### EMPLOYEE GIVING CAMPAIGN UPDATE

The 2006 Employee Giving Campaign continues. Through the third week, 142 pledges (39 percent of our goal) have been submitted totaling \$41,454, which is 47 percent of our goal (\$21,086 to the Foundation and \$20,368 to the United Way). Weekly drawings are being held throughout the campaign and here are our most recent prize winners: Anna Kate Malliris in OISS won nine holes at Golf River Ridge from Dawn DeWolf in ABSE; Paula Sena of the Women's Program won almond roca from Nancy Hart in Disabilities; Lori Steger of Continuing Education won a hand-strung necklace from Janet Anderson in the Foundation; Joan Aschim in Marketing and Public Relations won lunch for two in the Renaissance Room from Kate Barry in the Women's Program; and Margaret Pedersen of the Bookstore won a \$3 gift card for the Espresso Bar from Peg Allison in Foodservices. The next drawing will be held Friday, November 4. Drawings for prizes will continue throughout the campaign, and there is still plenty of time to win some terrific stuff.

Reaching our campaign goal of \$89,000 is well within our grasp, but only if our participation continues and we all take the time to complete and return pledge cards.

Remember, Giving is a Life Changing Experience! Submitted by the We Care Committee.

#### **I.T. QUESTION OF THE WEEK: CAN I USE WIRELESS INTERNET ACCESS ON CAMPUS?**

Yes, Lane now provides wireless Internet access to students, staff and faculty on the main campus in certain areas. The Student and Staff Access Network (SSAN) service was initiated by Technology Advisory and Coordinating Team requests from the Office of Instruction and Student Services to provide Internet access for students in public gathering areas. Currently the areas include: ICL micro computer lab in Building 4, Room 201; Library; Cafeteria (limited coverage); Tutor Central; Student Lounge, Center Building Fourth Floor; and CIT classrooms in Building 19.

This fall, faculty and staff access was added to the network, enabling any staff member to access the Internet with their personal computer or laptop in these areas. For more information on using the SSAN, see <http://www.lanecc.edu/it/ssan> . The Information Technology Department is working on an expansion plan to cover the rest of campus. We'll update you as new coverage areas are added. - Todd Lutz, Technology Support Services manager

It provides full-text content from a vast number of reference works, monographs, and primary documents. ## NEWS

### CONGRATULATIONS TO EMPLOYEE OF THE MONTH ANNE METZGER

Representatives of the Classified Professional Development Team surprised Anne Metzger at last Thursday's meeting for the Health Clinic staff, presenting her with the Employee of the Month award for November. There was rousing applause by her colleagues, including her husband, Rod Metzger, who is an instructor in the Social Science division. Anne has been serving Lane since 1982 and currently works as a medical technologist. She is noted by her colleagues as an exceptional employee, always lending a hand and providing spirit and creativity. In addition to running the lab, she performs many other needed tasks like performing EKGs, assisting in emergency response, and monitoring the Family Planning Expansion Program paperwork for quality assurance--things that aren't part of her assigned job. She has a keen eye for streamlining and spatial design. Wait till you see the new Health Clinic! When you see Anne Metzger in the new Lane Health Clinic or elsewhere around campus, please congratulate Anne for doing a terrific job and celebrate her nomination as November's Employee of the Month. ### HAVE FUN AND LEARN SPANISH WHILE WATCHING TELENOVELAS

The Library has just received 10 telenovelas. Telenovelas are Spanish language soap operas not only immensely popular in Spanish speaking countries, but in Hispanic communities in the United States, Russia, Eastern Europe, France, Malaysia, Singapore, China, the Philippines, and Japan. The most famous telenovelas have come from Mexico, Brazil, Colombia, and Venezuela. Unlike American soap operas which often last for decades, telenovelas usually span four to eight months. Common themes include class structure, family, legitimacy, privilege and power, good and evil, honor and deception, and integrity and betrayal. Religion plays heavily in many telenovelas as does the supernatural. Characters are usually easily categorized as either very good or very bad. If you would like to learn or improve your Spanish, telenovelas are instrumental in comprehension. Research shows that beginning language learners are best served when they attend to meaning over form. Since soap opera themes are recognizable, viewers can comprehend the story line without having a good grasp of the language. Over the course of the telenovela, comprehension improves and language acquisition begins to take place. Further, telenovelas offer "authentic language" or how the language is used in the real world thereby aiding the learner to comprehend and

ultimately produce Spanish language. For a list of telenovelas and plot summaries see <http://www.lanecc.edu/library/find/telenovelas.htm> - WHO?

## NEWS

### JIM GARCIA NAMED INTERIM COORDINATOR OF CHICANO/LATINO PROGRAM

Jim Garcia, diversity coordinator at Lane since October 2000, has been named interim Chicano/Latino student program coordinator, effective November 1. The appointment creates a new focus on Chicano/Latino student recruitment and retention at Lane. Garcia's community leadership and recognition is expected to facilitate student recruitment, advance the college's diversity goals, and improve service to the community's growing Chicano/Latino population.

Garcia also will absorb some responsibilities of outgoing Multicultural Center director Connie Mesquita, who is retiring after 26 years at Lane. Mesquita is credited with developing many services at Lane to meet the educational needs of the Chicano/Latino community.

Garcia is well known and highly respected for his work in diversity, equity and human rights, says Barbara Delansky, director of Student Life and Leadership Development. With more than 20 years of service to the local and state Chicano/Latino community, he has received numerous awards, most recently the 2005 Dr. Martin Luther King, Jr. Leadership Award from the City of Eugene Human Rights Program. He earned a bachelor of science degree in history from the University of Oregon in 1977. His extensive teaching and administrative experience includes former positions at the University of Oregon, Oregon State University, Portland State University, Chemeketa Community College, and New Mexico State University. He co-founded the Latino Rites of Passage Program, known as Puertas Abiertas, at Lane. A singer and musician,

Garcia performs at many events. He is a second-generation Mexican American from Corona, California.

"The Chicano/Latino student program coordinator position aligns with the college diversity plan, core values and strategic directions, and the temporary appointment is consistent with employee contracts," says Delansky, "and will allow us to continue to meet student and community needs while we move forward with the good work done by Connie Mesquita and the other staff in providing services and programs." A national search will be conducted for a permanent hire and is expected to conclude sometime winter term. The diversity coordinator vacancy created by the transition will be filled on an interim basis by internal appointment.

#### **NATIVE AMERICAN WORD FOR THE DAY**

Today's Native American Word for the Day is "KUN-ta," which in Lakota (Sioux) means "plum." It is pronounced with the stress on the first syllable, "KUN" which rhymes with "bun." This first syllable is also nasalyzed when spoken. If you add the word for "black," yielding "KUN-ta SA-pa," you have the word for a prune! "KUN-ta-sha" is "the moon when the plums are red" and that means "August."

Another derivative is "kun-SOO" (where the stress moves to the second syllable), and this means "plum seeds" or "plum stones." Since folks played games involving throwing plum seeds around, this distributive action became the deciding factor when the Lakota needed to come up with an indigenous word for "playing cards"--it is the same word as "plum seeds," or "kan-SOO." By extension, it can now also be used for any card or ticket as well! Dr. Don Addison, Native American languages instructor at Lane and the University of Oregon, 344-4758.

#### **DIVERSITY COUNCIL SEEKS NOMINATIONS FOR HUMAN RIGHTS DAY STAFF AWARD**

The Diversity Council needs your assistance in choosing the recipient of the 2005 International Human Rights Day Lane Community College Staff Recognition Award. On Saturday, December 10, at 4 p.m., the Eugene Human Rights Commission will recognize a Lane work unit or employee for contributions in the areas of human rights and the promotion of social justice. The celebration, in conjunction with International Human Rights Day, takes place at the University of Oregon Many Nations Longhouse. The Diversity Council is currently seeking nominations for this year's award and would like your suggestions. Please nominate an individual or a work group whom you believe has demonstrated a commitment to human rights during the past year and worked to make Lane a more inclusive, just, and supportive college for diversity. In less than 50 words, please explain why this person or work unit deserves the award. Since the Diversity Council needs to make its decision in November, a prompt response is appreciated. The deadline for your nomination is Monday, November 28 at 5 p.m. Please submit nominations to: Victoria Payton at [paytonv@lanecc.edu](mailto:paytonv@lanecc.edu) or send your nomination to the Human Resources office, Building 3, Room 114.

#### **EVENTS**

##### **ASLCC PRESENTS: "WAL-MART: THE HIGH COST OF LOW PRICE"**

On Friday, November 18, at 7 p.m. in the Center for Meeting and Learning, Building 19, the Associated Students of Lane Community College presents "Wal-Mart: The High Cost of Low Price," with special guest, filmmaker Robert Greenwald.

Producer/director Greenwald, who brought us "Unprecedented," "Uncovered," "Unconstitutional" and "Outfoxed," will attend the screening and conduct a question and answer session immediately following the screening. Also speaking at the event will be

Peter Sorenson, Lane County commissioner and current candidate for Oregon governor, Paul Holvey, state representative of House District 8 in the Oregon Legislature, and Jeff Anderson, legislative and communications director of the United Food and Commercial Workers Local 555.

According to Greenwald, the film takes the viewer into the everyday lives of families struggling to fight against a corporate goliath. From a small business owner in Missouri to a preacher in California, from workers in Florida to a poet in Mexico, dozens of film crews on three continents bring the story of an assault on families and American values. Current and former employees, managers and executives tell about the corporation's inner workings.

The event is open to the public. Admission is free with the purchase of a copy of the film on DVD for \$10; or \$3 at the door for the event itself. Doors will open at 6:30 p.m. For more information, contact Steve Candee, ext. 5188 or [candeess@lanecc.edu](mailto:candeess@lanecc.edu) or the Associated Students of Lane Community College, ext. 5332.

### NATIVE AMERICAN WORD FOR THE DAY

The Native American Word for the Day is "Kloshe" which is the Chinuk Wawa word for "good." Chinuk Wawa is the language that was used at one time, all up and down the coast as a kind of a "lingua franca" or trade language that many people of many different language-speaking tribes and non-Indians could use with which to converse. It is the language which will first be offered at Lane next term as AIL 101 and is composed of words from a number of different languages, including French and English. The adjective "Kloshe" (good) does not inflect for the comparative degree, such as adding "-er" as we do with many words in English: such as "fine" and "finer." The comparative of "Kloshe" is "Elip kloshe" meaning "better." To say "better than all" or "the best," (what is called the superlative degree), you must add "kopa konaway" meaning "better than all" after the "Elip kloshe" resulting in the long four-word expression "'Elip kloshe kopa konaway" which means "the best." - Dr. Don Addison, Native American language instructor at LCC and the UO, 344-4758

##### TOM ROHR CERAMICS AND ANNA LOGUE SCULPTURES ON EXHIBIT

The Art Department Gallery is proud to present ceramic works by Tom Rohr and sculptures by Anna Logue from November 14 to December 5. An artists' lecture will be given Thursday, November 17, at 2:30 p.m., followed by a reception including hors d'oeuvres. Admission is free.

Rohr views his ceramic pots as figures; alive when held in human hands, anticipatory yet patient in repose and sometimes acting differently when in groups. Anna Louge's sculptures are physical manifestations of spirit and vitality, a metaphor for the interior space enveloped by the pots. Louge's pieces are made from the debris of the ceramic process, entering the studio at the end of Rohr's process, recycling the scraps and extra parts that remain. The exhibition work has been punctuated by two natural disasters, beginning with the day the tsunami hit Southeast Asia and finishing the day Katrina hit New Orleans. While not the original intent of the work, both artists have chosen to display in a way as to address these events, most specifically to examine the role of chance as it relates to our relationship with nature.

The Art Gallery is located in Building 11. Hours are 8 a.m. to 5 p.m. Mondays through Thursdays and Fridays 8 a.m. to 4 p.m. For more information call 463-5409.

#### ASLCC PRESENTS: "WAL-MART: THE HIGH COST OF LOW PRICE"

On Friday, November 18, at 7 p.m. in the Center for Meeting and Learning, Building 19, the Associated Students of Lane Community College presents "Wal-Mart: The High Cost of Low Price," with special guest, filmmaker Robert Greenwald.

Producer/director Greenwald, who brought us "Unprecedented," "Uncovered," "Unconstitutional" and "Outfoxed," will attend the screening and conduct a question and answer session immediately following the screening. Also speaking at the event will be Peter Sorenson, Lane County commissioner and current candidate for Oregon governor, Paul Holvey, state representative of House District 8 in the Oregon Legislature, and Jeff Anderson, legislative and communications director of the United Food and Commercial Workers Local 555.

According to Greenwald, the film takes the viewer into the everyday lives of families struggling to fight against a corporate goliath. From a small business owner in Missouri to a preacher in California, from workers in Florida to a poet in Mexico, dozens of film crews on three continents bring the story of an assault on families and American values. Current and former employees, managers and executives tell about the corporation's inner workings.

The event is open to the public. Admission is free with the purchase of a copy of the film on DVD for \$10; or \$3 at the door for the event itself. Doors will open at 6:30 p.m. For more information, contact Steve Candee, ext. 5188 or [candeese@lanecc.edu](mailto:candeese@lanecc.edu) or the Associated Students of Lane Community College, ext. 5332.

**BOARD REPORT**

The 2006-07 budget development process, principles and criteria, data elements, assumptions, and budget projections were approved by 7-0 vote at the Lane Community College Board of Education November 9 meeting. The board favored short-term, one-time reductions with room for some new initiatives, rather than recurring reductions or tuition increases, by a vote of 5 in favor, 1 opposed (Paul Holman), and 1 abstention (Jay Bozevich). In a work session preceding the meeting, the board was supportive of increasing marketing initiatives to boost enrollment. Current projections show a \$1.6 million deficit in 2006/07. Budget development documents will be posted at <http://www.lanecc.edu/budget/budget.htm>

In other action, the board adopted the Talloires Declaration of sustainability by 5-2 vote, with Bozevich and Holman dissenting, after long discussion.

The board approved an inter-fund bridge loan of \$200,000 to KLCC, 7-0, to help the station exercise its purchase option on a new building in downtown Eugene while awaiting fulfillment of fundraising pledges.

The board approved the consent agenda 7-0, including a bidding exemption for Banner software post-implementation assessment from SunGard SCR, not to exceed \$88,000.

The board held second readings of its policies on borrowing, purchasing procedure, and monitoring president's performance, and approved them 7-0, and held a first reading of its policy on personnel services.

Reports were reviewed on the quarterly financial report, grants and contracts by funding source, and progress on the 30th and Gonyea interchange safety review.

The meeting adjourned at 9:06 p.m. The next regular meeting is set for Wednesday, December 14. Submitted by Joan Aschim, public information officer, Marketing and Public Relations.

**NEWS****LANE FORMS PARTNERSHIP WITH ENERGY STAR**

Lane Community College has joined a nationwide effort to eliminate energy waste through the voluntary implementation of improved energy management practices and technologies in a partnership with ENERGY STAR, the U.S. Environmental Protection Agency's voluntary program that promotes energy efficient solutions to help save money while protecting the environment. In 2004 alone, ENERGY STAR partners saved enough energy to power 24 million homes and avoid greenhouse gas emissions equivalent to those from 20 million cars, all while saving \$10 billion. Lane is the second college in Oregon to partner with ENERGY STAR.

Marie Matsen, vice president for college operations, believes in the efforts Lane makes to conserve energy benefit the natural environment while strengthening the college's bottom line. "Investing in energy conservation and reducing Lane's use of non-renewable energy sources is a very important component of our long-term financial plan and the core of our overall sustainability efforts. We want Lane to be a shining example of good stewardship of public resources, both environmental and financial," she says. As an ENERGY STAR partner, Lane has committed to monitor and measure its energy performance and to promote increased energy efficiency at its Florence, Cottage Grove and Eugene locations.

Formed in 2004, Lane's Sustainability Department includes three full time staff as well as part-time staff and student workers. The staff includes a recycling and surplus property coordinator, an energy and indoor environmental quality analyst, and a sustainability coordinator. The department is certifying its first green buildings in the family and child care program, under the U.S. Green Building Council, Leadership in Energy and Environmental Design Existing Building Program. Close attention will be given to superior energy performance using ENERGY STAR. For more information, see <http://www.lanecc.edu/sustainability> or <http://www.energystar.gov> . Every summer, Lane offers a culturally specific program called Rites of Passage to local high school students. For the last two years, many of these students have gone out into their local communities, crossing generations to film the stories that comprise their heritage. In doing so, students have not only created rich documents, but more important, forged connections that have helped empower them in determining their futures. Please join us in viewing the newest films produced by the Pan-Asian and the African-American students. Then join in a discussion with Jason Mak, and Jordan and Michael Klindt, the filmmakers who supported the students in making these films.

People are welcome to come late or leave early as schedules permit. If you need disability accommodations in order to attend, please contact Disability Services, ext. 5150 (voice) or ext. 3079 (TTY) at least one week in advance. #### NATIVE AMERICAN WORD FOR THE DAY

Today's Native American Word for the Day is "la-MET-sin," which is Chinuk Wawa for "medicine." The second syllable is stressed, hence the capital letters. Obviously it is a "loan word" from French and the definite article "la" (marking the feminine case) is retained. However, "la-MET-sin" has no connotation of what is pejoratively expressed as "magic," nor does it have any supernatural overtones. The latter is "ta-MA-na-wis" in Chinuk and refers to what was described by early European settlers in the Oregon territory as "Medicine Men" or "Indian conjurers," who the Europeans saw as quacks. The lexical item "la-MET-sin" illustrates a Native attempt to capture the concept of Western man's medicines with all its pills, shots, salves, and medical procedures, which quickly supplanted many natural tribal medical practices in Oregon.

Chinuk Wawa is the trade language that once facilitated trade and travel among Indians and non-Indians all along the Northwestern coast. Chinuk words come from a wide variety of Native languages, English and French. To call it "jargon" is considered by many to be denigrating.

All language hybrids, pigeons or Creoles have their supporters and those who consider them "unauthentic." No one can deny that languages never stay the same-no matter how hard we try to force them into that mold! Those interested in learning more about Chinuk Wawa will want to enroll next term in Lane's first class in Chinuk, listed under American Indian Languages 101. Contact: Dr. Don Addison, American Indian language instructor at Lane and the UO, 344-4758.

### PUBLIC HEARINGS SET FOR PROPOSED INTERCHANGE AT I-5 AND FRANKLIN

The Oregon Department of Transportation will host three public open houses in early December to discuss the possibility of a new interchange at I-5 and Franklin Boulevard in Eugene and Springfield. The open provide opportunities for interested parties to participate: Thursday, December 1, 4-8 p.m., Springfield City Hall, Library Room, 225 Fifth Street, Springfield; Monday, December 5, 4-8 p.m., Northwest Youth Corps, Community Room, 2621 Augusta Street, Eugene; and Thursday, December 8, 4-8 p.m., Eugene Library, Bascom-Tykeson Room, 100 W. 10th Avenue, Eugene.

The open houses are a part of a concept-level planning study undertaken by ODOT in response to local interest in building a new interchange at this location. The study is intended to help stakeholders understand the potential costs and benefits that would be involved in funding and building a new interchange and help them determine whether a new interchange should become a regional transportation priority.

The open houses will provide interested parties with the results of preliminary analysis on a potential interchange, to ask questions of ODOT, its consultant team and local agency staff, and to indicate to elected officials, through comment cards, whether a new interchange should become a regional priority.

Following the open houses, Eugene, Springfield and Lane County elected officials will be asked to give a new interchange a preliminary "thumbs up" or "thumbs down." If "thumbs up," the next step would be to initiate a process to include an interchange project in regional and local transportation system plans. This process would include a detailed planning study called a Refinement Plan. If "thumbs down," no further action would be taken. From an ODOT news release. Contact: Editor.

On Wednesday, November 30 from 3-6 p.m., in Building 16, Room 142, students in the advanced seminar in geology will host a symposium on the Wallowa Mountains, Columbia River flood basalts, and mantle mysteries. The event is open to members of the Lane community. The symposium keynote address by UO geophysicist Dr. Gene Humphreys and Ph.D. candidate T.C. Hales will report on recent research on the dramatic Wallowa uplift and its relationship to the Columbia River flood basalts. Gene and his students have proposed new dynamic models for this beautiful and enigmatic part of Oregon. Lane students will lay the groundwork for understanding the research in a series of teaching presentations and a lively research debate. Lane Instructor David Blackwell will talk about the geology of the region, sharing his slides and rocks. Contact Sarah Ulerick, Science, ext. 5450 for a schedule of presentations, or see posters in the Science Building and around campus.

### **INTERFAITH PANEL DISCUSSION: THE BIBLE AND HUMAN RIGHTS**

An interfaith panel discussion, "The Connection: The Bible and Human Rights," will be held Wednesday, November 30, from 12-1 p.m. in Building 19, Room 260. Panelists Jim Garcia, Gretchen Miller and Greg Rikhoff will explore: What are basic civil rights? What do we mean by human rights? How has the Bible been used to justify other civil and human rights violations (e.g.: slavery, denying women the vote)? Can we advocate for LGBTQ rights and still be doing God's work?

To coincide with the panel discussion we are displaying a photographic exhibit, "What Does Family Look Like?" through November in Building 19, sponsored by Community Alliance of Lane County. The exhibit portrays a rich diversity of loving families--multiracial, adoptive, interfaith, single-parent, custodial grandparents--specifically including LGBTQ families and families with LGBTQ members.

The presentation is part of a series on "Sexual Orientation, Gender Identity and The Bible: Where Are You? Local Clergy Speak Out," co-sponsored by the local interfaith organization Religious Response Network, Jim Garcia, and the Multicultural Center. Please contact Hillary Knox, 463-3511 or [knoxh@lanecc.edu](mailto:knoxh@lanecc.edu) with questions or concerns. Thank you!

### IT QUESTION OF THE WEEK: WHAT ARE WE DOING TO CONTROL SPAM?

SPAM, unwanted and unsolicited email, is a sometimes bothersome, sometimes overwhelming fact of life in the internet age. LCC filters SPAM two ways: 1) GroupWise is configured to route all incoming mail through a utility that filters for SPAM using an externally maintained list of known SPAM markers; and, 2) GroupWise uses a black list. This feature uses a third-party spam services that maintains current lists of know spammers. Contact: Stephen Pruch, Associate Vice President for Information Technology.

### PTK SEEKING STUDENTS

Phi Theta Kappa is the international honor society for two-year colleges, and Lane has an active chapter on campus. If you know any students who are currently enrolled in a Lane program, have at least a 3.25 cumulative GPA, and have successfully completed at least 12 full-time or 18 part-time credits, they are eligible. Current one-time dues are \$75, but the rate is going up after the first of the year. Now is an excellent time to join. For more information, visit <http://www.lanecc.edu/ptk>, send e-mail to [SigmaZeta@lanecc.edu](mailto:SigmaZeta@lanecc.edu), or contact Velda Arnaud, Building 2, Room 108D.

### CALL FOR 2006-07 READING TOGETHER BOOK SUGGESTIONS

Just when we're beginning to get bombarded by all those ever earlier holiday shopping promos, Reading Together pushes the advance envelope even more drastically. That's right, we're actually asking for solicitations for next year's Reading Together books starting now, in order to use the winter break to read through the volumes of suggestions we receive, as well as contact prospective authors for campus

visit availability, and to give performing arts and visual arts faculty time to plan for productions and exhibits.

The Spring Conference Committee is in the process of determining the core value that Lane will focus on for 2006-07. As soon as this value is selected, Reading Together will notify the college community, so that book suggestions can be further informed by the selected core value. But if you have a book or books in mind now that work with the book selection criteria, please send in your suggestion now so we can begin to review the books.

If you have any good ideas for either fiction or non-fiction books that meet the Reading Together criteria (see below), please send your suggestions to Ellen Cantor, Reading Together Coordinator, [cantore@lanecc.edu](mailto:cantore@lanecc.edu). You can also make your suggestions through the Reading Together website: [www.lanecc.edu/readingtogether](http://www.lanecc.edu/readingtogether). We'd really like to get the word out to students this year, so it would be particularly helpful if anyone in contact with students would let them know about this opportunity. I'll also be putting out suggestions boxes in popular locations on campus.

Book Selection Criteria 2005-06: interdisciplinary character; quality of writing; general appeal; accessibility; relevance to one or more of Lane's core values: learning, diversity, innovation, collaboration and partnership, integrity, accessibility; reasonable length; author availability; relevance to Lane students; service/community activity potential.

It is particularly important that the book be of a length that reasonably allows it to be incorporated into existing classes. A book that lends itself to being used in parts, such as last year's Reading Together book, "A Larger Memory," by Ronald Takaki, and this year's book of poetry, "Blessing the Boats" by Lucille Clifton, will also meet this criteria.

#### AUCTION DONATION REQUEST

AAWCC is seeking donations of special items or services for this year's holiday silent auction on December 7. Proceeds raised from the auction help pay for the AAWCC leadership scholarship awarded each year to a Lane student, as well as other club activities. Hand-crafted items are big sellers at the auction, but if you have other items or services to donate we will gladly accept them as well. I hope this gives you a little time if you are planning to make something for the auction. And you are also very welcome to request donations of items or services from family, friends, and professional contacts (who generally enjoy the free advertising) for the auction. Last year we generated \$1,146 in proceeds. Let's try to beat our record this year! Some ideas from past auctions include:

- \* Crocheted and knitted hats, scarves, and baby blankets
- \* Jewelry, art, note cards
- \* Baby products and pet treats
- \* Gift baskets of music, wine, candles, spa products, chocolate
- \* Lessons for music, dance, art, or woodworking
- \* Homemade holiday goodies
- \* Gift certificates for spa services, restaurants, book stores, music stores, movies, grocery stores
- \* Weekend cabin get-away, event tickets & mini-memberships
- \* Services such as house cleaning, catering for an evening, babysitting, yard work, pet or house sitting, car washes, deliver a cord of wood, holiday decorating

Please drop off your donations to Phoebe Anderson at the Cooperative Education Division in Building 19, Room 231, any time from now until the event, Monday through Friday, from 8 a.m. to 5 p.m. For more information call 463-5203 or e-mail [andersonp@lanecc.edu](mailto:andersonp@lanecc.edu).

AAWCC is committed to equity and excellence in education and employment for women. Our local chapter is dedicated to Lane women(s) growth and success. Membership dues are just \$10 a year and are used to fund activities and opportunities for members. Phoebe Anderson, special events coordinator, Lane AAWCC.

## **THE DAILY SPECIAL EDITION: WEATHER CLOSURE Q&A**

### **November 30, 2005**

The Daily annually reminds readers of weather closure procedures. The following Q&A is available in English and Spanish at

<http://www.lanecc.edu/mpr/weather.htm>

### **Weather Closure Questions and Answers**

Q. HOW DO I KNOW IF THE COLLEGE IS CLOSED DUE TO WEATHER?

\* When bad weather strikes, tune in radio or television news to find out if there are any closures or delays for Lane Community College. When the decision is made to close the college, the college notifies KLCC 89.7 FM and other news media. Stations make announcements as soon as they receive information. Do not call the media directly -- this interferes with their ability to bring you the most current information.

\* Closure announcements are posted to Lane's home page at [www.lanecc.edu](http://www.lanecc.edu) and when possible, to the local school closure web site at [www.valleyinfo.net](http://www.valleyinfo.net).

\* When possible, a message is sent to employees via all staff e-mail or voice-mail.

Q. WHERE DO I GET THE LATEST NEWS?

Radio stations:

- \* KLCC FM 89.7
- \* KPNW AM 1120
- \* KUGN AM 590
- \* KOPT AM 1600
- \* KMGE FM 94.5
- \* KKNV FM 93
- \* KNND AM 1400
- \* KCST AM 1250

Television stations:

- \* KVAL-TV Channel 13, CBS
- \* KEZI-TV Channel 9, ABC
- \* KMTR-TV Channel 16, NBC

Web:

- \* [www.lanecc.edu](http://www.lanecc.edu) (Lane Community College home page)
- \* [www.valleyinfo.net](http://www.valleyinfo.net) (local school closure web site)

College switchboard:

- \* (541) 463-3000

Q. WHAT IF I AM HEARING IMPAIRED?

- \* Hearing impaired people should watch TV news broadcasts or check the Lane Community College website at [www.lanecc.edu](http://www.lanecc.edu).

Q. WHAT ABOUT COLLEGE LEARNING CENTERS AT HIGH SCHOOLS?

- \* The college's Community Learning Centers at high schools follow the host high school's closure schedule.

Q. WHEN WILL WE KNOW THAT THE COLLEGE IS CLOSED?

- \* Weather closures or delays can be announced at any time as conditions worsen; however, every effort is made to report early morning closure/delay information by 6 a.m., and evening closure information by 3 p.m. Evening classes are those that begin at or after 5 p.m. Because conditions can improve during the day, sometimes the college will close during the day but will open for evening classes, so it is important to stay tuned to the media.

Q. WHAT DO DELAYS MEAN?

- \* If the opening of classes is delayed, students and faculty should report to the class or lab they would normally have been attending at the new starting time, if at least 50 minutes of class/lab time remains. For example, if opening is delayed to 10 a.m., classes and labs that normally begin at 10 a.m. or are already in session at 10 a.m. would meet, but only if the normal ending time for that class or lab is 10:50 a.m. or later. The remainder of the day would continue on the regular schedule.

Q. IF THE COLLEGE IS CLOSED, SHOULD STAFF REPORT FOR WORK?

- \* When the college or a college center is closed, classes and activities at the facility are canceled and staff who work there should not report for work or come to the work site, unless they receive specific instructions otherwise from their supervisor or hear such instructions in the news announcements. If one or more facilities are closed and

others are open, staff who work at the open facilities should report to work as usual.

Q. ARE THERE TRANSPORTATION ALTERNATIVES?

\* When 30th Avenue is icy, some people drive in from the east via Franklin, or ride the bus. In general, LTD operates buses to Lane when the college is open; however, drivers may choose alternate routes. An LTD route change does not necessarily indicate a college closure.

Q. WILL STAFF GET PAID?

\* Employees should review the College Online Policy and Procedure System (COPPS) policy titled, "Pay: School Closure," at [www.lanecc.edu/cops/closure.htm](http://www.lanecc.edu/cops/closure.htm), for guidelines on compensation.

Q. WHAT IF I HAVE OTHER QUESTIONS?

\* See the college emergency plan online at [www.lanecc.edu/cops/eplan.htm](http://www.lanecc.edu/cops/eplan.htm). Employees may refer to the Employee Emergency Manual. For a copy of the manual, contact Public Safety at (541) 463-5558.

For more information contact Joan Aschim, Public Information Officer, Marketing and Public Relations, Lane Community College, [aschimj@lanecc.edu](mailto:aschimj@lanecc.edu), (541) 463-5591.

**NEWS****WHY DO WE STILL GET SPAM?**

SPAM writers have the same tools that we have, except they use the filters to write more intelligent SPAM. As they out-manuever current filters, we wait for updated SPAM lists to stop delivery of new SPAM into mail boxes. ##### **LANE TO SIGN INTERNATIONAL DECLARATION FOR SUSTAINABILITY**

Lane Community College will become part of a worldwide effort for a sustainable future when President Mary Spilde signs the Talloires (pronounced "tal-whar") Declaration on Wednesday, December 7, in a signing ceremony from 2:30-3 p.m. in the lobby of the Center for Meeting and Learning, Building 19.

The declaration is a 10-point action plan for teaching and operating in ways that help achieve environmental literacy and sustainability. It was created in October 1990 when 22 presidents, rectors and vice chancellors of colleges and universities from all over the world convened in Talloires, France to voice their concerns about the state of the world and create a document that spelled out key actions colleges and universities must take to create a sustainable future. More than 300 colleges and universities have

signed the declaration. Lane will be the second institution of higher education in Oregon (following Lewis and Clark College) and the first community college in Oregon to sign the document.

In signing the declaration, Lane pledges to: 1) increase awareness of environmentally sustainable development; 2) create an institutional culture of sustainability; 3) teach environmentally responsible citizenship; 4) foster environmental literacy; 5) practice institutional ecology; 6) involve all stakeholders; 7) collaborate for interdisciplinary approaches; 8) enhance the capacity of primary and secondary schools; 9) broaden service and outreach nationally and internationally; and 10) maintain the movement.

As part of Lane's commitment to "greening" higher education, the college began purchasing 10 percent wind power from EWEB in November 2005. Lane is EWEB's largest wind power customer. Other steps that the college has taken: hosting the second annual Oregon Bioneers Conference in October; offering more than 30 courses that address sustainability issues; supporting a student project to make and use biodiesel on campus; collaborating with the Mayor's Roundtable on Public Education for Sustainability; and operating an award-winning recycling program that recycled over 55 percent of the college's waste in 2004/05.
