### LOST AND FOUND

Just a reminder that found items are not to be kept in departments. Read COPPS: Lost and Found at <http://www.lanecc.edu/cops/lostnfnnd.htm> and contact Public Safety if you have questions in how this COPPS applies to your area. Once again, a student had previously contacted the Lost and Found for an item of value to them. We had no record of it. It arrived in Public Safety several months

after being lost and yes, we were able to contact the person and return it. But, this should have happened sooner, rather than later. Thank you for your help in helping us return items to their rightful owners. Sandy Ing-Wiese, Director, Health and Safety.

#### IT'S FLU SEASON

It is still flu season. Get your \$20 flu vaccination and keep safe. And keep your loved ones safe as well. You could take the flu bug back to your home. There are now reported cases in Oregon. Are you 65 or older? Or have a chronic medical condition that puts you at risk? Then please get a pneumococcal vaccination to prevent this serious infection.

And how is your tetanus shot status? You need a booster every 10 years. Don't handle sharp objects without it. Finally, better not visit the salad bar without a hepatitis A vaccination. Did you know that Oregon is one of 11 states where hepatitis A is doing a thriving business? Don't be a customer.

All these, and more, are available at the Health Clinic. Call 463-5665 for an appointment.

#### RECYCLING TIP OF THE WEEK

Now you can go online to reduce the amount junk mail that comes to your mailbox! Go online at: [www.dmaconsumers.org/cgi/offmailing](http://www.dmaconsumers.org/cgi/offmailing) . It will cost you a dollar. Is it worth it? The average American receives approximately 32 pounds of junk mail a year and 44 percent is never opened. Every year the equivalent of 100 million trees are cut to produce junk mail and contribute to water and air pollution. Contact: Mike Sims.

#### THANK YOU

THE WE CARE COMMITTEE thanks everyone who participated in the 2006-07 Employee Campaign. The campaign exceeded its participation goal of 350 donors, with 363 staff participating (an impressive 45 percent). To date the campaign has raised nearly \$107,000! (Staff gave \$69,991 to the Foundation, and \$36,867 to United Way.) It's never too late to turn in your pledge card. A campaign celebration get-together is scheduled for Thursday, February 1 from 4-5 p.m. in the lobby of the CML. The chocolate fountain will be running. All department representatives and employee campaign donors are invited. The following departments achieved 50 percent or greater participation. The employees in these departments are also invited: Advanced Technologies; Bookstore; Business Department; College Operations; Computer Information Technology; Continuing Education; Cooperative Education; Cottage

Grove Center; Counseling; Disability Services; English as a Second Language; Enrollment Services; Health Clinic; Human Resources; Foundation; Mail Services; Mathematics; OSBDCN; President's Office; Senior Companion; Specialized Support Services; Telecommunications; and the Women's Program.

**HOLIDAY GIVING TREE THANKS.** Thank you to everyone who helped out with the Holiday Giving Tree. We had a record of 140 children on the tree this year. Special thanks to student Barbara DeZeeuw for her beautiful wrapping ability, Tina Lymath for shopping for names that remained on the tree, Jill Bradley from the Women's Center, the Child Care Co-op and all those who brought in extra cash or presents to be distributed. We had some very thankful parents who otherwise could not have had much of a Christmas for their children. I get thanks every day after school reopens. It is a worthwhile reach out to our students and families. Thank you, Bette Dorris.

**BOOKSTORE THANKS.** A special thanks to the Bookstore staff who held a raffle in December to help student families with holiday assistance. Some people won great prizes and a lot of teens who weren't on the Tree of Giving got to have Christmas gifts bought with the proceeds. Bette Dorris and Tina Lymath, and other Student Life and Leadership staff, worked hours and hours to coordinate the Tree of Giving. They handled requests, received the gifts brought in and got them to the intended families. They even shopped for gifts and wrapped presents for the names not taken off the tree. And thanks also to those of you who took names and bought gifts for the Tree of Giving children. I also want to thank Patty Parks for connecting an LCC family to her professional organization, the American Businesswomen's Association. We also had a family "adopted" by a group of ESL students at North Eugene High. Thank you, Jill Bradley, Women's Center.

### VACCINE REMINDER

The Oregon flu season doesn't peak until mid-February. You are in plenty of time to get your yearly flu vaccine. Don't wait until too late! Have you been cleaning out the garden to prepare for spring? Don't handle those tools without first getting a tetanus booster! Oregon is one of 11 states with a Hep-A problem. Protect yourself against unclean salad bars with just two little Hep-A shots. Are you over age 65? Then you are due for a pneumococcal vaccination. All these, and more, are available at the main campus Health Clinic. No need to pay for an office visit or wait until your personal physician has some time to spare. Call us at 463-5665 for your appointment. Submitted by Ann Penny.

### LAST CHANCE TO SIGN UP FOR LANE PREVIEW NIGHT

January 26 is the last day to reserve a table at Lane Preview Night, Lane's premier recruitment event for high school students and parents. Lane Preview Night will be held Wednesday, February 7 from 7-9 p.m. in the main gymnasium (Building 5). Last year's event was very successful, with over 1,000 students and parents in attendance. Be a part of this year's event and help promote the best that Lane has to offer. No one will have to share tables this year. With the new venue, you can have as much space as you need. If you are interested in reserving a table to

promote your program, please contact Karen Edmonds, High School & Community Relations Coordinator at 5688 or [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu) by January 26.

#### SEE THE ASIAN CELEBRATION FOR FREE!

Lane Community College, as part of our community outreach, has an exhibit table at Asian Celebration, which will be held February 17 & 18 at the Lane County Fairgrounds. You can earn a free entrance pass to the event by signing up for a 2-hour shift at the booth. Your role is to smile, answer any questions attendees may have, and represent Lane. Shifts are available from 10-12, 12-2, 2-4, and 4-6 on both Saturday, February 17 and Sunday, February 18. Sign up with Karen Edmonds, High School & Community Relations Coordinator, [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu) or call at 5688.

#### PROMOTE YOUR PROGRAM AT COTTAGE GROVE HIGH SCHOOL CAREER SYMPOSIUM

Every other year, Cottage Grove High School organizes a Career Symposium for its students. Would you like to have a table about your program at this year's event? You can share your program information with 900 students. The Career Symposium will be held Wednesday, March 21 from 8:30 a.m.-1:50 p.m. at Cottage Grove High School. If you would like to sign up for a table, please sign up with Karen Edmonds, High School & Community Relations Coordinator, [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu) or call at 5688. Deadline to sign up is March 8.

#### INTERNATIONAL STUDENT OPPORTUNITY

The International Cultural Service Program will hold a workshop at Lane to familiarize prospective students with the formal application process (applications are due February 15), and to inform teachers, administrators and community members how they might incorporate ICSP students in their teaching and learning. For event details, see [http://showlane.lanecc.edu/wv3/wv3\\_servlet/urd/run/wv\\_event.Detail?id\\_1117929;dates\\_1](http://showlane.lanecc.edu/wv3/wv3_servlet/urd/run/wv_event.Detail?id_1117929;dates_1)

The ICSP brings together a select group of University of Oregon international students to provide Oregon communities with valuable exposure to the world's cultural diversity. Students in this program provide 80 hours per year of cultural and educational service to the community in return for scholarship assistance while studying at the university. The cultural service requirement is generally satisfied by ICSP students sharing their cultures with local school classes and community groups. For more information, contact Colby Sheldon at 5165.

#### BASKETBALL THANKS

Athletics would like to thank Dean Middelton and Cynde Leathers for their help in providing Lane Athletics with time to show the previous week's basketball games on Tuesday nights at 10 p.m. on Lane TV (see <http://www.lanecc.edu/distance/lane-tv.htm>). Submitted by Sean Mondragon.

RESCUED DOG NEEDS RESCUING! We rescued Jazz from a no-kill shelter in August after losing our family dog of 14 years. Jazz is a big-hearted dog with a non-stop smile and great attitude, although little or no training. She turned one in September and is eager to have a home that can give her love and some structure. Unfortunately, although we have the love we lack the structure and last week Jazz discovered that our chickens are fun to eat. She began chasing chickens and is now fixated on them. Jazz is a mixed breed; Australian Shepard and Saint Bernard. She is fully housebroken, fixed and has all her shots. She needs a loving home, without chickens, and preferably someone who can either accept her as a giant lap-dog or give her the training to play another role in the family. Please call or email us if you have any interest in finding Jazz a home. Shea & Sinan Gumusoglu, (503) 624-1394. [ortakoy3@msn.com](mailto:ortakoy3@msn.com). Submitted by Marje Takei, retired.

## NEWS AND ANNOUNCEMENTS

### LEADERSHIP AWARDS

President Mary Spilde received the Outstanding Public Employee Award from the Lane Council of Governments at its January 25 annual dinner in Cottage Grove. The president also received the Network of Women Leaders 2007 Service Award from the Oregon Women in Higher Education at its January 26 annual conference in Portland.

Greg Evans, Rites of Passage coordinator, and James Florendo, Native American Student Program coordinator, each received a Human Rights Award from the Associated Students of Lane Community College and Black Student Union, at the Lane County 2007 Martin Luther King Jr. celebration on January 15 in Eugene. Submitted by the editor.

### BOARD OF EDUCATION JANUARY WORK SESSION HIGHLIGHTS

At the Lane Community College Board of Education work session held prior to the regular meeting on January 10, the board received an update on budget development. Members of the budget committee were invited to attend and some were present to join the discussion. The board reviewed budget projections, identified which factors are still unknown, went over the budget development process, and examined the latest cost-per-FTE analysis. Another work session will be held January 31 to review revenue and expense proposals. Submitted by Donna Zmolek.

### BOARD OF EDUCATION JANUARY MEETING REPORT

The Board of Education approved a sustainability core value by 5-1 vote after long discussion at its January 10 meeting. Jay Bozievich dissented; Mike Rose was absent. While there

was consensus for the principle of sustainability, concern was raised about the ambiguity of the term "justice" included in the statement.

In discussion, the board supported the possibility of having a part-time legislative liaison during the session and directed the president to explore this idea.

In policy reviews, the board postponed a second reading review of its policy on ending fund balance so that definitions could be added; approved its policy on stabilization reserve fund after a second reading review; and held a first reading review of its policy on capital reserve fund.

In reports, the board discussed a benchmark on gender and race/ethnicity status of graduates, and monitoring reports on financial planning and budgeting, and compensation and benefits.

Under statements from the audience, student Justin Blakely suggested evaluating Disability Services, and Florence publisher Rob Spooner commented on budget issues.

The meeting adjourned at 8:30 p.m. A work session on budget development will be held January 31 at 5 p.m. The next regular meeting is scheduled for February 14. Submitted by Joan Aschim.

#### IT UPDATE ON WINDOWS VISTA AND MICROSOFT OFFICE

Windows Vista: As you may know, Microsoft is releasing a new version of Windows, named Vista, to home computer users this week. Vista contains upgrades to some of the underlying functionality of the Windows XP operating system that the majority of faculty and staff use on computers provided by the college. Many corporate and higher educational users are taking a wait and see approach to Vista until vendor support and other technical issues are ironed out this year. The Information Technology (IT) department has begun initial testing of Vista but it is clear that we will not be able to support Vista on college-owned computers for some time, due to incompatibilities with critical software applications such as Banner and Novell. We will continue to monitor Vista developments and other software application upgrades throughout the year, but it is unlikely that we will officially support Vista for on-campus use before January 2008.

Microsoft Office 2007: You will also begin hearing that Microsoft has released an upgrade to the Windows version of the Office application suite (Word, Excel, Access). IT has just received these updates and we are currently licensed to upgrade all LCC owned computers. However, there is one fairly large hurdle: Office 2007 has new default file formats which will require translation to use with older versions of Office. It is anticipated that we will officially support this version in computer labs and on faculty/staff computers, probably before the fall term, once we have tested them fully.

Please call 463-4444 or write the IT Helpdesk at [helpdesk@lanecc.edu](mailto:helpdesk@lanecc.edu) with any questions. Submitted by Todd Lutz, Manager, Technology Support Services.

#### FOR THOSE OF YOU WHO ITEMIZE DEDUCTIONS FOR TAX YEAR 2007

There are new tax requirements for contributions paid through payroll deduction. The Foundation has received notification that the recently signed Pension Protection Act of 2006 will affect IRS charitable deductions made via payroll deductions. The IRS is requiring two documents to substantiate the gift and satisfy this requirement. One is a pay stub, Form W-2 or other document furnished by the employer that sets forth the amount withheld for a charity. You can access this through your Pay Stub information in ExpressLane. The second is a pledge card prepared by the charity that shows the name of the charity.

This change does not affect the 2006 tax year, that is, the one that's due April 15, 2007. It takes effect with the 2007 tax year, the one that's due a year from now. If you need a copy of your United Way or Foundation pledge card from the recently completed Employee Campaign, and your contribution will be coming out of your 2007 payroll, you may get a copy of your pledge card by calling Kathy Alexander in HR at 5588. If you have any questions about the new requirements, please consult your tax advisor for details. Submitted by Bonnie Phipps.

## LOOKING FOR A RECORD OF YOUR 2006 CHARITABLE CONTRIBUTIONS THROUGH PAYROLL DEDUCTION?

There are two ways you may access this information online. Log into ExpressLane / Banner for Staff with your L number and your password just as you would to enter your hours for payroll. Select Employee Services and then Pay Information. The next menu will give you two choices where you will find your charitable donation deductions from payroll. If you select PayStub and then select a specific pay stub from the list, you will see the amount that was deducted from that specific paycheck on that specific date. If you select Deductions History, you may then select a Date Range (example: January 2005 through December 2005) and click on Display to see your total donations to United Way and to the Lane Community College Foundation for that period. Both the Pay Stub screen and the Deductions History page are printable. Submitted by Bonnie Phipps.

## ELFISH THANKS

During the 2006 holiday celebration, some very jolly elves from LCC's Business Department, Institutional Technology, and Computer Information Technology "adopted" a deserving LCC Senior Companion. The Senior Companion received a very generous holiday gift of many familiar items from his homeland (Hawaii) that he would otherwise do without. He was thrilled, though somewhat embarrassed, that such good folks would single him out for sharing their holiday cheer.

Another group of jolly elves from the Business Development Center and Lane Micro Business shared generously with a husband and wife from LCC's Senior Companion Program. This couple was prepared to skip the holiday this year, but with the home cooked meal and other gifts from the visiting elves, they decided that this was "the best holiday they could imagine". Their delight with the unexpected gifts was enough to bring tears to the eyes of one elf. She observed aloud that

this experience was such a great opportunity to experience the real joy of giving and the real meaning of the holiday that she wants her family to experience it with her next year.

Many, many thanks to the charming, delightful, and generous elves among the faculty and staff at Lane! For a second year, you made a real difference in the lives of deserving, low-income Senior Companions, who give so much to our community during the rest of the year. Submitted by Jean Jordan for the SCP staff.

## NEWS AND ANNOUNCEMENTS

### LANE PREVIEW NIGHT PRIDE

We are grateful, proud, and humbled to work with such an amazing group of people at Lane. Putting on the second annual Lane Preview Night was a campuswide endeavor and the campus gave 110 percent. The attendance topped last year at 1,300 people. Due to your hard work and energy, prospective students from all over the county were able to meet Lane, get informed about our programs, and get connected. Special thanks to the planning committee members who hopped on board and gave their energy to make it happen: Tracy Simms, David Doctor, Hillary Knox, Teresa Hughes, Happi Matthews, Emily Groth, Sharon Phillips. We would like to extend our gratitude to and recognize the contributions of Andy McClure and Shelly Turner from Facilities who made the set up possible, Len Heflin and Jon Davies for meeting the ever-changing audio visual needs, Brian Martsfield and the staff from the Center for Meeting and Learning for their relentless effort in serving a crowd of over 1,300, and Brent Ellison and the Athletic Department for their hard work and flexibility in allowing us to use their facilities. Gratefully submitted by event co-coordinators Karen Edmonds and Dana Halttunen.

### FACULTY RECOGNITION AWARDS

Faculty Recognition Awards are conferred each term based on nominations from students, staff, faculty, and alumni. All faculty members including classroom instructors, cooperative education coordinators, librarians, and counselors are eligible. The winter 2007 nomination has already started. Nomination forms and ballot boxes are located at the Student Resource Center, Downtown Center, Library, and the Office of Instruction and Student Services. Department offices may also collect forms. Nominations can also be made at [http://www.lanecc.edu/fpd/grants/fra/FRA\\_form.htm](http://www.lanecc.edu/fpd/grants/fra/FRA_form.htm)

All completed nominations for winter 2007 must be submitted by 4 p.m. on March 1. Submitted by David Leung, chair, FRA Committee, 463-5836.

### INNOVATION OF THE YEAR

March 9 is this year's deadline for Innovation of the Year nominations. The award will be given to an individual or group of individuals who has designed and implemented a significant innovation at Lane. The innovation should not be more than five years old in the institution, but it must have been around long enough to have been tested. The selection criteria are as follows: Effectiveness, efficiency, affordability, replicability, and creativity. One or more of the criteria should be met but it is not necessary that any nominee meet all criteria. Contact Tamara Pinkas for nomination details, 5011, and watch for a web link for the application coming soon.

Lane hosts the state network office in the Atrium Building in Eugene, and has its own BizCenter in the downtown Wildish Building. #### LOCAL FOOD CONNECTION HELD AT THE CENTER FOR MEETING AND LEARNING

On February 5, the Center for Meeting and Learning hosted the Local Food Connection, bringing local farmers and producers together with food buyers. Over 120 local farmers, fishers, food buyers and educators attended. This networking event provided business opportunities for farmers, fishers and other local producers. Local farm to cafeteria organizations, permaculture experts and educators were provided with a forum to share ideas and resources. Technical roundtables addressed such topics as large scale purchasing, value added processing, certification and marketing. A "speed dating" segment linked local restaurants and schools with local farmers and ranchers. Lunch was prepared using all local products and highlighting the culinary expertise of Lane staff and students. The event was hosted by Cascade Pacific RC&D and cosponsored by EWEB, Lane Community College, and Oregon Tilth. Submitted by Brian Kelly.

#### FOOD SERVICES BUYS LOCAL

Did you know that the majority of purchases Campus Food Service makes are from local businesses right here in Lane County? **BOARD REPORT FOR FEBRUARY**

Tuition will be \$73 per credit hour for resident students beginning summer term, in accordance with Board of Education policy to annually adjust tuition for inflation. Nonresident tuition will be \$251 per credit hour, and noncredit rates will increase 5 percent. The increases were approved by 5-0 vote at the February 14 board meeting. Larry Romine and Jay Bozievich were absent.

In other unanimous action, the board approved a differential pricing policy for nursing and dental hygiene, and renewed policies on capital reserve fund, and ending fund balance, following second-reading reviews.

Five-year budget projections were distributed. The projections show continuing deficits unless the legislature increases community college funding. In addition, the college must continue to increase revenue and decrease expenses, said President Spilde, who handed out a paper she wrote on fiscal sustainability at Lane. See the budget development website at <http://www.lanecc.edu/budget/0708/index.htm>

In other reviews, the board held a first-reading of its policy on budgeting of non-recurring resources. The president reported on her annual goals and Tracy Simms presented an update on marketing and Aspire magazine. The board reviewed benchmarks on student retention and success; the quarterly financial report; and monitoring reports on financial condition and activities, asset protection, emergency president succession, and communication and support to the board.

Under statements from the audience, student Justin Blakely spoke about his student experience; student Brenden Lynch advocated for college participation in the Campus Climate challenge; and citizen Pat Albright said he is running for the Zone 5 board position.

Mike Rose, board member since 1999 and a retired, long-time writing instructor at Lane, said he would not seek re-election to his At Large Position 6 seat on the board.

The next regularly scheduled meeting is March 14. After approval, minutes are posted at [www.lanecc.edu/presoffc/board/minstoc.htm](http://www.lanecc.edu/presoffc/board/minstoc.htm) Submitted by Joan Aschim, Marketing and Public Relations.

MY WIFE'S SISTER, WHO HAD A KIDNEY TRANSPLANT one year, ago needs a private, quiet, inexpensive place to rent in Eugene. She needs to be within walking distance to her doctors, shopping, etc. A location near downtown Eugene centered around Sacred Heart and Peace Health (Willamette) is best. Though she used to walk 4 miles a day, since the transplant her distance has diminished to about half that. She is a very quiet woman who loves to read. She is delightful, funny, intelligent, and yet unfortunately she is extremely

fatigued by the transplant medications which is why a quiet and peaceful place is necessary. If you have or know of anyone who has a delightful, inexpensive place to rent, please contact Jim Harris at ext. 5558 or 541-338-8008. Thank you so very much!

## NEWS AND ANNOUNCEMENTS

### WOMEN'S BASKETBALL TEAM WINS SECOND NWAACC CHAMPIONSHIP

The Titans women's basketball team won their second consecutive Northwest Athletic Association of Community Colleges championship over the weekend. See the Register-Guard story at <http://www.registerguard.com/news/2007/03/05/d1.sp.lccbasketball.0305.p1.php> Submitted by the editor.

### IT UPDATE ON NEW DAYLIGHT SAVINGS TIME

As you've probably heard by now, the switch to Daylight Savings Time (DST) happens three weeks earlier this year on Sunday, March 11. This change will impact most of the automated systems that operate LCC's technology infrastructure including computers, servers that run Banner and GroupWise, networks, telephones and automated environmental control systems. The Information Technology Department (and Facilities) are working to mitigate these impacts by applying software patches and manual fixes, as vendors release them. Technicians will be monitoring mission critical systems over the weekend to determine if any unexpected problems arise and to ensure that important services are available.

One specific reminder about GroupWise calendar issues: During the three-week period from March 11 to April 1, it is likely that some appointments will be offset by one hour due to the DST change. It is highly recommended that users double-check their appointments for that period and take the precaution of adding the start time of the meeting to the Subject line for that appointment. Unfortunately,

there is no way to ensure that all appointments will be reset properly by the software patches, adding the start time to the Subject provides a backup reminder to ensure that you'll make that meeting on time.

Thanks for your patience in this matter, contact the IT Helpdesk at [helpdesk@lanecc.edu](mailto:helpdesk@lanecc.edu) (ext. 4444) with any questions or problems that you may notice regarding the DST settings on your computer. Submitted by Todd Lutz, Technology Support Services.

#### MOODLE BROWN BAG LUNCH SERIES

Join your colleagues to share your ideas, explore opportunities, and promote collaboration in the use of Moodle as a software tool for your traditional, hybrid, and online classes! This will be an open discussion for faculty interested in web technologies related to instruction. Winter term, we meet the second Friday of every month. Our next meeting is Friday, March 9, 12-1 p.m. in Building 19, Room 243. Bring your own lunch and join us--no reservation required! More information:

<http://teach.lanecc.edu>

#### FUNDING FOR CLASSIFIED STAFF TRAINING

Classified staff interested in funding for classes and seminars/workshops are encouraged to look at the IPPD offering on the CPDT website using the following link.

<http://www.lanecc.edu/cpdt/ippdprojects.html> Submitted by Gary Conklin.

#### WEEKEND DOOR UNLOCKS

Public Safety is responsible for unlocking doors for classes and activities on weekends. Since weekend staffing generally is one officer for the entire campus we need your help to have your doors open when you want them opened by. Here are some ways you can help us help you:

Make sure your event/class is on R25 since that is our basic tool. Events/classes on R25 should be unlocked by the time listed on the schedule.

If your class/event gets on R25 later than Friday afternoon, when we make up our supplemental schedule, the officer may not know to open the room. With events going up on R25 24/7 we don't have the staff to keep checking it all weekend. If you arrive and the room is not unlocked please call 5555 and the officer will be there as soon as possible. Unfortunately, it is not possible for us to run a supplemental list of requests that are not on R25 by Friday afternoon. We simply do not have the staff to create and maintain such a list. So, call if it isn't opened on time.

If, for whatever reason, your room is not unlocked on time, please call 5555. We'll get there just as soon as we can.

High security areas will not be unlocked without a staff member present. This means you need to time your arrival to mesh with when you would like the room unlocked. For example: Rooms in high security areas will not be unlocked at 8 if the class is scheduled for 9. If you plan on arriving at 8, just list 8 as the start time on R25.

Thank you for your patience and understanding as we all try to be as efficient and provide the best service to our students as possible. Please contact me if you have any questions and/or concerns. Submitted by Sandy Ing-Wiese, Director, Health and Safety.

MY WIFE'S SISTER, WHO HAD A KIDNEY TRANSPLANT one year, ago needs a private, quiet, inexpensive place to rent in Eugene. She needs to be within walking distance to her doctors, shopping, etc. A location near downtown Eugene centered around Sacred Heart and Peace Health (Willamette) is best. Though she used to walk 4 miles a day, since the transplant her distance has diminished to about half that. She is a very quiet woman who loves to read. She is delightful, funny, intelligent, and yet unfortunately she is extremely fatigued by the transplant medications which is why a quiet and peaceful place ins necessary. If you have or know of anyone who has a delightful, inexpensive place to rent, please contact Jim Harris at ext. 5558 or 541-338-8008. Thank you so very much!

## NEWS AND ANNOUNCEMENTS

### TUITION RATES FOR 2007-2008 ACADEMIC YEAR

The Lane Community College Board of Education has approved an adjustment for 2007/2008 tuition rates using a 5 percent Higher Education Price Index, which is the standard yearly process for making tuition adjustments. These rates are what will be used in budget discussions and final rates for 2007/2008 will be voted on by the board in June. Helen Garrett, Enrollment Services, will announce the final rates to the campus at that time. The proposed 2007/2008 rates increases beginning summer term 2007 are:

- In-state resident tuition/states bordering Oregon, \$73 per credit

- International students, \$210 per credit

- Non-residents of Oregon or border states, \$251 per credit

- Non-credit contact hour rate, \$4 per contact hour

For more information contact Helen Garrett, Director of Enrollment Services/Registrar.

### SERVICE LEARNING PROGRAM WELCOMES VISTA VOLUNTEER

Lane's Service Learning program welcomes AmeriCorps/VISTA representative Penny Parks to the college. As a member of the Service Learning Leadership Team, Parks will work toward increasing service learning projects in the Lane classroom and Eugene-Springfield community.

AmeriCorps/VISTA (Volunteers In Service To America) members serve as full-time national service members and assist community organizations to create and expand programs that address poverty. Parks' AmeriCorps/VISTA position is sponsored by the Oregon Campus Compact, a statewide network of college and university presidents committed to the civic mission of higher education.

The Service Learning Leadership Team supports faculty and students in building relationships between the campus and surrounding community, connecting curriculum to community needs. The

ultimate goal of service learning is to expand curriculum that engages students in service and increases their level of civic engagement.

For more information about Lane's AmeriCorps/VISTA project, contact Parks at [parkspa@lanecc.edu](mailto:parkspa@lanecc.edu) or at 463-5423. For more information about Service Learning, contact Jennifer von Ammon, 463-3318.

#### FACULTY INTERNSHIP OPPORTUNITIES AVAILABLE

Limited funding is available through the Perkins grant for faculty to work at business sites related to their teaching subject for the purpose of enhancing the performance of professional technical students. Internships are available June 1 - August 15, paid at the curriculum development rate and are to be with local employers within commuting distance of the college. Applicants are responsible for making internship arrangements. Applications are due April 30 in the Cooperative Education office. For an application, e-mail Carol Woodman or call ext. 5509.

#### PUBLIC SAFETY EVENING PHONES

A big thank you to all who have been using Public Safety's new system of leaving messages on 5558 after hours. Remember that messages are only taken off 5558 several times during a shift. If you need immediate assistance from an officer -- a door opened, a suspicious person checked out, etc. -- call 5555. We will change our outgoing message to hopefully be clearer. Submitted by Sandy Ing-Wiese, Director, Health and Safety.

#### SEEKING SILENT AUCTION ITEMS

Are you ready for a hoe-down? Planning is underway for this year's Child Development Centers' main fundraising event to be held June 9. Funds are being raised for materials and supplies to provide endless learning opportunities for young children. With a theme of "Down on the Farm" there will be fun, games and prizes along with a silent auction and large ticket raffle item. Currently, we are seeking donations for the silent auction. Please call Michel, 3522, if you wish to donate.

#### THANK YOU

From Jim Harris, Public Safety: On behalf of my wife Judy Sierra, my whole family and myself, I want to thank everyone for the incredible outpouring of cards, flowers, e-mails and compassion due to the recent loss of my son, Robert Harris. Many of you knew him as a student, a firefighter, a marine who'd served in Iraq, or as a friend. We are all deeply touched by your love and concern, and are so grateful. Each of you has helped us get through the beginning of this horrendous ordeal.

## NEWS AND ANNOUNCEMENTS

### THREE FACULTY RECEIVE RECOGNITION AWARDS

Congratulations to the following outstanding faculty for earning the Winter 2007 Faculty Recognition Awards:

Wendy Simmons - Health and Physical Education

Kate Sullivan - Language, Literature and Communication

J.S. Bird - Art and Applied Design

Faculty are nominated on the basis of excellence in their work inside and outside of the classroom by students, staff, faculty and alumni. Faculty include classroom instructors, cooperative education coordinators, librarians, student health, and counselors. Submitted by David Leung, 5836.

### SCOTT BELL NAMED EMPLOYEE OF THE MONTH

Congratulations to Scott Bell, Classified Employee of the Month for March. Representatives of the Classified Professional Development Team and staff from the Center for Learning Advancement (ABSE, ALS, ESL) and other colleagues presented Scott with the award. Scott has worked as administrative coordinator in ABSE since October 2001. Colleagues cite numerous examples of Scott's qualifications for the award. For example, he is creative with space design. He helped with the move to main campus and utilized existing resources such as furniture and other surplus equipment. He streamlined the intake process for new students to main campus, a necessity after the loss of vital support staff. A favorite accolade shared about Scott is his "...gentle yet assertive nature ... encourages cooperation rather than rebellion." He's a great host, too, developing successful working relationships with statewide agencies who use Lane's facilities over and over again because of Scott's hospitality. Outside of work, Scott is active, taking a basketball class here at Lane, coaching city league teams, and serving as a host family for foreign exchange students -- on top of the energy it takes to raise his own four teenagers! Perhaps work is an escape? When you see Scott, congratulate him for doing a terrific job and celebrate his nomination as March's Classified Employee of the Month. And remember that, you too, can help us to recognize exemplary Classified employees by nominating them for this award. Nomination forms are available: 1) at the Human Resources office; 2) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html> Pictures will be on the CPDT website soon. Submitted by Gloria Vanderhorst.

### RUNNING FOR THE BOARD

Six people filed for election to four positions on the Lane Community College Board of Education in the May 15 Special District Election. They are Tony McCown and Stefan Ostrach, Zone 2 (primarily North Eugene Coburg, Junction City, and Harrisburg); Pat Albright, Zone 5 (primarily downtown and south Eugene); Roger Hall and Rob Spooner, Position 6, At-Large; and Robert Ackerman, Position 7, At-Large.

All positions are for four-year terms from July 1, 2007, to June 30, 2011. All district voters may vote on all board positions, although candidates running for a zone position must live within the zone. See The Register-Guard March 17 story, "School board incumbents face little competition," at <http://www.registerguard.com/news/2007/03/17/d1.cr.boardfilings.0317.p1.php>

#### WEYERHAEUSER DONATES \$50,000 FOR HIGH SCHOOL AND WORKFORCE PROGRAMS

The Weyerhaeuser Company Foundation has awarded a \$50,000 grant to the Lane Community College Foundation to support career pathways programs and partnerships that provide career and technical training for high school students.

“We deeply appreciate Weyerhaeuser’s gift,” said Lane President Mary Spilde.

“Weyerhaeuser’s contribution to Lane demonstrates their commitment to being a true community partner. They recognize the benefits of training and education to our region’s workforce and economy.”

Career pathways are sequences of classes that prepare students for specific job markets.

Pathways are open to adults and high school students. The Weyerhaeuser grant will be used in part to develop a career pathway in environmental science. Funds also will defray the costs of training, and support Lane’s growing high school programs, College Now and RTEC (Regional Technical Education Consortium), which provide additional academic and training opportunities for high school students.

“Weyerhaeuser is thrilled to support LCC’s pathways and high school initiatives,” said Mike Moskovitz, the company’s public affairs manager for the western region. “We strongly believe in the programs and services LCC provides local citizens. We have a long-term partnership with the college and feel that it’s important to help support this important local resource.”

The mission of the Weyerhaeuser Company Foundation, founded in 1948, is to enhance the quality of life in communities where Weyerhaeuser has a significant presence.

Weyerhaeuser Company, one of the world’s largest integrated forest products companies, was incorporated in 1900. In 2006, sales were \$21.9 billion. It has offices or operations in 18 countries, with customers worldwide. Weyerhaeuser is principally engaged in the growing and harvesting of timber; the manufacture, distribution and sale of forest products; and real estate construction, development and related activities. Additional information about Weyerhaeuser’s businesses, products and practices is available at [www.weyerhaeuser.com](http://www.weyerhaeuser.com).

For more information about Career Pathways and high school programs at Lane, Contact the High School Connections office at 463-5521 or visit [www.lanec.edu/hsconnections](http://www.lanec.edu/hsconnections). Submitted by the editor.

#### GO ORGANIC SPRING BREAK

We have a great relationship with Eugene’s Organically Grown Company and we are passing the savings on to you. Many selections will be available below supermarket prices. Your health and the healthy selections you have to make are important to us. Treat yourself to a piece of organically grown fruit for under a dollar!

Researchers say only 32.6 percent of adults eat fruit two or more times a day and only 27.2 percent eat vegetables three or more times a day.

## RETURN REUSABLE PLATES

Please bring the reusable plates and silverware out of your offices and classrooms back to the cafeteria. The good news is that more people use these every month. A lot of good people trying to make a difference have 10 or 12 plates in their office, and the CML and Campus Food Services need them back. Thanks for helping us save money and keep garbage out of the landfill. [kellyb@lanecc.edu](mailto:kellyb@lanecc.edu)

### APPLIED SCIENTIFIC INSTRUMENTATION NAMED EMPLOYER OF THE YEAR

Ten of the 15 employees at Applied Scientific Instrumentation, a maker of hardware and systems for microscope automation and imaging, are Lane Community College graduates who completed internships at the company while they were electronics technology students. That investment in students has won ASI the college's 2007 Cooperative Education Employer of the Year Award.

"ASI has invested time in internships and it has paid off for both the business and the students," says Andrea Newton, co-op division chair at Lane.

John Zemek is founder and director of ASI. "John recognized the importance of internships and the unique opportunity they provide for students to apply the skills and theory learned in the classroom to real-world problems," says co-op coordinator Marv Clemons. Fellow coordinator Tamara Pinkas agrees. "Nearly from the inception of the company, he has provided internship opportunities. Students fortunate enough to earn an internship at ASI get a wide range of experiences working on state-of-the-art technology with recognized professionals in the field." Zemek also was named Employer of the Year by the Northwest Career Educators and Employers Association.

Lane will present the award at the All About Business VIP Breakfast on April 24 at 7 a.m. at the college. For more information and a photo, see <http://www.lanecc.edu/mpr/news/re100886.htm>

## NEWS AND ANNOUNCEMENTS

### LEARNING COMMUNITY WINS INNOVATION AWARD

Lane faculty Margaret Bayless, JS Bird and Bonnie Simoa have won the college's Innovation of the Year Award for 2006/07 for their Learning Community titled, "Excavating Creativity: Movement, Image and Text."

The Learning Community integrates Dance 172 (Dancing the Fluid Body 2); Art 231 (Intermediate Drawing); and Writing 122 (Composition: Style and Argument). Students enroll in all three classes; or in Writing and Dancing; or Dancing and Drawing; or Writing and Drawing.

Students use movement, drawing and writing to uncover connections to the creative process, which often lies below the surface of conscious thought. Students learn how to express who they are, what they think and how they experience the world. Instructors often participate in each other's classes.

Bayless has taught English at Lane since 1992, Bird has taught art at Lane since 2004, and Simoa has taught dance at Lane since 1999.

National research shows that students who take Learning Communities succeed at higher rates than students in stand-alone courses. Learning Communities classes fulfill the same degree and certificate requirements as stand-alone classes.

The Innovation of the Year Award is sponsored by the League for Innovation at member colleges. Award winners are featured at [www.league.org](http://www.league.org) The League is an international organization serving community colleges with approximately 800 member

colleges. Lane is one of 20 colleges serving on the League's board. For more information contact League representative Tamara Pinkas at 5011.

#### GOT NEWS?

If you'd like to get your news to the media, or if you have an inquiry from news media, start by reviewing the COPPS policy on News Media Relations and College Spokespersons at <http://www.lanecc.edu/cops/newsrel.htm> addresses. The policy states, "Contact with news media should be coordinated through the Public Information Officer (PIO) in Marketing and Public Relations. Contact includes responding to inquiries from media, pitching ideas to media, issuing news releases, and releasing records. Official college spokespersons are the board chair and the college president, who may choose to fulfill or delegate that function as appropriate." ## EARTH DAY CELEBRATION VOLUNTEERS NEEDED

**WASTE AUDIT:** Even though Lane has an astounding recycling rate of 61 percent, we still send 314 tons of material to the landfill every year, almost a ton per day. On Thursday, April 19 from 9 a.m.-2:30 p.m., you may join sustainability staff, Master Recyclers and others as they analyze a day's worth of trash at Lane. Volunteers sort trash into different categories including "recyclable paper" and "recyclable metal." This data helps Lane determine where to concentrate new recycling efforts. It also allows this recyclable "trash" to be recycled just for the day. Gloves and training are provided. To volunteer, sign up for a time slot by contacting Mike Sims at 5594 or at [simsm@lanecc.edu](mailto:simsm@lanecc.edu)

**STUDENT LEARNING GARDEN WORK PARTY:** Here's your chance to learn more about Lane's student garden. Help with the harvest and other garden maintenance. Volunteers are needed between 12:30-4 p.m. on Thursday, April 19. The garden is located south of the Child Care Buildings. Follow the signs from the southwest parking lot. Please stop by for a half hour, hour, or however much time you have. Snacks, drinks, and tools provided.

**TRAIL MAINTENANCE PARTY:** Many people may not realize that Lane has a beautiful nature trail just to the southeast of the 30th Avenue campus. As part of our Earth Day programming, volunteers are needed to help out with maintenance of this wonderful trail. Volunteers will learn more about the trail and our local ecosystem from biology instructor Joe Russin, who will lead the volunteer effort from 2:30-4:30 p.m. on Thursday, April 19. Volunteers should meet at the yellow gate at the top of Eldon Shafer Drive at 2:30 p.m. If you arrive after the start, just walk up the gravel road to find the group of volunteers. Volunteer activities will include spreading wood chips and cutting back brush. Gloves, snacks and drinks provided.

#### LANE MARKETING DEPARTMENT EARNS NATIONAL RECOGNITION

The National Council for Marketing and Public Relations, an organization for communications professionals at community, junior and technical colleges, awarded Lane the Gold Paragon Award in recognition of its Career and Technical (CT) interactive DVD. Development of this DVD was initiated by the CT division chairs and involved faculty, students and staff in each of Lane's CT programs in partnership with marketing staff and Chambers Communications. The DVD was distributed to community advisory committee members, business leaders/owners, high school counseling offices/career centers, and others as identified by each program. Segments of this 35-minute DVD can be viewed from Lane's homepage and eventually from the homepage for each program area. #### MORE COMPANIES JOIN THE RANKS OF FLORENCE'S "Q" CERTIFIED BUSINESSES

Four more Florence businesses have become "Q" certified by the Oregon Tourism Commission after completing "Q" customer service training at Lane Community College. The businesses are the Florence Humane Society, Sea Lion Caves, the

Shorewood, and Rose Embroidery and Engraving. All had 50 percent or more of their front-line employees attend the training.

Since 2005, when Lane and the Florence Chamber of Commerce arranged to have the classes become part of the LCC catalog of classes, 23 businesses and almost 500 employees in the Florence area have participated in the program.

"Lane Community College and the Florence Area Chamber recognize the importance of having a skilled workforce for our local businesses and organizations. The Q program is a simple but effective training that is bolstering our community's image and is already paying great dividends to all that participate. We're proud of these businesses that have demonstrated their commitment to quality customer service for their own businesses and for Florence," wrote Bob Purscelley, director of LCC Florence Center, and Joshua Greene, Chamber president, in a joint statement. "With Rhody Days and the summer visitor season fast approaching, we know that more companies will want to be sure their employees are providing quality customer service. The short "Q" class is a great refresher for everyone". For more information about "Q" customer service training call LCC at Florence at 541-997-8444. Contact: Bob Purscelley.

#### KLCC RAISES A RECORD \$282,295 DURING SPRING RADIOTHON

KLCC reached its Spring Radiothon goal with only two minutes to spare when the goal of \$280,000 was surpassed at 11:58 a.m. on Thursday, April 12. A total of \$282,295 was pledged, the largest amount raised in the station's history.

More than 3,350 Oregon households contributed. Contributions also came from listeners enjoying KLCC on the web from as far away as Mexico and Australia.

Radiothon began with \$150,000 in the bank, thanks to 1,820 Thon Busters who contributed in the weeks before Radiothon. The remainder came from 1,538 listeners who phoned in a pledge or contributed online during the seven days of Radiothon.

Member contributions help cover the cost of NPR news, nationally syndicated programs, locally programmed music, community information, live broadcasts of special events, and intelligent entertainment year round. Two-thirds of KLCC's budget comes from listeners and local businesses. KLCC thanks it's loyal audience for their generous and continuous support of public radio. Contact: Gayle Chisholm.

#### NEWS FROM CAMPUS FOOD SERVICE

**ALL ORGANIC, ALL FAIR TRADE:** Happy Earth Week. Did you know that all coffee sold at Lane Community College is fair trade and organic? Locally roasted and delivered fresh, we feel it is some of the best coffee in town. Thanks to our Friends at Wandering Goat for the great roasts.

**PLEASE BRING REUSABLE PLATES AND SILVERWARE** from your offices and classrooms back to the cafeteria. We appreciate the efforts to get these things back. The good news is that more people use these every month. A lot of good people trying to make a difference have 10 or 12 plates in their office that have been in a stack for a while. If 20 offices have 10 plates, our inventory is off by 200 potential garbage saving devices. To keep pace with the demand for the reusable plates and silverware we need to recycle these everyday.

**ALL EGGS** used in breakfast, lunch and in house bakery production in Food Service are now cage free. These eggs come to us from our good friends in Washington state. They are fed an all vegetarian diet and receive no antibiotics. Wilcox family farm states, "All of the hens producing eggs for the Wilcox Cage Free label are free to run, preen and socialize proudly." Research has shown eggs raised in this fashion are much healthier for the consumer. No price increase will take place for this great new benefit. We are joined in this venture by the Center for Meeting and Learning and the Culinary

Arts program. Special thanks to all those who worked hard to accomplish this. Your health is important to us.

#### PROMOTE YOUR PROGRAM AT SOUTH EUGENE HIGH CAREER SYMPOSIUM

South Eugene High School students, staff and parents hope you will accept this invitation to be a part of their Career Symposium to be held Friday, May 11, at South Eugene High School, from 8 a.m. to 12:30 p.m. Your participation along with other professionals and educational institutions, will allow over 1,700 students, parents and staff to become more familiar with the many occupations and industries at work in the Eugene/Springfield area and state. The objective of this event is to provide high school students with valuable information about skill sets, education, training and technologies required in a variety of career clusters. The goal of the morning is to have students collect information, consider career interests and personal goals, as they prepare for post high school education and training. If this event sounds like something you want to be a part of, either as a speaker or an exhibitor (having an informational table about your program), please contact Karen Edmonds, High School & Community Relations Coordinator at 463-5688 or [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu) for an application to sign up. ## WATER IN THE ARCHIVES

The Lane Archives suffered significant water damage on the morning of Wednesday, April 18. A blocked drain in the cafeteria caused water to gush from an overhead pipe into the Archives, located in the basement of the Center Building. There was a quick response from Facilities Management--the plumbers rushed in to stop the leak while others helped to move the wet boxes from the shelves into a dry space. This quick response will enable Archives to have a 100 percent success with salvage of the damaged records. Belfor, a flood and fire recovery company, was called in to help with the recovery and dehumidification of the affected rooms and the freezing and/or drying out of the damaged records. Throughout the rest of the week Archives worked in a temporary recovery location in Building 12 to evaluate the damaged records, to dry them out, and to begin processing and reboxing records. For more details and to view photographs of the recovery efforts, go to the Archives website at:

<http://www.lanecc.edu/archives/>

Archives is grateful for the response and assistance of staff from Facilities, the Library, and many other departments whose employees volunteered to help with the recovery. Recovery planning and work will continue this week and into the future, so stay tuned for more details and for a proper expression of thanks for all the help and support that the LCC community is giving the Archives. Contact: Elizabeth Uhlig, 5466.

## WASTE AUDIT RESULTS

On April 19, volunteers gathered to sort a sample of the trash Lane sends to the landfill everyday. The three largest components of the waste stream are food waste (22 percent), paper towels and napkins (21 percent), and disposable paper soda and coffee cups (12 percent). These three items alone count of over 55 percent of campus waste. Please eat all of your food, use paper towels sparingly, and use a reusable cup for your beverages (Food Service offers a discount on your beverage purchase if you do). See the full results at <http://www.lanecc.edu/sustainability/projects.html> Contact: Mike Sims.

## LANE'S LEARNING GARDEN PRESENTS FIRST HARVEST TO FOODSERVICES

Lane's Learning Garden completed its first harvest of organic salad greens as part of Lane's Earth Day celebration on Thursday, April 19. The various lettuces, baby kale, arugula, cress, mache, and mustard greens were served in the salad bar area of the cafeteria on Friday, April 20. This was the first of many contributions to come from the Learning Garden as it seeks to advance sustainability at Lane. Student volunteers from a cross-section of classes have participated in designing, building and maintaining the garden. Already planted are both hardy and tender greens, lettuces, peas, carrots, raspberries, strawberries, and herbs. The Lane Learning Garden Club has formed to oversee the garden project. If you are interested in getting involved or getting your students involved in the garden please contact the garden manager at: [lccgarden@yahoo.com](mailto:lccgarden@yahoo.com) Submitted by Jennifer Hayward.

## REQUESTING ENERGY AND WATER USE, COST, OR EQUIPMENT SCHEDULE INFORMATION

Facilities Management and Planning respects your clear communication concerning energy and water use, costs, or equipment schedules and strive to provide information about our operations as directly as possible. The college produces an Environmental Impact Report that details our resource use and costs. Lane's 2006 Environmental Impact Report has recently been updated. Please go to this link to find

annual individual reports and information on energy, water, and recycling:

<http://www.lanecc.edu/sustainability/report.html>

Lane's energy analyst sets building equipment schedules at the beginning of each term based class, event, and staff work schedules. Each week the analyst adjusts building equipment schedules based on the Lane Events Calendar:

<http://www.lanecc.edu>

Please inform Facilities at [facilitiesoffice@lanecc.edu](mailto:facilitiesoffice@lanecc.edu) and the energy analyst at [scottae@lanecc.edu](mailto:scottae@lanecc.edu), 72 hours prior to your need for information building concerning energy and water use, costs, or equipment schedules. This amount of lead time is needed in order to provide you with accurate information from all staff involved with utilities and utility equipment information. Helpful tips:

- Let us know when you need your request for energy and water use, costs, or equipment schedules filled by. A deadline date helps us to help you.

- It is not necessary but would be helpful to speed our response to your request if you could put the building number, type of utility, use, cost and/or equipment schedules in the header of your e-mail communication.

Lane Events at <http://www.lanecc.edu> has the most current classroom and event schedules that are available. Using this site may answer most of your classroom schedule questions. Contact: Anna Scott.

## MOMENT PUBLICATION AND CALL FOR 2008 SUBMISSIONS

In keeping with our tradition of recent years, the Community College Moment will not be sent through campus mail, but distributed at spring conference on Friday, May 4. There, you'll find the what some people are saying about some elements of technology and society: from poetry spitballs to water stepwells in India, from lithography and digital divides to "Sim Man" and Braille, from pencil and paper to time travel, from Ekgmowechashala to comedia del teatro historico, from Internet colonists, Chinese proverbs, orca pods and murder to water, CDs, and the Society for Sanity in Art.

You'll also find, inside the back cover, a call for submissions for the 2008 issue. In addition to works on any topic relevant to the Moment's audience, we invite submissions addressing our 2008 theme, Democracy. In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society?

Submissions are accepted year-round. For complete guidelines and special theme deadlines, visit our website: <https://teach.lanecce.edu/ccm/> . Questions? Contact Steve McQuiddy at [mcquiddys@lanecce.edu](mailto:mcquiddys@lanecce.edu) or Ken Zimmerman at [zimmermank@lanecce.edu](mailto:zimmermank@lanecce.edu)

### ARCHIVES CLOSED AS RECOVERY WORK CONTINUES

Recovery work continues in the Archives following the water leak that occurred on April 18. The Archives will be closed to all research and retrieval activities until May 7. We are following special cleaning and sanitizing protocols outlined by an industrial hygienist. The first priority is to clean those parts of the Archives (wall, floor, carpet, shelves) that had contact with the water. As a result, the Archivist has relocated to the Library temporarily. We haven't lost any records or documents, and the salvage procedures we are following will allow us to return all affected records back to the shelves. Please watch The Lane Weekly or the Archives website <http://lanecc.edu/archives> for further information or contact the Archivist by phone (5466) or e-mail at [archives@lanecc.edu](mailto:archives@lanecc.edu) or [uhlige@lanecc.edu](mailto:uhlige@lanecc.edu) with concerns and questions.

## NEWS AND ANNOUNCEMENTS

### LANE COUNTY ELECTIONS DROP BOX AVAILABLE

The unofficial drop box for the May 15 election is in Building 1, on the second floor by the copier. Contact: Bette Dorris, 5365.

### SILTCOOS STATION TO RE-OPEN

Historic Siltcoos Station was closed in December 2005. Following needed repairs provided by the Facilities department as well as local community donations, we're open for business beginning June 23.

Siltcoos Station has four cabins and a large boathouse on Siltcoos Lake providing a magnificent view of the largest coastal lake in Oregon. Lane was gifted the property in 1972 from the original family homesteaders from 1894. Siltcoos Station is located just 15-minutes from Honeyman State Park and 20 minutes from downtown Florence. More details can be found on the nearly completed web site: <http://www.lanecc.edu/florence/siltcoos/index.html>

Both educational and private groups can reserve cabins. On Thursday, June 21, between 3-5 p.m., a grand re-opening tour will be held at Siltcoos Station. Contact: Bob Purscelley.

### APRIL BOARD REPORT

At its April 23 meeting, the Lane Community College Board of Education accepted the resignation of board member Larry Romine. Pat Albright was sworn in to complete the unexpired term.

Under statements from the audience, student Justin Blakely expressed concerns about Disability Services; manager Cathie Lindsley promoted international students day; student Matt Keating promoted Student Productions Associations; and student Caryle Tylerkays advocated for federal financial aid.

In 7-0 action, the board awarded a contract to Essex General Construction for the new KLCC downtown facility; approved a differential pricing fee for the credit paramedic program; and approved a \$.50 cents fee proposal for student theater for the May student ballot.

In other unanimous action, the board approved its policies on general fund contingency and interfund transfers; and held first readings of board policies on interfund loans, and debt issuance and management.

The budget development discussion was brief because proposals were fully reviewed in work session prior to the meeting. The Budget Committee will work on the proposals beginning in May (see [www.lanecc.edu/budget/0708](http://www.lanecc.edu/budget/0708) ). Board member Roger Hall noted that Lane's fiscal pressures are due in part to the fact that Oregon ranks 45th in the nation in education funding.

The board received a report on accreditation, and on a benchmark reflecting employees of color as a percent of all employees.

The meeting adjourned at 8:10 p.m. The next meeting is set for May 9. After approval, minutes are posted at [www.lanecc.edu/presoffc/board/minstoc.htm](http://www.lanecc.edu/presoffc/board/minstoc.htm) Submitted by Joan Aschim, Marketing and Public Relations.

## LANE NAMES OCCA STUDENT SCHOLARS

Photos: <http://www.lanecc.edu/mpr/news/rel00904.htm>

William CJ Johnson of Eugene and Megan Worman of Springfield have been named 2007 Oregon Community College Association Student Scholars. OCCA honors outstanding students from each of Oregon's two-year colleges every year. The students attended a recognition event at the state capitol in late April. In addition, Johnson and Worman were introduced at the May 9 Lane Community College Board of Education meeting.

Johnson, 47, has a 3.542 GPA and is majoring in elementary education with plans to transfer to the University of Oregon. His academic honors include the vice president's honor roll. His extracurricular activities include coaching Eugene Kidsports basketball and Willamette Valley Babe Ruth baseball. In an essay he wrote, "Thirty years ago, inspired by such teachers as Albert "Buck" Starkey, Claudette Ames, and Fred Brunson, I began my journey to become an elementary school teacher. However, at that time in my life I wasn't prepared to make the sacrifices necessary to complete my

journey. Now, after two divorces, being diagnosed with congestive heart failure, and spending the past 18 months taking classes at Lane Community College, I am now prepared to dedicate myself to making my dream come true. I have two more terms left at LCC before enrolling at the University of Oregon. Once I've completed my studies at the UO, I will use the lessons that I've learned in life to promote the importance of education. Additionally, I will instill in students, 'Success means a willingness to be a good leader, staying focused, giving back to the community, and never giving up on your dreams.'"

Worman, 21, has a 4.138 GPA and is majoring in psychology with plans to transfer to the University of Oregon. Her academic honors include the president's honor roll, All\_ USA Academic Team Nominee representing Lane, and the National Dean's List. She is vice president of service for Lane's chapter of the Phi Theta Kappa honor society and she writes for the student newspaper. Worman is spearheading the start-up of Pet Food on Wheels in Lane County, in conjunction with Meals on Wheels. In an essay, she wrote, "I plan to transfer to the University of Oregon and pursue a bachelor's degree in psychology. Eventually I hope to attend law school and work with people who have the least power and voice in our society-individuals who have been disenfranchised, shunned and segregated by social stereotypes and biases. As a civil rights attorney, I hope to help these people fight for their part of the same freedoms and privileges enjoyed by the rest of us. My community college education has already been a valuable asset to this goal in several ways-not the least of which has been the exposure to the stories of those I hope to someday help."

### EMERGENCY PHONE NUMBERS

Problem solved: Intermittently, the emergency number 5555 has not been transferred to our answering service after hours and on weekends. Thanks to Officer Chantal Thomas for tracking this problem and to Virginia Brady for playing investigator and solving the problem. Turns out that the system was not forwarding the 5555 call if it originated from a phone without long distance capability. The problem should now be solved!

After hours communication refresher:

Emergencies or situations where you need immediate help, like a door unlock, call 5555.

Other business, call 5558 and leave a voice message. Officers check this line several times per shift.

Let us know if this system does not work so we can identify and solve that problem! Thank you, Sandy Ing-Wiese, director, Health and Safety.

## THIS MOMENT IN DEMOCRACY

The Community College Moment is now accepting submissions relevant to our 2008 theme, Democracy. In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society? For complete guidelines and deadlines, visit our website at <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

It is an opportunity to directly impact the ability of FFLC to provide food to Lane County families who experience hunger -- and have a good time with colleagues in a beautiful, relaxed setting! The work is varied (from planting starts and pulling weeds, to rototilling and pushing wheelbarrows). All levels of physical fitness will find ways to help. If you wish to sign up, please call Bonnie Phipps in the Foundation office at 5135 or e-mail [phippsb@lanecc.edu](mailto:phippsb@lanecc.edu). Those who sign up will receive a reminder with driving directions to the FFLC garden the week before the event.

#### ARE YOU READY FOR THE DEMOCRACY ISSUE?

The Community College Moment is expecting a full mailbox of submissions to the 2008 issue with its special theme of democracy. Take your time this summer and polish your work to its absolute best. As with all themes, we take a wide view of the subject. In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society? For complete guidelines and deadlines, visit our website: <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

Sunday, June 24 is the 14th Annual KLCC Garden Tour. We have nine gardens this year, all located on College Hill for a nice walking tour. As always, good volunteers are a large part of our success! Please e-mail Kris Fox at [foxk@lanecc.edu](mailto:foxk@lanecc.edu) if you're interested in a shift on June 24 at one of the gardens. Volunteers are at a table at the entrance to a garden and sell/take tickets, set up signs, direct guests which way to enter, etc. (Available shifts are roughly 8-11 a.m., 11 a.m.-2 p.m. and 2-5 p.m.) Visit [www.klcc.org](http://www.klcc.org) to read about each garden.

#### FAIR BOOTH NEEDS YOUR SMILING FACES

Lane Community College has an informational booth at the Lane County Fair, which runs August 14-19 at the Fairgrounds. Our booth attracts over 1,200 visitors each year! The fair booth is in need of volunteers to help represent Lane, answer fair goers questions and encourage people to go for that culinary degree or take that art class they've been thinking about. It is a fun few hours, and in return you receive a free one-day entrance pass to the Fair. Shifts are available for the following days and times: Tuesday through Thursday, August 14, 15 & 16 from 11:00-2:45, 2:45-6:30, 6:30-11:00; Friday and Saturday, August 17 & 18 from 11:00-2:00, 2:00-5:00, 5:00-8:00, 8:00-11:00; Sunday, August 19 from 11:00-2:00, 2:00-5:00, and 5:00-8:00. To sign up for a shift, contact Karen Edmonds, High School & Community Relations Coordinator at 5688 or [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu). Include your name, department, and a good contact phone number to reach you over the summer.

#### LOCAL FOODS, COFFEE, MILK, EGGS, AND MORE

Thank you from Food Service for your business during this academic year. Your health is important to us. We appreciate you and always welcome your feedback.

LOCAL VENDORS: We would like to thank all the great local vendors who bring us great products from right here in Lane county: Organically Grown Company, Surata Soy Foods, De Casa-Soringhart, Bagel Sphere, Wandering Goat Organic Coffee,

Childers Meats, Country Donuts, Full City Coffee, Higher Taste, Holy Cow, Lochmead Dairy, McDonald Wholesale, Monster cookie, Muffin Mill and Tsunami Sushi are just a few of our great local vendors. Thanks for supporting the local economy and Lane Community College with your Campus Food Services purchases. We are working hard to move to our 100 percent local purchase goal.

**ALL ORGANIC, ALL FAIR TRADE:** Did you know that all coffee sold at Lane is fair trade and organic? Locally roasted and delivered fresh, we feel it is some of the best coffee in town. Thanks to our Friends at Wandering Goat for the great roasts.

**MILK:** A promise to Lane from Lochmead Dairy: "All milk and cream under the Lochmead Farms label is produced by Lochmead's own herd of cows on our one dairy farm located near Junction City, and is bottled at the Lochmead Dairy milk and ice cream plant in Junction City. All of the cows in the Lochmead herd were born and raised at Lochmead Farms. At no time during the last 25 years have any dairy animals been brought into or added to the herd from any other location. In addition to this self-imposed quarantine, at no time during the last 25 years have we fed our dairy animals any feed from any animal source, which USDA thinks to be the method of infection and transfer of BSE (mad cow disease). BSE is not found in milk or milk products. The World Health Organization, the United Nations' Food and Agriculture Organization, the U.S. Food and Drug Administration and other major health organizations have affirmed and reaffirmed that milk and milk products do not contain or transmit BSE. On another area of concern to you the customer, as previously stated, our cows will never be treated with the recombinant bovine growth hormone, rBGH, no matter what the FDA and Monsanto say about its safety. Additionally, no antibiotics are given to our cows, except in the event of an individual animal becoming ill due to an infection. At that time the treated cow is moved to a hospital barn and remains isolated from the milking herd until she is healthy and all antibiotics are clear from her system."

**EGGS:** Based on your feedback, all eggs used in breakfast, lunch and in house bakery production in Food Service are now cage free. These eggs come to us from our good friends in Washington state. They are fed an all vegetarian diet and receive no antibiotics. Wilcox family farm states, "All of the hens producing eggs for the Wilcox Cage Free label are free to run, preen and socialize proudly." Research has shown eggs raised in this fashion are much healthier for the consumer. No price increase will take place for this great new benefit. We are joined in this venture by the Center for Meeting and Learning and the Culinary Arts program. Special thanks to all those who worked hard to accomplish this.

**PLATES AND SILVERWARE.** Please bring reusable plates and silverware from your offices and classrooms back to the cafeteria. We appreciate the efforts to get these things back. The good news is that more people use these every month. A lot of good people trying to make a difference have 10 or 12 plates in their office that have been in a stack for a while. If 20 offices have 10 plates, our inventory is off by 200 potential garbage saving devices. To keep pace with the demand for the reusable plates and silverware we need to recycle these everyday.

### STUDENT BLOG PREMIERS ON LANE'S HOME PAGE

Life@Lane, a student moderated blog, launched Monday morning from a link off the college homepage. Weekly topics will be generated by Lane's student service associates, whose profiles are featured from the "Blog moderators" link. Although student blogs are very prevalent at four-year institutions, Lane will certainly be among the first community colleges to venture into blogsphere! The purpose of Life@Lane is to provide a communication tool primarily for current and prospective students and to create "community" accessible 24/7. The initial structure will be very basic, but the potential for developing categories, providing resources and becoming recognized as the "go to" place for information is incredible.

Many thanks to Christina Salter and Tammy Simpson from Counseling and Advising, Todd Lutz, David Walton and Lori Brenden from Information Technology, and most of all to our student service associates, Jessica Rojas and Jeff Brady. Together we

will work to ensure that Life@Lane is an open and respectful environment for information sharing. Contact: Tracy Simms, Executive Assistant to the President.

#### FACULTY RECOGNITION AWARDS ANNOUNCED

Three faculty were awarded Faculty Recognition Awards spring term: Thomas Rubick, Graphic Design; Katie Morrison-Graham, Science; and Ruth Bichsel, Social Science. The awards recognize excellence inside or outside classroom. Visit <http://www.lanecc.edu/fpd/grants/fra/> for more information. Contact: David Leung or Larry Scott.

#### IT UPDATE: WORK REQUESTS

The Information Technology Department would like to announce the availability of a new system to assist you in placing work requests for our technicians. This new system, known as IT Direct, is now ready for faculty and staff to use via a web interface that will allow you to input and track work requests for the IT help desk or for Instructional Computing work requests. To enter a work ticket, you can access IT Direct via the IT home page ( <http://www.lanecc.edu/it> ). First time users will need to setup their account by following the prompts to enter their e-mail address, name and telephone number. Your request can then be entered using the service request form to give the details of your request. Note: The password required to submit your request is given on the request form web page in the header information. If you have difficulty using the system or have any feedback that you wish to provide, please contact the Helpdesk at 4444 or Barbara McIntire at 5065. Submitted by Barbara McIntire and Todd Lutz, Technology Support Services, IT Dept.

#### WEB INFORMATION IN SPANISH

In an effort to make Lane's web pages more accessible to Spanish speakers, the link from the Español (Spanish) web page hosts some new links and additional information. To access the information in Spanish, just click on Español from the left-hand navigation bar on the homepage at [www.lanecc.edu](http://www.lanecc.edu) If any departments have pertinent information in Spanish that you would like connected to this main page, contact Karen Edmonds, High School & Community Relations Coordinator, at 5688 or by e-mail.

#### DEMOCRACY IS COMING TO LCC

The Community College Moment is taking submissions through the summer for its 2008 Democracy issue. In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society?

For complete guidelines and deadlines, visit our website: <https://teach.lanecc.edu/ccm/> . Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

#### KLCC GARDEN TOUR NEEDS VOLUNTEERS

Sunday, June 24 is the 14th Annual KLCC Garden Tour. We have nine gardens this year, all located on College Hill for a nice walking tour. As always, good volunteers are a large part of our success! Please e-mail Kris Fox at [foxk@lanecc.edu](mailto:foxk@lanecc.edu) if you're interested in a shift on June 24 at one of the gardens. Volunteers are at a table at the entrance to a garden and sell/take tickets, set up signs, direct guests which way to enter, etc. (Available shifts are roughly 8-11 a.m., 11 a.m.-2 p.m. and 2-5 p.m.) Visit [www.klcc.org](http://www.klcc.org) to read about each garden.

#### FAIR BOOTH NEEDS YOUR SMILING FACES

The college has an informational booth at the Lane County Fair, which runs August 14-19 at the fairgrounds. Our booth attracts over 1,200 visitors each year! The booth is in need of volunteers to help represent Lane, answer fair-goer questions and encourage people to go for that culinary degree or take that art class they've been thinking about. It is a fun few hours, and in return you receive a free one-day entrance pass to the fair. Shifts are available for the following days and times: Tuesday through Thursday, August 14, 15 & 16 from 11:00-2:45, 2:45-6:30, 6:30-11:00; Friday and

Saturday, August 17 & 18 from 11:00-2:00, 2:00-5:00, 5:00-8:00, 8:00-11:00; Sunday, August 19 from 11:00-2:00, 2:00-5:00, and 5:00-8:00. To sign up for a shift, contact Karen Edmonds, High School & Community Relations Coordinator at 5688 or [edmondsk@lanecc.edu](mailto:edmondsk@lanecc.edu) Include your name, department, and a good contact phone number to reach you over the summer.

Xtreme Screens, a liquid waste separation and screening company, will be setting up equipment on main campus beginning Monday, June 18, to begin work on the wastewater treatment ponds during the next few weeks. The athletic fields will be irrigated with treated wastewater as in the past except that the watering will continue through the process. Signs will be posted when fields are not useable. I'll show some pictures of the response and recovery process and explain what was involved in dealing with nearly 300 wet boxes. We'll also talk about emergency response and recovery procedures, and how you can prepare for the inevitable disaster, whether it's a large or small one, in your office. HELP MY PARENTS GET A ROOM! This October, my septuagenarian parents plan to come to Eugene to help my wife and me soon after the birth of our second child. They plan to stay one month. When not helping us at our place they will, with ritual precision, go work-out at the Y, eat a light dinner, drink black coffee, play Scrabble, do crosswords, and close the show by reading from their tiny mountain of books and New Yorker magazines. Oh, they will have their Tibetan Spaniel--no bigger than a cat--with them. They're all sweethearts, really. Because we have no room at our place, we are looking for a room in a house/cottage/apartment for their stay. We would be willing to spend the equivalent of one month's rent. #### DENTAL HYGIENE CLASS EARNS QUALITY CERTIFICATION

Just how good is online instruction? That's what faculty at Lane Community College are determining through the Quality Matters process, and dental hygiene instructor Tammy Maahs has just met the mark with her online course, DH 234 Trends and Issues.

Quality Matters is a faculty peer review process to assure continuous improvement in online education. Trends and Issues is the first course at Lane to meet Quality Matters standards. The Trends and Issues course prepares students for the Oregon Board of Dentistry jurisprudence examination, which is required for Oregon licensure. Lane is expanding its two-year associate degree program in dental hygiene using distance learning.

Maahs teaches half time and works half time in a private dentist's practice. She says her field experience benefits students in the classroom. "Lane is a perfect fit. I love it. I can't imagine myself doing anything else." Maahs enrolled at Lane and earned an AAS in dental hygiene. She then earned a bachelor of science degree in dental hygiene and is a Registered Dental Hygienist.

For more information about the dental hygiene program, visit [www.lanecc.edu/fhc/dental/dh.htm](http://www.lanecc.edu/fhc/dental/dh.htm) .

HELP MY PARENTS GET A ROOM! This October, my septuagenarian parents plan to come to Eugene to help my wife and me soon after the birth of our second child. They plan to stay one month. When not helping us at our place they will, with ritual precision, go work-out at the Y, eat a light dinner, drink black coffee, play Scrabble, do crosswords, and close the show by reading from their tiny mountain of books and New Yorker magazines. Oh, they will have their Tibetan Spaniel--no bigger than a cat--with them. They're all sweethearts, really. Because we have no room at our place, we are looking for a room in a house/cottage/apartment for their stay. We would be willing to spend the equivalent of one month's rent. HELP MY PARENTS GET A ROOM! This October, my septuagenarian parents plan to come to Eugene to help my wife and me soon after the birth of our second child. They plan to stay one month. When not helping us at our place they will, with ritual precision, go work-out at the Y, eat a light dinner, drink black coffee, play Scrabble, do crosswords, and close the show by reading from their tiny mountain of books and New Yorker magazines. Oh, they will have their Tibetan Spaniel--no bigger than a cat--with them. They're all sweethearts, really. Because we have no room at our place, we are looking for a room in a house/cottage/apartment for their stay. We would be willing to spend the equivalent of one month's rent. ## NEWS AND ANNOUNCEMENTS

### JULY BOARD REPORT

At the July 11 Board of Education meeting, Pat Riggs-Henson was elected 2007/08 chair and Susie Johnston was elected vice chair (see photos at <http://www.lanecc.edu/mpr/news/rel00918.htm> ). Riggs-Henson said she looked forward to passing a bond measure and conducting successful contract negotiations. Also serving on the board this year are Bob Ackerman, Pat Albright, Roger Hall, Paul Holman, and Tony McCown. For more information, see [www.lanecc.edu/presoffc/board](http://www.lanecc.edu/presoffc/board)

In statements from the audience, Sgt. Ben Hier said he wants to start student veterans resource center that would become a model for the state and nation.

Appointed to serve on community boards were Bob Ackerman to the Oregon Community College Association board, with Pat Albright as alternate; Pat Albright to the Lane Economic Committee of the Lane Council of Governments; Roger Hall to the Lane Foundation board; and Susie Johnston to the Lane Council of Governments board. Members also expressed interest in increasing participation at district chamber meetings.

The president was authorized to award a broadcast equipment bid for KLCC up to \$375,000.

The president's goals were distributed. The goals include achieving and sustaining fiscal stability; building organizational capacity and systems to support student success and effective operations; creating, enhancing and maintaining inviting and welcoming facilities that are safe, accessible, functional, well-equipped, appealing and environmentally sound; and fostering the personal, professional and intellectual growth of learners by providing exemplary and innovative teaching and learning experiences and student support services.

All votes were unanimous. After approval, minutes are posted at [www.lanecc.edu/presoffc/board/minstoc.htm](http://www.lanecc.edu/presoffc/board/minstoc.htm)

There will be no August meeting. A retreat is planned, date to be determined. The next regular meeting will be September 12, in the Boardroom. The October 10 meeting will be held in Florence. Submitted by Joan Aschim, Marketing and Public Relations.

### FACILITIES PROJECT UPDATE

Sludge management - Warm, dry weather materially helps dry the sludge. The cloudy and rainy weather has delayed the drying process. Everything is being done to eliminate or minimize any unpleasant odors during the Relay for Life. Contact Facilities Management and Planning for more information.

Longhouse - FMP's goal is to get the longhouse enclosed by early next November. That will be challenging because meeting it depends on the size of the labor crew and donated materials and services. The portable saw mill was scheduled to be set up this week but that's been delayed a week and the foundation concrete pour had to be rescheduled for early August to allow more time to seek donations and allow FMP staff vacations. Contact FMP for more information.

KLCC - Remodel of the downtown building continues. The following tasks are scheduled for this week: texturing the drywall, start painting walls, and starting to install the ceiling grid by the end of the week. Contact FMP for more information.

Eastside vehicle gates - New manual swing gates have been delivered to campus and will be installed before the start of fall term. These gates will be installed at most of the entrances to the parking lots from Eldon Schafer Drive.

A solar powered electronically controlled vehicle gate is scheduled to be installed near the east end of the road that services the Center Building and Schafer Drive. Installation should start be completed and commissioned on July 25. This gate will not be operated until the swing gates have been installed and are operational. Public Safety will publish information to the campus community about the operation of all of the gates before they are used. Contact Public Safety for information about gates.

Emergency Phones - Four emergency phones are scheduled to be installed this week. Phones will be placed on the bus station clock tower, on the paving between the PE Building and the smoking shelter, on the parking lot L light standard just west of the Math-Science Building 16, and on the parking lot N standard north of the Campus Services Building 7. Public Safety will notify the campus community when these phones are operational.

Submitted by Bob Mention.

#### POWER STRIP TIP

From Lane's Safety Committee: When using power strips to plug in multiple items, it's always a good idea to use plug strips with ground fault circuit interrupters (GFI). Ground fault interruption will "turn-off" electricity at the plug strip whenever an electrical short is present. GFI protection makes your work environment safer and reduces the risk of fire. Computers and other sensitive electronic equipment should have power filtering protection such as a surge suppression or in some cases you may need an uninterruptible power supply (UPS). If you need help identifying the right power strip or protection device for your needs, contact Facilities Management and Planning at 5216 or the Information Technology Help Desk at 4444. Submitted by Dave Willis.

**NEWS AND ANNOUNCEMENTS****AWARD-WINNING EUGENE HUMOR WRITER SIGNS COPIES OF HER FIRST NOVEL**

Lane instructor, comedian, speaker, and award-winning comedy writer, Leigh Anne Jasheway-Bryant, will sign copies of her debut novel, "Life is Funny: A Riveting Tale of Comedy, Hairdressing and Texas Politics" at these Eugene area locations: Hair Ba Doo Bah, 3443 Hilyard, August 6 from 6-8 p.m. and at the University of Oregon Bookstore, 895 E. 13th, August 16 from 6-8 p.m. "Life is Funny" follows the exploits of Judy, a mediocre hairdresser in Austin, Texas who dreams of becoming a stand-up comic, after she finishes raising her two sons, fixes the hole in her trailer, and dumps her boyfriend because he's too nice. But when Judy wins a local comedy competition and mentions a certain gubernatorial candidate's shortcomings on stage, she starts a chain of events that begins with her best friend being fired, her sons being harassed by strange men in trench coats, and her clients leaving her in droves ... and ends with an offer for her to run for governor. Is it a joke or are they serious? Will she run or won't she? Only her hairdresser knows for sure. Leigh Anne is best known in the region as the former humor columnist for The Comic News, emcee of the Eugene Celebration Parade and Pet Parade, director of The Comedy Workout stand-up troupe, and host of Women Under the Influence of Laughter on KOPT AM 1600. Submitted by Jeff Davis in Continuing Education.

**NEWS AND ANNOUNCEMENTS****DEMOCRACY IS JUST AROUND THE CORNER**

Now is the time to finish the final draft of your submission to the 2008 Community College Moment with its special theme of Democracy. In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society? Deadline for submissions to the Democracy issue is October 15, 2007. Be sure to check complete guidelines on our website: <https://teach.lanecc.edu/ccm/> . Questions? Contact Steve McQuiddy [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

## NEWS AND ANNOUNCEMENTS

### AVIATION NEWS

THE AVIATION CAREERS EXPLORATION SUMMER Camp was a huge success: All 12 participants logged flight time in a Cessna 152, visited the control tower at Eugene, and explored careers as pilot and aviation maintenance technicians. The City of Eugene airport manager's office provided tours of the airport operations and airport security. The event concluded Friday afternoon with a pizza lunch for participants and their families. Helen Garrett was available to answer questions about enrolling at Lane and how to transition from high school to college. Last year, the camp attracted 7 participants. This year, one participant enrolled in the Flight Tech program on the first day of the camp and six more expressed interest in RTEC courses.

THE FLIGHT TECHNOLOGY PROGRAM CELEBRATES ITS 40TH ANNIVERSARY year with alumni events on August 24, 25 and 26. Aviation alumni are invited to gather for this fun-filled weekend:

\* Friday, August 24, 10 a.m.-3 p.m., proficiency test and picnic at Cottage Grove Airport.

\* Saturday, August 25, 9:30-11 a.m., Aviation Academy tours and brunch at Lane's Flight Tech Building at Eugene Airport.

\* Saturday, August 25, 9 a.m.-6 p.m. and Sunday, August 26, 9 a.m.-4 p.m., Norwest Fly-Fest Fly-In and Airshow at Eugene Airport. ### FMP PROJECT NEWS

SLUDGE MANAGEMENT - Contractor thinks that sludge in ponds 1 and 3 will be dry by mid September and the sludge in pond 2 won't be dry until mid October if the weather cooperates. Plans are being made to dispose of the dried sludge at such times that will not interfere with the opening of school in late September.

LONGHOUSE - The portable saw mill has arrived and has started milling the logs on site into framing lumber and trim. The logs for the roof trusses and posts have also arrived. They are wrapped and secure in a fenced-off area next to the building site.

KLCC - Contractor plans to do some inside painting, continue installing ceiling elements, and install decorative acoustical sound wall panels.

EMERGENCY PHONES - The paper work has been completed and the contractor is preparing a schedule for installation.

GROUNDS - Crew is trimming ivy at buildings 9, 12 and 13. Spot weeding is scheduled to occur around buildings 6 and 19 and a new lawn is scheduled to be installed on the east side of building 19.

PIZZA HUT, BUILDING 20 - A survey was done to determine if there is any asbestos in building 20. The survey turned up positive and the asbestos will be abated in the near future, perhaps as early as this week. The building will be scheduled for demolition after the asbestos has been removed.

Submitted by Bob Mention for FMP.

## FMP PROJECT UPDATE

Sludge management - Continuing to dry sludge.

Longhouse - Continuing to bid and build.

KLCC - Contractor has installed doors and plans to continue painting and installing oak trim. Contractor expects to complete work by mid-September after which the carpet will be installed, furniture placed, and equipment moved in and connected.

Emergency phones - Contractor plans to start installing phones by the end of this week. Installation should be completed by early next week.

Grounds - Crews are trimming ivy and removing spent lavender blooms at building 19, renovating the baseball infield and preparing for the new lawn east of building 19.

Pizza Hut, building 20 - The contractor will provide an exact schedule when the asbestos abatement will take place.

Indoor temperature guidelines - Regulating indoor temperatures in the one million square feet of occupied buildings on campus is a daunting task that's made more difficult when the weather changes as frequently as it does. Current indoor temperature guidelines are as follows: warm weather months, 74 to 77 degrees F; cool weather months, 68 to 73 degrees F; ancillary space (hallways, lobbies, stairwells), 63 to 82 degrees F. During transition months, such as April and October, guideline ranges expand to 68 to 77 degrees F. These expanded ranges also apply during extreme weather conditions and periods of high electric demand. Staff and students are encouraged to wear clothing that can be adjusted to maintain personal comfort. Contact

FM&P at 5216 if you feel that temperatures in your area are too high (over 78 degrees) or too cool (under 68 degrees).

Center Building - The bird nests and droppings at the north side of the Center Building have been removed. The nests were not occupied and so far as is known, no birds were harmed.

Submitted by Bob Mention for FMP.

### A FAIR TURNOUT FOR LANE'S BOOTH

Among the cows, pigs, chickens, and offers for free windows, you could count on seeing smiling volunteers at the Lane Community College booth at the Lane County Fair. The booth attracted 2,026 visitors this year. With so many days and times of the fair being open, it takes the effort of many volunteers to make this event possible. Many thanks to those of you who came out to represent Lane so well: Amanda Poston, Bruce Gustafson, Paula Westgate, Jeff Davis, Shirley Lukacs, Doug Smyth, Shelly Kane, Jenette Kane, Naomi Anson, Michael Levick, Joan Dickey, Carol Woodman, Peg Allison, Rita and Brian Loop, Mark Williams, Susan Carkin, Daphene Sampson, Phoebe Anderson, Lisa Barrager, Steve Candee, Anne Monroe, Sasha Tavenner-Kruger, Alan Scofield, Gary Conklin, Terri Hansen, Tina Lymath, Jim and Robin Lindley, Beverly Scholz, Greg Morgan, Tammie Stark, and Celia Maximin. Gratefully submitted by Karen Edmonds, High School & Community Relations Coordinator.

### CONGRATULATIONS

Karen Edmonds, High School & Community Relations Coordinator in Enrollment Services, has accepted a new position as access and outreach program manager at the Oregon Student Assistance Commission in Eugene. She will manage the statewide ASPIRE (Accessing Student Programs in Reach of Everyone) mentoring program, which matches high school students with community volunteer mentors to help students navigate their way to college and training programs. Among other duties, she will help organize the statewide College Goal Oregon day, where current and prospective students can get help filling out a FAFSA (and, lucky for Karen, Lane Community College is the site in Lane County for this event). Karen earned her master's degree over the past two years while working full-time at Lane. We are so very proud to send her to OSAC with our strongest support. I consider Karen a "daughter of Lane" and it will be hard to imagine this place without her, but we wish her all of the best. We are working on a transition plan to cover Karen's responsibilities in the short-term and long-run and will have her with us through September 7. Submitted by Helen Garrett.

### CHILD AND FAMILY CENTER SERVES STUDENTS, STAFF AND COMMUNITY

Spread the word: Lane's Child and Family Center, a state-licensed child care center located on main campus, provides care for students, staff and community families. The Child and Family Center is open from 6:45 a.m. to 5:30 p.m., Mondays through Fridays, and serves children 30 months to five years old. Classrooms are staffed by professional teachers, Lane students and parents. The center is a lab school for students in the Early Childhood Education program and a cooperative where parents can work to reduce their fees. Limited child care tuition assistance is available. For information see <http://www.lanecc.edu/cfe/lcfc/index.html> or call 463-5519. Submitted by Sue Norton.

### HEALTH CLINIC HOURS

Health Clinic hours for the last two weeks of summer term, September 4-14, are 8:15 a.m.-4:45 p.m. Mondays through Fridays. Patient appointments will be scheduled from 8:20 a.m.-12 p.m. The clinic will not see patients the week of September 17-21. Regular hours resume September 24. In an emergency contact Public Safety at 5558. Submitted by Kris Murphy.

### VOLUNTARIOS NEEDED FOR FIESTA LATINA

Be a part of a great community event at Fiesta Latina, a weekend celebration of Latino history and culture! We need volunteers to help staff the Lane Community College booth at the event, which will be held Saturday, September 15 at Day Island Park in

Springfield. In return for a few hours of fun volunteering, you will receive a free entrance pass. The ability to speak Spanish is helpful but not necessary. Shifts are available from 11 a.m.-1 p.m., 1-3 p.m., 3-5 p.m., and 5-7 p.m. To sign up, contact Karen Edmonds, High School & Community Relations Coordinator at 5688 or by e-mail.

### "KING LEAR" IS A MIND-BENDING TALE

William Shakespeare's mythical play "King Lear" will be presented by the Lane Community College Student Productions Association (SPA), co-produced by the Lane Theater Arts Department, the Associated Students of Lane Community College, and the Lane Foundation. The play runs three weekends only, with nine performances, October 4 through 20, on the main stage of the campus Performance Hall, Building 6.

Joe Cronin, featured guest artist, is coming to Eugene to play the role of Lear with an ensemble of student, faculty, and community actors. Cronin has acted with the Oregon and Utah Shakespeare Festivals, and has twice received the Portland drama critics' award for best actor. He appears courtesy of Actors' Equity Association, the union of professional actors and stage managers in the United States. Julie Fether, an actress formerly with the Indiana Shakespeare Festival and now a culinary arts instructor at Lane, will play the role of Lear's oldest daughter, Goneril, whose bite is "sharper than a serpent's tooth."

"King Lear" is directed by Judith "Sparky" Roberts, with lighting by Lane technical director James McConkey, scenery by Amy Dunn, and costumes by Heather Kidd. The set will incorporate Lane's replica of the London Globe stage.

The play is action-packed—a clash of good and evil, with tangled strands of intrigue, madness, violence and tenderness. Roberts says, "Edmund the Bastard, who destroys his father, is one of Shakespeare's most engaging, utter villains, like Iago or Richard III. The play exposes humanity's beastly elements. Yet, amazingly, it's infused with a spirit of unconditional love and hope."

The play is for mature audiences, and only people over age 10 will be admitted. Performance dates are Fridays and Saturdays, October 5-6, Oct. 12-13, and Oct. 19-20, at 7:30 p.m.; and a Sunday matinee, October 14, at 2 p.m. General admission is \$12.50, students and seniors \$10. Discount Thursdays are October 4 and 18 at 7:30 p.m., all tickets \$8 and further discounts for high school teachers with groups.

Reservations are recommended, with open seating. Season ticket holders and advance reservations will have priority seating. The box office opens at 6:30 p.m. on performance evenings. Tickets are available at the door (with cash or check only). For more information and reservations, call the SPA box office at 463-5761.

**FMP PROJECT UPDATE**

**SLUDGE MANAGEMENT** - Drying and testing of sludge. Dried sludge turns into one of two types of compost. Class A compost is what is sold at garden stores to apply on residential gardens, athletic fields and the like since it poses no health concerns to humans. Class B compost must be sent to a landfill or applied to fields growing crops not consumed by humans. So far, it looks promising that we could achieve class A compost based on tests done to date.

**LONGHOUSE** - Carpenters working on foundation walls.

**KLCC** - Contractor finishing up.

**EMERGENCY PHONES** - Still waiting for solar panel brackets and cell phone antennas.

**GROUNDS** - A solar-powered pump will be installed in the labyrinth garden and crews are preparing grounds for the start of school.

PIZZA HUT, BUILDING 20 - Quotes from contractors for demolishing the Pizza Hut are due on September 13. Plan is for successful contractor to complete work by September 23.

BUILDING 10/200 - Remodel is continuing. Gypsum board wall is scheduled to be finished and sinks installed this week as well as painting.

BUILDING 11/131 - Continuing work.

RETURN TO SERVICE building at airport - The existing wall between a classroom and a computer lab has been moved. A metal stair to mezzanine level is being designed.

#### DEADLINE FOR DEMOCRACY

You might think you have plenty of time, but the deadline for submissions to the 2008 Community College Moment democracy issue can now be counted in weeks. Polish up your piece and check out our submission guidelines on the website listed below. Here's what we're looking for: In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society?

Deadline for submissions to the democracy issue is October 15. Complete guidelines are on our website: <https://teach.lanecce.edu/ccm/> . Questions? Contact Steve McQuiddy ( [mcquiddys@lanecce.edu](mailto:mcquiddys@lanecce.edu) ) or Ken Zimmerman ( [zimmermank@lanecce.edu](mailto:zimmermank@lanecce.edu) ).

LOOKING FOR PAIN RELIEF? I am part of a community group that evaluates work practices for ergonomic efficiency. We try to identify the best way to do a task so that it causes little harm to the body. We have a small project to evaluate at LCC and are

looking for another one to make the trip to campus worthwhile for the other members of the team. If you have a job that you do regularly on campus that requires a lot of wear and tear on the body that you would like us to evaluate, please get back to me and let me know. FREE FISH TO A GOOD HOME: We have a fish that had outgrown our tank. It is a tinfoil barb that is apx 6 - 7 inches long and 2 years old. It is silver with light orange tipped fins. It gets along well with the other fish in the tank, don't think it knows just how big it really is. We only have a 20 gallon tank and a 50 gallon is recommended for it. Here is a link to info about barbs: [http://www.aquariumfish.net/catalog\\_pages/cyprinids/barb\\_tinfoil.htm](http://www.aquariumfish.net/catalog_pages/cyprinids/barb_tinfoil.htm). **NEWS AND ANNOUNCEMENTS****PRESIDENT SPILDE TO CO-CHAIR STATE EDUCATION COMMISSION**

President Mary Spilde has been appointed by the governor to co-chair Oregon's Postsecondary Quality Education Commission. The other co-chair is Oregon State University President Ed Ray.

"This group will do significant work in forecasting and should level the playing field for community college funding in the legislative process," said Spilde. "It is good for Lane and will put us in a position to influence the direction of this group and hopefully how we get funded in the future."

The commission will create a quality education model for postsecondary education for the governor's use in developing the 2009-11 recommended budget. The governor also directed the state Department of Administrative Services to update the revenue forecasting process for establishing the essential budget level for the community college support fund. Submitted by the editor.

**NEW VISION AND MISSION POSTERS ARE AVAILABLE**

New vision and mission posters are available in English and Spanish. The new sustainability core value has been added to the posters that are displayed around the college and contain Lane's vision, mission, core values and strategic directions. A smaller, unframed version of the new posters (9 by 17 inches) is available upon request by contacting Daniel Moret in Marketing and Public Relations by e-mail or at 5268. This smaller version is available in English or Spanish. Please recycle all previous versions of these posters that do not contain the core value of sustainability.

**FALL PARKING TIPS**

Every year, up to 5,000 vehicles vie for 3,500 parking spots on main campus as new and returning students begin fall term classes. Congestion works itself out within a few days as students learn their way around and adjust their schedules. A few words of advice for commuters:

Ride the bus. Main campus credit students and English as a Second Language students can get a free LCC Bus Pass. See [www.lanecc.edu/instadv/lccbuspassinfo.htm](http://www.lanecc.edu/instadv/lccbuspassinfo.htm) or call 463-5727.

Carpool. Drivers and riders can sign up for carpooling via the LTD Commuter Solutions website at [www.commutersolutions.ltd.org](http://www.commutersolutions.ltd.org) or the Rideshare Alliance website at [www.rideshare.us](http://www.rideshare.us) (type LCC in the "start here" box).

Ride your bike.

If you drive, arrive a half-hour early to find a parking space. Congestion usually peaks from 8-11 a.m. Try to park before or after these times.

Space is almost always available in Lot N above the baseball fields in the northeast corner of campus. See the map at [www.lanecc.edu/mpr/locations/mc.htm](http://www.lanecc.edu/mpr/locations/mc.htm)

Park in a legal, marked space. Parking and traffic regulations will be enforced for the safety and convenience of drivers. Study the regulations at [www.lanecc.edu/cops/mvreg.htm](http://www.lanecc.edu/cops/mvreg.htm)

Don't park on the shoulders of Gonyea and Eldon Schafer roads. These roads are patrolled by Lane County Sheriffs Office personnel and tickets may be issued. Questions? Contact Public Safety at 5558.

## FACILITIES PROJECT UPDATE

**PARKING LOT STRIPING** - Be cautious when driving on campus next Friday because a contractor will begin painting in all of the drives and parking lots. Painting will consist of lines marking parking stalls, crosswalks, ADA symbols, curbs, no park zones, etc.. Work should be finished by Sunday.

**PE FITNESS CIRCUIT** - Exercise structures will be completed this week at four locations along the college's running trail. This will complete Lane's fitness circuit where people jog/run and exercise to achieve a more complete workout.

**SLUDGE MANAGEMENT** - Cloudy wet weather delays drying the sludge.

**LONGHOUSE** - Construction is continuing.

**KLCC** - Contractor has achieved substantial completion and is finishing punch list items.

**EMERGENCY PHONES** - Solar panel brackets and cell phone antennas have arrived in town but contractor has not told us when installation is to occur.

**PIZZA HUT, BUILDING 20** - Only one quote to demolish the building was received and it is under consideration.

**RETURN TO SERVICE BUILDING AT AIRPORT** - The metal stair to mezzanine level is still in the design phase.

**STORAGE YARD ROOF AT EAST END OF BUILDING 7** - Contractor has been selected and project is in design phase.

#### LIMITED SPACE AVAILABLE IN CHINUK WAWA (AIL 101)

Know someone who would like to study a traditional Northwest Indian language? Tony Johnson (Confederated Tribes of Grand Ronde) and collaborators are teaching AIL 101 (Chinuk Wawa) this term to students at LCC, Chemeketa, and Grand Ronde, Oregon. Limited space is available in the Distance Education classroom here at LCC. #### DEMOCRACY IS COMING TO LCC

Actually, it's already here, and you have just four weeks to participate. The deadline for submissions to the 2008 Community College Moment Democracy Issue is Monday, October 15. Polish up your piece and check out our submission guidelines on the website below. Here's what we're looking for: In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society? Deadline for submissions is October 15, 2007. Complete guidelines are on our website at <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

HAVE TWO? GIVE ONE! As a living kidney donor, I have a strong desire to pass along information about organ donation as a way of giving life. On average, 17 people die every day because of the lack of donation of organs. If becoming a living donor isn't a comfortable idea, the next best thing is to fill out a donor card and make sure to tell your family of your wishes. I have just become a member of Team-Northwest, a branch of The National Kidney foundation, and I am honored to raise money for such a great cause. Most of us are not wealthy, but a few dollars from a lot of people can make a huge difference and help save lives. Many people have been on waiting lists for years, and too many of those people don't even make it. There just aren't enough donated organs, and it is heartbreaking to know the pain of the families who lost their loved ones because of the lack of donation. If you are willing to make a donation, please visit my new National Kidney Foundation web page at: <http://www.firstgiving.com/judysierra>. If you are not comfortable giving your credit card information online, you can send a check, made out to Team-Northwest via inter-campus mail to the Public Safety Department. Be sure make clear it is a donation to the Kidney Foundation through Judy Sierra. If this is something you are interested, please pass this information to your friends and family. It will truly be interesting to see the rewards of people who are willing to make contributions to such an important issue. Thank You Very Much for taking time to read and consider this. Judy Sierra.

### BOARD WORK SESSION HIGHLIGHTS

In the Lane Community College Board of Education work session held prior to the September 12 board meeting, the board received an update on bond planning. The board discussed the levy rate analysis of \$80 million and \$100 million scenarios, reviewed potential facilities projects and a planning calendar, and looked at a public information plan, budget and calendar. The focus of the next bond is campus renewal. Submitted by Donna Zmolek.

### BOARD MEETING REPORT

A series of community conversations will be held by Lane's Board of Education, the board decided at its September 12 meeting. The conversations will broaden the board's outreach to the general public and key constituent groups to improve the board's understanding of the needs of future learners. Dates for the conversations will be reviewed at the October meeting.

The board received an update on sustainability initiatives and outcomes. For example, Lane now recycles 61 percent of its waste, main campus uses 4 percent less electrical energy, and students can participate in experiential learning opportunities such as biodiesel generation, rainwater harvesting, solar installations and learning gardens. The presentation is available at <http://www.lanecc.edu/sustainability/resources.html>

In statements from the audience, coach Grady O'Connor promoted Lane's track and field programs, coach Greg Sheley promoted women's basketball, and student parent Susan McClure expressed concerns about online billing.

In board policy reviews, Policy A.040 Financial Planning & Budgeting was sent back for additional language to identify quantitative data, Policy A.060 Emergency President Succession was approved, and first readings were held for Policies B.010 Membership on the Board of Education and B.020 Global Governance Commitment.

The president said budget projections are in development, and College Council has begun reviewing the annual budget development calendar.

Copies of Lane Profile, a collection of benchmark reports and other data published by Institutional Research, Assessment and Planning, were distributed. The profile is available at <http://www.lanecc.edu/research/ir/profile.html> New benchmark reports on the success of transfer students were reviewed.

The board's October 10 meeting will be held at Lane's Florence Center. A retreat will be held November 2. Submitted by Joan Aschim.

## WHAT CAN YOU DO FOR DEMOCRACY?

If you've been thinking about it, now is the time to write about it. The deadline for submissions to the 2008 Community College Moment Democracy Issue is Monday, October 15. Polish up your piece and check out our submission guidelines on the website below. Here's what we're looking for: In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society?

We also welcome short pieces such as book and film reviews, observations, classroom exercises, reports, and more. Each issue of the Moment uses a variety of short material to complement the longer pieces submitted for review.

Deadline for submissions is October 15, 2007. Complete guidelines on our website: <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

#### OSHA NOTICE

Following is a required public notice to employees pursuant to Oregon State Law of safety violations observed during an Oregon Occupational Safety and Health Division (OR-OSHA) inspection conducted earlier this year. The detailed inspection took several days and revealed only minor issues for an organization of Lane's size. This is a compliment to the entire staff for making workplace safety a priority, and to Facilities staff in particular for great preparation and immediate correction of the issues. Please continue the good work of keeping ourselves and our students safe! The following four violations were cited.

1. Oxygen cylinders in storage were not separated from fuel gas cylinders or combustible materials a minimum distance of 20 feet or by a noncombustible barrier at least 5 feet high. This violation was observed outside building 11 and inside building 12.

2. Unused openings in electrical boxes or cabinets were not effectively closed. This violation was observed in breaker cabinet 700 section 1 in building 2 and an electrical cabinet in building 6.

3. Work rests on grinding machinery were not adjusted closely to the wheel with a maximum opening of 1/8 inch. This violation was observed in the jewelry section and a grinder outside building 11.

4. Portable fire extinguishers were not visually inspected as least monthly (all locations).

All violations were brought in compliance immediately. No follow-up is required except to continue a visual check of the fire extinguishers in your area at least monthly. Submitted by Greg Morgan.

#### FLU SHOTS

Flu shots are coming soon! See <http://www.lanecc.edu/healthclinic> for our flu clinic schedule soon to be posted and the form Screening Questionnaire for Injectable Influenza Vaccination to download. The first flu clinic will be October 9 in building 18, room 105 from 10 a.m.-2 p.m. Submitted by Nadine Wilkes, 5665.

#### FACILITIES NEWS

FALL TERM - First week of school always seems to produce lots of unforeseen issues for Facilities, Management and Planning. Your patience and understanding will be appreciated as FMP works through everything.

THANKS - We are able to benefit our community by avoiding almost two tons of greenhouse gas emissions per year thanks to 32 Lane staff who participated in the recent energy efficient free heater exchange at Bristow Square on September 17. Participants exchanged their old space heaters for an energy efficient, college approved radiant space heater and are helping to save the college approximately \$1,280 dollars per year. You can still participate! We have three free radiant heaters left over from the exchange and if you are not one of the lucky three we have purchasing information available for your department. For details contact Anna Scott at 5805 or [scottae@lanecc.edu](mailto:scottae@lanecc.edu)

GROUND - Fall pruning and weeding cycle is starting around the Performance Hall (building 6). This work will proceed through and around the whole campus.

BIO-WASTE MANAGEMENT - Note: From now on it's bio-waste, not sludge. Testing of dried bio-waste in the largest pond (pond 1) is underway. Hope that tests will confirm that bio-waste has turned into Class A compost. Bio-waste in pond 2 is still too wet to test--might have to suspend drying operation there until next summer.

KLCC - Installing owner purchased equipment. Contractor has replaced the broken window/skylight at front of building.

EMERGENCY PHONES - Contractor has not yet scheduled installation of solar panels and cell phone antennas.

PIZZA HUT, BUILDING 20 - Quote to demolish the building is still under consideration.

RETURN TO SERVICE BUILDING AT AIRPORT - The metal stair to mezzanine level is still in the design phase.

STORAGE YARD ROOF AT EAST END OF BUILDING 7 - Project is still in design phase.

Submitted by Bob Mention for Facilities, Management and Planning.

#### FOOD SERVICES WELCOME

Welcome back from Campus Food Service. Your health is important to us. We appreciate you and always welcome your feedback.

WE WOULD LIKE TO THANK all the great local vendors who bring us great products from right here in Lane county . Organically Grown Company, Surata Soy Foods, De Casa Soringhart, Bagel Sphere, Wandering Goat Organic Coffee, Childers Meats, Country Donuts, Full City Coffee, Higher Taste, Holy Cow, Lochmead Dairy, McDonald Wholesale, Monster cookie, Muffin Mill, and Tsunami Sushi, to name a few. Thanks for supporting the local economy and Lane Community College with your Campus Food Services purchases. We are working hard to move to our 100 percent local purchase goal.

ALL ORGANIC, ALL FAIR TRADE: Did you know that all coffee sold at Lane Community College is fair trade and organic? Locally roasted and delivered fresh, we feel it is some of the best coffee in town. Thanks to our Friends at Wandering Goat for the great roasts.

A PROMISE FROM LOCHMEAD DAIRY--All milk and cream under the Lochmead Farms label is produced by Lochmead's own herd of cows on our one dairy

farm near Junction City, and is bottled at the Lochmead Dairy milk and ice cream plant in Junction City. All of the cows in the Lochmead herd were born and raised at Lochmead Farms. At no time during the last 25 years have any dairy animals been brought into or added to our herd from any other location. In addition to this self-imposed quarantine, at no time during the last 25 years have we fed our dairy animals any feed from any animal source, which USDA thinks to be the method of infection and transfer of BSE (mad cow disease). BSE is not found in milk or milk products. The World Health Organization, the United Nations' Food and Agriculture Organization, the U.S. Food and Drug Administration and other major health organizations have affirmed and reaffirmed that milk and milk products do not contain or transmit BSE. On another area of concern, our cows will never be treated with the recombinant bovine growth hormone, rBGH. Additionally, no antibiotics are given to our cows, except in the event of an individual animal becoming ill due to an infection. At that time the treated cow is moved to a hospital barn and remains isolated from the milking herd until she is healthy and all antibiotics are clear from her system.

PLEASE BRING REUSABLE PLATES AND SILVERWARE from your offices and classrooms back to the cafeteria. We appreciate the efforts to get these things back. The good news is that more people use these every month. A lot of good people trying to make a difference have 10 or 12 plates in their office that have been in a stack for a while. If 20 offices have 10 plates, our inventory is off by 200 potential garbage saving devices. To keep pace with the demand for the reusable plates and silverware we need to recycle these everyday.

CAGE FREE EGGS ARE BACK. All eggs used in breakfast, lunch and in house bakery production in Food Service are now cage free. These eggs come to us from our good friends in Washington state. They are fed an all vegetarian diet and receive no antibiotics. Wilcox family farm states, "All of the hens producing eggs for the Wilcox Cage Free label are free to run, preen and socialize proudly." Research has shown eggs raised in this fashion are much healthier for the consumer. No price increase will take place for this great new benefit. We are joined in this venture by the Center for Meeting and Learning and the Culinary Arts program. Special thanks to all those who worked hard to accomplish this.

HAVE TWO? GIVE ONE! As a living kidney donor, I have a strong desire to pass along information about organ donation as a way of giving life. On average, 17 people die every day because of the lack of donation of organs. If becoming a living donor isn't a comfortable idea, the next best thing is to fill out a donor card and make sure to tell your family of your wishes. I have just become a member of Team-Northwest, a branch of The National Kidney foundation, and I am honored to raise money for such a great cause. Most of us are not wealthy, but a few dollars from a lot of people can make a huge difference and help save lives. Many people have been on waiting lists for years, and too many of those people don't even make it. There just aren't enough donated organs, and it is heartbreaking to know the pain of the families who lost their loved ones because of the lack of donation. If you are willing to make a donation, please visit my new National Kidney Foundation web page at: <http://www.firstgiving.com/judysierra>. If you are not comfortable giving your credit card information online, you can send a check, made out to Team-Northwest via inter-campus mail to the Public Safety Department. Be sure make clear it is a donation to the Kidney Foundation through Judy Sierra. If this is something you are interested, please pass this information to your friends and family. It will truly be interesting to see the rewards of people who are willing to make contributions to such an important issue. Thank You for taking time to read and consider this. Judy Sierra.``

#### CARRIE BRANDT NAMED EMPLOYEE OF THE MONTH

Congratulations go to October's Classified Employee of the Month Carrie Brandt. Representatives of the Classified Professional Development Team joined staff of the Social Science Department and other colleagues to present Carrie with the award. She has worked as the administrative coordinator in Social Science since September 2003. She joined Lane in October 2001 as an administrative specialist at the Florence Center. Carrie's colleagues gave numerous examples inspiring this award. To name a few, with 14 different subjects in her division, Carrie thinks ahead to what is needed for each subject and the division as a whole in scheduling, purchasing, budgeting, and meeting deadlines; she is a self-starter in solving a constant series of problems that need solutions; she streamlined the creation of the yearly schedule for each discipline by developing and refining a template for faculty and the office to use for determining each term's schedule; and she volunteered to be the division representative for the United Way campaign. Outside of Lane, Carrie enjoys fishing, camping, and learning to golf. She is married with a 16 year-old daughter and has a 4-year-old Shih Tzu which is her "baby." When you see Carrie, congratulate her for doing a terrific job and celebrate her nomination as October's Classified Employee of the Month.

And remember that, you too, can help us to recognize exemplary Classified employees by nominating them for this award. Nomination forms are available: 1) at the Human Resources office; 2) on the CPDT website: <http://www.lanecce.edu/cpdt/eom.html> Submitted by Elaine Marsh for the CPDT.

#### FACILITIES NEWS

**WINDPOWER AT COTTAGE GROVE** - Another milestone has been reached in efforts to meet Lane's commitment toward reducing the college's carbon footprint. In July 2007, Lane joined with the Emerald People's Utility District to provide 25 percent wind-powered electricity for the Cottage Grove Center. Buying wind will reduce the Cottage Grove Center's green house gas by over 4,000 pounds of emissions per year and demonstrates that Lane cares about the environment and economic health of the Northwest.

**ROOF MAINTENANCE** - Work continues on the annual job of cleaning gutters and downspouts and inspecting roofs on all buildings.

**GROUNDS** - Fall pruning and weeding cycle is continuing, currently at LTD and Science. Trail clearing to start this week.

**BIO-WASTE MANAGEMENT** - Drying/disposal plan is under review. Final plan is dependant on DEQ approval.

**KLCC** - Owner continuing to install equipment. Carpet installation is continuing on first floor this week.

**EMERGENCY PHONES** - Contractor reports that missing part is due to arrive Tuesday and installation should be completed by the end of this week.

**LONGHOUSE** - Trees for the Willamette National Forest near Sweet Home will be harvested and brought to campus this week for milling into dimensional lumber.

**RETURN TO SERVICE BUILDING AT AIRPORT** - The metal stair to mezzanine level is in the design phase.

**STORAGE YARD ROOF AT EAST END OF BUILDING 7** - Design is complete for review and the plans have been submitted for a building permit.

#### NEW VISION MISSION POSTERS AVAILABLE IN ENGLISH AND SPANISH

The new sustainability core value has been added to the posters that are displayed around the college and contain Lane's vision, mission, core values and strategic directions. A smaller, unframed version of the new posters (9 by 17 inches) is available to all college staff. This smaller version is available in English and Spanish, and the posters are too large to send through the courier, so they should be picked up in person. Contact Daniel Moret in Marketing and Public Relations to arrange to pick up posters, and you can contact him by e-mail or at ext. 5268. Please recycle all previous versions of these posters that do not contain the core value of sustainability.

#### THE FINAL TWO WEEKS OF DEMOCRACY

Technically, it's just short of three weeks, but how time flies! We're heading to last call for submissions to the 2008 Community College Moment "Democracy Issue." Submission deadline is Monday, October 29. Be sure to check our submission guidelines on the website below. Here's what we're looking for: In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever-increasing dexterity, what exactly does democracy mean? What are the challenges, risks, responsibilities and benefits of a democratic model? And where does the community college fit in a democratic society?

We also welcome short pieces such as book and film reviews, observations, classroom exercises, reports, and more. Each issue of the Moment uses a variety of short pieces to complement the longer pieces submitted for review.

Deadline for submissions is October 29. Complete guidelines on our website: <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

#### LANE TO HOST SECOND ANNUAL OREGON WOMEN'S COMEDY FESTIVAL

Countless studies have found that laughter is not only vital to a long and healthy life, it is also an important business and educational tool. Teachers, health care providers, and managers who use humor positively are consistently found to be more effective at their jobs than those who do their job humorlessly.

But how can the average, "I wasn't a class clown in high school" person learn to use the power of laughter to improve education, business, and life? The Second Annual Oregon Women's Comedy Festival will show the way.

The festival combines educational seminars with performances by more than 20 of the funniest women in the state. The performers and teachers include nationally-known humor writer and motivational speaker and LCC instructor, Leigh Anne Jasheway-Bryant; educator/comedians Sharon Lacy and Sarah Ulerick (aka, Old S.L.U.G. Queen Bananita); musical comedians The Free Range Chix; Eugene's perennial favorite, WYMPROV!; reigning 'Funniest Person in Eugene,' Maria Qualtere; and nationally touring headliner, Susan Rice, who has appeared on ABC, CBS, A&E, HBO and Comedy Central.

Join us on Saturday, November 3 at the Center for Meeting and Learning, Building 19. Educational workshops begin at 2 p.m. and the performance starts at 5:30 p.m. Registration is \$60 for the full festival; \$40 for the evening performance alone. Registration info and sign-up are online at [www.accidentalcomic.com](http://www.accidentalcomic.com). The festival is open to all adults age 18 or older. The event is co-sponsored by The Comedy Workout and Continuing Education, and supported by Diablo's Downtown Lounge. The Festival is an official part of the GRRRLZ ROCK Concert series. Submitted by Jeff Davis, Continuing Education.

THE 2007 WAYNE MORSE National Integrity In Politics Award Dinner will be held Oct. 26 at 6PM at the Valley River Inn. This dinner will be honoring Ron Dellums, current Mayor of Oakland CA and former US Congressman. Dellums was an outspoken critic of the Vietnam war and apartheid South Africa. He helped found the Congressional Black caucus and has been a leader on environmental, labor, consumer, and civil rights issues. The Wayne Morse Historical Park Corp., in alliance with the Wayne Morse Center For Law and Politics at the UofO and the Cow Creek Band of Umpqua Tribe of Indians, conducted a nation-wide poll of politicians, journalists, university faculty, clergy, and community leaders to determine an award candidate who has demonstrated the ideals of integrity in the tradition of the late Sen. Wayne Morse of Oregon. For more than twenty years, the Park Corp. has identified worthy recipients such as CA Supreme Court Justice Rose Bird, US Sen. Lowell Weicker, US Sen. Paul Simon, US Rep. Jim Leach,

US Rep. Barbara Lee, and former Pres. Jimmy Carter. The award evening will start with a no-host reception, followed by dinner at 7PM. Entrees are a choice of chicken or vegetarian. Tickets are \$50 each, and a table of ten may be sponsored for \$500. More information can be found at [integrity.award@gmail.com](mailto:integrity.award@gmail.com) or call 682-5380. GO NUTS FOR THE HOLIDAYS! The Oregon Spirit Chorus of Sweet Adelines (of which I am a new member) is selling delicious nuts - just prior to the holidays when you'll need them for munching and baking! Since this is the first time selling nuts for this new chorus (in Salem), we're starting with a somewhat limited offering; next year, we'll add lots more variety to the list. They're sold by the pound and are delivered the week of November 6-14... before the Thanksgiving holiday. Here's what's available: Almonds -Whole, \$5.00; Cashews, \$5.25; Mixed Nuts (no peanuts), \$6.00; Pistachios (in the shell), \$5.00; Walnuts, \$5.75. ## NEWS AND ANNOUNCEMENTS

### GROUP BUS PASS STICKERS DISTRIBUTED AT BOOKSTORE

Students or staff who have an LCC Bus pass can pick up the fall term sticker beginning October 2 at the bookstore return window or at the Downtown Center. See [www.lanecc.edu/instadv/lccbuspassinfo.htm](http://www.lanecc.edu/instadv/lccbuspassinfo.htm) for more information about the bus pass. Contact: Susan Tatar, 5727.

### SUSAN TATAR EARNS FIRST LTD COORDINATOR AWARD

Susan Tatar has served as the group pass coordinator for Lane's bus pass program since its inception in the fall of 2003. She recently was recognized by Lane Transit District for outstanding service. Susan is the first recipient of the LTD Commuter Solutions 2007 Employee Transportation Coordinator of the Year Award. Facilities invites everyone to join us in celebrating her award and acknowledging her contributions, on Thursday, October 4, 2-3 p.m., building 7, room 201. Contact: Judy Ann Fuller.

### CHANGES FOR FALL MARKET VENDORS

The Student Life and Leadership Development office is doing things a little differently this year with vendors in the cafeteria. Instead of having vendors present on a day-to-day basis (with the exception of information tables for campus groups and community information), we are switching to doing events two or three times a term.

The first venue will be the Fall Market and Faire from October 8-12, from 8:30 a.m. to 3:30 p.m., featuring a few veteran vendors whom you will recognize along with some new vendors who also sell at Saturday Market. Come down to the cafeteria on your break or lunch hour and check out the goodies.

On October 31 there will be a Halloween costume contest in the south end of the cafeteria and a raffle fundraiser to benefit the holiday giving tree. This will be for staff and students.

The Holiday Market will be held November 13-16 and then again on November 19 (which will include a fundraiser clothing sale that will also benefit the holiday giving tree). Donations of clothing items will be requested of staff soon. None of the items being sold will be coming from the Clothing Stash.

If you know of any vendors who would like to participate in these events, please forward them my contact information. If you have any questions about these new changes feel free to call or e-mail me. Tina Lymath, 5336.

### CML SOMETIMES NEED TO RESERVE PARKING LOTS

Did you know the lots in front of the Center for Meeting and Learning are available for reservation by groups using the conference and event center? Upon construction of building 19, the lots were put in to serve the needs of the conference and event center. We have been fortunate to open up the lots to other campus users for the most part, but there are some dates that require us to block the lots for conference

attendees. For example: Parking Lots C and D will be reserved all day on Tuesday, October 9. Thank you, in advance, for your patience and understanding. Contact: Amanda Poston.

#### STAFF LOCKER ROOM FEE DUE

A \$12 PE fee is due Friday, October 12. Please make sure that if you are using the staff locker room this term, that you have signed up for a class that has a \$12 PE fee (or you may choose to pay the optional \$12 PE fee, if not signed up for a class). Remember that the Optional PE Fee can now be assessed to your account electronically (CRN 23558). All staff who have not signed up for a class (or paid the fee) by Friday, October 12, will be cleared from the staff locker room. We have a huge demand for space this term and need all available lockers. If you are no longer using your locker, please return all of the items that you checked out. Call Risa at 5557 or Mike at 5554 with any questions.

#### HISPANIC SCHOLARSHIP FUND DEADLINE NEARING

Scholarships from the Hispanic Scholarship Fund are currently available for the 2007\_2008 academic year. From now through October 15, students who are enrolled in an undergraduate or graduate program for Fall 2007 and who have not been awarded a 2007\_2008 HSF Scholarship, are eligible to apply. Scholarships for the 2008\_2009 academic year will be available to all students on December 1. The deadline to submit an application online ( <https://apply.hsf.net/applications/> ) for a 2007\_2008 HSF Scholarship is October 15, 2007 by 9 p.m., Eastern Standard Time. If application documents are not postmarked by the official deadline, your application will be ineligible. Contact: Jim Garcia.

#### I.T. UPDATE ON NEW DAYLIGHT SAVINGS TIME (AGAIN...)

As you may recall, the switch to Daylight Savings Time (DST) in 2007 happens on different Sundays than in years past. Most computer systems on campus were "patched" last spring to adjust for the changes. However, there may still be some lingering effects of these changes.

One specific reminder about GroupWise calendar issues. During the one week period from October 28 to November 4, it is possible that some appointments on your calendar will be offset by one hour due to the DST change. It is highly recommended that users double-check their appointments for that period and adjust them, if needed.

Please contact the IT Helpdesk at [helpdesk@lanecc.edu](mailto:helpdesk@lanecc.edu) or 4444 with any questions or problems that you may notice regarding the DST settings on your computer. Contact: Todd Lutz, Technology Support Services.

#### MOMENT DEMOCRACY DEADLINE EXTENDED

Democracy doesn't happen overnight, someone somewhere said, and we agree. So we've decided to extend the deadline for submissions to the 2008 Community College Moment Democracy Issue two weeks \_\_\_ to Monday, October 29. Get your final edits done and check our submission guidelines on the website below. Here's what we're looking for: In its most basic sense, democracy means "ruled by the people." But is it that simple? We welcome works that address a broad and inclusive notion of democracy: its relationship to individual, social, cultural, and economic needs; its application to teaching and governance in our institutions; and its relevance to the future generation of leaders now in our classrooms. In a time when words are manipulated with ever\_increasing dexterity, what does democracy mean? What are the challenges, risks,

responsibilities and benefits of a democratic model? Where does the community college fit in a democratic society?

We also welcome short pieces such as book and film reviews, observations, classroom exercises, reports, and more. Each issue of the Moment uses a variety of short pieces to complement the longer pieces submitted for review.

Deadline for submissions is October 29. Complete guidelines on our website: <https://teach.lanecc.edu/ccm/>. Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

#### FLORENCE CENTER STAFF BEACH WALK

Florence Center staff participated in the annual "Habitat For Humanity Beach Walk" Saturday, September 22 to raise local funds for new housing. The Florence Center staff is one of the original groups participating annually for this early morning three-mile walk. Contact: Bob Purscelley, 4805.

#### EXPRESSLANE HANDLES HEAVY FIRST-DAY DEMAND

The first day of fall term classes is always the highest usage day on ExpressLane. This term we experienced 6,683 unique logins (every person counted once no matter how many times they logged in). That breaks the old record, set last year, of 6,491, nearly a 3 percent increase.

Previous experience shows that the percentage increase in ExpressLane usage is higher than the percentage increase in FTE and headcount. In other words, we are using ExpressLane more in proportion to the number of students and staff.

ExpressLane performed pretty well under a record load. This is good news, especially considering that IT wanted to replace the main database server prior to the start of fall term. The equipment is more than 6 years old and at capacity. We have replacement equipment on site and are working toward a cutover during the Thanksgiving break.

Thanks to staff who are refraining from running jobs and accessing ExpressLane and Native Banner during these heavy times to make way for students to access the system more quickly. Contact: Stephen Pruch.

#### TRAVEL REIMBURSEMENT PROCEDURES CHANGED

The college is using a simplified process used by the state and federal government. The updated procedures can be found at <http://www.lanecc.edu/cops/travel.htm> A link to the new form can also be located with the procedures. The new procedures will require less documentation from travelers and use federal per diem rates for reimbursement calculations. Contact: Greg Morgan.

GO NUTS FOR THE HOLIDAYS! The Oregon Spirit Chorus of Sweet Adelines (of which I am a new member) is selling delicious nuts - just prior to the holidays when you'll need them for munching and baking! Since this is the first time selling nuts for this new chorus (in Salem), we're starting with a somewhat limited offering; next year, we'll add lots more variety to the list. They're sold by the pound and are delivered the week of November 6-14... before the Thanksgiving holiday. Here's what's available: Almonds -Whole, \$5.00; Cashews, \$5.25; Mixed Nuts (no peanuts), \$6.00; Pistachios (in the shell), \$5.00; Walnuts, \$5.75. #### NEWS AND ANNOUNCEMENTS

##### RENEWABLE ENERGY TRAINING PROGRAM AWARDED ISPQ ACCREDITATION

The Renewable Energy Technician Program has been awarded the ISPQ (Institute for Sustainable Power Quality) accreditation credential from the Interstate Renewable Energy Council (IREC).

"The experience of failed opportunities in the energy industry is the main reason why the Lane Community College Renewable Energy Technician Program applied for ISPQ program accreditation," says Energy Management program director Roger Ebbage. "Past experience has shown that without a comprehensive training platform, long-term customer satisfaction is unlikely."

To credential was developed to ensure continuity, consistency, and quality in the delivery of training. The Interstate Renewable Energy Council is the North American licensee for the ISPQ International Standard #01021 for the accreditation and certification of renewable energy training programs and instructors. IREC is responsible for the full accreditation and certification cycle. ISPQ credentials are awarded for a five-year period. For more information see <http://www.ispqusa.org>

The Renewable Energy Technician Program offers a two-year associate of applied science degree. For more information contact Roger Ebbage or see [www.lanecc.edu/science/energyMgmt/index.html](http://www.lanecc.edu/science/energyMgmt/index.html)

#### CONFERENCE COORDINATOR AMANDA ERIKSEN EARNS CMP CREDENTIAL

Amanda Eriksen, coordinator of conference services for the Center for Meeting and Learning at Lane, has earned Certified Meeting Professional certification from the Convention Industry Council. This prestigious credential is recognized throughout the meetings, conventions and exhibitions industry and demonstrates an individual's comprehensive knowledge of meeting management, according to the council.

"This was a strenuous process and is a prestigious credential, said center director Peg Allison. "All of us at the Center for Meeting and Learning are very proud of Amanda." Eriksen has been with the CML since September 2004.

Certification requires an application and a written examination administered and monitored by an independent testing agency. Eligibility to take the examination is based on an extensive review of professional qualifications. Candidates must have at least three years of employment in the meetings industry, and demonstrate responsibility and accountability for successful meetings. The comprehensive written examination tests knowledge of all functions of meeting management.

For more information see <http://www.lanecc.edu/mpr/news/rel00935.htm> or <http://www.lanecc.edu/cml> or call 3500. Eriksen can be reached at 3509.

#### ARCHIVES MONTH CELEBRATES OREGON'S UNIQUE HERITAGE

Governors, provincial leaders and mayors across North America have designated October as Archives Month since 1989 to support efforts to increase the public's awareness of archives and historical records; educate people, organizations and others about preserving their own historical records; and encourage people to explore and use the archives in their area. Oregon Governor Kulongoski issued a proclamation in recognition of archivists and their work in collecting, preserving, and providing access to the records that document our state's rich history. "These documents and records are housed in archives established by state, local and tribal governments, religious and medical institutions, colleges and universities, historical societies, libraries, museums, businesses, corporations, and families in order to preserve them so that future generations of Oregonians may accurately study the past, learn from the experiences of their predecessors, trace their ancestors, and understand their relationship to both time and place."

For more information and for a list of events in Oregon, go to: <http://arcweb.sos.state.or.us/oaw/about.htm>

Lane Community College Archives preserve the history of the college. All are welcome to visit the Archives, located in the basement of the Center Building, Monday through Friday, 8 a.m. to noon. Contact: Elizabeth Uhlig, Archivist, 5466.

INSTRUCTORS, ARE YOU USING OPEN SOURCE TEXTBOOKS? My name is Charles Long and I am the coordinator for the textbook campaign here at Lane Community College. You may remember me during spring term when I came to your faculty meetings to discuss with you about our Faculty Resolution that was passed. The reason I am writing to you is because I am looking for any instructors who are using open source textbooks, online text, or packet textbooks in their class and if they could talk to me about the positives and negatives of using them. I would only be asking for a few minutes of your time at your discretion. If you would be interested in helping me, please let me know. Thank you very much for your time and your support. HELP PLEASE! I TRAPPED 3 FERAL KITTENS AND THEIR MAMA to get them spayed, vaccinated and off the street. The mama is quite small and has mottled brown under her black coat and a small white star on her chest and kittens are similar and about 10-12 weeks old and female. They are in desperate need of fostering or adoption

to acclimate them to a non-feral way of life. I have extreme cat allergies and cannot continue to keep them in my house. They all have a lot of potential for being great pets/companions with the right kind of fostering or adoptive home. Please contact Susie Cousar at 463-5271 or 461-0511 or [questionpower@yahoo.com](mailto:questionpower@yahoo.com) if you are interested.

THE WOMEN'S CENTER IS IN NEED OF MAGAZINES like Oprah, Ebony, Women's Day, Cosmopolitan, Ladies Home General etc... Sports massage, medical massage and wellness massage businesses are visited by thousands of Oregonians annually." Contact: Kathy Calise, Continuing Education, 5911 [calisek@lanecc.edu](mailto:calisek@lanecc.edu)

### ABSOLUTE, FINAL, LAST CALL FOR SUBMISSIONS TO THE MOMENT

This is it! Deadline for submissions to the 2008 Community College Moment is Monday, October 29, 5 p.m. Wrap it up and send it in, democracy-related or not. Essays, research, sabbatical reports, works-in-progress, etc. We consider material across a broad spectrum relevant to the community college mission and environment.

We also welcome short pieces such as book and film reviews, observations, classroom exercises, reports, and more. Each issue of the Moment uses a variety of short pieces to complement the longer pieces submitted for review.

Complete guidelines on our website: <https://teach.lanecc.edu/ccm/> . Questions? Contact Steve McQuiddy at [mcquiddys@lanecc.edu](mailto:mcquiddys@lanecc.edu) or Ken Zimmerman at [zimmermank@lanecc.edu](mailto:zimmermank@lanecc.edu)

#### LCCEF NOMINATIONS OPEN

As a reminder, the nomination period is currently open for nine LCCEF Executive Council positions. These positions include: president, vice president, treasurer, recording secretary, corresponding secretary, membership chair, grievance chair, chief labor delegate and COPE chair. The nomination period will close October 31 at 4 p.m. Please return your completed nomination form, either in person or via campus mail, to Phil Powers, IT Department (my mailbox is located in Building 2, Room 110). Phil Powers, Election Committee Chair, LCCEF Local 2417.

#### EMERGENCY REMINDER

Just a friendly reminder to use the 6666 emergency number when requesting Health Clinic staff to respond to a medical situation, even if it is urgent, not emergent. You will get the most timely and effective response from us by using the emergency number. If you use our regular clinic number you may get a busy signal, get put on hold or not initially reach a staff member, which will delay our response to your medical need. The 6666 number is a special phone with a special ring that we are keyed to respond to immediately. Using that line will guarantee you a prompt response to your medical need. It is also very important when you call to give us accurate building and room information and to post a person at the building entrance nearest to Building 18 to guide us to the scene. That will assist us in giving you the quickest response possible. If you have questions or concerns please call or email Duke Vandervort, Health Clinic Director, 5665, [vandervortd@lanecc.edu](mailto:vandervortd@lanecc.edu)

#### BOARD REPORT

The Board of Education toured Siltcoos Station and heard an overview of the LCC Florence Center at its October 10 meeting. Director Bob Purscelley presented along with advisory committee chair Tom Kartude, resident Kim Kentta, business owner Kathy Wilson, instructor Debbie Anderson, Rotary president George Lewis, student David Jones, and PeaceHealth administrator Don Bourland. (See <http://www.lanecc.edu/florence/siltcoos> )

In action, the board approved the budget for an information campaign by 4-1 vote. Pat Albright dissented; Robert Ackerman and Tony McCown were absent. The board unanimously approved a request from the Foundation to permit naming opportunities for college spaces as part of the Opening Doors fundraising campaign.

In reports, the president said budget projections for fiscal year 2009 should be available by the November 2 board retreat. The board reviewed benchmarks on student headcount and FTE which show that headcount is down, but FTE is up. For more information contact Institutional Research, Assessment & Planning.

The board plans an all-day retreat on November 2 and its next regular meeting is November 6, both on main campus. Submitted by Joan Aschim, Marketing and Public Relations.

#### FACULTY RECOGNITION AWARDS

Each term you have the opportunity to recognize faculty members for the exceptional contributions they make to Lane Community College. Now is the time to nominate a faculty colleague for the fall term. Nominations close at 4 p.m. on November 8 so don't put it off. It is as easy as going to

[http://lanecc.edu/fpd/grants/fra/FRA\\_form.htm](http://lanecc.edu/fpd/grants/fra/FRA_form.htm) and completing the online form. Faculty, students, staff, management and alumni can all make nominations. Classroom instructors, counselors, librarians, cooperative education instructors, and student health faculty can all be nominated for the award. Larry Scott, FRA committee, 5458.

#### NEW ART AROUND CAMPUS

The Art on Campus Committee is pleased to share information about some of the works of art recently placed around campus from Lane's art collection.

On the fourth floor of the Center Building, ink and gouache illustrations by Elmer Jacobs have been installed as well as two monotype prints titled "Water Drops" and "Moon Rock" by Yasamoto. Jacobs was a 20th century designer and illustrator from Chicago. His illustrations, given to Lane in 1994 by Margarete Dudley, were Art and Applied Design faculty member Thomas Rubick's sabbatical focus in 2005. Rubick's sabbatical report entitled "Deconstructing Elmer: An Inquiry into the Life and Times of Elmer Jacobs" also addresses the transition from commercial art to graphic design in the United States, the unique role Chicago played in 20th century American Design, as well as an interesting oddity called the Sanity in Art Society. Rubick's full sabbatical report can be found at <http://lanecc.edu/fpd/grants/sabbatical/paid/sabbawards0405.html>

Lane is fortunate that a private donor has given funds with the specific purpose of enhancing Lane's campus with art. The Art on Campus Committee utilized some of these funds to purchase three sculptures from Lane's 2007 Outdoor Sculpture Exhibition. The selected pieces include "Process," Port Orford cedar and steel by Lane alumni, Eric Schultz, "Journeychair," wood and copper by Gilles Foisy, "Or-Kestral Movement," bronze and wood by Jeff Weitzel.

Outdoors, you will find sculpture on temporary loan from our sculpture exhibition by several of our Art and Applied Design faculty and staff: "The Difficulty in Arriving at the Same Place," cedar, galvanized steel, by Lee Imonen, "Out of the Bushes," Anagama fired stoneware by Tom Rohr, "Smallman," Port Orford cedar, steel and aluminum by Andreas Salzman, "Beloved," bronze and cement, by Ellen Tykeson, and "Untitled," bronze and steel by Gary Stanfield. For further information about art on campus contact Susan Lowdermilk, Art on Campus Committee chair, 5413.

#### EMPLOYEE CAMPAIGN PICKING UP MOMENTUM

The 2007-08 Opening Doors Employee Campaign continues to involve Lane employees from all departments, and the pledge forms are starting to roll in. The following are our Lane colleagues who've won this weeks' prizes, what they've won, and our donors: Marty Pittman won a live indoor plant donated by Dennis Carr. Pam McClelland won cashew and peanut brittle donated by Nancy Hart. Duane Partain won Lane log items donated by Michelle Erickson. Bren Tiel won a lunch and tour of the Business Development Center donated by Jim Lindly. Laura Maitland won a \$50 Zenon Gift Certificate donated by Susan Carkin.

Look for your pledge form and become eligible to win by turning it in ASAP. Thanks to our donors, and congratulations to our winners. Submitted by the We Care Committee.

#### LONGHOUSE CONSTRUCTION FUND

Dear Friends and Fellow Lane Employees: If you have already given to the Opening Doors Employee Campaign, we truly appreciate your support. If you haven't, I would like to personally encourage you to support the campaign. As someone who has been a fundraiser in the past, a commitment to giving by 100 percent of the staff makes a big impact when approaching other donors. I would like to invite everyone to consider the Longhouse Construction Fund for your donation. I recently completed my three-year commitment to the Longhouse Fund and urge others to join me as I renew my pledge. To date we have raise about \$900,000 in a combination of cash donations, grants, and in-kind gifts. We need an additional \$150-\$250,000 to finish the building. Recently a donor has pledged \$50,000 if the college can match that amount. Please help me match that pledge. The entire college will benefit from the Longhouse as a teaching and cultural resource, as well as a source of pride for our current and future students. Thank you, Dean Middleton, Lane Longhouse Committee.

INSTRUCTORS, ARE YOU USING OPEN SOURCE TEXTBOOKS? My name is Charles Long and I am the coordinator for the textbook campaign here at Lane Community College. You may remember me during spring term when I came to your faculty meetings to discuss with you about our Faculty Resolution that was passed. The reason I am writing to you is because I am looking for any instructors who are using open source textbooks, online text, or packet textbooks in their class and if they could talk to me about the positives and negatives of using them. I would only be asking for a few minutes of your time at your discretion. If you would be interested in helping me, please let me know. Thank you very much for your time and your support. HELP PLEASE! I TRAPPED 3 FERAL KITTENS AND THEIR MAMA to get them spayed, vaccinated and off the street. The mama is quite small and has mottled brown under her black coat and a small white star on her chest and kittens are similar and about 10-12 weeks old and female. They are in desperate need of fostering or adoption to acclimate them to a non-feral way of life. I have extreme cat allergies and cannot continue to keep them in my house. They all have a lot of potential for being great pets/companions with the right kind of fostering or adoptive home. Please contact Susie Cousar at 463-5271 or 461-0511 or [questionpower@yahoo.com](mailto:questionpower@yahoo.com) if you are interested.``

AT LANE WE CAN HELP "SPREAD THE WARMTH" at the Free Whiteaker Community Dinner Time for LCC's annual Sleeping Bag Project: A \$13 donation will buy a sleeping bag warm down to 25 degrees! Our goal is to have at least 250 sleeping bags to distribute at this years' Free Community Thanksgiving Dinner at Whiteaker Head Start Center. Last year we gave out 212 sleeping bags, which were greatly appreciated and prized by the guests who received them. They were the most requested item by many of the more than 2500 men, women and children, many whom are homeless or low income, who attended the free dinner and received many essential items such as gloves, hats, warm clothes and more. Your generous donation will help us help more people. Your donation, cash or a check, is tax deductible. A receipt will be provided. Please make checks payable to "Whiteaker Community Dinners". We will also be collecting gloves, hats, and socks. To donate, volunteer or for more information, please call Sue Thompson at ext. 5735 or Beverly Farfan at ext. 5395. Thank you for helping to spread the warmth!``

## NEWS AND ANNOUNCEMENTS

### PRINT SHOP ANNOUNCES DEADLINES FOR 2007-08

The deadline for submitting winter term instructional packets to Printing/Graphics has been extended until November 9. Handouts needed for the first day of winter term classes should be submitted by December 7.

Subsequent deadlines for the 2007-08 academic year are as follows: Spring term: Packets to Printing/Graphics by February 15. First-day materials due March 21.

Observing these deadlines assures timely production of your materials by the print shop and processing by the Bookstore. Questions? Contact Tom Johnson, 5373.

### HARVEST DINNER THANKS

Great thanks to everyone who contributed to the Harvest Dinner. The Center for Meeting and Learning staff and the Culinary Arts and Hospitality Management faculty and students worked extremely hard to carry out the event. Many scholarships students and community volunteers also contributed time and effort to help create the event. Nearly 400 people attended, bidding on silent and live auction items, and enjoying the "mushroomy" meal created by Guest Chef Jack Czarnecki of the Joel Palmer House in Dayton. We are still counting receipts and will provide an update once the accounting is complete. The Foundation is grateful to all who helped play a role in the department's signature fundraiser. Submitted by Kathy Thomas, 5538.

#### DROP BOX

The "unofficial drop box" for ballots has been set out outside Room 206 in Building 1 (across from the elevator). Last pickup at 4 p.m. Tuesday, November 6. No stamps required. Any questions, call Bette Dorris, 5365.

#### ANDY FOELKER MEMORIAL SCHOLARSHIP FUND

The Information Technology Department staff has established a memorial scholarship to honor Andy Foelker, who passed away October 7 at age 45 from complications of Pick's Dementia. Andy served students and staff as an information technology technician in the Information Technology Department (Computer Services) from June 1996 until his medical retirement in December 2005.

To honor Andy, the Andy Foelker Memorial Scholarship has been established. The scholarship will be used to provide funds for a second-year computer end-user support student in the Computer Information Technology Department. CIT will select the student scholarship recipient.

Donations can be made to the LCC Foundation designated to the Andy Foelker Memorial Scholarship, Account #2091. It is hoped that the scholarship will be awarded for spring term.

Andy's family is planning a celebration of life for some time around Christmas. More details will be announced when they become available. Submitted by Alen Bahret, Information Technology, 3347.

#### SOCCER SUCCESS

Women's soccer clinched a playoff appearance for the second year in a row. For details, and other athletics news, see <http://www.lanec.edu/healthpe/athletic/titans.htm>  
Contact: Sean Mondragon.

#### ATHLETICS NEEDS VOLUNTEERS

Lane Athletics has been staffing a concessions venue for the University of Oregon Portland Club prior to home football games as a fundraiser for our baseball and soccer programs. There are two games left (this Saturday, and Dec. 1 vs. OSU), and both games will be very busy. This Saturday, ESPN will once again broadcast "Gameday" from Autzen stadium so the crowds will be even bigger. Kick-off is scheduled for 3:45 p.m. so servers should plan on being there and ready to go no later than 1:15 p.m. Allow extra travel time due to increased traffic etc. I'll follow up later this week for van arrangements if we have a shuttle leaving from here.

Extra help is needed this week since Lane is hosting the OSAA state cross country championships here on campus so several of the volunteers who normally would be at concessions will be here at the meet.

If you would like to volunteer for this week's game, please contact Barb Delansky ([delanskyb@lanec.edu](mailto:delanskyb@lanec.edu)). Additional information will be provided later this week. If you

know of friends, family, or colleagues who may want to help, anyone over 18 is welcome!

Thanks for all your help -- this effort has been important in letting people know about Lane Athletics, and in establishing relationships that should yield additional opportunities in the future -- plus, it's a fun way to be part of the pre-game energy and still get into the stadium if you're lucky enough to have tickets, or home in time to watch the game. Submitted by Barb Delansky.

#### DISABILITY SERVICES FURNITURE TIP

DS-provided chairs and tables are accommodations that are placed in specific rooms for specific students. These chairs and tables are not to be removed by students, faculty, or any other LCC employee...except the responsible Facilities Management staff. Students who have furniture accommodations must request the furniture each term, so that DS knows where the furniture is needed. There is a great deal of effort by Facilities Management and Disability Services to get the appropriate furniture to the requesting students in a timely manner. So, if an adjustable table, ergonomic or padded chair appears in your classroom, do not remove it. Students who have furniture accommodations have a Letter of Accommodations (LOA) that identifies them as the student who is to use the chair/table. If there are more students with LOAs identifying them as needing furniture accommodations than there are chairs in the room, have the students come to DS and speak with Cathie. If you have questions, contact Cathie Reschke at 5079, Terri Sullivan at 5280, or Disability Services at 5150.

#### WAR VETERANS, WW II, AND WITNESSING: A SPECIAL READING TOGETHER PRESENTATION ON NOVEMBER 7

As an introduction to the two Reading Together selections, *The Souvenir (A Daughter Discovers Her Father's War)* by Louise Steinman, and *The Things They Carried* by Vietnam veteran Tim O'Brien, two local writers will share their own war-related experiences and writings on Wednesday, November 7 from 2-3 p.m. in Room 308, Building 17 (Forum). In connection with Steinman's memoir, the Reverend Edgar Peera of Eugene, a WW II vet who served in Europe, Africa, and then in Okinawa and the occupation of Korea (Korean War), will share from his editorial essays. Kim Findling Cooper, a freelance writer from Bend, will share from her essay "Witnessing" (*Oregon Quarterly*, Winter 2006) about her experiences accompanying her father, a Vietnam veteran, to an Army reunion in Texas in 2004. All veterans at LCC are especially invited to attend. This event is free and open to the public. For more information, contact Karen Myers, ALS instructor at 5830 or [myersk@lanecc.edu](mailto:myersk@lanecc.edu)

## READING TOGETHER AUTHOR LOUISE STEINMAN TO VISIT LANE

Mark your calendars for April 3, 4, and 5 to join us as we welcome Reading Together Author Louise Steinman to Lane. Steinman, author of the memoir "The Souvenir: A Daughter Discovers Her Father's War," will share her heart and her experiences surrounding her exploration of her father's military experiences. All she knew growing up was that she couldn't talk about the war or cry in front of her father.

After her parents' deaths, she finds a collection of mementos among their belongings which sends her on a quest to learn more about the mystery behind her father's shuttered gaze. You can check out a copy of her powerful book at the Lane Library Reserve Desk, or purchase your own through the Lane Bookstore. ## NEWS AND ANNOUNCEMENTS

### SYLVIA SANDOZ NAMED EMPLOYEE OF THE MONTH

Kudos and congratulations to November's Classified Employee of the Month, Sylvia Sandoz. Representatives of the Classified Professional Development Team joined staff of Institutional Research Assessment and Planning and other colleagues to present Sylvia with the award. She has worked as the technology analyst and data specialist in IRAP since August 1995. She joined LCC on an hourly basis in September 1987 in Academic Computer Labs and was hired full-time in January 1998 in the Instructional Computer Labs. Sylvia's colleagues gave numerous examples to justify her receiving this award. To name just a few, she has been instrumental in creating and providing standard sets of data/reports for instructional departments in their ongoing efforts to understand department effectiveness and efficiency. Her work with the Banner core team has been an example of her willingness to put in extra effort to achieve long-term gain, even though it meant hours and hours of additional work for her in the short term to wrangle through the details of the Banner fields. She goes the extra mile to ensure integrity in the work we do. She is the strength of LCC's data research when it comes to analyzing the college's student data. For the past 10 years Sylvia has been a member of Lane's Symphonic Band, which performs at least one formal concert at the end of fall, winter and spring terms.

Outside of Lane, Sylvia spends her time working around her four acres of property where she almost single-handedly built her dome-style home. These days you can find

her riding around on her newly acquired tractor landscaping or planting trees or playing with her two dogs. When you see Sylvia, congratulate her for doing a terrific job and celebrate her nomination as November's Classified Employee of the Month. Remember, you can help us recognize exemplary classified employees by nominating them for this award. Nomination forms are available 1) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html> ; or 2) from Elaine Marsh, IRAP, [marshe@lanecc.edu](mailto:marshe@lanecc.edu)

#### READING TOGETHER GOING STRONG IN 2007-2008

The Reading Together Program is alive and well this year! Though our coordination structure has undergone some shift, we are excited to offer two powerful books for 2007-08. The fictional work, "The Things They Carried" by Tim O'Brien, walks in the shoes of American soldiers during the Viet Nam war. The memoir, "The Souvenir: A Daughter Discovers Her Father's War," chronicles the quest of a woman seeking to find out more about World War II and how it changed her father. Books are available for purchase at the Lane Bookstore; the Lane library has copies on reserve available for check-out. To find out more about these books and the other exciting Reading Together events, visit our website at [www.lanecc.edu/readingtogether](http://www.lanecc.edu/readingtogether). Questions? Contact Jennifer Cook, 3655, [cookj@lanecc.edu](mailto:cookj@lanecc.edu)

#### READING TOGETHER BOOKS IMPACT CLASSROOM LEARNING

Reading Together has long served as a vehicle through which powerful books are used in classes to engage students in meaningful conversations and experiences. This year's theme "War: Loss, Survival, and Reconciliation" provides opportunity to engage students in discussions about the contemporary topic of war while engaging in course curriculum. For more ideas for incorporating Reading Together books in your course curriculum, visit the Reading Together website at [www.lanecc.edu/readingtogether](http://www.lanecc.edu/readingtogether) or contact Jennifer Cook at 3655 or [cookj@lanecc.edu](mailto:cookj@lanecc.edu)

#### TRIO HAS LIMITED OPENINGS

The TRiO Program has limited openings left for 2007-08. If you have students who are first generation college students, have financial need, and could use extra support to ensure their success in achieving their associate's degree at Lane or a bachelor's degree at a four-year college, please send them to the TRiO office in Building 1, Room 219, for more information and an application. Contact: Mary Parthemer.

#### CROSS COUNTRY THANKS

Thank you to everyone who helped make the Annual OSAA State High School Cross Country Championships a success. We have been the proud host of this event for 37 years, and because of the dedicated Lane Community College event staff, it gets better each year. We really appreciate the campus-wide support, and appreciate everyone's patience during this special event. We had more than 5,000 spectators and athletes, along with nearly 100 Oregon high schools represented. Special thanks to Public Safety, Grounds Dept., and General Services. Next year's date is November 1. Grady O'Connor, Meet Director, 5550.

#### GIS OPEN HOUSE WILL SHOWCASE TECHNOLOGY, CURRICULUM

A GIS Open House will be held Wednesday, November 14, from 9 a.m. to 2 p.m., first floor of the Center building, in celebration of the international GIS Day. This event will showcase Geographic Information Science (GIS) instructional opportunities at Lane. The college is in the second year of a three-year grant from the Advanced Technological

Education fund of the National Science Foundation to weave GIS technologies into courses across the curriculum. The grant project, "Mapping, Analyzing and Problem Solving Using Geographic Information Science: Implementing a GIS Curriculum for Technical Literacy," infuses GIS into science, social science and computer information technology courses. Additionally, four new courses that feature GIS and geospatial technologies are offered this year. Students completing this sequence earn a Career Pathways certificate in Geographic Information Science.

GIS is a computer-based mapping tool that takes information from a database about locations such as streets, buildings, water features, and terrain, and turns it into visual layers. The ability to see geographic features on a map gives users a better understanding of a particular location, enabling planners, analysts, and others to make informed decisions about their communities.

The open house will include demonstrations of GIS in action. GIS faculty and students at Lane will be joined by Stan Lenhart, crime analyst for the City of Eugene, and Alethea Steingisser, award winning cartographer from the University of Oregon, to discuss the program and how this technology can be applied in the modern workforce.

GIS is used to solve problems related to the environment, health care, land use, business efficiency, education, and public safety. The power supply directed to homes, the patrol cars and fire trucks that keep neighborhoods safe, and the delivery trucks on the road all function more efficiently because of GIS. This technology also helps businesses place ATMs and restaurants at more convenient locations, allows people to pull maps off the Internet, and help farmers grow more crops with less chemicals.

Jane Benjamin, the grant's principal investigator and a geography instructor at Lane, hopes that the GIS activities will engage students in real-world scenarios that demonstrate social and scientific relevance. Collaboration and teamwork will foster the interpersonal and organizational skills that are prized in today's workplace. "Basic literacy in this rapidly advancing technology will open doors and prepare students with important job skills and future career choices," she says. "Our project will introduce large numbers of community college students to the potential GIS offers in solving significant social and scientific problems." Contact: Eric A. Sproles.

#### IT SYSTEMS MAINTENANCE NOTICE

THANKS FOR PAYING IT FORWARD: Thanks so much for the overwhelming response to our request for supplies for our new six-year-old boy. It seems like every time there is a need, the Lane family rises to the occasion with a huge outpouring of generosity and encouragement. It's a wonderful thing to contribute and belong to something bigger than ourselves. To all who responded with help, our family appreciates you so much, and I know God has noted your blessing. Laura Martin x5795.

A HEART FELT THANKS from the Whiteaker Free Community Thanksgiving Dinner to Chef Clive Wanstall, Chef Chris Crosthwaite, Brian Kelly, and the Culinary Arts program students who spent many hours before and during the event preparing the food for 2,500. Thanks to the staff, students, and community members who helped peel 800 pounds of potatoes and the many other food preparation activities. Special thanks to Sue Thompson who organized the "Help Spread the Warmth" sleeping bag drive. Thanks to Lane staff, family, and friends Lane raised money for 250 sleeping bags and 150 blankets. Thanks also for Sue and her team of Lane staff and friends who braved the cold to distribute the much appreciated 260 sleeping bags, 181 blankets, 92 backpacks, 96 pieces of rain gear, 780 pairs of gloves, 185 hats (some knitted by Lane staff) and 1,280 pairs of socks (many bought with change collected in "Sock" jars in the cafeteria). Thank you to all the staff and students who helped with the many before, during, and after activities. Lane joined many community businesses, organizations, individuals, and families to make a special day of sharing and caring for 2,500 men, women, and children. ## NEWS AND ANNOUNCEMENTS

### STORMS KNOCK OUT FLORENCE CENTER POWER

LCC Florence Center was closed for a few hours yesterday due to power outages resulting from coastal storms packing hurricane force winds along the Oregon Coast. According to center director Bob Purscelley, "We have a hardy bunch of employees at the Florence Center willing to stay and keep the flag waving to serve students even in the face of a hurricane and no power." All neighboring schools closed including Oregon Coast Community College. Winds were recorded reaching 125 miles per hour at the headlands. "It should be noted the Florence Center has not closed due to inclement weather in nine years, much to the displeasure of the staff," said Purscelley.

### BUILDING TEMPERATURES

During the upcoming holiday break, many systems may be shut down for energy savings. If there is a period of extreme cold, some systems may take longer to come back up and warm the buildings. This was experienced after the long Thanksgiving weekend when a combination of cold weather and some mechanical problems caused buildings to warm up slower than usual. Facilities staff check all the variables to troubleshoot the cold temperatures in buildings and try to have buildings at normal business hour temperatures when staff come back. As a reminder, during cool weather

months, the guidelines for temperatures indoors during normal business hours is 68-73 degrees F and 63-82 degrees F for hallways, lobbies, stairwells, and other large open spaces. To report problems with temperatures outside the guidelines, please contact Facilities Management and Planning at 5216 or e-mail at [FacilitiesOffice@lanecc.edu](mailto:FacilitiesOffice@lanecc.edu)

#### IT UPDATE

Due to the number of limited working days between now and winter term, departments are encouraged to send in any new staff account requests. If you have new staff that will need GroupWise and Novell accounts starting winter term, please email them to [GWRequest@lanecc.edu](mailto:GWRequest@lanecc.edu) as soon as possible. Thank you - Ardene Toney and Denise Brinkman.

#### FACILITIES PROJECT UPDATES

**LONGHOUSE:** Subgrade plumbing and electrical is in and has been approved. Facilities is receiving bids for portions of the work. More backfill and preparation work for the concrete slab will begin soon.

**BUILDINGS 10/200 & 11/131 REMODELS:** The carpenters are making and installing cabinetry. Building 11, room 131 is also having some lighting upgrades and a stove installation next week. Both rooms are used by the Art department.

**BUILDING 12/119A:** This former computer lab is being refurbished as a general use classroom for winter term. Facilities staff have painted the room and new flooring will be installed in the next two weeks.

**BUILDING 7 STORAGE YARD ROOF:** Facilities is waiting for the permit before commencing work on covering the open area at the east end of Building 7. It will be used by recycling to provide a better space for workers.

**DOMESTIC HOT WATER UPGRADE:** A contractor will be installing 27 shut-off valves and replacing sink fixtures in the Center Building during winter break.

**KLCC Downtown Remodel:** The project is nearing completion. The building is being prepared for occupancy and the department is planning to start moving in mid-December.

**WASTEWATER PLANT/SLUDGE REMOVAL:** Excess water will be pumped out over the winter months. There won't be any further activity or updates until spring.

**WINTER PREPARATION:** Trades are doing roof inspections, repairs and cleaning, and dealing with lighting issues to prepare for the winter months.

**IT DATA CENTER UPGRADE:** Facilities and IT staff are coordinating work to install an air conditioning unit in the server room and upgrade the UPS/PDU (Uninterrupted Power Supply/Power Distribution Unit) for IT. The equipment delivery has been delayed so a shut-down has been postponed until after the winter break.

Submitted by Susan Tatar for Facilities Management and Planning.

#### RAINWATER HARVESTING IRRIGATES STUDENT LEARNING GARDEN

With the upcoming demolition of Building 20, Lane's rainwater collection system needed a new home. That's why Lane faculty, staff, and students collaborated to move it to the student learning garden. The garden is located to the south of the Child Care Buildings. Students use the garden to grow organic fruits and vegetables for Food Services and the culinary program. The rainwater harvesting system will collect 1,550 gallons of water over the winter that will be used to water the garden during the summer. The system will help reduce Lane's energy and water bills and will also provide students with the opportunity to use sustainable gardening techniques. For photo and information, see <http://www.lanecc.edu/mpr/news/newsatlane.htm>. Submitted by Jennifer Hayward.

My last day on campus will be 12/13/07. Greg Morgan will be responsible for Public Safety during this transition period. It has been a privilege to invest most of my working career here at Lane where we assist people in accomplishing great things. Thank you all for being who you are and for making Lane the great place it is. Sandy Ing-Wiese, Director, Health and Safety for only a few more days.

### NEWS AND ANNOUNCEMENTS

#### MAN (MUNG) NGUYEN BUI NAMED EMPLOYEE OF THE MONTH

Representatives of the Classified Professional Development Team joined staff of Continuing Education at the Downtown Center and other colleagues to present Man Nguyen Bui with the Employee of the Month award for December. Mung has worked as the financial specialist in Continuing Education since July 1996. She joined LCC on November 1, 1983, as a grant-funded clerk in Adult Basic Education. She has also worked in ABE/ESL. Mung's colleagues gave numerous examples to justify her receiving this award. To name a few, Mung is an employee who understands the importance of teamwork in the Continuing Education Department, participation in the community, and service to clients. She is the biggest recycler at the Downtown Center. If it can be used again, she makes sure it is. Mung is a great problem solver. If she can not answer a student's question she will investigate the question and get back to the student. Mung values diversity. She loves to go out to the lobby or front counter to help with non-English speakers, including the many Hispanics and Asian students at the DTC. She takes pride in helping them to get enrolled and started on their path to LCC. Mung is resourceful, hard working and a joy to work with. She is effective in dealing with difficult situations and possesses a strong desire to help students and co-workers address challenges. She serves Lane and the public very well, and her co-workers truly appreciate her. When you see Mung, congratulate her for doing a terrific job and celebrate her nomination as December's Classified Employee of the Month. Remember that, you too, can help us to recognize exemplary Classified employees by nominating them for this award. Nomination forms are available: 1) on the CPDT website: <http://www.lanecc.edu/cpdt/eom.html> ; or 2) from Elaine Marsh, IRAP: [marshe@lanecc.edu](mailto:marshe@lanecc.edu) .

#### STUDENT SCHOLAR NOMINATIONS DUE DECEMBER 12

[brysonj@lanecc.edu](mailto:brysonj@lanecc.edu) Nominations should include the student's name, student contact information and a brief description of how the student meets the established criteria: excellence in the classroom, intellectual curiosity outside the classroom, evidence of substantial development of their talents, and ability to share this development with others. Deadline is December 12. Scholarships from a variety of four-year institutions are available for the selected scholars. The students will be invited to attend a recognition luncheon in Salem in the spring with Governor Kulongoski. Contact: Jackie Bryson, 5164 or [brysonj@lanecc.edu](mailto:brysonj@lanecc.edu)
