#### ATTENTION INB (INTERNET NATIVE BANNER) USERS

Do you have certain Banner programs that you run on a regular basis? Perhaps first thing in the morning when you get in? Or once a week or once a month? We now have a way to automate the running of most programs and schedule them to run at intervals that you choose. Ideally, these would be programs that run with most, if not all, parameters the same each time you run the program. If some parameters vary we still may be able to automate them; depending on what parameters vary. Also, if you have a series of programs that you run back to back, we can probably automate them to run, one after the other too! For any of the automated runs, we can send you an email (perhaps send a txt too) when they have completed and/or if we detect that they ran but had errors. ``

If you think you have something to automate and/or have questions about what is involved, please call Lee Hallin in IT at x3356. ``

#### CHINUK WAWA PHRASE OF THE WEEK

Various indigenous cultures in this land have developed the following bit of wisdom: wawa-saxali pus ukuk mayka tiki. "Wish for what you need" is how this thought can be translated in English although it can just as easily be rendered as follows: "Pray for what you want."

This indigenous thought approximates the advice that many receive from English-speaking advisors and counselors and self-help authors who are fans of visualization or practitioners of positive psychology. Wawa-saxali pus ukuk mayka tiki is also good New Year's advice!

If you would like to learn more about this phrase or about Lane's Chinuk Wawa program, please contact Drew Viles a [vilesa@lanecc.edu](mailto:vilesa@lanecc.edu) or ext. 5480.

Thanks go to Jerome Viles who created this week's phrase. And special thanks are owed to Randy Painter and Dean Middleton and the rest of the Lane IT team for building the audio and video file for this phrase on our LCC website:

#### DEPARTMENT DATASHEETS; INFO SESSIONS BEGIN JAN. 16

Department Datasheets, part of our continued work in providing data and resources to support department planning, program review, and dialogue about program performance, goals, issues, opportunities, and improvement efforts, will be presented at the January 11, 2018 Board of Education work session and published to the web on January 12, 2018.

Background: In October 2017, institutional research and budget office staff compiled data elements used in annual planning, program review, and budget development into a Standard Data Package workbook. This resource was shared broadly with the campus community through Weekly announcements; orientations with Deans, Directors, Managers, and program review participants; links to fall term department planning processes; and was followed up with

drop-in information and Q&A sessions and individual consultations with faculty, staff and managers.

At the direction of the Board of Education, these standard data elements were organized into a datasheet format, with values assigned to program or service data based upon 1) relative performance of academic units, and 2) performance measures established through program review for service and hybrid units.

It is through dialogue and planning processes that program faculty, staff and managers develop and share essential context, meaning, and improvement plans from datasheets and the standard data package. Department responses to datasheet discussion questions are due February 9, and will be posted alongside datasheets.

Additional information is online at <https://www.lanecc.edu/planning/department-datasheets>

ENROLLMENT SUCCESS TIP: Welcome to week one of the Winter 2018 term.

This is a reminder of Lane's procedure for No-Show/Drop for Non-Attendance: An instructor will drop a student for non-attendance. If a student does not attend at least one class session during the first week of the term that the class meets, the instructor will instruct the department to "No Show Drop" the student. Instructors will No Show Drop students for non-attendance. Please understand that failure to drop students in the first week, due to non-attendance, can have an impact in their financial aid and future enrollment. Students who are given permission to register late into week one, may not have attendance for the first week. Submitted by Dawn Whiting.

#### ABOUT THE STUDENT AFFAIRS ENROLLMENT SUCCESS TEAM

This week, we are delighted to highlight the Enrollment Success Team. We are located in building one and serve our students in many areas:

Enrollment Service Advisors (541-463-3100; ASKLane@lanecc.edu ) assist our students at the front counter. ESAs help students with ordering transcripts, billing, registration holds and any other enrollment related questions. They are often times the first person a student will interact with on campus and ESAs help students navigate through the college experience.

Degree and Transcript Evaluators (DegreeEvaluators@lanecc.edu) review and interpret incoming transcripts for students who may have attended college elsewhere and have transferable credit. The DTE team also conduct degree audits for students who apply for graduation. They issue diplomas for students who have completed their program.

Veterans Certifying Officials (541 463-5663 or 541 463-5683; VAEdBenefits@lanecc.edu ) help our Veteran students understand the benefits of their earned GI Bill and how it helps pay for their education. They work closely with students and the VA office to make sure students are well informed about the certifying process.

Our Department Coordinator ( StudentRecords@lanecc.edu ) keeps Banner records up-to-date and completes all our end of term processing. We see the product of her work in multiple areas including student transcripts, grades and forms requested from students.

Stop by building one and meet our awesome Enrollment Success Team!

#### CHINUK WAWA PHRASE OF THE WEEK

Various indigenous cultures in this land have developed the following bit of wisdom: wawa-saxali pus ukuk mayka tiki. "Wish for what you need" is how this thought can be translated in English although it can just as easily be rendered as follows: "Pray for what you want."

This indigenous thought approximates the advice that many receive from English-speaking advisors and counselors and self-help authors who are fans of visualization or practitioners of positive psychology. Wawa-saxali pus ukuk mayka tiki is also good New Year's advice!

If you would like to learn more about this phrase or about Lane's Chinuk Wawa program, please contact Drew Viles a [vilesa@lanecc.edu](mailto:vilesa@lanecc.edu) or ext. 5480.

Thanks go to Jerome Viles who created this week's phrase. And special thanks are owed to Randy Painter and Dean Middleton and the rest of the Lane IT team for building the audio and video file for this phrase on our LCC website:

#### DEPARTMENT DATASHEETS; INFO SESSIONS BEGIN JAN. 16

Department Datasheets, part of our continued work in providing data and resources to support department planning, program review, and dialogue about program performance, goals, issues, opportunities, and improvement efforts, will be presented at the January 11, 2018 Board of Education work session and published to the web on January 12, 2018.

Background: In October 2017, institutional research and budget office staff compiled data elements used in annual planning, program review, and budget development into a Standard Data Package workbook. This resource was shared broadly with the campus community through Weekly announcements; orientations with Deans, Directors, Managers, and program review participants; links to fall term department planning processes; and was followed up with

drop-in information and Q&A sessions and individual consultations with faculty, staff and managers.

At the direction of the Board of Education, these standard data elements were organized into a datasheet format, with values assigned to program or service data based upon 1) relative performance of academic units, and 2) performance measures established through program review for service and hybrid units.

It is through dialogue and planning processes that program faculty, staff and managers develop and share essential context, meaning, and improvement plans from datasheets and the standard data package. Department responses to datasheet discussion questions are due February 9, and will be posted alongside datasheets.

Additional information is online at <https://www.lanecc.edu/planning/department-datasheets>

ENROLLMENT SUCCESS TIP: Welcome to week one of the Winter 2018 term.

This is a reminder of Lane's procedure for No-Show/Drop for Non-Attendance: An instructor will drop a student for non-attendance. If a student does not attend at least one class session during the first week of the term that the class meets, the instructor will instruct the department to "No Show Drop" the student. Instructors will No Show Drop students for non-attendance. Please understand that failure to drop students in the first week, due to non-attendance, can have an impact in their financial aid and future enrollment. Students who are given permission to register late into week one, may not have attendance for the first week. Submitted by Dawn Whiting.

#### ABOUT THE STUDENT AFFAIRS ENROLLMENT SUCCESS TEAM

This week, we are delighted to highlight the Enrollment Success Team. We are located in building one and serve our students in many areas:

Enrollment Service Advisors (541-463-3100; ASKLane@lanecc.edu ) assist our students at the front counter. ESAs help students with ordering transcripts, billing, registration holds and any other enrollment related questions. They are often times the first person a student will interact with on campus and ESAs help students navigate through the college experience.

Degree and Transcript Evaluators (DegreeEvaluators@lanecc.edu) review and interpret incoming transcripts for students who may have attended college elsewhere and have transferable credit. The DTE team also conduct degree audits for students who apply for graduation. They issue diplomas for students who have completed their program.

Veterans Certifying Officials (541 463-5663 or 541 463-5683; VAEdBenefits@lanecc.edu ) help our Veteran students understand the benefits of their earned GI Bill and how it helps pay for their education. They work closely with students and the VA office to make sure students are well informed about the certifying process.

Our Department Coordinator ( StudentRecords@lanecc.edu ) keeps Banner records up-to-date and completes all our end of term processing. We see the product of her work in multiple areas including student transcripts, grades and forms requested from students.

Stop by building one and meet our awesome Enrollment Success Team!

**DEPARTMENT DATASHEETS: INFORMATION SESSIONS START JAN. 16**

Department Datasheets, part of our continued work in providing data and resources to support department planning, program review, and dialogue about program performance, goals, issues, opportunities, and improvement efforts are available online at <https://www.lanecc.edu/planning/department-datasheets>.

Background: In October 2017, institutional research and budget office staff compiled data elements used in annual planning, program review, and budget development into a Standard Data Package workbook. This resource was shared broadly with the campus community through Weekly announcements; orientations with Deans, Directors, Managers, and program review participants; links to fall term department planning processes; and was followed up with drop-in information and Q&A sessions and individual consultations with faculty, staff and managers.

At the direction of the Board of Education, these standard data elements were organized into a datasheet format, with values assigned to program or service data based upon 1) relative performance of academic units, and 2) performance measures established through program review for service and hybrid units. It is through dialogue and planning processes that program faculty, staff and managers develop and share essential context, meaning, and improvement plans from datasheets and the standard data package.

Department responses to datasheet discussion questions are due February 9, and will be posted alongside datasheets.

For additional information: 1) Visit <https://www.lanecc.edu/planning/department-datasheets>

## NEWS AND ANNOUNCEMENTS

---

### FLU INFORMATION

Flu season is upon us. Although the flu can make you feel miserable, many people with the flu do not need to seek medical care or medications. If you get sick with flu symptoms, in most cases, you should stay home and avoid contact with other people except to get medical care. If you have symptoms of flu and are in a high risk group, or are very sick or worried about your illness, contact your health care provider as prescription medication may be appropriate. Seek emergency care if you have difficulty breathing or shortness of breath, pain or pressure in your chest or abdomen, sudden dizziness, confusion, severe or persistent vomiting, or flu-like symptoms that improve but then return with fever and worse cough. The CDC recommends that you stay home for at least 24 hours after your fever is gone except to get medical care or other necessities. Your fever should be gone without the use of a fever-reducing medicine, such as Tylenol. If you are sick, make sure to drink plenty of fluids and get lots of rest. Prevent the flu! Wash your hands frequently and get your flu shot! It is not too late. Although the flu shot is not as well matched to the circulating strains of influenza virus this year, the shot still reduces your chance of getting the flu, reduces the likelihood of serious complications, and often decreases the severity and duration of the flu if a person is infected. Flu shots are available at the Health Clinic. Call ext. 5665 to make an appointment. For more information see: <http://www.cdc.gov/flu/takingcare.htm> Submitted by Laura Greene, FNP, LCC Health Clinic.

#### FREE COURSE FOR HIGH SCHOOL SENIORS PLANNING TO ATTEND LANE

Did you know that there is a free course for high school seniors planning to attend Lane after high school?

Lane offers a free college course called RTEC 101 Gateway to College and Careers for current high school seniors. This course ensures that these incoming high school graduates become experts at navigating the Lane and financial aid systems, gaining in-depth knowledge of resources and policies to help make their transition to college easier, all while learning about themselves and the many exciting programs and pathways Lane offers. Transportation can be provided upon request.

We have limited seats open for winter 2018 and spring 2018. Please help High School Connections recruit HS seniors for this course. Any interested HS senior should contact the instructor, Brenda Williams. [williamsb@lanecc.edu](mailto:williamsb@lanecc.edu) or 541.463.3443. The Resource Fair is scheduled for Wednesday January 24, from 10 am-2 pm, second floor of the Center Building. Hosted by First Year Experience, Financial Aid, TRiO & TRiO STEM <https://www.lanecc.edu/firstyearexperience/upcoming-events> Questions? Please contact Tammy Walters, at ext. 5296.

If there is a Kanopy title that you need for class purposes, please request it from the Kanopy catalog prompt, or by emailing [crookl@lanecc.edu](mailto:crookl@lanecc.edu) . Please let us know which course it is needed for, and we will try to accommodate your request. #### CONTINUING ED BRINGS OFFERS NEEDED PROGRAM MANAGEMENT TRAINING

Continuing Education is excited to announce the launch of a new series of classes in the growing and in demand field of project management (PM). The first class to be offered is Foundations of Project Management, and will begin February 8.

The addition of skills-based project management classes will fill a need in the Eugene-Springfield area. "Until now, there's been no training like it locally, despite impressive growth in the PM sector," says Bliss Newton, LCC Program Coordinator. "The field is booming and will be adding 2.2 million jobs globally in the next 10 years—we know it will be well received in the area, especially the area economy grows" she adds.

Clyde Raymer Jr., president of the Project Management Institute's Willamette Valley Chapter, will teach several of the classes. All of the classes follow the Project Management Institute's (PMI®) Guide to the Project Management Body of Knowledge (PMBOK® Guide).

Find out more at a free informational session on Monday, January 29, from 6:30-8 p.m. at the Mary Spilde Center, 101 W. 10th, Eugene, Room 312, or contact Bliss Newton at [newtonb@lanecc.edu](mailto:newtonb@lanecc.edu) or (541) 463-6107.

## NEWS AND ANNOUNCEMENTS

### APPLE, ANDROID AND CHROME DEVICES VULNERABLE TO SPECTRE AND MELTDOWN PROCESSOR FLAWS

A pair of nasty processor flaws have serious ramifications for Apple, Android and Chrome users. Apple released fixes into macOS High Sierra 10.13.2, and iOS update 11.2.2 in December. Older macOS versions have already been patched. If you manage your own Mac and need assistance upgrading or applying patches please call the Employee HelpDesk. Please also be advised that the IT department may push security patches to your Mac.

ChromeOS63 released in December includes patches for both processor flaws.

Android users check with you device's manufacturer to determine if your device is vulnerable and apply patches if necessary.

### DEPARTMENT DATASHEETS - INFORMATION SESSIONS RUN THROUGH FEB. 6

Department Datasheets, part of our continued work in providing data and resources to support department planning, program review, and dialogue about program performance, goals, issues, opportunities, and improvement efforts are available online at <https://www.lanecc.edu/planning/department-datasheets>.

Background: In October 2017, institutional research and budget office staff compiled data elements used in annual planning, program review, and budget development into a Standard

Data Package workbook. This resource was shared broadly with the campus community through Weekly announcements; orientations with Deans, Directors, Managers, and program review participants; links to fall term department planning processes; and was followed up with drop-in information and Q&A sessions and individual consultations with faculty, staff and managers.

At the direction of the Board of Education, these standard data elements were organized into a datasheet format, with values assigned to program or service data based upon 1) relative performance of academic units, and 2) performance measures established through program review for service and hybrid units.

It is through dialogue and planning processes that program faculty, staff and managers develop and share essential context, meaning, and improvement plans from datasheets and the standard data package.

Department responses to datasheet discussion questions are due February 9, and will be posted alongside datasheets.

For additional information:

1) Visit <https://www.lanecc.edu/planning/department-datasheets>

2) Datasheet Drop-In Sessions: For questions and answers, general information, and consultation with institutional research and budget office staff, attend one of these sessions:  
Tuesday, January 23, 4-5 p.m.

Friday, January 26, 9-10 a.m.

Tuesday, February 6, 2-3 p.m.

All sessions will be held in the Academic Technology training lab, Center building second floor

3) Department Meetings: Invite research office staff to come to your department or group meeting to facilitate discussion and answer questions. Contact Craig Taylor at ext. 5364 or [taylorc@lanecc.edu](mailto:taylorc@lanecc.edu) to schedule.

Our students are helping their peers succeed while developing professional skills they will use to create the professional lives they seek. Submitted by Liz Coleman.

#### LANE'S FIRST YEAR EXPERIENCE (FYE) CONTINUES

Participation in FYE is an expectation for all new students and is also a grant requirement for all Oregon Promise students. Students should check their [my.lanecc.edu](http://my.lanecc.edu) and Moodle accounts to access the new winter FYE curriculum. Submitted by Jill Siegfried.

#### EMPLOYEE GIVING CAMPAIGN UPDATE

Thank you to the department representative who helped make this year's campaign a success. Contact: Phillip Hudspeth.

Starting in April we will have our first-ever CNA 2 cohort, in collaboration with PeaceHealth's Peace Harbor Medical Center. Healthcare is a critical part of the Siuslaw region economy, and students can leverage these entry level positions to continue to advance their education while they work locally at a living wage job. #### CHINUK WAWA PHRASE OF THE WEEK

kwansəm munk-wash mayka lima pus ma k'həpit-hol bastən-dala.

“Always wash your hands after handling money (U.S. or Canadian currency--not dentalium shell money).” Drew Viles (Siletz) learned this lesson from his mother Mary Service Viles (Siletz) in the 1960s. In 2017, Scientific American agreed: “dollars and cents” are “filthy” and “bacteria-laden” and often home to human “fecal matter and other pathogens.”

Jerome Viles created this week’s phrase. Randy Painter, Dean Middleton, and the rest of the IT team also deserve credit for creating an online home:

#### INNOVATION OF THE YEAR APPLICATIONS OPEN

Each year, Lane holds a competition to identify projects that embody a spirit of innovation envisioned by past president Eldon F. Schafer. Awards are given to an individual or group of individuals who have designed and implemented a significant innovation at Lane. The innovation should not be more than five years old in the institution, and must have been around long enough to have been tested. The selected innovations will be awarded funds to continue implementation of the innovation. Please submit any significant innovation that you have implemented; the committee would like to recognize the work that you have done to enhance the learning at Lane. The process for application and the selection criteria are available at <https://www.lanecc.edu/league/innovation-year> The deadline for submission is March 1, at 5 p.m. Contact Jane Harmon, VP of Academic and Student Affairs at [harmonj@lanecc.edu](mailto:harmonj@lanecc.edu) or at ext. 5302. #### CELEBRATE CTE MONTH: CNA IN FLORENCE BEGINS IN APRIL

The official motto of Florence is a "City in Motion," and to celebrate our forward momentum, we're bringing back CNA training to the LCC Florence Center and this beautiful coastal town! Starting in April we will have our first-ever CNA 2 cohort, in collaboration with Peace Health's Peace Harbor Medical Center. ## SEND E-MAILS TO AND FROM OFFICIAL LANE ACCOUNTS FOR CONVENIENCE AND SECURITY

Financial Aid, for example, will be sending its last paper letters by this fall and only communicating via official e-mail. Sending messages to and from a lanecc.edu address is also compliant with state and federal privacy and record-keeping laws. For more information, see: <https://www.lanecc.edu/copps/documents/employee-communications> (Note: College Now and Continuing Education students may not have my.lanecc.edu addresses.) #### IN MEMORY: DON ADDISON

Memorial service: Sunday, March 25, 1-3 p.m., Longhouse

Don Addison, former teacher in Anthropology and Ethnic Studies at Lane, passed away February 17. Don was a graduate of South Eugene High School and attended Lane as a student from 1991 to 1993. After earning a doctorate in music history from the University of Oregon, he returned to teach courses at Lane in 1998, including Cultural Anthropology, The Native American Experience, and American Indian Studies, until his retirement in 2013. During his career he studied, performed, published and lectured on African, Eastern European, Asian, and Native American traditional music.

Don was one of the founders of the Native American Rites of Passage, a summer bridge program to introduce Native American youth to college life. He also worked with Jerry Hall and many others to create an American Indian Languages program at Lane, and taught AIL100 until the Chinuk Wawa classes were established. He spoke and taught Navajo, Arabic, Igbo, and other languages. Some considered him to be the smartest person they ever knew.

Don was soft-spoken and humble, and tried to share his broad understanding of the cultural meaning of musical and linguistic traditions. He honored his own Choctaw traditions, and was active in the local Native American Community; he carried in one of the flags for years at the LCC Powwow.

“Dr. Don” was also an active and beloved member of the local Bahá’í community. The Native beadwork he wore often had a Bahá’í symbol beaded into it, indicating his respect for the various traditions that were important to him.

He was a much loved and respected instructor, colleague, and friend; his laughter, his generosity, and his kindness will be missed.

A memorial service will be held Sunday, March 25, from 1-3 p.m. at the LCC Longhouse.

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Grading Considerations

At the end of the term, faculty often wonder how to grade students who have a disability. Students with disabilities should be held to the same evaluation and grading standards as those for all other students. Therefore, you should grade the work of a student who has a disability as you would grade the work of any other student. These guidelines apply whether or not a student utilizes CAR resources. DON ADDISON MEMORIAL SERVICE, SUNDAY, MARCH 25

---

IN MEMORY: DON ADDISON

Memorial service: Sunday, March 25, 1-3 p.m., Longhouse

Don Addison, former teacher in Anthropology and Ethnic Studies at Lane, passed away February 17. Don was a graduate of South Eugene High School and attended Lane as a student from 1991 to 1993. After earning a doctorate in music history from the University of Oregon, he returned to teach courses at Lane in 1998, including Cultural Anthropology, The Native American Experience, and American Indian Studies, until his retirement in 2013. During his career he studied, performed, published and lectured on African, Eastern European, Asian, and Native American traditional music.

Don was one of the founders of the Native American Rites of Passage, a summer bridge program to introduce Native American youth to college life. He also worked with Jerry Hall and many others to create an American Indian Languages program at Lane, and taught AIL100 until the Chinuk Wawa classes were established. He spoke and taught Navajo, Arabic, Igbo, and other languages. Some considered him to be the smartest person they ever knew.

Don was soft-spoken and humble, and tried to share his broad understanding of the cultural meaning of musical and linguistic traditions. He honored his own Choctaw traditions, and was active in the local Native American Community; he carried in one of the flags for years at the LCC Powwow.

"Dr. Don" was also an active and beloved member of the local Bahá'í community. The Native beadwork he wore often had a Bahá'í symbol beaded into it, indicating his respect for the various traditions that were important to him.

He was a much loved and respected instructor, colleague, and friend; his laughter, his generosity, and his kindness will be missed.

A memorial service will be held Sunday, March 25, from 1-3 p.m. at the LCC Longhouse. For more information contact Jeff Harrison, English Dept.

### LEARNING PLAN UPDATE

The Learning Council will conclude its multi-year development process of the college’s Learning Plan this spring. We ask that the campus community continue to engage in this work to ensure the plan represents our collective work and best thinking.

The Learning Plan will represent our collective vision for achieving excellence in our learning environment, the heart of our mission as a community college. Building upon prior strategic plans, assessment activities, and improvement initiatives, the learning plan will elevate learning as our prevailing guiding principle and provide a five-year framework for achieving objectives in support of our Core Themes: Responsive Community Engagement, Accessible and Equitable Learning Opportunities, Quality Educational Environment, and Individual Student Achievement. During spring term we will be distilling ideas from extant planning documents and distributing drafts with the college community for feedback. We encourage open dialogue, discussion, and review. We expect multiple iterations of the plan before arriving at a synthesis that represents the best thinking of the college community as a whole. Please plan to engage with this work.

To encourage engagement, the Learning Plan Subcommittee will be visiting governance councils, committees, and college leadership, and hosting formal conversations for the college at large. CENTER FOR ACCESSIBLE RESOURCES TIP: What if a student asks for accommodations that are not in their Letter of Accommodation?

When a student asks for additional accommodations that are not listed in the LOA, it is important to direct them to CAR. Please only provide the accommodations listed on the student's LOA. As a reminder, an LOA comes from the CAR office to your @lanecc.edu email. Any printed version that a student may bring you is not an official LOA. Learn more on our web page: <https://www.lanecc.edu/disability/letter-accommodation-loa>

CENTER FOR ACCESSIBLE RESOURCES TIP: Working with Students with Hearing Loss

Students with hearing loss can vary widely in their preferred styles of communication. Here are some tips for communicating with students that may have hearing loss:

- Face the student while talking.
- Gain the attention of the student before speaking.
- Speak clearly and naturally without exaggerating lip movements or volume.
- If the student utilizes an interpreter, make sure to still speak directly to the student, and not to the interpreter. The interpreter may voice for the student, but it is important that communication and eye contact is still directed at the student. Submitted by Stephanie Baird.

CENTER FOR ACCESSIBLE RESOURCES TIP: CAR Emails

As spring term is in full swing, it is important to make sure that you are receiving CAR emails. Due to FERPA, CAR is only able to send information pertaining to LCC students to @lanecc.edu email accounts. This includes the Letter of Accommodation (LOA). Be sure to keep checking your LCC email for communication from CAR. If you are concerned that you may not be receiving CAR emails at your LCC email address, visit our web site: <https://www.lanecc.edu/disability/troubleshooting-automated-communications>

#### CHINUK WAWA PHRASE OF THE WEEK

tumala nayka munk manaqi łush.

On the morrow, I will do better than I did today.

This phrase, part of a lullaby long taught learners of Chinuk Wawa, echoed in the Lane CC boardroom in 2016 when Kathy Cole, Grand Ronde Tribal High School/Adult Education Teachers, led others in song.

It's possible to listen to this phrase on our Lane website through the efforts of Lane's IT team including Jeremiah Lieberman, Randy Painter, and Dean Middleton:

#### "PETER AND THE STARCATCHER" PERFORMANCES THROUGH MAY 6

<https://www.lanecc.edu/newsroom/n/nr2247>

The Student Production Association is proud to present a story for kids of all ages, "Peter and the Starcatcher," continuing through May 6 on Thursdays, Fridays and Saturdays at 7:30 p.m. and on Sundays at 2 p.m., in the Ragazzino Performance Hall, Building 6.

This wildly theatrical adaptation of Dave Barry and Ridley Pearson's best-selling novels is a Tony-winning play that upends what we think about how Peter Pan became a cultural icon. From marauding pirates and jungle tyrants to unwilling comrades and unlikely heroes, this show explores the depths of greed and despair as well as the bonds of friendship, duty, and love. The actors were selected because of their ability to act like kids, says Brian Haimbach, LCC head of theater. Tickets are free. Donations for a new theatre studies scholarship will be accepted at the door. No reservations are required. For more information contact Brian Haimbach at [haimbachb@lanecc.edu](mailto:haimbachb@lanecc.edu) or at ext. 5648.

## NEWS AND ANNOUNCEMENTS

### CASSIE ZIMMERLEE AND ELIJAH HERR WIN AWARDS AT FINANCIAL AID CONFERENCE

CASSIE ZIMMERLEE was presented with the Outstanding New Volunteer Award at the Western Association of Student Financial Aid Administrators (WASFAA) Annual Conference in Boise, ID, on April 23. This award recognizes new volunteers for the accomplishments and contributions to the association in the first years of volunteering. Cassie volunteered for the summer institute committee the fall after she attended in 2016. She worked with a group creating new content. She was engaged and excited about doing research and creating outlines for presentations. She accepted the role as faculty for 2017 and put a lot of time into preparing presentations and activities for her group. She was usually the first to respond with input or questions. She was eager to learn and willing to do whatever was needed to make the event a success.

ELIJAH HERR won the Outstanding New Professional Award. This award recognizes the outstanding contribution of a new professional to the financial aid profession. The recipient must have been in the profession for less than five years and made outstanding contributions at the institutional, state, regional, and/or national levels.

Elijah's vast academic experience as a student as well as his professional career lends to his ability to see the bigger picture of the academic world. He is a first-generation college student who has excelled beyond most students. He has several degrees from several different colleges and universities and is currently pursuing his doctorate. His desire to learn and encourage others to do the same shines through his work and everyday personal encounters. He is tireless in his efforts to improve communication about financial aid whether it is on a national platform or with the students at his institution.

"I am so proud to have such an outstanding financial aid team, and I'm humbled to have the privilege to work with both of these exceptional professionals," said Lane's Helen Faith. "To have two staff members from the same institution recognized on a regional level is exceptional, and I hope you'll join me in congratulating Eli and Cassie for their outstanding work."

For more information contact Helen Faith, Dean of New Student Transitions, [faithh@lanecc.edu](mailto:faithh@lanecc.edu)

### CONGRATULATIONS LYNNMARIE CHOWDHURY, VETERANS SUCCESS SPECIALIST

Please congratulate LynnMarie Chowdhury on her new assignment as the Veterans Success Specialist in the Maxwell Student Veterans Center. This is a new position at Lane that will create programs and support structures that will help student veterans achieve completion at Lane. LynnMarie's insight, passion and knowledge of working with veterans, as well as her experience in networking, coaching, equity and inclusion, and project management and facilitation, will benefit this exciting new opportunity for this position at Lane.

We thank LynnMarie for her 13 years in Human Resources. She has done a tremendous amount of work in that period of time: facilitating 1200+ searches, implementing an online application platform, and helping to ensure compliance with Affirmative Action standards. #### LANE COUNTY RECYCLING GUIDELINES UPDATE

Lane County has adopted new recycling guidelines for curbside and transfer stations, impacting recycling operations at LCC as well.

Curbside Recycling: Eugene, Springfield, Veneta and Creswell no longer accept milk cartons, aseptic cartons, plastic tubs, plastic bags and any other plastic that is not a single use beverage container or milk jug. Small rural haulers have prohibited all plastics.

You can still recycle milk jugs at Lane County Transfer stations and beverage containers at bottle drop redemption centers.

The best action you can take is to reduce product purchases in non-recyclable packaging and reuse plastic containers. Contact: Luis Maggiori, ext. 5884.

#### NEWS AND ANNOUNCEMENTS

##### KEN BAIN UPDATE

Our Spring Conference keynote speaker, Ken Bain's trip to Lane was a bit more eventful than he expected. Thanks to our health professions faculty, first responders, public safety and other employees who stepped in and helped provide support to Ken and comfort to his wife, Marsha. We've received an update that they're both doing well and made it home safely. With Ken's permission, here is an excerpt from his email message: *We thoroughly enjoyed our time at Lane and appreciate the kind reaction from everyone. I've had no more "spells." I think it may have been too many time-zone leaps in such a short time. Felt badly that I ended on such a sour note, but I hope the sessions had some value. I certainly enjoyed the interaction with your fabulous colleagues.*

##### SAVE THE DATE - COMMENCEMENT, JUNE 16

Help celebrate our students' success at commencement on June 16. Be on the lookout for a GroupWise email in the next week with more information about how to get involved with day-of preparation, participating as a name reader, or as part of the procession. This is an exciting day for our students and a celebration of our mission here at Lane. Contact Christina Walsh, [walshc@lanecc.edu](mailto:walshc@lanecc.edu) for more information.

##### SPRING CONFERENCE - INCLUSIVE BEHAVIOR PRESENTATION

Thank you to everyone who participated in the Spring Conference and to our presenters for sharing their expertise; Kathryn Henderson, who presented on Respectful and Inclusive Workplace Culture during the morning breakout session. She has shared a copy of her presentation and it's now available on the Spring Conference web page: <https://www.lanecc.edu/inservice/2018/spring-conference> On the Spring Conference page you'll also find links to presentations by President Marge Hamilton and keynote speaker, Ken Bain. We thank LynnMarie for her 13 years in Human Resources. She has done a tremendous amount of work in that period of time: facilitating 1200+ searches, implementing an online application platform, and helping to ensure compliance with Affirmative Action standards. Submitted by Sharon Daniel.

#### CHINUK WAWA PHRASE OF THE WEEK

Jerome Viles developed this week's phrase. Thank you, Jerome. Thanks, too, Randy Painter, Jeremiah Lieberman and the rest of Lane's IT team for creating a video file for this week's phrase:

[https://video.lanecc.edu/media/Chinuk+Wawa+Phrase+of+the+Week+26/0\\_a2n2bnho](https://video.lanecc.edu/media/Chinuk+Wawa+Phrase+of+the+Week+26/0_a2n2bnho)

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Retroactive Accommodations

If a student discloses they have a disability, attempts to provide medical documentation, or asks for any kind of accommodations (without an official CAR Letter of Accommodation), they

should be directed to CAR. CAR can take immediate action to support the student and the instructor in navigating the accommodation process. It is important this is done as soon as a report/request is made as CAR cannot provide retroactive accommodations. Submitted by April Wick.

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Faculty Web Page

As a reminder, CAR has information and resources on our web page to assist faculty and staff in working with our office and CAR students. The web page includes many items such as information about accommodations, tips for working with students, CAR's processes, and much more. Please visit our web page to view all of these resources:

<https://www.lanecc.edu/disability> Submitted by April Wick.

#### CENTER FOR ACCESSIBLE RESOURCES TIP: The Role of Accommodations

The accommodations listed on a student's Letter of Accommodation (LOA) are not in place to give the student an advantage or change academic expectations. They are intended to provide access for students with disabilities to the classroom environment and learning materials. Some students with disabilities may exhibit their knowledge, production, and other course expectations differently than their peers. For example, a student with a learning disability may read at a much slower rate than their peers, thus extra time to take an exam helps ensure the test is assessing the student's knowledge and not their reading speed. Submitted by April Wick.

College admissions staff and academic advisors were on hand to answer enrollment questions. Students from the Culinary Arts & Hotel/Restaurant/Tourism Management program provided refreshments from Lane's newly re-branded food truck. If you'd like to support a student by purchasing a gown, contact Marsha Sills at ext. 3269, or at [sillsm@lanecc.edu](mailto:sillsm@lanecc.edu) . Your name will be added to a stand-by list and contact you when the Office of Student Engagement becomes aware of a student who needs help. #### CENTER FOR ACCESSIBLE RESOURCES TIP: Retroactive Accommodations

If a faculty member receives a Letter of Accommodation (LOA) part way through the term, it is important to know that these accommodations are not retroactive. Accommodations are set in place from the time the faculty member receives the LOA. Submitted by April Wick.

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Making the New Term Accessible

When preparing for the upcoming term, take the time to make your coursework as accessible as possible. This ensures that you won't have to make changes later in the term to accommodate students with disabilities, saving time for everyone. Strategies include: Use videos that already have closed captioning, make all handout text Arial font, at least 12pt and

easy to read, provide printed copies of overheads and slides and upload copies to Moodle, and include image tags for pictures in online documents.

Visit our webpage for more information:

WELCOME DR. PAUL JARRELL, VICE PRESIDENT FOR ACADEMIC AND STUDENT AFFAIRS

Dr. Paul Jarrell has joined Lane Community College as vice president for academic and student affairs. He was selected from six candidates following a national search. He begins his new position this week.

Lane President Dr. Margaret Hamilton said, "Paul has a terrific background for Lane, including achievements in leadership, teaching, curricular design, student success and retention, accreditation, community engagement, and economic and workforce development."

"I am so happy to be at Lane Community College," said Jarrell. "I am impressed by the dedication the college has to create a campus environment that fosters learning and student success. I am excited to work with Dr. Hamilton and the rest of the campus community in furthering that goal."

Jarrell has 25 years experience in community college leadership and teaching. Most recently he was executive vice president for educational programs at Santa Barbara City College where he led instructional and student services programs. Before that, he was academic affairs administrator, dean of science and mathematics, dean of business, engineering, and technology, and dean of instructional support, at Pasadena City College. He also taught biological sciences for many years at Pasadena City College, Cosumnes River College, Longwood College, and Southern Oregon University.

Jarrell has a bachelor's degree in biology from Ohio University 1987 and a doctorate in biology from the University of Oregon 1992. He was the first in his family to go to college.

"In many ways, it feels like I am coming home," said Jarrell. "I am a graduate of the U of O and my wife is a graduate of Lane's nursing program. We spent many years in Eugene starting our family. I am excited to have the opportunity to continue my career with Lane coming full circle back where it all began." The Jarrells' two adult children live in Portland.

The Student Affairs Team will honor Mary Parthemer with a retirement celebration on Tuesday, June 12, from 3:30-5 p.m. in the boardroom, building 3. Cake and treats will be served. Bring your best Mary stories. Mary joined Lane over 20 years ago and since then has continued to work to increase student success and engagement. She began as the director of the TRiO program and latterly the TRiO STEM Program was added. She has built what are now efficient, effective programs that successfully move students toward completion. Both TRiO & TRiO STEM serve over 300 students a year with a 85% persistence rate & 45% degree or certificate completion rate. Mary has done so much to encourage student success here at Lane, she is going to be profoundly missed by both students and staff. #### PLEASE SUPPORT A GRADUATE

For some of our students, the nearly \$26 expense of a cap and gown stands in the way of their participation in their commencement ceremony. If you'd like to support a student by purchasing a gown, contact Marsha Sills at ext. 3269, or at [sillsm@lanecc.edu](mailto:sillsm@lanecc.edu). Your name will be added to a stand-by list and contact you when the Office of Student Engagement becomes aware of a student who needs help. Looking for other ways to help out at the June 16 commencement ceremony to support and celebrate our students' success? Contact Marsha, and she'll fill you in on opportunities for engagement.

CENTER FOR ACCESSIBLE RESOURCES TIP: Grading Considerations  
At the end of the term, faculty often wonder how to grade students who have a disability. Students with disabilities should be held to the same evaluation and grading standards as those for all other students. Therefore, you should grade the work of a student who has a disability as you would grade the work of any other student. These guidelines apply whether or not a student utilizes CAR resources. Submitted by April Wick.

CENTER FOR ACCESSIBLE RESOURCES TIP: Accessibility Statements  
Are you planning your syllabi for summer or fall classes? Remember that the syllabus access statement needs to be on every class syllabus in 12-point font or larger, Arial font and easy to read. To locate this and other access statements, visit our website: <https://www.lanecc.edu/disability/making-courses-and-materials-accessible-faculty> Submitted by April Wick.

#### STEVE CURLEY NAMED NEW ASSOCIATE STATE DIRECTOR OF OSBDCN

Steve Curley has been named the new associate state director of the Oregon Small Business Development Network. He previously directed the Central Oregon Small Business Development Center, overseeing locations in Bend, Redmond, Prineville and Madras.

"Steve brings his experience as director and an adviser at one of Oregon's most successful SBDCs to his new role assisting directors and Centers across Oregon," said state director Mark Gregory. "I could not imagine anyone more qualified or a better fit for this position."

Curley will help lead the Network as it continues to help small businesses adapt to a rapidly changing market, both domestically and globally. Through the Network's 19 Centers, each year Oregon's SBDCs helped create nearly 1000 jobs and served more than 6000 clients with training or no-cost one-on-one advising. The Network also helped create more than \$64 million in new capital for Oregon's small businesses.

"I am excited to join the great team at the Network office, and to help all of our Centers meet the needs of their local communities," said Curley. "While I will greatly miss helping the businesses of Central Oregon, I am forever thankful for the opportunity to help these businesses find success and to be a part of their journey. Their stories help make Oregon's SBDCs stronger, a better support to all small businesses."

Curley directed the Central Oregon SBDC, hosted at Central Oregon Community College, for more than five years. Previously, he was a business adviser at the Center. Curley worked in marketing and branding for more than 17 years before joining the Central Oregon SBDC. The Oregon SBDC Network is hosted by Lane Community College. Submitted by the editor.

Ask before providing assistance; talk directly to the person instead of through their companion or interpreter. Refrain from speaking negatively about a person's disability. Do not interact with a person's service animal. If you have any questions regarding communicating with a student with disabilities please contact our office. Submitted by April Wick.

Also participating are Chemeketa, Clackamas, Rogue, and Southwestern community colleges.

The project builds on national research from the Community College Research Center and the American Association of Community Colleges. A guided pathway is a structured educational plan from admission through completion that is aligned with specific employment goals and/or additional education.

"In addition to contributing to overall student success and completion, The Oregon Pathways Project will address equity gaps in access, persistence, and completion," says Dr. Paul Jarrell, who joined Lane as vice president for academic and student affairs in June. "That aligns very well with Lane's core values."

Project participants will attend four institutes over the next two years to receive coaching, guidance and support in the design and implementation of structured academic and career pathways. The fourth and final institute will be held at Lane in November 2019.

"This is a logical extension of our successful Career Pathways in Career and Technical Education," says Jarrell. "Our hope is that this involvement will lead to expanding that high touch, wrap-around service to all of our transfer, degree, and certificate programs."

#### DR. RICK STODDART NAMED LIBRARY DEAN

The Lane Library is very pleased to welcome Dr. Rick Stoddart as its new dean. He was selected from three finalists following a national search and begins his new position on July 16.

#### BEWARE TONER SCAM CALLS

Be on the alert for toner scam calls. At LCC, all printing supplies and paper are supplied by Printing & Graphics: just log into your Print Shop Pro account to re-order toner and paper. Call us for other supplies. You should never accept an order or agree to a shipment of toner from anyone outside of P&G and/or SSS who delivers our supplies. You can learn more about print management re-supply here: <https://www.lanecc.edu/pg/printer-supplies-and-service>

The method we most commonly see is someone cold calling the LCC department and claiming to be from the "business" department and they then ask if you want or if it is time for another toner cartridge for your copier or for the new print/copier. They try to get the full name of a person on the phone, they then ship an expensive toner cartridge to your department, and then they invoice the college.

We have a service contract for all toner, so you should never pay for toner for a printer or copier on the Print Management program. If you receive such a call decline any toner. If someone mistakenly orders some toner please send it to my attention, both the toner and the invoice if you see it.

Please warn your administrative staff and if you have any questions let me know. Contact: Tony Sanjume, Titan Store • Printing & Graphics • Mail Services, ext. 5675 or [sanjumet@lanecc.edu](mailto:sanjumet@lanecc.edu)

#### BEWARE TONER SCAM CALLS

Be on the alert for toner scam calls. At LCC, all printing supplies and paper are supplied by Printing & Graphics: just log into your Print Shop Pro account to re-order toner and paper. Call us for other supplies. You should never accept an order or agree to a shipment of toner from anyone outside of P&G and/or SSS who delivers our supplies. You can learn more about print management re-supply here: <https://www.lanecc.edu/pg/printer-supplies-and-service>

The method we most commonly see is someone cold calling the LCC department and claiming to be from the "business" department and they then ask if you want or if it is time for another toner cartridge for your copier or for the new print/copier. They try to get the full name of a person on the phone, they then ship an expensive toner cartridge to your department, and then they invoice the college.

We have a service contract for all toner, so you should never pay for toner for a printer or copier on the Print Management program. If you receive such a call decline any toner. If someone mistakenly orders some toner please send it to my attention, both the toner and the invoice if you see it.

Please warn your administrative staff and if you have any questions let me know. Contact: Tony Sanjume, ext. 5675 or [sanjumet@lanecc.edu](mailto:sanjumet@lanecc.edu)

#### GREAT OREGON SHAKEOUT EARTHQUAKE DRILL, 10/18 AT 10:18

Hang on to those hats and glasses! The Great Oregon Shakeout is coming. Lane Community College will participate in this annual earthquake drill on Thursday, Oct. 18 at 10:18 a.m. During the drill, LaneAlert will be utilized and the mass announcement system in campus buildings will be tested. Members of the Campus Community Emergency Response Team (CERT), Emergency Planning Team, and Public Safety will assist and observe in some buildings. Here's what you can do on 10/18 at 10:18:

...Drop, Cover, and Hold On: Faculty, staff and students should Drop to the ground, take Cover under a table or desk, and Hold On to it as if a major earthquake were happening (stay down for at least 60 seconds). Practice now so your staff and students will know immediately how to protect themselves during earthquakes! For people with disabilities or access and functional needs, download the preparedness guide at:

[http://www.shakeout.org/downloads/AFNPreparednessGuide\\_10-6-2011.pdf](http://www.shakeout.org/downloads/AFNPreparednessGuide_10-6-2011.pdf)

...While still under the table, or wherever you are, look around and imagine what would happen in a major earthquake. What would fall on you or others? What would be damaged? What would life be like afterwards? What will you do before the actual earthquake happens to reduce losses and quickly recover?

This is a great opportunity to open discussion on emergency preparedness. Last year, I received info that several faculty members incorporated the drill in to their lesson for the day. I also got some great photos of faculty, staff and students as they dropped and covered. Whether you decide to participate or not, please notify your students that the drill will be happening. Contact: Dawn Marie Barth, Emergency and Risk Management Coordinator, ext. 5503.

#### ROUNDTABLE TO DISCUSS ID AND HANDLING MICRO-AGGRESSIONS, OCT. 19

On Friday, Oct. 19 from 2-3 p.m. in 19/232, Faculty Connections will sponsor a discussion roundtable on how to identify and neutralize micro-aggressions in our classrooms, on campus, and in our community. Micro-aggressions are defined by Derald Wing Sue, Ph.D., as "the everyday verbal, nonverbal, and environmental slights, snubs, or insults, whether intentional or unintentional, which communicate hostile, derogatory, or negative messages to target persons based solely upon their marginalized group membership." Refreshments will be served. Contact: Liz Coleman, Faculty Connections Coordinator.

#### PERS RETIREMENT PLANNING WORKSHOP, OCT. 23

**GREAT OREGON SHAKEOUT EARTHQUAKE DRILL, 10/18 AT 10:18**

Hang on to those hats and glasses! The Great Oregon Shakeout is coming. Lane Community College will participate in this annual earthquake drill on Thursday, October 18 at 10:18 A.M.. During the drill, Lane Alert will be utilized and the mass announcement system in campus buildings will be tested. Members of the Campus Community Emergency Response Team (C-CERT), Emergency Planning Team, and Public Safety will assist and observe in some buildings. Here's what you can do on 10/18 at 10:18:

...Drop, Cover, and Hold On: Faculty, staff and students should Drop to the ground, take Cover under a table or desk, and Hold On to it as if a major earthquake were happening (stay down for at least 60 seconds). Practice now so your staff and students will know immediately how to protect themselves during earthquakes! For people with disabilities or access and functional needs, download the preparedness guide at:

[http://www.shakeout.org/downloads/AFNPreparednessGuide\\_10-6-2011.pdf](http://www.shakeout.org/downloads/AFNPreparednessGuide_10-6-2011.pdf)

... While still under the table, or wherever you are, look around and imagine what would happen in a major earthquake. What would fall on you or others? What would be damaged? What would life be like afterwards? What will you do before the actual earthquake happens to reduce losses and quickly recover?

It is a great opportunity to open discussion on emergency preparedness. Last year, I received info that several faculty members incorporated the drill in to their lesson for the day. I also got some great photos of faculty, staff and students as they dropped and covered. Whether you decide to participate or not, please notify your students that the drill will be happening.

#### TROUBLE GETTING TO WEBSITES?

If so, please wait a few minutes to see if the situation resolves itself. This issue is caused by the new Fortinet firewall - it is not a bug, but an enhancement. If you attempt to visit a website that our firewall has never seen before, the firewall temporarily restricts access to that website until its reputation can be verified. Our firewall then contacts the Fortiguard website reputation engine which gives the website a safety "score". This scoring process takes 5 to 10 minutes, without any intervention by IT staff. If after 10 minutes, the website is still inaccessible, it means it got a low safety score and has been blocked by our firewall. If this happens to a website you need to visit, please contact the Helpdesk @ 4444 for assistance.

LCC ART FACULTY ELLEN TYKESON UNVEILS BRONZE OF OLYMPIC CHAMPION DICK FOSBURY

A bronze sculpture by art faculty Ellen Tykeson honoring Oregon State University alumnus Dick Fosbury was unveiled at a ceremony on Oct. 19 in Corvallis, one day before the 50th anniversary of the former athlete's historic gold medal victory in the high jump at the 1968 Olympics in Mexico City.

Fosbury's innovative high-jumping technique—unorthodox at the time—became known as the “Fosbury Flop” and is almost universally used by high jumpers today.

Tykeson created the bronze sculpture that depicts Fosbury soaring over a high jump bar 7 feet, 4 1/4 inches off the ground as part of Oregon State's 150th anniversary celebration. The bronze is located outside the Dixon Recreation Center on the OSU main campus, within the former site of Bell Field where Fosbury perfected his jump.

Tykeson has taught sculpture and drawing at Lane since 1994.

I-105 BRIDGE REPAIR PROJECT BEGINS NEXT WEEK

The Oregon Department of Transportation kindly reminds everyone that the Interstate 105 Bridge Project begins next week. I-105 bridges and ramps between the Delta Highway interchange and downtown Eugene are being repaired, repaved, and getting seismic upgrades. Work will continue through mid-January 2021. Work will include new guardrails, deck paving, earthquake reinforcements, joint replacements, and other repairs. In addition, the project will remove an obsolete overpass originally built to go over a road that was never constructed. Expect delays and backups. Lane closures and detours will occur. One lane in each direction will be open throughout the project. Various on and off ramps will be closed depending on construction needs. Travelers will get through, but the route will change. Consider alternative

routes and/or transportation methods. Read more about the project at <http://bit.ly/2NZ7VKO> and follow construction updates at <http://TripCheck.com> . Submitted by Brett Rowlett.

#### TROUBLE GETTING TO WEBSITES?

If so, please wait a few minutes to see if the situation resolves itself. This issue is caused by the new Fortinet firewall - it is not a bug, but an enhancement. If you attempt to visit a website that our firewall has never seen before, the firewall temporarily restricts access to that website until its reputation can be verified. Our firewall then contacts the Fortiguard website reputation engine which gives the website a safety "score". This scoring process takes 5 to 10 minutes, without any intervention by I.T. staff. If after 10 minutes, the website is still inaccessible, it means it got a low safety score and has been blocked by our firewall. If this happens to a website you need to visit, please contact the Helpdesk @ 4444 for assistance.

## NEWS & ANNOUNCEMENTS

#### TALKIN' TITANS CAPTURE AWARDS

Each of the three Titans in LCC's nascent forensics program took home awards from last weekend's Linfield Invitational Speech Tournament. The team of Chavon Wright and Dan Good placed second to Western Washington University in JV parliamentary debate and freshman Aaron Klein took fifth place in novice persuasive speaking. Now in its 88th year, Linfield's tournament is one of the oldest and most respected speech contests in the West attracting 25 schools from six states.

This is the first tournament of the season for LCC and the first time that Titans have won awards since budget cuts eliminated the program four years ago. The team is back on its feet thanks to a cooperative arrangement with the University of Oregon program which has agreed to cover limited costs on a trial basis. The program is administered by the Speech and Communication Department. Coaches are Daniel Henry and Laura Pelletier. For more information contact Coach Henry at [henryd@lanecc.edu](mailto:henryd@lanecc.edu). Submitted by Patrick G. Blaine.

#### GREG EVANS APPOINTED TO NATIONAL HOUSING TASK FORCE

Greg Evans, Lane's associate vice president for access, equity and inclusion, has been appointed by the National League of Cities to serve on a national task force to address how communities can better respond to the growing challenge of housing availability, affordability, investment and quality. The NLC Task Force on Housing was created by NLC President Karen Freeman-Wilson, mayor of Gary, Indiana, and will be chaired by Washington D.C. Mayor Muriel Bowser. The 18-member taskforce also includes officials from Bessemer, AL; Mesa, AZ; Oakland, CA; Denver, CO; Atlanta, GA; Peoria, IL; Baltimore, MD; Charlotte, NC; Reno, NV; Rochester, NY; Youngstown, OH; Arlington, TX; San Antonio, TX; and Seattle, WA. Submitted by the editor.

#### IN MEMORY: KAREN LOCKE

On Nov. 16, Karen Locke, a longtime LCC English and literature instructor, early campus union organizer, and composition coordinator for many years, passed away from complications related to congestive heart failure. Over the decades, she most gladly learned and gladly taught. The world is a lesser place without Karen's compassion, wit, positive activism, and determination. A celebration of her life will be held in the new year. Submitted by Carol Watt.

#### PIN A TAIL ON THE TURKEY!

The Titan Store is having a food drive to benefit Lane's Rainy Day Food Pantry. To get your feather, donate two cans of food to our bin, or purchase a feather for \$1 or \$5. All food donations and money raised go directly to Lane Community College Rainy Day Food Pantry to help those in need. Food drive will run through Dec. 21. Submitted by Lisa MacDonald.

#### HOLIDAY GIVING WALL

The annual Holiday Gift Giving Wall is set up outside the Gender Equity Center on the second floor of Building 1. It will be filled with tags belonging to Lane Community College students. Please grab a tag and return the unwrapped gift to the GEC no later than December 3 (finals week). Parents have a harder time traveling to campus to get their gift after finals week. Thanks to Tina Lymath for all her

help with this project over the years. If you have any questions please contact Marci Parker at ext. 5352.

#### TUTORING SERVICES SURVEY

The Tutoring Services Program is in the self-study phase of Academic Program Review. After 22 years of providing this service to students, I hope to hear what our employees across campus think of tutoring and how we can improve. Please complete the 10 question survey by the end of this term (Dec. 7). <https://goo.gl/forms/bF7QuvR8V8sazt4B2> . The Bleed Magazine, a capstone project of Lane's graphic design program, has won its second Pacemaker Award from the Associated Collegiate Press.

"The ACP Pacemaker Award is the preeminent award in North America for editorial design and considered the Pulitzer Prize at the collegiate level," says instructor Tom Madison.

Students compete from about 100 colleges and universities in the U.S. and Canada including Stanford, Yale, Savannah College of Art and Design, the Art Institute of Chicago, and others.

"We won a Pacemaker in 2016, were a finalist in 2017, and just won again in 2018," says Madison. "Last year we also competed for individual awards and received second place for Design of the Year." For more information visit the college newsroom at <https://www.lanecc.edu/newsroom>

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Grading Considerations

At the end of the term, faculty often wonder how to grade students who have a disability. Students with disabilities should be held to the same evaluation and grading standards as those for all other students. Therefore, you should grade the work of a student who has a disability as you would grade the work of any other student. These guidelines apply whether or not a student utilizes CAR resources. Submitted by Keelie Daquilanto.

#### CENTER FOR ACCESSIBLE RESOURCES TIP: Tests during Finals Week

If there is a student planning to take their final exam with the CAR testing center, remember to please send in your exam as soon as possible. CAR must receive the test by noon the day before the scheduled exam. CAR will return tests to the faculty member the same day the test is taken. If this is the first time the student has used the CAR testing center, make sure you have filled out the testing agreement sent with the student's Letter of Accommodation. If you have any questions please contact CAR Testing at ext. 5150 or [CARTesting@lanecc.edu](mailto:CARTesting@lanecc.edu). Submitted by Keelie Daquilanto.

THIS CHRISTMAS GIVE THE GIFT OF LOVE! I am fostering a kitty who was abandoned in my neighborhood from a house that was foreclosed. She is sweet and loving and just wants a warm, safe, dry place with a lap she can sit on to live in. I took her to the vet and she is flea and ear mite-free, de-wormed, and a blood test showed no FIV, parvo, or leukemia. She is spayed. She is a senior kitty, but has great mobility - she jumps up to the window perch. She has not missed the litter box and has not scratched one piece of furniture. She even let me trim her claws! She needs to be the only pet as she is frightened of other cats that bullied her and kept her from food. She crawled under my bushes to die - she was starving and dehydrated. I have been feeding her and you can no longer see her ribs. I brought her in when the temperatures got cold and she loves being warm and dry, but is scared of my cats. She loves to be petted and I taught her how to play with toys (she

didn't know how!) Now she loves her ball and string toy and plays like a kitten. She eats very well and is not finicky. If you, or someone you know has love in your heart and room in your home for a sweet little girl that wants to be petted and loved, please contact me. You can come and meet her. She is free to a loving and well-qualified home. Merry Christmas to you, and God bless! Barbara Bailey, ext. 5576, baileyb@lanecc.edu

SEE WHAT USPS MAIL IS SCHEDULED FOR DELIVERY EACH DAY: For those who haven't heard, USPS offers a [free] service called "Informed Delivery". An email will be sent to you (on mail delivery days) with images of the mail set for delivery that day. This is especially good if your neighborhood has had issues with mail/package thefts (you will at least know what you SHOULD receive that day). This is ONLY for USPS delivered items (NOT FedEx or UPS).
