

NEWS AND ANNOUNCEMENTS**BOARD REPORT FOR JULY: PRESIDENT EARNS FIFTH STRAIGHT OUTSTANDING EVALUATION**

At the July 19 Lane Community College Board of Education meeting, President Mary Spilde received her fifth straight outstanding performance evaluation since becoming president in 2001. She was given high marks in each of seven areas including leadership and strategic direction, educational outcomes, board relations, financial management, staff supervision, communication, and governance. Her communication skills earned a perfect score, and she was strongly commended for compassionate leadership in an extremely difficult budget year.

In other action, Jay Bozievich was elected 2006/07 chair and Pat Riggs-Henson was elected vice chair.

The board approved local option levy ballot language (see article below).

The consent agenda passed, including the president's annual purchase authorizations; rejection of bids for the KLCC downtown building remodel and authorization to submit a new invitation to bid; and acceptance of a SAIF proposal for workers' compensation insurance.

The board renewed its policy on affirmative action.

Annual appointments to community organizations were approved including Roger Hall to the Lane Foundation, Susie Johnston to the Lane Council of Governments, Jay Bozievich to the Lane Economic Committee, and Mike Rose to the Oregon Community College Association.

The board revised its procurement policies to permit the president or designee to approve contracts of up to \$150,000 for improvements and up to \$100,000 for goods and services; to require a formal bid process for procurements above \$100,000; and to revise the value of asset capitalization to \$10,000.

All votes were 6-0 unanimous; Pat Riggs-Henson was absent.

Ten people spoke under Statements From the Audience, most of whom advocated for classified staff and the current seniority contract language.

A lengthy discussion on athletics fundraising was tabled. Administration will bring additional enrollment cost data to the next meeting.

The board reviewed its policy on harassment, and a new policy on advertising.

A benchmark report on the numbers of budgeted contracted staff FTE and student FTE was discussed.

The meeting adjourned at 8:37 p.m. The board will not meet in August. The next monthly meeting is scheduled for Wednesday, September 13. Submitted by Joan Aschim.

LOCAL OPTION BALLOT LANGUAGE APPROVED

Local option levy ballot language was approved 6-0 by the Lane Community College Board of Education at its July 19 meeting. Pat Riggs-Henson was absent. The caption will read, "Five-year local option instructional levy." The question will read, "Shall the Lane Community College District levy \$1,366,372 annually for five years beginning July 1, 2007, to provide for college instructional programs and services? This measure may cause some property taxes to increase more than three percent." The summary will read, "Lane Community College District would use levy proceeds to fund instructional

programs and services. Adoption of this levy would minimize additional budget impacts, such as program eliminations and lay-offs. Passage requires a majority of votes cast, with no turnout requirement. Passage of the levy would impose, over five years, a total of \$6,831,860, levied in five equal annual amounts of \$1,366,372 for tax years 2007-08 through 2011-12. It is estimated that the proposed tax would result in a rate of \$.06 per \$1,000 of assessed value, or \$9.00 a year in additional property taxes for a home whose assessed value is \$150,000 in tax year 2007-08. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate."

The levy will be on the November 7 ballot. The board decided in March to ask voters for support given continuing state funding shortfalls. Submitted by Joan Aschim.

PRESIDENT SAYS STATE BOARD WANTS \$529 MILLION FOR COMMUNITY COLLEGES

In her report to the Lane Community College Board of Education on July 19, President Mary Spilde said the governor has pledged \$480 million for the state's community colleges, if re-elected. That's \$52 million more than this biennium's appropriation. However, the State Board of Education suggests that the amount be even greater and recommends \$529 million. Spilde also shared information on enrollment, budget and other details. Her monthly reports to the board are available online at <http://www.lanecc.edu/presoffc/communication.htm> Contact: Donna Zmolek.

BOARD REVIEWS ITS EVALUATION

The Lane Community College Board of Education reviewed the results of its evaluation at the July 19 work session. Each board member had completed a self-evaluation, and evaluations were submitted by Lane staff and students as well. Following the discussion, the board identified four areas of improvement:

1. Strategic Planning: Narrow the board's focus and conduct work sessions on specific long-term goals;
 2. Develop a simple, effective new board member orientation process;
 3. Increase community involvement; and
 4. Create opportunities for staff to interface with the board in meaningful ways.

CONTINUING EDUCATION INSTRUCTOR TALKS ABOUT LAUGHING

The Continuing Education department is blessed with a wealth of talented (and entertaining) instructors who teach, inform, encourage, transform, and sometimes make us laugh. On Wednesday, August 2, our own Leigh Anne Jasheway-Bryant will be featured on Oregon Public Access Network channel 27 beginning at 6 p.m., in an airing of the July 28 City Club of Eugene presentation, "Funny You Should Ask: Humor & Learning." She was be joined by co-speaker Tom Lininger. KLCC aired the program yesterday.

In addition to teaching for Continuing Education, Leigh Anne is a humor writer, speaker, and stand-up comic who lives in Eugene "with her husband, her giant wiener dogs and the voices in her head." She is the author of 13 books, including "I'm Not Getting Older (I'm Getting Better at Denial)," "Yoga for Your Funny Bone," "Laugh Lines are Beautiful," "Bedtime Stories for Cats", "Bedtime Stories for Dogs," and "Don't Get Mad, Get Funny." She was the weekly humor columnist for The Comic News, the monthly humor columnist for Readers' Digest New Choices, and a regular humor and inspiration contributor for Family Circle for years. Her work is carried in publications such as Funny Times, Diet & Fitness, Low Carb Energy, and Home Inspirations. In 2003,

Leigh Anne won the Erma Bombeck Humor Writing competition with her true essay on how her first mammogram caught on fire. In 2004, she won the humor in food writing contest, and in 2005 placed second in the Mona Schreiber Humorous Fiction competition. Her play, "Are We There Yet," was produced to sold-out audiences in January and May 2006 and her screenplay, "Star Struck", placed in the finals of the San Diego Film Festival in 2004. She just completed her first novel, "Life is Funny." Leigh Anne previously ran the wellness program of the University of Texas Health Science Center at Houston. She has an undergraduate degree in government, and an MPH. She believes that in a past life, she may have left the iron on. Submitted by Jeff Davis.

NEW E-MAIL ACCOUNTS

Did you know that new instructors starting fall term can have their e-mail accounts set up in advance? If you know who they are please send your request forms to gwrequest@lanecc.edu It will help greatly with the backlog that always happens in September. Thank you. Ardene Toney, Information Technology.

PROMOTE YOUR PROGRAM AT THE FAIR

Would you like to promote your program at the Lane Community College booth at the Lane County Fair? If so, please provide 20 copies of any informational materials to Karen Edmonds/High School Relations by August 10. The Fair runs from August 15-20. Approximately 1,250 fairgoers stop at our booth each year to get information about the college. All materials must be current, accurate, and meet the graphic standards of the college. Questions? Karen Edmonds, 5688 or edmondsk@lanecc.edu

FAIR BOOTH NEEDS VOLUNTEERS

Volunteers are needed for the Lane County Fair on August 15-20 for Lane's information booth. Each year we seek volunteers to help staff the booth and with that job comes free admission! Concerts are no longer free with admission: free seating is available but is very limited, and there is a cost for main stage seating. The lineup for this year includes Styx, Loverboy, Terri Clark, Merle Haggard, and the Satin Love Orchestra. Open shift times and days are:

Tuesday-Thursday: 10:45 to 2:00, 1:45 to 6:00, or 5:45 to 10:00

Friday 6:15 to 11:00, Saturday 10:45 to 3:30 , 3:15 to 6:30 and 6:15 to 11:00p

Sunday: 10:45 to 2:00, and 1:45 to 5:00 p.m.

If you can take any of these shifts it would be appreciated very much. Contact Tina Lymath at 463-5336 to sign up. The deadline is fast approaching!

DEPARTMENT HOURS

Changes in hours are published once only in The Daily, then posted to the web at <http://www.lanecc.edu/summerhours.html> Contact: daily@lanecc.edu

LANE FOUNDATION: Most Foundation staff will be out of the office 7/31-8/2. If you have an urgent need for Foundation assistance, please contact Jeri Steele, 5810.

ARCHIVES: Elizabeth Uhlig's part-time hours in the Archives have been set for the summer, for 1-6 p.m., Mondays through Thursdays.

ENERGY PROGRAM MENTIONED IN BOSTON GLOBE STORY

Lane's Energy Management program is mentioned in an August 6 Boston Globe story, "Tech program to train energy efficiency experts" (see http://www.boston.com/news/local/new_hampshire/articles/2006/08/06/tech_program_to_train_energy_efficiency_experts/). Lane's program is the model for a similar program being developed at New Hampshire Community Technical College. Program coordinator Roger Ebbage says he's been working with the New Hampshire college for the past year to get this done and calls NHCTC "a forward thinking institution." Submitted by Joan Aschim.

NEWS AND ANNOUNCEMENTS**LANE BOARD ELECTS OFFICERS FOR 2006/07**

Jay Bozievich of Eugene was voted 2006/07 chair and Pat Riggs-Henson of Springfield was voted vice chair of the Lane Community College Board of Education, at the board's July 19 meeting. Bozievich has held the Zone 2 seat on the board since 2003. Riggs-Henson returned to the Zone 3 seat in 2005 and previously served from 1989-98. For more information see <http://www.lanecc.edu/presoffc/board> Submitted by Joan Aschim.

E-MAIL NEWS AND REQUEST FOR FEEDBACK

The GroupWise Cluster Migration project was completed during the last weekend in July--eight weeks ahead of schedule. There are two things left to clean up, one being the recreation of a GroupWise 6.5 web access server and the other being the GroupWise 7 client rollout to staff and faculty.

We expect the GroupWise 6.5 web access server to be up by the end of this week. We plan to begin the GroupWise 7 client testing the end of this month. If test go well, we will begin rolling out the client in early September and we expect to have all department complete before the start of fall term.

Please remember that we would still like feedback from all employees who use dial-up to get to GroupWise web access from home. The original upgrade to Web Access 7 last February created a performance issue with dial-up users that we believe has been resolved by SP1. We would like to remove the Web Access 6.5 service, as we implemented it only as a temporary solution for dial-up users. We ask that you try the new Web Access 7 and let us know at gwrequest@lanecc.edu if it solves your connectivity issues. Submitted by Denise Brinkman and Ardene Toney, IT Department.

NEWS AND ANNOUNCEMENTS**AMY BENNETT NAMED EMPLOYEE OF THE MONTH**

Kudos and congratulations to August's Classified Employee of the Month – Amy Bennett. Representatives of the Classified Professional Development Team joined colleagues from across campus and the Conference & Culinary Services division to present Amy Bennett with the Employee of the Month award for August. Amy started as a timesheet employee in the Food Services office in December of 2000, and became a contracted employee in July of 2001. Colleagues compliment Amy on her willingness and enthusiasm to take on new projects, using technology to enhance efficiencies at Lane and in the Center for Meeting & Learning (CML). She has been instrumental in setting up online registration systems for CML events (e.g. the recent Glaser seminar); working with R25 software so event schedules can be easily accessed across campus; and of course the day to day operations of the C&CS division. Amy's positive, "How can we make it work?" attitude is an inspiration. Amy is involved on committees across campus and also helps with her young boy's school fundraising activities. She's also the proud mother of an 18-month-old baby girl – and does she have pictures in her office! When you see Amy, congratulate her for doing a terrific job and celebrate her nomination as August's Classified Employee of the Month. Remember that you too can help us to recognize exemplary classified employees by nominating them for this award. Nomination forms are available: 1) at the Human Resources office; 2) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html>

NEW NAME, MORE OPPORTUNITIES: INTRODUCING THE HIGH SCHOOL CONNECTIONS OFFICE

College Now office has expanded to add three more programs involving high school students. RTEC (Regional Technical Education Consortium) is a Lane County partnership which is creating more technical courses at Lane and in the schools. Expanded Options is the result of a new law (Senate Bill 300) which allows some high school students to attend community colleges, and the Pathways program which is a new statewide focus to better guide all students to fulfilling careers. High School Connections will provide the umbrella for these efforts and be a campus contact point. Over the last two years, several grants have been secured to help promote these types of programs. In addition to a new name, there have been staff changes: Laurie Swanson-Gribskov is the new director of this office. Pam McClelland, formerly of Advanced Technology, is the new administrative specialist, and Ruth Wren is part-time admin support specialist, shared with the Women's Program. In addition, two part-time people will be hired to work with local high schools starting this fall (see college website for job posting). Karen Edmonds, High School and Community Relations coordinator, will continue to work closely with our office. For information, contact Andrea Newton, 5494.

CML IN THE SPOTLIGHT

Lane's Center for Meeting and Learning is featured in the current issue of the national newsletter for college and university events professionals thanks to the work of Amanda Poston. Visit: http://www.acced-i.org/imis_web/StaticContent/3/Pub/aug06/home.htm

DELL BATTERY RECALL

Recently, Dell Inc. announced a massive laptop battery recall. The Dell website says a rare possibility exists that the battery could overheat and cause a fire. Dell is recalling all these batteries and sending replacements. If the laptop is used with a power cord connected to an electrical outlet, there will be no problems with the battery. The battery only overheats when used as the primary electrical source.

To find out if the battery in your Dell laptop needs replacement, please check through the following conditions in the order listed. When you come to a condition that does not apply, stop checking immediately - the battery in your laptop is not subject to recall. For your laptop battery to be replaced, all of the following conditions must be met:

1. Laptop was purchased between April 1, 2004 and July 18, 2006

2. Laptop model is one of the following:

Latitude: D410, D500, D505, D510, D520, D600, D610, D620, D800, D810

Inspiron: 500M, 510M, 600M, 700M, 710M, 6000, 6400, 8500, 8600, 9100, 9200, 9300, 9400, E1505, E1705

Precision: M20, M60, M70, M90

XPS: XPS, XPS Gen2, XPS M170, XPS M1710

3. On the back of the battery will be printed one of the following items (some laptop models require taking the battery out of the laptop to read what's on the back): DELL, Made in Japan, Made in China, or Battery cell made in Japan, Assembled in China.

4. The battery model number will be in the following list or on the back of the battery:

1K055, C5340, D6024, JD616, U5867, X5333, 3K590, C5446, D6025, JD617, U5882, X5875, 59474, C6269, F2100, KD494, W5915, X5877, 6P922, C6270, F5132, M3006, X5308, Y1333, C2603, D2961, GD785, RD857, X5329, Y4500, C5339, D5555, H3191, TD349, X5332, Y5466.

To ask for replacement, go to the following link from the Dell website and enter the PPID. The PPID is the full row of characters containing the model number. You will receive a certificate notification because this is a secure website - just press "yes." See: <https://www.dellbatteryprogram.com/Identify.aspx>

Please call the helpdesk at 4444 or e-mail helpdesk@lanecc.edu, if you need assistance. Submitted by Patricia Seagrove.
