Jim Garcia, and the ASLCC. Contact: Susan Matthews, 463-3245

## **WESTERN OREGON UNIVERSITY TO VISIT CAMPUS**

A Western Oregon University representative will be on campus Monday, May 16, to meet with students on an appointment basis. Students interested in meeting with Nan Miller from Western can make appointments through the Lane Counseling office at 463-3200. Submitted by Deb Hupcey, 463-5635.

## **PRESIDENT TO HOLD OPEN OFFICE HOURS**

President Mary Spilde will hold an open office hour on Tuesday, May 17, from 9:30-10:30 a.m. Those who have not had this opportunity before are encouraged to schedule a 15-minute appointment by calling the President's Office at ext. 5200.

## **TRAININGS**

### **HIRING TRAINING**

**NEWS****ANOTHER LANE STUDENT WINS JACK KENT COOKE SCHOLARSHIP**

Graffiti was once his outlet for identity, expression and friendship while a childhood dream of writing lay dormant. Now, Ephraim C. Payne of Eugene is working toward a future as an environmental journalist thanks to Lane Community College and a transfer scholarship from the Jack Kent Cooke Foundation.

Ephraim, 31, is one of 25 students nationwide to earn the scholarship. He was selected from among 791 candidates nominated by 519 two-year colleges. He will receive up to \$30,000 a year for tuition, room and board, books, and other required fees to complete his bachelor's degree. He will graduate this summer and transfer to the University of Oregon to study journalism and environmental studies.

Ephraim enrolled at Lane in September 2003. He became a top student in economics, biology, and English. He participated in the Oregon Diversity Institute and the Reading Together project and was editor in chief of this year's college journal of nature, literature and art, Earth Tithe.

Ephraim's childhood was marked by poverty in rural California and his high school years were dimmed by substance abuse. At age 18 he enrolled in the California College of Arts and Crafts in Oakland. There he explored graffiti art muralism and made friends with students from multicultural backgrounds who shared "commonalties of poverty and alienation from the greater society." He left for lack of finances.

Ephraim got involved in environmental and political activism. He lived in Chicago for a while, where he gave up graffiti and started writing. He got married and had a daughter, which gave him a sense of clarity. Eventually he landed in Eugene and helped found the Eugene Biocarshare Car Cooperative.

"Even as I immersed myself in the art world at CCAC, I brought my typewriter along to write a novel. Here in Eugene, things have come full circle. It took a leap of faith, but I re-enrolled in college to make my dream a reality."

The Jack Kent Cooke Foundation created the transfer scholarship program to "make sure that financial obstacles do not prevent high-achieving community college students from advancing their education."

Ephraim is the second Lane student to win the scholarship. Last year, Alex San Pedro won the scholarship and transferred to the Pratt Institute of Design in New York City. See [www.lanecc.edu/mpr/news/rel00683.htm](http://www.lanecc.edu/mpr/news/rel00683.htm) Contact: editor.

#### GRADUATE KEYNOTE SPEAKER SELECTED

The graduation 2005 student keynote speaker was chosen May 5 by a panel of three judges. Please join me in congratulating Susan Belhassen who is an associate of applied science/computer user support graduate. Susan will receive a \$100 award in addition to giving the keynote speech at Lane's June 11 graduation ceremony.

Susan was born and raised in Scottsdale, Arizona. She moved to Oregon after graduating from Coronado High School in 1991. She fell in love with Oregon and the Pacific Northwest and counts herself lucky to make it her home. She lives in Springfield with her wonderful significant other, Troy, and their six little fur people. She has been fortunate to be an employee of Lane Workforce Partnership/Lane County for the last five years, enabling her to also attend Lane during this time. She was the webmaster for Sigma Zeta Chapter of Phi Theta Kappa for the 2004/05 year. She traveled to China as the representative from Oregon for the International Scholar Laureate Delegation on Technology in May. She likes computers, animals, books, food, hiking, music and camping. Congratulations Susan! Submitted by Tina Lymath.

#### NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American word for the week is "Pastoni," which means "a white settler" in the Abenaki language of Maine. It's no accident that "Pastoni" is so close to "Boston" because that is the direct source that inspired this similar sounding term for Euro-Americans in the Abenaki language. Henry David Thoreau actually made Abenaki "famous" when he met Abenaki-speaking Indians in the woods. Unfortunately Thoreau resorted to an animal metaphor in his description that the Abenaki language "was a purely wild and primitive American sound, as much as the barking of a chickaree, and I could not understand a syllable of it." Chickaree is an old name for a red squirrel and therefore this is not meant to be complimentary. The view of most (non-Native) Americans in Thoreau's time was that Native languages should be pushed aside and replaced with English at all costs, and as soon as possible. Ironically, Thoreau would have probably been impressed that Abenakis had developed such a sophisticated language that six different words for "moose" were in use, compared to our English one, "moose." Today the interest in reviving and supporting endangered Native languages is ever increasing and well-documented and Lane is in the forefront of this struggle among the community colleges of the West Coast. Dr. Don Addison, instructor in Native American languages at LCC and the UO, 344-4758.

## THANKS

YOM HA SHOAH: Thank you to all Lane staff and students who took the time to read names on Yom Ha Shoah, it was an important and moving event. Special thanks to Terry Sullivan who stayed for five hours in the cold and rain to make sure there were no gaps. Terry has been a constant support over the years that we have been doing this event, even staying through the night to witness the lives destroyed by the Holocaust. Thanks again, Susan Matthews.

LMBB DONORS AND VOLUNTEERS: One-hundred Lane staff and students signed up to donate during the April 15 and 18 campus blood drive. "LCC had a fantastic turnout," writes Kristi Henderson, Lane Memorial Blood Bank's community affairs coordinator. "We hope everyone had an excellent experience and will choose to make blood donation a regular part of their lives." Volunteers from several departments joined retired staff members to organize the third blood drive of the 2004-05 school year. With such positive results, during fall term Lane will once again host a two-day Bloodmobile campus visit. Mark your calendars for October 24 and 26. Thanks to the following donors and volunteers. Henderson says, "The blood drive brings a special gift to the community that will save lives. Thanks to all who participated." ### **WOMEN'S CENTER FRIDAY VIDEO**

A video about photographer Annie Liebovitz will be shown Friday, May 13 at noon in the Women's Center, Building 1, Room 202. Contact: Jill Bradley.

### **WE CARE BY WORKING TOGETHER: PLANT A LITTLE PIECE OF EDEN**

Join Lane President Mary Spilde, 4J Superintendent George Russell and Lane staff for four hours of window box gardening and visiting with Eugene Good Samaritan Health Center residents. It's a great way to help us connect with the seniors in our community and with each other. The center recently added window boxes outside resident's windows. The residents love their boxes, but need volunteers to help plant flowers. In addition, residents love to have visitors. Just lending your ear and a smile can often provide just the right amount of TLC! Sign up your family, department or wellness team and come dressed to garden. Tools are provided. A pancake breakfast will be served in the morning. When? Saturday, May 14 from 9 a.m.-1 p.m. Where? 3500 Hilyard St., Eugene. Why? It's fun. It's a way to give back to the community. It's a way to get LIFE Wellness points. Why not? To sign up or for more information contact Tracy Rea at 463-5677 or at [reat@lanecc.edu](mailto:reat@lanecc.edu)

### **PRESIDENT TO HOLD OPEN OFFICE HOURS**

President Mary Spilde will hold an open office hour on Tuesday, May 17, from 9:30-10:30 a.m. Those who have not had this opportunity before are encouraged to schedule a 15-minute appointment by calling the President's Office at ext. 5200.

For questions about ordering copies, contact Tom Johnson, 5373.

**I-105 CONSTRUCTION TO CAUSE MAJOR TRAFFIC IMPACTS**

I-105 construction work that will include major traffic impacts is expected to start May 16. Once started, that element of work is scheduled to last 66 days and nights. During this period, the contractor will remove the Portland cement concrete travel way that was built in 1967 and replace it with 12 inches of asphalt. For approximately eight days, the east bound lane of I-105 will be closed for construction, with only west bound traffic allowed; then alternating to the opposite side and closing the west bound lane for about eight days for construction with east bound traffic allowed while working over the I-5 interchange. In addition, the Delta Highway interchange will require a full closure of I-105 for three days, which will be scheduled over a weekend. The Coburg Avenue interchange will also have specific staging for 12 days in each direction where west

bound traffic will be forced to use the ramp; east bound traffic will be restricted to a single lane for 12 days. The exact dates for the closures have not been scheduled yet. As I-105 work continues in May, the contractor will continue working around the clock and the community may experience significant traffic impacts. There is a \$35,000 per day incentive for the contractor to finish the work ahead of schedule. Visit [www.keepusmoving.info](http://www.keepusmoving.info) or call (541) 984-8484 for updated information on this project. Submitted by the editor from Oregon Department of Transportation information.

##### **STUDENT JURIED ART SHOW**

The Lane Art Gallery is proud to present the Lane Community College Art Department Student Juried Art Show. The annual exhibition is open to LCC students entering work created in the 2004-05 school year. Work entered by students is juried. Susan Detroy, gallery director, juried this years' entries. Artwork is displayed in the gallery and in the lobby of the Performing Arts Building, Building 6. A reception and lecture will take place Tuesday, May 10, starting at noon, in the art gallery, Building 11. Tina Rinaldi, executive director of the Jacobs Gallery in Eugene, will speak on her perspective of the jury process. Awards for first place and honorable mention will be distributed as well as other prizes for participating students. Refreshments will be served. The Student Juried Art Show runs through May 19 in the gallery. Gallery hours are 8 a.m. to 5 p.m. Mondays through Thursdays and Fridays from 8 a.m.-4 p.m. The Performing Arts lobby exhibit will be up through the end of May. Admission is free to all events. For more information call 463-5409.

##### **BUILDING A PROGRESSIVE MOVEMENT FOR QUEER AND RACIAL JUSTICE**

Workshop, Thursday, May 12, noon-1 p.m., Building 1, Room 206

In this workshop, participants will develop knowledge of the conservative right's use of wedge strategies specifically around race and GLBT issues. We will explore how queer and racial justice issues are connected, analyze attacks against GLBT and immigrant communities, and discuss why an alliance-building strategy is essential to our work in the progressive movement. Guadalupe Quinn is the regional coordinator in Lane County for CAUSA, an immigrant rights coalition in Oregon that does local, state and national work. She has worked for more than 20 years on issues of human rights, economic justice, worker rights and racial justice. Guadalupe is a Mexican Immigrant and has lived in the U.S. since 1951 and is committed to grassroots organizing that educates and empowers communities. Aeryca Steinbauer is originally from Vermont, white, 22 years old, and queer, is a board member of CAUSA, and worked for the past two years for PCUN, Oregon's farmworker union as an organizer doing services and immigration cases for union members. The farmworker movement's stand against Measure 36 last fall deepened her vision of what it means to be a progressive movement for social and economic justice. Cosponsored with the Multi-Cultural Center, Diversity Coordinator Jim Garcia, and ASLCC. Contact: Susan Matthews, 463-3245

Nominees should have demonstrated achievement in their chosen profession, service to the community, or outstanding contribution to the college. The awards will be presented at the Harvest Dinner on October 28.

In 2004, Lane celebrated its 40th anniversary and honored Marciann Gaston, Pete Gribskov, Kathryn Harrison, and Dan Luoma. Lane acknowledged outstanding alumni for its 25th anniversary including John Lively, Sue Prichard, David Spriggs, and Sid and Hank Voorhees.

Nomination forms are available at <http://www.lanecc.edu/foundation/distalumni.htm> or by calling the Foundation at 463-5135.

**SUPPLEMENTAL INSTRUCTION: A BEST PRACTICES FOR STUDENT SUCCESS BROUGHT TO YOU BY SAGA**

This week's featured best practice is Supplemental Instruction (SI) an academic assistance program that utilizes regularly scheduled peer- or tutor-led study sessions specifically linked to targeted, high-risk courses. The purpose of SI is to improve grades and reduce attrition in historically difficult classes. The SI leaders attend the targeted courses, and then work with students outside class in small groups to integrate the course content and to develop learning strategies.

SI was created at the University of Missouri-Kansas City in 1973. This proven practice has been named an Exemplary Educational Program by the U.S. Department of Education. UMKC continues to use supplemental instruction in many of its "gatekeeper" courses. Faculty and staff from hundreds of institutions across the nation have received training from UMKC to implement their own SI programs.

Although Lane does not have specific SI programs, there are current services in place that reflect parts of this model: EL 113 Content Specific Study Skills; study groups in Math and Science; Women in Transition required discussion groups; Women's Studies discussion groups. SI may be a consideration in departments wishing to improve within course retention.

For more information, contact Dan Timberlake, Director of the Counseling Department at ext. 5321 or , or Mary Parthemer, TRiO Director at ext. 3133 or

#### ACADEMIC ACHIEVEMENT RECOGNITION

Are you a Lane employee who is working toward a higher education degree? Have you recently received your degree? Lane's Chapter of the American Association of Women in Community Colleges wants to know. AAWCC would like to recognize our colleagues--men and women--who have achieved their educational goals and encourage those who are working hard to complete their degrees. Please e-mail or call Donna Zmolek at [zmolekd@lanecc.edu](mailto:zmolekd@lanecc.edu), ext. 5750, and let her know which college you are attending, your field of study, and the date or anticipated date of graduation. AAWCC applauds your efforts!

#### FREE COPIES OF THE NEW YORK TIMES FOR SUMMER COURSES

Through a special arrangement with The New York Times Knowledge Network, The League for Innovation is happy to offer this free service to faculty at League Colleges. The New York Times Knowledge Network was created to assist educators with one of the most diverse, in-depth and informational resources available-The New York Times. Through the Knowledge Network, community college faculty gain access to curriculum resources, special workshops and other educational resources. The Times can be used across the curriculum, including such courses as English, journalism, political science, business, communications, Upward Bound and honors courses, just to name a few. To find instructional strategies, curriculum resources, as well as to sign up for e-mail alerts and search for Times articles on over 170 subject areas, please go to [www.nytimes.com/knowledge](http://www.nytimes.com/knowledge) Please note that the Times will try to serve all requests based on ability to deliver to your campus. Copies are limited, so please respond at your earliest convenience; deadline for this special offer is June 1. To sign up for free copies of The New York Times for summer use, please e-mail:

[knowledge@nytimes.com](mailto:knowledge@nytimes.com) For more information contact Jan Gilboy, education manager, New York Times Knowledge Network, 368 S. McCaslin Blvd., Louisville, CO 80027, Phone: 1-888-443-1800, E-mail: [gilboy@nytimes.com](mailto:gilboy@nytimes.com) Submitted by Tamara Pinkas, Lane's League Rep, ext. 5011

**NEWS****I-105 CONSTRUCTION MAY AFFECT YOUR COMMUTE**

Prepare for delays and closures from I-105 construction, says the Oregon Department of Transportation. The first full lane closure on I-105 that will have major impacts on traffic starts at 6 a.m. Monday, May 16 when the eastbound lanes of I-105 over I-5 will be closed for construction for 8 days, with only west bound traffic allowed over the I-5 interchange. After construction is complete on east bound lanes, closures will switch to the opposite side, where west bound lanes will be closed for about 8 days. During this phase, the east bound traffic will have regained access over the I-5 interchange.

Following these first two phases, the Coburg Road interchange section of I-105 will experience 12 days of full lane closures in each direction. In phase three, the west bound traffic will be forced to use the Coburg Road exit ramp, while east bound traffic will be restricted to a single lane for 12 days. Then west bound traffic will be returned to the over crossing and east bound traffic will be

forced to use the ramp. The Delta Highway interchange will require a full closure of I-105 on the west end of the project for 3 days, which will be scheduled over a weekend. The exact dates for these closures have not yet been scheduled by the contractor.

Once started, the five closures are scheduled within a consecutive 66 day and night window of time. During this period, the contractor will remove the Portland cement concrete travel way that was built in 1967 and replace it with 12 inches of asphalt. As I-105 work continues into June, the contractor will continue working around the clock and the community may experience significant traffic impacts. There are \$35,000 per day incentives for the contractor to finish the work ahead of schedule.

Stay informed at <http://www.keepusmoving.info> and to "Find a New Way" both during and after construction. The web site provides information on closure issues, construction updates, downloadable files for respective communications about the project and alternative modes of transportation to help reduce trips each day on I-105 by using bus, carpool, alternate work and travel schedule, bike, walk, etc. For up to date construction information, please visit the web site [www.keepusmoving.info](http://www.keepusmoving.info) or call the City of Eugene hosted Regional Metro Road Report at 541-984-8484. Submitted by the editor from an ODOT news release.

#### FARM INCOME GROWING

Lane County area farm profits jumped 120 percent last year, according to Lane's Farm Business Management Program. Analyses conducted by FBM participants show that average net income per farm grew from \$46,269 in 2003 to \$101,769 in 2004. Figures cover a range of farm types, including fruit and vegetable, field crops, and livestock. FBM Coordinator Gary Valde says the figures are representative of Lane County farm trends specifically and Oregon farms in general. "Ironically, though a number of farms were enjoying increased profits in 2004, they face more challenges for 2005 than in many past years."

For example, hazelnut growers received some of the highest prices on record but are dealing with Eastern filbert blight, a disease that increases production costs, reduces yields, and can eventually destroy an orchard. Cattle prices were also at historical high levels, but uncertainty about imports and consumer demand may cause prices to drop. Milk prices were up in 2004 but have already begun to decline.

"Nursery production has been a shining star for both Lane County and Oregon agriculture for years," Valde adds. "However, growth in nursery production, along with increased shipping and production costs are narrowing profit margins for growers. Christmas tree producers are facing similar problems."

Then, of course, there's the drought. Valde notes that despite the alarm bells, spring rains may still be adequate for non-irrigated crops such as hay and some grass seeds, but farmers who rely on irrigation for their crops continue to have concerns about the availability of irrigation water for this summer.

Each year, farmers participating in the Lane FBM program complete a computer analysis of their farm's performance. These figures are averaged to provide data that can be compared to each individual farm. These analyses,

along with numerous other activities such as planning, marketing, and tax management, are used by participants to help them meet the challenges they face in farming. Contact: Gary Valde, 463-4615.

#### NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American Word for the Week is "utsimavaa" which is "she or he knows from experience" in the Inuktitut language of Alaska. This indigenous word for "know" however has many alternative forms depending on distinctions the societies choose to make, and the focus of today's word is to know "from experience," and this seems to suggest giving evidence of how one came to know something. The next focuses upon skill or knowledge of abilities such as "Sanatuuq" which is "he or she knows how to do something." Others can be more general such as "qaujimavaa" which is "she or he knows about something," "nalujuunnaipaa" is "she or he is not ignorant of something," "nalunaiqpaa" is "she or he is no longer unaware of something," and so on. These First Nations peoples carefully distinguish many aspects of "knowing" based upon a whole set of related cultural values which changes shades of meaning in the spoken language and word choice. Submitted by Dr. Don Addison, American Indian language instructor at Lane and the UO, 344-4758.

#### FOUNDATION SEEKS DISTINGUISHED ALUMNI NOMINEES

June 1 is the deadline to nominate alumni for Distinguished Alumni Awards. Eligible are alumni who completed at least 30 credit hours at Lane or earned an associate's degree. Nominees should have demonstrated achievement in their chosen profession, service to the community, or outstanding contribution to the college. The awards will be presented at the Harvest Dinner on October 28. In 2004, Lane celebrated its 40th anniversary and honored Marciann Gaston, Pete Gribskov, Kathryn Harrison, and Dan Luoma. Lane acknowledged outstanding alumni for its 25th anniversary including John Lively, Sue Prichard, David Spriggs, and Sid and Hank Voorhees. **NEWS****TWO LANE STUDENTS TAKE FIRSTS IN NATIONAL LITERARY COMPETITION**

Lane Community College has justifiable reason to be very proud of two of its students--Fred Griswold and M.E. "Betsy" Hardinger. These up-and-coming authors each took first place at this year's League for Innovation Student Literary Competition at the national level, Fred for his one-act play "Feels So Good," and Betsy for her short story, "Gone to the Funeral." Both will be published in the League Literary Magazine and receive a \$500 cash prize. Please be sure to offer your congratulations to these fine representatives of Lane Community College. For information, contact Sharon Hainley, ext. 5421 or Tamara Pinkas, ext. 5011.

**NETWORK FILE STORAGE HARDWARE REPLACEMENT PLANNED**

The Information Technology department will be replacing the hardware used for network file storage. The new hardware is more reliable, has greater capacity and will be easier to manage. All files currently stored on the network devices will need to be copied to the new hardware. You can help us ensure that the move goes smoothly by cleaning up your network files and deleting any that you no longer need. The clean-up target date is May 31. We will coordinate with each department as the time nears to move files to the new hardware. As a reminder, the network file servers are not the appropriate place to store personal pictures, music files, etc. Please take this opportunity to move those files to personal equipment. If you have questions or comments please call Ardene Toney at ext. 3359.

**ENDOWED CHAIR POSITION**

Nominations close May 23

Lane Community College is pleased to announce an endowed position to initiate an American Indian Languages curriculum. As you might know, Lane has been making plans for several years to offer students the opportunity to study native languages. The anonymous gift of funds for an endowed chair will finally make this possible. The endowment will rotate among the colleges instructional divisions on a regular basis and the first endowed chair position will be in American Indian Languages.

President Mary Spilde recently announced that for 2005-06, Lane's first endowed chair will be bestowed on a recognized scholar of native languages with an emphasis on the Northwest. The chair position will oversee the development and implementation of a course of study for 100 and 200 level language classes in the division of Language, Literature and Communication. In addition, the chair will join others in leading Lane toward a form of Native American Studies certification and maintain contact with tribal and campus communities throughout the area.

At its April 2005 meeting, Lane's Board of Education approved the offering of an American Indian Language course of study to be offered beginning fall 2005 with the following goals: (1) support the development of a course of instruction in a Northwest Indian language; (2) offer a sequence of classes at both 100 and 200 levels, and (3) establish articulation with the Oregon University System and with tribal benchmarks for student achievement and assessment. The endowed chair will work closely with the instructor of these classes to meet these goals.

Because of the timeline for the position, details of the role and job description will be negotiated by the invited chair and the college.

You can help us with this process, if you would grant us a favor. We hope you will let us know of any scholars of Northwest Indian languages whom you could recommend. We would also welcome a brief comment about your nominees' qualifications. Based on the nominations received, the American Indian Languages Committee will send invitations to selected candidates to apply for the endowed chair position. The committee hopes to make final recommendations by the end of spring term. You can also help us by sharing this good news with your community. We need to close nominations by May 23.

Please respond soon by contacting any AIL committee member, or send information to Dr. Susan Carkin, chair, Division of Language, Literature and Communication; [carkins@lanecc.edu](mailto:carkins@lanecc.edu) Phone: 463-5419. Fax 463-4162.

#### LIBRARY HAS MULTIPLE COPIES OF 05-06 READING TOGETHER BOOKS

Thanks to the generous support of the Lane Library and Staff Professional Development, 10 copies of each of next year's Reading Together books are now available for circulation. **FRENCH MINISTRY AWARDS ASSIGNMENTS TO FOUR LANE STUDENTS**

The French Ministry of Education and the Cultural Services at the French Embassy have recognized the quality of education Lane Community College students receive. The ministry offers between 1,000 and 1,700 teaching assistantships in French primary and secondary schools and in Instituts universitaires de formation des maitres (IUFMs) in all regions of France, and four of them have been awarded to Lane students for the coming year: Lara Coley, Ryan Jacobs, Bridget Sullivan, and Stephanie Raub. These scholars will spend from six to nine months in France teaching 12 hours of English conversation classes per week, and will have a privileged insight into contemporary France while mastering the French language through linguistic immersion, not to mention gaining valuable teaching experience. We offer them our best wishes for a fantastic experience, and congratulate the French Department for their fine teaching! - Sharon Hainley

**SINGLE LANE RESTRICTION BEGINS TONIGHT ON I-105**

From the Oregon Department of Transportation: Starting tonight at 7 p.m., the contractor working on the I-105 Highway Improvement Project will start an around-the-clock restriction to a single lane for eastbound I-105 traffic between the Delta Highway off ramp and the Delta Highway on ramp. Traffic will be shifted to the left lane so Delta Highway on ramp vehicles will be able to enter the right hand lane from a realigned ramp alignment. This lane restriction is needed for reconstruction of the on ramp. The reconstruction and paving should be completed by Saturday night and motorists should expect delays during peak evening and morning periods.

I-105 construction work that will include major traffic impacts is expected to start Thursday at 6 a.m. when the east bound lane of I-105 over I-5 will be closed for construction for eight days, with only west bound traffic allowed.

Motorists are encouraged to visit the web site [www.keepusmoving.info](http://www.keepusmoving.info) or call the City of Eugene hosted Regional Metro Road Report at 541-984-8484 to stay informed. - Editor

**NATIVE AMERICAN WORD FOR THE WEEK**

Today's Native American word for the week is "Tsimshian." This is actually the name for a First Nation tribe in Alaska and it is one of the words they use to call themselves. The Tsimshian name derives from their name for the Skeena River, or "Ksian" which includes the place-name locative "K" which is preceded by "ts'm" which means "inside of an object." Assembling together these parts, "ts'm" plus "k" plus "sian" has, over time, become "Tsimshian," meaning "Inside the Skeena River." Many linguists used to think that the Tsimshian language was a language isolate, meaning no other languages survive which were related to it (like Basque is a language isolate in Europe). The great linguist Edward Sapir, however, proposed that it is a Penutian language, remotely related to the Kalapuya and the Klamath languages of Oregon. The Coast Tsimshian language is called "Sm'algyax" which means "the real language" and refers to the dialect of the lower Skeena River, at the river's mouth. Tsimshian or Sm'algyax is still spoken fluently by between 500 to 800 people today. This language therefore is one of the few Native languages today which has miraculously survived against all odds. - Dr. Don Addison, American Indian language instructor, LCC and UO, 344-4758

#### TRACK AND FIELD THANKS

Thank you to all of staff members who volunteered Saturday at the championship track and field meet hosted by Lane: Lyndell Wilken, Mike Mitchell, Jennifer Jordon, Craig Marsh, Sue Thompson, Pat Lanning, Amy Riggins, Mike Zimmerman, Sharon Foster, Matt Swagerty, Brent Ellison, and Sean Mondragon. Special thanks to Daphne Sampson in Grounds for her hard work in preparing the facility. Thank you all. -Grady O'Connor

#### TRIO ACCEPTING ENROLLMENT

The TRiO Learning Center has opened enrollment for the 2005-06 year. TRiO provides many services to help students graduate from college. TRiO is targeted to first generation, low-income students, or students with disabilities. Please ask students to stop by the TRiO Office in Building 1, Room 219 to sign up for an orientation. - Mary Parthemer

#### FREE COPIES OF THE NEW YORK TIMES FOR SUMMER COURSES

The New York Times Knowledge Network and the League for Innovation are offering a free service to faculty at League colleges. The Network was created to provide educators with The New York Times as a diverse, in-depth and informational resource. The Network provides community college faculty access to curriculum resources, workshops and other resources. The Times can be used across the curriculum, in English, journalism, political science, business, and communications courses, to name a few. To find instructional strategies, curriculum resources, or sign up for e-mail alerts and search for Times articles on over 170 subject areas, go to [www.nytimes.com/knowledge](http://www.nytimes.com/knowledge) The Times will try to serve all requests based on ability to deliver to your campus. Copies are limited, so respond at your earliest convenience; deadline for this special offer is June 1. To sign up for free copies of The New York Times for summer use, e-mail [knowledgenetwork@nytimes.com](mailto:knowledgenetwork@nytimes.com) For more information contact Jan Gilboy, education manager, New York Times Knowledge Network, 1-888-443-1800, E-mail: [gilboy@nytimes.com](mailto:gilboy@nytimes.com) - Tamara Pinkas, ext. 5011

#### BUDGET COMMITTEE TO HOLD SECOND MEETING

The Lane Community College Budget Committee meets Wednesday, May 18, at 5:30 p.m. in the Boardroom, Building 3. For details, see the budget development website at [www.lanecc.edu/budget/0506/budget0506.html](http://www.lanecc.edu/budget/0506/budget0506.html) - Editor

#### FREE PUBLIC LECTURE ON "OUR MYSTERIOUS UNIVERSE"

A lecture, "Realizing Einstein's Dream: Exploring Our Mysterious Universe," by Jim Brau, director of the Center for High Energy Physics, University of Oregon, will be held at 7 p.m., May 19, 100 Willamette Hall, 1371 East 13th Avenue. Brau will explore some of the puzzles of our universe, including an unidentified, invisible form of matter, "dark matter," and an enigmatic force, "dark energy," that is pushing our expanding universe. He will also discuss how particle accelerators, laser interferometers, and other tools are used to explore the cosmos. Such instruments may help to reveal the meaning of these mysteries, realizing Einstein's dream-to understand the workings of the physical universe. Brau experiments with elementary particle interactions to test and extend our understanding of the fundamental laws of the physical universe. He teaches physics and astronomy. His research is funded by the U.S. Department of Energy Office of Science and the National Science Foundation. The lecture is part of the World Year of Physics 2005, a global celebration of physics intended to raise worldwide awareness of physics and physical science. Submitted by Mary Brau.

### HELP THE FOUNDATION HELP STUDENTS

Original creations from students, staff and faculty help make the Harvest Dinner Auction unique while raising funds to provide student scholarships and fund Lane programs. The Lane Community College Foundation dinner will be held Friday, October 28. The deadline to receive contributions is September 9, so please make donations now if you are away during summer term. Please visit the Foundation website for a donation form. You may also call the Foundation at 463-5226 for information.

### CAMPUS CLIMATE/SUPPORTIVE LEARNER ENVIRONMENT: A BEST PRACTICE FOR STUDENT SUCCESS BROUGHT TO YOU BY SAGA.

Colleges can improve retention by providing a student-friendly environment. Some of the key areas in this best practice are: admissions, registration, the library, financial aid, the quality of teaching, advising, counseling, food service, building and grounds maintenance, safety/security, the bookstore, health services, computer labs, disability services, multicultural and women's centers, and student life programs such as clubs, recreational sports and student government.

Because there is a strong correlation between student satisfaction and persistence, improving student success begins with evaluating and improving the colleges service systems, policies, and processes. Lane has several initiatives that reflect this best practice of evaluation and quality improvement of the campus climate such as: the establishment of the Success and Goal Attainment (SAGA) committee, IRAP's administration of the Community College Survey of Student Engagement (CCSSE) and the ACT student opinion survey, strategic learning initiatives (sli), the diversity plan and coordinator, diversity training, establishment of learning-centered college principles, and the strategic directions, especially the directions to enhance the college climate and to build an infrastructure that mainstreams innovation.

This summer Lane will get the results of the CCSSE survey conducted in 90 classrooms during winter 2005. The CCSSE generates a retention index for each college to gauge its overall performance. The retention index combines a colleges

scores in three key areas of student engagement: 1) active and collaborative learning, 2) student-faculty interaction, and 3) support for learners. The SAGA committee will use the survey as a benchmark to evaluate the effectiveness of our efforts to improve retention.

For more information, contact Dan Timberlake, director of the Counseling Department at ext. 5321 or [timberlaked@lanecc.edu](mailto:timberlaked@lanecc.edu), or Mary Parthemer, TRiO director at ext. 3133 or [parthemerm@lanecc.edu](mailto:parthemerm@lanecc.edu). Next week we will summarize all six best practices for student retention.

#### SUBMIT TO THE COMMUNITY COLLEGE MOMENT

You've probably seen the diversity issue. But have you thought about the sustainability principle? The Community College Moment invites submissions of creative and scholarly work in all areas and topics from faculty and professional staff. For 2006, we particularly invite work addressing the theme of sustainability. While the generally recognized topic of sustainability often deals with humans' relationship to their environment, we welcome work that explores a broad and inclusive notion of personal, societal, economic, educational, political and other relationships. Submit early for full consideration. The Moment is open to a wide range of submission formats, including writing, art, photography, research summaries, reflections on innovative pedagogies, web-based projects and more. We also welcome queries for interviews or other formats that focus on people practicing sustainability. Deadline for the spring 2006 issue: October 7. For complete details, visit <http://teach.lanecc.edu/ccm/submissions.htm> or email Tracy Henninger at [henningert@lanecc.edu](mailto:henningert@lanecc.edu) or Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu)

#### TRAFFIC ADVISORIES NOW AVAILABLE ON THE RADIO

A new Highway Advisory Radio (HAR) system is now functioning in the Eugene-Springfield area. The HAR will provide motorists with additional traffic information in time for the major closures during the I-105 Highway Improvement Project that begins Thursday, May 19 at 6 a.m. The I-105 construction HAR system will transmit a real-time highway information AM radio broadcast, to help alert drivers to adverse road conditions that may cause delays. The radio message can be quickly updated from the ODOT dispatch center in Salem. Eugene-Springfield motorists can tune to 1660 AM on the radio, where they would receive up-to-the-minute road conditions. Eventually, there will be several HAR transmitters installed in the Eugene-Springfield area to give full coverage of the metro area. The first transmitter is located in the I-105 area in anticipation of the major work that will begin on Thursday and continue through June. - Oregon Department of Transportation

#### TRIO ACCEPTING ENROLLMENT

The TRiO Learning Center is opening enrollment for the 2005-06 year. TRiO provides many services to help students graduate from college and is targeted to first generation, low-income students, or students with disabilities. Ask students to stop by the TRiO Office in Building 1, Room 219 to sign up for an orientation. - Mary Parthemer

#### NETWORK FILE STORAGE HARDWARE REPLACEMENT PLANNED

The Information Technology department will be replacing the hardware used for network file storage. The new hardware is more reliable, has greater capacity and will be easier to manage. All files currently stored on the network devices will need to be copied to the new hardware. You can help us ensure that the move goes smoothly by cleaning up your network files and deleting any that you no longer need. The clean-up target date is May 31. We will coordinate with each department as the time nears to move files to

the new hardware. As a reminder, the network file servers are not the appropriate place to store personal pictures, music files, etc. Please take this opportunity to move those files to personal equipment. If you have questions or comments please call Ardene Toney at ext. 3359.

Two WebCT events are scheduled for Wednesday, May 18:

1) WEBCT CAMPUS EDITION 6 PREVIEW WEBINAR, 9:30-11 a.m., Building 19, Room 245. WebCT will soon release its newest product to the Campus Edition product line-Campus Edition 6. This product will offer some incredible advancements in learner-centered course development, day-to-day efficiencies for faculty, designers, and students, as well as a cleaner, more intuitive interface for all users. This Webinar has been set up just for Oregon WebCT users. This session will provide you with a private forum for this preview and dedicated time for Q&A with a WebCT product expert.

2) WEBCT FORUM/PANEL DISCUSSION, 2-4 p.m., Building 19, Room 245. All faculty are invited to attend this WebCT forum/panel discussion with several of Lane's faculty experienced in using WebCT. If you have ever thought about using this learning management system this is an excellent opportunity to hear colleagues discuss the pros and cons of teaching with WebCT. Stan Swank, Beth Naylor, Michelle Cummins, and Julia Munkvold will demonstrate their WebCT classes and answer your questions about their experience using this learner-centered system.

Call Roka Walsh at ext. 3292 or email [walshr@lanecc.edu](mailto:walshr@lanecc.edu) for more information and to register for either event.

### BOARD REPORT

President Mary Spilde reported to the Lane Community College Board of Education at its May 11 meeting that the state funding outlook has improved and that the proposed funding formula is agreeable to Lane. She said the college's proposed budget for 2005/06 is basically status quo. Lane's Budget Committee held its first meeting earlier that evening.

Spilde commended Tony McCown for being named an Oregon Community College Association Outstanding Student Scholar; and presented an award of appreciation for his past year of service as student body president.

The president introduced Paul Binney, visiting administrator from Northland Polytechnic in New Zealand. He gave a presentation on the status of community colleges in his country.

Under statements from the audience, student Brandy Minogue encouraged board approval of the OSPIRG vote results in student elections; and newly-elected student

body president Jeremy Riel advocated affirmation of all election results (read more about Jeremy at [www.lanecc.edu/mpr/success/story33.htm](http://www.lanecc.edu/mpr/success/story33.htm) ).

The board approved ASLCC election results (see [www.lanecc.edu/aslcc/elections.html](http://www.lanecc.edu/aslcc/elections.html) ) by 6-0 vote; board member Larry Romine was absent. In other unanimous action the board approved a resolution calling for more affordable textbooks; a one-term six-credit tuition waiver for Oregon veterans involuntarily activated since 9/11/2001; the same evaluation process for the president as last year; and authorized Chair Paul Holman to send a letter to the State Board of Education supporting the community college funding formula.

The board heard reports on successful community fundraising for athletics; the quarterly financial statement; and a benchmark on the percentage of high school graduates attending Lane.

The meeting adjourned at 8:51 p.m. The next meeting on June 8 will include the annual public budget hearing and budget adoption. Board minutes are posted after approval at [www.lanecc.edu/presoffc/board/minstoc.htm](http://www.lanecc.edu/presoffc/board/minstoc.htm)

#### **DISTINGUISHED ALUMNI NOMINATIONS INVITED**

June 1 is the deadline to nominate alumni for the Distinguished Alumni Awards. Eligible are alumni who completed at least 30 credit hours at Lane or earned an associate's degree. Nominees should have demonstrated achievement in their chosen profession, service to the community, or outstanding contribution to the college. The awards will be presented at the Harvest Dinner on October 28. In 2004, Lane celebrated its 40th anniversary and honored Marciann Gaston, Pete Gribskov, Kathryn Harrison, and Dan Luoma. Lane acknowledged outstanding alumni for its 25th anniversary including John Lively, Sue Prichard, David Spriggs, and Sid and Hank Voorhees. Nomination forms are available at <http://www.lanecc.edu/foundation/distalumni.htm> or by calling the Foundation at 463-5135.

#### **HELP THE FOUNDATION HELP STUDENTS**

Original creations from students, staff and faculty help make the Harvest Dinner Auction unique while raising funds to provide student scholarships and fund Lane programs. The Lane Community College Foundation dinner will be held Friday, October 28. The deadline to receive contributions is September 9, so please make donations now if you are away during summer term. Please visit the Foundation website for a donation form. You may also call the Foundation at 463-5226 for information.

#### **CAMPUS CLIMATE/SUPPORTIVE LEARNER ENVIRONMENT: A BEST PRACTICE FOR STUDENT SUCCESS BROUGHT TO YOU BY SAGA**

Colleges can improve retention by providing a student-friendly environment. Some of the key areas in this best practice are: admissions, registration, the library, financial aid, the quality of teaching, advising, counseling, food service, building and grounds maintenance, safety/security, the bookstore, health services, computer labs, disability services, multicultural and women's centers, and student life programs such as clubs, recreational sports and student government.

Because there is a strong correlation between student satisfaction and persistence, improving student success begins with evaluating and improving the colleges service systems, policies, and processes. Lane has several initiatives that reflect this best practice of evaluation and quality improvement of the campus climate such as: the establishment of the Success and Goal Attainment (SAGA) committee, IRAP's administration of the Community College Survey of Student Engagement

(CCSSE) and the ACT student opinion survey, strategic learning initiatives (SLI), the diversity plan and coordinator, diversity training, establishment of learning-centered college principles, and the strategic directions, especially the directions to enhance the college climate and to build an infrastructure that mainstreams innovation.

This summer Lane will get the results of the CCSSE survey conducted in 90 classrooms during winter 2005. The CCSSE generates a retention index for each college to gauge its overall performance. The retention index combines a colleges scores in three key areas of student engagement: 1) active and collaborative learning, 2) student-faculty interaction, and 3) support for learners. SAGA will use the survey as a benchmark to evaluate the effectiveness of our efforts to improve retention.

For more information, contact Dan Timberlake, director of the Counseling Department at ext. 5321 or [timberlaked@lanecc.edu](mailto:timberlaked@lanecc.edu), or Mary Parthemer, TRiO director at ext. 3133 or [parthemerm@lanecc.edu](mailto:parthemerm@lanecc.edu). Next week we will summarize all six best practices for student retention.

### JERRY ROSS SPEAKS AT MAY ART-TALK

Jerry Ross will speak at this month's ArtTalk in the DIVA gallery, 110 W. Broadway, on Friday, May 20 at 5:30 p.m. Ross, a contemporary painter dedicated to Italian classics, has a solo exhibit at DIVA this May and June. While showing slides of his work, Ross will spend the ArtTalk discussing his approach to painting as well as his most important influences as well as his likely future direction. The slide talk will address themes such as the relationship between old master and modern art, the social role of the artist, and some theories of painting. In addition to painting and teaching art courses at DIVA, Ross also instructs computer science full-time at Lane in the CIT department and coordinates the faculty professional development program. Contact: Carolezoom Patterson at DIVA, [www.divanow.org](http://www.divanow.org) or 954 8373.

### DIVERSITY VISITATION AT LANE

The Lane Diversity Council invites Lane staff to participate in welcoming visiting students to campus. Lane to Your Future is a visitation program for high school students from diverse communities to visit Lane Community College. The program provides small groups with an in-depth look into Lane and motivates students to pursue higher education. Students sit in on a class in an area of interest, tour campus, talk to current students, and learn about educational options and student services at Lane. On Tuesday, May 24, there will be 15 students from Churchill High School visiting Lane. There will be an opportunity during the lunch hour, noon-1 p.m., in the Student Life and Leadership Development Office (Building 1, Room 206) for Lane staff to interact with students. Your role will be to inspire and motivate students about the opportunities available at Lane. Please bring your own lunch. For more information about Lane To Your Future, contact Karen Edmonds, High School/Community Relations Coordinator at ext. 5688. Submitted by Jim Garcia, Diversity Coordinator.

### PARKING LOTS C AND D RESERVED MAY 25

Parking lots C and D are reserved all day for an event on Wednesday, May 25. If you usually park in one of these two lots, please be prepared to find parking elsewhere on this day. Thank you for your patience in advance. - Hilary Knox

### OPEN HOUSE FOR AMY RIGGINS

The Fitness Education Center, and Health, Physical Education and Athletics, will host an open house for Amy Riggins, who is leaving LCC after 10 years of service. #### **AAWCC SUMMER CONFERENCE**

The American Association of Women in Community Colleges invites all members and potential new members to attend the annual summer conference in Florence on Thursday, June 30. This year's guest speaker is Dr. Jennifer Joss Bradley. Her focus will be teaching about emotional intelligence and its relevance in the workplace, and developing strategies for improving your energy, focus and relationships. For more information about Dr. Bradley, the conference and registration, please visit the Oregon AAWCC website: <http://www.aawccoregon.org> Submitted by Shirley Lukacs ext. 3244.

#### **THINK ABOUT THE FAIR WHILE PLANNING YOUR SUMMER**

The Lane County Fair runs August 16-21 (Tuesday through Sunday) and volunteers are need to work at the Lane booth in the Exhibit Hall. If you would like to volunteer, you will receive a free admission ticket which includes the concert of the evening. Shifts are 2-3 hours at a time and there are always two to three volunteers in the booth. This is a good way to interact with people from other departments, and fairgoers are always interested in what the college has to offer. Materials and supplies will be available for your use in answering questions and helping people find what they are looking for.

Fair hours as follows: Tuesday - Thursday, 11 a.m. - 10 p.m.; Friday - Saturday, 11 a.m. - 11 p.m.; Sunday, 11 a.m. - 8 p.m.; Kid's Park, 11 a.m. - 8 p.m. daily.

Concert schedule: Tuesday, August 16-Hoobastank ; Wednesday, August 17- John Michael Montgomery; Thursday, August 18-Diamond Rio; Friday, August 19-(waiting for confirmation) ; Saturday August 20-Tracy Byrd; Sunday, August 21-(waiting for confirmation). All concerts begin at 7:30 p.m.

If interested, e-mail or call Tina Lymath at ext. 5336 with your name, department, extension, if you will be off for the summer, and home phone number and address. For more information on the fair in general, go to [www.atthefair.com](http://www.atthefair.com)

### FLIGHT PROGRAM GETS GRANT FOR HIGH SCHOOL AND COLLEGE OUTREACH

Flight Technology recently won a \$4,720 National Aeronautics and Space Administration grant from Oregon State University to deliver aviation career presentations to high school and university students. Program director Harvey Birdseye said funds helped purchase laptop/projector sets for presentations and brochures. The program now has kiosk space in the main terminal at Eugene airport and at the Evergreen Aviation Museum. Flight training classes are available to high school students in college facilities for dual credit this spring and summer. Fall plans call for developing instructional materials in several aviation specialties: professional pilots, aviation maintenance technicians, avionics technicians, air traffic control, line service technician and large volume fuel handling systems, aviation education, aviation related materials sciences, aviation related business, finance and insurance, and engineering related professions. The grant is part of an ongoing partnership with OSU to develop career pathways in the increasingly sophisticated and rapidly expanding air transportation industry. Lane is the vital link between the area high schools and the universities, says Birdseye. - Editor

### FUNDING AVAILABLE FOR CLASSIFIED CONFERENCES AND WORKSHOPS

Various conferences and workshops that support classified employee personal and professional development are being held in June. #### **STUDENT TOUR GUIDES NEEDED**

High School and Community Relations is now hiring for five student tour guide positions for the 2005-06 school year. Student tour guides lead individuals and groups on tours of Lane's campus, sharing their personal experiences and motivating students to attend Lane. Qualifications include excellent verbal communication skills, ability to present a positive image of Lane Community College, and demonstrated ability to act in a way consistent with a belief system that values diversity among people. At least one position must be bilingual English/Spanish. Hours are two-to-five per month on an on-call basis. If you know of any students who would enjoy this type of work, please refer them to High School and Community Relations, Building 1, Room 207 for an application. Questions? Karen Edmonds, 5688 or e-mail.

#### **MEA CULPA TO JERRY ROSS**

10-20-30 year employees were honored at an April 20 gala, and Jerry Ross' name was inadvertently left off the list! Apologies to Jerry, as well as congratulations for a job well done at Lane as a full-time Computer Information Technology instructor since September 1993. - Julie Baker, HR/Staff Development

#### **EVENTS**

##### **POETRY HOOHAH**

Lance Sparks' WR 243 poetry class will present Lane's First Annual Poetry HooHaH, Monday, Wednesday, and Friday, May 23, 25 and 27. The reading will be at Bristow Square, north side of Center Building, from about 2-3 p.m. Offering epic fragments, dramatic monologues, manic rhymings, hip hop madness, suggestive nonsense, irreverent ramblings, dangerous politics, existential flatulence, and romantic misconceptions. There also will be time for open readings. Poets are invited. Come observe poetry in motion. - Linda Schantol

##### **YOUNG WOMEN IN SCIENCE EVENT WILL INSPIRE MIDDLE SCHOOL GIRLS**

"It has been shown that girls, even those with high test scores and good performance, start to lose interest in science in middle school," says biology instructor Kit Lacy. That's why Lane science faculty and students have invited about 25 middle school girls from Pleasant Hill area schools for a Young Women in Science afternoon on Tuesday, May 24, from 3:30 p.m. to about 6 p.m. Women science students at Lane have created a variety of hands-on science activities for the middle school girls to introduce them to science concepts in biology, physiology and geology.

"This event will introduce the girls to Lane and show them that many women indeed enjoy science and excel at it," says Lacy. "We hope that our students will be role models to these middle school girls and encourage them in science." The girls will start out at the Women's Center in Building 1 and then visit science labs and classrooms in Building 16 for activities and information. - Editor

#### DIVERSITY VISITATION AT LANE

The Lane Diversity Council invites Lane staff to participate in welcoming visiting students to campus. Lane to Your Future is a visitation program for high school students from diverse communities to visit Lane Community College. The program provides small groups with an in-depth look into Lane and motivates students to pursue higher education. Students sit in on a class in an area of interest, tour campus, talk to current students, and learn about educational options and student services at Lane. On Tuesday, May 24, there will be 15 students from Churchill High School visiting Lane. There will be an opportunity during the lunch hour, noon-1 p.m., in the Student Life and Leadership Development Office (Building 1, Room 206) for Lane staff to interact with students. Your role will be to inspire and motivate students about the opportunities available at Lane. Please bring your own lunch. For more information about Lane To Your Future, contact Karen Edmonds, High School/Community Relations Coordinator at ext. 5688. Submitted by Jim Garcia, Diversity Coordinator.

#### SPEAKER PANEL: GAY MARRIAGE AND CIVIL UNIONS

The last speaker panel in Steve Candee's Problems in US Politics class will be Tuesday, May 24, from 7:30-9 p.m. in Building 19, Room 257. This final section of the class is on Gay Marriage and Civil Unions and will focus on two competing bills currently before the Oregon Legislature on "civil unions" and "reciprocal benefits." The speakers will be Dave Fidanque, state director of the Oregon chapter of the ACLU and Tootie Smith, former legislator and current lobbyist for the Oregon Family Council. Please contact Candee at ext. 5188 if you would like to attend.

#### PARKING LOTS C AND D RESERVED

Parking lots C and D are reserved all day for an event on Wednesday, May 25. If you usually park in one of these two lots, please be prepared to find parking elsewhere on this day. Thank you for your patience in advance. - Hilary Knox

#### RETIREMENT GALA

Come one, come all to the annual Retirement Gala on Wednesday, May 25 at 3 p.m. in the cafeteria. Celebrate the contributions and honor the following retirees: Carol Sirois, Jana Nelson, Teresa Vitus, Connie Mesquita, Tom Schoen, Suzanne Canale, Kay McIntosh King, Helen Hannah, Judith Gabriel, Vicki Ellison, Terry Caron, Jamie Sokolowski, Twila Bailey, Laura Tamura, and Patty Hammons. - Julie Baker, HR/Staff Development

#### AN EVENING OF POETRY AND JAZZ

This year's annual spring faculty jazz concert features Lane Theatre Arts faculty member Sparky J. Roberts giving readings inspired by beat poets such as Jack Kerouac, Gregory Corso, and Allen Ginsberg. The concert includes jazz tunes inspired by these poets in the work of Dizzy Gillespie, Charlie Parker and Thelonious Monk, and in swing charts by Jimmie Lunceford, Count Basie and others. Seven jazz musicians from the Eugene area jazz community, who are also individual lessons instructors in the music program at Lane perform this year: Olem Alves, guitar; Ron Bertucci, trombone;

Dennis Caffey, drums and percussion; Mike Denny, guitar; Jim Olsen, saxophone; Gus Russell, piano and Nathan Waddell, bass. Join these artists for the concert on Wednesday, May 25 at 7:30 p.m. in Room 121 in the Performing Arts Building 6. Tickets are \$8 for adults, \$6 for students, senior citizens and Lane staff and faculty. Tickets may be held by calling the Lane Ticket Office at ext. 5202.

## NEWS

### SUBMIT YOUR SUMMER WORK

Take this summer to finish and polish your scholarly and creative work, then submit it to the Community College Moment, the Lane journal of professional development and scholarship. We consider submissions in all subject areas, and particularly invite works addressing the theme of sustainability. We're interested in a broad and inclusive notion of sustainability, from the personal to the political, from the environment to the economy. We welcome creative and scholarly work of all kinds, and invite queries for interviews or features that focus on people practicing sustainability. Deadline for submissions is October 2005. For complete details, visit <http://teach.lanecc.edu/ccm/submissions.htm> or e-mail Tracy Henninger at [henningert@lanecc.edu](mailto:henningert@lanecc.edu) or Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu).

### STUDENT POET FINDS HER VOICE AND FUTURE

Poetry student Lara Coley found her voice at Lane with the encouragement of instructors Jennifer von Ammon and Lance Sparks. Of von Ammon, Lara says, "She consistently makes me think I can do anything and that even what I am doing is special and amazing." Of Sparks, she says, "he makes me do the things I say I want to do." Coley has published in Denali magazine, and for the second year in a row, won first-place in Lane's local League for Innovation poetry competition. Read more on the Success Stories website at <http://www.lanecc.edu/mpr/success/story34.htm> - Editor

### E-MAIL RETENTION PERIOD EXTENDED

When the college installed the Novell GroupWise product in 2000, there were only two options for automatically deleting e-mail, appointments, tasks or notes: delete after 250 days or retain forever. The college chose to auto-delete after 250 days. In the last four years the GroupWise database size has grown by 3000 percent. A recent upgrade to the GroupWise software allows us to increase the retention period to 365 days. This means that any mail you receive today will automatically be deleted from your mail box in one year. In order to keep mail longer than 365 days you need to archive it. If you would like help archiving your e-mail, call Michael Levick at 463-3359.

#### NATIVE AMERICAN WORD FOR THE WEEK

Today's Native American word for the week is "Poochishkaawik tii sooyii" and is a phrase in the Michif language of Canada telling someone to wear her shoes. It is no accident that "tii sooyii" sound vaguely similar to the French words "tes souliers," "your shoes," because that is their source. Linguists call them loan words and all languages have at least some. Michif, however, has more than just a few loan words because this is the hybrid language of the Métis people, descendants of Cree women who were married to French trappers. This language, admittedly difficult to master, emerged early in the nineteenth century from the Great Lakes to the buffalo hunts and winter camps on the Plains. Michif contains two sound patterns, two sets of word endings, and two systems of syntax. This is because most nouns in Michif come from French and verbs, from Cree (a Native language of the Algonkian language family)! Submitted by Dr. Don Addison, American Indian Language instructor, LCC and UO, 344-4758.

#### SUMMER TERM BUS PASSES AVAILABLE

LTD Photo IDs for the LCC Group Bus Pass will be taken in Building 19, Room 117 on June 20 and 21 from 8 a.m.-5 p.m. for eligible main campus credit students who do not already have a bus pass. Students need to bring their ExpressLane summer term schedule and current photo identification to get the photo ID. Students can use the summer term pass with a valid sticker through September 30. Stickers will be available at main campus Enrollment Services June 28 and 29, 8 a.m.-4 p.m., June 30 8 a.m.-noon or at the Downtown Center beginning June 28 when the front counter is open. To get a sticker, students need to bring their bus pass and have their "L" number. English as a Second Language students should check with the ESL office on main campus in Building 11, Room 201 or the DTC, Room 210. More information about summer bus schedules and the bus pass is available at [www.ltd.org/files/riding\\_ltd/fastpass.htm](http://www.ltd.org/files/riding_ltd/fastpass.htm) or <http://www.lanecce.edu/instadv/lccbuspassinfo.htm>. Susan Tatar, ext. 5727.

#### SES NOW ON MAIN CAMPUS

Specialized Employment Services is now on main campus in Building 13, Modules 101 and 103. Since January, we no longer have offices at 16th and Oak. All the staff from SES would like to thank everyone in Facilities who helped us make this move, and especially the trades staff, for the wonderful job they did on remodeling our new space. We would also like to thank Information Technology and everyone else who made this a smooth and successful transition. Stop by to say hello and see our new home or plan on attending our Open House on June 1 from 4-6 p.m. It feels great to be here! Rick Venturi, Director Specialized Employment Services, ext. 5101

#### DISABILITY SERVICES AWARENESS TIP #6

Here are some tips to use when working with someone who has a visual impairment:

\*Use a normal tone of voice; don't raise your voice unless you are requested to do so.

\*Offer to read written information and wait for permission to do so.

\*Don't assume the person will recognize you by your voice even if you have met before. Always identify yourself.

\*Offer to orient the person to the area and wait for permission to do so. Describe the location of major furniture and doors (opening in or out). If the person has been there before, you should inform them of any changes or new obstacles.

\*If the person asks for assistance in traveling, offer your bent arm. The person will typically grasp your arm lightly just below the elbow. Walk in a relaxed manner and they will be able to follow the motions of your body. Give a warning when you approach steps (up or down), doors (opening in or out), or other obstacles. When walking with the individual, be the assistant, not the director.

\*When giving directions, use specific terms such as "straight ahead" or "forward". Avoid vague terms such as "over there".

\*If the person uses a cane, never move it yourself. You may ask them to move it if it's in the way. Submitted by Leigh Alice Petty.

### NORTH EUGENE HIGH SCHOOL NEEDS "HOUSE ON MANGO STREET"

North Eugene High School would like to partner with Lane's Reading Together Project. NEHS is in the process of creating four small schools with the goal of enhancing the quality of education for their students. However, many people fear the divisive nature of "splitting up" students and staff. North Eugene would like to create a united learning community in addition to small schools. Partnerships with Lane's Reading Together Project could also give their students the feeling of belonging to a greater learning community in Eugene. NEHS hopes that the Lane community will help by donating our used copies of Sandra Cisneros' "House on Mango Street" so that their students can have copies to read. You can find donation boxes at Lane's Women's Center, Student Life and Leadership, Library circulation desk, English Department, Reading Together (lobby of Building 20), and Academic Learning Skills main desk area (Center Building, to the right of Tutor Central). Karen L. Rengifo at 687-4552 is the NEHS organizer and contact person. You can also contact Ellen Cantor ext. 3660, [cantore@lanecc.edu](mailto:cantore@lanecc.edu)

### BEST PRACTICES FOR ACHIEVING STUDENT RETENTION

The SAGA (Success and Goal Attainment) committee is excited about the progress being made on campus to improve student retention. SAGA recently reviewed in The Daily the six best practices for achieving student engagement and retention.

These best practices include first-year experiences which help students feel welcome and engaged when they first come to campus. Lane offers such experiences through Transitions to Success and Fast Lane to Success.

Academic advising is a developmental process that assists students in clarifying their academic goals and in developing academic plans for realizing those goals.

An early alert system is a best practice designed to detect students who are having academic or personal problems that may be negatively impacting their academic progress and provides a plan for addressing these problems before the student has failed academically, lost their financial aid, or dropped out.

Supplemental instruction uses regularly scheduled peer or tutor-led study sessions linked specifically to targeted high-risk courses. SI staff attends the targeted courses and then works with students outside of the class individually and in small groups to assist with student understanding and integration of course content and to develop learning strategies that will improve the student's grades and reduce student attrition.

A fifth best practice is campus climate/supportive learner environment. The literature on the impact of campus climate and supportive learner environment recommends that improving student success begins with evaluating and improving the college's service systems, policies, and processes, many of which were mentioned in last week's SAGA article in The Daily. A major effort this year to determine student engagement in current support services offered at Lane was the administration of the Community College Survey of Student Engagement (CCSSE). During summer 2005, the results of the survey will be analyzed, and will hopefully provide benchmarks for interventions called for in the survey results. The SAGA committee wants to thank the students and faculty, in whose classes the survey was administered, for their tolerance and support which allowed the survey to be given in 90 classrooms.

Learning communities are the sixth best practice reviewed. LCs are classes linked by theme and purpose. They restructure students' time and learning experiences to foster intellectual and social connections among students, between student and faculty, and among instructional disciplines. LCs build an academic and social community for students and encourages continuity and integration in the curriculum.

Other activities currently being planned through the SAGA committee include a major kick-off new student orientation planned for September 22. We are also gathering retention tips from faculty to be shared with other faculty. To assist both students and staff become familiar with the literature supporting the goals of SAGA, a website has been developed by the director of Library Services which contains these supporting references. We will soon launch the SAGA website which will capture current and future activities planned to enhance student success and goal attainment.

A challenge facing SAGA and other groups involved in the implementation of new policies and procedures designed to improve the overall experience for both students and staff at Lane, is to assure that there is coherence and alignment between the new innovations and the vision, mission, and goals of the college. Our new unit planning process provides a structure for achieving that coherence and alignment as well as for the allocation of financial and instructional resources. It is through the UPP that the interface between college financial, human, and material resources comes together for the implementation of services/activities that directly impact our students. Hopefully the six best practices reviewed here will find their way into the unit planning process and be implemented at both the campuswide and program levels.

For further information contact Dan Timberlake at ext. 5321 or Mary Parthemer at ext. 3133 or SAGA committee members Jill Bradley, Marv Clemons, Leigh Alice Petty, Liz Coleman, Elaine Pray, David Doctor, Devin Robel, Melinda Dunnick, Cathy Russell,

Dana Halttunen, David Shellabarger, Anthony Hampton, Marva Soloman, Alise Lamoreaux, Craig Taylor, Patrick Lanning, or Anne McGrail.

#### NOVELL CLIENT UPDATE

It is time again to upgrade campus Windows XP/2000 computers to a new networking client version. Your department will be individually scheduled for the version 4.91 client upgrade between now and June 10. A technician will be assigned to coordinate between your department and Information Technology to ensure the upgrade is successful. The date and time of the upgrade for your department will be coming soon. If you should have any questions, please contact the Help Desk at ext. 4444 or the computer support specialist for your department.

#### DOWN TIME PLANNED FOR IT SYSTEMS

Information Technology has planned down time for ExpressLane, Banner, Lane Events, and the online Class Schedule, for Friday May 27, from 6-10 p.m. and 12:01 a.m. Saturday to midnight, Monday May 30. - Jan Kleminsky

#### PREPARE FOR INTERMITTENT IT SERVICES

Information Technology has planned maintenance that will interrupt GroupWise and file storage, from 7 a.m. Saturday to midnight, Monday May 30. Thanks for your patience as we strive to add capacity, upgrade software and secure servers. - Jan Kleminsky

#### THANKS

The Men's and Women's Basketball Programs thank everyone involved in Casino Night (a fundraiser that we put on for the first time this past Friday evening, May 20). All who came, including Mary Spilde and Patrick Lanning, seemed to have a great time. There were over 150 people at the event. We thank you for your support. We would especially like to thank the Center for Meeting and Learning for their amazing hospitality (we couldn't have done it without you) and the real team effort on the part of the PE and Athletic Departments. We look forward to an even bigger and better Casino Night next year! - Matt Swagerty, PE Instructor / Head Men's Basketball Coach

### STUDENT TECHNOLOGY FEE FUNDING ANNOUNCED

The student technology fee is assessed at \$3 per credit hour. The fee is estimated to generate about \$875,000 in revenue for FY06. Funds are allocated by the associate vice president for Information Technology, with advice from TACT (Technology Advisory and Coordinating Team) based on initiatives submitted through the unit planning process. This year we reviewed over 100 initiatives with requests totaling nearly \$2,000,000. Initial allocations for FY06 are posted at <http://www.lanecc.edu/tact/0505alloc.htm>. College policy requires that the fund be assessed a 4.5 percent "provision for bad debt". TACT also sets aside 5 percent of estimated revenue as a contingency fund available to meet emergency technology needs that arise during the academic year. Complete information on the student technology fee, including the full history of fund allocations can be found on the TACT

website <http://www.lanecc.edu/tact/> . Address questions or comments to Stephen Pruch, AVP for IT.

#### TWO BUSINESSES EARN BDC AWARDS

See full story and photos at <http://www.lanecc.edu/mpr/news/rel00689.htm>

Two area businesses received awards at the May 19 Seeds for Success Open House at the Lane Community College Business Development Center.

Holly Residential Care Center, a long-term care facility for adults with severe disabilities, was named Small Business of the Year. Owner Mary Ellen Riley started out in her home with one client in 1981 and now serves nearly 50 adults in a new, modern facility. Her husband Michael Henegar is co-owner, and here son Jeff Laramée is a key manager. Riley is a graduate of the three-year Small Business Management program, as is her son. She continues involvement as a business advisor, SBM advisory board member, guest lecturer, and instructor of the 25-hour Going into Business class.

Fox Hollow Creek Nursery was named Microenterprise of the Year. Owners Annette and Michael Kaszycki first sold plants at Eugene Farmer's Market when they enrolled in Project Grow, the Lane MicroBusiness program for qualified businesses with one to four employees. The Kaszyckis now sell many varieties of flowers, shrubs and vegetables at a retail site at 27th and Friendly Streets.

#### BEST PRACTICES FOR ACHIEVING STUDENT RETENTION

The SAGA (Success and Goal Attainment) committee is excited about the progress being made on campus to improve student retention. SAGA recently reviewed in The Daily the six best practices for achieving student engagement and retention.

These best practices include first-year experiences which help students feel welcome and engaged when they first come to campus. Lane offers such experiences through Transitions to Success and Fast Lane to Success.

Academic advising is a developmental process that assists students in clarifying their academic goals and in developing academic plans for realizing those goals.

An early alert system is a best practice designed to detect students who are having academic or personal problems that may be negatively impacting their academic progress and provides a plan for addressing these problems before the student has failed academically, lost their financial aid, or dropped out.

Supplemental instruction uses regularly scheduled peer or tutor-led study sessions linked specifically to targeted high-risk courses. SI staff attends the targeted courses and then works with students outside of the class individually and in small groups to assist with student understanding and integration of course content and to develop learning strategies that will improve the student's grades and reduce student attrition.

A fifth best practice is campus climate/supportive learner environment. The literature on the impact of campus climate and supportive learner environment recommends that improving student success begins with evaluating and improving the college's service systems, policies, and processes, many of which were mentioned in last week's SAGA article in The Daily. A major effort this year to determine student engagement in current support services offered at Lane was the administration of the

Community College Survey of Student Engagement (CCSSE). During summer 2005, the results of the survey will be analyzed, and will hopefully provide benchmarks for interventions called for in the survey results. The SAGA committee wants to thank the students and faculty, in whose classes the survey was administered, for their tolerance and support which allowed the survey to be given in 90 classrooms.

Learning communities are the sixth best practice reviewed. LCs are classes linked by theme and purpose. They restructure students' time and learning experiences to foster intellectual and social connections among students, between student and faculty, and among instructional disciplines. LCs build an academic and social community for students and encourages continuity and integration in the curriculum.

Other activities currently being planned through the SAGA committee include a major kick-off new student orientation planned for September 22. We are also gathering retention tips from faculty to be shared with other faculty. To assist both students and staff become familiar with the literature supporting the goals of SAGA, a website has been developed by the director of Library Services which contains these supporting references; see <http://lanecc.edu/library/staff/david/saga.htm> . We will soon launch the SAGA website which will capture current and future activities planned to enhance student success and goal attainment.

A challenge facing SAGA and other groups involved in the implementation of new policies and procedures designed to improve the overall experience for both students and staff at Lane, is to assure that there is coherence and alignment between the new innovations and the vision, mission, and goals of the college. Our new unit planning process provides a structure for achieving that coherence and alignment as well as for the allocation of financial and instructional resources. It is through the UPP that the interface between college financial, human, and material resources comes together for the implementation of services/activities that directly impact our students. Hopefully the six best practices reviewed here will find their way into the unit planning process and be implemented at both the campuswide and program levels.
