EVENTS

CRUCIAL CONVERSATIONS: BESTSELLING AUTHOR RON MCMILLAN TO SPEAK

National best-selling author Ron Macmillan will speak at the Center for Meeting and Learning, Building 19, on Wednesday, January 11, from 8:30 to 11:30 a.m. The seminar, focused on his recent best-selling book, "Crucial Conversations--Tools for Talking When the Stakes are High," will discuss the importance of honest communication in organizations.

Common challenges to be addressed include: Your team has been getting bad results. No one will speak up, and no one wants to find out why. Your boss's leadership style is smothering you. You hesitate to speak up. Top performers are leaving, and poor performers are not challenged. Important issues are not brought up in a timely matter to those who can do something about them. Only those near the water cooler hear the issues. Your colleague has missed a critical deadline. What do you say?

All Lane employees qualify for the \$50 ticket rate. Tickets to the seminar include one copy of "Crucial Conversations" and a special session booklet. To register or for more information, call 463-3500 or e-mail knoxh@lanecc.edu.

NEWS

GENE KNIGHT EARNS EMPLOYEE OF THE MONTH AWAD

Kudos and congratulations to January Classified Employee of the Month, Gene Knight of the laundry. Rick Venturi led a group of representatives from the Classified Professional Development Team to the LCC laundry on Thursday, where they surprised Gene with the award. Gene was relieved to know he wasn't really in trouble, as Rick had led him to believe. Gene has served Lane for 18 years and just recently "semi-retired" by reducing his hours on campus. As a classified employee in the LCC laundry, Gene keeps all the equipment up and running. His colleagues describe him as a bright light to the employees and clients in the laundry. He has a positive, friendly manner that is very much appreciated. He's been known to sing or tell stories to lift the spirits of the Specialized Employment Services clients! Laundry staff, clients, and even Gene's wife were on hand to celebrate the honor. If you get a chance, congratulate Gene for doing a terrific job, and celebrate his nomination as January's Employee of the Month. And remember that, you too, can help us to recognize exemplary Classified employees by nominating them for this award. Nomination forms are available: 1) at the Human Resources office; 2) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html> ; or 3) from Gloria Vanderhorst, OISS.

PANINI SANDWICHES OFFERED BY FOOD SERVICES

Wow! Imagine the great taste of a grilled Italian sandwich right here on campus. Food Services proudly welcomes it's new Panini Grill with a months' worth of new sandwiches and great specials. Let us know if you have a favorite and we will put it in the mix. We are glad to have you back. Contact: kellyb@lanecc.edu

TUITION WAIVER UPDATES

Part-time hourly employees (C-3's) who have worked 700 hours or more in the last 12 months will be required to complete a tuition waiver form to get their tuition waived. The tuition waiver benefit remains the same but a form will be required EACH term. The department must sign the form verifying that the employee will be working during the term. Tuition waiver forms for part-time employees are available in the Human Resources office or online at <http://www.lanecc.edu/perssvcs/forms.htm> If you have any questions, call Kathy Rasmussen at ext. 5589 or Mary Glenn at ext. 5583.

NOTICE TO STAFF LOCKER ROOM USERS

If you are using the staff locker room during winter term, please remember to either be signed up for a PE/Dance class that includes the locker room fee (e.g. Fitness Education Center) or pay the optional PE fee. Remember that the optional PE fee can now be assessed to your account electronically. Please use ExpressLane and add CRN 33766 to "register" for the \$12 optional PE fee. If you are not using the staff locker room during winter term, please return your clothing and lock. We have a huge demand for locker/basket space. If you have not been assessed the \$12 fee by Monday, January 23,

your basket/locker will be cleared out. Questions? Please contact Mike Zimmerman (5554), Kim Gilbert (5557), or Risa Holden-Collins, (5272).

STUDENT LITERARY COMPETITION SEEKS ENTRIES

It is again time for the Student Literary Competition sponsored by the League for Innovation in the Community College. Do you know a student whose work you find engaging and exciting? If so, please encourage him or her to enter! Historically, LCC students have done very well -- last year, two Lane students took first place at the national level, each taking home \$500 in prize money, and had their work published in the League's literary magazine. Competition categories are short story, personal essay, poetry, and one-act play. Entry forms are available in the Language, Literature and Communication Division office, Center Building, Room 457. Call Sharon Hainley, ext. 5421, with questions, or just drop by. And thank you for helping to get the word out!

LEARN ABOUT FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

When was the last time you or your department had a FERPA (Family Educational Rights and Privacy Act) tune-up? If you'd like to schedule a quick refresher on this important privacy law that gives students control over their educational records and the right to prevent disclosure, please contact Diane in Enrollment Services, ext. 5693, to schedule a FERPA training by Helen Barker Garrett, Enrollment Services. If you'd like to make sure you have the most current version of Helen's "Top Ten Most Important Things to Know About FERPA List," it is now available in COPPS at <http://www.lanecc.edu/cops/FERPA10.doc> within the "Release of Student Records" procedure. TRAINING ON LEARNING DISABILITIES

The Western Center for Community Colleges Development is sponsoring an excellent training on serving students with learning disabilities in Cottage Grove entitled, "The Bridges to Practice Training for Oregon: Serving Adults with Learning Disabilities." It will be taught by Leslie Rubinstein from the ABSE Department at Lane. Materials participants will receive were developed by the National Institute for Literacy and are based on research done at the University of Kansas with adults and youth with learning disabilities. The training is informative for a broad range of agencies and institutions. Students with identified and unidentified learning disabilities show up in credit and non-credit classes, so the skills are relevant for anyone working with adult learners.

The "Bridges to Practice" training consists of a three-part training over the course of a few months: January 20, Part I- Learning Disability Awareness; March 3, Part II- Assessment and Planning; April 2, Part III- Implementation Process. The cost of the three-part training is \$75 per person. Registration deadline is January 13. ANNUAL FINANCIAL AID AND SCHOLARSHIP WORKSHOP PLANNED

Do you often hear about all sorts of scholarships and wonder how in the world to find them? Lane Community College is hosting a Financial Aid and Scholarship Workshop to help you do just that! The free workshop will be held Saturday, Jan. 21, from 8:30 a.m. to 3:30 p.m. in Building 17, Room 308. The free workshop is open to students, parents and other interested individuals. Although the workshop is free, advance registration is required to assure space for the popular, limited-seating event.

Participants will learn about print materials and computer databases for scholarship research, the federal financial aid process, and Oregon Student Assistance Commission scholarships. They will also organize a plan for their scholarship search and get tips for writing high quality essays and applications.

Lane students with an L number (user ID) may register for the workshop through ExpressLane at www.lanecc.edu and list registration number 32953. All others must call Continuing Education at 463-5252 to register. Details are available in Lane's winter schedule of classes. Contact: Beth Landy.

JAZZ FESTIVAL ARTISTS HAIL FROM NEW YORK CITY, PORTLAND AND EUGENE

The Second Annual Oregon Jazz Festival on Saturday, January 21, will draw more than 30 middle school, high school and college jazz ensembles from Oregon and Washington to participate in the all-day festival at the University of Oregon Beall Hall and the Lane Community College Performing Arts Building 6. The festival includes a jazz quintet concert featuring guest artists from New York City, Portland and Eugene. This concert, at 7:30 p.m. in the LCC Performance Hall, has limited tickets available to the public for \$18 adults, and \$12 students. Tickets may be ordered through the LCC Ticket Office at 463-5202.

Steve Owen (UO) and Ron Bertucci (LCC), producers of the festival, joined forces for the first time last year to produce a very successful first Oregon Jazz Festival with over 25 participating schools and a sold-out evening concert. This year they expect a 15-20 percent increase in school participation. "Our mission is to bring students, jazz educators, performing artists, and jazz enthusiasts together in one place, to learn from each other and enrich each other's experience and enjoyment of jazz," says Owen.

Bertucci emphasizes that this festival is not a competition. "We stress that this is an educational event, not a competition and encourage musicians to take risks and take a vigorous approach to their study of jazz and music in general."

Participating ensembles will perform and receive feedback from clinicians on Saturday, Jan. 21, from 8 a.m. to 4 p.m. at both the UO and LCC. Each student ensemble is given 45 minutes to perform for and receive instruction from a panel of clinicians. Clinics on specific instrument areas (saxophone, trumpet, trombone, drums, piano, bass, and guitar) are offered throughout Saturday at both sites, featuring the various jazz educators/artists who will instruct, inspire, and encourage students on jazz performance techniques.

Clinicians include Dan Gailey (UK), Dana Landry (UNC), Dave Glenn (Whitman), Vern Seilert (U.W.), Gary Hobbs from Vancouver, WA, and including from Eugene, Glenn Griffith, Mike Denny, and Roger Woods. The public is welcome to attend the day-time clinics for a \$5 day pass purchased at the festival sites.

The 7:30 p.m. Saturday evening jazz quintet concert features headliner guest artists Dick Oatts on saxophone, and John Mosca on trombone. Both are on the music faculty at the Manhattan School of Music and perform with the Village Vanguard Orchestra. Other guest artists on the evening program include, from Portland, Gary Hobbs, drums, Phil Baker, bass and George Goebel, piano. Two outstanding school groups selected from the Jazz Festival's participants will open for the concert. Contact: Ron Bertucci.

DINNER/AUCTION WILL BENEFIT STUDENT ATHLETES

The Second Annual Student Spectacular to benefit student athletes will be held Friday, January 27 starting at 5:30 p.m. at the Center for Meeting and Learning. speakers and a delicious dinner provided by Outback Steakhouse. There will be a silent and oral auction. The cost is \$100 per person. If you would like to attend or would like to donate an item for the auction, please contact Pat Hansen, Business, 5018.

PROMOTE YOUR PROGRAM AT LANE PREVIEW NIGHT

Lane Preview Night is making a debut this year on Lane's campus. A natural extension of the "LCC Night" of the past, Lane Preview Night will be a premier high school recruiting event. Lane Preview Night will be held on Wednesday, March 1 from 5:30-7:30 p.m. in the Center for Meeting and Learning. All Lane County high school students and parents will be invited to attend. SALZMAN AND JANSSEN-BELITZ SHARE "HIDDEN FEARS AND HOPE" AT ART GALLERY

The Art Department Gallery presents "Hidden Fears and Hope" by Jennifer Salzman and Monique Janssen-Belitz, January 9 through 31. The exhibit features photography, oil and watercolor paintings. A reception will be held Thursday, January 26, from 5-7 p.m. in the gallery.

Salzman's traditional black and white photographs convey a message of awareness; not simply of the uncomfortable, or the difficult, but also the awareness of the beauty and love of childhood. As a parent, Salzman faces fears and concerns involving forces from the outside world. Her work centers around opposing influences, the love and protection she feels as a parent and the fear and worry of seeing her children affected by things beyond her control. Working in traditional photographic processes is important to the construction of her images. This process gives a strong foundation to the emotions and the passing of time. Salzman wants the viewer to see beauty in the world of a child and the fears of that world being shattered.

Janssen-Belitz was born in the Netherlands and was educated primarily in Germany, including training as an art teacher at the Ludwig Maximilian University in Munich. Janssen-Belitz came to the U.S. in 1985 and moved to Oregon in 1987. She has worked as a painter and printmaker for more than 25 years. The majority of Janssen-Belitz's work is oil on canvas. Her oil paintings are mainly a series of landscapes depicting Oregon scenery which also reflect the inner landscapes of personal emotions. Her watercolors are based on small pencil sketches, with and without color washes, done on site. These include sketches from Germany, the Olympic Peninsula and the Oregon High Desert.

The Art Department Gallery is located in Building 11. Hours are 8 a.m. to 5 p.m. Mondays through Thursdays and Fridays 8 a.m. to 4 p.m. For more information call 463-5409. Contact: Susan Detroy.

NEWS**RECORD NUMBER OF USERS LOGIN TO EXPRESSLANE**

ExpressLane, the college's online registration and web services system, served a record number of students on Monday, the first day of classes for winter term. The system served 6,001 individuals, a figure that surpasses ExpressLane's highest single-day usage of 5,800 first-day users in fall term 2005. Now, compare Monday's figure with Lane's long-term raw average of 1,300 users per single day.

"Previous experience tells us that we probably had about 9,600 logins if you count every login," says Associate Vice President for Information Technology Stephen Pruch, noting that some people used the service more than once. There were no system glitches. Over the weekend, ExpressLane served 1,200 visitors on Saturday, and more than 3,000 on Sunday. "We are serving lots of students, even when the college is closed," says Pruch. "Our data suggests that self-service usage continues to increase."

Pruch is grateful to Lane's hard-working staff, some of whom postponed other work to ensure priority student service.

The peak day for ExpressLane usage is always the first day of the term, says Pruch. "The peak is behind us ... until April 3." Submitted by Joan Aschim.

IT SCHEDULES MAINTENANCE DOWNTIME

ExpressLane and Banner will be down for scheduled maintenance on Monday, January 16, from 9 a.m. until noon. Thanks for your patience. Jan Kleminsky, Information Technology.

LANE DOES ITS PART TO TRIM HIGH ENERGY COSTS

Lane has seen natural gas prices skyrocket this winter. Costs are especially high when the college uses more than its contractual allotment. Once we go over allotment, we use an alternative fuel, a low sulphur biodiesel blend, in the boiler. We are burning this fuel under a permit issued by the Lane Regional Air Pollution Authority (LRAPA). The college is designated a "Lane Clean Fuels" partner, because it uses this alternative fuel blend. Keep your eyes peeled for more information about what Lane is doing and how you can help save on energy costs and reduce pollution. Remember: "Saving Energy Saves Everything." Anna E. Scott, ext. 5805.

TUITION WAIVER PROCEDURE HAS BEEN REVISED

Tuition waiver forms for part-time employees are available in the Human Resources office or on line at <http://www.lanecc.edu/perssvcs/forms.htm> . If you have any questions, please call Kathy Rasmussen, ext. 5589, or Mary Glenn, ext. 5583.

FOOD SERVICE CHOICES ARE MOUTHWATERING AND HEALTHY

Scrumptious wraps and sandwiches produced locally by Holy Cow are available daily in Food Services from 7 a.m. until 6 p.m. Holy Cow food tastes great, uses local products, is made from scratch, is almost 100 percent organic, is vegetarian (mostly vegan), and uses pure, natural ingredients and filtered water. Look for Holy Cow products in the stand-up coolers near the cashier station. Also, did you know that Food Services uses tofu and tempeh that are produced right here in Eugene and made from organically grown whole soybeans? We are trying hard to offer you a variety of healthy choices and welcome your input. Brian Kelly, kellyb@lanecc.edu .

LANE FACULTY AND STAFF MADE STUDENT HOLIDAYS BRIGHTER

Thank you's go to everyone who helped make the holiday season brighter for many student families at Lane:

- * Thanks to Bette Dorris, Student Life and Leadership, who coordinated the Giving Tree and had more than 150 names on the tree this year.

- * Thank you to those who took names off the tree and brought back gifts for the children.

- * Thanks also goes to Tina Jacques, Student Life and Leadership, and the staff who work with Tina and Bette. They wrapped lots of presents this year!

The student parents were so appreciative when they picked up their gifts. I pass that gratitude on to those of you who were so giving of your time and money. Jill Bradley, Women's Center.

YOU CAN HELP CURB HIGH ENERGY COSTS

A very important part of the job Lane does to save energy is scheduling building heating, cooling, and lighting equipment to closely match when buildings are being used. Before the beginning of each term, break, or holiday Lane's energy analyst receives information about building schedules and updates the building equipment. You can help Lane save on energy costs and reduce pollution by using The Daily, Lane Events Calendar, or contacting Facilities at least 72 hours in advance when updating or changing your schedule. Your participation makes a difference! "Saving Energy Saves Everything." Submitted by Anna E. Scott, energy analyst, Facilities Management and Planning.

LANE RECEIVES ANOTHER SUSTAINABILITY KUDO

Eugene Mayor Kitty Piercy presented a Community Sustainability Award to Lane Community College and four businesses for their environmental practices during her State of the City address on January 5. Organically Grown is a client of Lane's Business Development Center. ARCHIVES CAN ASSIST WITH WATER DAMAGED RECORDS

Water damage to records and books is always a concern, but especially this winter with all of the rain we've been having. Damage may be caused by rising water in a basement storage area, a leaky roof or window, or even over-watered the plants on your desk. For water problems, of course, you should first contact Facilities. But if you are left with damp or wet records or photographs, give the Archives a call. We have limited expertise in dealing with wet paper records and can help you salvage them. Contact: Elizabeth Uhlig, Archives, ext. 5466.

MANY FORMS ARE AVAILABLE ON HUMAN RESOURCES WEBSITE

Do you need to complete a tuition waiver or a direct deposit form and don't have time to come to the Human Resources office? These forms are available on the Human Resources website. You may print them, complete them, and send them via campus mail to the Human Resources office. These forms are among the many that can be found on our website. To get to our Forms Library page, go to Lane's home page/departments and services/human resources/forms library. If you need any assistance, please call ext. 5586. Submitted by Adrian Mcleod.

HERE ARE SOME REGISTRATION TIPS FOR USING TUITION WAIVERS

Enrollment Services, in cooperation with Human Resources, manages the application of the tuition waivers to the accounts of staff and their family members, who qualify for the various tuition waivers. We wanted to remind anyone using the tuition waivers that when registering for a class which qualifies, it is important that you do not pay for the class until the tuition waiver has been loaded. This is typically done nightly, so it is best to check your Account Summary in ExpressLane the next day when you are registering for the classes which you believe will qualify you for the waiver. If you go ahead and pay for the class before the tuition waiver has been applied, the tuition waiver will not be applied to your account. Also, we extend a friendly FERPA reminder that Enrollment Services can not respond to questions on any student's account without written permission from the student, so if you have family members with questions on their waivers, please have them contact Enrollment Services directly. If you have questions about this information, please contact Enrollment Services. Submitted by Helen Barker Garrett, ext. 5686.

Do you have an outstanding or unique student whose accomplishments would be an inspiration to the campus? This is our way of recognizing a student's individual hard work and dedication. To submit a recommendation, send an e-mail to torcheditor@lanecc.edu or contact Heather at ext. 5655. Please include the student's name and contact information.

WEBCT PRESENTATION

Monday, January 23, 11 a.m.-1 p.m., Building 3, Room 216 (Boardroom)

Eight years ago, Lane began using WebCT as the software package to deliver online courses. Today, 44 Lane instructors use WebCT Campus Edition version 4 for both online and web-enhanced (traditional) courses. WebCT's latest software is called Campus Edition version 6 and WebCT Vista. In October 2005, Blackboard acquired WebCT in announced merger. The new company will remain under the Blackboard brand and "over time, Blackboard will incorporate the best features and usability characteristics from the two product lines into a new standards-based product set." (from www.blackboard.com website). Come to hear about the changes at WebCT.

LANE FACULTY TO CHOOSE NEW LMS SOFTWARE

An issue of great importance will soon be decided at Lane concerning our Learning Management System (LMS) software. This includes WebCT, Moodle, and other software used by faculty and staff at Lane to conduct online or web-enhanced classes for students, and even in-house staff training. In order to provide the best technical support and service, the Information Technology Department would like to support a single LMS system and has asked that faculty and staff choose a system. Representatives from WebCT, Blackboard, and Moodle have been invited to campus to make presentations, to which all are invited. The days and times are as follows:

WebCT: Monday, January 23, 11 a.m.-1 p.m.

Blackboard: Thursday, January 26, 2-4 p.m.

Moodle: Monday, January 30, 2-4 p.m.

All presentations will be held in the LCC Boardroom, 3/216. All interested parties are encouraged to attend. An R.S.V.P. would be very helpful, although not required. Please complete the online form at <http://teach.lanecc.edu/lms> Contact: Joe Escobar.

ARTISTS' RECEPTION SET FOR SALZMAN AND JANSSEN-BELITZ

"Hidden Fears and Hope," an exhibit of photography, oil and watercolor paintings by Jennifer Salzman and Monique Janssen-Belitz, is featured in the Art Department Gallery through January 31. A reception for the artists will be held Thursday, January 26, from 5-7 p.m., in the gallery, Building 11.

Salzman's traditional black and white photographs convey a message of awareness; not simply of the uncomfortable, or the difficult, but also the awareness of the beauty and love of childhood. As a parent, Salzman faces fears and concerns involving forces from the outside world. Her work centers around opposing influences, the love and protection she feels as a parent and the fear and worry of seeing her children affected by things beyond her control. Salzman wants the viewer to see beauty in the world of a child and the fears of that world being shattered.

Janssen-Belitz was born in the Netherlands and was educated primarily in Germany, and she came to the U.S. in 1985 and to Oregon in 1987. She has worked as a painter and printmaker for more than 25 years. The majority of her work is oil on canvas, mainly a series of landscapes depicting Oregon scenery. Her watercolors are based on small pencil sketches, with and without color washes, done on site. For more information call 463-5409. Contact: Susan Detroy.

RENOWNED FEMINIST AUTHOR AND ACTIVIST TO SPEAK

Lane's diversity coordinator invites you to hear author Elana Dykewomon on Thursday, January 26, from 12-1 p.m. in Building 1, Room 206. Dykewomon is the author of works such as the historical novel "Beyond the Pale," winner of Lambda's Literary Association Award, Best Lesbian Novel, Best Lesbian Fiction and the Publishers Triangle Award. "Riverfinger Women" was voted by The Advocate as one of the top 100 queer books of all time. Her short story collections include "Moon Creek Road," and her poetry books include "They Will Know Me By My Teeth." She also has published numerous essays, most recently "Lesbian Quarters: On Building Space, Identity,

Institutional Memory and Resources." Dykewomon was editor of the lesbian feminist journal Sinister Wisdom for eight years and is currently on the board of The Journal of Lesbian Studies.

Since 1971, Dykewomon has offered readings and presentations throughout the U.S., Canada and Europe including at the National Women's Studies Conference and the International Feminist Bookfair.

Dykewomon lives in the Bay Area and is a lecturer in creative writing and English composition at San Francisco State University. She has taught creative writing at Los Medanos Community College and the Harvey Milk Institute. She is currently in residency at the Oregon Soapstone Writer's Retreat.

CELEBRATE BLACK HISTORY MONTH IN FEBRUARY AT LANE

The Black Student Union at Lane Community College presents three events in celebration of Black History Month this February.

Elizabeth Lyra Ross, soprano, will perform and lecture on, "Classical Music and the African American Experience," Thursday, February 9, from 11:30 a.m.-12:50 p.m. in the Performance Hall, Building 6.

"Remembering Our Roots: Eugene's Tent City Revisited," will be held Saturday, February 18, from 1-4 p.m., in Alton Baker Park. Eugene's first African American residents were not welcomed with open arms in the 1940s. Substandard housing, limited employment and educational opportunity, and legalized segregation marked the arrival of Eugene's first African American citizens. The Black Student Union Tent City Historical Project is dedicated to remembering the past hardships and victories over racism and discrimination of African Americans who chose to make this community their home. The project is a tent city re-enactment and display.

A lecture, "On the Down Low: Race, Racism, Homophobia, and the Spread of HIV," will be presented by J.L. King, New York Times bestselling author of, "On the Down Low: A Journey Into the Lives of 'Straight' Black Men Who Sleep With Men," followed by Q&A. The lecture will be Tuesday, February 21, at 7 p.m. in the Performance Hall, Building 6, co-sponsored by ASLCC and QSA.

CALL FOR 2005-06 READING TOGETHER BOOK SUGGESTIONS

The Reading Together Steering Committee is continuing the book selection process for 2006-07. We will need to make our selections by mid February. So, if you have any good ideas for either fiction or non-fiction books that meet the Reading Together criteria (see below), please send your suggestions to Ellen Cantor, Reading Together coordinator. We'd really like to get the word out to students this year, so it would be particularly helpful if instructors announced this call for suggestions to students, and if you are able, send the suggestions on to me. I'll also be putting out suggestions boxes in popular locations on campus. You can also make suggestions through the Reading Together website at <http://www.lanecc.edu/readingtogether/current/index.html> as well as find out more about the Reading Together Project and upcoming events, including helpful links and information about this year's book selections and authors.

Book selection criteria: interdisciplinary character, quality of writing general appeal; accessibility; relevance to one or more of lane's core values: learning, diversity,

innovation, collaboration and partnership, integrity, accessibility reasonable length; author availability; relevance to lane students; service/community activity potential.

Please note that it is particularly important that the book be of a length that reasonably allows it to be incorporated into existing classes.

Come by on Friday--this is a chance to let us know what works best for you and how to structure our discussions of the books. The theme for Reading Together for this year is "Circling Home: Stories and Sustainable Communities". CALL FOR 2005-06 READING TOGETHER BOOK SUGGESTIONS

The Reading Together Steering Committee is continuing the book selection process for 2006-07. We will need to make our selections by mid February. So, if you have any good ideas for either fiction or non-fiction books that meet the Reading Together criteria (see below), please send your suggestions to Ellen Cantor, Reading Together coordinator. We'd really like to get the word out to students this year, so it would be particularly helpful if instructors announced this call for suggestions to students, and if you are able, send the suggestions on to me. I'll also be putting out suggestions boxes in popular locations on campus. You can also make suggestions through the Reading Together website at <http://www.lanecce.edu/readingtogether/current/index.html> as well as find out more about the Reading Together Project and upcoming events, including helpful links and information about this year's book selections and authors.

Book selection criteria: interdisciplinary character, quality of writing general appeal; accessibility; relevance to one or more of lane's core values: learning, diversity, innovation, collaboration and partnership, integrity, accessibility reasonable length; author availability; relevance to lane students; service/community activity potential.

Please note that it is particularly important that the book be of a length that reasonably allows it to be incorporated into existing classes.

CELEBRATE BLACK HISTORY MONTH IN FEBRUARY AT LANE

The Black Student Union at Lane Community College presents three events in celebration of Black History Month this February.

Elizabeth Lyra Ross, soprano, will perform and lecture on, "Classical Music and the African American Experience," Thursday, February 9, from 11:30 a.m.-12:50 p.m. in the Performance Hall, Building 6.

The project is a tent city re-enactment and display.

A lecture, "On the Down Low: Race, Racism, Homophobia, and the Spread of HIV," will be presented by J.L. THREE KITTENS were rescued from a cold, wet ditch by a kind passerby. He has gotten them healthy and now they need their forever homes. He estimates their age at 9 - 12 weeks old. Two of the kittens are female - one all gray with yellow eyes and the other is a tabby. The little male is a tabby with black spots on both sides. They are litter box trained and use the scratching post. They get along well with other cats. Please call Lloyd at 689-6220 if you can give one or all a home or even foster them. Lloyd can contribute some to the spay/neuter of the kittens. Georgia Nissen, retired.

DOES ANYONE KNOW OF SOMEONE WHO FIXES OLD TVS? I have a 1982 Sony 21 inch Trinitron with a great picture but the on/off switch went out. I have the instruction manual and the schematic for it if I could find someone to give it to either fix and use or fix and sell. I hate the thought of just throwing it away if someone could use it.
