

# THE TORCH

2nd Year, No. 5

Lane Community College, Eugene, Oregon

Nov. 3, 1966

New officers of Staff Association are President Gerald Rasmussen (top left), Vice President Melvin Gaskill (top right), Secretary Pauline Dixon, and Treasurer Gordon Wehner (bottom right).

## Rasmussen Heads Newly Formed Staff Association

The newly formed LCC Staff Association has chosen Gerald Rasmussen, chairman of the Social Science Division, as its first president.

Other officers include: Melvin Gaskill, Chairman of the Mechanics Division, vice president; Pauline Dixon, counselor, secretary; and Gordon Wehner, who teaches in the Social Science and Business Education Divisions, treasurer. All were named to one-year terms.

The Staff Association

takes over duties performed last year by the personnel policies committee, which was chaired by Carrol deBroekert, assistant professor of social science.

Initial activities of the Staff Association will be "tentative and exploratory," Rasmussen said.

"We'll be trying to find our way in meeting the needs of the staff and college."

All employees of LCC, full and part-time (except student help) are members.

## Withdrawal Deadline Is Nov. 10

Students wishing to withdraw from a class without penalty must do so by Nov. 10, reminds Dean of Students I.S. Hakanson.

After Nov. 10, persons doing less than C work cannot withdraw without taking an F grade for the term in the course which they drop.

Persons withdrawing receive a W, he said, which is not counted in the grade point average. Withdrawals may be arranged through a counselor on any of the three campuses.

## Census Forms On The Way

The Lane County Census Bureau will be sending forms to students and has asked that students fill them out and send them back promptly.

Students who reside in Eugene for nine months out of this year are included because they will not be counted in their home towns.

Each town is reimbursed \$15 by the State for each person residing there. I.S. Hakanson, dean of students, has appealed to all students to cooperate with the Census Bureau in order that each town will be eligible for the proper reimbursement.--Terri Knutson

## A-V CONSULTANT VISITING CAMPUS

An instructional media consultant from Columbia, Mo., is on campus today and tomorrow to acquaint staff members with such student learning aids as closed circuit television.

Neal Balanoff, director of audio-visual services at Stephens College, Columbia, Mo., also is to discuss audio-visual systems with Board of Education members and

Neal Balanoff will present a public lecture tonight at 8 in Room 12-E, Eugene campus, on "Vitalizing Education Through the Use of Instructional Media."

architects readying plans for the new campus.

His "selling" efforts on behalf of AV services could have considerable influence on decisions made by the Board of Education as to how extensive AV facilities will be installed, it was learned.

Balanoff sees AV services as a support for the teacher in the classroom, who uses the services to make his teaching more meaningful to students. Ordinarily the teacher designs systems appropriate to his needs, with Balanoff's help.

Balanoff will discuss this and other facilities with staff members in Room 24, Eugene campus. The schedule:

Today, 8:30-10:30 a.m., Communications and Social Science Divisions.

Today, 10:30-noon, Business Education and Electronics Divisions.

Today, 1:30-3:30 p.m., Health/PE and Industrial Technology Divisions.

Friday, 8:30-10:30 a.m., Math and Science, Nursing and Home Economics Divisions.

Friday, 1-3 p.m., Performing and Fine Arts and Industrial Technology Divisions.

Friday, 3-5 p.m., Mechanics Divisions. --Vivian Davis

## Mrs. Gilman Will Review Russia Trip

A talk and slides on Russia will be presented tonight at the Focus Club meeting.

Guest speaker Margaret Gilman will show slides taken on a trip to Russia last summer. She was part of a group of Eugene and northwest teachers who visited that country.

All students are invited. A social time and refreshments will follow the presentation.

Focus meets at the Springfield faculty house each Thursday at 7:30 p.m.--Tom Black

## INFORMATION NEEDED BY STUDENT DIRECTORY

These students gave incomplete information about themselves when they registered. The student directory needs the facts. Anyone whose name appears below should fill out the blank and leave it at a counselor's office on the Bethel, Eugene or Springfield campus.

## PUDDLES NOT PIDDLING

With the rainy season starting, one major problem can be found on most parts of the campus. This is the presence of mud and/or mudpuddles that seems to have the power to be just where a person steps.

Many solutions could be suggested, among them bringing in more gravel, spreading around the gravel already here, or, if things get really desparate, everyone donate some, in hopes of filling up the low-lying areas. The only problem encountered here is the size of the puddles found on campus. They range from unnoticeable ones to those which have been found (by trial and error of course) to be over three inches deep. This would determine the length of time required to fill them.

This is not only a problem for those who have to walk, but is also a problem of those who drive to and from school. One girl, having washed her car the night before, returned from class to find her car completely mud splattered. Just as she started to say something, she stepped into a king-size puddle. That was the last straw--she drove off and has not been seen since. How many more must do so before this problem is solved?--Debbie Jo Briggs

## IT AUTO BE BETTER

It's remarkable how the scarcity of a commodity can increase the commodity's initial worth. A number of students at the Springfield campus would sell last year's term paper from English Comp. if the sacrifice guaranteed them a 17 by eight foot parking space. Woe for the fellow who shows up on time or a few minutes late, as most of us do. He is the creature who braves the wrath of the traffic court, collecting yellow warning slips earned by parking in a faculty area or the Mark's Trading Post lot.

Proposed solution: Charge desparate drivers a dollar per term to insure them a square to park in. LCC could rent the additional space needed from Mark's. Otherwise the new excuse for being late to class, "But I couldn't find a parking space!" will replace the currently popular, "I got held up by a train."--Vicki Merrill

## Free Ads Offered Ride Seekers

Students having difficulties finding rides to school have been invited to publicize their plight through free classified advertising in The Torch.

Co-Editors Debbie Jo Briggs and Vicki Merrill said the free ads will be accepted for the issues of Nov. 10 and 17. If the ads seem to be helpful, the service may be extended they said.

Persons wishing ads published must get them to The Torch office, Room 85, Bethel campus, not later than Monday noon, Nov. 7, or Nov. 14.

The editors ask that the ads be kept as brief as possible.

NEED RIDE to Springfield Tues., Thurs., for 11-12:30 class. Barbara Jones, 113 Thomason, Eugene, 688-8562.

## Davis, Kabiser To Be Wed

Vivian Davis, speech major, and David Kabiser, airframe and powerplant student, are to be wed Saturday evening at Bethesda Lutheran Church, Eugene. Both are second year students and Eugene residents.

EDITOR'S NOTE: Space will be made available on occasion to students who wish to comment on pertinent issues at greater length than is possible in the Letters to the Editor column. Publication does not imply endorsement by the editors.

By GARY McNABB

There are approximately one-half million hours in our life span (sixty five years). Seventy thousand hours of our lives are wasted during the time we spend eating each day (approximately one hour, three times per day). One hundred seventy-five million hours are wasted while we sleep (approximately one third of our lives). To become more productive citizens we should attempt to minimize these tremendous expenditures of time.

To cut down on the time wasted eating, it might be advisable to experiment with eating only twice per day and eating slightly larger portions. After some time had passed--with a little improvement--this could be further cut down to once per day and maybe even once per week. With each of these reductions in wasted time would come an addition to the amount consumed. Toward the end of our life-span (reduced slightly, due to excessive gorging) we could feasibly digest huge bollusks of food consumed only once a month, taking only five hours for the feast and reducing the normal time by 85 hours.

With a little effort this same plan could be easily related to the tremendous time wasted sleeping and other areas of time expenditure. It has been stated many many times that the human body is capable of adapting to tremendous and continuous change.

I am happy to see that OUR SCHOOL is thinking of processing our minds along a similar pattern. A gradual change, likened to the proposal of two classes per week for an hour and a half instead of three classes lasting 50 minutes, seems well within the scope of my proposal. If we allow this change to take place--for it is from us that it will take place--in a few years our children's minds will be subjected to even further constipation. The schools would offer classes that convened only once a month. I am sure that taking notes from a ten-hour lecture would be within the scope of the body's ability to adjust--just as it will be able to adjust to taking notes from an hour and a half, instead of 50 minutes at a whack.

All of these proposed reductions in "wasted" time will facilitate a more productive society. Our politicians will have more time to correct malfunctions in world affairs. Doctors will have more time to heal the sick. Scientists will be able to spend more time in developing more larger destructive bombs and deadlier, more contagious bacteria for use in warfare, for surely, one of the minute side effects of this proposal will be a small loss of patience. In summation, the first BIG step toward a society that wastes very little time at all is the acceptance of the admin-only once a month. I am sure that taking notes from a ten-hour lecture would be within the scope of the body's ability to adjust--just as it will be able to adjust to taking notes for an hour and a half, instead of 50 minutes at a whack.

All of these proposed reductions in "wasted" time will facilitate a more productive society. Our politicians will have more time to correct malfunctions in world affairs. Doctors will have more time to heal the sick. Scientists will be able to spend more time in developing more larger destructive bombs and deadlier, more contagious bacteria for use in warfare, for surely, one of the minute side effects of this proposal would be a small loss of patience.

In summation, the first BIG step toward a society that wastes very little time at all is the acceptance of the administration's current proposed policy of reducing the number of times a class convenes and adding, slightly, to the time spent in class. All in all, this policy must be welcomed by anyone that really wants our society to become infinitely more "progressive."

**PRESIDENT'S CORNER**

By Dr. Dale Parnell

EDITOR'S NOTE: Dr. Parnell has agreed to answer your questions about the college. Questions submitted should be signed by the writer and either mailed to his office on the Eugene campus or placed in any one of the suggestion boxes.

STUDENTS HAVE ASKED: "WHAT STEPS ARE OPEN TO ME IF I AM DISSATISFIED WITH INSTRUCTION AT LCC?"

Page 16 of the Student Handbook outlines a five-step procedure by which students may express their feelings regarding grievances. The first step--and probably the most important one--is to sit down with the instructor involved and talk with him about the situation. Too often people talk to everybody about unsatisfactory conditions except the parties concerned. Many times situations can be clarified and adjusted to the satisfactions of those involved if they discuss the circumstances dispassionately. It is a certainty that little will be accomplished toward solving any problem which is not discussed by concerned parties genuinely interested in finding a solution.

**Rock Bids Open Nov. 8**

Bids will be opened Nov. 8, according to Dean of Business Ser-

vices William Cox, for gravelling of the east entrance road on the new Lane Community College Campus.

**Staff Seeks A-V Reactions**

Three members of the LCC staff were in California Tuesday and Wednesday observing college faculty and student reaction to use of audio-visual services in teaching.

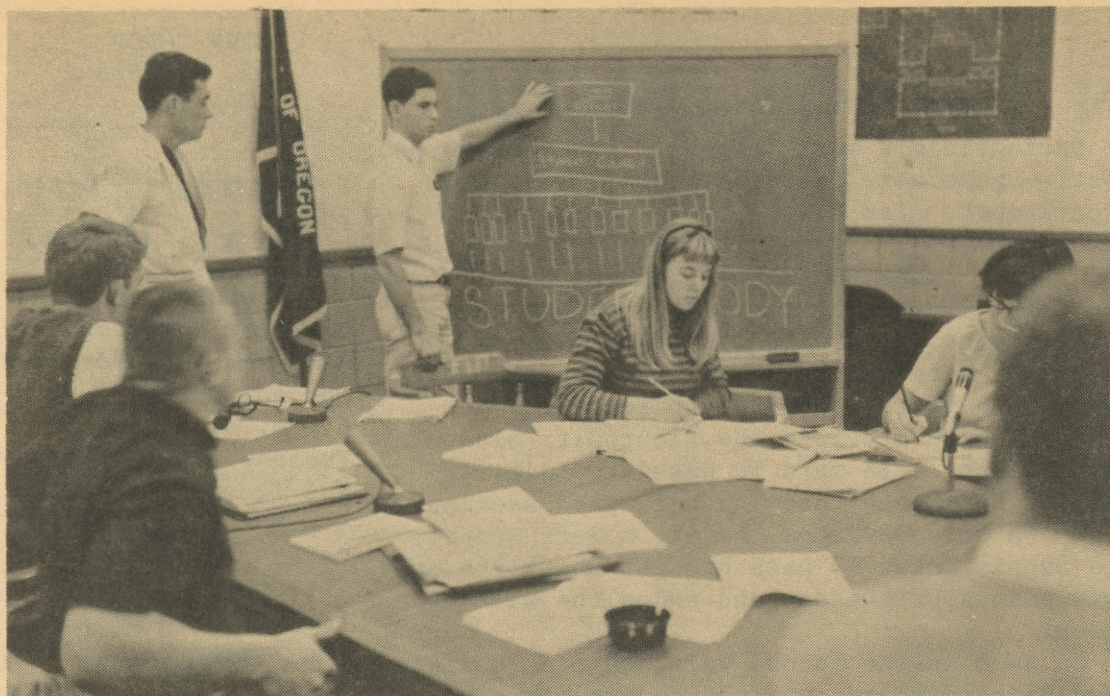

President Dale Parnell, Communications Divisions Chairman John Howard and Social Science Division Chairman Gerald Rasmussen visited San Francisco State College and Chabot Junior College at Oakland.

This will serve as the main entrance during early construction, until the west road is developed, Cox said.

Bids will also be opened Nov. 8 on precast-prestressed concrete structural elements for three mechanical buildings. --Terri Knutson

**First Stage Band Forming**

The college wants to form a stage band starting next (winter) term. This band will function as a dance combo, a stage band capable of doing larger arrangements, and a pep band for planning school activities.

Instrumentalists needed will include piano, trumpet, tenor and alto saxophones, clarinets, drums, bass fiddle, sousaphone or tuba, trombone, and electric guitar players.

All students interested in signing up for a stage band class contact either Robert Norman, music lecturer at the Bethel campus, or see a counselor immediately. Potential members should have their own instruments with the exception of piano, bass fiddle, and tuba said Norman.

# NORTH EUGENE ON TOP OF LEAGUE

By GARY NAVE

North Eugene took over sole possession of first place in the intramural football standings Saturday on the strength of a forfeit victory from undermanned Bethel and the upset loss of South Lane to Springfield, 12-0.

In other action, Thurston toppled South Eugene 33-6 and Sheldon was a forfeit victor over West Lane.

## NORTH EUGENE OVER BETHEL

Though already awarded a forfeit victory because of Bethel's lack of players, North Eugene took to the field and defeated a makeshift Bethel team 33-19 in non-league action.

Jeff Etchison started things off by tossing two first period touchdown strikes to give North an early 13-0 lead. One went to Jim Hurst and one to Gordon Kauffman.

Then, after Dave Dooley ran 40 yards to score for Bethel, Etchison again took to the airways to move his team two touchdowns ahead. He hooked up with Don Richardson on a 40 yard TD aerial, and the score was then 20-6. Then Dooley came to his team's aid again and combined with Jim Brown on a 60 yard pass and run score. The extra point made it 20-13 at halftime.

Steve Newell got the second half started with a banb as he returned a Bethel punt 65 yards for another score. After receiving the ball on the 35 yard line, he eluded a couple of would be-tacklers with a good hip-fake, and then took to the sidelines and simply outran the rest of the opposition.

Later, Hurst ended the scoring by hitting Richardson with a 30 yard pass, giving Richardson his second TD of the day, and giving North the non-league victory.

## SPRINGFIELD 12 SOUTH LANE 0

The old adage that there is safety in numbers was dispelled by Springfield Saturday. Though outnumbered 15 to 6 by favored South Lane, they pooled their resources, came up with one TD in each half, completely thwarted South Lane's vaunted offense, and moved into a three-way tie for second place with a 12-0 upset victory.

The gritty Millers were led by quarterback Terry Myers, who provided all the scoring needed for victory by hitting his star end Gary Brown with a 7 yard scoring strike early in the first period. This was all the scoring there was until late in the game when Myers took the snap from his center, rolled out to his right, and decided to run, racing 25 yards down the sidelines to paydirt to put the game on ice.

South Lane's offense was so bottled up by Springfield's quick reacting defense that they could manage only two first downs to Springfield's six.

Springfield's six "ironmen," who played the entire game were Myers, Brown, Gary Bates, Ken Propst, Alan Dannen, and Leon Dannen.

## THURSTON 33 SOUTH EUGENE 6

An explosive offense was combined with a "dynamo" defense to rocket Thurston to an easy 33-6 victory over South Eugene.

Bob Counts provided the firsthalf "blastoff" by catching a 35 yard TD pass from Jim Willoughby, then throwing a 19 yard scoring Bomb to Gary Davison. Later, a Jeff Sincale to Dennis Coker TD pass brought South its only six points of the day and ended the half 13-6.

As soon as the second half started, Davison and Richard Moore combined to put Thurston into "orbit" and completely ground South Eugene. Davison three two scoring pitches to Moore within five minutes. One went for 35 yards, and the other covered 20 yards. Both P.A.T.'s were good and Thurston led 27-6. With time running out late in the game, Moore crossed the goal line for the third time in the second half, on a three yard run.

South Eugene was another of the day's victims of stingy defenses. It was able to get only two firstdowns to Thurston's eight.

## SHELDON OVER WEST LANE

Sheldon was awarded a forfeit victory over West Lane, even though they were tripped up 20-6 by four West Lane Players and two ineligible players.

Dave Mooers scored twice for West Lane and Dick Larson once. Sheldon's score came on a TD pass from Everett Benjamin to Jim Kepar.

## THIS WEEK'S SCHEDULE:

Field A 10 a.m. Springfield vs. South Eugene  
Field B 10 a.m. South Lane vs. West Lane

Field A 11 a.m. Thurston vs. Bethel  
Field B 11 a.m. Sheldon vs. North Eugene

All games at Willamalane Park.

## LEAGUE STANDINGS

	W	L	GB
North Eugene	3-0	1	
Thurston	2-1	1	
Springfield	2-1	1	
South Lane	2-1	1	
Sheldon	1-2	2	
South Eugene	1-2	2	
Bethel	0-2	2 1/2	
West Lane	0-2	2 1/2	

## Handball Scheduled

LCC handball buffs will get the opportunity to "show their stuff" starting Saturday Nov. 12 at the Central Lane YM-YWCA in an all-school men's singles handball tournament. All male students are welcome to enter.

The college sponsored double elimination tournament will continue for four weeks, according to tournament director Tom Young.

Rules employed for this tournament are as follows:

- 1-Thirty-one points for a game.
- 2-One game constitutes a match.
- 3-Players must win by two points.
- 4-Double elimination.
- 5-No seeding.
- 6-One point on each serve, even if non-serving player wins.

Entry deadline is Wednesday, Nov. 9. If you wish to compete, fill in the entry blank below and return it to the Intramural Office at the Bethel Campus.--Gary Nave

## Gents Play Next Week

Intramural volleyball for boys begins next week. Games will be played from 4 to 6 p.m. on Monday, Tuesday and Thursday and Tuesday from 7 to 9 p.m. Those interested may contact the intramural manager for his area or call the Intramural Office, Ext. 67.--Gary Nave

## Volleyball Starts Soon

Women's intramural volleyball teams are being organized with the first games scheduled for Nov. 9 and 10 at Bethel campus.

"Times for playing games will be arranged for the convenience of the team members," said Miss Delpha Daggett, assistant professor of health and P.E.--Vivan Rosenberger

## Vocal Music Class Offered

The Music Department is offering a course in vocal music instruction next term, Music Lecturer Robert Norman announced.

It will be designated Basic Voice, will carry one hour credit per term, and will be a non-graded class. "It is designed for those students who find it impossible to take private voice lessons and yet want to study the basic rudiments of singing," he said.

Those interested are encouraged to see their counselors or Norman at the Bethel campus.
