TEA AND TOPICS: TALK ABOUT YOUR TEACHING: Start the term and the year off with a conversation with your colleagues! Join us this Thursday, January 10 from 3-5 pm in 30/114 for refreshments and discussion about how to infuse "college knowledge" into courses and co-curricular activities. "College knowledge" is a shorthand term used by David Conley and others for key learning skills such as strategic reading, self-monitoring, and college customs students need to know to succeed. Find out more about the Curricular Infusion Project—what it is, how to apply for funds, and how to develop your own infusion. You could walk away from this Tea and Topics with ideas developed and an application in hand! Part-time faculty who attend 3 or more "Tea and Topics" in 2012-13 are eligible for a stipend. MICHAEL LEVICK NAMED EMPLOYEE OF THE MONTH

[Editor’s note: reprinted from Dec. 18 Lane Weekly]

Kudos and congratulations go to December’s Classified Employee of the Month – Michael Levick of the Academic Technology Center. Representatives of the Classified Professional Development Team joined staff in ATC to present Michael with the EOM award for December 2012. He began working at LCC in December 2003. Michael operates in high performance mode on a daily basis and is someone who has unyielding dedication to customer service and advocacy – who patiently assists faculty and students with technical glitches, uncertainties, frustrations, and curiosity, phones ringing, inbox filling, and clients tapping him on the shoulder at every turn. Michael still finds time to counsel, guide, and train the interns of the ATC and this is why he is an exemplary employee and leader within the ATC. Michael recently exceeded even this “normal” level of performance, patience, and dedication with the transition to Moodle 2 fall term. He volunteered to work the weekend – Saturday and Sunday – prior to the first day of class so that he could continue working through questions and system problems – to continue fielding phone calls and emails from faculty and students. He is an outstanding leader and inspiration within the team, and he fully deserves employee of the month. When you see Michael, congratulate him for doing a terrific job and celebrate his nomination as LCC’s December’s Classified Employee of the Month. And remember that, you too, can help us to recognize exemplary classified employees by nominating them for this award by the 15th of each month. Nomination forms are available: 1) on the CPDT website:

<http://www.lanecc.edu/cpdt/recognition/eominfo.html> or 2) from Elaine Marsh, IRAP, marshe@lanecc.edu

OREGON TRANSFER DAY FEB. 5

In an effort to assist Oregon community college students to successfully transition to a four-year college or university, Oregon's community colleges and four-year universities collaborate each year on a statewide tour to all 17 Oregon community colleges. Community college students across the state are welcomed and encouraged to join in these fun, informative events, whether they are actively planning to transfer, or just starting to consider their four-year degree opportunities. The workshop will be at Lane on Feb. 5.

First launched by a coalition of admissions professionals in 2007, the annual Oregon Transfer Days outreach tour brings admissions and recruitment professionals from Oregon's seven public universities, private and out-of-state colleges to all 17 Oregon community colleges to help students understand and prepare for the next step in their college careers. Students will have the opportunity to meet with college and university representatives, and will learn more about each campus's offerings, admissions requirements, choosing courses wisely, navigating college costs and financial aid, and tools to make their transition as seamless as possible.

Oregon Transfer Days is a successful partnership effort among many diverse public and private colleges and universities, who share a common goal of helping students to succeed in the exciting transition to four-year colleges and universities. Thousands of students each year make the transition from a community college to a 4-year college or university, and planning ahead helps students to find the right fit in a college program and to transfer credits effectively, saving money and time. At Oregon's public universities alone, the numbers of community college students transferring increased significantly by 70% percent in the last ten years, from 4,159 in 2001-02 to 7,065 in 2011-12. The increase can be attributed to numerous factors and new partnerships, including co-enrollment and articulation agreements between community colleges and universities; new options such as the Oregon Transfer Module, which enable students to ensure that their credits will apply at a 4-year institution; and a greater recognition that having a 4-year degree provides additional opportunities in the job market.

The Oregon Transfer Days tour is scheduled to begin January 14th and will conclude on February 21st, with most events held from 10:00 am -1:00 pm on community college campuses. The tour is administered by a task force of Oregon Association of Collegiate Registrars and Admissions Officers (ORACRO). More information can be found at <http://oracrao.org/oregon-transfer-days/> or by contacting coordinator Joan Jagodnik at jagi@pdx.edu. At Lane, contact Judy Rocha.

"PAUL ROBESON" MARCH 8

A play written by Philip Hayes Dean and performed by Lane faculty member, Dr. Stanley Coleman, "Paul Robeson" will be performed Friday, March 8, at 7:30 p.m., and Sunday, March 10, 2 p.m., both in the Ragozzino Performance Hall, Building 6. This is a powerful chronicle of the life of Paul Robeson, taking us from his childhood in New Jersey to his adult life around the world. An All-American athlete and a lawyer with Columbia Law School credentials, Robeson faced the racism prevalent in society in the early part of the 20th century. He strived to rise above, and it is his triumph in that struggle that turned Robeson into a modern day hero. Realizing the racist system would not allow him to practice as a lawyer, Robeson turned to singing, something he had learned well in the church choir. His singing led to acting and his acting, with all the accolades due a master, led him around the world. But every place he visited he saw the strains of racism in its many forms. He was blacklisted and his passport was revoked, but he went on speaking out whenever he could. For eight years he fought to clear his name. Finally, the social climate began to change and toward the end of his life, Robeson's passport was reinstated along with some of the glory and respect he earned along the way. This play is a powerful look at the many facets of Robeson the man, as well as Robeson the star. It is a "tour-de-force" for any actor.

About the performer: Dr. Stanley Coleman has directed and taught theatre and speech for over 30 years and has a Ph.D. in theatre from Louisiana State University. He currently teaches speech at Lane. In addition, Dr. Coleman is a singer, actor and pianist, having performed the one-man show, "Paul Robeson," throughout Louisiana and New Mexico. Dr. Coleman has won numerous acting awards, including a Best Actor's award from the Lafayette Community Theatre for his portrayal of Hoke in "Driving Miss Daisy."

If you need disability accommodations in order to attend this event, contact Disability Resources at 5150 or (541) 463-3097 (TTY) one week in advance. DEPARTMENT SUSTAINABILITY FEATURE OF THE MONTH – FACILITIES MANAGEMENT AND PLANNING

Facilities Management & Planning has taken great strides towards reducing its impact on the environment. Pesticide use has been eliminated from campus gardening practices. Native landscaping installations help to restore wildlife habitat while creating a natural space that requires very limited maintenance. A new Integrated Pest Management Plan provides FMP employees with steps to eliminate pests from buildings without using chemicals. Electric hand dryers in restrooms reduce garbage and allow custodians to spend more time on cleaning and less time on emptying trash. Campus planners consider sustainable design including use of locally-sourced building materials and daylighting and the FMP office is moving to paperless systems across the board. Please visit the Institute for Sustainable practices website for more information: <http://www2.lanecc.edu/sustainability> Contact: Jennifer Hayward.

DIGITAL STORY OF THE WEEK – “A STRUGGLE WITHIN REACH”

“A Struggle Within Reach” is a digital story by Jacinta, an indigenous Mayan woman. It is told in Spanish with English subtitles. It is a story about gender bias, family solidarity, and the power of education for women.

A digital story in the educational context is a short video narrated in the first person over media created or collected by the author. High multi-media values are not the point; what is important is the power and authenticity of one person’s voice. See it online at:

A “KEY” REMINDER FOR STAFF

Facilities Management and Planning now takes care of the production and distribution of all metal keys on campus. This occurred during the summer of 2012. Previously, Public Safety

managed this service. FMP is located in Building 7. Access Control Cards (aka "key cards") are still managed by Public Safety. Contact: Jace L. Smith, Chief, LCC Public Safety, 5561.

A NOTE FROM YOUR FAMILY DOCTOR

We are currently seeing a rather abrupt and significant increase in cases of influenza across the country. As your defacto onsite public health officer, I strongly encourage adopting the policy recommended by the CDC for containment of this disease.

1. If you are sick with influenza symptoms: fever, muscle aches, headache, cough, stay home!
2. Do not return to campus until you have felt well, without a fever, for 24 hours.
3. Adopt the same policy for your students. Do not tell them to come to the clinic just to get a note. This policy of requiring notes is a recipe for a public health disaster. We will not be providing notes to substantiate illness.
4. If you have not already received a flu shot, do so. We have dispensed our allotted amount already, but many pharmacies still have them available.

The following editions of "The Doctor Is In" have great tips for self care. Although some were developed initially for the H1N1 flu virus, the basics still apply. Find them here:

BLACK STUDENT UNION SEEKS SCHOLARSHIP FUNDS

The Black Student Union at Lane Community College is seeking donations for its annual BSU Scholarship. The scholarship award is announced at the annual Martin Luther King Jr. Day Community Celebration, an event originally founded by Lane students.

The Lane BSU is a diverse group of students who actively promote African American culture on campus and in the community. They work to educate, promote and create awareness; provide a safe space for learning about issues affecting the African American community; and promote cultural unity within the student population and in the community at large. Find out more at

INNER-CAMPUS ACCESS IMPROVED FOR BIKE COMMUTERS

In support of Lane's commitment to sustainability and the growing number of riders who commute to main campus by bicycle, Public Safety has updated the college procedure and now allows cyclists to ride on inner campus pedestrian walkways.

Safe and courteous riding is mandatory. Public Safety will cite riders who endanger the safety of others.

Bicycles must be kept on pavement and off trails and lawns. Bicycles are subject to the laws and regulations that apply to automobiles as well as those that apply specifically to bicycles.

We hope this new accommodation encourages more people to lower their carbon footprint by commuting by bike.

DAVID JOYCE GALLERY EXHIBIT SAMPLES THE FLAVOR OF "SALTY"

Reception is March 7

The David Joyce Gallery in the Center for Meeting and Learning has opened its winter exhibit, "Taste and Flavor: Salty." A gallery record of 20 Oregon artists are celebrated, featuring more than 50 art works in a variety of mediums that reflect themes of "salt" and "salty." Artists are: Lane faculty and staff Jerry Ross, Dan Welton, Jim Bailey, Kathryn Torvik, Joe McCully, Lisa Rupp, and Tana Stuart; Lane art student Larena Cornell; and local artists Mike Van, Robin Cushman, Gladys Bacon, David Putzier, Kat Sloma, Anne McRae, Sandy Harris, Stefani Thompson, Rachel McLain, Yunie LaNoue, Bonnie Powell, and Jill Ledet. The exhibit designer is local artist and art consultant Susan Detroy.

"Taste and Flavor: Salty" represents the life-giving essence of salt, the beauty of the sea, crowded beaches, haunting seascapes, boats, creatures of the ocean, salty foods and seafood, and other nautical images. "Salty" human character portraits are also illustrated as well as stunning images of salt in true mineral formations. Mediums range from fiber and bead art to "macchia" style oil paintings.

In addition to "Taste and Flavor: Salty", the gallery is showcasing a collection of eclectic, photographic cutout fragments of artist David Joyce (1946-2003) to whom the gallery is named. David was an art instructor at Lane for 25 years and most known in the community for his monumental flying people mural "Flight Patterns" at the Eugene Airport.

"Taste and Flavor: Salty" runs through Friday, March 22, Mondays through Fridays from 8 a.m. to 5 p.m. All art is for sale with 25 percent of the proceeds supporting the gallery. FRIENDLY RENTER: Looking for a straightforward, sweet spot to call home, long term. Love to rent your studio, mother-in-law suite, or small one-bedroom bungalow. Self-sufficient with full kitchen is a must. No tub? No problem. Toilet and shower? Absolutely. Functional and clean over pretty. Weatherized, with plenty of natural light. Quiet. As long as I live no more than a half hours' walk to downtown, I am good. Sold my car awhile back. Strongly prefer central, south, or southwest neighborhoods. I will be the only occupant: early 40s female; no pets, no smoking; stable income (LCC library and graphic artist). Will provide excellent refs. Have lived in the area 15+ years. Permaculture - compost - bees - chickens - bicycles = yes! Really enjoy fitting into a community, with a core private living space. How about a yurt? RV? Converted school bus? Work trade? House sitting considered as a short-term solution; options open. Look forward to speaking with you! Victoria, [541-844-6664](tel:5418446664).

Ten local brewers each chose a different style from the list of British Isles Beers -- deciding the recipe, yeast and hops on their own while all starting with the same base malt. Come by the Collaboration Booth and take the tour!

Home brewers can submit their brews to the KLCC Home Brew Competition. Entries are being collected at Falling Sky Brewing through February 1. Women Enjoying Beer will be at the Festival to share some "edutainment" and beer trivia with the audience.

The Microbrew Festival is KLCC's largest fundraising event of the year. KLCC is a public radio station licensed to Lane Community College, providing NPR News and a variety of music programs to western and central Oregon. All proceeds from this event will support KLCC. For more information: www.klcc.org or (541) 463-6000.

Thank you to our event sponsors and partners: Dari Mart, The Bier Stein, Capella Market, Emerald Media Group, Falling Sky Brewing, Hopunion, Midtown Direct Smoke Shop, Rennie's Landing, Ring of Fire, Safeway, Sundance Natural Foods, and Windermere Real Estate. Submitted by Gayle Chisholm.

DIESEL MECHANICS STAY CURRENT WITH LANE TRAINING

More than 75 diesel mechanics from throughout the Willamette Valley attended a training in January led by Clint O'Neill of Pacific Power Products on how to comply with the latest diesel emission standards in the industry.

The training was held at Lane and co-sponsored by the Diesel Technology Program and Oregon Trucking Association with the support of Detroit Diesel, Cummins, and MAC Trucks. The training was part of a quarterly series at Lane to provide timely and relevant information to the trucking and heavy machinery industry in the region. The trainings also present an excellent opportunity for local industry members to stay connected with Lane's Diesel Technology Program. See the full story and a photo at:

HEALTH CLINIC DOES NOT PROVIDE NOTES FOR STUDENTS

Flu is rampant across the country and the best defense is to isolate those taken ill as quickly as possible. Consistent with Public Health guidance the Lane Health Clinic will not provide notes to students documenting illness. This is intended to discourage sick students from leaving home and exposing others. It is also a poor use of scarce appointments as there is little benefit (in the absence of unusual complications) that can be provided for viral infections. This is the same policy used at the University of Oregon and recommended by public health authorities across the country. Accommodation of ill students is of course up to each faculty member but any

policy that encourages attendance by an ill student is not in the best interests of either that student or the rest of us. Submitted by Greg Morgan.

LEARNING GARDEN UP AND GROWING FOR WINTER TERM

Lane's Learning Garden is excited to announce that we are up and growing again for winter term. Please join us in growing our unique campus small farm program—we are student and staff supported. Work parties are held every Tuesday and Friday from 12-4 p.m., so drop in, rain or shine, to come garden with us. No gardening experience is necessary and there is a diversity of activities for people of all ages and physical abilities. We also have gardening workshops every Friday from 12-1 p.m., so come learn more about growing your own food in the Willamette Valley. For a schedule of workshop topics visit: <http://www2.lanecce.edu/sustainability/learning-garden-club> Please contact Learning Garden Specialist Julie Sheen at sheenj@lanecce.edu or 5899 for more information or to schedule a visit or gardening lesson for your class.

FERPA TIP: NOT SHARING THE "UNDER 18" CODING ON THE CLASS ROSTER

Students who enroll at Lane under 18 have a special code of "Under 18" which appears in red on the myLane class roster for faculty to view. This is done to be in compliance with regulations that we have admitted students under 18 through a special process. These students are also identified in the event that a registered sex offender brings it to a faculty member's attention that they can not be in a class with a student under 18. In that situation, the under 18 student must never be identified; the student who is a registered sex offender must choose another section or course without a student under 18. If the student or faculty member has any questions about this process they may contact Kate Barry, Executive Dean of Student Affairs, 5732.

A student's age is protected information under the Family Educational Rights and Privacy Act and can not be shared with other student without their written permission. We respectfully ask that faculty not display the "Under 18" or the "Confidential" indicator in a manner that can be viewed by anyone, but the student and the instructor.

If you have questions on this and/or would like to invite Helen B. Garrett, Dean of Enrollment Management Systems to provide updated FERPA Training for your department or staff, please contact her at 5686.

VETERANS SERVICES NOW WITH ENROLLMENT AND STUDENT FINANCIAL SERVICES

Just a reminder for those needing to connect with the manager over Veterans Services that it is now Helen B. Garrett, Dean of Enrollment Management Systems in Enrollment and Student Financial Services. Helen is at garreth@lanecce.edu and 5686.

Nancy Hart, Associate Dean of Student Affairs, Disability Resources and Child and Family Education, along with faculty member Michael Samano, led the way to creating the new Veteran Services area through the foundational work done under the Walmart/ACE LIVE grant and we are now seeing the wonderful ramifications of their vision and efforts.

We invite you to visit the Veteran Services suite which is in Building 19/233, just before you cross over to Building 1 from Building 19. You'll find Ellen Jones, our Veterans Affairs Certifying Official in the front office assisting both veteran students and students receiving family benefits with their VA benefits. You'll also see Sharon Hainley who is the admin for Veterans Services and the liaison to the Maxwell Student Center. Students are actively using the new Maxwell

Student Veterans Center to study, connect, check Facebook and just have a place to hang out. Finally we have the LIVE office, which is used by community members serving veterans and our CASE grant career coaches from Workforce Development to meet with student veterans to provide a variety of services to support them with their education and life needs.

The Lane Veteran Student Club has its first meeting this week, as well, so watch for more details to come on their activities which are funded by the ASLCC student activity fee. We are grateful to faculty member, Richard Murrell, who has taken on the role as advisor to the club, as well. Contact: Helen B. Garrett, Dean of Enrollment Management Systems.

Admission includes three beer tastings and a souvenir glass! Additional tastings are \$1 each. Guests must be 21 and over.

Microbrew aficionados will find 57 breweries from Oregon, California, Washington, Colorado, Alaska, Illinois, Hawaii and even Vermont & Delaware. Breweries will offer samples of their most popular brews and many specialty brews, such as S'More Stout from Base Camp of Portland, The Immortal IPA from Elysian of Seattle, Bitter American from 21st Amendment of San Francisco, and Allies Win The War from Ninkasi of Eugene! Over 120 brews will be on tap for tasting, including several ciders.

A Mega Music Sale is also part of the event -- with thousands of used records and CDs at ridiculously low prices. And two hot bands will keep the party hopping all weekend long. Eugene's Sol Seed will sway the house on Friday at 7:30 p.m. On Saturday, KLCC's The Porch Band will kick things off at 6:30 p.m., and Portland's Sallie Ford & The Sound Outside will bring their modern/vintage sound to the stage at 8 p.m.

For the 2013 Collaboration Brew, the brewers of Eugene are providing festival goers with a Tour of the British Isles. Ten local brewers each chose a different style from the list of British Isles Beers -- deciding the recipe, yeast and hops on their own while all starting with the same base malt. Come by the Collaboration Booth and take the tour!

Home brewers can submit their brews to the KLCC Home Brew Competition. Entries are being collected at Falling Sky Brewing through February 1. Women Enjoying Beer will be at the Festival to share some "edutainment" and beer trivia with the audience.

The Microbrew Festival is KLCC's largest fundraising event of the year. KLCC is a public radio station licensed to Lane Community College, providing NPR News and a variety of music programs to western and central Oregon. All proceeds from this event will support KLCC. For more information: www.klcc.org or (541) 463-6000.

Thank you to our event sponsors and partners: Dari Mart, The Bier Stein, Capella Market, Emerald Media Group, Falling Sky Brewing, Hopunion, Midtown Direct Smoke Shop, Rennie's Landing, Ring of Fire, Safeway, Sundance Natural Foods, and Windermere Real Estate. Submitted by Gayle Chisholm.

JAM THE GYM FEB. 9

The Lane Titan basketball teams will host their Sixth Annual Jam the Gym night on Saturday, February 9, in the building 5 gym. This year the event supports Food for Lane County and also the Play for Kay breast cancer awareness campaign sponsored by the Women's Basketball Coaches Association.

DEPARTMENT SUSTAINABILITY FEATURE OF THE MONTH – CONFERENCE AND CULINARY SERVICES

Conference and Culinary Services achievements in sustainability are many. Students plan menus around locally harvested produce. The programs include a capstone project in which students plan and prepare a banquet all from food grown within 100 miles of Lane. The Center for Meeting and Learning composts all food waste, uses only reusable china, silverware, and glassware for onsite events, and offers "100-mile meal" options for breakfast, lunch and dinner. Foodservices sells only organic, fair trade and locally roasted coffee, provides a \$0.15 discount when you use your own mug for your beverage purchase, and almost all of the packaging sold in Foodservices is either compostable or recyclable. But, as long as you are being truthful to yourself, your idea and your dream, thought courage and effort, you may turn your dream into reality, this process itself is beautiful."

The show runs from February 11 to March 15. A brief lecture will be held Thursday, February 14, beginning at 3 p.m. with a reception immediately following. The lecture and reception are free and open to the public. The gallery is located in Building 11. There is no charge for admission. For information call Art and Applied Design at 5409.

BONNIE SIMOA PERFORMS BALINESE DANCE AT ASIAN CELEBRATION FEB. 15

The 200-year old traditional Balinese Legong dance is brought to life in Eugene on Saturday, February 16 at 1:50 p.m. at the Asian Celebration at the Lane County fairgrounds. Rarely performed even in Bali, Bonnie Simoa and her dancers from Lane perform this mesmerizing dance that emerged in the palaces of Balinese royalty. Due to its length and complexity, few dancers have the stamina and concentration required for this 40-minute dance. Complex and enchanting, the audience will experience why the dance is described as the "epitome of femininity and grace."

Gorgeous in glittery gold and jeweled detailed, and headdresses adorned with flowers, the dancers must move with remarkable precision while they embody bold and ancient characters. For Bali lovers, or those who dream of traveling there, this performance is not to be missed. For a photo and more information see

"PAUL ROBESON" MARCH 8

A play written by Philip Hayes Dean and performed by Lane faculty member, Dr. Stanley Coleman, "Paul Robeson" will be performed Friday, March 8, at 7:30 p.m., and Sunday, March 10, 2 p.m., both in the Ragozzino Performance Hall, Building 6. This is a powerful chronicle of the life of Paul Robeson, taking us from his childhood in New Jersey to his adult life around the world. An All-American athlete and a lawyer with Columbia Law School credentials, Robeson faced the racism prevalent in society in the early part of the 20th century. He strived to rise above, and it is his triumph in that struggle that turned Robeson into a modern day hero. Realizing the racist system would not allow him to practice as a lawyer, Robeson turned to singing, something he had learned well in the church choir. His singing led to acting and his acting, with all the accolades due a master, led him around the world. But every place he visited he saw the strains of racism in its many forms. He was blacklisted and his passport was revoked, but he went on speaking out whenever he could. For eight years he fought to clear his name. Finally, the social climate began to change and toward the end of his life, Robeson's passport was reinstated along with some of the glory and respect he earned along the way. This play is a powerful look at the many facets of Robeson the man, as well as Robeson the star. It is a "tour-de-force" for any actor.

About the performer: Dr. Stanley Coleman has directed and taught theatre and speech for over 30 years and has a Ph.D. in theatre from Louisiana State University. He currently teaches speech at Lane. In addition, Dr. Coleman is a singer, actor and pianist, having performed the one-man show, "Paul Robeson," throughout Louisiana and New Mexico. Dr. Coleman has won numerous acting awards, including a Best Actor's award from the Lafayette Community Theatre for his portrayal of Hoke in "Driving Miss Daisy." Sponsored by the Diversity Strategic Direction Committee and Diversity Office. For more information contact Donna Koechig at koechigd@lanecc.edu or 5307.

This exhibit by Tie Li works in a combination of painting and mixed media. His work is reflective of the past and he uses found imagery to convey this reference. "To me, sometime art making is a process of turning yourself inside out. It's not easy to face reality, which often is not pleasant or beautiful. But, as long as you are being truthful to yourself, your idea and your dream, thought courage and effort, you may turn your dream into reality, this process itself is beautiful." The show runs through March 15. The lecture and reception are free and open to the public. For information call Art and Applied Design at 5409.

BONNIE SIMOA PERFORMS BALINESE DANCE, Saturday, Feb. 16, at the Asian Celebration, Lane County fairgrounds. The 200-year old traditional Balinese Legong dance is rarely performed, even in Bali. Bonnie and her dancers from Lane will perform

this mesmerizing dance that emerged in the palaces of Balinese royalty. Due to its length and complexity, few dancers have the stamina and concentration required for this 40-minute dance. Complex and enchanting, the audience will experience why the dance is described as the "epitome of femininity and grace." Gorgeous in glittery gold and jeweled detailed, and headdresses adorned with flowers, the dancers must move with remarkable precision while they embody bold and ancient characters. For Bali lovers, or those who dream of traveling there, this performance is not to be missed. For a photo and more information see <http://www.lanecc.edu/mpr/news/rel01630.htm> Contact: Bonnie Simoa, 5645, simoab@lanecc.edu

FMP SCANNING/ARCHIVING PROJECT CONTINUES

The first and most difficult phase of the FMP scanning/archiving project is complete. A total of 191 boxes of project manuals, and pertinent paperwork was boxed, labeled and prepared for storage in college archives. The scanning project database of digital drawings consists of over 9,700 plans that have used a bit over 375 gigabytes of network storage space. All drawings have been scanned, organized and re-filed in drawers in the FMP plan room and a process for prompt retrieval of digital archived materials has been developed. FMP staff extend a special thanks to David Wright and the hard working student crews who helped take 45 years of records, drawings and manuals and have digitally transferred them to an FMP network drive. The student archivists include Jennifer Cunningham, Lisa Morris, and Mary Redmon. The student scanner technicians include Mark Little, Matt White, Cody Miller, Tylinn Turner, Ben Llewellyn, and David Gonzales. The next phase of this project has started and is focused mostly on assuring that the digital database is complete and files are easily identifiable and accessible. An easy to use search manual to assist anyone needing access to the database is in the process of being assembled. Questions? Contact Jyoti Naik at 5568.

CLASSIFIED STAFF TRAINING OPPORTUNITY: EMOTIONAL INTELLIGENCE WORKSHOP, MARCH 5

Through a partnership of the Classified Professional Development Team, Professional and Organizational Development, and the President's Office, the college is hosting carefully tailored trainings during the week of March 4 on the topic of Emotional Intelligence. The training crafted for classified staff will be presented on the morning of Tuesday, March 5, 8:30 a.m.-12 p.m., in Center for Meeting and Learning, Room 220.

This session will be presented by Suzanne Rotor, a nationally recognized expert in the field of emotional intelligence. She has a master's of public administration from Harvard University's Kennedy School of Government where she studied leadership, consensus building, and group dynamics. She has been carefully vetted by both Mary Spilde and Donna Koenig to lead as many Lane staff as possible toward understanding the importance of and cultivating this professional competency in our work lives and leadership styles. Suzanne was an active sponsor of the Women's Leadership Seminar Series while at Harvard. She worked at Harvard Business School on leadership and strategy publications and was executive director of the Telephotos Leadership Institute—the global experts on leadership, emotional intelligence, and organizational culture. Her expertise is in bringing EI to bear on how it relates to professional growth and team collaboration.

Please email Roxanne Watson at watsonr@lanecc.edu to register for this important opportunity. Since seats are filling quickly, and we have a maximum capacity of 72 for the meeting room, please register as soon as possible to reserve your seat. If you have any questions, please contact Roxanne at 3655.

Important Side Note: Under the Fair Labor Standards Act and BOLI, all non-exempt hourly or classified employees must be in paid status for work-related training activities. What this means for participation in the EI training session is that if the classified staff member is considered a non-exempt hourly or below .50 FTE classified employee, they will need to: 1) secure approval from their supervisor to attend the training, and 2) ensure that the department has the budget resources available to compensate the classified staff member for participating in the training. Classified staff members in the above categories should have their supervisor email both Donna Koechig (koechigd@lanecc.edu) and Roxanne Watson (watsonr@lanecc.edu) in the Professional and Organizational Development office acknowledging their approval of attendance and confirmation that the department has the available budget resources to offer compensation for participation in this training.

SUBJECT: BANNER MIGRATION CHANGED TO FEB. 22-25: Due to technical issues last week prior to the Presidents Day weekend we had to move the Banner-MyLane-ExpressLane-

Touchnet migration date to this Friday afternoon. As a result Banner-MyLane-ExpressLane and Touchnet payment gateway services will be shut down and inaccessible beginning at 2 p.m. Friday, Feb. 22, until Monday, Feb. 25 at 7 a.m. As noted before, this means that between 2 p.m. on Friday the 22nd and 7 a.m. on Monday the 25th, Banner-MyLane-ExpressLane services and the Touchnet payment gateways will be completely inaccessible. No payment transactions can be initiated or processed until after the migration is complete. Access to Banner-MyLane-ExpressLane or any information thereon will also be unavailable (such as your W2s, timesheets, paystubs, etc.). Please prepare for this lack of accessibility by performing tasks you would normally do during this time either before or after the weekend. Contact: Bill Schuetz,

LANE TAKES BACK THE TAP, PART 2

Of more than 50 billion disposable water bottles produced in the U.S. annually, only 17 percent are recycled. The rest end up in our ever growing landfills and polluting our land, air, and waters. Bottled water use contributes to the estimated three million tons of plastic debris floating on the sea surface in the North Pacific Ocean and is responsible for over 2.5 million tons of greenhouse gas emissions annually. To find a map of locations where you can fill up your own water bottle at Lane and for more information on "Taking Back the Tap," see <http://www2.lanecc.edu/sustainability/take-back-tap>. CLASSIFIED STAFF TRAINING OPPORTUNITY: EMOTIONAL INTELLIGENCE WORKSHOP, MARCH 5

Through a partnership of the Classified Professional Development Team, Professional and Organizational Development, and the President's Office, the college is hosting carefully tailored trainings during the week of March 4 on the topic of Emotional Intelligence. The training crafted for classified staff will be presented on the morning of Tuesday, March 5, 8:30 a.m.-12 p.m., in Center for Meeting and Learning, Room 220.

This session will be presented by Suzanne Rotondo, a nationally recognized expert in the field of emotional intelligence. She has a master's of public administration from Harvard University's Kennedy School of Government where she studied leadership, consensus building, and group dynamics. She has been carefully vetted by both Mary Spilde and Donna Koechig to lead as many Lane staff as possible toward understanding the importance of and cultivating this professional competency in our work lives and leadership styles. Suzanne was an active

sponsor of the Women's Leadership Seminar Series while at Harvard. She worked at Harvard Business School on leadership and strategy publications and was executive director of the Telephotos Leadership Institute—the global experts on leadership, emotional intelligence, and organizational culture. Her expertise is in bringing EI to bear on how it relates to professional growth and team collaboration.

Please email Roxanne Watson at watsonr@lanecc.edu to register for this important opportunity. Since seats are filling quickly, and we have a maximum capacity of 72 for the meeting room, please register as soon as possible to reserve your seat. If you have any questions, please contact Roxanne at 3655.

Important Side Note: Under the Fair Labor Standards Act and BOLI, all non-exempt hourly or classified employees must be in paid status for work-related training activities. What this means for participation in the EI training session is that if the classified staff member is considered a non-exempt hourly or below .50 FTE classified employee, they will need to: 1) secure approval from their supervisor to attend the training, and 2) ensure that the department has the budget resources available to compensate the classified staff member for participating in the training. Classified staff members in the above categories should have their supervisor email both Donna Koechig (koechigd@lanecc.edu) and Roxanne Watson (watsonr@lanecc.edu) in the Professional and Organizational Development office acknowledging their approval of attendance and confirmation that the department has the available budget resources to offer compensation for participation in this training.

NEWS AND ANNOUNCEMENTS

IN MEMORY

Joe (Gary) Searl, our colleague and friend, passed away February 20 from complications of a broken hip. Joe taught geography at Lane for 25 years before his retirement in 1990. Ever the geographer, he continued his position at University of Oregon until 1995 where he taught an Interdisciplinary master's program for geography and education that he developed in the 1980s. Another of Joe's legacies was his development of the Geography of Oregon class. Born and raised in the logging camp of Valsetz, Joe knew the true roots of Oregon's culture, environment and identity. Joe was an avid world traveler, loved sailing and gathering with good people. A memorial ceremony will be held at the University of Oregon on March 16. Location and Time TBA. Submitted by Jane Benjamin.

HANDS ON CAREER DAY DRAWS 270 STUDENTS TO CAMPUS

The day attracted 270 high school students who took part in two workshops each, plus 43 chaperones who supported students and learned more for themselves about Lane. In all, 24 high schools and agencies participated. See the whole story and photos online at:

Lane was honored this February for 40 years of active participation in a local business networking organization, Lane Leaders Association. As one of over 150 business members, Lane benefits from the strong community relationships that have been developed during this time. Former Cooperative Education Division Chair Bob Way was the spearhead for Lane's involvement and remains an active honorary member. Co-op faculty member Jamie Kelsch has been Lane's representative to Lane Leaders since 1998, was president in 2004, and is now serving her second term as an executive on the board. For more information about Lane Leaders contact Jamie Kelsch, 5540, kelschj@lanecc.edu

"PAUL ROBESON" PERFORMANCE MARCH 8

A play by Philip Hayes Dean and performed by Lane faculty member, Dr. Stanley Coleman, "Paul Robeson," will be performed Friday, March 8, at 7:30 p.m., and Sunday, March 10, 2 p.m., both in the Ragozzino Performance Hall, Building 6.

This is a chronicle of the life of Paul Robeson, from his childhood in New Jersey to his adult life around the world. An All-American athlete and a lawyer with Columbia Law School credentials, Robeson faced the racism prevalent in society in the early part of the 20th century. He became a modern day hero. Realizing the racist system would not allow him to practice as a lawyer, Robeson turned to singing, then acting and then worldwide travels. Every place he visited he saw the strains of racism and he spoke out, using his influence and stature to try and enlighten those around him. He was blacklisted and his passport was revoked, but he went on speaking out whenever he could. For eight years he fought to clear his name. Finally, the social climate began to change and toward the end of his life, Robeson's passport was reinstated along with some of the respect he earned along the way. Robeson's story remains a beacon to those struggling to make this world a better place. This play is a powerful look at Robeson the man, as well as Robeson the star.

Dr. Stanley Coleman has directed and taught theatre and speech for over 30 years and has a Ph.D. in theatre from Louisiana State University. He currently teaches speech at Lane. He is also a singer, actor and pianist and has performed "Paul Robeson" throughout Louisiana and New Mexico. He has won numerous awards, including best actor from the Lafayette Community Theatre for his portrayal of Hoke in "Driving Miss Daisy."

The presentation is sponsored by Lane's Diversity Strategic Direction Committee and Diversity Office. For more information contact Donna Koechig at koechigd@lanecc.edu or 5307.

FORMER HOMELESS STUDENT WHO WROTE MEMOIR TO SPEAK MARCH 11

From Karen Myers (ALS instructor): "Behind the Signs – A Journey Through Homelessness," a memoir written by former Lane student Kirk Toncray, is not a great literary masterpiece, but it is worthy of attention. "Behind the Signs" is peppered with grammar and spelling errors and salty street lingo, but its tone is authentic as it captures the day-to-day monotony, anxiety and depressing hopelessness that shadows those "behind the signs" on our street corners in Eugene and Springfield. Like Toncray, who went to high school in Lowell, a number of our other Lane students have experienced homelessness or other life challenges such as incarceration, drug addiction and rehab, and domestic abuse. This book is both timely and relevant since homelessness is a growing social issue not only in Lane County, but also throughout the United States as the Occupy movement has made so clear. Kirk will be speaking to my Reading 80 class on Monday, March 11 at 11:15 a.m. in Center 321 (down the hallway by the Titan Store). At noon, he will be at the Titan Store to talk with students and staff and sign his book (at a 25 percent discount for Lane students and staff). If you have any students who would be inspired by Kirk's story, please encourage them to come to his presentation in my class or to the bookstore at noon on March 11. Also, you can read more about "Behind the Signs" in the archived Register-Guard feature "Homeless Journey" by Randi Bjornstad that was published on Sunday, February 10. Please contact me for further information at: myersk@lanec.edu or 5830.

LANE STUDENTS PRESENT SHAKESPEARE SHOWCASE MARCH 16

The Term's End Shakespeare Showcase will be held at the Blue Door Theatre on Saturday, March 16, at 2 p.m. and 7 p.m. Admission is free but donations are welcome.

The program is filled with follies and passions. The scenes are short. Instructor and director Judith Roberts describes the experience as "a garden of delights, flowering from the fertile brain of the man still called 'The Bard'."

The quarterly Showcase is produced by the Student Productions Association (SPA), who also sponsored the building of the replica of London's Globe stage, constructed by Scott Williams. Guest artists include professional musicians Wayne and Denise Gilbertson, and actor Joe Cronin, who also assists as a coach. Showcase performers vary in age, backgrounds and experience. The performers include current students, community actors, and returnees from years past. The students' seeds of interest are cultivated in the Acting Shakespeare and Shakespeare Literature classes.

The actors work to make the language comprehensible, so that the audience can immerse in Shakespeare's stories, characters, and insights. The scenes and monologues provide the original context to many age-old expressions, now basic to the English language. The experience appeals to Shakespeare-lovers and those who just might enjoy a sampler.

The current program includes scenes from "King Lear," "Merchant of Venice," "Hamlet," "Macbeth," "The Tempest," "Much Ado About Nothing," "Othello," "Julius Caesar," "Richard II," "Richard III," "Henry V," "A Midsummer Night's Dream," "Measure for Measure," "Romeo and Juliet," and "The Winter's Tale." For more information, call Student Productions at 5761.

NEWS AND ANNOUNCEMENTS

NEW COLLEGE WEBSITE TO DEBUT

Our new college website will launch during spring break, March 24-29. Over the course of the past year, the Lane Web Team and Marketing Team worked with students, employees and groups from the broader community to define key requirements for the new site, and we are now ready to go live. The project has involved migrating more than 7,000 documents into the Drupal content management system, a re-organization of site content and navigation, and of course, a new graphic design. Details on the project have been documented and shared over the past year on a public project blog at <http://pln.lanecc.net/webteam>. Please be cognizant of any of your materials that use images, links, or directions relevant to the current website, as all are subject to change on or around March 24. URLs/links should be redirected automatically so your old links will send users to the appropriate (new) location. Questions? Contact Lori Brenden at brendenl@lanecc.edu or Kyle Schmidt at schmidtk@lanecc.edu or Brad Hinson at hinsonb@lanecc.edu

FIRE ALARM TESTING DURING SPRING BREAK

Fire alarm testing will be performed during spring break, March 25-28. Buildings 1, 2, 3, 6, 16, 17, 18, and 19 are scheduled for testing. Our plan is to conduct testing from the hours of 8 a.m.

to 4 p.m. only. All horn/strobe testing was completed on main campus during winter break. Hence, we do not expect any horns or strobes to be triggered during spring break testing. You are advised to always respond to all alarms in accordance with the college emergency plan online at <http://www2.lanecc.edu/copps/documents/emergency-plan> No elevator testing is required during spring break testing. Contact: Mark Richardson, 3456.

USER FRIENDLY WORDS FROM COUNSELING AND ADVISING

Since March 11, we are improving our new student processes to be more student-friendly and to avoid using acronyms. Here's what's new:

* We are no longer using the term "Orientation" in any of our processes or language, because that term is used in so many different ways on campus.

* Our present "Steps to Enroll in Credit Classes - for Students New to Lane," will simply become "Steps to Enroll for New Students."

* Recently, one of the steps for new students led them to complete the "New Titan Information Module." This will become the "New Student Information Session." We want the name to describe the content.

* Another step led new students to attend SOAR, an acronym for Student Orientation Advising & Registration. SOAR will become the "New Student Academic Advising Session." Again, we want the name to describe the content.

Take a look at our new steps by going to the "Prior College" link and the "First Time in College" link, from <http://www2.lanecc.edu/counseling/steps-enroll>

Please join us in using this new language to help our new Lane students feel more welcomed! Contact: Jerry de Leon, 5870.

BREAK THROUGH CONFLICT WORKSHOP

"Break Through Conflict" Workshop, Monday, March 18, 8:30 a.m. to 3:30 p.m., Center for Meeting and Learning, Room 214. Even with the best of intentions, many of us communicate automatically, often not handling conflict as well as we would like, which takes a toll on our professional and personal lives. The models presented in "Break Through Conflict" offer flexible guidelines with progressive steps that are easily learned, applied, and adapted in order to develop and maintain strong, positive relationships and to actually create trust through conflict.

The program has evolved from three decades of Dr. Peter and Susan Glaser's published, field-tested research and introduces participants to concrete, tangible skills. This training is open and free of charge to Lane staff and will be provided by Lane managers who have been certified by Drs. Peter and Susan Glaser to conduct "Break Through Conflict" training. All participants will receive the Glaser's "Break Through Conflict" booklet. To register for this training or for more information, please contact Roxanne Watson at 3655 or watsonr@lanecc.edu or Donna Koechig at 5307 or koechigd@lanecc.edu Enrollment will be limited to 25 participants, so call now!

SPRING CONFERENCE PREVIEW

Greetings from your Spring Conference Planning Committee! The event ball drops on Friday, May 3, at 7:30 a.m. with hot beverage service and an assortment of light and healthy breakfast items until 8:30 a.m., at which time the morning program will begin.

We held our first planning meeting last week, with all members present participating in a robust brainstorming session around a theme for this year's event, the outcome of which was determining that our conference theme will be "Generations," a topic which weaves itself into and through many aspects and components of importance to the college, staff and students. Through the lens of our theme, we will contemplate generations and all things generational such as: education, student generations (X, Y and Z), and sequels such as Web 2.0, social media, next generation computing, and more. Please watch for an e-mail requesting proposals for breakout sessions. We are seeking proposals that tie into the theme. This year's proposal deadline is Monday, April 8, at 5 p.m.

We will also be changing how our conference schedule is arranged in that we will not have three separate breakout session tracks as we have in the past, which looked like one for each work group (classified, faculty, managers); rather, we will be offering breakout sessions that are content-rich, enticing in topic, and fresh enough to encourage all staff to remain engaged throughout the entire day. Our goal is for members of all three work groups to be involved and actively participating in diverse learning communities within the same meeting room. Choices will be plentiful for everyone. Contact Roxanne Watson, event coordinator, at 3655 if you have any questions.

MANAGED PRINT IS COMING TO LANE

Managed print services are coming to Lane and will be deployed during the FastLane implementation. All computers will need to have the print management software installed. Managed print will allow departments to get detailed, accurate reports on print costs, and will require users to log in at copy machines. To ease the login process, card readers will be installed on all copiers capable of using this feature. One quick tap of your employee access card will be all that is required to copy. Stay tuned for a message from your administrator with further details.

For more information on managed print, see <http://www2.lanecc.edu/pq/print-management> or contact Tony Sanjume, sanjumet@lanecc.edu

NEW URL INFORMATION

Since the Banner upgrade and migration in late February, many of our URLs have changed. I am the contact person for these bad links, and here are the common themes that I am still receiving complaints on and that you should be aware of in your areas to review and update:

1. Automatic signatures on your emails - if you have a link listed in your email, please make sure it uses the new URL of <https://crater.lanecc.edu:9010/banp...> (instead of <https://exp.lanecc.edu/pls/lane/...>)
 2. The staff directory is now located here: https://crater.lanecc.edu:9010/banp/bwpkedir.P_DisplayDirectory

 4. Please delete your old bookmarks and re-add them with the new URLs.

DOWNTOWN CAMPUS GRAND OPENING THANK YOU

Thank you to everyone who helped make Friday's grand opening of the Downtown Campus Academic Building a spirited and memorable event. From the Downtown Campus staff (you made everything run smooth inside) to everyone from Facilities (you made the building look great inside and out) to the entire crew of the Downtown Center for Meeting and Learning, your help made this an event to be proud of. Special thanks to Dean Middleton, who provided a live internet stream to more than 1,200 viewers, and to Cathie Reschke for interpreting the event. Pictures of the event are available on Lane's Facebook page, and a video will be available soon on the college's YouTube page. Submitted by Brett Rowlett, rowlettb@lanecc.edu, 5850.

3.14 13 PI DAY A SUCCESS

Thanks to everyone who helped make Pi Day a success across campus—contributing food and making and eating pies. The food collection netted about four barrels of food. Thanks to pie bakers Phoebe Anderson, Natasha Ashworth, Cindy Erickson, Jennifer Falzerano, Gloria Jarvis, Luna Lacey, Wendy Lighthead, Lisa MacDonald, Angela Martinek, Carol McKiel, Cathy Nolan, Donna Roeder, Gayle Smith, Roberta Stitt, Vince Thoms, Roxanne Watson, and YingYi Wu. There were votes for each baker and the "Favorite Pie Baker for 3.14 13" vote went to Kathie Hledik and Luna Lacey. Submitted by Carol McKiel.

NEW COLLEGE WEBSITE DEBUTS SPRING BREAK

Our new college website will launch during spring break, March 24-29. Over the course of the past year, the Lane Web Team and Marketing Team worked with students, employees and groups from the broader community to define key requirements for the new site, and we are now ready to go live. The project has involved migrating more than 7,000 documents into the Drupal content management system, a re-organization of site content and navigation, and of course, a new graphic design. Details on the project have been documented and shared on a public project blog at <http://pln.lanecc.net/webteam>

Please be cognizant of any of your materials that use images, links, or directions relevant to the current website, as all are subject to change on or around March 24. URLs/links should be redirected automatically so your old links will send users to the appropriate (new) location. Questions? Contact Lori Brenden at brendenl@lanecc.edu or Kyle Schmidt at schmidtk@lanecc.edu or Brad Hinson at hinsonb@lanecc.edu

FIRE ALARM TESTING SPRING BREAK

Fire alarm testing will be performed during spring break, March 25-28. Buildings 1, 2, 3, 6, 16, 17, 18, and 19 are scheduled for testing. Our plan is to conduct testing from the hours of 8 a.m. to 4 p.m. only. All horn/strobe testing was completed on main campus during winter break. Hence, we do not expect any horns or strobes to be triggered during spring break testing. You are advised to always respond to all alarms in accordance with the college emergency plan online at <http://www2.lanecc.edu/copps/documents/emergency-plan> No elevator testing is required during spring break testing. Contact: Mark Richardson, 3456.

“BRIDEGROOM OF BLOWING ROCK” OPENS APRIL 11

Set in Blowing Rock, North Carolina as the Civil War draws to a close, "The Bridegroom of Blowing Rock" tells the story of the Farthing family. Jacob wants to leave his life behind and find a new life in Tennessee while Laurel holds on to the hope that her Union soldier will return and take her away into the fantasy world he creates with his seductively tall tales. Elsa desperately tries to keep her family together while convincing them that their only hope for survival lies in vengeance. The play provides an insightful look into the lives of those dealing with this devastating event in American history while weaving a tragically romantic story out of passion, forgiveness and the need to believe the lies of those we love. Show dates are April 11, 12, 13, 18, 19, 20, 21, 25, 26, 27. Curtain for all shows is 7:30 p.m. except for April 21, which is a matinee beginning at 2 p.m. For more information go online at: <http://www.lanec.edu/mpr/news/re101650.htm>

SPRING CONFERENCE: THEME, SCHEDULE, AND CALL FOR BREAKOUT SESSION PROPOSALS

Theme: This year's event will take place on Friday, May 3, and will focus the thematic spotlight on "Generations," a theme which weaves itself into and through many aspects and components of importance to the college, staff, and our students. Through the thematic lens of Generations, we will be contemplating generations and all things generational; for example: families and generational lines of descent, lines of dissent about general education, baby boomers and student generations (X, Y and Z), and sequels such as Web 2.0, social media, next generation computing, and much more. The latest publication of the Community College Moment, which will be provided at the conference, also embraces this theme.

Schedule: Although a preliminary schedule draft may be found online at lanecollege.edu/in-service the final schedule will not be uploaded until breakout session proposals have been reviewed by the committee and other necessary considerations have taken place related to department/division meetings and the Health & Wellness Program workshops are finalized.

Call for Breakout Session Proposals: Lane staff members interested in submitting a Breakout Session Proposal based upon the theme of this year's conference may complete the proposal document found online at (link), and either email the completed form or deliver it to Roxanne Watson, event coordinator, in LCC03 218 no later than April 8, Monday, at 5 p.m. (watsonr@lanecollege.edu or 3655). The event planning committee will be meeting later that same week to review the submitted proposals.

LESLIE PETERSON "PAINTINGS" OPENS APRIL 1

The Lane Community College Art Gallery is proud to present the exhibition, "Paintings," by regional artist Leslie Peterson. Leslie was born and raised in Portland and currently resides in Tualatin, Oregon.

"I work directly on wood panel (with acrylics), sometimes integrating collage. The colors are rich and yet subtle, based on a limited palette, working off of the color of the surface. My paintings are unquestionably contemporary, yet classic and accessible. In choosing snapshots and photographs that involve happenstance and unpretentious expression, I show how the mundane moments of life are rich with meaning. My style is transcendent of time or fashion, and evokes the essence of life and our ageless human existence."

For more information, visit Leslie's website at: www.lesliepetersonpainting.com

The show runs from April 1-25. A lecture will be held Thursday, April 4, at 3 p.m. with a reception immediately following. Both are free and open to the public. The gallery is located in Building 11. There is no charge for admission. The Art and Applied Design Department phone number is [541-463-5409](tel:541-463-5409).

EVENTS THIS WEEK

LESLIE PETERSON "PAINTINGS," April 1-25, lecture on Thursday, April 4 at 3 p.m. with reception immediately following, art gallery, Building 11. Peterson was born and raised in Portland and currently resides in Tualatin. "I work directly on wood panel (with acrylics), sometimes integrating collage. The colors are rich and yet subtle, based on a limited palette, working off of the color of the surface. My paintings are unquestionably contemporary, yet classic and accessible. In choosing snapshots and photographs that involve happenstance and unpretentious expression, I show how the mundane moments of life are rich with meaning. My style is transcendent of time or fashion, and evokes the essence of life and our ageless human existence."

For more information, visit Leslie's website at: www.lesliepetersonpainting.com

The lecture and exhibit are free and open to the public. There is no charge for admission. For more information call Art and Applied Design at 5409.

NEWS AND ANNOUNCEMENTS

SPRING CONFERENCE: THEME, SCHEDULE, AND CALL FOR BREAKOUT SESSION PROPOSALS

Theme: This year's event will take place on Friday, May 3, and will focus the thematic spotlight on "Generations," a theme which weaves itself into and through many aspects and components of importance to the college, staff, and our students.

Employees interested in submitting a breakout session proposal may download the form from <http://www2.lanec.edu/in-service/2013/spring-conference> and may submit completed proposals by e-mail or delivery to Roxanne Watson, event coordinator, Building 3, Room 218, no later than April 8, Monday, at 5 p.m. (watsonr@lanec.edu or 3655). The event planning committee will meet later that week to review the submitted proposals.

Through the thematic lens of Generations, we will be contemplating generations and all things generational; for example: families and generational lines of descent, lines of dissent about general education, baby boomers and student generations (X, Y and Z), and sequels such as Web 2.0, social media, next generation computing, and much more. The latest publication of the Community College Moment, which will be provided at the conference, also embraces this theme.

Schedule: Although a preliminary schedule draft may be found online at lanec.edu/in-service the final schedule will not be uploaded until breakout session proposals have been reviewed by the committee and other necessary considerations have taken place related to department/division meetings and the Health & Wellness Program workshops are finalized.

FREE TDAP CLINIC

A free immunization clinic for uninsured Lane students, staff and family members 18 years and older will be held Wednesday, April 10, from 5-8 p.m. at the Downtown Campus Academic Building, Room 308, 101 W. 10th Ave.

Lane County Health and Human Services, in partnership with English as A Second Language at Lane, is hosting the clinic providing free Tdap immunization as a part of the Adult Immunization Special Project and the EL/Civics Program. Uninsured? Eighteen years old or older? You are eligible for a free Tdap vaccine. Protect yourself and others around you. Whooping cough is dangerous to babies. It is spread by adults and older children to babies. Submitted by Indira Bakshi.

FILM FEST STARTS APRIL 10

"A Festival of Films from Around the Muslim World" will be held Wednesdays at 7 p.m. in Room 421 of the Downtown Campus Academic Building, 101 W. 10th Ave. The series runs April 10 through May 29. All events are free and open to the public.

The first film is Wednesday, April 10, at 7 p.m. with Dr. Rick Colby of the University of Oregon who will lecture on "Reel Bad Arabs and Muslims: Images of the Arab World Made in the U.S.A.," and show a 50-minute documentary, "Reel Bad Arabs: How Hollywood Vilifies a People," directed by Sut Jhally (Canada, 2006). The film explores the images of Arabs and Muslims produced in Hollywood from the time of silent films to the films and TV shows of the twenty-first century. It features the prominent scholar, consultant, and media expert Jack Shaheen (himself an Arab-American of Christian origins) who discusses the history of stereotypical and almost uniformly negative portrayals of Arabs in Hollywood. Shaheen argues that Hollywood and U.S. media images of Arabs as a "threat" began long before the Iran-hostage crisis of 1979, and even longer before the terror attacks of September 11, 2001. Rather, he builds a case that both the legacy of Orientalism as well as the history U.S. foreign policy toward Arab countries is largely to blame for the perpetuation of uncritical media stereotypes of the "reel bad Arab" and "reel bad Muslim."

Next up: "5 Broken Cameras" directed by Emad Burnat, with Guy Davidi (Palestine, 2012), April 17. Contact: Cliff Trolin.

LANE STUDENT JESSE KENNEDY TO LEAD NATIONAL STUDENT NURSES' ASSOCIATION

The National Student Nurses' Association is pleased to announce the election of Jesse Kennedy as the 2013-2014 NSNA President. Elections were held on April 6, 2013 during the 61st Annual Convention in Charlotte, North Carolina. Kennedy is finishing his final semester at Lane where he will earn an Associate Degree in Nursing (ADN) in June 2013. His education continues this fall as he looks forward to earning a Bachelor of Science in Nursing (BSN) through the RN-to-BSN program at Oregon Health and Sciences University.

While attending the NSNA 60th Anniversary Convention in April 2012, Kennedy knew he would run for NSNA leadership. "The amount of energy and inspiration that I received from that week was indescribable," he says. "I knew that I wanted to be a part of this impressive group of student leaders and help lead this amazing organization, especially where legislation and policy education are concerned."

Prior to his election, Kennedy served as the 2012-2013 Vice President of the Oregon Student Nurses' Association, and 2011-2013 President of the Lane Community College Student Nurses' Association. As president of his school chapter, he led his fellow students on a global nursing expedition to Thailand in 2011 and 2012.

Looking ahead beyond his years at NSNA, Kennedy hopes to pursue a Master of Science in Nursing degree and eventually operate a wellness clinic that incorporates many health disciplines and focuses on preventative and maintenance care. His leadership path will not end with NSNA. "I plan to continue to lead, inspire and advocate for our colleagues in every avenue I can," he says.

But for now, his focus is on NSNA and student nurses. "I am extremely passionate about advocating for my fellow student nurses, nurses and patients through the education of legislation and policy matters," he says. He plans to energize and empower students to make a difference in their individual communities. "I want to ensure that the students of the NSNA know that there are resources to ensure their success in making a lasting difference in their community."

Once again, our great Lane experts put us on the national map. Thank you Alen and all of IT for everything you do. PUBLIC SAFETY NEWSLETTER INFORMATIVE, SAYS READER

From Russ Pierson: "I have discovered that the "Safer Campus" newsletter produced by Public Safety is consistently an easy and informative read that offers valuable information that impacts both my work and personal life. In fact, I often use the newsletter as calendaring tool; reading the recent March issue, for example, I've made a note on my work calendar about the Violent Actor training that's coming up, and another on my personal calendar related to the Prescription Drug Take-Back Day. Many thanks to Chief Jace Smith, Editor-in-Chief Sgt. Chantal Thomas and the entire Public Safety team for another job well-done!" The latest edition is available online at:

STOLEN VEHICLES REPORT FROM PUBLIC SAFETY

On Thursday, April 11, a 1993 Honda and a 1993 Acura Integra were reported to Public Safety. As the Crime Alert e-mailed on 3/19/13 indicated, both of these early vehicle types are in the "Top 10" of most often stolen vehicles. In both cases, the vehicles were moved, valuables (after-market equipment stereos, speakers, a DVD player, and other items) were removed, and the vehicles were then parked/recovered elsewhere on campus. Another 1993 Honda was stolen on Friday, April 12, and is not yet recovered.

All vehicle owners should follow the tips below. Remember, vehicles with a dollar's worth of change in plain view can attract thieves. Also, these vehicle types and early years are especially susceptible to the use of altered keys.

Public Safety has increased officer patrols, is processing evidence, reviewing video, and working closely with the Lane County Sheriff's office to stop these crimes.

What can you do?

1. Be extra vigilant in campus parking areas.
2. Report individuals acting suspiciously to Public Safety at Non-Emergency 5558 or Emergency 5555.
3. Keep your valuables secure and do not leave any high value or custom interior items visible in your vehicle.
4. Report all crimes to Public Safety.
5. Consider antitheft devices such as a "Lo Jack" or "The Club" particularly for frequently stolen models. To purchase a Club go to the Housing Office at the new Downtown Campus. They are on sale for \$15. Titan Court staff will sell these at the Titan Court Housing Office between 8 a.m. and 4 p.m. Mondays through Fridays. Contact: Public Safety.

DIESEL TECH STUDENTS AWARDED "DIRTY JOBS" TOOLS SCHOLARSHIPS

Lane students Cory Sceva of Eugene and James Holland of Harrisburg recently received a "mikeroweWorks" Foundation Tools Scholarships made possible through the Associated Equipment Distributors Foundation.

Both students received a \$1,000 tool scholarship, a congratulations letter from the AED Foundation, a scholarship certificate, and a personalized signed photo from Mike Rowe of the television series "Dirty Jobs" on the Discovery Channel.

Sceva recently completed a two-year associate of applied science degree and two-year certificate in diesel technology and is now employed as a truck shop mechanic in Pleasant Hill. He hopes to attend Montana State University to complete a bachelor of science in diesel technology.

Holland also finished a two-year AAS degree and two-year certificate in diesel technology and is planning to work in the local area.

Both students say they enjoy the troubleshooting aspect of their profession and are grateful for the training opportunities provided by their instructors and Lane.

Instructor Steve Webb said that the scholarships were made possible by the college's affiliation with the AED. The two, one-hour sessions are identical in content so attendance at only one session is sufficient. The two, one-hour child abuse reporter training sessions are scheduled on Friday, May 3, as noted below.

Session 1: Friday, May 3, from 1:30-2:30 p.m. in the CML (room TBA)

Session 2: Friday, May 3, from 3-4 p.m. in the CML (room TBA)

THANKS TO EVERYONE who called or emailed regarding our missing MINIATURE PINSCHER dog. It was nice to know there were so many eyes watching for her while she was missing for two weeks. There were several sightings of her in the Bailey Hill area but we could never get there fast enough to find her. Unfortunately she was struck and killed by a car on April 13 on Lorane Highway. COLLEGE CLOSED for Spring Conference, Friday, May 3.

CHILD ABUSE REPORTER TRAINING: FOR HIGHER EDUCATION EMPLOYEES, Training Options May 3: If you have not yet had an opportunity to receive training concerning how to fulfill the child abuse reporter obligations that now apply to all Oregon higher education employees then you may register to attend one of the two training sessions planned for Spring Conference on Friday, May 3. The two, one-hour sessions are identical in content so attendance at only one session is sufficient. The two, one-hour child abuse reporter training sessions are scheduled on Friday, May 3, as noted below.

Session 1: Friday, May 3, from 1:30-2:30 p.m. in the CML (room TBA)

Session 2: Friday, May 3, from 3-4 p.m. in the CML (room TBA)

See "Registration Information" below.

All less-than 1.0 FTE classified employees, including all time sheet classified employees, must obtain the approval of their responsible college manager in advance to attend the child abuse reporter training sessions in the afternoon on Friday, May 3. This pre-approval requirement is necessary because the two, one-hour child abuse reporter training sessions may fall outside of the normal Friday work schedules of many less-than 1.0 FTE classified employees. All Lane managers are being encouraged to approve a flexible scheduling approach (read article 12.3.4. of the LCCEF contract) during the week of April 29 through May 3, in order to allow less-than 1.0 FTE classified employees and time sheet classified employees to attend one of the two, one-hour sessions noted above.

Registration Information: Pre-registration in advance is highly recommended as attendance may be limited. Contact Kathy Alexander in Lane Human Resources at 5588 to register for one of the two sessions.

LEAPING INTO SPRING CONFERENCE

Greetings from the Spring Conference Planning Committee! Our annual conference arrives on Friday.

All staff should do the following in preparation:

(1) Block out your calendar for the full day to join in our morning program and breakout session programming.

(2) Review the schedule, which was uploaded on Friday, to plan which sessions you will be attending at <http://lanecc.edu/in-service/2013/spring-conference>.

(3) Remember to your own cup if you would like hot beverage service as we are drastically reducing the number of cups that will be available in a continuing effort to embrace the sustainability mission at the college.

If you are an early bird, consider jump starting your day by attending Marisa Hastie's Rock-n-Roll Generational Cycling from 6:30-7:30 in Building 05, Room 134. Participants should wear loose, comfortable clothing and prepare to cycle your way into a fabulous day.

GIGI CONOT, "NATURAL SELECTIONS" EXHIBIT OPEN; LECTURE MAY 16

The Lane Art Gallery is proud to present the exhibition, "Natural Selections," by regional artist Gigi Conot. Gigi has worked and studied on the west coast, including places such as Colorado

and San Francisco before settling in Portland, Oregon. When discussing the content of her photographic work within this exhibition, Conot spoke of the inspiration of nature: "I was living in a small studio in a very urban area, where plants and trees were confined to areas in the city that you had to make a point to travel to. I think it was almost a matter of deprivation, the more I missed nature the more I obsessed over it. I started going to the farmers market and looking at my produce very carefully, examining their shapes, leaves, contours and shadows. I began to see structural beauty that was truly unlike anything that you'll find in a man-made object. For more information, you can visit Gigi Conot's website at: www.gconot.com
The show runs from April 29 to May 23. A lecture will take place on Thursday, May 16, beginning at 3 p.m. with a reception immediately following. The lecture and reception are free and open to the public. The gallery is located in building 11 on main campus. There is no charge for admission. For more information call 5409.

JUSTIN STUCK AND ANNA STEHLE "OUT OF ROUND" EXHIBITS; RECEPTION MAY 20

The Lane Art Gallery is proud to present "Out of Round," a two-person show featuring artists and Lane studio technicians Justin Stuck and Anna Stehle. Justin works in the sculpture studio and Anna works in the ceramics studio within the Department of Art and Applied Design. The exhibition consists of both sculpture and ceramics, along with installation work.

When asked about his sculpture and the nature of this work, Justin stated, "I hope to appeal to the imagination, to that place within us, in which resides our images of reality and our images of life itself. From there I hope to spark a different way of seeing the world, to bring about new and possibly different images for shaping our deeper understanding of the experience of life."

The show runs from April 29 to May 23. A lecture featuring both artists will be held on Monday, May 20 at 3:00 p.m. with a closing reception immediately following. The gallery is located in building 11 on main campus. There is no charge for admission. For more information call 5409.

PERSONAL SAFETY—

SEXUAL ASSAULT AWARENESS AND BASIC SELF-DEFENSE COMBINED

Tuesday, May 7 at the new Downtown Academic Building, 4-7 p.m. in Room 105

The Public Safety Department is combining the Sexual Assault Awareness and Basic Self-Defense classes. This class is open to the entire college community as well as the general public. During the three hour class, which will be instructed by Corporals Jake Ryker and Lisa Rupp, attendees will be given instruction on how to prevent sexual assaults and harassment. Participants will next be instructed on what they should and should not do if they are sexually assaulted. Persons attending will then be informed on how and where to report these incidents. For the Basic Self-Defense portion of the class, attendees will be led through a series of warm up exercises to help loosen up and prevent injury. Participants will next be instructed on proper methods to perform a variety of strikes and escape techniques. Persons attending will then be monitored as they practice their new skills on strike bags.

In addition to hands-on exercises, participants will be given instruction on personal safety in the parking lots, including situational awareness, walking confidently and with head held high and having keys in hand, ready to open a car door or be used to protect ones self. Public Safety is planning to offer future Sexual Assault and Basic Self-Defense courses, at least once per term.

IS THIS WARM, SUNNY WEATHER making you want to go camping? Me too—but my teens have other priorities so it's time to sell the tent trailer! I have a 2006 Rockwood tent trailer with an extra storage compartment that is looking for a new family. It sleeps 8 with two pull out beds and a dinette that converts into a bed. The dinette has an extra attachment that makes the table longer so you can all eat together as well. There's a three burner propane stove inside and a propane grill attachment for outside cooking. There's a propane or electric fridge, and propane heater. It also has a large independently accessible storage compartment on the front. It's been well-loved and frequently used so it's not "like new!" The zippered case on the outside awning is busted so we duct-tape it together, but it does have a new heavy-duty A-jack, a new axel and springs, a new converter, new sink fixtures, and new tires. I'm asking \$3500—which if you do your research, is a good deal! If you're interested in pictures or want to make a site visit, you can contact Karen at x3373 or KrumreyK@lanecc.edu . My home phone is [541-343-5857](tel:541-343-5857).

Theatre arts lead faculty Dr. Brian Haimbach says, "This year Spring Inspirations is going to be a workshop presentation of five works in progress written by students and faculty of. Audiences will see script-in-hand staged readings of five plays that have been in development since September. Although the writing for theatre course was not offered this year (but it will be back next year), I have been working with four students and Sparky informally. Catherine Trieschmann's visit was an important inspiration to the writers too. She heard all the plays and gave insightful feedback. The topics range from a conspiracy theorist's first date; a Beckett-inspired man and dog walk; two fast food workers arguing over a boy; a young woman mistreated at a psychotherapy institution; and a drug deal gone wrong. In the past Spring Inspirations has been 'full' productions of 10-minute plays. The future of the project is going to focus more on the development of the work. After the presentations, I will

lead a discussion session with the audience, giving them the opportunity to contribute to the continued life of the plays.” Contact: John Watson, watsonj@lanecc.edu or 5161.

NEWS AND ANNOUNCEMENTS

KYLE SCHMIDT NAMED MAY'S CLASSIFIED EMPLOYEE OF THE MONTH

Kudos and congratulations go to May's Classified Employee of the Month – Kyle Schmidt, technology analyst and designer in Information Technology. Representatives of the Classified Professional Development Team joined IT staff to present Kyle with the EOM award for May. Kyle started working at Lane on July 1, 2011. As a web programmer he spans multiple platforms, languages, and environments with ease. As a project manager he is detail and task oriented, he leads collaboratively, identifies and achieves goals, and communicates openly. Kyle has brought a number of web projects to life at the college. He has worked with colleagues and clients to prototype solutions for the Institutional Scorecard, the Oregon Degree Qualifications Profile, the Student Success Projects Blog, and most predominantly the implementation of the new college website. For the college website Kyle established a server architecture and deployment plan that made the transition from old website to new website, practically invisible. He also introduced the concept of “responsive design” to the college – making Lane's new website current and mobile ready. The college website is a project that spans the institution at large – all constituent groups – and requires great interpersonal skills, patience, and thick skin to negotiate. He is a creative problem solver working with all populations of the Lane community – on campus and beyond – and he represents us all quite well. We are lucky to have him here at Lane. When you see Kyle, congratulate him for doing a terrific job and celebrate his nomination as LCC's May's Classified Employee of the Month. And remember that, you too, can help us to recognize exemplary classified employees by nominating them for this award. Nomination forms are available: 1) on the CPDT website: <http://www.lanecc.edu/cpdt/recognition/eominfo.html> Contact: Elaine Marsh.

PUBLIC SAFETY COLLECTS FIVE CASES OF UNWANTED PRESCRIPTIONS

Lane Public Safety collected 171 pounds of unwanted prescription drugs (five large cases) at the DEA-sponsored National Prescription Drug Take-Back Day on April 27. This valuable service keeps drugs out of the environment and out of the hands of abusers. The next Take Back day will be held this fall. Stay tuned for details. For all of you who dropped off drugs, thank you from Public Safety. Contact: Jace Smith.

CUSTODIAL TEAM INJURIES REDUCED DUE TO SAFETY EFFORTS

From Heath Pierce: Our custodial staff was suffering too many injuries. The biggest problem: “slips, trips, and falls”. We had to come up with some better ways to keep staffers safe – and workers' comp payments low.

Our first fix was inexpensive, but effective: We bought comfortable gel pack knee padded work pants for all our custodial team staffers. It was a simple step to prevent any minor injuries in case of a slip.

Next we partnered with our risk insurance carrier to provide online SafeColleges safety training (<http://www.safeschools.com/news/enewsletters.php>).

Our workers take one to two of the classes per month. They login when schedules permit and take the training at work.

Lastly, we teamed up with our cleaning chemical services provider and had them come on site to give training on safe chemical and equipment use. We videotape the sessions and then save them on our department "wiki" site for new employee training.

Beefing up our safety program has really worked. We recently celebrated 200 days without a work-related, lost-time injury. This adds up to over 50,000 hours worked, a new safety record for the department and still ongoing. Custodial team members received a safety award certificate and recognition by college leadership.

Morale is higher when staffers feel appreciated and know the college committed to keeping them safe.

MANAGEMENT PERFORMANCE ONLINE SURVEYS OPEN MAY 7

Every year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback and for managers to process the feedback are also elements of the college's accreditation process. The online performance survey will be available again starting Tuesday, May 7. Please take some time (30 minutes or so) between May 7 and Friday, June 7 to reflect and respond to the questions where you have first-hand and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct reports respond thoughtfully. Your participation is important.

You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on "Complete an Online Survey." You do not have to answer every question on the online survey. You can skip questions where you have little or no information or have had no opportunities to observe.

Additional narrative comments are helpful, too. If you comment, do not refer to previous comments because they will be viewed in aggregate not by individual responder.

Your responses are anonymous and your managers' supervisor is the only person who sees the results (in aggregate) before they are returned to your manager. Thank you in advance for your constructive contributions via the online management performance surveys." Contact: Dennis Carr.

GIGI CONOT "NATURAL SELECTIONS" EXHIBIT LECTURE MAY 16

The Lane Art Gallery is proud to present the exhibition, "Natural Selections," by regional artist Gigi Conot. Gigi has worked and studied on the west coast, including places such as Colorado and San Francisco before settling in Portland, Oregon. When discussing the content of her photographic work within this exhibition, Conot spoke of the inspiration of nature: "I was living in a small studio in a very urban area, where plants and trees were confined to areas in the city that you had to make a point to travel to. I think it was almost a matter of deprivation, the more I missed nature the more I obsessed over it. I started going to the farmers market and looking at my produce very carefully, examining their shapes, leaves, contours and shadows. I began to see structural beauty that was truly unlike anything that you'll find in a man-made object. For more information, you can visit Gigi Conot's website at: www.gconot.com

The show runs from April 29 to May 23. A lecture will take place on Thursday, May 16, beginning at 3 p.m. with a reception immediately following. The lecture and reception are free and open to the public. The gallery is located in building 11 on main campus. There is no charge for admission. For more information call 5409.

When asked about his sculpture and the nature of this work, Justin stated, "I hope to appeal to the imagination, to that place within us, in which resides our images of reality and our images of life itself. From there I hope to spark a different way of seeing the world, to bring about new and possibly different images for shaping our deeper understanding of the experience of life."

CLEO NEEDS A NEW COOP: Longing for a lovely pet with black feathers that shimmer green and blue in the sun? Cleopecktra, our sweet-natured Australian Australorp hen, is seeking a new home. Hatched just last July, she is social, gentle, and gifts one brown egg a day, but her flock has determined that she is - literally - at the bottom of their pecking order. The Australorp is a heritage breed of Australian origin, and is a soft-feathered bird, with white toenails, black legs and beak, and is an excellent layer. Although she cannot be integrated into an existing flock due to chicken psychology, she could be introduced to a flock of baby chicks as their mother hen. If you are dreaming of fresh, organic eggs in the frig with the highest possible level of Omega-3s, and can make a commitment that "Cleo" would be the only adult hen in your coop, please let us know. watsonr@lanecc.edu

During the 2013-2014 school year, more students and staff from Eugene School District's Early College and Career Options (ECCO) high school will be located in Building 10 as part of Lane's Regional Technical and Early College (RTEC) efforts. Please see the press release here: <http://www.lanecc.edu/mpr/news/nr1636>
We are excited about the opportunity to be a leader in the early college movement in Oregon with this innovative approach to seamless and collaborative education across grades 11-14. Expect regular Lane Weekly updates in the future. For more information, contact Deron Fort in High School Connections at 5535.

HOMELESS AND HUNGRY STUDENTS

All of the panelists for the "Homeless and Hungry Students" presentation at the Spring Conference were awed and inspired by the overwhelming response and attendance. By next week, we will have the two presentation handouts on "LCC and Community Resources and Services" and "The Difficult Life of Students in Homeless Situations" online for employees to view and/or download. Having another presentation at fall in-service (in a much larger room) is a definite possibility. And, on Thursday, May 23, Ninkasi Brewery will sponsor a fundraiser for Food for Lane County and an LCC Food Pantry. Look for more specific details in the next Lane Weekly. If you have any questions or insights as to a follow-up to the panel presentation, contact Karen Myers at myersk@lanecc.edu or 5830.

CHECK YOUR LANE WEBSITE URLS

Are you in the process of updating promotional or instructional materials for use during the upcoming year? Do you send out emails regularly that direct people to Lane websites? Most Lane website URLs have changed! Check your URLs to make sure they are correct in print, emails, and on the web. If your URL contains ".html", ".htm" or "www2", it probably needs updating. Starting December 1, 2013, any visitors to an old URL will receive a click-through message asking them to update their link. On June 1, 2014, the www2 server will be turned off, and visitors to old URLs will receive a "Server Not Found" message. For details, please contact Lori Brenden.

YOU MIGHT BE ASKING YOURSELF, WHERE DID MY STAFF MEETING EVENT GO?

Several changes have been put in place within the last week to prepare the 25Live event scheduling system for the release of the latest version.

Version 23 is currently in Test and will be deployed in Production in the coming weeks. A part of this new release is a new mobile phone module.

To try to reduce the number of events in the main Lane Events calendar, events with the event type of Meetings-Staff have been moved to a new calendar. Governance, Student and External Group meetings remain on the main calendar. The new calendar "Employee Meetings and Trainings" contains four calendars for Employee Training, Employee Wellness Classes, Meetings - Staff and Professional Organization Development. You can find a link to this calendar on the left navigation of Lane Events below the separator line. This merger puts all of the staff related meetings and trainings together on one calendar.

Another new calendar is for the David Joyce Gallery in the CENTER for Meeting and Learning. A new link on the left navigation provides a daily look at what is on exhibit in all three galleries by going to "The Arts and David Joyce Galleries" link.

Do you have a need for a calendar for a web page within your department or an idea for a calendar that is missing from Lane Events? Please contact the scheduling team at LaneEvents@lanecc.edu Submitted by Alen Bahret, Information Technology, 3347.

When asked about his sculpture and the nature of this work, Justin stated, "I hope to appeal to the imagination, to that place within us, in which resides our images of reality

and our images of life itself. From there I hope to spark a different way of seeing the world, to bring about new and possibly different images for shaping our deeper understanding of the experience of life." The show runs from through May 23. A lecture will be held on Monday, May 20 at 3 p.m. with a closing reception immediately following. The gallery is in Building 11. There is no charge for admission. INNOVATOR, AUTHOR AND AVATAR CREATOR JASON LANIER TO VISIT LANE MAY 23-24

Jason Lanier is coming for a main campus visit May 23 and 24. Perhaps not a celebrity of the Hollywood order, he is an internationally esteemed computer scientist, artist, musician and author. He is coming at the invitation of the 2012-13 Reading Together project which has organized and supported the use of his 2010 book, "You Are Not a Gadget," in classrooms across several academic disciplines.

Time Magazine listed him in the TIME 2010 top 100 most influential people in the world. The New York Times listed his book "You Are Not a Gadget" in the top 10 books for 2010. His latest book, "Who Owns the Future?" was released last week by Simon Schuster.

Lanier is a researcher and "scholar at large" at Microsoft, contracted to follow where his imagination takes him. Credited as the father of virtual reality, Lanier's most recognizable contribution to the popular culture is the technology he developed when exploring the possibilities of creating physical avatars. His creativity moved forward the technology used to create the motion capture suit that deepens the illusion of computer

graphics (i.e., the character of Gollum in Peter Jackson's "Lord of the Rings" trilogy), which in turn lead to the recent development of the X Box Kinect gaming system. He was a computer technology pioneer, back in the day when innovations like MP3 files were dreamed up by his friends in the garage of a house in a Berkley California suburb. When "You Are Not a Gadget" was published, it both earned national accolades and attracted controversy. Contrary to some critical reviews, Lanier is not a critique of the web or internet, rather he understands full trajectory of technical innovations over the last 30 years and is worried we are moving forward so quickly that we are not paying attention to way these technologies are changing us for better or worse. Lanier's book is a series of reflections and arguments centered on his concerns about the way the development of the internet and the movement toward open source technology (Web 2.0) is changing who we perceive ourselves as individually and about the significant changes it brings to global and local economies, politics, and social values. For more information contact Eileen Thompson, Reading Together Coordinator at 3394 or thompson@lanec.edu

We also will be celebrating the re-retirement of Kate Barry. Please join Don, Andrea and Kate for cake and punch and wish this Triumphant Trio well as they move into the new adventures awaiting them in the next phase of their lives. Contact: Anna Kate Malliris.

SUSAN MATTHEWS RETIREMENT RECEPTION, MAY 29

You are invited to celebrate Susan Matthews and her retirement. Workforce Development Division will have a no-host celebration at Davis Restaurant on Broadway in Eugene on Wednesday, May 29, from 4:30-7 p.m. Stop by for a quick hello, stay for a drink or even enjoy a happy hour dinner. You can also come by the Workforce Development Department and add a message to a goodbye journal. RSVPs are appreciated but not required (email: ericksonc@lanec.edu or call: [541-463-5223](tel:541-463-5223)). Contact: Cindy Erickson, 5223.

ARCHIVES UPDATE: NO NEW SUBMISSION AFTER JUNE 7

The college archivist, Elizabeth Uhlig, will be retiring at the end of June and in anticipation of changes, the Archives will not be accepting new records for storage after Friday, June 7. If you have records ready for transfer to the Archives, the records along with the necessary transmittal form and inventory must be sent to the Archives before June 7. Please contact the archivist in advance to make sure your records are eligible for transfer. During the summer, there will be limited retrieval services. When a new archivist is on board, complete services will resume. Contact: Elizabeth Uhlig, 5466 or archives@lanec.edu

MANAGEMENT PERFORMANCE ONLINE SURVEYS

Each year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive

feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback to College managers/administrators, and for managers to process the feedback, are also elements of the college's accreditation process.

The online performance survey were available starting Tuesday, May 7. Please take some time (30 min or so) between May 7 and Friday, June 7, to reflect on and respond to the questions where you have first-hand information and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct report employees (those employees for whom the manager/administrator is the responsible supervisor) respond thoughtfully to the online performance survey. Your participation is important!

You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on "Complete an Online Survey." You do not have to answer every question on the online survey for your manager. You may skip questions where you have little or no information or have had no opportunities to observe the manager's performance. Additional narrative comments are helpful, too. If you comment on a question, do not refer to previous comments because the comments will be viewed in aggregate not by individual responder.

Your responses are anonymous and your manager's supervisor is the only person who sees the results (in aggregate) before they are shared with your manager. Thank you in advance for your constructive contributions via the online management performance surveys. You may direct any questions concerning the surveys to Dennis Carr in Lane Human Resources at [541-463-5585](tel:541-463-5585), or at carrd@lanecc.edu

This program has evolved from three decades of Dr. Peter and Susan Glaser's published, field-tested research and introduces participants to concrete, tangible skills.

This training is open and FREE of charge to Lane Community College staff with supervisory approval. The training will be provided by Lane managers who have been certified by Drs. Peter and Susan Glaser to conduct "Break Through Conflict" training. All participants will receive the Glaser's Break Through Conflict" booklet. CLEO NEEDS A NEW COOP: Longing for a lovely pet with black feathers that shimmer green and blue in the sun? Cleopecktra, our sweet-natured Australian Australorp hen, is seeking a new home. Hatched just last July, she is social, gentle, and gifts one brown egg a day, but her flock has determined that she is - literally - at the bottom of their pecking order. The Australorp is a heritage breed of Australian origin, and is a soft-feathered bird, with white toenails, black legs and beak, and is an excellent layer. Although she cannot be integrated into an existing flock due to chicken psychology, she could be introduced to a flock of baby chicks as their mother hen. If you are dreaming of fresh, organic eggs in the frig with the highest possible level of Omega-3s, and can make a commitment that "Cleo" would be the only adult hen in your coop, please let us know. watsonr@lanecc.edu ``

WILEY GRIFFON MONUMENT DEDICATION, JUNE 7

Come join the Lane Community College Black Student Union on Friday, June 7 at 5 p.m. at Hope Abbey Mausoleum in the Eugene Masonic Cemetery. The BSU was a major financial contributor towards a historical monument commemorating Wiley Griffon. Griffon was the first African-American mentioned by name as being a resident of Eugene, despite other unnamed African-Americans present in and around Eugene. This particular project is one of two collaborations with Lane's Black Student Union, shepherded by Cheri Turpin and Mark Harris' I Too, Am Eugene, A Multicultural History Project. I Too, Am Eugene, seeks to bring to light the hidden history of communities of color in Eugene, using print, oral, and web sources, supporting community historical activism such as Whilamut Talking Stones, two Tent City Re-enactments with the BSU, Teaching American History Bike and Bus Tours, and Video Projects, testimony in support of MLK BLVD, Cesar Chavez Elementary, changing Sam R to Sam Reynolds St., and

sections of Lane's Rites of Passage Curricula, and other community presentations. Griffon was most identifiable as depicted in the graphic as the most well known operator of the draft animal drawn trolleys which plied the streets of Eugene, which preceded the modern LTD. While he worked for the railroad, the university, and the Elks club, he no doubt was subjected to a climate that was not welcoming to diversity. By all accounts, he weathered those times positively, and was mostly respected in return. The historical monument project grew over the last 15 years, from simply replacing Griffon's last headstone, to historical plaques at LTD and EWEB, a monument at the gravesite. Public and private donors contributed over \$4,000. For more information contact: Cheri Turpin: I, Too Am Eugene (541) 683-1899; Mark Harris (541) 463-5178 or harrism@lanecc.edu ; or Blair Adams LCC BSU, blair.d.adams@gmail.com

TWO LANE STUDENTS AWARDED \$1,250 "EMPOWERING" SCHOLARSHIPS

TITLE III ENGAGING STUDENTS REQUIRED ORIENTATION

One of The Title III Engaging Students grant deliverables is that we will have required orientation for all new credit students beginning fall 2013. International students and College Now students will be the only new credit students not required to complete this New Student Information Session module. Faculty and staff who are becoming new credit students for the first time fall term 2013 and forward will also be required to complete the online New Student Information Session to be able to register for any credit classes.

This online orientation will provide all new credit students with information on how to use myLane to register, pay Lane, monitor financial aid, learn Lane's deadlines and processes and to provide valuable information to promote success as a new student at Lane. The New Student Information Session online could take anywhere from 1 to 1.5 hours to complete.

Students will receive information on how to link directly to the New Student Information Session in myLane in their admissions' welcome email.

Students will have an Orientation hold in SOAHOLD in Native Banner that will be cleared once the students have completed the New Student Information Session module in myLane.

They will still need to be released to register with the additional processes in place that dictate when a student is ready to register which students can monitor in the "When Can I Register?" link in myLane under the myEnrollment tab.

MANAGEMENT PERFORMANCE ONLINE SURVEYS

Each year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback to College managers/administrators, and for managers to process the feedback, are also elements of the college's accreditation process. The online performance survey were available starting Tuesday, May 7. Please take some time (30 min or so) between May 7 and Friday, June 7, to reflect on and respond to the questions where you have first-hand information and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct report employees (those employees for whom the manager/administrator is the responsible supervisor) respond thoughtfully to the online performance survey. Your participation is important!
You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on "Complete an Online Survey." You do not have to answer every question on the online survey for your manager. You may skip questions where you have little or no information or have had no opportunities to observe the manager's performance. Additional narrative comments are helpful, too. If you comment on a question, do not refer to previous comments because the comments will be viewed in aggregate not by individual responder.
Your responses are anonymous and your manager's supervisor is the only person who sees the results (in aggregate) before they are shared with your manager. Thank you in advance for your constructive contributions via the online management performance surveys. You may direct any questions concerning the surveys to Dennis Carr in Lane Human Resources at [541-463-5585](tel:541-463-5585), or at carrd@lanecc.edu

LANE DIGITEERS ENJOY SUCCESSFUL iWALK

The Come iWalk With Me event was a great success as Lane Digeteers took cameras, iPhones, iPads, Flip videos, and DSLRs in hand and joined the fun in the sun at the Wildflower Show at Mt. Pisgah on May 19. Here is a short video capturing the jazzy mood of the day on the Story Lane website. It was made with a simple tool called iMovie on an iPad: <http://pln.lanecc.net/storylane/?p=325>

These little video-making programs are easy to learn and surprisingly robust. There are versions for any handheld device that will take apps. If you want to learn how to use your cell phone (or anything else!) to make digital stories this summer, let me know! A merry band of summer digital storytelling students is already shaping up.

WILEY GRIFFON MONUMENT DEDICATION, JUNE 7

Join the Lane Community College Black Student Union on Friday, June 7 at 5 p.m. at Hope Abbey Mausoleum in the Eugene Masonic Cemetery. The BSU was a major financial contributor towards a historical monument commemorating Wiley Griffon. Griffon was the first African-American mentioned by name as being a resident of Eugene, despite other unnamed African-Americans present in and around Eugene. This particular project is one of two collaborations with Lane's Black Student Union, shepherded by Cheri Turpin and Mark Harris' I Too, Am Eugene, A Multicultural History Project. I Too, Am Eugene, seeks to bring to light the hidden history of communities of color in Eugene, using print, oral, and web sources, supporting community historical activism such as Whilamut Talking Stones, two Tent City Re-enactments with the BSU, Teaching American History Bike and Bus Tours, and Video Projects, testimony in support of MLK BLVD, Cesar Chavez Elementary, changing Sam R to Sam Reynolds St., and sections of Lane's Rites of Passage Curricula, and other community presentations. Griffon was most identifiable as depicted in the graphic as the most well known operator of the draft animal drawn trolleys which plied the streets of Eugene, which preceded the modern LTD. While he worked for the railroad, the university, and the Elks club, he no doubt was subjected to a climate that was not welcoming to diversity. By all accounts, he weathered those times positively, and was mostly respected in return. The historical monument project grew over the last 15 years, from simply replacing Griffon's last headstone, to historical plaques at LTD and EWEB, a monument at the gravesite. Public and private donors contributed over \$4,000. For more information contact: Cheri Turpin: I, Too Am Eugene (541) 683-1899; Mark Harris (541) 463-5178 or harrism@lanecc.edu or Blair Adams LCC BSU, blair.d.adams@gmail.com

AWARD-WINNING TROMBONIST LUIS BONILLA TO JOIN AWARD-WINNING LCC JAZZ ENSEMBLE, JUNE 7

Nationally-known trombonist Luis Bonilla will join the Lane Community College Jazz Ensemble in concert Friday, June 7 at 7:30 p.m. at the Ragazzino Performance Hall, building 6, main campus, 4000 E. 30th Avenue, Eugene.

The California-raised, Costa Rica-born trombonist, composer and arranger has sought out, taken in and mastered an incredible array of musical styles. His success as a sideman with such greats as McCoy Tyner, Dizzy Gillespie, Lester Bowie, Tom Harrell, Freddie Hubbard, Astrud Gilberto, Willie Colon and Toshiko Akiyoshi attests not only to the skill and variety of Bonilla's talent, but also to a mind restlessly committed to exploring some of the most complex and demanding music of our time. Yet there is nothing rarefied about the Bonilla experience. He has worked as a studio musician with Tony Bennett, Marc Anthony, La India and Mary J. Blige and understands and exploits the liveliness of pop as well as the rhythmic sway and punch of Latin jazz. Bonilla is currently a member of the Vanguard Jazz Orchestra, the Afro-Latin jazz orchestra under Arturo O'Farrill's direction (both 2009 Grammy winners) and Dave Douglas's latest group, Dave Douglas & Brass Ecstasy.

The Lane Jazz Ensemble directed by Ron Bertucci has just returned from the Reno Jazz Festival, where the ensemble took first place in the two-year college division and placed sixth overall among the two- and four-year programs competing in the festival. Tickets for the concert are \$5 general admission, and \$3 for students and seniors 55 and over. Tickets can be purchased in advance at lanecc.edu/tickets or at the door. Contact: John Watson, watsonj@lanecc.edu or 5161.

CHAMBER ORCHESTRA JUNE 9

On June 9, at 3 p.m., the Lane Chamber Orchestra directed by Hisao Watanabe will present "An Afternoon of Russian Romanticism" at the Ragozzino Performance Hall. The program includes Piotr Tchaikovsky's Symphony No. 5 in e, Op. 64; and Sergei Rachmaninoff's Piano Concerto No. 2 in c, Op. 18, featuring Hung-Yun Chu on piano. A native of Taiwan, Hung-Yun holds a doctoral degree in piano performance and piano accompanying from the University of Oregon, where she studied with Dean Kramer, and a master's degree in piano performance from Peabody Conservatory of Music, where she studied with Marian Hahn. She has been selected to perform in many competitions, including the International Taipei Piano Competition (2003), the Rachmaninoff International Piano competition (2002), and the Baltimore Music Club competition (1997). In addition to competition appearances, Hung-Yun was invited to perform a Baltimore premiere of "Duo Ye" by renowned composer Chen Yi in 1997. Tickets are \$5 general admission and \$3 for students, staff and seniors 55 and over. Tickets can be purchased online at lanecc.edu/tickets Contact: John Watson, watsonj@lanecc.edu or 5161.

LGBTQIA ALLIES & SAFES SPACE TRAINING

Thursday, June 13, 1-5 p.m., Center for Meeting and Learning, Room TBD

Lane's LGBTQIA Student and Staff Committee invites you to attend this LGBTQIA Allies (Safe Space) training. Q&A will include: When can I use the word queer to talk about lesbian, gay, bisexual, or transgender people? Am I an ally? (Wait, am I a good ally?) What does an LGBTQIA Allies & Safe Space training look like, and how can I help make Lane more welcoming, inclusive, and respectful for all students, staff, and community members on campus?

Attendees will be able to identify the qualities of an effective ally, describe the loss that can sometimes occur during the process of "coming out," and will leave with tools to interrupt bias and resources for appropriate referrals.

About the instructors: Maure Smith-Benanti is the assistant director for the Lesbian, Gay, Bisexual, Transgender (LGBT) Education and Support Services Program at the University of Oregon. She came to Eugene after working for 4-1/2 years at Utah State University as their first program coordinator of LGBT student services. At USU, Maure had the opportunity to conduct frequent ally workshops and cultural competency trainings. Maure received her master's degree in English literature and writing from Utah State University. She loves to teach and has a passion for social justice, gentle activism and good poetry. Assisting Maure with the training will be members of Lane's Student and Staff LGBTQIA Training Committee.

Register by contacting Donna Koechig, Diversity Office, at 5307 or koechigd@lanecc.edu by Monday, June 10.

MANAGEMENT PERFORMANCE ONLINE SURVEYS

Each year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback to College managers/administrators, and for managers to process the feedback, are also elements of the college's accreditation process.

The online performance survey were available starting Tuesday, May 7. Please take some time (30 min or so) between May 7 and Friday, June 7, to reflect on and respond to the questions where you have first-hand information and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct report employees (those employees for whom the manager/administrator is the responsible supervisor) respond thoughtfully to the online performance survey. Your participation is important!

You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on

"Complete an Online Survey." You do not have to answer every question on the online survey for your manager. You may skip questions where you have little or no information or have had no opportunities to observe the manager's performance. Additional narrative comments are helpful, too. If you comment on a question, do not refer to previous comments because the comments will be viewed in aggregate not by individual responder.

Your responses are anonymous and your manager's supervisor is the only person who sees the results (in aggregate) before they are shared with your manager. Thank you in advance for your constructive contributions via the online management performance surveys. You may direct any questions concerning the surveys to Dennis Carr in Lane Human Resources at [541-463-5585](tel:541-463-5585), or at carrd@lanecc.edu ``

VOLUNTEER HOST FAMILY NEEDED: An immigration attorney in Eugene is looking for a volunteer host family to host a 15-year-old girl from Thailand between August and June of next year. She is being sponsored by Rotary Club and needs a volunteer host family for a 3- to 4-month period at some point between August and June of next year. If

you or someone you know might be interested in this, please contact Raquel Hecht, Immigration Attorney, Hecht & Norman, at [541-465-2173](tel:541-465-2173).

LOOKING FOR HOUSING: I'm a part time employee in the testing office at Lane, and I work part time at Paisley Distance Learning Program as well. I'm recently divorced and have two young daughters. We are looking for a place to rent and have a few factors that are making it difficult to find a place. We need a place that is single story (my daughter was born with vision impairments and has no depth perception so stairs are a hazard. She can manage one or two steps on a porch just fine when she knows they are there but not a whole flight of stairs). We also need washer and dryer hook-ups (the same daughter wears cloth diapers and those are very difficult to clean properly at a laundromat) and at least 2 bedrooms/1 bath. I'd love to also have a dishwasher, garage and fenced yard (if all my dreams came true!). My maximum housing budget is \$650/month. If you know of anything that would be a great fit for my girls and me, please contact me! Heather Hough, houghh@lanecc.edu or [503-385-5727](tel:503-385-5727).

DID YOU KNOW CHILD CARE IS AVAILABLE ON CAMPUS?

Lane Child and Family Center is a nationally accredited and state licensed preschool/child care program serving students, staff, and the community. We are located in Buildings 24, 25, and 26 on the main campus. The center is open Mondays through Fridays, 7 a.m. to 5:30 p.m., and consists of four classrooms serving children ages 30 months through 5 years old. The center offers flexible full or part time schedules to meet your family's needs. We provide engaging opportunities for children to discover, explore and experiment with a wide variety of materials in a safe and emotionally responsive environment.

The center is staffed by professionally trained teachers and enhanced by student teachers enrolled in the Early Childhood Education program. Our low caregiver-to-child ratio allows individual attention for each child and a variety of activities for children on a daily basis.

Lane students may be eligible for discounts through CCAMPIS GRANT, child care subsidy and co-oping opportunities. Community and staff parents may also reduce their fees by applying for the co-op option.

MANAGEMENT PERFORMANCE SURVEYS ONLINE THROUGH JUNE 7

Each year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback to College managers/administrators, and for managers to process the feedback, are also elements of the college's accreditation process. The online performance survey is online through Friday, June 7, to reflect on and respond to the questions where you have first-hand information and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct report employees (those employees for whom the manager/administrator is the responsible supervisor) respond thoughtfully to the online performance survey. Your participation is important!

You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on "Complete an Online Survey." You do not have to answer every question on the online survey for your manager. You may skip questions where you have little or no information or have had no opportunities to observe the manager's performance. Additional narrative comments are helpful, too. If you comment on a question, do not refer to previous comments because the comments will be viewed in aggregate not by individual responder. Your responses are anonymous and your manager's supervisor is the only person who sees the results (in aggregate) before they are shared with your manager. Thank you in advance for your constructive contributions via the online management performance surveys. You may direct any questions concerning the surveys to Dennis Carr in Lane Human Resources at [541-463-5585](tel:541-463-5585), or at carrd@lanecc.edu

LGBTQIA ALLIES & SAFES SPACE TRAINING

Thursday, June 13, 1-5 p.m., Center for Meeting and Learning, Room TBD
Lane's LGBTQIA Student and Staff Committee invites you to attend this LGBTQIA Allies (Safe Space) training. Q&A will include: When can I use the word queer to talk about lesbian, gay, bisexual, or transgender people? Am I an ally? (Wait, am I a good ally?) What does an LGBTQIA Allies & Safe Space training look like, and how can I help make Lane more welcoming, inclusive, and respectful for all students, staff, and community members on campus?

Attendees will be able to identify the qualities of an effective ally, describe the loss that can sometimes occur during the process of "coming out," and will leave with tools to interrupt bias and resources for appropriate referrals.

LOOKING FOR HOUSING: I'm a part time employee in the testing office at Lane, and I work part time at Paisley Distance Learning Program as well. I'm recently divorced and have two young daughters. We are looking for a place to rent and have a few factors that are making it difficult to find a place. We need a place that is single story (my daughter was born with vision impairments and has no depth perception so stairs are a hazard. She can manage one or two steps on a porch just fine when she knows they are there but not a whole flight of stairs). We also need washer and dryer hook-ups (the same daughter wears cloth diapers and those are very difficult to clean properly at a laundromat) and at least 2 bedrooms/1 bath. I'd love to also have a dishwasher, garage and fenced yard (if all my dreams came true!). My maximum housing budget is \$650/month. If you know of anything that would be a great fit for my girls and me, please contact me! Heather Hough, houghh@lanecc.edu or [503-385-5727](tel:503-385-5727). ``

McCONKEY NAMED JUNE'S CLASSIFIED EMPLOYEE OF THE MONTH

Kudos and congratulations go to June's Classified Employee of the Month – James McConkey, technical director in Music, Dance and Theatre Arts. Representatives of the Classified Professional Development Team joined MDTA staff on stage during the Dance Department Open Show concert to present him with the award. James began working at LCC part-time September 1997. He is a master at creative thinking and problem solving, as he is constantly trying to reconcile production/concert realities with the director's vision. His artistry and understanding of artists is way beyond the norm for Technical Directors. He is always ready to support and encourage involvement in working in the theater, even when a student or volunteer may not have a high skill level or self-confidence. James is always careful to make sure what he does in productions/concerts fits in with the budget. He is a strong advocate of recycling, reusing, and saving money. Everything he does is of the highest quality and he does it all with a wonderful, patient attitude. James has a presence in the community beyond Lane, and a reputation of kindness, service, and excellence. The U of O dance program often requests his skills and talents, as well as several other dance groups in town. We are so lucky to have him at Lane! When you see James, congratulate him for doing a terrific job and celebrate his nomination as LCC's June's Classified Employee of the Month. And remember that, you too, can help us to recognize exemplary classified employees by nominating them for this award. Nomination forms are available on the CPDT website:

LGBTQIA ALLIES & SAFES SPACE TRAINING—

Thursday, June 13, 1-5 p.m., Center for Meeting and Learning, Room TBD

Lane's LGBTQIA Student and Staff Committee invites you to attend this LGBTQIA Allies (Safe Space) training. Q&A will include: When can I use the word queer to talk about lesbian, gay, bisexual, or transgender people? Am I an ally? (Wait, am I a good ally?) What does an LGBTQIA Allies & Safe Space training look like, and how can I help make Lane more welcoming, inclusive, and respectful for all students, staff, and community members on campus?

Attendees will be able to identify the qualities of an effective ally, describe the loss that can sometimes occur during the process of "coming out," and will leave with tools to interrupt bias and resources for appropriate referrals.

About the instructors: Maure Smith-Benanti is the assistant director for the Lesbian, Gay, Bisexual, Transgender (LGBT) Education and Support Services Program at the University of Oregon. She came to Eugene after working for 4-1/2 years at Utah State University as their first program coordinator of LGBT student services. At USU, Maure had the opportunity to conduct frequent ally workshops and cultural competency trainings. Maure received her master's degree in English literature and writing from Utah State University. She loves to teach and has a passion for social justice, gentle activism and good poetry. Assisting Maure with the training will be members of Lane's Student and Staff LGBTQIA Training Committee.

NEWS AND ANNOUNCEMENTS

GED COMPLETION DEADLINE FACES STUDENTS

The GED test is changing in January to a new version. Those who have already started the tests need to finish by December or they will have to start over in January and pay new, higher fees. In addition, the test will be computer-based, instead of the current paper-and-pencil version.

October 11 is the last date students may begin the current GED test series. December 6 is the last date for testing under this series.

About 800 people who started GED testing at Lane have not yet completed, says instructor Gail Hemsoth. They are a highly mobile population, age 16 and older.

Lane offers classes at multiple locations, including Cottage Grove, to help students prepare for the GED. The GED is a series of five tests covering math, reading, writing, science and social studies. A GED or high school diploma is required to qualify for federal financial aid. For more information go online at: <http://www.lanecc.edu/abse/ged-preparation>

NEWS FROM WORKFORCE

Rumors of our demise have been greatly exaggerated, and the Workforce Development Department is still alive and well! There are some changes happening, however, that we want to tell you about. Effective July 1, our funding sources will shift, and the services we offer will shift a little bit too. We will continue to offer career and training information, as well as job search preparation in our Workforce Center. As part of the transition, the center will be closed from July 1-12 and will reopen on July 15. The hours of operation will be changed to Mondays through Thursdays from 9:30 a.m. to 3:30 p.m. Our workshops are "under construction" and there should be a new workshop calendar ready by fall term. Please continue to refer your students to the Workforce Center in Building 19 for career coaching and job search assistance. Submitted by Randa Law, 5861.

KLCC DEBUTS NEW WEEKDAY LINEUP

On July 1, KLCC will debut an expanded schedule of midday news and information programming. Along with the best of NPR, KLCC has added public radio programs from the British Broadcasting Corporation (BBC), the Canadian Broadcasting Corporation (CBC), and public radio stations WBUR, WGBH and WNYC. Each program will incorporate KLCC's award-winning local content, including news, music and arts features. Evening and weekend schedules will remain as they are with a strong mix of music and entertainment.

KLCC maintains a strong commitment to broadcasting local music with live in-studio performances featured within afternoon information programs. Music programs thrive on KLCC with locally produced, volunteer music programs on evenings and weekends.

The new midday programming responds to the station's thorough examination of community needs and listener preferences conducted two years ago. The new schedule continues KLCC's October 2011 move to provide the community with the strongest possible public radio service. KLCC is excited to bring listeners this news and confident that KLCC is poised to increase our service to the public.

NEWS AND ANNOUNCEMENTS

LICENSED PRACTICAL NURSE PROGRAM ACCEPTING APPLICATIONS

One stepping stone at a time, Lane student Diana Ambroson is moving closer to a career in nursing. In September 2013, after just three terms, Diana will receive a certificate in licensed practical nursing, thanks to LCC's new one-year LPN program.

"I'm grateful to LCC for having these stepping stones," says Diana, who completed Lane's certified nursing assistant curricula a few years ago and has been working as a CNA in local long-term care facility. Diana is glad to know that it's possible for her to eventually earn an RN degree, if she chooses, even while she is making a good wage as an LPN and spending time with her one-year-old daughter.

Lane is accepting applications now for its winter 2013-summer 2014 LPN program. For more information, see www.lanecc.edu/hp/nursing/licensed-practical-nursing

DID YOU KNOW CHILD CARE IS AVAILABLE ON CAMPUS?

Lane Child and Family Center is a nationally accredited and state licensed preschool/child care program serving students, staff, and the community. We are located in Buildings 24, 25, and 26 on the main campus. The center is open Mondays through Fridays, 7 a.m. to 5:30 p.m., and consists of four classrooms serving children ages 30 months through 5 years old. The center offers flexible

full or part time schedules to meet your family's needs. We provide engaging opportunities for children to discover, explore and experiment with a wide variety of materials in a safe and emotionally responsive environment.

The center is staffed by professionally trained teachers and enhanced by student teachers enrolled in the Early Childhood Education program. Our low caregiver-to-child ratio allows individual attention for each child and a variety of activities for children on a daily basis.

Lane students may be eligible for discounts through CCAMPIS GRANT, child care subsidy and co-oping opportunities. Community and staff parents may also reduce their fees by applying for the co-op option.

MANAGEMENT PERFORMANCE SURVEYS ONLINE THROUGH JUNE 7

Each year, we ask you to provide constructive and developmental input for your college manager by using an online performance evaluation survey. We value the constructive feedback you provide for managers' personal and professional continuous improvement. Opportunities for employees to provide feedback to College managers/administrators, and for managers to process the feedback, are also elements of the college's accreditation process.

The online performance survey is online through Friday, June 7, to reflect on and respond to the questions where you have first-hand information and substantive input for your college manager. For the data to be truly valuable and provide a complete picture, each manager needs to have enough direct report employees (those employees for whom the manager/administrator is the responsible supervisor) respond thoughtfully to the online performance survey. Your participation is important!

You may access the management performance surveys via MyLane or ExpressLane. Click on "Employee Services" and you may access the online surveys by clicking on "Complete an Online Survey." You do not have to answer every question on the online survey for your manager. You may skip questions where you have little or no information or have had no opportunities to observe the manager's performance. Additional narrative comments are helpful, too. If you comment on a question, do not refer to previous comments because the comments will be viewed in aggregate not by individual responder. Your responses are anonymous and your manager's supervisor is the only person who sees the results (in aggregate) before they are shared with your manager. Thank you in advance for your constructive contributions via the online management performance surveys. You may direct any questions concerning the surveys to Dennis Carr in Lane Human Resources at 541-463-5585, or at carrd@lanecc.edu

She can manage one or two steps on a porch just fine when she knows they are there but not a whole flight of stairs). We also need washer and dryer hook-ups (the same daughter wears cloth diapers and those are very difficult to clean properly at a laundromat) and at least 2 bedrooms/1 bath. I'd love to also have a dishwasher, garage and fenced yard (if all my dreams came true!). My maximum housing budget is \$650/month. If you know of anything that would be a great fit for my girls and me, please contact me! Heather Hough, houghh@lanecc.edu or 503-385-5727. ``

McCONKEY NAMED JUNE'S CLASSIFIED EMPLOYEE OF THE MONTH

Kudos and congratulations go to June's Classified Employee of the Month – James McConkey, technical director in Music, Dance and Theatre Arts. Representatives of the Classified Professional Development Team joined MDTA staff on stage during the Dance Department Open Show concert to present him with the award. James began working at LCC part-time September 1997. He is a master at creative thinking and problem solving, as he is constantly trying to reconcile production/concert realities with the director's vision. His artistry and understanding of artists is way beyond the norm for Technical Directors. He is always ready to support and encourage involvement in working in the theater, even when a student or volunteer may not have a high skill level or self-confidence. James is always careful to make sure what he does in productions/concerts fits in with the budget. He is a strong advocate of recycling, reusing, and saving money. Everything he does is of the highest quality and he does it all with a wonderful, patient attitude. James has a presence in the community beyond Lane, and a reputation of kindness, service, and excellence. The U of O dance program often requests his skills and talents, as well as several other dance groups in town. We are so lucky to have him at Lane! When you see James, congratulate him for doing a terrific job and celebrate his nomination as LCC's June's Classified Employee of the Month. And remember that, you too, can help us to recognize exemplary classified employees by nominating them for this award. LGBTQIA ALLIES & SAFES SPACE TRAINING

Thursday, June 13, 1-5 p.m., Center for Meeting and Learning, Room TBD
Lane's LGBTQIA Student and Staff Committee invites you to attend this LGBTQIA Allies (Safe Space) training. Q&A will include: When can I use the word queer to talk about lesbian, gay, bisexual, or transgender people? Am I an ally? (Wait, am I a good ally?) What does an LGBTQIA Allies & Safe Space training look like, and how can I help make Lane more welcoming, inclusive, and respectful for all students, staff, and community members on campus?

Attendees will be able to identify the qualities of an effective ally, describe the loss that can sometimes occur during the process of "coming out," and will leave with tools to interrupt bias and resources for appropriate referrals.

About the instructors: Maure Smith-Benanti is the assistant director for the Lesbian, Gay, Bisexual, Transgender (LGBT) Education and Support Services Program at the University of Oregon. She came to Eugene after working for 4-1/2 years at Utah State University as their first program coordinator of LGBT student services. At USU, Maure had the opportunity to conduct frequent ally workshops and cultural competency trainings. Maure received her master's degree in English literature and writing from Utah State University. She loves to teach and has a passion for social justice, gentle activism and good poetry. Assisting Maure with the training will be members of Lane's Student and Staff LGBTQIA Training Committee.

Register by contacting Donna Koechig, Diversity Office, at 5307 or koechigd@lanecc.edu by Monday, June 10.

NEWS AND ANNOUNCEMENTS

GED COMPLETION DEADLINE FACES STUDENTS

The GED test is changing in January to a new version. Those who have already started the tests need to finish by December or they will have to start over in

January and pay new, higher fees. In addition, the test will be computer-based, instead of the current paper-and-pencil version.

October 11 is the last date students may begin the current GED test series.

December 6 is the last date for testing under this series.

About 800 people who started GED testing at Lane have not yet completed, says instructor Gail Hemsoth. They are a highly mobile population, age 16 and older.

Lane offers classes at multiple locations, including Cottage Grove, to help students prepare for the GED. The GED is a series of five tests covering math, reading, writing, science and social studies. A GED or high school diploma is required to qualify for federal financial aid. For more information go online at:

NEWS FROM WORKFORCE

Rumors of our demise have been greatly exaggerated, and the Workforce Development Department is still alive and well! There are some changes happening, however, that we want to tell you about. Effective July 1, our funding sources will shift, and the services we offer will shift a little bit too. We will continue to offer career and training information, as well as job search preparation in our Workforce Center. As part of the transition, the center will be closed from July 1-12 and will reopen on July 15. The hours of operation will be changed to Mondays through Thursdays from 9:30 a.m. to 3:30 p.m. Our workshops are "under construction" and there should be a new workshop calendar ready by fall term. Please continue to refer your students to the Workforce Center in Building 19 for career coaching and job search assistance. Submitted by Randa Law, 5861.

KLCC DEBUTS NEW WEEKDAY LINEUP

On July 1, KLCC will debut an expanded schedule of midday news and information programming. Along with the best of NPR, KLCC has added public radio programs from the British Broadcasting Corporation (BBC), the Canadian Broadcasting Corporation (CBC), and public radio stations WBUR, WGBH and WNYC. Each program will incorporate KLCC's award-winning local content, including news, music and arts features. Evening and weekend schedules will remain as they are with a strong mix of music and entertainment.

KLCC maintains a strong commitment to broadcasting local music with live in-studio performances featured within afternoon information programs. Music programs thrive on KLCC with locally produced, volunteer music programs on evenings and weekends.

The new midday programming responds to the station's thorough examination of community needs and listener preferences conducted two years ago. The new schedule continues KLCC's October 2011 move to provide the community with the strongest possible public radio service. KLCC is excited to bring listeners this news and confident that KLCC is poised to increase our service to the public.

Integrated Pest Management is a cost effective and sustainable approach to pest management which utilizes multiple techniques and best practices to address pests. The college IPM plan encourages training and participation by college staff. The IPM plan is located on the FMP department web page. In May, Sprague Pest Management was hired to provide IPM best practices at all locations of the college. If you have any questions regarding the colleges IPM strategy, please contact David L. NEWS AND ANNOUNCEMENTS

LICENSED PRACTICAL NURSE PROGRAM ACCEPTING APPLICATIONS

One stepping stone at a time, Lane student Diana Ambrosion is moving closer to a career in nursing. In September 2013, after just three terms, Diana will receive a certificate in licensed practical nursing, thanks to LCC's new one-year LPN program.

"I'm grateful to LCC for having these stepping stones," says Diana, who completed Lane's certified nursing assistant curricula a few years ago and has been working as a CNA in local long-term care facility. Diana is glad to know that it's possible for her to eventually earn an RN degree, if she chooses, even while she is making a good wage as an LPN and spending time with her one-year-old daughter.

Lane is accepting applications now for its winter 2013-summer 2014 LPN program. For more information, see www.lanecc.edu/hp/nursing/licensed-practical-nursing

MOODLE ARCHIVE 2012/2013 MOODLE COURSES IN JULY

In order to maintain server performance we will be archiving off Academic Year 2012/2013 courses from classes.lanecc.edu (Moodle) during the week of July 8. All courses used for Summer 2012, Fall 2012, Winter 2013, and Spring 2013 will be accessible at classesarchives.lanecc.edu/2013 the week of July 15th.

Since classesarchive.lanecc.edu is a separate server than classes.lanecc.edu you will need to complete backups and restores in order to migrate your course content from any of these previous terms into a development shell or current course on classes.lanecc.edu.

Please follow these directions on how to backup and restore your 2012/2013 courses.

* Backup: <https://classes.lanecc.edu/mod/page/view.php?id=535663>

* Restore: <https://classes.lanecc.edu/mod/page/view.php?id=287589>

Please remember Archived courses are not to be used for development or student use. If you need to continue developing a course and/or need to allow a student extended time to complete a course we will need to restore this course to classes.lanecc.edu. Please request that the ATC complete this process for you.

If you have any questions please contact us in the ATC (<http://lanecc.edu/atc>)

NEWS AND ANNOUNCEMENTS

IN MEMORY: ANN MARIE PRENGAMAN

Ann Marie Prengaman, a long-time English instructor in the Language, Literature, and Communication Division, passed away on June 24 in Atlanta, Georgia, where she had gone to visit family. Ann Marie was 72 years old. She was born in March 1941, the oldest of seven children. After high school she received a scholarship to Seaton Hill University. She moved to Eugene in 1965 to pursue graduate studies at the University of Oregon. Ann Marie earned her master's and completed some course work for her doctorate in English literature. She was drawn to the UO because the English Department was known for its expertise in William Shakespeare and Old English greats which she enjoyed so much. In the early 1970s, Ann Marie started teaching at Lane and spent the next 37 years here, teaching Shakespeare, children's literature and various levels of college writing. Ann Marie loved working with students. She saw teaching as a calling, to help students get through not only college, but life. She considered students, faculty and staff her extended family. Ann Marie was a single mother who raised four boys: Peter, Nathan, Charlie and Jamie. She loved her family more than anything. Her greatest pride was her boys, only followed later by her three grandchildren. She loved travel and English literature and writing. Ann Marie battled health issues for years. Recently she fought respiratory and bacterial infections and was diagnosed with heart disease and pancreatic cancer. A funeral to celebrate Ann Marie's life will be held Saturday, July 27, at St. Jude's Church in Eugene at 11 a.m. For more information, contact Language, Literature, and Communication.

IN MEMORY: JERRY HALL

Long-time Science instructor Jerry Hall passed away July 5. A resident of Veneta, he was 71. Arrangements are being made by Sunset Hills Cemetery, Funeral Home and Crematorium in Eugene. More information will be available soon. Jerry taught biology, including jungle biology, and was an integral part of Lane's Native American program and played important roles in building the Longhouse and developing American Indian Languages classes. "Jerry was a faculty member in Science for many years," said Division Dean Sarah Ulerick. "This is very sad news for us."

CONGRATULATIONS TO BRIAN KELLY AND KERRY LEVITT

President Mary Spilde recently announced that vice president and executive dean positions have been filled. "As you know we recently conducted searches for the VP of College Services and the Executive Dean for Student Affairs. I am delighted to announce

that both positions have been filled and we have two great community college professionals joining the college Executive Team.

“Brian Kelly has accepted the position as Vice President for College Services. Brian has served the college as Dean of Culinary, Hospitality and Conference Services. He has also owned businesses and served as a faculty member. He brings a keen understanding of the enterprise and business side of the house, leadership in sustainability and clearly understands the relationship between college services and their support for our core mission of learning. Brian will begin his assignment on July 15 but will stay connected to his current assignment while we work out a transition plan.

“Dr. Kerry Levitt will be the new Executive Dean of Student Affairs. She comes to us from Finger Lakes Community College in New York where she served as Associate Vice President of Student Affairs. She has experience in a wide scope of student affairs including Student Life, Judicial Affairs and Student Success and Retention. She will begin this assignment on August 15.

“My gratitude to both search committees for all the work to get to this point. I am looking forward to working with all of our recent hires in the coming months and years.”

NEED CHILDCARE?

The Lane Child and Family Center is located right here on campus! We are a state licensed preschool program that earned national accreditation in 2012 from the National Association for the Education of Young Children. We serve students, staff and community families. Lane Child and Family Center has four classrooms serving children ages 30 months through 5 years old and is open Mondays through Fridays from 7:00 a.m. to 5:30 p.m. The center offers flexible schedules to meet your family needs. We provide engaging opportunities for children to explore discover and experiment with a wide variety of materials in a safe and emotionally responsive environment.

Lane Child and Family Center is staffed by professionally trained teachers and enhanced by student teachers enrolled in the Early Childhood Education program. Our low caregiver-to-child ratio allows individual attention for each child.

Students may be eligible for subsidy, co-oping, or CCAMPIS Grant to reduce childcare costs.

Lane faculty and staff may qualify for employee discount to reduce child care expenses. Community parents are also welcome; we offer a co-op option to reduce childcare cost. We would love to give you a tour of our childcare center. For more information call 541-463-5517, e-mail childcareoncampus@lanecc.edu or visit our web site at <http://www.lanecc.edu/cfe/lcfc>

NAACP FUNDRAISER

The Eugene-Springfield chapter of the NAACP and the Oregon Network for Compassionate Communication (ORNCC) will co-sponsor a day-long workshop, "Connecting Compassionately: An Introduction to Nonviolent Communication" on Saturday August 17 from 9:30 a.m. to 4:30 p.m. at the Jazz Station, 124 W. Broadway in Eugene. The workshop is a fundraiser for the NAACP with proceeds going to benefit NAACP programming. Nonviolent Communication (NVC) is based on the principles of nonviolence—the natural state of compassion when no violence is present in the heart.

NVC begins by assuming that we are all compassionate by nature and that violent strategies—whether verbal or physical—are learned behaviors taught and supported by the prevailing culture. NVC also assumes that we all share the same, basic human needs, and that each of our actions is a strategy to meet one or more of these needs. People who practice NVC have found greater authenticity in their communication, increased understanding, deepening connection and conflict resolution.

The workshop presenter will be Gary Baran, a certified trainer of Nonviolent Communication, a California licensed marriage and family therapist (inactive), and former executive director of the Center for Nonviolent Communication (www.cnvc.org), the international organization founded by Marshall B. Rosenberg, PhD, the creator of Nonviolent Communication. Each workshop participant will receive a complimentary copy of Dr. Rosenberg's book, Nonviolent Communication: "A Language of Life," donated by ORNCC. The workshop fee is \$50 with no one turned away for lack of funds. Because space is limited, pre-registration is strongly recommend. To register for the workshop: <http://nonviolent2013-es2.eventbrite.com/?rank=1> Contact Eric Richardson at president@naacplanecounty.org if you need a scholarship or have questions. Submitted by the editor.

A GREAT VACATION GET AWAY, with very reasonable rates, is found at the BLK Beach House in Florence. Not only that, you can bring your dog for free. This is a newer manufactured home in great condition with a spacious open living room, 2 bedrooms, 1 bath, and the kitchen is supplied with everything you need: pots, pans, microwave, coffee pot, toaster and more. There is a queen size bed in one bedroom and twin and full size beds in the other room. And there's a fenced in yard. It's a five minute walk to the beach. This is our home away from home and rented only to select clientele (like Lane employees). Guests are on the honor system to respect our home. The rates are very reasonable, in part because you are expected to clean up after yourself upon departure. There's a two night minimum and rates are \$62/night for two people and add \$3 per person per night beyond two people. Weekly rates are cheaper. Call Wendy Simmons at 431-1277 or email her at wsimmons@efn.org for more information.

NEWS AND ANNOUNCEMENTS

IN MEMORY: ANN MARIE PRENGAMAN

Ann Marie Prengaman, a long-time English instructor in the Language, Literature, and Communication Division, passed away on June 24 in Atlanta, Georgia, where she had gone to visit family. Ann Marie was 72 years old. She was born in March 1941, the oldest of seven children. After high school she received a scholarship to Seaton Hill University. She moved to Eugene in 1965 to pursue graduate studies at the University of Oregon. Ann Marie earned her master's and completed some course work for her doctorate in English literature. She was drawn to the UO because the English Department was known for its expertise in William Shakespeare and Old English greats which she enjoyed so much. In the early 1970s, Ann Marie started teaching at Lane and spent the next 37 years here, teaching Shakespeare, children's literature and various levels of college writing. Ann Marie loved working with students. She saw teaching as a calling, to help students get through not only college, but life. She considered students, faculty and staff her extended family. Ann Marie was a single mother who raised four boys: Peter, Nathan, Charlie and Jamie. She loved her family more than anything. Her greatest pride was her boys, only followed later by her three grandchildren. She loved travel and English literature and writing. Ann Marie battled health issues for years. Recently she fought respiratory and bacterial infections and was diagnosed with heart disease and pancreatic cancer. A funeral to celebrate Ann Marie's life will be held Saturday, July 27, at St. Jude's Church in Eugene at 11 a.m. For more information, contact Language, Literature, and Communication.

IN MEMORY: JERRY HALL

Long-time Science instructor Jerry Hall passed away July 5. A resident of Veneta, he was 71. Arrangements are being made by Sunset Hills Cemetery, Funeral Home and Crematorium in Eugene. More information will be available soon. Jerry taught biology, including jungle biology, and was an integral part of Lane's Native American program and played important roles in building the Longhouse and developing American Indian Languages classes. "Jerry was a faculty member in Science for many years," said Division Dean Sarah Ulerick. "This is very sad news for us."

Instructor Will Fleming coordinates Lane's participation in the competition. For more information contact Language, Literature, and Communication.

CONGRATULATIONS TO BRIAN KELLY AND KERRY LEVITT

President Mary Spilde recently announced that vice president and executive dean positions have been filled. "As you know we recently conducted searches for the VP of College Services and the Executive Dean for Student Affairs. I am delighted to announce that both positions have been filled and we have two great community college professionals joining the college Executive Team.

"Brian Kelly has accepted the position as Vice President for College Services. Brian has served the college as Dean of Culinary, Hospitality and Conference Services. He has also owned businesses and served as a faculty member. He brings a keen understanding of the enterprise and business side of the house, leadership in sustainability and clearly understands the relationship between college services and their support for our core mission of learning. Brian will begin his assignment on July 15 but will stay connected to his current assignment while we work out a transition plan.

"Dr. Kerry Levitt will be the new Executive Dean of Student Affairs. She comes to us from Finger Lakes Community College in New York where she served as Associate Vice President of Student Affairs. She has experience in a wide scope of student affairs including Student Life, Judicial Affairs and Student Success and Retention. She will begin this assignment on August 15.

"My gratitude to both search committees for all the work to get to this point. I am looking forward to working with all of our recent hires in the coming months and years."

NAACP FUNDRAISER

The Eugene-Springfield chapter of the NAACP and the Oregon Network for Compassionate Communication (ORNCC) will co-sponsor a day-long workshop, "Connecting Compassionately: An Introduction to Nonviolent Communication" on Saturday August 17 from 9:30 a.m. to 4:30 p.m. at the Jazz Station, 124 W. Broadway in Eugene. The workshop is a fundraiser for the NAACP with proceeds going to benefit NAACP programming. Nonviolent Communication (NVC) is based on the principles of nonviolence—the natural state of compassion when no violence is

present in the heart. NVC begins by assuming that we are all compassionate by nature and that violent strategies—whether verbal or physical—are learned behaviors taught and supported by the prevailing culture. NVC also assumes that we all share the same, basic human needs, and that each of our actions is a strategy to meet one or more of these needs. People who practice NVC have found greater authenticity in their communication, increased understanding, deepening connection and conflict resolution.

The workshop presenter will be Gary Baran, a certified trainer of Nonviolent Communication, a California licensed marriage and family therapist (inactive), and former executive director of the Center for Nonviolent Communication (www.cnvc.org), the international organization founded by Marshall B. Rosenberg, PhD, the creator of Nonviolent Communication. Each workshop participant will receive a complimentary copy of Dr. Rosenberg's book, Nonviolent Communication: "A Language of Life," donated by ORNCC. The workshop fee is \$50 with no one turned away for lack of funds. Because space is limited, pre-registration is strongly recommend. NEW STUDENT ACADEMIC ADVISING SESSIONS continue Sept. 4, Center for Meeting and Learning, Building 19. Contact: Jerry de Leon, 5870.

ROAD CONSTRUCTION

30TH AVE: Construction continues on 30th Avenue through Friday, Sept. 13 during daytime hours. Wildish Construction was scheduled to fog seal the repaired lane on Tuesday. Lane County is scheduled to complete the striping on Thursday, weather permitting. Wildish will place pavement legends and install recessed markers throughout the entire project area on Wednesday and Thursday and will install loops for the signals at Eldon Schafer on Friday. Traffic will be controlled by flaggers.

ELDON SCHAFFER: Lane County Public Works will close Eldon Schafer Road for repaving on Thursday and Friday, Sept. 12 and 13, from 30th Avenue to approximately 50 feet past the Eastway Drive intersection. In addition, there will be minor work before and after the repaving that may cause brief traffic delays. Eugene Sand and Gravel will conduct the work. The work is weather-dependent and subject to delay if it rains. Access to main campus will be maintained via Gonyea Road on the west side of campus. Access to Oakhill School will be maintained from Gonyea Road through Parnell Loop turning toward the south and traveling through lot L just south of buildings 19 and 16. Please plan to use Gonyea Road to access main campus on September 12 and 13. Note that parking lot N will be inaccessible on the road closure days except for service vehicles.

LTD: THE bus station on main campus is temporarily relocated for about three weeks so repairs can be made to the brick crosswalk between the bus station and parking lot B. There is a temporary bus station on Parnell Loop, just east of the regular station, between the clock tower and the flagpoles. Vehicle traffic is being routed through Parnell Loop, but no vehicle parking will be allowed on Parnell Loop road during the temporary relocation. All parking spaces on Parnell Loop will be reserved for buses only. Any parked vehicles will be subject to ticketing and towing.

PUBLIC SAFETY HELPS MAN SUFFERING ALZHEIMER'S EPISODE

Public Safety Officer Joshua Conway on Friday helped a man suffering from mental confusion find his way back to safety. Conway was on patrol when he was flagged down by a staff person. The staff person reported that he had just had a brief conversation with an elderly man who appeared confused and who had said that he lived on campus. He saw the man heading up the building 4 ramp. Conway went looking and found the man and confirmed that he was visibly confused and having trouble with speech. The man said he was "familiarizing himself with the campus." He told Conway that he had driven to campus, but he did not know what car he had used. Eventually he took out his wallet and handed Conway two cards. One card said, "I am a resident of Churchill

Estates. In case of an emergency contact..." The second card was a Medic Alert-Safe Return (Alzheimer's association) card. Conway was able to contact the man's daughter who was ecstatic and said her father had severe Alzheimer's and had been missing since 7 a.m. that morning. She had filed a missing persons report with Eugene Police Department. Her husband soon arrived to take the confused man home. Conway notified EPD. Submitted by the editor.

PUBLIC SAFETY OFFICERS COMPLETE EMT TRAINING

Nine Public Safety Officers have completed EMT training through the Emergency Medical Technician-Paramedic Program offered by Health Professions. Five officers are licensed and certified, and the rest will complete their licensing soon.

This creates a greater level of care while campus Health Clinic staff or local firefighters are still en route to the scene of an emergency, especially after hours and weekends when the Health Clinic is closed.

Funding for the training was provided by a Hope Grant facilitated by EMT instructor Cory Miner.

Dr. Chris Poulsen, member of the Oregon State Emergency Medical Services Advisory Board and an emergency room physician at Sacred Heart Medical Center at Riverbend, is medical director for the Public Safety EMT program.

For more information contact Public Safety at 5558.

FALL IN-SERVICE SEPT. 23-27

Greetings from the Fall In-Service Planning Committee. The menu of fall in-service documents has been finalized and uploaded to the in-service website at:

<https://www.lanecc.edu/in-service/2013/fall-in-service>

Document Menu—

You will find the following documents available for your reading pleasure and/or printing:

- Weekly Schedule-At-A-Glance
- Faculty Sabbatical Presentations (Wednesday)
- Academic Technology Trainings (Tuesday and Wednesday)
- Thursday Plenary
- Break Out Session Room Assignments
- Break Out Session Descriptions

Supporting Lane's Sustainability Mission—

With every annual all staff event on campus, we strive to include and demonstrate a deeper commitment to sustainability than we were able to provide at the previous year's event. This is important because, with an attendance of 600 at both Fall In-service and Spring Conference, the changes we institute have a big impact. This year's in-service strives to deepen our commitment in two ways:

(1) Bring Your Own Cup

Please remember to BYOC (Bring Your Own Cup) on Thursday morning for the staff social scheduled from 7:30-8:30 a.m. In the continued interest of sustainability, we will have a very limited supply of hot beverage cups available for use. Eventually, we hope to phase them out completely – a lofty goal.

(2) Printing Handouts

The multi-page handouts you are accustomed to seeing have been teased apart into six (6) separate handouts this year (hence, the document menu) so that you are able to print out only those you will actually be using as you move through Fall In-service week. We will have copies of the Thursday Plenary handout available at the welcome tables staffed by CPDT volunteers where you will register your attendance. This change will eliminate the large volume of copied handouts that we must recycle at the end of the Thursday morning program each year. We stand behind Lane's sustainability mission by actively choosing to print only what we do indeed need.

Starting on Time—

Please strive to be in the room, seated, and ready for the morning program by 8:30 a.m. because CPDT reception will be closing the doors leading into our plenary session rooms in order to eliminate any lingering sound from the lobby area. This has caused some issues with beginning the program on time in the past. Settling in on time will really help us to move smoothly through the dynamic program being planned for all staff at the college, and maximize everyone's enjoyment and sense of camaraderie as well.

Best wishes from the fall In-service planning committee for a fabulous academic year at Lane! If you have any questions related to fall in-service after visiting the website and reviewing the uploaded documents, please feel free to email Roxanne Watson, event coordinator, at watsonr@lanecc.edu

IN MEMORY

From Board of Education member Matt Keating: It saddens me to announce the recent passing of a dear friend and mentor, A. Scott Williams. Scott meant so much to Lane Community College's Theater Arts Department.

In 2004, after retiring as a stagehand and master carpenter, Scott moved back to Eugene and volunteered his time to construct LCC Theater Arts Department's Student Productions Association's signature set: The Globe Theater replica. Serving Lane's student-led production company as master carpenter, Scott volunteered to oversee the construction efforts of over 20 full-scale shows at Lane. Most recently, Scott lent his expertise to the set construction of the Shedd Institute for the Arts' production of "The Music Man."

Scott was a stalwart supporter of grassroots campaigns and political movements that empowered students while supporting education and our labor family.

The always cheerful Scott Williams was a serious cowboy. He enjoyed spending time with his friends, horses, dog, and cat at his ranch near Gillespie Corners in Lane County.

A former Lane theater student wrote, "If you ever found yourself hanging from a rope off a cliff, Scott Williams was the kind of man you'd want on the other side, to pull you back up." Another former LCC theater student, Dylan Kennedy, remarked, "Scott Williams was such a giving person. He was selfless with his time, his energy, his resources, his wisdom. Such a fine person to have known." Sam Morehouse, former SPA officer and English student, summed up his feelings: "Rest in peace Scott Williams. You did so much for our little community. Enjoy your rest up in the big ranch in the sky." A memorial gathering will be held this Thursday, September 26, 3-7 p.m. at "The Ranch" 83247 Territorial Hwy, Eugene, OR 97405. In lieu of flowers, Scott's family encourages friends to generously donate to Lane's Student Productions Association via Lane's Foundation or the Wild Horse Sanctuary in Northern California.

Student government, in collaboration with the Learning Garden, International Programs, OSPIRG, and Lane student unions are hosting the Fall Blast: Blackberries and BBQ, an event for students to meet their student union leaders, see all the wonderful things our Learning Garden does and has to offer, let loose during the first week of fall term, enjoy some fresh blackberry dishes, listen to some music, and just have a good time! The overall goal of the Fall Blast is to introduce our new students to current students, their student union leaders, Learning Garden representatives, International Programs representatives, faculty and staff, and also to help make our new students' transition into college life a little bit easier by developing relationships prior to the start of the fall term. James McConkey was named Outstanding Classified Employee of the Year at fall in-service on Sept. 26. He is technical director in Music, Dance and Theatre Arts. His artistry and understanding of artists is beyond the norm for technical directors. He is always ready to support and encourage involvement in working in the theater, even when a student or volunteer may not have a high skill level or self-confidence. James is always careful to make sure that what he does in productions-concerts fits within budget. He is a strong advocate of recycling, reusing, and saving money. Everything he does is of the highest quality and he does it all with a wonderful, patient attitude. James has a presence in the community beyond Lane, and a reputation of kindness, service and excellence. The UO dance program often requests his skills and talents, as well as several other dance groups in town. CONGRATULATIONS TO MATH DIVISION FOR ACHIEVING GREEN OFFICE CERTIFICATION

Mathematics recently became the second division to receive the Green Office Certification with 19 out of 25 points. Employees in this division are really doing their part to reduce Lane's greenhouse gas emissions! To save energy, the Math-Engineering Computer Lab's equipment shuts down after 30

minutes of no activity and the division trains students to shut down the computer and turn off the monitor after each use. To reduce emissions from commuting, over 30 percent of Math employees carpool, walk, bus, bike, or telecommute at least two days per week. For more information on the Math Division's sustainable practices, see: <https://www.lanecc.edu/sustainability/sustainable-practices-departments-mathematics-division>. Contact: Jennifer Hayward.

DISABILITY RESOURCES TIP

Week 1 – Discuss Accommodations With Students

Students requesting accommodations should provide the instructor with a Letter of Accommodation (LOA) from the DR office. We encourage students to meet privately with their instructors, so that the LOA can be reviewed, and specific needs can be discussed. Accommodating students with disabilities is

not optional; however, some aspects may be negotiable. Sometimes, some creativity is needed in order for students to have appropriate access to the classroom as well as internships and clinical settings. Contact a DR Advisor at ext. 5150 or by email (disabilityresources@lanecc.edu) if you would like to discuss alternate accommodations for a student in your class.

Disability Resources is implementing the use of a new database. Instructors may notice some variability in the appearance of student Letters of Accommodation (LOAs) as we transition from one format to another. To verify the authenticity of a Letter of Accommodation presented to you, please contact Disability Resources at 5150."

NEW REGISTRATION PROCESS FOR CONTINUING EDUCATION

All Continuing Education students, including Lane employees, will register for classes using a format similar to an online shopping cart. For Lane employees and their partners and dependents, the process requires that CE be notified prior to purchasing a class. Email ceinfo@lanecc.edu CE will create a special Student Profile for Lane employees and their partners and dependents that will qualify them to receive the appropriate tuition waiver when applicable. Your patience and support is appreciated as we adjust to this new software that allows us to better serve non-credit students. Information: maximinc@lanecc.edu or 6110 or westgatep@lanecc.edu

GOVERNMENT SHUTDOWN AND FINANCIAL AID

We do not anticipate any delays in financial aid as a result of the government shutdown at this time. In very rare cases in which assistance from the Department of Education may be needed to help resolve a specific problem, we will have to wait until federal employees are again available to assist us. We will monitor the situation as it progresses and will update the student body as appropriate. Contact: Helen Faith, Director of Financial Aid.

RAINY DAY FOOD PANTRY APPROVED BY FOOD FOR LANE COUNTY

Students and faculty will attend an orientation next week for approval of the Rainy Day food pantry, the final step in the process. After that, a volunteer effort will be coordinated to get the pantry up and running. The food will be distributed three times throughout the term across from the Titan Store in the Center building. Internships for course credit are available for students through OSPiRG and Beverly Farfan. Volunteer opportunities include picking up food, doing inventory, and distributing food, among other things; internships offer a great experience in organizing and management, while volunteering is less involved and more fit for the average student. We are also looking for faculty and departmental sponsors who are interested in endorsing and helping guide the pantry to its eventual goal of becoming a permanently established space on campus. While we have been approved, we are very much still in "campaign mode" in terms of securing space. Any help is appreciated. For more information contact darlene@ospirgstudents.org

FALL BBQ THANKS

ASLCC celebrated the first week of the term by hosting a fall BBQ in the Learning Garden. Good weather, good food, lots of pictures and a visit by the Titan made for a wonderful ending to the first week of the term. Special thanks to Michael O'Neal, Food Services, Facilities and to ASLCC Communications Director Robert Schumacher and Sustainability Coordinator Michael Weed for their leadership in organizing and promoting this event. Contact: Barbara Delansky.

DISABILITY RESOURCES TIP: FURNITURE ACCOMMODATIONS

Before the start of each term, students should request furniture accommodations through the Disability Resources office. Once the furniture is placed in the classroom, it becomes the instructor's responsibility to ensure that it is reserved for the appropriate student during each class. Students with furniture accommodations will show their Letter of Accommodation (LOA) to their instructors. A Letter of Accommodation specifies student accommodations such as adjustable chairs, standing stations, accessible tables, and more.

If another student appears to need a separate table or chair due to a disability, please inform Disability Resources by calling 5150 or by emailing disabilityresources@lanecc.edu. Feel free to refer the student directly to Disability Resources if the disability is visible or self disclosed.

When it is clear that a student should have special furniture for reasons not related to a disability such as physical size or pregnancy, the instructor's division dean can speak with Facilities to arrange for appropriate furniture that ensures access to the learning environment for all students. Contact: Renee Bathke.

On October 16, from 12-2:00 p.m. in the Building 3 Boardroom, the Brazilian film “Manda Bala (Send A Bullet)” will be shown, with a brief discussion to follow. GREAT OREGON SHAKEOUT: 10/17 AT 10:17

Lane will participate for the second time in the Great Oregon ShakeOut earthquake awareness drill on Thursday, October 17, at 10:17 a.m.

You could be anywhere when an earthquake strikes—at home, at work, on campus, driving, out of town, on vacation. To react quickly you must practice often. You may have only seconds to protect yourself in an earthquake, before strong shaking knocks you down or drops something on you. Practicing helps you be ready to respond. That’s what the Great Oregon ShakeOut is all about.

Last year, participants helped the college identify some audio issues with some of the public address stations. The college has been working with its vendors to address these issues and looks forward to this year’s drill to help check progress and plan further improvements. Lane employees and students can volunteer to be participants or observers or take part in a follow-up survey.

At 10:17 a.m. on October 17, there will be an alarm, voice prompts, and a LaneAlert notification that the drill has started. At that time, look around you for a safe location and follow the steps: drop, cover and hold on. The drill will last two minutes. There will be no evacuations.

Participation is voluntary but it’s a great opportunity to practice for an event that could someday affect your safety and the safety of those around you.

For more information contact Dawn Barth, barthd@lanecc.edu or 5503 or Dennis Carr at carrd@lanecc.edu or 5585.

"FIGURATIVELY SPEAKING," an exhibition of figure studies made on the Oregon Coast by John Watson, will open at Dot Dotson's Photography, 1668 Willamette Street, on October 11. An

opening reception will be held on October 11 from 4-6 pm, with a free wine tasting sponsored by Mark Nicholl of William Rose Wines and the Oregon Wine Lab. Watson says "Since moving here in 2008, I have been fascinated by the raw power of the Pacific Ocean and its ability to carve and shape the coastline. This project was a true collaboration. The model's poses are her interpretation of my desire to record the human form echoing, complementing and contrasting the forms of the coast." The work will be on display through November 7. Watson holds both BFA and MFA degrees in photography. He teaches courses in the Art History of Photography for Lane Community College. For more information, contact Watson at 541-520-0874 or at pagebinder@gmail.com or Dot Dotson's at (541) 485-1773.

NEWS AND ANNOUNCEMENTS

LANE STUDENTS FROM PALESTINE AND ISRAEL TO SPEAK OCT. 21 AND 22

Two students, 18-year-old Deema Yusuf from Ramallah, Palestine, and 22-year-old Yaara Tal from an Israeli kibbutz near Gaza, have enrolled at Lane Community College as part of the Peacemakers Scholarship project.

The women will study at Lane and serve as resources to provide an alternate perspective on the possibility of peace in Israel and Palestine through activities sponsored by the Lane Peace Center, International Programs, and within the wider community. They already work for peace in Israel and Palestine through an organization called Creativity for Peace:

www.creativityforpeace.com

Their first presentation will be Monday, Oct. 21 from 7-8:30 p.m. at Temple Beth Israel, 1175 E. 29th Avenue in Eugene. The second presentation, sponsored by the Lane Peace Center, will be Tuesday, Oct. 22 from 1-3 p.m. in the Center for Meeting and Learning, Building 19, Room 226 (auditorium), main campus, 4000 E 30th Ave., Eugene. Both events are free and open to the public. Speakers include Deema, Yaara, and Dottie Indyke, executive director of Creativity for Peace.

Deema and Yaara are attending Lane on a scholarship funded by donors to the Lane Foundation and by community members offering homestay. The scholarship covers tuition and fees, books and supplies, room and board (homestay), health insurance, and yearly travel from and to Israel and Palestine.

In return for scholarship support, the women will speak about conflict, peace and reconciliation for Israel and Palestine in college and high school classes, at community events, in churches, synagogues and mosques, and maintain a blog about their experiences.

Creativity for Peace is a New Mexico-based nonprofit with operations in Israel and Palestine. Deema and Yaara will talk about their experience with the organization, their ongoing struggles and passion for peace-building, and their dreams for a future of peaceful coexistence between Israelis and Palestinians. NEW ACADEMIC PROGRESS STANDARDS IMPLEMENTED

Because Lane has a responsibility to help certificate and degree seeking credit students achieve their educational goals in a timely and cost-effective manner, student progress is tracked and assistance is provided to students who, for whatever reason, do not meet the college's minimum standards. Lane's Academic Progress Standards (APS) require that all credit students achieve a minimum GPA of 2.0 and complete at least 67% of credits each term to remain in good standing. There is a graduated system of interventions aimed at helping students learn information and resources that will help them succeed.

Lane faculty and staff members may have received notification of Academic Progress Alert One status after summer term if they are in the system as a credit student seeking a degree, and they did not meet the standards. If you received that message, and you are not a degree-seeking student (if you are using Financial Aid, you must be a degree-seeking student) please go into myLane, myEnrollment, Student Status (top,middle channel), View/Change your current major, and change your major to No Major declared; no degree sought. If you have questions, please send them to AcademicProgressStandards@lanecollege.edu Submitted by Mary Parthemer.

FARM TO TABLE 2013-14 EXHIBIT SERIES

The David Joyce Gallery presents the first of three exhibits in the series of "Farm to Table." The current and first exhibit is "FARM." Each exhibit features a step in a process: growing food, how products get to us and the preparation and the joy of consuming food. We are honored with a delightful spectrum of artwork and art mediums. The exhibit shows art created by artists from Oregon and Europe; adults, teachers, students, children and staff. We are also thrilled to have "Crop" the show within a show. "Crop" is presented in the west hallway from the main gallery. Artists featured in "Farm" are Roka Walsh, Janice LaVerne Baker, Rich Bergeman, Stefani Thompson, Jason Rydquist, Bonnie Powell, Tamara Pinkas, Tylar Merrill, Merideth Ferrell, Margaret Plumb, Lynn Ihsen Peterson, Jo Warren, Jill Ledet, Robin Bachtler Cushman, Rosie Huntley, Jim Bailey, Terry Maddox, Gladys Bacon, Andre iEngelman, Marie Live, Susie Morrill, LCC Children's Center Artists. Crop Show artists: Bruce Bittle, Keith Munson, Tom Elder. This exhibit also provides a tribute wall, showcasing a collection of eclectic, photographic cutout fragments by artist David Joyce (1946-2003) for whom the gallery is named. David was an art instructor at Lane for 25 years and recongnizably known for his monumental flying people mural "Flight Patterns" at the Eugene Airport. "Farm" runs through December 15. The gallery is located in Building 19. Contact: Susan Detroy, gallery director, at detroys@lanecollege.edu

DISABILITY RESOURCES TIP: SERVICE PROVIDERS IN CLASSES

This weekly tip from Disability Resources is part of an effort to share educational messages with Lane Community College employees about specific services provided to students with disabilities. In-class service providers will begin to accommodate qualifying students as soon as possible. Students will show their Letter of Accommodation (LOA) to their instructors specifying service provision accommodations such as note taker, Sign Language interpreter, or in-class aide. It is important for instructors to note that service providers are not registered for the class they are assigned to and will not participate in the class beyond asking clarifying questions. If

students are late to class, service providers will wait a limited period of time for the student to arrive before returning to the DR office. They will not work if the student is absent or otherwise not attending to the lecture (texting, taking a break, taking a phone call outside of class, sleeping, etc.). The student may dismiss or discontinue this accommodation at any time. Please feel free to contact Disability Resources with any questions or concerns at ext. 5150 or via e-mail at disabilityresources@lanecc.edu

The Lane Art Gallery is proud to present "Constructed Dreams" by artists Kathleen Caprario and Gabriella Soraci. Each teaches in Art and Applied Design work in paint as their primary medium, but they approach subject matter very differently. Kathleen states, "My work is abstracted and extrapolated from patterns discovered through my experience of natural environments. The best way for me to know a place is to physically experience it and then to capture my response directly through plein air sketches and journaling". Gabriella feels, "Painting is a way for me to connect my experience of the visible world with the world of the mind and imagination. The interaction is subtle, working slowly on both artist and viewer, creating a quiet space for contemplation. Working from perception, I look for objects, materials, and spaces that can fluctuate on the boundaries between the literal,

the symbolic, and the metaphoric.” The show runs through November 14. There is no charge for admission. For more information call Art and Applied Design at 5409.

CLASSIFIED AND MANAGEMENT EMPLOYEES ONLY - HEALTH RISK ASSESSMENT

Benefits-eligible Classified and Management employees who elect to enroll in Section 125 must complete a Health Risk Assessment in order to receive the College's contribution to the health care spending account of their Section 125 plan.

Current eligible employees need to complete the Assessment between July 1, 2013 and December 31, 2013 in order to receive the College's contribution. Employees who do not complete the assessment by December 31, 2013 will not be eligible for the College's contribution toward the 2014 health care spending account.

The Assessment is a short (10-20 minutes), online questionnaire administered through our insurance carrier PacificSource. The Health Risk Assessment that PacificSource uses is WebMD Health Quotient® The purpose of the Assessment is to ask questions about your health and lifestyle to measure your risk for disease and other health-related issues. After you complete the questionnaire, the system will give you feedback on your risks and provide additional

information on how you can improve your health. Additional information can be found at Lane's Human Resources Department website:

https://www.lanecc.edu/sites/default/files/hr/health_risk_assessment_instructions.pdf

The Assessment will ask you for health information referred to as "Biometric data". Biometric data refers to health test results such as blood pressure, cholesterol, pulse, etc. Although biometric data is not required in order to complete the Assessment, providing this information will result in a more accurate health assessment. Health screening appointments are available at this year's Benefits Fair. Please contact Wendy Simmons for fee information and/or to schedule an appointment.

Lane Community College does not receive any confidential health related information. The college will only receive a list of those who completed the Assessment from PacificSource. Health Screenings: For your convenience in obtaining biometric data, we are offering health screenings at this year's Fair. Wendy Simmons and members of the Wellness Program will be available from 7:00am to 10:00am on October 22 at the CML, Building 19, Room 105 to administer a host of health tests. NEWS AND ANNOUNCEMENTS

PREPARE TO CELEBRATE 50 YEARS OF STUDENT SUCCESS

A year from now, Lane Community College will celebrate its 50th Anniversary. Founded on October 19, 1964, in a special election, "Formation of the college district was approved 5,944 to 1,282—almost five to one," wrote Larry Romine in "The Parnell Years," published by the college in 1998. The Eugene Register-Guard reported, "It has neither operating expense money, a name nor a president, and only the promise of a campus and student body. But a community college exists today in Lane County."

A 50th Anniversary Steering Committee and Planning Group have formed to plan various commemorations under the theme, "50 Years of Student Success." We invite you to join us. Think back, think ahead and plan how you will celebrate student success in your program, department or division throughout Lane's 2014/15 anniversary year.

Look for news and announcements and contact us through this special 50th anniversary e-mail address: fiftieth@lanecc.edu Submitted by 50th Anniversary Steering Committee members Joan Aschim, Brett Rowlett and Tracy Simms.

HELLO FROM WORKFORCE

Did you know that the Workforce Development Department offers free testing for the National Career Readiness Certificate? This credential is a national certification that confirms the certificate holder has demonstrated basic skills needed in the workplace. The NCRC tests include Applied Math, Reading For Information, and Locating Information. Currently, there are 105 employers in Lane County who use the NCRC as a preferential hiring tool, so it is an important part of job search preparation. To help students learn more about the NCRC, please have them visit our Workforce Center in Building 19, Room 266, or call us at 541-463-5861. They can also find information at www.oregonncrc.org Submitted by Randa Law, 5861.

JEFF RATHERMEL EXHIBIT

The Jeff Rathermel exhibit, "Articulating The Infinite," opened Oct. 21 in the Lane Art Gallery, Building 11. Rathermel received an MFA in printmaking, hand papermaking and book arts from the University of Minnesota in 2000. Along with being a successful artist he currently serves as Executive Director of the Minnesota Center for Book Arts. In describing his work, he states, "I am a printmaker, hand papermaker, and book artist. When combined, these disciplines allow me to explore two- and three-dimensional formats, the written word, mark making, repetition, rhythm, symbolism, and the power of visual narrative." His current body of work, "Articulating the Infinite," showcases the core theme of his work. The concept of time is integral to the work

– in particular, the use of this human construct to explain and order the infinite. Defining one's existence in an endless universe is both an intense need and an unattainable goal. With failure acknowledged and ensured, the artist seeks to describe the indescribable concepts of "forever" and "all" through the inadequate tools of words, images, numbers and other symbols. The show runs through November 14. There is no charge for admission. For more information call Art and Applied Design at 5409.

DISABILITY RESOURCES TIP: ALTERNATE FORMATS

This weekly tip from Disability Resources is part of an effort to share educational messages with Lane Community College employees about specific services provided to students with disabilities. Disability Resources provides textbooks, class materials, and tests in various alternate formats including electronic text, enlargements, Braille, and audio versions. Disability Resources' alternate format staff may contact instructors prior to the start of the term or throughout the term to request the necessary materials for students who qualify for this service. Instructors may choose to increase the font size on handouts themselves. Disability Resources recommends using Arial 12 for regular handouts and Arial 14 for enlarged print. If instructors need assistance with this or have overheads that need to be enlarged, please contact alternate format staff at ext. 5199. It's best to provide materials electronically in a PDF or Word document. Please feel free to contact Disability Resources with any questions or concerns at ext. 5150 or via e-mail at disabilityresources@lanecc.edu

NOTICE FOR CONTRACTED FACULTY

Article 10.9 of the LCCEA contract requires Faculty employees receive a RIF (Reduction In Force) report each year by October 15. This report's purpose is to assure that you have an opportunity to review that you are in the correct RIF unit (See Article 10.8), that your seniority is correct, and that there is an accurate summary of the courses that you are certified to teach. Reports have been distributed to your departments. Included with the reports is a communication that should assist you with how to read the report, and what to do in case of an error. Submitted by Sharon Daniel.

FACULTY PROFESSIONAL DEVELOPMENT ACTIVITY HIGHLIGHT: CLASS OBSERVATIONS AND FEEDBACK

The Faculty Professional Development Program provides confidential feedback on teaching based on classroom observations. This opportunity is available to all faculty members. Upon your request, a Lane faculty member with expertise in instructional design and pedagogy as well as experience providing formal feedback to teachers will observe one of your classes or review your online course and provide suggestions on ways to enhance your teaching. You may request either general feedback or input on a specific aspect of teaching (e.g. appropriate use of technology, promotion of active learning, classroom management, etc.) After the observation or review, your observer will arrange to meet with you to provide feedback and give you all notes from the observation. This program is not part of any evaluation system, and all feedback will be completely confidential and constructive.

For more information or to request an observation of your classroom, go to:
<http://www.lanecc.edu/fpd/classroomobservation.html>.

“WAITING FOR GODOT” AUDITIONS NOV. 18 AND 19

The Student Productions Association is seeking actors for their upcoming production of Samuel Beckett’s “Waiting for Godot” to be produced in February.

Samuel Beckett’s classic Absurdist comedy is the story of two friends who bide their time while waiting for Godot. Who is Godot? Why is it so important we wait for him? What do we do while we wait? Where is my hat? Our two heroes ask themselves these and many other questions in their quest for meaning. Their trials are complicated when two travelers who pass by fill our heroes with doubt, dread, and a little bit of relief. The production is directed by Brian Haimbach, new head of the theatre program at Lane. Brian was recently seen on stage at Oregon Contemporary Theatre as Dan in “Next to Normal” and is directing “Who Am I This Time,” opening at OCT in November.

Auditions are Monday and Tuesday, November 18 and 19 from 4-6:00 p.m. in the Blue Door theatre. Auditionees need to attend only one day and may arrive any time between 4-6:00 p.m. Auditionees will read from the script, no need to prepare a monologue. For copies of the script and audition materials, or to schedule an alternative audition time, e-mail haimbachb@lanecc.edu

Roles are available for five to eight actors of all ages, types, and genders. Auditions are open to the public and, as with all shows at LCC, the public is encouraged to audition.

Rehearsals will be scheduled based on actor availability and will start in early to mid-December. No rehearsals will be scheduled from December 20-31. Performance dates are February 6-8 and 12-15, 2014. Please contact haimbachb@lanecc.edu or 541-463-5648 for more information.

The Assessment is a short (10-20 minutes), online questionnaire administered through our insurance carrier PacificSource. The Health Risk Assessment that PacificSource uses is WebMD Health Quotient® The purpose of the Assessment is to ask questions about your health and lifestyle to measure your risk for disease and other health-related issues. After you complete

the questionnaire, the system will give you feedback on your risks and provide additional information on how you can improve your health. Additional information can be found at Lane's Human Resources Department website:

https://www.lanec.edu/sites/default/files/hr/health_risk_assessment_instructions.pdf

The Assessment will ask you for health information referred to as "Biometric data". Biometric data refers to health test results such as blood pressure, cholesterol, pulse, etc. Although biometric data is not required in order to complete the Assessment, providing this information will result in a more accurate health assessment. Health screening appointments are available at this year's Benefits Fair. Please contact Wendy Simmons for fee information and/or to schedule an appointment.

SLIDESHOW AND BOOK TALK ON WWII CONSCIENTIOUS OBJECTORS' ROLE IN LAUNCHING THE SIXTIES NOV. 6

Steve McQuiddy, Academic Learning Skills instructor, will present a slideshow and talk for "Here on the Edge," his new book (Oregon State University Press) about how a World War II conscientious objectors camp on the Oregon Coast plowed the ground for the social and cultural revolutions of the 1960s. This group of artists and writers at a work camp just south of Waldport carved an unpopular path during the dark days of World War II, then later inspired the likes of Allen Ginsberg and Ken Kesey. Much of the research was done during a sabbatical awarded in 2010. The talk is Wednesday, November 6, 7 p.m. at the University of Oregon Knight Library Browsing Room. A one night-only exhibit of rare materials from the UO Library Special Collections will be on display. More information is online at: <http://library.uoregon.edu/node/3865>

DOWNTOWN CAMPUS EARNS ARCHITECTURAL AWARDS

The Lane Community College Downtown Campus has won awards from AIA Southwestern Oregon, Mayor's Choice Award, Colleague's Choice Award, and People's Choice Award (Second Place). Teamed with Robertson Sherwood Architects, SRG Inc. designed the \$40 million building to sit on a half-block urban site several miles from the main college campus to enrich the fabric of Eugene's urban core. Comprised of a 92,000 s.f. academic building and a 255-bed student housing facility organized around a central courtyard, the new campus creates an urban plaza across the street from the Eugene Public Library and the central transit center. Numerous sustainable strategies were employed, including a highly visible four-story glass façade shaded by glass solar tubes. The project's design merits were recently featured in Architecture Week. Submitted by Brian Kelly.

ACCREDITATION IS UNDERWAY

The college is in the midst of its 7-Year Self-Study for Accreditation through the Northwest Commission on Colleges and Universities. Year 7 is the final year in the process, and the team is working on the full accreditation report, which includes a rigorous self-study of all aspects of the college. Input from faculty and staff is an important part of the process, and the Accreditation Team will be asking for feedback throughout the year. A draft of Standard 1 (which gives an overview of the college and discusses the 4 Core Themes in detail) will be available for you to comment on soon. You can keep up with the accreditation process by following the accreditation blog: <https://blogs.lanec.edu/accreditationmeditation/>. You can also learn more about the accreditation process by visiting the accreditation website: <http://lanec.edu/accreditation> Submitted by Heather Ryan.

Lane was recognized during the closing ceremony of the recent 2013 Association for the Advancement of Sustainability in Higher Education (AASHE) conference because the college is a regional sponsor of the 2014 AASHE Conference that will be held in Portland in October 2014! As a sponsor, Lane's sustainability efforts will be prominently highlighted throughout the 2014 conference. Lane's Institute for Sustainable Practices is encouraging all Lane employees and students to attend the 2014 AASHE Conference to learn about leading edge efforts on campus sustainability that we may be able to carry forward at Lane.

All Lane employees are AASHE members and have access to the plethora of rich resources housed on their webpage. The members-only resources include everything from sustainability-related course syllabi to campus transportation demand management plans. To access the members-only resources, go to aashe.org and click on "Create an Account" in the top right corner and fill out the form. Make sure to use a lanec.edu e-mail account to prove your eligibility for membership. Contact: Jennifer Hayward.

OFFICE OF THE PRESIDENT RECEIVES GREEN OFFICE CERTIFICATION

Congratulations to the Office of the President for receiving the Green Office Certification with 20 out of 25 points! Sustainable practices in the Office of the President include turning off lights when they are not needed, shutting off computers at night, using the

power management features on computers, and printing double-sided or on paper already used on one side. President Spilde's staff has also significantly reduced printing by moving to mostly electronic distribution of the monthly Board of Education packet. Finally, President Spilde and her team are tireless champions of promoting sustainability within Lane and outside of Lane to our community and to community colleges nationally. For more information on Office of the President Sustainability Practices, see: <https://www.lanecc.edu/sustainability/sustainable-practices-departments-office-president> Contact: Jennifer Hayward.

As announced in last week's Lane Weekly, former Board of Education member and public relations director Larry Romine, passed away on Oct. 25. Here is the remembrance provided by his family:

Larry Romine, of Silverton, Oregon, died October 25, 2013, at the age of 83. He was born in Clark County, Washington, on March 30, 1930, to Albert and Ann Romine. He served in the Air Force during the Korean War, and then graduated with a bachelor's from Midland Lutheran College in Fremont, Nebraska. He worked as a reporter for the Register-Guard, and earned a master's in journalism from the University of Oregon. He taught journalism at Lane Community College and UO, and earned a doctorate in educational policy and management from UO in 1985.

Larry married Mary Ellen (Molly) Conlin in 1969 in North Vancouver, British Columbia, and the two lived in Eugene where they raised two daughters.

Larry promoted Lane Community College in Eugene for 26 years, as a writer, editor, public relations manager and foundation manager, among many other duties, retiring in 1992 as Director of Institutional Advancement.

In retirement, he enjoyed home improvement projects, boating at Fern Ridge Reservoir, classic movies, studying early Christian history, correspondence with old friends, Oregon Duck football, and keeping up with grandchildren. He will be remembered for his integrity, generosity, and witty but terse Christmas letters.

“WAITING FOR GODOT” AUDITIONS NOV. 18 AND 19

The Student Productions Association is seeking actors for their upcoming production of Samuel Beckett’s “Waiting for Godot” to be produced in February.

Samuel Beckett’s classic Absurdist comedy is the story of two friends who bide their time while waiting for Godot. Who is Godot? Why is it so important we wait for him? What do we do while we wait? Where is my hat? Our two heroes ask themselves these and many other questions in their quest for meaning. Their trials are complicated when two travelers who pass by fill our heroes with doubt, dread, and a little bit of relief. The production is directed by Brian Haimbach, new head of the theatre program at Lane. Brian was recently seen on stage at Oregon Contemporary Theatre as Dan in “Next to Normal” and is directing “Who Am I This Time,” opening at OCT in November.

Auditions are Monday and Tuesday, November 18 and 19 from 4-6:00 p.m. in the Blue Door theatre. Auditionees need to attend only one day and may arrive any time between 4-6:00 p.m. Auditionees will read from the script, no need to prepare a monologue. For copies of the script and audition materials, or to schedule an alternative audition time, e-mail haimbachb@lanecc.edu

Roles are available for five to eight actors of all ages, types, and genders. Auditions are open to the public and, as with all shows at LCC, the public is encouraged to audition. Rehearsals will be scheduled based on actor availability and will start in early to mid-December. No rehearsals will be scheduled from December 20-31. Performance dates are February 6-8 and 12-15, 2014. Please contact haimbachb@lanecc.edu or 5648 for more information.

NEWS AND ANNOUNCEMENTS

ROBERT ACKERMAN EARNS OCCA HOWARD CHERRY AWARD

Robert Ackerman, Lane Board of Education member, was presented with the 2013 Howard Cherry Award for Outstanding Community College Board Member by the Oregon Community College Association at its annual conference. The award is the association's highest honor.

Ackerman was cited for significant contributions to community colleges both as a board member and as a state legislator. He is known as a clear, consistent and tireless voice for the college, an advocate for affordable education, and as a strong leader in times of fiscal challenge.

He is in his fifth term on the Lane board. He was first elected in 1965 at age 28, less than a year after the college was founded in 1964. He was re-elected in 1969, 1999, 2007, and 2011. His career of service to Lane and the community college mission spans nearly 50 years.

He served in the Oregon House of Representatives for three terms, in 2001, 2003 and 2005, and fought against state funding cuts, promoted the educational, social and economic value of community colleges, and brought legislative insight to the Lane Community College board table.

In 2006, the Oregon Student Association presented Ackerman with the Lifetime Achievement Award in recognition of his commitment to students by fighting for access and affordability, both as a board member and as a state representative.

A retired attorney, Ackerman is a well known civil rights activist. In 2013, he was honored by the NAACP of Lane County at its annual Freedom Fund dinner. In 2002, he was presented with the Pearl Hill Unity Award for Outstanding Service and Commitment to Cultural Diversity and Civil Rights in Lane County.

DEBORAH TAUBE, "SCALE AND PERCEPTION" OPENS NOV. 18

The Lane Art Gallery is proud to present the exhibition, "Scale and Perception" by Eugene Artist, Deborah Taube. She has been a practicing artist and jewelry designer for the past 40 years. Discovering new mediums and exploration of scale has been the driving force in Deborah's most recent body of work.

She states, "This exhibit is not intended to be about me – it is intended to be about you; personal response to scale and how you react physically and emotion to works of different sizes. We look at three-dimensional form, but often ignore the sometimes-subtle emotional and physical response we experience. These responses are part of the hidden life of the piece of art that you create by your own personal connection. That piece is now experienced a unique and singular way. This is your personal creative bond with individual art works."

The show runs November 18 through December 12. There will be an artist talk and reception on Monday, November 25 at 9:00 a.m. The gallery is located in building 11 on the main campus. There is no charge for admission. For more information contact Art and Applied Design at 5409.

PAT SNYDER, "COASTAL TEXTURES" OPENS NOV. 18

The Lane Art Gallery is proud to present the exhibition, "Coastal Textures" by Coos Bay Artist, Pat Snyder. Pat works in acrylics, collage, and printmaking exploring the essence of the Oregon South Coast where he has lived for more than 40 years. He strives to touch the viewer with the organic energy of the area by interpreting the coast's many varied layered and overlapping surfaces. Coastal landscape and its characteristics are diverse with a wealth of colors and textures, as well as other art elements that flow and envelope each other. The variety of our local natural elements allow for escaping into the world of art and enjoying the fun of interpreting and experimenting while within the landscape and at the studio. Snyder is well recognized and respected for his art and as a former art teacher at Marshfield High School in Coos Bay. His teaching career began in 1967 and included college-level instruction at Southwestern Oregon Community College. He retired from the classroom and has been a working artist and Coos Art Museum volunteer since.

The show runs from November 18 through December 12. There will be a lecture and reception on Thursday, November 21 at 1:00 p.m. The gallery is located in building 11 on the main campus. There is no charge for admission. For more information contact Art and Applied Design at 5409.

"WAITING FOR GODOT" AUDITIONS NOV. 18 AND 19

The Student Productions Association is seeking actors for their upcoming production of Samuel Beckett's "Waiting for Godot" to be produced in February.

Samuel Beckett's classic Absurdist comedy is the story of two friends who bide their time while waiting for Godot. Who is Godot? Why is it so important we wait for him?

What do we do while we wait? Where is my hat? Our two heroes ask themselves these and many other questions in their quest for meaning. Their trials are complicated when two travelers who pass by fill our heroes with doubt, dread, and a little bit of relief. The production is directed by Brian Haimbach, new head of the theatre program at Lane. Brian was recently seen on stage at Oregon Contemporary Theatre as Dan in "Next to Normal" and is directing "Who Am I This Time," opening at OCT in November. Auditions are Monday and Tuesday, November 18 and 19 from 4-6:00 p.m. in the Blue Door theatre. Auditionees need to attend only one day and may arrive any time between 4-6:00 p.m. Auditionees will read from the script, no need to prepare a monologue. For copies of the script and audition materials, or to schedule an alternative audition time, e-mail haimbachb@lanecc.edu

Roles are available for five to eight actors of all ages, types, and genders. Auditions are open to the public and, as with all shows at LCC, the public is encouraged to audition. Rehearsals will be scheduled based on actor availability and will start in early to mid-December. No rehearsals will be scheduled from December 20-31. Performance dates are February 6-8 and 12-15, 2014. Please contact haimbachb@lanecc.edu or 5648 for more information.

INDOOR TEMPERATURE GUIDELINES

Facilities Management and Planning understands the importance of a comfortable work and study environment and we want to work with everyone to save energy and maintain comfort. With the change of season upon us, this is an appropriate time to remind everyone of the indoor temperature guidelines, adopted in 2006, as part of the energy policy in an effort to balance a comfortable learning and working environment with energy conservation. We recognize that comfort varies for individuals and have

developed indoor temperature guidelines based on scientific studies to create comfortable conditions for the greatest number of students and staff.

Warm Weather Month Guidelines: 74 to 77 degrees F

Cool Weather Month Guidelines: 68 to 73 degrees F

Ancillary Space (Hallways, Lobbies, Stairwells): 63 to 82 degrees F

During transition months, such as October and April, guideline ranges expand to 68 to 77. These expanded ranges also apply during extreme weather conditions and periods of high electric demand. Guidelines are applied during normal business hours. Staff and students are encouraged to layer clothing to maintain personal comfort.

If you feel that temperatures are too high, (higher than 78 degrees F), or too cool, (lower than 68 degrees F), in your area please submit a work request via Megamation. For urgent concerns, you may contact Facilities at 5216 or at facilitiesoffice@lanecc.edu

GET ON THE ROADMAP TO SUCCESS

Since 2010, when the Association of American Colleges and Universities selected Lane as one of its 12 leadership community colleges, our Roadmaps team has worked to develop an institutional roadmap for student success by refocusing the college's core abilities into its core learning outcomes, by championing high-impact practices for optimal student learning, and by promoting strategies to help students navigate their progression toward program and degree completion. The AAC&U supports team members' ongoing participation in national conversations on educational best practices. You can be a part of this broad professional development that contributes to our students' success: through integrated core learning outcomes, robust high impact practices, and strategies for streamlining students' navigation through the sometimes challenging pathways of academia. STUDENT ATTENDANCE AND RELATED ACCOMMODATIONS

This weekly tip from Disability Resources is part of an effort to share educational messages with Lane Community College employees about specific services provided to students with disabilities. When a student has a chronic condition with random or

cyclical acute episodes, flexibility in attendance policies may be appropriate. Syllabi with detailed attendance, participation, or tardy policies should be a cue to students to discuss this topic with their instructor in advance. Late work, make-up work, and pop quiz policies all tie into attendance and should be included when an instructor reviews the course syllabus at the beginning of the term.

Academic adjustments may be appropriate depending on the nature of the assignment and its relationship to the pacing and progression of instruction. This may include rescheduling tests for some students. If a DR student needs special consideration in meeting deadlines for assignments and tests, the student should ideally notify the faculty of any period of illness or inability to complete deadlines before the due date. The student is responsible for making arrangements with their instructor to complete the required course work. Please feel free to contact Disability Resources with any questions or concerns at 5150 or via e-mail at disabilityresources@lanecc.edu

DEPARTMENT HOURS

* HEALTH CLINIC is closed Fridays for the rest of the term in order to prepare for installation of an Electronic Health Record. The clinic will also be closed for winter break from December 13 at noon to January 6, 2014 at 8:15 a.m. Providers will not be on site during that time so appointments will not be available. Call Public Safety at 5555 for medical emergencies. Call for prescription refills as per the policy at <http://www.lanecc.edu/healthclinic/clinicpolicies.html> A provider will be in periodically to check the fax for refill requests from your pharmacy. Contact: Jan or Aixa, 5665.

* FOOD SERVICES HOLIDAY BREAK: Due to the construction outside of the Center Building that begins Dec. 14, Food Service will be closed beginning on Dec. 16. We apologize for an inconvenience this may cause for all employees that work the week of the 16th. If you have any comments, questions or concerns please contact Food and Beverage Director Michael O'Neal at onealm@lanecc.edu

* ENROLLMENT AND STUDENT FINANCIAL SERVICES: Beginning the week of December 2, Enrollment and Student Financial Services will have new hours and is decreasing the front line counter and phone assistance by one hour less than we have offered in the past. By opening earlier and staying open later Monday through Thursday, we will then be offering limited lobby assistance to students on Fridays, when we were open from 9 a.m. to 2 p.m. before. New Hours:

Monday - Thursday, 8:30 to 5:00

Friday - Lobby Assistance 8:30 to 2, Express Window 11 to 2:00

Students needing assistance on Fridays will be served by our very capable Lobby Assistants at the Check-In station from 8:30 a.m. to 2 p.m. and we will offer our Express Window for payments and ordering transcripts from 11 a.m. to 2 p.m.

The reason for the limited Friday services is provide time each week for the Enrollment Services Advisors to receive critical path financial aid, Banner/myLane, and other enrollment processes trainings and to allow the staff time to work on a number of projects designed to improve services to students.

Students coming in on Fridays will be provided with a form telling them our hours, giving them information on what they can do using lobby computers with assistance from the Lobby Assistants, and to be able complete a feedback form regarding our new hours for our consideration.

Projects we will be working on to be able to offer improved services to students are: Online Appointment System, development of full Lobby Assistants Titan Peer Mentors training program, self-service check-in station, electronic submission of documents, development of online forms, express telephone line, telephone call back service, email response process, new Chat system, FAFSA workshops, financial aid requirements workshops, and an online petition for refunds form.

We understand that when one office is closed in Building #1, that this can have an impact on our departments. We are confident that the Lobby Assistants can assist our students with using the computers to access the information they need and that the Express Window can process payments and transcript requests.

The new hours go into effect the week of December 2 and will not be in effect Friday, January 10 or Friday, January 17, the first two weeks of winter term 2014.
Contact: Helen B. Garrett, Dean of Enrollment Management Systems, 5686.

After you complete the questionnaire, the system will give you feedback on your risks and provide additional information on how you can improve your health. RAINY DAY FOOD PANTRY GRAND OPENING, Wednesday, Nov. 27, 10 a.m., Center Building, Room 218. From ASLCC Communications Director Robert Schumacher: The pantry, sponsored by Food for Lane County, will help countless

students offset the disinvestment of the Department of Agriculture and its Nov. 1 cuts to the Supplemental Nutrition Assistance Program. This past winter term, a student-led coalition including members from Lane's Sustainable Food Committee, Oregon Students Public Interest Research Group, and the Associated Students of Lane Community College, began to recognize the need for an emergency food assistance program for LCC students. According to LCC's Financial Aid Department, Lane had 11,474 financial aid recipients during the 2012-2013 school year. Of these financial aid recipients, 9,532 students received Federal Pell Grants of which 7,290 qualified for the maximum Pell Grant amount. In order to qualify for the maximum Pell Grant amount, a student has to demonstrate that s/he has an Expected Family Contribution (EFC) of \$0. According to the U.S. Department of Education, typically students with a \$0 EFC live at or below the poverty level, though a \$0 EFC is not always indicative of poverty. What this means is that roughly 20% of Lane's student population during 2012-2013 school year very likely were living at or below the poverty level. With these numbers in hand at the start of winter term, the student coalition surveyed the student body to determine the need for an emergency food assistance program at Lane. Of those surveyed, they found that 85% would support a food pantry on campus and 31% said they would use it on a frequent basis. With nearly one in three students saying they would frequently use a campus food pantry, it became clear to the student coalition that a food assistance program was needed. The student coalition made it their mission this past year to implement a campus food pantry. The opening of LCC's Rainy Day Pantry could not come at a more critical time; a time when the colder temperatures make having proper nutrition even more important; a time when students should be focusing on finals and not about where their next meal will come from. For more information contact Schumacher at aslcccommunicationsdirector@gmail.com

GREEN BUILDING PRACTICES IN THE BUILDING 11 REMODEL

The 2013 Building 11 remodel consisted of interior reworking to provide several new classrooms spaces on the first floor and a new department suite and office for the Academic Learning Skills Division on the second floor. The project also involved significant modifications and upgrades to the mechanical systems. New green building features include installation of new bike parking, two new bottle filling stations, and more energy efficient lighting and heating, ventilation, and air conditioning systems. Insulation was added to new exterior walls and new exterior windows are double pane. The contractor recycled 80% of construction waste and four new recycling stations were installed for building occupants. More than 50% of the wood used was Forest Stewardship Council certified. Several of the construction materials also contained recycled-content including the linoleum flooring, the ceiling tiles, and the metal grid ceiling system. A detailed report on sustainability in the Building 11 remodel can be found at <https://www.lanecc.edu/sustainability/green-building>. Contact: Jennifer Hayward.

"Every year we expand on ideas and opportunities of where we can use students," said King Estate Executive Chef Ben Nadolny. HOW TO DETERMINE IF ATTENDANCE IS ESSENTIAL TO THE COURSE

This weekly tip from Disability Resources is part of an effort to share educational messages with Lane Community College employees about specific services provided to students with disabilities.

A 1996 Office of Civil Rights case suggested the following factors be considered when determining if student attendance is essential to the course:

1. What does the course description and syllabus say about attendance?
2. Is attendance factored in as part of the final course grade?
3. What are the classroom practices and policies regarding attendance?
4. Is the attendance policy consistently applied?
5. Have exceptions been made for extenuating circumstances other than a student disability?
6. Is there classroom interaction between the instructor and students, or is group work required for the class?
7. Do student contributions constitute a significant component of the learning process?
8. Does the course rely on student participation as a method for learning?
9. What is the impact on the educational experience of other students in the class?

Please feel free to contact Disability Resources with any questions or concerns at 5150 or via e-mail at disabilityresources@lanec.edu

DEPARTMENT HOURS

* HEALTH CLINIC is closed Fridays for the rest of the term in order to prepare for installation of an Electronic Health Record. The clinic will also be closed for winter break from December 13 at noon to January 6, 2014 at 8:15 a.m. Providers will not be on site during that time so appointments will not be available. Call Public Safety at 5555 for medical emergencies. Call for prescription refills as per the policy at <http://www.lanec.edu/healthclinic/clinicpolicies> A provider will be in periodically to check the fax for refill requests from your pharmacy. Contact: Jan or Aixa, 5665.

* FOOD SERVICES HOLIDAY BREAK: Due to the construction outside of the Center Building that begins Dec. 14, Food Service will be closed beginning on Dec. 16. We apologize for an inconvenience this may cause for all employees that work the week of the 16th. If you have any comments, questions or concerns please contact Food and Beverage Director Michael O'Neal at onealm@lanec.edu

* ENROLLMENT AND STUDENT FINANCIAL SERVICES: Beginning the week of December 2, Enrollment and Student Financial Services will have new hours and is decreasing the front line counter and phone assistance by one hour less than we have offered in the past. By opening earlier and staying open later Monday through Thursday, we will then be offering limited lobby assistance to students on Fridays, when we were open from 9 a.m. to 2 p.m. before. New hours:

Monday - Thursday, 8:30 to 5:00

Friday - Lobby Assistance 8:30 to 2, Express Window 11 to 2:00

Students needing assistance on Fridays will be served by our very capable Lobby Assistants at the Check-In station from 8:30 a.m. to 2 p.m. and we will offer our Express Window for payments and ordering transcripts from 11 a.m. to 2 p.m.

The reason for the limited Friday services is provide time each week for the Enrollment Services Advisors to receive critical path financial aid, Banner/myLane, and other enrollment processes trainings and to allow the staff time to work on a number of projects designed to improve services to students.

Students coming in on Fridays will be provided with a form telling them our hours, giving them information on what they can do using lobby computers with assistance from the Lobby Assistants, and to be able complete a feedback form regarding our new hours for our consideration.

Projects we will be working on to be able to offer improved services to students are: Online Appointment System, development of full Lobby Assistants Titan Peer Mentors training program, self-service check-in station, electronic submission of documents, development of online forms, express telephone line, telephone call back service, email response process, new Chat system, FAFSA workshops, financial aid requirements workshops, and an online petition for refunds form.

We understand that when one office is closed in Building 1, that this can have an impact on our departments. We are confident that the Lobby Assistants can assist our students

with using the computers to access the information they need and that the Express Window can process payments and transcript requests.
The new hours go into effect the week of December 2 and will not be in effect Friday, January 10 or Friday, January 17, the first two weeks of winter term 2014.

CLIMATE COMMITMENT 2050 – LANE PLANS TO BECOME CARBON NEUTRAL
As one of the nation's leaders in education for sustainability, Lane has made a commitment to become carbon neutral. Becoming carbon neutral means reducing our use of fossil fuels and other greenhouse gases to the point where we can offset the effects of those emissions with things like vegetation grown on our property and purchasing green power from our utility. Achieving this commitment will be challenging and will involve the thoughtful participation of everyone at Lane and many others from our community. Lane currently has a Climate Action Plan that includes 61 actions toward reducing our carbon footprint. This year, the Institute for Sustainable Practices will be engaging the campus community in conversations about how to get all the way to our goal. In the coming weeks, you will see additional Lane Weekly announcements with more information and ways to get involved. In the meantime, please contact Jennifer Hayward if you have any questions or suggestions. For more information, see: <https://www.lanec.edu/sustainability/sustainability-plans>

I HAVE SEVERAL JOT SCRIPT STYLUSES made for iPad. Brand new, still in their plastic cases. Here is what Adonit says about their product: "The Jot Script is the first of its kind: a true fine point stylus for iOS that allows your handwriting to flow as freely as your thoughts. With a revolutionary 1.9mm tip (not a 6mm tip like others), Jot Script writes and feels like your favorite pen." This stylus connects to your iOS device using bluetooth and has a tip similar to a ball point pen rather than the huge pad previous versions used. This means you can write on your iPad or iPhone just like it's paper. I've been using one for several weeks now and it's great! STEVE MCQUIDDY TO DISCUSS "HERE ON THE EDGE" DEC. 18

If you missed last month's standing-room-only show of "Here on the Edge" at the UO library, Steve McQuiddy will present an encore slideshow and talk for his new book on how a World War II conscientious objectors camp on the Oregon Coast plowed the ground for the social and cultural revolutions of the 1960s. This group of artists and writers at a work camp just south of Waldport carved an unpopular path during the dark days of World War II, then later inspired the likes of Allen Ginsberg and Ken Kesey. Sponsored by the Osher Lifelong Learning Institute at the University of Oregon (OLLI-UO), this event is free and open to the public. Wednesday, December 18, 1:30 p.m. at the UO Downtown Baker Center, 975 High Street (the old Register-Guard building). The book will be available for purchase and signing.

HOW TO PAY FOR COLLEGE...IN ONE DAY!

Jan. 11 event will help students and parents find free money for college
Lane will hold its 15th annual Scholarship Workshops in conjunction with the state's eighth annual College Goal Oregon so that students and parents can, in one day and in one location, complete the federal financial aid application process and access college scholarship resources.

This year, Lane welcomes its first-ever title sponsor for the event, Northwest Community Credit Union. In past years, more than 400 parents, high school students, college students, and community members have attended this event.

The Scholarship Workshops and College Goal Oregon will be held Saturday, January 11, 2014, from 8:30 a.m. to 2:30 p.m., in the Center for Meeting and Learning, Building 19. See the details online at: <http://www.lanecc.edu/newsroom/n/nr1741>

UPDATE YOUR LANE WEBSITE URLS; LINKS CHANGE JAN. 6

Lane URLs that begin with www2 or end in .htm or .html (with the exception of links to the Library) need to be updated. ARE YOU A WOMAN PHOTOGRAPHER? Do you feel stuck? Do you have reoccurring challenges? Do you have ideas/goals and would like to move forward? Would you like to be part of a group, experience support, find your voice, create goals and move forward in your art? I lead groups. Participants bring their needs, hopes, problems. I and the group work to find solutions, give support and nudge you along. I give support and offer the depth of my experience in the arts, my years of consulting, art and gallery

design, art management. I offer my experience working as an artist showing locally and internationally with 30 years of working in the arts and my strong desire to support and see women succeed in their chosen art. This is an opportunity for fun, excitement, inspiration, peer support. I know as artists we seek the balance of activities wishing to create a place to support our artistic lives. My goal is to offer a structured way to find that place. And mostly I offer my deep love of working with artists. The group will be women supporting one another, goal setting, problem solving, working to identify and move beyond personal obstacles. A group for women photographers is starting in early 2014. I HAVE SEVERAL JOT SCRIPT STYLUSES made for iPad. Brand new, still in their plastic cases. Here is what Adonit says about their product: "The Jot Script is the first of its kind: a true fine point stylus for iOS that allows your handwriting to flow as freely as your thoughts. With a revolutionary 1.9mm tip (not a 6mm tip like others), Jot Script writes and feels like your favorite pen." This stylus connects to your iOS device using bluetooth and has a tip similar to a ball point pen rather than the huge pad previous versions used. This means you can write on your iPad or iPhone just like it's paper. I've been using one for several weeks now and it's great! Manufacturer's website: <http://adonit.net/jot/script/> Selling there for \$74.99 + shipping and they're taking almost a month to receive. I'll sell my extras for \$60 each and you can pick them up today! They'll make great Christmas presents! More info: danskinem@lanecc.edu ``
