How to figure out whether or not the LCC Library provides access to a particular journal, magazine, or newspaper

1. Begin at the LCC Library’s main website: https://library.lanecc.edu/
2. Under the catalog search box, click on “Advanced search”

On the Advanced Search screen:

3. Change the **Search Scope** to “LCC Library Only.”
4. Change the first **Any field** drop-down menu (the top one) to “Title.”
5. Change the **Contains** drop-down menu to “is (exact).” If you don’t know the exact title of the journal, let it stay “Contains.”
6. Enter the title of the journal you’re looking for in the blank next to is (exact). If you don’t know the exact title of the journal, enter the keywords you know.
7. Change the format drop-down menu from **All items** to “Journal Titles.”

If we don’t have what you are looking for, ask us about Interlibrary Loan! We can often get an article you’re looking for within a couple of days!
