PETE GOLDLUST AND LEAH WILSON EXHIBITS OPENING RECEPTION, JAN. 10

Lane Art Gallery offers two shows this month. A reception for the artists will be held Thursday, January 10, from 4:30-6:00 p.m. in the gallery.

“Crowd Scenes and Questionable Hybrids” by Pete Goldlust show colorful cartoon tableaus constructed from the remains of disemboweled stick figures, fragmented toys and gimp robots, under the influence of mid-century graphic design. These prints and wall drawings are accompanied by a collection of suspended “polyjellies” or translucent biomorphic sculptures built from recycled plastic-ware. The Goldlust exhibit is in the Roger Hall Gallery from January 7 to March 11.

“Collecting Evanescence” by Leah Wilson features place-based paintings that address changes within environmental ecosystems over time. Both process and finished work reflect an engagement with ecology and environmental engineering through observation and data. Her artwork draws attention to natural cyclical changes, tells stories of landscapes that have been exploited and manipulated for their natural resources, and reveal the results of ongoing habitat restoration projects. The Wilson exhibit will be shown in the Main Art Gallery from January 7 to February 6.

The Lane Art Gallery is located in building 11. Hours are Mondays through Fridays from 9 a.m. to 4 p.m. Admission is free. Contact: Ellen Osterkamp, ext. 3432, art_gallery@lanecc.edu

2018 DEPARTMENT DATA SHEETS AVAILABLE

Department Data Sheets are part of Lane's ongoing institutional effectiveness efforts to provide meaningful data, information, and resources for programs and services to use in planning, analysis, program review, and continuous improvement efforts. Data Sheets, first introduced in 2017, organize information from the Standard Data Package workbook into a data sheet format, with values assigned based upon relative performance. It is through dialogue and planning processes that experts at the department level develop and share essential context, meaning, and improvement plans from this data.

Faculty, staff and managers are encouraged to discuss and review their data sheets in continuation of fall department planning conversations. A series of discussion questions in support of this dialogue is available online. Additionally, the institutional research team is available to come to department or team meetings.

This phrase has been brought to you by the efforts of Jerome Viles. An audio and video version of this week's phrase can be found on Lane's website (Thanks, Randy Painter and your helpers in the IT Department):

TOYOTA HIGHLANDER My daughter got a new car so we are selling her silver 2003 Toyota Highlander. We are the only owner and it has about 92,000 original miles. The car has been well maintained, the upholstery is like new (the seats have always been covered), the outside has a few parking lot marks and one small dent by the gas tank from that time I pulled away from the gas pump while still connected... yikes! The car has a lot of life left in her. Records available at the mechanic. Asking \$5,500.00 Contract Anna Kate Malliris at ext. 3522 or mallirisak@lanecc.edu

An email will be sent to you (on mail delivery days) with images of the mail set for delivery that day. This is especially good if your neighborhood has had issues with mail/package thefts (you will at least know what you SHOULD receive that day). This is ONLY for USPS delivered items (NOT FedEx or UPS).

2018 DEPARTMENT DATA SHEETS AVAILABLE

Department Data Sheets are part of Lane's ongoing institutional effectiveness efforts to provide meaningful data, information, and resources for programs and services to use in planning, analysis, program review, and continuous improvement efforts. Data Sheets, first introduced in 2017, organize information from the Standard Data Package workbook into a data sheet format, with values assigned based upon relative performance. It is through dialogue and planning processes that experts at the department level develop and share essential context, meaning, and improvement plans from this data.

Faculty, staff and managers are encouraged to discuss and review their data sheets in continuation of fall department planning conversations. A series of discussion questions in support of this dialogue is available online. Additionally, the institutional research team is available to come to department or team meetings.

GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs. Submitted by Kevin Steeves.

LCC HOSTS POLLINATOR'S HEALTH DISCUSSION, JAN. 31

How to protect local pollinators is the focus of a Willamette Valley Pollinators presentation at Lane Community College on Thursday, Jan. 31, 1-2:30 pm. in the Building 3 Boardroom.

Bee experts will present information and take questions about how to protect local pollinators. The event is free and open to the public.

Luis Maggiori, Sustainability Coordinator for Lane, says the event will help Lane earn Bee Campus USA certification. Bee Campus USA fosters ongoing dialogue to raise awareness of the role pollinators play in our communities and what each of us can do to provide them with healthy habitat.

If Lane earns certification, it would be the fifth higher education campus to be certified in Oregon, joining Portland State University, Portland Community College, Southern Oregon University, and the University of Oregon.

BEYOND FAKE NEWS -- JOIN THE CONVERSATION, JAN. 31

On both national and local levels, Oregonians have seen how the news can both represent and misrepresent the facts at hand. From debate over the occupation of the Malheur National Wildlife Refuge to the discourse around "alternative facts," it can seem difficult to find current and accurate information to use as we make decisions in our communities.

"Beyond Fake News: How We Find Accurate Information about the World," is a free conversation with Kelly McElroy, OSU librarian, at the Lane Community College Library on Thursday, Jan. 31, 2-3:30 p.m. The conversation will take place in Library Classroom 229. GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs.

OLEM ALVES' BAND RELEASES BLUES ALBUM

LCC music faculty Olem Alves and his band Inner Limits have released a new album, "Hit the Highway" recalling the music of blues great James Thornbury, who mentored Alves. Thornbury played with Robert Cray, Curtis Salgado and Canned Heat. Alves directs Lane's studio guitar program. He also teaches a variety of courses ranging from music fundamentals to jazz improvisation. He has master's of music in jazz studies from the University of Oregon. He performs with the Lane Faculty Jazz Group, the Olem Alves Duo with Ron Bertucci, as a solo jazz guitarist, and with his blues-funk-rock band, Inner Limits. Find out more:

CHINUK WAWA PHRASE OF THE WEEK

łush kwansəm dret mayka wawa--“Always speak the truth” is an English translation of this thought. The value of speaking the truth finds support in the indigenous cultures of the Pacific Northwest (and beyond) through the figure of Coyote (and related supernatural beings) who incessantly provides a negative example of truthfulness and experiences trauma and turmoil as a result. “You had best not act like Coyote” provides a central lesson embedded in this indigenous storytelling tradition. This week’s phrase was developed by Jerome Viles. It can be found on our Lane website thanks to the efforts of Randy Painter and the IT team:

SAFETY TIPS FOR ICY CONDITIONS

With winter, comes occasional icy conditions. The Safety Committee recommends that you check the weather before leaving for work. The temperature at Lane's main campus can be colder than it is at your house and the coldest time of day can be just after sunrise when you may be arriving to work. Walk slowly when it is cold out and be wary of icy patches. Submitted by the Safety Committee.

GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs.

WOODBLOCK PRINTS EXHIBIT AND RECEPTION, FEB. 11

Artist talk and opening reception 4-5:30 p.m.

The Lane Art Gallery is pleased to present the work of Christopher Hartshorne in an exhibition titled “Christopher Hartshorne: Iterations,” opening February 11 and showing through March 20 in the Main Art Gallery. An artist talk and reception will be held opening day from 4:00-5:30 p.m.

Hartshorne creates woodblock prints which depict dramatic movement of form and textural organic elements. Using his extensive library of woodblocks as a visual language, he repeats components in new configurations throughout his body of work, printing fresh compositions from older woodblocks by repurposing and printing them in many iterations.

His work combines elements which contrast each other compositionally, interweaving organic elements with architectural, angular components. Using birch wood planks, Hartshorne carves out assembled patterns into one composition, printing woodblocks which suggest a collision of opposing forces—nature, science, and our social spaces—all existing together.

rites of passage AWARDED \$184,980 BY MEYER MEMORIAL TRUST

Lane’s Rites of Passage program has received a \$184,980 three-year grant from the Meyer Memorial Trust to expand summer and after school programs for students of color in Lane County. The grant is one of the 22 Equitable Education Portfolio grants issued by the trust to support college and career readiness opportunities across the state.

Rites of Passage serves high school and middle school students of color in Lane County. It was established in 1996 by Greg Evans as the African American Rites of Passage, now coordinated by Dr. Lawrence Rasheed. The program has grown to include a Chicano/Latino program coordinated by Jim Garcia; Native American program coordinated by Lori Tapahonso; and Asian Pacific American program coordinated by Iwalani (Kumu) Raes. Rites of Passage receives strong support from administrative specialist and grant writer Tracy Weimer and counselor and instructor Mark Harris. Over the last decade, more than 1,000 students of color have participated in the ROP programs. CHINUK WAWA PHRASE OF THE WEEK

kwansəm mayka wawa kʰapa tilixam kakwa pus łaska miłayt yakwa kʰapa mayka—“Always talk of people as if they are here with you.” This teaching is known by some of us at Lane as a traditional Siletz teaching shared typically with children growing up. This lesson, which recognizes both the importance of community harmony and the spoken word, has a place in many Native cultures. This week’s phrase was created by Jerome Viles. Gratitude is hereby expressed to Randy Painter and the rest of the Lane IT team for doing the work of creating a home for this phrase (in video and audio form) on the Lane website:

GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs.

Woodblock artist Christopher Hartshorne will speak about his exhibit, "Christopher Hartshorne: Iterations," in the Art Gallery today, Feb. 12, in the gallery, in building 11. His talk was delayed yesterday for the exhibit opening. The exhibit will be up through March 20.

Hartshorne creates woodblock prints which depict dramatic movement of form and textural organic elements. Using his extensive library of woodblocks as a visual language, he repeats components in new configurations throughout his body of work, printing fresh compositions from older woodblocks by repurposing and printing them in many iterations. "THE ROOM UPSTAIRS: UNCOVERING THE LIFE AND POETRY OF HAZEL HALL," FEB. 28

The life and poetry of Hazel Hall will be told through music, dance, lecture, and readings in a special presentation on Thursday, February 28, from 7-8:30 p.m. in the Ragozzino Performance Hall, building 6. The event is free and open to the public. An installation related to the project will be available for viewing in the lobby before and after the show. A Q&A will follow the presentation.

This multifaceted event presents the research and compositions of music instructor Matt Svoboda. A devotee of poetry who uses words to inspire his music, he hadn't heard of Hazel Hall until he chanced upon one of her poems in a literary magazine several years ago.

Hall was paralyzed at age 12 by scarlet fever or possibly a fall—historical accounts vary. She took in sewing and embroidery to help support her family. She started writing poetry in her 20s but didn't receive recognition until her 30s. She published two volumes of poetry and a third was published posthumously.

"Hazel Hall was once a critically acclaimed poet with a fascinating story and admiring audience," Svoboda says, "yet she is relatively unknown today." Now he will revive her story in the Feb. 28 presentation and as part of Lane's annual dance concert, "Collaborations," March 7-9.

GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs.

CHINUK WAWA PHRASE OF THE WEEK

t'łunas-łaksta, łaska masachi wawa mayka—"Somebody's talking bad about you." This is the formulaic response given to someone who sneezes. In other words, this phrase takes the place of the phrase "bless you" or "gesundheit." Tony Johnson, current Chair of the Chinook Indian Nation and a long-standing—not to mention prominent--cultural bearer of his people, is the source of this folkloric wisdom. Jerome Viles created this week's phrase. Thank you, Jerome, and thanks, too, are owed to Randy Painter and the rest of Lane's IT team by whose help this week's phrase can be both viewed and heard on Lane's website: https://video.lanecc.edu/media/Chinuk+Wawa+Phrase+of+the+Week+17/0_4xdjxlkd/79104202 . New measles cases continue to be confirmed in Oregon and Washington. Now is a great time to make sure you have had 2 doses of MMR in your lifetime if you were born after 1957 (if you were born before 1957 then you are considered immune to measles). The MMR vaccine is available at the LCC Health Clinic, Lane County Public Health, or from your primary care provider. CENTER FOR ACCESSIBLE RESOURCES TIP: What is the Process of becoming a CAR Student?

There are a few steps students must complete to be eligible for services through CAR. CAR collaborates with each student to tailor the process of receiving accommodations and identify which accommodations will be most useful in response to their needs. Visit our web page to learn more: <https://www.lanecc.edu/disability/faculty-handbook-chapter-3-car-process> Submitted by Keelie Daquilanto.

CENTER FOR ACCESSIBLE RESOURCES TIP: Retroactive Accommodations

If a student discloses they have a disability, attempts to provide disability verification, or asks for any kind of accommodations (without an official CAR Letter of Accommodation), they should be directed to CAR. CAR can take immediate action to support the student and the instructor in navigating the accommodation process. It is important this is done as soon as a report/request is made as CAR cannot provide retroactive accommodations. Submitted by Keelie Daquilanto.

GETTING STARTED WITH ONLINE COURSE INSTRUCTION

Being an effective, online instructor requires a set of skills that are similar to those required in the face-to-face classroom. The online instructor must be able to build community while having little to no face-to-face contact, offer clear, regular (weekly), and informative feedback, communicate effectively in a medium that lacks body language and tone of voice, as well as use instructional strategies that are independent of time and space to support student learning.

<https://classes.lanecc.edu/course/view.php?id=50635>

This course will introduce you to the many facets of online instruction as you build skills in four areas: technical, managerial, social, and pedagogical. Finally, to synthesize all you have learned, you will build an instructional Checklist to help guide your ongoing online instructional needs. Submitted by Kevin Steeves.

Collaborations 2019 dance concert—March 7-9

The Lane Dance program is excited to present the work of Lane Dance faculty, alumni, and local guest artists in Collaborations 2019, March 7-9 at 7:30 p.m. in the Ragazzino Performance Hall.

Emerging choreographers and Lane alumni Denae Brocksmith and Charlie Stellar return to Lane as professionals to present their work. Brocksmith's quintet "One and the Same," set to music by Thom Yorke, is a comment on the culture of womanhood in our society.

Stellar's presents her beautiful short film "Dive" which has been shown at a handful of screendance festivals in the San Francisco Bay Area.

Eugene Ballet Youth will perform choreography by Sarah Ebert. Inspired by "Balkan flavored funk," these contemporary dancers collapse, wobble, slide, and snap their way through choreography that feels like a long sprint.

The ZAPP Dance Company brings hard-hitting energy to the stage with its unique style. Using some of your favorite hip hop hits and elements of street jazz, African and hip hop, they tell a story of confidence and swag.

Lane dance instructor Sarah Nemecek collaborates with DanceAbility's Jana Meszaros and Lane music faculty Matt Svoboda to tell the story of Portland poet Hazel Hall through music, metaphor and movement.

Finally, Lane dance instructor Bonnie Simoa premieres "Chrism" and "Crumbs" danced by the Lane Dance company. The first is a love duet danced by Omar Ramirez and Anabel Tucker. The second is a zany, puzzling romp through memories of familial gatherings.

Tickets are available at the door by donation, and all students are admitted free.

"The Room Upstairs: Uncovering the Life and Poetry of Hazel Hall"—March 14

"The Room Upstairs: Uncovering the Life and Poetry of Hazel Hall" has been rescheduled to Thursday, March 14, due to last week's snow closures. The event begins at 7 p.m. in the Ragazzino Performance Hall. It's free.

The presentation reflects the research and compositions of Matt Svoboda, music instructor at Lane. A devotee of poetry who uses words to inspire his music, he hadn't heard of Hazel Hall until he chanced upon one of her poems in a literary magazine several years ago. "I was immediately taken in by her musical voice, perceptive mind, and unpretentious style," he says.

This special presentation revives Hall's through a blend of music, dance, lecture, and readings. An exhibit will be available in the lobby. After the show, the collaborators will talk about the evolution of the project.

“No No Boy,” UO Jordan Schnitzer Museum of Art—March 15, 8:30 p.m.

Singer-songwriter-scholar Julian Saporiti has transformed years of doctoral research at Brown University into an innovative concert/dissertation, drawing inspiration from interviews with World War II Japanese American internment camp survivors, his own family's experience living through the Vietnam War, and other Asian American stories. In Saporiti's words, the project seeks to "shine a light on experiences that have remained largely hidden in the American consciousness."

The name "No No Boy" derives from a World War II term for Japanese Americans who refused to swear allegiance to the U.S. government, or be drafted, while their families and friends were locked away in internment camps. Tickets are \$15, available online or at the door, with a \$3 student discount available at the door. Contact: Jim Garcia, ext. 5144.

Chinuk Wawa Phrase of the Week

wik-łush pus iskam manaqi hayu pi ma tiki—"It's not good to take more than you need." This value forms part of the account of creation as related by the Siletz leader and storyteller Charles DePoe. The first people—the ancestors of all the different tribes—are cautioned to not "cut more trees or kill more animals than you need." "Waste nothing" provides a related teaching that often appears in the stories of the languages traditional to this land. Jerome Viles merits praise and gratitude for he is the one who created this week's phrase. Also, thanks are hereby given to Randy Painter and the rest of the Lane IT team who have rendered this week's phrase into a video and audio file on Lane's website: https://video.lanecc.edu/media/Chinuk+Wawa+Phrase+of+the+Week+18/0_mgaq4hho/79104202 Contact: Drew Viles, vilesa@lanecc.edu or ext. 5480.

Help Us! Core Theme 2 Team Needs Volunteers

We are recruiting volunteers to join the Core Theme Two Team-Accessible and Equitable Learning Opportunities, which is one of Lane's four Core Theme teams. The time commitment is anticipated to be no more than three to four meetings as our team's timeline is compressed and will conclude in early April 2019.

- Why volunteer? Core Theme teams are important because they assist the college in determining if Lane has met indicators and objectives for that core theme. All together, this work will contribute to determining if the college is meeting its mission, a requirement of the Northwest Commission of Colleges and Universities. See more about Lane's Core Themes here: <https://www.lanecc.edu/planning/core-themes>
- When are we meeting? Contact scottae@lanecc.edu for kick off and new member information meeting time and day. Contact: Anna E Scott, ext. 5321.

Mini-grants Available from Northwest International Educators

Mini-grants are available from the Northwest International Educators (NIEA) for Curriculum Revision and Development. Competition is now open until April 26. The mini-grant provides funding for faculty to add or revise curriculum to be more global in scope. The grants are intended to assist faculty in designing new courses, making comprehensive revisions to existing courses, or adding modules to existing courses. Course materials that are developed with an NIEA award are available to any instructor in any member college. The NIEA Board strongly encourages submissions from ALL academic areas, especially in math and science. For the criteria and application:

No Show Drop for Students

Students have the option to petition a review of attendance, if they feel a No Show Drop should have been reported. Students may submit an online request to the Registrar, to see if they qualify for a No Show Drop. Our office works with students and faculty to accurately report student enrollment and help hold the student harmless of tuition and attempted credits, if the student did not attend. We rely on tracking of week one attendance and encourage students to seek out faculty confirmation, if students have not attended. The online student form can be found here:
<https://www.lanecc.edu/esfs/noshow-drops> We want to support student success by not assessing tuition for classes not attended, and limiting excess credits for grades that would not have been earned. Contact: Dawn Whiting, ext. 5686.

Integrated Pest Management Plan—Ants

Lane's buildings occasionally become infested with small ants. Our IPM plan for eliminating indoor ant infestations is to:

1. Improve sanitation by regularly removing garbage, vacuuming food crumbs, and wiping food debris off of desks, tables, and counters. Store food in tightly sealed containers. Remove water sources.
2. Determine where ants are coming from. Submit work order to have entry-way caulked.
3. Remove ants by wiping them up with a paper towel.
4. Wipe down the area with soapy water to remove the pheromone trail.
5. If, after completing the steps above at least twice and if there are more than 10 ants, the IPM Coordinator may contract with a pest management company to apply a low impact ant bait.

- What you can do? Keep your office and work areas clean and free of food crumbs. Vacuum, dust, and take out the garbage in your office regularly. Contact Facilities at ext. 5000 if you notice an ant infestation. Facilities will work with you to complete the steps above. To review Lane's full IPM plan, click here: <https://bit.ly/2IPVOT7> Contact: Jennifer Hayward, ext. 5594.

"THE ROOM UPSTAIRS: UNCOVERING THE LIFE AND POETRY OF HAZEL HALL"—MARCH 14

"The Room Upstairs: Uncovering the Life and Poetry of Hazel Hall" has been rescheduled to Thursday, March 14, due to last week's snow closures. The event begins at 7 p.m. in the Ragazzino Performance Hall. It's free.

The presentation reflects the research and compositions of Matt Svoboda, music instructor at Lane. A devotee of poetry who uses words to inspire his music, he hadn't heard of Hazel Hall until he chanced upon one of her poems in a literary magazine several years ago. "I was immediately taken in by her musical voice, perceptive mind, and unpretentious style," he says. This special presentation revives Hall's through a blend of music, dance, lecture, and readings. An exhibit will be available in the lobby. After the show, the collaborators will talk about the evolution of the project.

Glimpses into behind-the-scenes work can be viewed at: <https://www.hazelhall.net/single-post/2019/01/20/Collaborating-in-Person>

Contact: Matt Svoboda, svobodam@lanecc.edu

"NO NO BOY," UO JORDAN SCHNITZER MUSEUM OF ART—MARCH 15, 8:30 P.M.

Singer-songwriter-scholar Julian Saporiti has transformed years of doctoral research at Brown University into an innovative concert/dissertation, drawing inspiration from interviews with World War II Japanese American internment camp survivors, his own family's experience living through the Vietnam War, and other Asian American stories. In Saporiti's words, the project seeks to "shine a light on experiences that have remained largely hidden in the American consciousness."

The name "No No Boy" derives from a World War II term for Japanese Americans who refused to swear allegiance to the U.S. government, or be drafted, while their families and friends were locked away in internment camps. Tickets are \$15, available online or at the door, with a \$3 student discount available at the door. Contact: Jim Garcia, ext. 5144.

INNOVATIONS OF THE YEAR APPLICATIONS DUE MARCH 15

Each year Lane holds a competition to identify projects that embody the spirit of innovation envisioned by past president Eldon F. Schafer. The Schafer Innovation Awards are selected in collaboration with The Innovation of the Year, sponsored by the League for Innovation in the Community College. Awards are given to an individual or group who have designed and implemented a significant innovation at Lane. The innovation should not be more than 5 years old in the institution, and must have been around long enough to have been tested. The selected innovations will be awarded funds to continue implementation of the innovation.

The process for application is available at <https://www.lanecc.edu/league/innovation-year> (to be updated). The deadline is March 15 at 5:00 pm. Contact Paul Jarrell, VP of ASA jarrellp@lanecc.edu or 541-463-5302

NEWS AND ANNOUNCEMENTS

THE TORCH RANKED THIRD NATIONALLY

The Torch, Lane Community College's independent student newspaper, took home third place in the national Associated Collegiate Press competition last week. This year, competition was fierce but still they prevailed among hundreds of community college newspapers. This is a glory in itself but the story of the issue that won makes it even more impressive. With Eugene under a snow emergency and campus closed down, the staff managed to work remotely from diners, taverns and living rooms to put together the Torch's biggest and most ambitious issue of recent memory. The paper came out at state-of-the-industry standards: design, copy and art. This is a testament to the will and perseverance of this dynamic team. Please join this proud advisor in congratulating them on their accomplishment. Submitted by Charlie Deitz.

INTEGRATED PEST MANAGEMENT PLAN—WASPS

Lane's integrated pest management plan for wasps is as follows:

- a. In the spring and early summer when wasps begin building their nests, the Grounds team will make weekly sweeps of areas that commonly host wasp nests and they will remove nests.
 - b. If a wasp nest is reported to Facilities, Grounds will remove the nest if it is near an area with high human population.
 - c. If Grounds cannot remove the nest, they may use a low impact pesticide if the nest is attached at a location that is highly likely to result in stings.
 - d. If nests are in areas not likely to interface with humans, Lane will leave them while the nest is being actively used and will remove them once they are uninhabited in the winter.
- Please report wasp nests to Facilities at ext. 5000. To review Lane's full IPM plan, click here: https://www.lanecc.edu/sites/default/files/copps/integrated_pest_management_plan.pdf .

CHINUK WAWA PHRASE OF THE WEEK

łush pus hayu-kimtaks nsayka chxi-tilixam—"We should honor our youth." A young person whose actions provide the people with a great benefit (maybe even continued collective survival)—that's a recurring motif in many indigenous stories and histories. credit for creating this week's phrase. Credit is also due to Randy Painter and the rest of the LCC IT team for creating an audio and video file of this week's phrase on the Lane website:

CENTER FOR ACCESSIBLE RESOURCES TIP: Did you know?

It is estimated that anywhere from 16,000 to 100,000 students in college land somewhere on the Autism Spectrum. There are many things faculty and staff on a college campus can do to help these students be successful. Click the following link to find out more:

<https://www.lanecc.edu/disability/faculty-handbook-chapter-17-working-common-disabilities>

Submitted by Keelie Daquilanto.

CENTER FOR ACCESSIBLE RESOURCES TIP: Grading Considerations

At the end of the term, faculty often wonder how to grade students who have a disability.

Students with disabilities should be held to the same evaluation and grading standards as those for all other students. Therefore, you should grade the work of a student who has a disability as you would grade the work of any other student. These guidelines apply whether or not a student utilizes CAR resources. Submitted by Keelie Daquilanto.

The labors of Randy Painter and the rest of the Lane IT team also merits mention for their work has resulted in this week's phrase existence as a video and audio file on the Lane website:

WHAT IS TUTORING SERVICES DOING NOW?

We have surveyed 100's of students this year: 80% learn about tutoring from instructors, 97% are very or somewhat satisfied with tutoring, and 98% said they gained confidence after working with tutors. We also surveyed 90 faculty and only 50% said they had received the Sticki note pads to make referral easy. Good News! We have online tutoring too! Join us at our CARNIVAL, April 18 from 11:30 a.m.-1:30 p.m., Center building, 2nd floor to join this playful, cohesive group of student success advocates! Tell your students too! Submitted by Liz Coleman.

TURN AROUND, DON'T DROWN

Don't drive into flooded areas and avoid walking near riverbanks during the flooding affecting our area. The Lane County Sheriff's Office and Lane County Emergency Management advise that:

- Several roads are impassable due to high waters, downed trees, and landslides. Check <http://www.tripcheck.com> before you travel.
- Some road closure information is also on the Lane County website flood page at <http://www.LaneCounty.org>
- Do not drive through flooded roadways. It takes as little as 12 inches of water to sweep a vehicle away and as little as 6 inches of water to sweep a pedestrian away.

EMPLOYEE RECOGNITION PROGRAM-SUMMER TERM 2018

Tammy Walters, a member of the Counseling & Advising department, has been selected by the Employee Recognition Program to be honored for the Summer Term 2018. Lane is full of people whose work is focused on "student success." The difference with Tammy is that "she LIVES it." Her desire to make a difference in students' lives--to meet them where they are and value who they are as unique individuals--is reflected in everything that she says and does. She is an example of the idea of "Titan Pride" that we hope to foster in all departments at Lane. This award is well deserved and we appreciate having her as a co-worker. Congratulations, Tammy. Submitted by Patsy Slaughter.

INVITATION TO JOIN ACCREDITATION LEADERSHIP TEAM

Do you like policy, gathering evidence and working in a team? If yes, we need your help! We invite part-time and full-time staff and faculty to join our team. Program outcomes are to align with Planning and Institutional Effectiveness, complete and submit year 7 report (June 2021), prepare for and host NWCCU members (Oct 2021) and begin to develop a continuous improvement mindset. Several positions are available. Prior knowledge about accreditation is not required. Please apply today by sending a brief letter of interest to starkt@lanecc.edu. All skill levels encouraged!

WHAT IS TUTORING SERVICES DOING NOW?

We have surveyed 100's of students this year: 80% learn about tutoring from instructors, 97% are very or somewhat satisfied with tutoring, and 98% said they gained confidence after working with tutors. We also surveyed 90 faculty and only 50% said they had received the Sticki note pads to make referral easy. Good News! We will be bringing the larger 4 x 6 pad with a place for notes to your mailbox, so you can easily give one to each student. Please share the website on Moodle www.lanecc.edu/tutor. We have online tutoring too! Join us at our CARNIVAL, April 18, 11:30 a.m.-1:30 p.m., Center bldg., 2nd floor to join this playful, cohesive group of student success advocates! CHINUK WAWA PHRASE OF THE WEEK

tumala nayka munk manaqi tush—"I'll do better tomorrow than I did today." This thought is part of a traditional lullaby of the Grand Ronde people and provides encouragement to wee ones and large ones alike to strive in lives to do better for the benefit of their people! Jerome Viles did good work with this week's phrase (he created it and gave voice to it). And Randy Painter and the rest of the Lane IT crew did good work, too, in creating an audio and video file of this week's phrase online:

Emergency phones are installed in elevators. When you push the button, the phone will automatically dial the Public Safety Department. Submitted by Sergeant Chris Hanneson.

CENTER FOR ACCESSIBLE RESOURCES TIP: Referring Students to CAR

When students are having difficulties in your course, but it is unclear if they have a disability, it is important that faculty do not assume or ask the student directly if they have a disability. The following handout provides examples of how to suggest CAR to students:

CENTER FOR ACCESSIBLE RESOURCES TIP: Event and Conference Accessibility

Spring term is a great time for recruiting and new student events. At LCC, we want to make sure that these events are accessible to all persons who may want to attend. There are several easy things that you can do when planning your event to be sure that all participants have an equal opportunity to contribute and learn. Visit our website for more information:

CENTER FOR ACCESSIBLE RESOURCES TIP: The Purpose of Accommodations

The accommodations listed on a student's Letter of Accommodation (LOA) are designed to provide access to the classroom environment and learning materials. They are not meant to give the student an extra advantage or alter learning outcomes. Some students may exhibit their knowledge and other course expectations differently than their peers. For example, a student with a learning disability may read at a much slower rate than their peers. Thus, extra time to take an exam helps ensure the test is assessing the student's knowledge, not their reading speed. Submitted by Keelie Daquilanto, daquilantok@lanecc.edu

SPA presents "The Wolves" at LCC April 25-May 5

The Student Productions Association of Lane Community College presents *The Wolves*, an award-winning 2016 play written by Sarah DeLappe.

The two-week run features *Thursday through Saturday performances at 7:30 p.m. April 25-27 and May 2-4*, while Sunday shows will start at 2 p.m. on April 28 and May 5. All performances will take place in the Blue Door Theatre, Building 6, LCC main campus, 4000 E. 30th Ave., Eugene.

The Wolves is a new, groundbreaking, award-winning play from Pulitzer Prize nominated playwright Sarah DeLappe. *The Wolves* weaves the tales of a group of high school girls on an indoor soccer team. The play follows them week after week at practice as they explore their relationships both inside and outside of their team, and work through their problems together.

The Wolves has been heralded for its realistic portrayal of modern teenage girls, and all of their intricacies, flaws, and complex stories. The 2016 play has received praise and popularity as it is performed more and more around the country. This coming-of-age story is a truly unique, dynamic, and real exploration of the lives of nine young women navigating the triumphs and tragedies that come with growing up.

Tickets are free and available at the door. Donations are accepted for production expenses and theatre studies scholarships.

SPA PRESENTS "HOW TO BE A SISSY WITH PERCY Q. SHUN," MAY 9

Fabulousness will happen tonight! Synopsis: Percy is your host for tonight's lessons on being the best sissy you can be. If you grew up in the 80's, or if you are a sissy in training who never wore a mullet, Percy will help you live up to your full sissy potential! In between lessons, Brian comes out and gives us the low down on what it was like growing up as a gay boy in conservative South Carolina, USA in the 1980s, where his only refuge was doing his sister's hair and chatting with his African-American next door neighbor. Yet somehow through the racism and homophobia, Brian came out on top. This unlikely pair may pull at your heartstrings, but if Percy has his way, you will walk out with a more confident swish in your step. The show received numerous five-star reviews at the Edinburgh Festival Fringe and has delighted audiences in Eugene, Portland, and California. Written and performed by Brian Haimbach. This single performance will be Thurs., May 9, 7:30 p.m. in the Blue Door Theatre, Bldg. 6. Audience members are invited to donate what you can at the door. Submitted by the editors.

CHINUK WAWA PHRASE OF THE WEEK

pus wik mayka miłayt ikanum, wik-ikta mayka miłayt-"If you don't have the stories, you don't have anything." This thought, from the award-winning novelist Leslie Marmon Silko (Laguna), expresses not only the importance of the storytelling tradition but also the value of words. Words require care and respect just as much as the stories they help form and continue. The work of creating this phrase was accomplished by Jerome Viles, who also recorded an audio version of it. Through the efforts of Randy Painter and the rest of the Lane IT crew, this phrase can be view and heard online (Thank you, Jerome; hayu masi, Randy, and your IT colleagues, too): https://video.lanecc.edu/media/Chinuk+Wawa+Phrase+of+the+Week+25/0_w5bi66rt

PRINTING/GRAPHICS CHANGES.

Due to our most recent staff reduction Printing/Graphics will be making the following changes. These are things you can do to help us in this transition.

Effective until further notice

All orders need to be placed through the online portal, Print Shop Pro — <https://pspweb.lanecc.edu>

Two ways to do this:

1. Place the order and upload your print files.

PDF format or the system will upload your MS Office files and convert them to PDF for printing

2. If you typically walk orders over or send them to us as hard copy, you will still need to first place the order online.

Print out the job ticket and send/deliver the ticket to us with your hard copy originals.

- Please plan ahead and allow us at least a full day to print your materials.
- If time allows we will print orders while you wait.
- One daily delivery, approx. 10 am - noon. After the delivery time, orders may be picked up if needed that day.
- Minimum order for b/w copies is 20. If less than 20 please use the department convenience copiers.
- Please place like orders on one ticket vs. multiple orders. This will expedite processing.

Add details in the "Special Notes" section of your order.

Examples of multiple orders placed as one order:

A. Four originals back to back and stapled, two sets with the same paper or different colors

B. Two class handouts, same material, one class has 18 students and the other 22

We enjoy serving our college and community with their printing needs. We appreciate your understanding and assistance with these changes. Submitted by Neil Isaacson.

EMPLOYEE EMAIL AND CALENDARING MOVING TO GOOGLE GMAIL AND G SUITE

Lane's email and calendar platform will be migrating from GroupWise to Gmail and G Suite. We have already begun to prepare for the change, and will be ready for the switch to Gmail during the summer 2019 term. Don't worry, your email address won't change and you won't lose any data. IT will be migrating all of your existing GroupWise email addresses, email, appointments, contacts, and tasks to G Suite. Get ready for the migration by:

1. Reducing the size of your GroupWise account by deleting or archiving old items.
 2. Exporting attachments larger than 25MB out of GroupWise and then deleting them from GroupWise.
 3. Activating your Lane G Suite account at <https://lanecc.edu/GSuite>

CHINUK WAWA PHRASE OF THE WEEK

łuuuuush mayka wawa pi shati k^hapa shawash-wawa k^hapa mayka tənás. pus mayka munk-kakwa, kwansəm shawash-wawa miłayt łaska—"The most important thing is speaking and singing a lullaby to children when they are young. In this way the language never leaves the child." Dr. Virginia Beavert, Yakama. With this lesson, a Yakama elder not only teaches us about the importance of language but also reminds us that language—like most everything else in this world—has long been thought traditionally to be fully alive. Jerome Viles created this week's phrase and Randy Painter and the rest of the Lane IT team fashioned a video and audio repository for the phrase on our Lane website. Thank you all for your work on behalf of Chinuk Wawa:

SPA PRESENTS "THOM PAIN: BASED ON NOTHING," MAY 24

The Student Productions Association of Lane Community College presents "Thom Pain: Based on Nothing," an award winning one-man show set as a single monologue written by Will Eno. Performances are Friday, May 24 at 7:30 p.m. in the Blue Door Theatre, Building 6.

Audiences may have heard of "Thom Pain" from its critical accolades, off Broadway success, or it's fame for being the first show to receive the Fringe Award. It is a rambling monologue in which the protagonist, played by Russell Dyball, who has suffered a lot in his life, tells the story of a bee sting, a boy with a dog that died, and his experiences with a woman.

The production is appropriate for audiences thirteen and up, though (slightly) younger audiences are welcome. Audiences are asked to note that the show runs for ONE NIGHT ONLY and will be presented as a fundraiser for the Student Production Association.

Tickets prices run on a "pay what you can" scale, and are available at the door. Donations are put towards production expenses and theatre studies scholarships.

CHINUK WAWA PHRASE OF THE WEEK

Masi-təmtem nsayka pus kʰanawi ʔush-ikta. ikta nsayka nanich pi wəx ikta nsa nanich—“We are grateful for all blessings, seen and unseen.” These words were written by Luci Tapahonso (Diné), a University of New Mexico professor emerita and the inaugural Navajo Nation Poet Laureate. Tapahonso has been recognized across the globe for her excellence in the literary arts. *A Radiant Curve*, *Songs of Shiprock Fair*, and *Blue Horses Rush In* are Tapahonso’s most recent books. EMPLOYEE EMAIL AND CALENDARING MOVING TO GOOGLE GMAIL AND G SUITE

Lane’s email and calendar platform will be migrating from GroupWise to Gmail and G Suite. We have already begun to prepare for the change, and will be ready for the switch to Gmail during the summer 2019 term. Don't worry, your email address won't change and you won't lose any data. IT will be migrating all of your existing GroupWise email addresses, email, appointments, contacts, and tasks to G Suite. Get ready for the migration by:

1. Reducing the size of your GroupWise account by deleting or archiving old items.
2. Exporting attachments larger than 25MB out of GroupWise and then deleting them from GroupWise.
3. Activating your Lane G Suite account at <https://lanecc.edu/GSuite>

In the gray box below your profile information, click the blue link "Edit/View Your Directory Profile" on the lower right hand side of your screen. Log in with your L# and Passphrase. In the vertical blue box on the right, you can edit your email address, office location, phone number, and include/update your photo. The left side of the page also allows you to insert/edit a photo, include office location and hours, and add a professional biography. Submitted by Shelby Anderson.

SPA PRESENTS "THE LOVER," JUNE 6 AND 7

The Student Productions Association presents "The Lover," by Harold Pinter, directed by LCC student Jordan Hibbard. Performances are Thursday, June 6 at 5:00 p.m. and Friday, June 7 at 7:30 p.m. in the Blue Door Theatre, Building 6. Audiences may have seen a Harold Pinter show on the Blue Door stage in fall 2017, when local artist Cullen Vance directed "The Birthday Party" in the space. Pinter's absurdist style and witty dialogue has made him a wildly popular name amongst theater-goers and readers alike.

The show presents what appears to be a very normal couple—aside from an arrangement they have: the woman meeting with her lover each day and her husband doing the same. This script has been produced as an ironic comedy and a nervy drama.

The production is appropriate for audiences 13 and up, though (slightly) younger audiences are welcome. The show runs for one night only, with an early preview on June 6, and is a fundraiser for the Student Production Association.

Tickets are "pay what you can" at the door. Donations help cover production expenses and theatre studies scholarships. Contact: Brian Haimbach, haimbachb@lanecc.edu or ext. 5648.

CENTER FOR ACCESSIBLE RESOURCES CLOSED JUNE 7

HERBICIDE APPLICATION AT TRACK AND BASEBALL BATTING CAGE, JUNE 7

This is notice that Lane will apply a low-impact herbicide to eliminate weeds on Friday, June 7, on the track and the baseball batting cage artificial turf. The pesticide is Roundup and the registration number is 524-445. Over the last several years, Lane has taken strides to reduce herbicide use. The track and baseball batting cage surface are two of the only locations where an annual application of Roundup is still required. Hand weeding in these areas is not effective and burning would damage the surfaces. This notice follows Oregon's integrated pest management law (IPM) ORS 634.700-634.750, which requires community colleges to adopt and follow an integrated pest management plan that focuses on prevention by reducing or eliminating conditions that promote or allow for the establishment, feeding, breeding and proliferation of pest populations. The law also requires community colleges to notify students and employees at least 24 hours in advance of a pesticide application. Low-impact pesticides are used only after other steps have been taken to prevent pest problems and have proven ineffective. Lane's IPM plan may be reviewed at <https://www.lanecc.edu/facilities/planning/policies-procedures-and-guidelines> . Contact: Jennifer Hayward, haywardj@lanecc.edu

NEW TRANSCRIPT ORDERING FOR STUDENTS

Enrollment Services and Student Records are pleased to announce a new and improved transcript ordering process for students! Students are now able to order their transcripts directly through the National Student Clearinghouse and request that they be securely and electronically delivered to their chosen recipient. This process, if requested electronically, takes only a few minutes for the order to be fulfilled. Students receive real-time updates on the status of their transcript order and can check that same status through the Clearinghouse. And it's less expensive than a paper rush order. Students are linked directly to the Clearinghouse when ordering a transcript through. This is the most efficient way for students to order transcripts so please encourage them to use our new and improved process. Contact: Dawn Whiting.

MULTIPLE MEASURES TASK FORCE UPDATE AND UPCOMING MEETINGS

The Multiple Measures Task Force met on June 6 to continue developing and implementing a system of multiple measures for math, reading, and writing placement. Several standardized measures have been established, and a draft intake tool (using branching logic in Drupal) has been developed and is being reviewed and refined, though no decision has been made to adopt this platform or methodology. We have also started to develop a communication plan to ensure that stakeholders are informed of developments in a timely manner and have the opportunity to discuss our work and ask questions.

The next two meetings of the Task Force will be on June 20 and July 11. Please contact Helen Faith if you would like to discuss this work at your next department or division meeting.

NEWS AND ANNOUNCEMENTS

CURB PAINTING CONTINUES

Painters from Facilities are busy continuing to clean and re-paint the curbs in the parking lots. Work will continue in the parking lots along the West side of campus during the upcoming weeks. This process includes pressure washing the curbs, so you will notice some parking spaces blocked off. Please do not remove any cones/barricades as these are in place to provide a safety area for the work. Old paint debris is often left on the ground after pressure washing. Clean up of these areas is part of the project plan. In addition, please pay attention to posted signs regarding wet paint along curbs. Submitted by Mike Zimmerman.

ACADEMIC ADVISING UPDATE

Dear Campus Partners, our Academic Advising Department has a few changes effective for summer term. We are working to update all websites and academic division information to reflect these changes as well. Thank you for your patience during this time of transition. When referring students, we kindly ask that you refer them to Academic Advising in building 1, room 103 so they can be referred to their appropriate advising team. This helps students connect with us during our actual drop-in hours and helps reduce frustration experienced by students who shows up when we are not on drop-ins. A good rule for students to follow is to check our drop-in hours on the calendar at <https://www.lanecc.edu/advising/drop-advising> the day they plan to come or they can call (541) 463-3800. Thank you! Contact: Andi Graham.

LANE WEEKLY REDESIGN COMING THIS SUMMER

As the college transitions to Gmail and Google Calendar, it's time to overhaul Lane Weekly as well. This summer, the Lane Weekly will be relaunched with a new look and added features including hotlinks and images. An email version of Lane Weekly will provide summaries of the week's announcements, while a website version will provide full announcements. Contributors will soon be asked to provide summarized versions when submitting announcements as well as web links and images when possible. Stay tuned. Contact: Joan Aschim.

NEW TRANSCRIPT ORDERING FOR STUDENTS

Enrollment Services and Student Records are pleased to announce that students are now able to order their transcripts directly through the National Student Clearinghouse and request that they be securely and electronically delivered to their chosen recipient. This process, if requested electronically, takes only a few minutes for the order to be fulfilled. Students receive real-time updates on the status of their transcript order and can check that same status through the Clearinghouse and it's less expensive than a paper rush order. Students are inked directly to the Clearinghouse when ordering a transcript through. This is the most efficient way for students to order transcripts so encourage them to use our new and improved process.

FIREWORKS ADVISORY

Americans celebrate our country's birthday with parades, picnics and cookouts. For many, the fireworks are the "icing" on the cake of the 4th of July. For individuals with Post Traumatic Stress Disorder (PTSD), explosions and noisy displays can raise anxiety levels and bring back traumatic memories of gunfire, bomb detonations and terrifying conditions. When using fireworks please be aware and considerate of your neighbors who may be combat veterans. Happy Independence Day and celebrate the veterans around you! Contact: LynnMarie Chowdhury.

ACADEMIC ADVISING UPDATE

Dear Campus Partners, our Academic Advising Department has a few changes effective for summer term. We are working to update all websites and academic division information to reflect these changes as well. Thank you for your patience during this time of transition. When referring students, we kindly ask that you refer them to Academic Advising in building 1, room 103 so they can be referred to their appropriate advising team. This helps students connect with us during our actual drop-in hours and helps reduce frustration experienced by students who shows up when we are not on drop-ins. A good rule for students to follow is to check our drop-in hours on the calendar at <https://www.lanecc.edu/advising/drop-advising> the day they plan to come or they can call 541-463-3800. Thank you. ACADEMIC ADVISING UPDATE

Dear Campus Partners, our Academic Advising Department has a few changes effective for summer term. We are working to update all websites and academic division information to reflect these changes as well. Thank you for your patience during this time of transition. When referring students, we kindly ask that you refer them to Academic Advising in building 1, room 103 so they can be referred to their appropriate advising team. This helps students connect with us during our actual drop-in hours and helps reduce frustration experienced by students who shows up when we are not on drop-ins. A good rule for students to follow is to check our drop-in hours on the calendar at <https://www.lanecc.edu/advising/drop-advising> the day they plan to come or they can call 541-463-3800. Thank you. Contact: Andi Graham. ``

MULTIPLE MEASURES TASK FORCE MEETING RESCHEDULED FOR AUGUST 7

The Multiple Measures Task Force met on June 20th to continue developing and implementing multiple measures for placement into reading, writing, and math. The math division has constructed and reviewed a decision tree for post-high school math placement, and development of student-facing online intake tool to capture this decision tree is underway, with tentative plans to make this intake tool and process available to students in early August. Discussions continue around reading and writing placement measures. We clarified that our task is to codify and systematize multiple measures for placement determined by academic divisions; we are not engaged in guided self-placement.

Due to scheduling conflicts, the July 11 meeting has been rescheduled for August 7.

Please contact Helen Faith if you would like to discuss or contribute to this work.

2019 AFRICAN AMERICAN RITES OF PASSAGE SUMMER ACADEMY CONTINUES THE TRADITION "UMOJA-UNITY"

The African American Rites of Passage Summer Academy prepares middle and high school students with strategies and opportunities, grounded in Africana/Black American cultural experiences. This summer we had the pleasure of having very exceptional scholars, staff, parents, and community members who collaborated to make this years' Academy such a success. The scholars enjoyed the opportunity to bond with one another and to share their often "silenced" voices. It is important to keep the essence and the tradition of the African American Rites of Passage while symbiotically looking at the best ways in which to ameliorate the experience for our scholars.

## What's New

### Indigenous Peoples Day in Lane County

The Lane Community College Native American community joined the celebration of Indigenous Peoples Day (IPD), on Monday, October 14, in the Eugene-Springfield area. NASA, the student organization, hosted information tables in the Center Building at Lane and at the University of Oregon's Celebration at the Erb Memorial Union. The Longhouse hosted a movie day with free popcorn and a screening of "More than Frybread," a

fun film that light-heartedly deals with modern day issues of life in a Native community.

Lori Tapahonso, Native American Program Coordinator and Longhouse Steward, spoke at Springfield City Hall on the importance of this day to students. Springfield raised the tribal flags of the Confederated Tribes of Grand Ronde and the Confederated Tribes of the Siletz Indians of Oregon, which will fly above City Hall through November. Indigenous Peoples Day is a day to celebrate and honor the original caretakers of this country. Our celebration honors the Kalapuya, whose ancestral lands LCC currently sits upon, and whose descendants are now citizens of the Confederated Tribes of Siletz Indians of Oregon. Sue was a wonderful woman who has left an arsenal of Argos Reports and other programming scripts and documents that continue to serve our college. Look for another announcement in a month or so about her memorial services. Contact: Bill Schuetz, ext. 3355.

More students will stay in college and graduate from Lane Community College thanks to a five-year, \$2.22 million Title III Strengthening Institutions grant from the Federal Department of Education. The grant will fund Lane's CAREERS (Comprehensive Advising, Readiness for Employment, and Education Retention Strategies) project to implement a Guided Pathways framework. Guided Pathways is a nationwide movement in higher education to give students clearer paths through college and into careers. The idea has been around for a couple of decades but is gaining momentum as data continue to show its effectiveness in improving retention and completion rates. Overall, Lane hopes to improve its year 1 to year 2 retention rate from 55 percent to 63 percent and its graduation/completion rate from 12.3 percent to 21 percent. For more information contact Paul Jarrell.

## In The Spotlight

### Students Win National Award for The Bleed Magazine

Lane graphic design students won a national Magazine Pacemaker Award, the pre-eminent award for journalism and design presented by the Associated Collegiate Press, at the National Media Convention in Washington D.C. this past weekend, for The Bleed graphic design magazine.

The Bleed also took second place in the Best of Show competition awarded by popular vote of the participants.

In addition, student Michael Radliff placed fifth in the individual Design of the Year competition in the Two-Page Spread category, and Tom Munch received Honorable Mention in the Design of the Year Infographic category.

Four Bleed staff members were on hand to receive the awards: Editors-In-Chief Cat Frink and Michael Radliff, and Art Directors Paige Anocibar and Tom Munch.

"It is gratifying and humbling to see the level of competition amongst the four-year and two-year colleges listed with our name near the top of that list," said graphic design faculty Tom Madison. Participants said "it was clear from seeing publications from across North America that by comparison, Lane's program is truly exceptional."

Madison is grateful to the President's Office and specifically Brett Rowlett for finding funding to send Lane's students to the competition. "They saw major works of art up close and personal, things that they had only seen in books prior, and this opened them up to a whole world of possibilities," said Madison. Submitted by Joan Aschim.

An artist talk with reception to follow will be held Wednesday, November 6, from 4-5:30 p.m. in the Roger Hall Gallery, building 11.

Dr. Susan Pavel—sa'hLa mitsa—weaves for ceremonial reasons, both when the spirit moves her and when an occasion arises, such as a wedding, birth, death or life passage. She creates educational exhibits in community spaces because she believes strongly in instructing the public. She weaves because she was entrusted with the sacred obligation to pass on the teachings to the next generations, resulting in classes and presentations. And she exhibits her weavings as an art form to share the deeply woven beauty that is the Coast Salish. The exhibit will be shown in the Roger Hall Gallery from November 6 to December 6.

He is particularly adept at creating portraits that connect the viewer to the subject. The photographs in this body of work span an arc of a decade, including his three-year project, "Dreams without Limits: Changing Perceptions about People with Disabilities;" his time spent hiking the Great Divide Trail; and his diverse portfolio as a commercial photographer. The exhibit will continue until December 6. For more information contact Ellen Osterkamp at [artatlane@lanecc.edu](mailto:artatlane@lanecc.edu) or ext. 3432.

**Turkey Alert!**

Facilities has received a few complaints about turkeys lately. According to the Humane Society, the two best ways to combat problems with wild turkeys are:

- a. Do not feed them.
- b. Hazing. Wild turkeys have a "pecking order" and may view people who act fearful as underlings. According to the Humane Society, "If a wild turkey...has invaded your [space], it's important that you establish your dominance by hazing the turkeys." Hazing can include things like waving arms, yelling, or popping open an umbrella. Contact: Jennifer Hayward, ext 5594.

**CENTER FOR ACCESSIBLE RESOURCES TIP: In Class Interpreter**

An ASL interpreter simply provides access to classroom content. To support the interpreter it is beneficial to consider that seating is available, which can be difficult in full classes. The interpreter (or team of interpreters) will need a place to sit when they are not actively working (during independent work, testing, etc.). Notify CAR to help resolve concerns in this area. For more information about sign language interpreters, check our [online brochure](#). Contact: Fiona Bossing [bossingf@lanecc.edu](mailto:bossingf@lanecc.edu).

**CENTER FOR ACCESSIBLE RESOURCES TIP: Testing Security**

When students test with CAR, maintaining test security is very important to our department. Here are just some of the security measures we take when testing:

- All tests are held in a secure, locked location.
- During testing, students are monitored at all times by trained CAR staff.
- If a student is witnessed using unauthorized material, or breaking any other established procedures, an incident report form will be completed and sent to the faculty member to determine consequences. Contact: Fiona Bossing [bossingf@lanecc.edu](mailto:bossingf@lanecc.edu).

## Titans Finish Outstanding Fall Season

**Lane Athletics** recently completed an outstanding fall sports season as all our programs qualified for post season play.

- **Men's and Women's Soccer** teams qualified for the play-offs by placing third (women) and second (men) in Southern Region play. This was the first time Men's Soccer qualified for post season play since their reinstatement as a program in fall 2016.
- **Men's and Women's Cross Country** teams won the Southern Region champion meet held at Clackamas. Both teams then went on to participate in the NWAC Championship meet on November 18 with the Women taking home the championship trophy and the men placing second.
- **Women's Volleyball** team finished as Co-Champions of the Southern Region and last weekend took home the third place trophy at the NWAC Volleyball Championship tournament. A very impressive finish considering the VB program is in their third year of reinstatement and also had a first year coach.

Please join me in congratulating all our student-athletes and their coaches for an outstanding start to the athletic year. Contact: Greg Sheley, Director of Athletics and Recreation, Head Women's Basketball Coach.

It's the Accreditation Communication and Engagement Team's goal to raise awareness about the process as we prepare for our 2021 NWCCU site visit. So, over the next year, expect to learn more than you ever wanted to know about accreditation and your role in continuous improvement at Lane.

## What's New

### LCC Poised to Win National Marketing Awards

Lane Community College is a finalist in two categories of the National Council for Marketing and Public Relations Paragon Awards. NCMPR is an affiliate of the American Association of Community Colleges.

The prestigious Paragon Awards recognize outstanding achievement in design and communication at community and technical colleges. It's the only national competition of its kind that honors excellence exclusively among marketing and PR professionals at two-year colleges.

This year 267 colleges from the United States and Canada submitted 1,963 entries in 53 award categories. Lane is a finalist in the Digital Ad/Book category for its cybersecurity ad, and in the Specialty Publication category for the Bleed graphic design magazine. Both entries took the gold in the NCMPR District 7 regional competition. See the list of colleges that made it to the final three.

The winners of the gold, silver and bronze awards will be announced at NCMPR's 2020 national conference from March 22-24 in Orlando, Florida. Submitted by Tom Madison and Andy McNamara.
